DEDICATION OF CHURCH

Impressive Services Sunday Mark Dedication of the West Sweden M. E. Church-Large Attendance

A large delegation of Brady citizens attended the dedication of the West Sweden church last Sunday, and speak in highest praise of the services and of their reception and entertainment by the people of the com-

The membership has just completed the interior decoration and furnishing of the building, and have one of the prettiest and neatest places of worship to be found anywhere, a church that would be a credit to any city. The dedication Sunday marked the occasion in a most fitting manner. There was a large attendance of visiting pastors, and throughout the day splendid addresses were had. Rev. T. J. King preached the dedication sermon in the afternoon at 3:00

A collection was taken to raise the debt on the church, and met with a hearty and liberal response, nearly twice the sum asked for being subscribed. About \$670 was raised Sunday and this amount was supplemented Monday by additional subscriptions, bringing the total up to \$720, not only wiping out the original debt but leaving a handsome balance on hand. This sum will be expended in painting the exterior of the church and other improvements, any balance remaining going toward a fund to build a school house.

The visitors were entertained in a most lavish manner, the dinner being especially noteworthy, and one that will long be spoken of by all who partici-

TOPIC OF THE DAY

The friends of all the contestants are working hard, and interest is at fever heat. The count shows a difference of only a few thousand in the votes of the leaders.

One 5-yr Subscription

May Win the Prize!

"RUFUS"

Rufus is a handsome Shetland pony, clean built in every particular, with beautiful full mane and foretop, and a tail that sweeps the ground. He is as playful as a kitten, will eat anything from sugar to scraps from the table, and is, in fact, as much of a pet as a lap dog.

He is perfectly gentle, and can be driven by any child. Also he is as good a saddle pony as can be found, having been broken to ride out on the range.

Rufus is as smart as a circus pony-and can perform as many tricks as any educated horse. He shakes hands, counts with his feet, stands and walks on his hind legs, will lie down at command, or stand with his front feet on a pedestal. Turned loose in the lot he will come or go at the word of command.

At present, Rufus' sole occupation is hauling The Brady Standards to the post office twice a week. We are anxious to procure a good home for him, where he will receive the best of care and attention, and believe the contestant who will work the hardest for him will be the one who will give him the best home.

The trap was built on a special order, is constructed of the very best material throughout and will last a lifetime. It can be used for two persons, or by merely turning the back seat over and letting down the foot rest it will accommodate four. The simple removal of a bolt throws both seats into one, the front seat thereby forming a convenient rest for the feet.

ONLY 4 DAYS!

A WHIRLWIND FINISH

No one can tell what the last count will show--the hindmost candidate may be first. Remember, two 5-yr subscriptions are equal in votes to 20 one-yr subscriptions

REMEMBER

It is better to be a winner by 100,-000 extra votes than to be a loser by only a few votes. Remember that only a few 5-year subscriptions will count up fast and may put you on the safe side.
