Life is
Smooth Sailing
after you have saved
your money

and put it
in the Bank

Debt is A TERRIBLE MASTER. Debt comes usually from unsafe speculation. Instead of listening to the get-rich-quick talk of some smooth stranger, who promises the impossible result of doubling your money in a short while, take banker's advice; **PLAY SAFE**—bank your money until some good business chance comes **RIGHT HERE AT HOME** where you can **ATTEND TO YOUR OWN BUSINESS**. Then life will soon be smooth sailing.

Let OUR Bank be YOUR Bank.

WE KNOW YOUR WANTS and WANT YOUR BUSINESS

Kicked by a Mule.

The 7-year-old son of John Robertson, living eight miles north of town, had a narrow escape last Friday, having been kicked by a mule and the blow striking him in the left breast near the heart. Two ribs were fractured, and the lad was rendered unconscious for a time. Medical attention was given him and at last reports he was resting easy. It seems almost a miracle that the consequences were not more serious.

BAD STORM REPORTED

ONE KILLED AND SEVERAL ARE INJURED.

Abilene and Hamlin Visited by Disastrous Storm Monday Night — Property Loss.

Advices by telephone this morning tell of a disastrous storm at Abilene and Hamlin last night, in which one person was killed at the former place, while at Hamlin a number were injured. A heavy property loss also resulted from the storm.

In Brady the wind blew like a gale, commencing about 10:30 p. m., while dark clouds in the northwest and vivid flashes of lightning gave everyone hopes of a rain. However, the storm blew over without bringing that much hoped-for rain.

Around Paint Rock and at Brownwood and Coleman good rains are reported.

SAN SABA FAIR.

Brady Will Send Delegation on Opening Day.

Brady has gotten in line with the booster cities and will send a delegation to the San Saba fair on the opening day, Tuesday, August 8th. Brady has the boosters all right, and the San Saba fair will afford a good opportunity to do some live-wire work. Every citizen who intends or can arrange to attend the fair is urged to join the delegation and help Brady put on a creditable showing.

This action upon the part of our citizens is in line with plans announced by Temple, Brownwood and Dallas, each of which cities will send big booster delegations to the new railroad town.

Re-Open Hotel.

Mrs. A. Buckler arrived here last week from Enloe, Delta county, to take charge of the Brady hotel, which property she recently purchased. Mrs. Buckler will continue the hotel as heretofore, upon the \$1.00 a day plan. Her sister, Mrs. Burns, and nephew, C. W. Williams, accompanied her here, and will assist in conducting the hotel.

A GLORIOUS REVIVAL

123 CONVERSIONS UP TO
MONDAY NIGHT.

Greatest Interest Being Shown,
and Splendid Results Being
Obtained at Adair Meeting.

The great Lockett Adair Union meeting has been in progress but eight days, but already it has scored a success beyond the most sanguine anticipations of the enthusiastic workers. Up to last night 123 souls had been brought to Christ since the meeting began. Twenty confessed their Savior Sunday night, and Monday night fifteen were added to the number of converts.

When the meeting first opened it was hoped that it would be one of the most successful ever held, and Mr. Adair himself expressed the firm belief that a good meeting would result, but indications now point to even greater things than were expected. The meetings are all well attended, and the closest of attention given to the speaker. A feature of the meeting is the splendid chorus.

The close of the meeting has not yet been announced, Mr. Adair stating that he would continue until the work was done or the people lose interest. The meeting will be conducted as heretofore, at 10 o'clock in the morning and at 8 o'clock at night.

LOST—On road between Brady and Rochelle, ladies' 0 size watch; 14k. hunting case; 17 jewel Hampton movement; also belt pin with Woodmen Circle emblem, and Swastika pin. Were wrapped in white cloth belt. Reward for return to W. H. Cottle, Rochelle.

Bath room fixtures. O. D. Mann & Sons.

J. J. Morrow and wife are rejoicing over the arrival of a fine boy last Friday.

Union Meeting at Lohn.

A Union revival meeting begins at Lohn next Saturday, August 5th, Rev. J. M. Martin, of Denison, being in charge. The meeting will continue for about two weeks, and great interest is being taken by the citizens of that community. A cordial invitation is extended to all to attend.

Santa Fe Extension.

The Santa Fe tracklayers are at present working at the East Sweden church, and by tonight expect to reach the Frisco crossing, or Sellman, as it has been named. The track will be laid into Brady by Thursday night, and everything put into shape for the excursion trains to San Saba next week.

Baptising Monday.

Monday evening at 5 o'clock, twelve converts of the Adair meeting were baptised by Rev. E. M. Francis, of the First Baptist church. The baptising took place at the Sessions tank, and quite a large crowd was in attendance.

The infant of Mr. and Mrs. Jim Nixon died Sunday at their home in Carroll Colony, and was laid to rest in the Carroll Colony cemetery.

BRADY, TEXAS, AUG. 1, 1911

IN THE PUBLIC EYE.

Few towns there are that can boast of the prominence that has been accorded Brady in the past few years, and more especially in the past year or so. Far and near have her advantages, her products, her opportunities and her resources been heralded, and it is safe to say that in every city in the Union Brady has become a household word.

This is particularly true where men are keeping in touch with the world's progress, for it has been as a progressive city, and as a city of growing importance that Brady has claimed public attention. Numerous trade magazines, as well as Texas magazines, the railroad journals and real estate publications, have devoted articles to exhaustive write-ups of Brady, each treating the subject from its own point of view. As a consequence countless thousands have read about Brady and familiarized themselves with this section of the country.

When Bradyites go a-visiting it no longer remains for strangers to inquire as to the location of Brady; on the contrary, the usual exclamation is, "From Brady, eh! Well I've heard of Brady. Good town, isn't she?"

More money will be turned loose in Brady this fall than ever before.

Brady will soon have two great railroad systems bringing immigrants to this land of opportunity, and five outlets for our products.

Brady holds the key to one of the most strategic points in railroad circles—but we owe it to ourselves to keep the latch-string hanging out at all times.

The Llano extension will bear attention. It furnishes one of the most important spokes toward the making of a bigger Brady.

A farmer friend said the cotton was holding up well despite the long dry spell, and he didn't see how it was doing it. Great country this, isn't it?

And that Coleman North and South railroad proposition will be bobbing up again before so very long. Now is the time to prepare for such an event.

The Santa Fe's eagerness to reach bully old Brady is evidenced by the fact that on the same day she will run her first train into San Saba, she will inaugurate a double daily train service at Brady.

That was a heartless thrust at Magnified Menardville, the little village that specks the map to the southwest of Brady, made by a drummer the other day. As the train pulled out of the Menardville depot, this traveling man stuck his head out of the window and called, "Good-bye, Menard, I hope God takes a liking to you; nobody on earth ever will."

CHILDREN'S CORNER.

Miss Ruthie Gamblin, of Mercury, can claim the honor of being the first child in McCulloch county to avail herself of the opportunity to write a letter for the "Children's Corner" in The Brady Standard, and Miss Ruthie writes a very interesting letter, and sensible, as well.

Our Waldrip correspondent suggests that we organize a Sunny South Brotherhood Club for the children, and while the editor is heartily in favor of anything that may prove of interest or benefit to the children, the organization and plans for such a club must come from the children themselves. We would be glad to hear from the children on the subject. Meanwhile, our "Children's Corner" is open for letters upon this or any other topic of interest to the children.

We love the Frisco, but oh you Santa Fe.

Invest your money in McCulloch county dirt.

Add to Brady's advantages \$75,000 of good roads, and \$40,000 of good water.

During the past several years Brady has, time and again, been brought face to face with questions that presented almost insurmountable difficulties, but Brady citizens have never faltered in their duty or in their loyalty to the town's interest. Refusing assistance from more fortunate neighbor cities, they have set to work to solve the problems, and solve them right. In the past few years Brady citizens have accomplished wonders; in the next few years greater wonders will be accomplished, for Brady citizens are building a city upon the solid rock of Success.

RUSHING WORK.

Putting Down Rails Now on Road to May.

A party of surveyors and workmen were seen early this morning going out north of town to the beginning of the grade of the new railroad from Brownwood to May. The dump has been completed a long time, but the promoters of the road were not willing to begin the laying of rails until sufficient money was put up and the negotiations made. A day or two ago, the actual work of laying the rails was begun and those who live along the May road and in the town of May are highly elated at the certain prospect of early railway connection with this city.

The work will now be rushed to completion in order that road may get the benefit of the fall rush, which will begin right away. In fact the cotton in the May country is already opening, and some of the farmers have nearly a bale picked. The owners of the road announce that the road will be completed at least by the first of October, and probably sooner.—Brownwood Bulletin.

Your Duty to Your Dealer

YOU SHOULD REALIZE THAT YOUR DEALER IS YOUR SERVANT—THAT HIS GOODS AND SERVICE ARE INTENDED FOR YOUR BENEFIT, AND, THEREFORE, IF YOU ARE NOT RECEIVING FROM HIM JUST EXACTLY THE KIND OF SERVICE WHICH YOU BELIEVE YOU ARE ENTITLED TO, IT IS NOT ONLY YOUR PRIVILEGE, BUT YOUR DUTY TO TELL THE DEALER.

MAKE IT PLAIN TO HIM WHEREIN HE CAN IMPROVE HIS SERVICE AND METHODS IN YOUR BEHALF AND YOU WILL FIND, AS A RULE, THAT HE WILL GIVE CLOSE ATTENTION TO YOUR SUGGESTIONS.

ONE OF THE METHODS WHICH YOU CAN USE IN THIS DIRECTION IS TO CALL THE DEALERS ATTENTION TO ANNOUNCEMENTS WHICH HAVE APPEARED IN HIS ADVERTISING.

FOR INSTANCE, IF YOU ARE BUYING CERTAIN ARTICLES WHICH YOU HAVE SEEN ADVERTISED, AND IF FOR ANY REASON THOSE ARTICLES DO NOT EXACTLY MEET WITH YOUR APPROVAL, OR IF THEY DO NOT QUITE COME UP TO YOUR IDEA OF WHAT THEY WERE REPRESENTED TO BE, IT IS A GOOD PLAN TO STATE THIS FACT TO THE DEALER FRANKLY.

ALMOST ALL DEALERS ARE HONEST.

THEY HAVE LEARNED BY EXPERIENCE AND OBSERVATION THAT IT IS ONLY WISE TO ADVERTISE THE TRUTH ABOUT THEIR GOODS. BUT SOMETIMES ERRORS WILL CREEP IN WHICH THE DEALERS ARE ALWAYS GLAD TO RECTIFY. YOUR DUTY TO YOUR DEALER GOES BEYOND THE POINT OF BUYING GOODS FROM HIS STORE—AND PAYING FOR THEM.

YOU SHOULD APPRECIATE THE FACT THAT HE IS YOUR SERVANT, AND AS A SERVANT HE IS ENTITLED TO KNOW HOW NEARLY HE IS FILLING HIS TRUST—PLEASING HIS CUSTOMERS.

INTRODUCING OUR PROFIT SHARING PLAN

For some time past we have been thinking of some plan whereby we could show our appreciation of the patronage with which we are honored by the people of this community. We wished to show this appreciation in a substantial and practical way. We believe that we have decided upon a plan that will be more than satisfactory to our customers. We call it

Our "Profit Sharing" Plan

whereby part of our profits of this business will be returned directly to its patrons, viz: We have purchased a large assortment of housewares in crockery and glassware and domestic and fine imported china, in both useful, needful and decorative ware. This assortment is now on display in the store.

Hereafter each patron of this store will be given a "COUPON," representing each 25c purchase made here. We will also issue "CERTIFICATES," one of which is equal to four coupons. In our gift assortment each article will be tagged with the number of certificates required to obtain that article. Thus you can add constantly to your household needs and decorations FREE OF CHARGE.

This assortment of gifts will be added to from time to time by us according to the indicated wants of our patrons. There will always be a large variety for you to select from.

Now, don't let anyone tell you that you pay for all these gifts, for we will sell dependable merchandise as low in price as any competitor.

Always we will crowd the last penny's worth of merchandise in a dollar that it is possible to get anywhere. Come and look through our New Gift Assortment. Save your coupons. See the beautiful presents you can get here ABSOLUTELY FREE OF COST.

We expect by our PROFIT SHARING PLAN to promote continuous patronage at this store, which will prove very beneficial to all concerned, you and us.

When the Old Wagon Breaks

Come in and get one of our line of Studebakers—the kind that stands up. If you have much hauling to do a Studebaker will pay for itself in a few months by saving you time and trouble and the expense of constant repairs.

You Know the Studebaker Wagon

For more than fifty years its reputation has grown better every year. This reputation is due to the good quality that has always been a part of the Studebaker Wagons. Each part is made from the lumber that is best fitted for that part. New England black birch makes the best hubs—the Studebaker hubs are made of it. Butt cut, second growth black hickory is the best for axles—Studebaker axles are made of it. Selected white oak is best for spokes and running gears—that is what is used in the Studebaker Wagon. The Studebaker Wagon

Is Perfect in Every Detail

That is why we sell it. Come in and let us talk it over. We have some interesting wagon books for every one.

COMPROMISE MEASURE.

Woolen Tariff Revision Bill Passes Senate.

Washington, July 27.—Out of what had appeared to be a chaotic condition in the senate there suddenly arose today a coalition of Democrats and insurgent Republicans which bowled over the regular organization and passed a compromise bill for the revision of the woolen tariff by 48 to 32.

The bill as passed by the senate today was drawn by Senator La Follette and was a compromise between the Underwood bill, which passed the Democratic house, and the original La Follette bill, both forced out of the way.

Some idea of the compromise may be had from the proposed rates on raw wool. The house bill proposed a rate of 20 per cent ad valorem. The original La Follette bill proposed 40 per cent. The compromise fixes the rate at 35 per cent. It is predicted that the conference will place it at 30 per cent.

News Notes of Interest From Our Country Correspondents

LOST CREEK ECHOES.

Voca, Texas, August 1.

Editor Brady Standard:

If it continues dry and hot cotton picking will soon begin, as cotton is beginning to open pretty fast.

Mr. J. B. Allen, of Bend, Tex., experienced onion grower, was in our community a few days ago with a view of buying or renting some of our irrigable lands. No definite terms were reached, though some fancy propositions were made.

Messrs. Joe Whittenburg and Claud Knight and families and Mrs. W. F. Miller have gone on an extended trip to Bell county.

Mr. Frank Crisman has had a good fruit crop which he disposed of at a good price, mostly at home.

The Waldrip correspondent's suggestion in last week's Standard in regard to the children's page, is all right, but I am thinking we will have to train the children up a bit before they will be willing to take hold of subject discussions.

W. W. Henderson, teacher of the bible class here, brought in quite a stack of New Testaments the other day to be used by his class. His work as teacher of the young people in bible lessons has been untiring for the past five years. We can say for him, and all others like engaged, that there is, in our estimation, nothing grander or nobler than instructing the young in the way of life.

Mrs. Fisher, who has been afflicted for three or four years, died at her home at Voca yesterday. She will be buried in the Voca cemetery today.

SOUTH VOCA BARKINGS.

Voca, Texas, July 29.

Editor Brady Standard:

After an absence of a week or so, will come again and tell the few pieces of information received.

No rain yet to amount to much. Had one good shower some weeks ago which helped some.

There is a new gin being put up at Mollieville, as the store run by C. C. Crutsinger, near the Liberty school house, is called.

Rev. Garrett closed his meeting here Thursday night. There were a few who joined the happy band to lead the Christian life and were baptised at the Winslow crossing on the river Sunday.

Hurrah for the ants; they knew that we could do better with whiskey than we could without it.

So, as this is Saturday and my letter will not amount to much, will close by asking the correspondents to come and see

SWEDEN HAPPENINGS.

Rochelle, Texas, July 27.

Editor Brady Standard:

After several weeks' absence, I will come again.

Miss Georgie Norred, of Brady, a sweet girl of my acquaintance, died since my last writing. How sad!—how sad; we do not know when we are going to pass into that great beyond, where there is no more death, disease or sorrow, but rest, sweet rest. Miss Georgie was studying hard trying to fill that high, honorable position—a school teacher. She could have no higher aim than to fit herself for such a position.

The Adair meeting has begun and I hope it will do everybody some good—I with the rest. We only wish, though, he would pray for a bountiful rain, as everybody out here is having a hard time getting stock water.

The Misses Champion, of Blanket, have been for the past week the guest of one of Sweden's charming belles, Miss Victoria Johnson. We hope these young ladies have enjoyed every moment of their stay with us, for Sweden has some of the most hospitable citizens in the county.

Thank you, Bright Eyes, for expressing your opinion so openly, in answering my last writing. I see that you are a very close observer. That's the making of a fine correspondent.

Several of our citizens attended the Lockett Adair meeting which is now in progress in Brady. We hope everybody will be benefitted by that talented speaker. If you haven't heard him, go and hear him. Then advise your neighbors to go and hear him. If he tramps on your toes, don't get angry, but go back and study and see if he isn't telling the truth. Go and hear him, then you will be convinced.

Now, Mr. Editor, I think it's time for that reception to be given in honor of the correspondents of The Standard.

The Family Paper

The printing press is the industrial educator of the age. The citizens of Texas lead those of all other states in the Union in the number of newspapers read per capita. The improvement of public highways and the establishment of rural free delivery routes has extended the zone of circulation and reading. The newspapers has become as much a part of the work on the farm as caring for the stock and it has proven about as profitable. The ability of a farmer can be as easily judged by the literature he reads as by the crop he harvests.

Pipe Lines.

Pipe lines are primarily city builders. The pipe line brings the oil field to the refinery and the gas well to the city and to the factory, reducing the cost of transportation, as well as providing a feasible method of distributing the products of the oil and gas wells throughout the state. All enterprising cities should be connected with a pipe line.

Farm and Factory.

The farm and factory go hand in hand and the prosperity of either is dependent upon the other. By bringing the factory to the farm we adjust economic conditions and the increase in value of live stock goes to the producer without increasing the price of meat to the consumer. By building factories in Texas we can greatly decrease the high cost of living.

Rural Telephones.

The scientist in giving the farmer improved varieties of products and the inventor in giving us machinery that reduces the cost of production, has performed a great service to the farmer. But the telephone, born from the creative mind of the inventive genius is destined to companion in utility and convenience all human accomplishments for the intelligent promotion of agriculture. The telephone is the improved public highway of information and is as valuable to the farmer in selling his products as good roads are in hauling his goods to the market.

Problems of the Fireside

The American home is the throne and fountain head of greatness and the destinies of the human race must depend upon the wisdom of the fireside. Politicians may make party platforms; legislatures may pass laws, but the fundamental questions of public importance must be finally settled by the man of toil as he quietly sits by the fireside after the day's work is over.

The Struggle for Power.

The outstanding ambition of the human race today is power. Financiers, with the inventive genius of an Edison, are seeking to associate capital in such a way as to multiply power. Labor, with the mighty trend of a nation marshaling its army, is seeking to arrange its forces so as to increase power. The farmer, with the patient and honest endeavor typical of his occupation, is seeking by organized methods to gain power. Each is endeavoring to combine two or more economic units of their class in such a way as to increase the power of both. The purposes are laudable, but the methods each must employ present problems in which all humanity is involved and they must be finally settled at the fireside.

The Problems Upon Us.

We are well into these problems with capital in the foreground. Numerous solutions have been suggested, but the most primitive one is that of prohibiting by law the extension and multiplication of power through organized effort. This solution is manifestly impracticable. No one would for a moment tolerate a law that would prevent the invention or use of an appliance which would multiply the power of steam or any other potential energy, because perchance it might also increase the danger—in growth the element of danger always increases at the same ratio as other component parts. To destroy or limit power is to strike down progress and return to the dark ages, and is an acknowledgment of our incapacity to cope with human affairs. We must quickly recede from this position or pass rapidly on to government ownership.

To acquire the highest degree of efficiency in civilization, we must develop every pound of energy and power for usefulness there is in all things and multiply this power as many times as human ingenuity can devise, minimizing, as far as possible, the element of danger without weakening the source of power.

The problems in the industrial horizon today are gigantic and their solution awaits the patriotic and careful consideration of men of noble minds and big hearts as they sit by the fireside.

Opportunity

WE HAVE Three Fine Tracts of McCulloch county land to trade for town property; that is, we will take town property for the first payment and allow long time on the balance. This is a fine body of land and will stand close inspection. Come to see us, we have our trading clothes on.

Ten tracts of 160 acres each, that we will sell you. The price is right, the terms are the best ever offered and the land is fine farm land; only a few miles from Brady. We will take \$100 cash and give time on the balance; ten years if you want it. Some of this land improved, and the parties buying now will get the rents from the crops.

If you are in the market and want to buy or trade, come to see us.

MASON MAVERICKS.

From the News:

Kerrville is to make an effort to get the Frisco to build to that town from Brady via Mason and Harper. Capt. Charles Schreiner is to confer with Mr. Yoakum this week in regard to the matter.

J. B. Westbrook and wife were here Monday from the Grit country. He brought in a few baskets of fine Elberta peaches.

Enginger J. W. Stewart with his surveying corps arrived here last Friday and pitched their tents near where the depot will be. The line has now been located to town and Mr. Stewart has instructions to continue on south to Fredericksburg. The line as located takes the residences of the Sanders gin, Julius Splittgurber, Oscar Beauchamp, T. J. Patton, F. A. Hill and Ed Henrich. Engineer Wilson and his surveying corps passed through here last Friday for Fredericksburg and will run a line for the Frisco from there to San Antonio.

CHILDREN'S CORNER

Wants Names for Sisters.

I am a Texas girl and how proud I am of it! How many like to work in the field? I don't like it much. I will go to school when it begins. I am in the fifth grade. You can guess my age. I am between ten and fourteen. I help milk and cook and help mama attend to my little brothers and sisters, and I've got two little sisters and they have no names. I wish some of you cousins would send me a list of names to select from.

I will close with best wishes to The Standard.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint."

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women."

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands.

Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.
