Valentine Bieganowski's Faith in Matress Shattered When Hoard Disappears

### TELLS OF \$990 NOW LOST

Hoarding for three years, fearful of intrusting his savings to banks, and having implicit confidence in the safety of mat-

tresses, Valentine Bieganowski, 730 Garden Street, has come to grief. Bieganowski had saved \$990, \$900 in gold and \$90 in bills, and had it hidden in his house. When he went to count his shining yellow pieces and the bright new bills Sunday morning, he found them all missing, he says. The police are investigating.—Milwaukee, Wis., Sentinel.

### Mammoth Tooth.

One of the most remarkable specimens of petrified objects that has been brought to light in McCulloch county is on exhibition at Dr. Wm. C. Jones' dental office. The object is the petrified tooth and a piece of the jaw bone of some extinct monster, the tooth itself being about four inches in length, and being solidly encased in the fragment of the jawbone. The formation is so perfect as to leave no doubt as to what it

originally was. The tooth was found by Hub Meers in the Doty-Stone addition last week. Upon several previous occasions petrified objects had been found at the same place, but none were of a character to permit of their positive identification.

## NEXT YEAR'S EXHIBITS

TO BE 1912 CROPS—RESOLUTIONS ADOPTED.

Fair Officials Also Requested to Provide Special Premiums For Certain Crops.

At a meeting of the superintendents of county exhibits at the State Fair, it was decided yesterday that next year all exhibits must be of the crop of 1912, and resolutions were adopted calling for awards for best displays of corn, cotton, oats and wheat, and commending the State Fair officials and the press of Dallas for their liberal treatment of the county exhibits.

F. W. Mack of Hopkins county, was elected chairman and John H. Erickson secretary. On the first subject brought before the meeting as to what shall hereafter constitute farm products, Chairman Mack made a short talk in which he praised the Fair officials and made recommendations for changes in the rules affecting exhibits. On motion the following resolution was adopted:

"Resolved, That we, the county exhibitors, respectfully request that the State Fair Association specify in their 1912 catalogue that all farm products constituting a county exhibit shall be staple and have a commercial value, and that no product of the soil not being produced or grown for commercial purposes shall be considered and scored for points by the judges except under the heads of points on arrangement; be it further

Resolved, That we request the Fair Association to add to the regular premium list in connection with the county exhibits, premiums for the best display of the four leading staple farm products of the State: cotton, corn, oats and wheat; be it further

"Resolved, That the superintendent of any county exhibit attempting to enter in the 1912 county exhibit any farm, garden or orchard products not produced or grown in 1912, said county exhibit shall be barred from competing with other county exhibits.

"Resolved, That a copy of these resolutions be furnished to the officials of the State Fair Association and the press of the State."

Several amendments were offered to the second resolution, and, upon motion, Chairman Mack was instructed to appoint a committee of three to consider the various amendments. The following committee was appointed: I. M. Bennett, Dawson county; J. D. Newton, Cass County, and D. R. Hardison, McCulloch County.

Following is the report of the committee:

"In view of the fact that rice and sugar is becoming an important commercial product of the state, and in order to encourage development along this line, we request the Fair Association to offer a special premium for the best and largest display of these two products.

"We also recommend and request the Fair Association to offer a special premium for the largest and best display of fruits and vegetables. Kaffir corn and maize being the leading staple crops of a large portion of Western Texas, we

recommend that special premiums be offered for the largest and best display of these products.

"We also offer the following resolution:

"Be it resolved, That all products of the farm, garden or orchard grown by irrigation shall be entered in a class by itself and that affidavit shall be required covering this matter."

"On motion a vote of thanks was unanimously extended the superintendent, assistant superintendent and judges in the farm and mill department.

"A motion was also unanimously adopted thanking the press of Dallas and the officials of the State Fair Association for the splendid treatment accorded the Agricultural Department."

### BRADY MAN HONORED.

Dr. J. B. McKnight Elected President Association.

At the annual meeting of the Fourth District Medical Association at Coleman last Wednesday and Thursday, Dr. J. B. McKnight was honored by being elected president of the association the coming year. Dr. J. E. Robinson, of Brownwood, was elected secretary and treasurer. The next meeting of the association will be held in Brownwood.

The Fourth District Medical is composed of sixteen counties in middle west Texas, having a population of over a quarter million, and a representative body of 350 doctors. The meeting just closed at Coleman was one of the most successful in the history of the association, somewhere between fifty and sixty physicians being in attendance. McCulloch county was represented by Dr. J. B. McKnight and Dr. J. G. McCall.

### DISPOSES OF

#### Jim Matthews Sells Home and Newspaper.

Jim Matthews closed a deal Wednesday transferring his homestead on Blackburn street to J. F. Davis, and his newspaper plant, The Brady Sentinel, to Herbert Adkins. The deal follows the recent purchase by Joe and Jim Matthews of the ranch in Menard county, and Mr. Matthews will arrange immediately to move to the ranch and join Joe Matthews in looking after the property there. For the past twelve years Jim Matthews has guided the destinies of the Brady Sentinel, and the paper has been in the Matthews family for the past 17 years. During all these years it has been regarded as a reliable family newspaper, and numbers among its friends subscribers from the early days of its establishment. Mr. Matthews has been singularly successful in conducting the Sentinel, and it is with regret that The Standard notes his retirement from the newspaper world.

His successor, Mr. Adkins, is well known to the people of McCulloch county, having at one time controlled the destinies of the Brady Enterprise, and more recently having had charge of the Rochelle Record. He is a thorough-going newspaper man and is well qualified to carry on the destinies of the Sentinel, and The Standard extends fraternal greetings and wishes for him much success.

#### FREE IF IT FAILS

Your Money Back If You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must, therefore, tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on their associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time. 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c. Sold in Brady only at our store—The Rexall Store. The Jones Drug Co.

There will be a wedding Sunday. It seems as though we are going to lose all our girls around in this part of the country.

Miss Ida Baxter staying all night with Miss Jennie Childers, gives us a remembrance of once she stayed all night here before. It was the 20th of August, a bright and moonshiny night, when quite an accident occurred.

The Childers' home was wrapped in slumber, all except the two girls who were wide awake talking.

It being a very warm night the kitchen doors were left open to let in fresh air. Miss Ida hearing a noise in the kitchen asked Jennie did they have any cats, to which she replied, "Yes, we have one." Does she come in the house? "Yes, she lives in the house all the time." Being near the door which came from the big house to the kitchen, one of the girls looked in the kitchen and saw a man standing with a dipper in his hand getting a drink, so it seemed, and the next instant the house was aroused by Miss Jennie screaming "There is a man in the house." "There is a man in the house." Instantly the whole household was up and looking for the man, but he was not found, and the next morning nothing was found but a few dog tracks, and no doubt it was only a dog after all. But it will be re-

membered a long time. Well, we all make mistakes, and some are worse than that. But for a long time I guess you will remember "a man in the house." OLD KITTY.

## WANT SQUARE DEAL.

The holding over of exhibits from year to year has caused an expression of righteous protest upon the part of the superintendents of county exhibits at the Dallas Fair, as will be noticed in the resolutions adopted, and published in another column. Cooke county, which captured first prize for county exhibits both this year and last, showed specimens that had been in exhibits for years past, and which naturally placed newer county exhibits at a great disadvantage. The result has been that next year's exhibits will all be of 1912 products.

It is with pride that we can say every product in the McCulloch county exhibit was of 1911 crop, which makes us all the more proud of the blue ribbons captured. At that, several more blue ribbons would have been added to our trophies had the specimens been shown in larger quantities. With an equal show with the older counties next year, and with the knowledge and experience gained by the past two exhibits, Grand Old McCulloch will open the eyes of the Fair visitors next year with her blue ribbon products.

## GOING SOME.

There are any number of citizens in Brady, and McCulloch county for that matter, who have never accepted the opinion of experts, who declare Brady to be out of the artesian belt, as final, and every now and then we find an earnest advocate of the deep well project. A novel plan has been inaugurated in San Angelo that might be successfully tried in Brady, viz: that of raising money for the sinking of a three thousand foot well by public subscription. The plan has taken exceedingly well at San Angelo, and work is expected to begin about December 1st.

Give us something to be thankful for—get your subscription paid up in advance.

The wholesale cutting off of queues in China has led us to wonder if Milady of the Rats were not financing the revolution over there.

The Mason News got out a Teachers' Institute number last week that was decidedly a credit to Mason, as well as to the publisher, S. F. Bethel. Mr. Bethel has been doing wonders with the Herald since he took charge less than a year ago.

We learn through the Texas Commercial Secretaries Association that Texas has 120,000,000 acres of land suitable for cotton growing, of which there is at present some 10,088,000 acres in cotton. Henceforth we shall be very careful to invite none but diversifying farmers to "come to Texas."

## COTTON PRICES.

One of the most remarkable conferences in history has just adjourned at New Orleans—a conference of the governors, Farmers' Union and business men of the cotton producing states to consider the cotton situation and especially the low cotton prices, the causes thereof and the remedies therefor. This conference was in session Monday and Tuesday, and some of the foremost thinkers and economic students of the south addressed the body. The only remedy for the prevailing low prices, as given out by that body, is that the farmers of the south must withhold from the market every remaining bale of cotton of the present season's cotton crop, and follow this with a contract and binding agreement to reduce next season's acreage at least 25 per cent, if they hope to restore the South's great money staple to a normal price level.

No action was taken by the conference upon the proposal of foreign banking interests to finance a holding movement covering 2,000,000 bales of the present crop.

"If the plans as outlined by the conference are put into operation without delay," said Governor O. B. Colquitt of Texas, "there is bound to be an almost immediate increase in the prices of cotton and traders in the speculative world will be put to route. The statistics which we have compiled showing the world's demand for American cotton, proves beyond doubt that every pound of this year's crop is worth 13 cents or more, and the battle is won if the South's farmers will stand firm."

Along with the timely, as well as time-worn, advice "Do your Christmas shopping early," we might do some effective paraphrasing in "Do your Christmas advertising early."

While at all times willing to take the cash for back, renewal or new subscriptions, we can be induced to accept butter, eggs, chickens, cord wood, mules, horses or cattle. Get that 1912 date attached to your subscription and make us both happy.

The Chinese Emperor has edicted that he is ready to accede to the demands of the revolutionists and grant them the constitutional government sought by them. We knew sumpin' was agwin' to drap when the Chinks began cutting off their queues.

Up in Kansas a couple appeared before the Judge to be married, and the groom got so frightened he fainted in the bride's arms. She put him on the floor and walked out and he has not seen her since. Which was, no doubt a relief to both. Marriage affects people in different ways. As above stated, some are overcome when about to be married, while others want to die after they are married. Some marry for wealth and get fooled, and some marry for love—and get fooled also. Marriage has never affected us.

Our old friend, Arch Brown, of Fredonia, got off some good homespun philosophy the other night. Arch says the man who is able to hold cotton only twenty or thirty days, does no good at holding. It's the man who can hold cotton until spring, if necessary, that will get the benefit of any raise in prices. And he says more. He says he can take most any crop that grows and make more money out of it than out of cotton. And that is the key to the situation. When Texas farmers go to raising all of their supplies

at home, and make the cotton crop a surplus crop, then and then only will they become independent. But so long as cotton remains the leading crop, and the farmer is forced to exchange this hard labor crop for meat and bread and supplies, just so long will his nose be kept to the grindstone, and the grindstone kept turning.

We've got a 11 to 16 pronged deer antlers spotted dead to rights now, for E. B. Baldrige, mighty hunter from Fife on the Colorado, has promised it to us. **A Father's Vengeance**  
Would have fallen on anyone who attacked the son of Peter Bondy, of South Rockwood, Mich, but he was powerless before attacks of Kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. It's the best Kidney medicine I ever saw." Backache, tired feeling, Nervousness, Loss of Appetite, warty of Kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware: Take Electric Bitters and be safe. ## MOVED.

I am now located in the old Benham millinery stand on Blackburn street, and will be pleased to have all my patrons visit me in my new quarters. It will always be my pleasure to serve your wants in the very best manner, and my endeavors shall always be to render service that will make you a permanent customer.

L. W. ST. CLAIR.

S. W. Moffatt returned Wednesday evening from Austin where he has been at the bedside of his brother, David, the past two weeks. He reports his brother still in a serious condition, although hopes for his recovery are strong. His brother had been subject to attacks of appendicitis for some time, but thought indigestion the trouble. Consequently the disease had gone so far that when the doctors operated on him two weeks ago they held out no hopes at all for his recovery, and the fact that he has gotten along so well is regarded most remarkable.

Hallowe'en passed off in a most quiet and orderly manner in Brady, and no reports of rowdyism are made from any part of the city. Sheriff Wall was strictly "on the job" until after midnight, and his presence served to keep down any indication of trouble or bad behavior.

Feel languid, weak, run-down? Headache? Stomach "off"? Just a plain case of lazy liver. Burdock Blood Bitters tones liver and stomach, promotes digestion, purifies the blood.

## WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well.

I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you. It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui. Your druggist sells and recommends it. Get a bottle from him today.

#### FARM DEMONSTRATION DEPARTMENT

J. W. Griffin, Demonstrator

I desire to most sincerely thank the good people of Brady for their kind, painstaking, earnest and sincere hospitality in receiving me into their midst. To the business men I am grateful too for their valuable time in assisting me to get acquainted and to establish myself in the year's work. To the farmers whom I have never met over the county, I would say that I have never met a better people, and a warm spot is in my heart for you.

For some time past it has been my dream to some day take up my abode farther to the West than I have been living and from what I have seen of this excellent county, and from what I have observed in general, and from what I have learned from the good people I assure you that I am glad to say that I am happy to be with you. As my acquaintance is as yet limited, I would say that while I have toiled hard in school and out, by night and by day, for so many years, I am not here to ease my time away, but to go my length to help build up and develop the agricultural interests of the county in every way possible.

Our state and national aid through state and agricultural colleges, and experimental tests by the thousands, have proven and established many facts and rules that every farmer should not only be willing but anxious to receive. It is but just and right that he should, and feel at the same time that he is justly entitled to all better methods of farming. Experience agrees with theory that they go hand in hand. The so-called book farming is nothing more than proven methods well tried out, and put in print for the good of all. One might as well close his eyes and try to lay off a straight row as to turn a deaf ear to these improved methods of farming. No principle in agriculture has been more thoroughly demonstrated than the value of deep and well pulverized seed bed.

My especial work for this county is to demonstrate under government rules for the benefit of the agriculturists of McCulloch county. It will be my duty as well as privilege, to visit all the farms and especially the demonstrators regularly. I will also publish a list of all who may do demonstration work. I will do this for the sake of co-operation and my convenience. These demonstrators will receive bulletins

**CAUSES MUCH DISEASE**

Advice About Stomach Troubles and How to Relieve Them.

Do not neglect indigestion which may lead to all sorts of ills and complications. An eminent physician once said that ninety-five per cent of all the ills of the human body have their origin in a disordered stomach.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be among the most dependable remedies known for the relief of indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is very prompt. Their use with persistency and regularity for a short time tends to bring about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets help to insure healthy appetite, to aid digestion, and thus promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember, you can obtain them only at our store—The Rexall Store. The Jones Drug Co.

**"Hallowe'en."**

Tuesday night being "Hallowe'en," the usual troop of spooks were out on their tramp. Several bands had been formed and the square indeed had a ghostly appearance by ten o'clock. Some fifty ghosts were in parade with torches and jack o'lanterns. Numbers of curious lighted carriages were driven about and witches were on every corner. The young set formed a serenading party and visited a number of homes. Various tricks were played and the good time lasted until past midnight.

With Mrs. Davidson.

The Ladies Social club was beautifully entertained on Thursday afternoon by Mrs. Will Davidson. The reception rooms were lighted with wax tapers and banks of ferns and palms were here and there. Five tables were placed and an enthusiastic game of forty-two enjoyed. Refreshments consisted of a dainty ice course. Miss Beulah Sammons was the guest of honor. This was a very pleasant afternoon, as is the case when spent with so charming a hostess as Mrs. Davidson.

Quite the prettiest party of this season was that given on Tuesday afternoon by Mrs. Sam Hughes at her quaint bungalow home. The guests were received by Mrs. Hughes and Mrs. James Willoughby. Ere long the doors leading to the music room were drawn, and Little Frances Lou McClellan came forth with a flower covered basket filled with cardboard folders. Miss Beulah Sammons, clad in a becoming gown of champagne voile with trimmings of lace and satin, followed and presented each one with one of the cards, which proved to be the announcement of her wedding to Mr. Frank Hardin, of Fort Worth, on the twenty-second of November. A most charming contest followed after which the hostess led the way to the dining room. This was effectively lighted with candles. The table was arranged with a mirror surrounded by yellow chrysanthemums, and in the center of this a tiny boat was cast which held a miniature bride and groom. Tea and coffee were poured by Mrs. Will Davidson and Mrs. James Willoughby. The refreshments were very dainty and appropriate. Miss Marie Crothers presided over the register, and on leaving each guest was requested to register and in addition write some wish for the bride to be. This was indeed a surprise to the many friends of Miss Sammons, and the occasion will long be remembered as a most pleasant one.

Mr. and Mrs. F. J. Neal gave a most delightful Hallowe'en party Tuesday night in honor of the Senior Epworth League. The guests arrived early and entered the hall amidst a confusion of spiderwebs, bugs and black cats. The parlor and dining room were lighted by jack o'lanterns. Pumpkins, cats and spiders were most everywhere. The evening was spent in bobbing for apples, passing through the mystic gate, and fortune telling. Appropriate refreshments were served to some forty guests. At a late hour all departed, declaring to have never attended a better planned affair, and pronouncing Mr. and Mrs. Neal splendid entertainers.

Mrs. Campbell Gavit entertained the Priscilla Club on Wednesday afternoon from three to five

o'clock. The pieces of linen being embroidered by this club are a delight to behold. Delicious refreshments were served by the hostess at the close of the afternoon. Mrs. M. Campbell will have the ladies with her on next club day.

Mr. Bill White, of Mason, was here Tuesday.

Mr. Charlie Yeager has returned from Menard.

Miss Beulah Sammons spent a few days last week at Winchell.

Mr. and Mrs. R. L. Goodson are here at present visiting relatives.

Mrs. Jack Coe left Tuesday for Muskogee, Okla., for a visit of a month.

Miss Hattie McGee, of Lubbock, is the guest of Misses Ruth and Ruby Wood.

Rev. Fred Fasbender held services here Sunday and Wednesday at the Catholic church.

Mr. and Mrs. Sam Graham returned home last week. Mr. Graham is greatly improved.

Miss Pearle Coopender returned home last Friday from a month's visit in Stamford.

From our booth we distributed a large amount of literature, consisting of cards, post cards, folders and booklets. We believe this will benefit Brady and her trade territory.

It is now the opinion of those who have a right to know, that the Texas State Fair is the greatest exposition of its kind in the world. No state can compare favorably with it. And as America leads the world, so Texas with her wonderful products leads America. It is a wise thing for any county or business enterprise to get space at the Dallas fair for the purpose of advertising.

McCulloch county had a creditable exhibit at the county and state fairs. It required a deal of work, but such advertisements pay more than the printed page. The products of any country are always the best means of calling attention to its resources. Thirty-one counties of Texas had from one to four booths at the state fair exploiting the possibilities of these counties. A great many people from other states seemed astonished that Texas could have such an exhibition.

McCulloch county secured a few first premiums which of itself speaks much for the county; especially when we have suffered from the severest drouth known for years. It means that we show up well with other sections of the state with or without seasonable years. Another matter of note is that we carried nothing but the products of this county and the 1911 crop. No old goods were on display at the McCulloch county booth. This was not the case with several other counties.

After Spending Thousands of Dollars and Consulting the Most Eminent Physicians, He Was Desperate.

CHICAGO, ILLS.—Mr. J. G. Becker, of 134 Van Buren St., a well-known wholesale dry goods dealer, states as follows:

"I have had catarrh for more than thirty years. Have tried everything on earth and spent thousands of dollars for other medicines and with physicians, without getting any lasting relief, and can say to you that I have found Peruna the only remedy that has cured me permanently.

"Peruna has also cured my wife of catarrh. She always keeps it in the house for an attack of cold, which it invariably cures in a very short time."

## NEW SUGGESTION MADE

COLEMAN TO BRADY INTERURBAN SCHEME.

New Proposition to Take Place of Coleman North and South Railroad.

Why not an interurban between Coleman and Brady?

Such a proposition would meet the hearty endorsement of the people of both proposed terminals and all along the route.

It would be worth more to both towns than a regulation steam railway and would be the developer of one of the richest sections on earth.

The route would traverse a country rich in coal, live stock, and all kinds of agricultural products. It would bring the people of the entire country traversed in closer touch with each other and would be a great developer all along the line.

Think about the interurban, Coleman to Brady.—Coleman News.

Will Roberts, Jr. was here from Lohn yesterday. Will reports a good rain out his way Monday, although the rain was not needed. He says the Lohn country is in very good shape, and that the farmers are getting along well with their crops. About 1100 bales have been ginned, and it is expected that the total will run somewhere in the neighborhood of 1500 bales.

In coal stoves, the Coles Hot Blast is the most wonderful stove ever made. It holds the heat, takes one third less fuel, and the best part of all, it will keep a fire all night so you don't have to make a fire in the morning. Is there anything more you could ask of a stove? Investigate, for sooner or later you will be compelled to have one. Broad Merc. Co.

### ADAIR COMING.

Great Revival at Brownwood in December.

Plans were set on foot early in the summer to secure Lockett Adair for a great union revival in Brownwood, and now it seems that these plans have matured for it is announced that the meeting will be begun on the last day of the year. The pastors of the city are co-operating in the meeting and it is believed that it will result in one of the greatest revivals ever held here. Rev. Lockett Adair is a great preacher and a man of wonderful personality. It is hoped that services may be held for a few days prior to his coming to get the Christian people of the city interested enough to take hold and do active work when the evangelist does come.

The meeting will be held at the Christian tabernacle and the whole town will be invited to attend.—Brownwood Bulletin.

## GOOD LIVER REMEDY FREE

When you suffer from any form of indigestion it is always well to take something for the liver, as usually the trouble lies there. If you are bilious, have a bloated feeling after eating, if you belch, if your skin is yellowish you may be sure it is liver trouble.

What you need is something to stir up the liver, to arouse the gastric juices so that they will aid in the digestion of your food. A very good remedy for this, and one highly recommended by those who have used it, is Dr. Caldwell's Syrup Pepsin, which you can obtain of any druggist at fifty cents or one dollar a bottle. But if you have any doubt about its merits, and would prefer to try it first, send your address to Dr. Caldwell and he will promptly send you a free sample bottle.

### THE PACIFIC MONTHLY.

Special Rates on the Leading Magazine of the West.

The Pacific Monthly of Portland, Oregon, is publishing a series of splendid articles about the various industries in the west. The September number contained an article on Success with Cherries. The October number had a beautifully illustrated article on Success in Growing Apples. Other articles shortly to be published are Success with Live Stock, Success in Growing Walnuts, Success with Fodder Crops. These articles are written by experts, and are not only authoritative, but very interesting.

In addition to the above, The Pacific Monthly each month publishes a large number of clean, wholesome, readable stories and strong independent articles on the questions of the day.

The price of The Pacific Monthly is \$1.50 a year. To introduce it to new readers, it will be sent for six months for \$1.50 if this paper is mentioned.

### BLUE RIBBONS.

McCulloch County Products Capture 1st Prize.

Sec. D. R. Hardison brought home with him three blue ribbons captured by McCulloch county products at the Dallas Fair. The articles winning first prize were: Sorghum Seed, exhibited by D. H. Henderson, of Voca; Paper Shell Pecans, and Angora Rugs, both exhibited by McCulloch Co. The awarding committee commented very favorably and freely upon three other McCulloch county products, viz: White Maize, Honey and Broom Corn, and but for the fact that these were exhibited in such small quantity as to exclude them from the contest, there is no doubt that McCulloch county would have captured first prize on these three also. The committee was quite enthusiastic over the sample of broom corn shown and stated that there was no finer fibre on exhibit even in the displays of the acknowledged broom corn growing counties. They commented very freely upon the fact that the broom corn industry should be taken up in McCulloch county and that it should prove a great success.

### CONFIRMED PROOF

Residents of Brady Cannot Doubt What Has Been twice Proved.

In gratitude from complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of this vicinity who so testified years ago, now say that their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Brady kidney sufferers.

D. C. Dingus, of Coleman, Texas, says: "When living in Comanche, three years ago, I gave a public statement recommending Doan's Kidney Pills. At this time I am pleased to add that my boy who was cured of kidney complaint by Doan's Kidney Pills has never had a return attack of the trouble. For some time his kidneys were weak and there was a lack of control over the kidney secretions. This caused no end of worry and extra work, and defied all efforts for relief until Doan's Kidney Pills were used. The fact that the cure effected by this preparation has remained permanent, is convincing proof that it is one of great merit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Arch Brown, J. S. Wilson and Ed Aldridge were up from Fredonia Wednesday, the former bringing hay and the latter two cotton, and Mr. Brown made us an interesting visit. He is one of the old-timers here, having lived in McCulloch county 32 years, and he tells many interesting facts about the early days. He keeps well posted upon current events and has given farming special study during the many years he has engaged in it. He has long been of the opinion that cotton isn't the best money crop, and says he will put 10 acres of sorghum cane against 20 acres of cotton, save one-fourth of the expense and two-thirds of the time he has to devote to the cotton, sell the cotton at 10c per pound and the cane at 70c per 100 lbs., and come out ahead on the cane. Last year

he marketed 6 hogs at one time, receiving \$106.65 for the bunch, and he asks if that doesn't beat cotton. Mr. Brown made 10 bales of cotton this year off of 33 acres, and of this number he marketed three when the price was 11 1-2c; the remainder he will hold for a better price. He made good corn this year, and will have some shoats ready for market a little later, is out of debt, and is as independent as can be.

The Brady Standard, \$1.00.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.
