Mustangs Meet Steers Friday Bovina Slight Underdog

WHITTLIN'

BY DOLPH MOTEN

Grapevine report: A severe critic of this department made the recent comment, "I wish he'd never heard of the words 'Democrat' and 'Republican.'"

Frankly, we didn't know whether to take the remark as a compliment or as criticism. Figured maybe it was mostly critical with possibly a little bit of a left-handed compliment mixed in.

Complimentary part coming from fact that this critic evidently still reads this column; at least enough to tell if it's concerned with politics or not. That's worth something.

This week we received a weekly newspaper from Lytton, B.C., Canada. It was sent to us by I. W. "Ike" Quicquel, who, with his wife and Mr. and Mrs. Buck Ellison, is on a trip up in that part of the world. They have been to the World's Fair at Seattle. Ike's comment written in longhand across top of the paper, along with some comments about the paper, was, "We enjoyed the Fair."

The newspaper contained six small pages -- about size of a quarter page ad in The Blade. And on one of those pages was a house ad -- for the newspaper. Seeing the edition didn't make us a bit interested in newspapering in Canada. As a matter of fact, we're glad we're not.

Sounds as if the Quicquels and Ellisons are having a great trip, however.

No matter what's going on or why, some people won't like it . . . and worse yet . . . will say so.

Vernon Estes was unhappy this week about Bovina Businesses Cotton Bowl Football Contest which began its season's run in last week's issue of The Blade.

Estes, who correctly named nine of 10 winners, was disappointed almost to the point of bitterness that such a good entry wasn't good enough to qualify for at least some prize money.

We didn't help his feelings any when we pointed out that 10 people who entered picked 10 winners out of 10 chances.

"That," he said, "will ruin the contest. If it's so easy that just anybody can get them all right, it's no good."

He finally calmed down a little, though, and we tried to give him a good talking to about sportsmanship and about how it's not whether you win or lose, but how you play the game and all that stuff.

We couldn't tell if he agreed with us or just got tired of listening. Anyway, he agreed, after our conversation, to enter the contest again this week.

Vernon, if you can continue to hold that 90 per cent pace that you set this week, you won't have any trouble staying up among the leaders. Some of those smart alecks who lucked out and beat you last week will drop way down this week and next. Just hang in there week after week with that nine and you won't have a thing to worry about.

Speaking of the contest, it's just not the same without H. N. Turner. Turner moved away during the summer and evidently doesn't get his paper in time to enter this year.

Even if he did enter by mail this year, it still wouldn't be the same.

Turner, who was one of the most consistent entrants in the contest, has been a regular visitor to The Blade office during past two years on Thursdays and Fridays.

H. N. got all the opinions on how the games would come out that he could, including ours.

He never would pay much attention to us, however, and consequently in two years of entering the contest, he wasn't fortunate enough to win any of

(Continued on page 4.)

WINNERS THREE Leon Grissom, center, and Allen Cumpston, right, submitted perfect entries in Bovina Businesses Cotton Bowl Football Contest last week and divided first and second place prize money. Erith Hawkins, left, defending contest champion from a year ago, took third place.

131 ENTER--

2 Perfect Entries In Football Contest

Two perfect entries and a record-breaking number of participants highlighted opening week of Bovina Businesses Cotton Bowl Football Contest last week.

The perfect entries which also had the tiebreaker score exactly right were submitted by Allen Cumpston and Leon Grissom. They divided first place money of \$5 and third place of \$3 and received checks of \$4 each.

Erith Hawkins, last year's grand prize winner, named 10 correct winners and was only three points off on the tiebreaker score to pick up \$1 third

place prize money. A total of entrants of the field of 131 named 10 correct winners. (The Hart-New Home game was counted correct on all entries because the game was not played as scheduled.)

Those picking 10 correct winners but finishing out of the money because of the tie-breaker score were Pat Sherrill, Leon Ware, Neil Smith, John Wilson, Willis Hester, Don Caldwell, and Bill Ellis of Friona. That puts those people in lead for the grand prize which will be awarded to entrant who picks highest number of winners over the 13-week contest period.

BY GUN CLUB--

Ham, Turkey Shoot Slated

Bovina Gun Club has scheduled a turkey and ham shoot for Saturday.

The competition will begin at 10 Saturday morning at trap shooting range east of town, Art Mast, club officer, announces.

The shoot will continue throughout the day if there is sufficient interest, Mast says.

The general public is invited to participate in the shoot. Gun club members who shoot regularly will be handicapped by

distance or won't be allowed to shoot in same heats with shooters who don't participate on a regular basis.

Heats can be arranged with all classes of shooters, Mast points out.

Plans are being made to have ham and turkey shoots every two weeks on Saturday during fall months. Also, shoots may be scheduled on weekdays during periods of bad weather which

(Continued on page 4.)

TOP THREE--This trio of Bovina youngsters was named winners in a recent baby picture contest sponsored by Winston B. Lucas, Irving photographer, and The Blade. At left is first place winner, Robbie Isham, son of Mr. and Mrs. Ronnie Isham. In center is Ginger Rae Glasscock, daughter of Mr. and Mrs. Gary Kent Glasscock, who was named to second place. At right is third place winner, Jimmy Taylor, son of Mr. and Mrs. Tommy Taylor. Pictures of other Bovina youngsters who were photographed by Lucas will appear in forthcoming issues of this newspaper.

This could be the year. That's the way many Bovina Mustang football fans feel about their favorite team's chances of upsetting the always-powerful Farwell Steers.

The two Parmer County rivals square off on Farwell's field Friday night at 8 p.m. in a continuation of Bovina's oldest football rivalry.

Reason for Bovina fans having their hopes up is that Mustangs have a better team than usual this year. They whipped Springlake, a good Class A team, last week in the first Bovina win over a Class A team in past

Weather by Willie

Editor's Note--Weatherman out of town. Accurate, as usual, weather prediction promised for next week. Will use this space this week for a prediction of our own: Bovina Mustangs will break a seven-year drouth Friday night and defeat the favored Farwell Steers. --DM

few years, and are defending District 2-B champions, with more experience than usual.

Farwell, however, evidently has another of its top teams. The Steers toyed with Class AA Friona last week and blasted that Parmer County team off the field with a 39-0 k.o.

Commenting on the game, Mustang Coach Hallie Gee says, "We'll definitely be the underdog, but we're going to show up for the game. You can count on that."

In spite of fact that Mustangs have lost to Farwell for past seven consecutive years, their

enthusiasm for winning the rivalry-filled game has not been dulled. It remains as one of the highlights of the Mustang schedule.

Gee's teams escaped the rough game with Springlake last week with a minimum of in-

juries, suffering only slightly more than the expected amount of bruises. Worst of these was a broken little finger of Tackle Dickie Clayton and an injured knee of Guard Donnie Dyer. Neither of the injuries is expected to keep the starters out

of the line-up, however.

Thus, Coach Gee is expected to go with the same offensive line-up that started against Springlake last week. That team averages 158 pounds per man,

(Continued on page 6.)

PUBLICITY SHOT--Jerry Langdon, at right with camera, regional reporter with The Amarillo Daily News, was in Bovina this week getting the picture shown above and information on Bovina Mustangs promising football team. Posing for the big city camera are Coach Hallie Gee and Quarterback Don Cumpston. The Bovina-Farwell game is scheduled to be featured in The News' Saturday morning football section.

AT REGULAR MEETING--

Council Discusses Fire Plug Repair

Fire plugs dominated discussions at a regular meeting of Bovina city council Monday night at city hall.

City fire plugs have been in the process of being repaired last week and this causing city water to be cutoff on occasions. Repair work was slated to be finished early this week, however, and Mayor Boyd Gilreath reports that the water won't have to be cut off again in Bovina in the foreseeable future.

Cutting off of the water had been reason for many complaints coming to city hall. The contractor, Luther Vaughn of Shallowater, has tried to do most of the fire plug repair and installation at night so as to cause a minimum of trouble for users of city water,

Gilreath points out.

City bills totaling \$2711.21 were voted to be paid by the councilmen present. Those present were Gilreath, J. E. Sherrill, A. R. McCutchan and Bud Crump.

The councilmen agreed to sell city street sweeper for \$1000.

In an effort to protect the newly-repaired fire plugs, the councilmen voted to assess a \$25 fine to anyone caught tinkering with the fire plugs or attempting to turn them on with-

out permission. Turning the plugs on with improper tools is believed to be a cause of some of the trouble which has been repaired.

People who wish to fill tanks from the fire plugs may do so by contacting city hall in the future, the councilmen agreed. A charge of \$1 will be made for filling small water tanks and \$3 will be charged for tank trucks.

Also on the agenda was a discussion of a paving lien from the 1958 paving program with Ezra England.

ALL DAY--

Lions' Broom Sale Friday

Friday is the day set for Bovina Lions Club's annual broom sale.

The sale, which features merchandise of the household variety made by Texas Light-house for the Blind, will get underway early Friday morning and will continue throughout the day, Lions President Roy Crawford announces.

Tom Bonds and H. J. Charles have been appointed by Crawford as captains of two teams of Lions Club members who will compete against each other in a sales race.

The broom sale is the largest money-raising project of the club each year and has proven to be highly successful here.

Almost \$100-worth of merchandise was sold last year. The club operates on a 26 per cent commission.

In addition to a variety of kinds and sizes of brooms, merchandise which will be of-

fered for sale includes dish cloths, mops, brushes, floor mats, pot holders and other household items.

Truck bringing the merchandise to Bovina will be parked at a downtown location throughout the day.

Profit from the sale will be used to finance various Lions Club projects throughout the year.

Charles and Bonds will select their team members at a regular meeting of Lions Club Thursday night in City Drug. Meeting time is 7:30.

"We greatly appreciate the business and cooperation that businesses and individuals here have given us with our broom sales in the past and we hope to have another successful sale this year," Crawford says.

An advertisement in this issue of The Blade announces the sale.

SPECIAL AWARD--Roy Crawford, left, Bovina High vocational agriculture instructor, was presented an award for outstanding service to Parmer County Soil Conservation District at the District's eighth annual banquet Saturday night at Lazbuddie. Making the presentation is A. L. Black, chairman of SCS board of supervisors. In background is T. O. Lesley, member of board of supervisors. Walter Rogers, U. S. Representative from this district, was featured speaker at the banquet. More information on the meeting is in Farm and Home Section of this issue.

MRS. JAMES LAWLIS

Afternoon Ceremony Unites Miss Lloyd, James Lawlis

Nuptial Vows were repeated by Miss Penny Lloyd and James Lawlis Sunday afternoon in a candlelight ceremony at Bovina Methodist Church.

Parents of the couple are Mr. and Mrs. Paul L. Lloyd and Mr. and Mrs. Ovid Lawlis. Rev. Davis Edens, former pastor here who is not at Wellington, read the double ring ceremony.

Sanctuary decorations included an arrangement of chapel windows enhanced with orchid ribbons, white gladioli and orchid chrysanthemums flanked on either side by Grecian urns and white columns with potted palms banking arrangements of white taper candles.

Traditional wedding selections were played by Mrs. John Wilson, organist.

Mrs. David Edens, vocalist, sang, "The Twelfth of Never," "Whither Thou Goest" and "Wedding Prayer," accompanied by Mrs. Wilson.

Given in marriage by her father, the bride wore a floor length gown of white Delustre satin accented with art lace. The fitted bodice featured a portrait neckline framed with applique lace and short shirred sleeves. The bell shaped skirt was enhanced with a front panel pleat outlined with applique lace. Her elbow length veil of silk illusion fell from a Juliet cap fashioned of white silk mums outlined with seed pearls.

She carried a cascade arrangement of stephanotis intermingled with lace and seed pearls featuring an orchid atop the grooms Bible.

Carrying out family tradition, her gown was fashioned by her mother. She wore the grooms gift which was a diamond pendant and a penny in her shoe minted in the year of her birth.

Miss Brenda Jones served as maid of honor. She wore an orchid silk shantung sheath which featured a batteau neckline and silk organza puff sleeves. A maline crown with seed pearls and a scalloped veil formed her headpiece. She carried a basket arrangement of orchid and white chrysanthemums.

Miss Patsy Hart served as bridesmaid. Her dress and headpiece were identical to that of the Maid of Honor. Misses Cynthia Patterson and Judy Roach lighted the candles. They wore orchid sheath dresses and wrist corsages of pom pom mums.

Miss Renee Charles was

flower girl. She wore an orchid silk organza dress and carried a basket of chrysanthemums. Rickey O'Hair, of Odessa, nephew of the bride, was ring bearer.

Kent Glasscock served as best man and groomsman was David Lawlis, brother of the groom.

Ushers were Jon Lin Riddle and Phillip Lloyd, brother of the bride.

For her daughter's wedding, Mrs. Lloyd chose a beige lace gown with coral and brown accessories. She wore a shoulder corsage of cymbidium orchids.

Mrs. Lawlis, mother of the groom, chose a moss green lace ensemble with beige accessories and a corsage of cymbidium orchids.

Immediately following, a reception was hosted by Mrs. Jimmy Charles in fellowship hall of church. The bride's

table was laid with a white petit point lace cloth over orchid and featured an artificial arrangement of orchid and white flowers and white candles. Presiding at the refreshment table were the bride's sisters, Mrs. J. B. O'Hair of Odessa and Mrs. Cary Joe Magness of Lubbock.

For her wedding trip to Dallas, the bride chose an orchid boucle suit with short jacket and white accessories. She wore the orchid from her bouquet.

The bride is a graduate of Bovina High School and is employed at First National Bank, Bovina. The groom is a graduate of Bovina High School and is employed at Lawlis Gin and will attend West Texas State College in Canyon during the spring semester.

Other courtesies honoring the bride included a lingerie shower and a kitchen shower.

Rehearsal dinner, last Saturday evening, was hosted by grooms' parents.

Orchid and white, the brides chosen colors, were carried out in table decorations. Individual tables laid with white cloths and centered with white candles intertwined with orchid flowers were appointed with silver and crystal. The buffet table featured an artificial centerpiece of orchid and white.

Out-of-town guests at the wedding were Mr. and Mrs. Cary Joe Magness of Lubbock, Mr. and Mrs. J.B. O'Hair of Odessa, Mr. and Mrs. G. M. Lawlis of Sylvester, Mrs. Don Raymond of Levelland, Mrs. J. I. Steed of Dallas and Mr. and Mrs. James Mabry and Terry Sue of Lubbock, Mrs. La Trelle Wheeler, Levelland; Mr. and Mrs. Dick Dobbs and Mr. and Mrs. Roy Dodson of Clovis, Miss Judy Billingsly, Farwell; Joe Gross, Muleshoe; French Crook Jr. of Lubbock and Miss Barbara Henson of Clovis.

Presiding at guest registry was Miss Patsy Richards.

Post-Nuptial Courtesy Fetes Mrs. Richards

Mrs. Billy Richards was honored with a post-nuptial show on Monday afternoon at fellowship hall of Bovina Church of Christ.

Presiding at the guest registry was Mrs. Jackie Carthel. The table was laid with a cut work linen cloth and featured an

arrangement of orchid asters in a milk glass container and the brides book.

The honoree, her mother, Mrs. A.E. Crump and the groom's mother, Mrs. Cash Richards were presented with corsages of pink and white carnations.

Mmes. Kent Glasscock and Sonny Gentry presided at the refreshment table. An artificial arrangement of asters, sweet peas and daisies in a low container graced the table which was laid with a white linen cloth and appointed with silver and crystal. Pink tapers in crystal containers flanked the centerpiece and floating pink roses surrounded the punch bowl, individual cake squares, nuts and punch were served to guests.

Attending were Mmes. Harley Riddle, Earl Richards, H. H. Kelso, Erith Hawkins, Tom Ware, Robert Calaway, Rouel Barron, Howard Ellison, Marlin Ferguson, Billy Johnson, Billie Sudderth, J. D. Stevens, Stella Purcell, Clifford Leake, Jesse Walling, Emmett Tabor, Odie White, Fred O'Hair, Paul Jones, Gwen Newbrough, Joe Wilson, Pete Davies, Bill Strawn, E. M. Ware, G. D. Turner, James Boardman, Richard Roberts and Mrs. Paul Craig.

Also Misses Patsy Richards, Leslie Williams, Pam Wilson, Cindy Crump and Suzanne Wilson and Woody Smith and Tommy Crump.

Out of town guests were Mrs. Homer Burleson, Mrs. Lloyd Ward and Mrs. Claude DeBarry of Memphis, Mrs. R. L. Fleming and Mrs. Ray Dean Fleming of Friona; Mrs. Terry Carpenter of Clovis; Mrs. Jay Shepard and Jimmy of Amarillo and Mrs. Bess Crump of Memphis; Mrs. Harbor Nicholas of Elida, N.M.; Mrs. Olive Roberts of Odessa and Mrs. Lasater of Portales, N.M.

Hosting the occasion were Mmes. A. M. Wilson, Chester Rogers, Dolph Moten, Bob McMeans, C. R. Brandon, Don Stone, Billy Marshall, Charles Jefferson, Tom Bonds, Otis Huggins of Farwell and William Gromowsky.

Operators of the shop under the new ownership will be Mrs. Juanita Hastings and Mrs. Lois Sparks.

Name of the business is Artistic Beauty Shop No. 2.

Announcement of the change of ownership is made in an advertisement in this issue of the Blade.

Visit Venables

Visiting in the home of Mr. and Mrs. Bill Venable Sunday were their nephew and family, Mr. and Mrs. Dolphus Dawson, and their niece, Mr. and Mrs. Wayne Flint of Tulla. The Flints had recently returned from Vienna, Austria where they had been visiting their daughter and family. They entertained the group with colored slides during the afternoon.

Quilting Club Entertained

Mr. and Mrs. Tom Rhodes entertained members of Quilting Club and their husbands with a forty-two party and ice cream supper Thursday evening at their home.

Following the games the Rhodes were surprised with a farewell gift by members of club.

The Rhodes are moving to Truth or Consequences, N.M.

Attending were Mr. and Mrs. T. P. Griffith, Mr. and Mrs. Jim Owens, Mr. and Mrs. Lloyd Killough, Mr. and Mrs. W. J. Parker, Mr. and Mrs. H. D. Bradshaw, Mr. and Mrs. Reagan Looney, Mr. and Mrs. F. O. Turner, Mr. and Mrs. C. P. Warren and Mrs. J. R. Caldwell.

Mustangs Surprise Springlake, 20 - 14

Sparked by offensive talents of Quarterback Don Cumpton and Halfback Jerry Frazier, Bovina Mustangs racked up their first victory over a Class A team in more years than Mustang fans like to remember as they outscored Springlake Wolverines, 20-14, in the season lid-lifter there Friday night.

Mustangs, who went into the game as underdogs, pulled the win out of an almost certain

tie with less than a minute to play in final quarter of the game. With the score knotted 14-14, the Mustangs faced a fourth down situation on the Springlake four-yard line with some 40 seconds left to play. The Ponies faked a field goal and Cumpton passed to Frazier who was all by himself in the end zone to give the victory to the Class B Mustangs.

The Wolverines who are rated a good Class A team,

were outplayed slightly throughout the game.

Bovina drew first blood the first time it was in possession of the ball early in first quarter with the touchdown coming on a 21-yard pass play from Cumpton to Frazier. The same passing combination was successful for the extra points, but an off-side penalty nullified the play. On the re-do it play, Cumpton's pass went incomplete to leave score 6-0.

Mustangs threatened again as time was running out in first half. After shoving down to the five-yard line on passes from Cumpton to Ends Mac Glasscock and Ken Horn, Bovina lost possession of the ball on an interception as the half ended. Bovina pumped the score to 14-0 in the third period. After being halted on Springlake's 37, Mustangs took advantage of a 15-yard penalty and a first down on the host team's

22. Fullback Tally Kelso ramed for four yards to set the stage for an 18-yard gallop into the end zone by Frazier who was aided by tremendous blocking that didn't allow a defending player to lay a hand on Frazier.

Kelso went through the line for two extra points to boost the score to 14-0.

Springlake put on its offensive show early in the fourth quarter.

After running a Bovina punt back to Bovina's 43, the Wol-

verines had their first TD of the game in six plays. Quarterback Jerry Been circled end from 10 yards away for the six-pointer. Been also carried over the extra points to make the score 14-8 and put the Mustangs' lead in danger.

Fired up by that bit of success, the Wolverines recovered a Mustang fumble two plays following the kickoff on the 23-yard line and scored from there on a pass from Been

to Halfback Don Sanders. Bovina line made a fine defensive effort on the extra points attempt to leave the score tied in the 14-14 knot.

With time running out, Bovina got possession of the ball on Springlake's 34 as a punt went out of bounds at that point. Cumpton passed long to End Philip Lloyd for a 29-yard gain to put the ball on the five yard line with a first down. The powerful Springlake line, which

was almost impossible for Bovina backs to run through all night, bowed up at that point and held Kelso to one yard gain on first down. Then two Cumpton passes went astray to bring up fourth down and goal to go.

At this point the kicking tee was brought in and the field goal was faked with Cumpton holding the ball for the make-believe kick. Following the snap from center, Cumpton raised up and fired to Frazier in the end zone for the score. Kelso was stopped in an attempt to carry over the extra points to leave the score at 20-14. As the teams went back up field for the kickoff, the clock showed 0:35 left to play. Springlake had time for one incomplete pass before the game-ending whistle sounded.

It was through the air that Bovina gained most of its yardage--136 yards compared with 89 on the ground. The big Wolverine line held Mustang runners in check except for Frazier's 18-yard scoring run.

Kelso was the leading runner with 35 yards in 12 attempts. Frazier carried 13 times for 31 yards net. Cumpton netted 10 yards in nine tries (Cumpton's average includes the yardage lost when he was tackled behind the line of scrimmage while attempting to pass).

This was first time for Bovina to beat Springlake since 1954.

Whittlin--

the prize money. Both years he stayed high in the running for the grand prize, but the weekly cash prize money always managed to evade him, much to his dismay.

He pointed out on several occasions that in all probability that he knew more about football than anybody in this community, but that somebody with more luck than knowledge always beat him out in the contest.

It was truly a sad situation.

Leon Grissom, who turned in one of the two perfect entries in last week's contest, admits that he received some "coaching" on how to fill out his entry blank. "Two different fellows told me who the winners were going to be," he says, "then I figured out which one to believe about which games and turned in a money-winning entry."

So Grissom's theory is that it isn't important to know anything about football as such. What's more important is to know who knows what they're talking about when!

Allen Cumpton, who submitted the other perfect entry, isn't as modest as Grissom. His comment about his first week success: "Sheer skill, Sheer skill."

And you can't argue with success.

Shoot Slated--

prohibits farm work.

A Bovina Gun Club trap shooting team took first place in a five-team shoot at Plainview Sunday afternoon.

Bovina marksmen hit 122 birds out of 150 shots. A Plainview team and Friona tied for second with 111 hits out of 150 possible.

Shooting for Bovina were Sonny Roach, Jerry Roach, Art Mast, Larry Fairchild and Sam Sudderth.

Sudderths To National Shoot

Mr. and Mrs. Sam Sudderth returned recently from the National Trap Shoot at Vandilla, Ohio. They also visited states of Oklahoma, Kansas, Missouri, Illinois, Indiana, Ohio, Kentucky, Tennessee, Alabama, Mississippi and Arkansas.

The only ones you should try to get even with are the ones who have helped you.

Grand Prize
Of Expense-Paid ★
Trip For Two
To Cotton Bowl
Game, Jan.1, 1963

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1962 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

Von Bowen's Mother Dies

Mrs. S. B. Bowen, 79, a resident of Collingsworth County for 47 years, died recently at Wellington.

Funeral services were held Friday at First Baptist Church in Wellington.

Survivors included her husband, S.B.; five sons, J. E. of Plainview, Hubert, King and Earl all of Wellington; Von of Bovina; a daughter Mrs. Melvin Seale of Wellington and one brother and three sisters, 13 grandchildren and 16 great-grandchildren.

Burial was in North Wellington Cemetery.

Mustangs--

only slightly less than Farwell's starting lineup average of 162 pounds. Weight isn't expected to be a factor in the game's outcome.

Bovina fans, encouraged by their teams' opening game win last week and prospects in general, are expected to be out in a large number to make the short, 12-mile trip to the county seat and the big game.

This will be second game of year for both teams.

Area forecasters are giving Farwell the favorite's nod by less than a touchdown.

Should the Steers emerge from the game as winners again this year, that will give them eight wins in a row over Bovina. They won 0-6 in '55, 0-13 in '56, 12-38 in '57, 8-39 in '58, 12-36 in '59, 12-44 in '60 and 0-6 in a hard-fought game played here last year.

Farwell's starting lineup includes:

Left end, Jerry Childs, 135, soph; left tackle, Allan Busbice, 160, soph; left guard, Kenneth Smith, 155, senior; center, Ronnie Henson, 150, junior; right guard, Darrell Crook, 170, junior; right tackle, Bobby Atkinson, 195, senior; right end, Bob Anderson, 160, soph; quarterback, Leon Lovelace, 195, junior; left half, Danny Lindop, 155, junior; right half, Barry McCuan, 150, senior; fullback, Jerry Herrington, 165, junior; Bovina's probable offensive starters are:

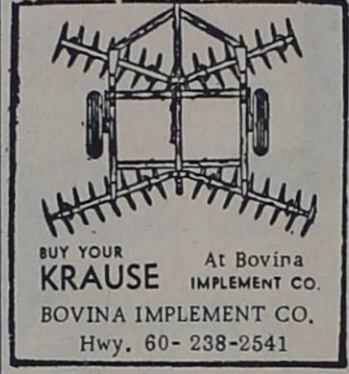

Left end, Mac Glasscock, 145, senior letterman; left guard, Delbert Morris, 145, senior letterman; center, Gary Stevenson, 158, senior letterman; right guard, Donnie Dyer, 140, sophomore squadman; inside tackle, Lowell Boozer, 170, senior letterman; left half, Jerry Frazier, 180 junior letterman; fullback, Tally Kelso, 170, junior letterman; right half, Pat O'Brien, 145, senior letterman.

Coach Gee says that considerable work is being done on defense this week and that he won't know his starting defensive players until after the practice session today (Wednesday).

Mr. and Mrs. Wayne Flint received word that her brother, Floyd Drake, died suddenly Sunday of a heart attack.

HD Council Schedules Special Program For September 19

Farmer County Home Demonstration Council met in a re-scheduled meeting Wednesday, September 5 in the Community Room of the Friona State Bank. Mrs. J. D. Sanders, council chairman, presided at the meeting.

Mrs. Joel White of Oklahoma Lane HD Club led a potato relay as opening exercise. Mrs. Edmund Kitten, secretary, read the minutes of the June meeting and they were approved as corrected. Mrs. Ellis Tatum, treasurer, reported the financial statement since the July meeting.

A special citizenship program has been planned by Mrs. Dee Brown, Citizenship Committee chairman, on Wednesday, September 19 at 2 p.m. in the Oklahoma Lane Community Center. Rev. J. Frank Peery, Methodist pastor from Muleshoe will show slides of his recent trip to Russia and will speak on "Communism and Socialism." The public is invited to attend. All home demonstration clubs will bring cookies

for refreshments. All HD Clubs are requested to turn in yearbook suggestions to Mrs. Herbert Schueler, chairman of the Yearbook Committee, Friday, September 28 at 9 a.m. in Community Room of Friona State Bank has been set as an all-day meeting of the yearbook committee. All club yearbook committee chairmen are urged to attend this important meeting.

In old business motions were made, seconded, and carried to pay necessary expenses. County delegates and visitors will leave Amarillo, September 18 at 8 a.m. to attend the meeting of the Texas Home Demonstration Association in Dallas.

Plans were made for a salad luncheon to be held Monday, October 1 in the Oklahoma Lane Community Center. Each club volunteered assistance for the annual luncheon. Everyone is invited to attend the regular HD Council meeting at 10 a.m. followed by the luncheon at 11:30. Delegates to the THDA state meeting will present sum-

maries of their trip. Charles Allen invited each of the clubs to set up window exhibits during Maize Days. Window exhibits must be set up by Wednesday, September 12. Theme for the Maize Days is "World Wide Use of Maize." Home Demonstration Agent, Miss Ettie Musil, announced that a series of furniture tours would be conducted during the first weeks of October. Everyone is invited to attend. More details will be announced later.

Mrs. Herbert Schueler, Mrs. Ellis Tatum, and Mrs. Walter Cunningham were appointed to serve on the nominating committee. Election of new officers for 1963 will be elected during the October Council, October 1.

A New Jersey manufacturer has announced three new cleaning compounds especially suited to the automotive field:

Aluminum cleaner--for safe, effective use on all common metals and aluminum alloys. It dissolves easily in warm water or cold for dip-cleaning methods.

Steam- or machine-cleaning liquid--removes oil, grease and other soil from metal or painted surfaces. The completely soluble liquid is non-toxic, non-corrosive and non-flammable.

Heavy-duty alkaline cleaner--removes aged rust preventives, mill oils, etc. from steel parts. For soak method, it prepares aged steel for electroplating, enameling or phosphating.

SCD Honors M.A. Black As "Farmer Of The Year"

M. A. Black, who farms north of Friona, was named "Conservation Farmer of the Year" for Farmer County at the eighth annual Soil Conservation District banquet Saturday night at Lazbuddie.

Black, 75, was given the honor over three other county nominees. The other nominees were

Burt Williams, who won the plaque for the Farwell School District area; John Littlefield, Lazbuddie, and Tom Caldwell, Bovina.

Mr. Black who has farmed in the area since 1907, was cited for his conservation efforts in connection with the 2,000 acres of farmland he owns, supervising operations on about 1,400 acres himself.

The pioneer farmer, who came to Farmer County in 1945,

completed his lake irrigation system this year, and is able to catch tailwater from all the irrigation wells on his place for re-use through the lake system.

Also recognized was Roy M. Crawford, vocational agriculture instructor, who is chairman of the district's annual essay contest, in conjunction with the Fort Worth Press awards.

This year's essay contest

winner was Patricia Ann Crawford of Bovina. Terry Darling of Lazbuddie was second, and John Agee of Lazbuddie third.

Black is a staunch believer in the conservation of our underground water. "The present generation may not feel the pinch, but their children and grandchildren will. It is our duty to start now to see that they still have irrigation water," Black said.

Ed Dean Added To PCG Staff

George W. Pfeifferberger, executive vice president of the Plains Cotton Growers, Inc. of Lubbock, has announced the addition of H. E. (Ed) Dean to the PCG staff. Dean will work closely with High Plains ginners and cotton producers in the areas of field service and farm labor relations along with other duties as a PCG staff member.

Dean, a native of Lamesa in Dawson County, graduated from Sul Ross State College, Alpine, in 1949. After completion of his college work he served with the Soil Conservation Service in Sherman, Texas and later with Western Cotton Oil Company in Pecos, before moving to Lubbock in April of 1960 to become the secretary of the WTAEG. This is the position he held until his recent resignation to join the staff of the PCG.

Dean is well recognized in the field of agricultural labor and is currently serving as secretary to the National Farm Labor Users Association. In making the announcement, Pfeifferberger explained that the addition of Dean would fill an existing vacancy created by the resignation last year of Conrad Loehofer. Other members of the

M. A. BLACK, Farmer County's Conservation Farmer of the Year, is shown with a few of his Angus cattle on his farm north of Friona. Mr. Black has farmed in Farmer County for 18 years.

present staff are Donald Johnson, Executive Assistant, James S. Parker, Textile Industry Relations, and Dorothy Doose, Office Secretary.

"With our working staff once again at full strength we feel that we are in an excellent position to carry out and expand the PCG program of research, service, and promotion," concluded Pfeifferberger.

Bill Collector: "But why do you let your wife spend more money than you make?"
Henpecked Husband: "Because, Mister, if you want to know the truth, I'd rather argue with you than with her."

FOOTSAVING EDUCATION

by James E. Edwards

Can A Well Fitted Shoe Cause A Blister?

Yes, even more readily than a shoe that is fitted so poorly that it might cause a bunion. A heel blister is caused by the rubbing of the back of the shoe against untoughened skin. The rubbing is caused by the fact that the foot bends when we walk and the sole of a new shoe does not bend easily until it is broken in. Imagine that a shoe had a wooden sole and visualize the slipping at the heel when the person strides forward. A new shoe acts similarly but to a lesser degree.

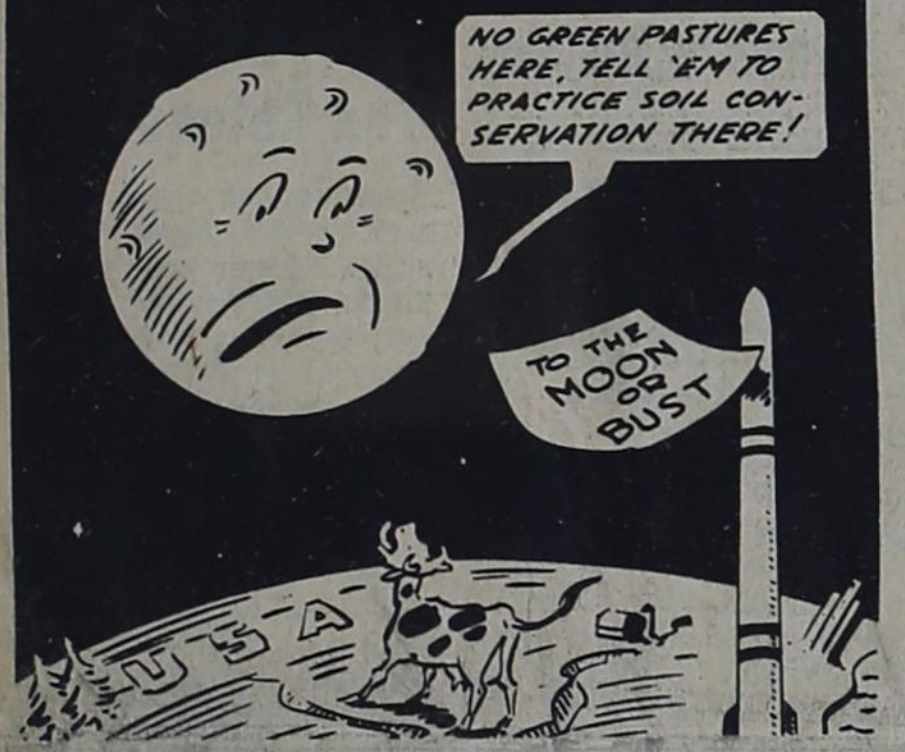

Many parents, when buying shoes, are so afraid of shoes that slip a little at the heel that they force the shoe clerk to fit the child too short or too narrow. A little care in breaking in the correct size would prevent a blister. Even when the need for new shoes is so urgent that the child has to put them on and wear them all of the time, I would take the proper size and the risk of a blister. When blisters get tough they are just callouses that don't even hurt but when bunions "get tough" they can lay you low.

Hearing Announced For Sugar Beet Acreage

The U. S. Department of Agriculture today announced an informal public hearing, at which requests for acreage from the sugar beet acreage reserve, as provided under recent amendments to the Sugar Act, will be received with respect to the current and the 1963, 1964, and 1965 crops. The hearing will also afford interested persons the opportunity of submitting data, views, and arguments with respect to such requests.

The hearing will begin at 10 a. m., E.D.T., on Sept. 25, 1962, in the Auditorium of the Natural History Building, Smithsonian Institution, 10th and Constitution Avenue, N.W., Washington, D.C.

The Sugar Act, as amended this year, directs the Secretary of Agriculture to reserve annually for expansion of the domestic sugarbeet industry enough acreage to produce 65,000 tons of sugar. This reserve, which may be accumulated from year to year if not used, is to be taken out of the acreage required for producing the sugarbeet area's sugar quota. It is to be used primarily to permit new growers to enter the industry, and its allocation is to be preceded by informal public hearings called by the Department.

To allow sufficient lead-time for growers and the sugarbeet processing industry to plan for

the erection of new processing facilities or expansion of existing facilities, the Department is asking that applications for acreage from the reserve submitted at the Sept. 25 hearing, and argument in support of the applications, be based on use of the cumulative acreage to be reserved for the 1962-65 crop years.

Notice of the hearing, which is scheduled to appear in the Federal Register on Aug. 31, sets forth the items of information that should be submitted with requests for acreage. These include:

1. The location of the processing facility to be expanded or built;
2. The acreage being requested and the sugar equivalent;
3. The crop year for which the acreage is being requested;
4. The daily slicing capacity of the new facility or the extent of expansion of the existing facility;
5. A description of the arrangements made for financing;
6. Proof of suitability of the area for producing sugarbeets;
7. The need for a cash crop or a replacement crop in the area;
8. The accessibility of the facility to sugar markets; and
9. Breakdowns of acreages that would be supplied to the facility by specified categories of growers.

The notice also contains the applicable provisions of the Sugar Act and pertinent excerpts of legislative history.

Mimeographed copies of the notice which is to appear in the Federal Register are being mailed to persons who have indicated a direct interest in this subject. Additional copies may be obtained upon written request to the Director, Sugar Division, Agricultural Stabilization and Conservation

Service, U.S. Department of Agriculture, Washington 25, D.C.

Provision for submitting additional written arguments and briefs relating to requests for acreage from the reserve will be announced at the hearing.

MR. AND MRS. M. A. BLACK, left, along with their son A. L. Black, chat with U. S. Representative Walter Rogers, right, at the annual Farmer County Soil Conservation Banquet last

Saturday at Lazbuddie. The senior Mr. Black was honored as Conservation Farmer of the Year.

Farmers Asked To Sign Up For Beets At Friona Bank

Representatives from Holly Sugar Company will be at the Friona State Bank Community Room all day Thursday, and all farmers in the area who think they would be interested in growing sugar beets are urged to come discuss the matter with the experts.

The representatives will take a poll on the number of acres which they could expect to be planted in beets should the U.S. Department of Agriculture act favorably on the proposal to build a processing plant at Hereford.

"Nothing is binding in the registration," said Bill

Nichols, agriculture representative of the bank. "It is merely an indication to the sugar company so they will know what to expect."

Nichols said that the company would present the figures it compiled in this area to the Secretary of Agriculture, who has called a public hearing to decide on the surplus sugar beet acreage for September 25.

"We would like to see 12,000 to 15,000 acres pledged for sugar beets in the county," Nichols said. He indicated that the area as a whole needs to pledge 40,000 to 45,000 acres.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Farm Bureau directors, officers and committees are busy this month getting ready for the annual convention to be held in the Bovina Cafeteria on Monday night, October 1.

The executive committee, composed of Harry Hamilton, President, Calvin Meissner, Vice President and Vernon Symcox, Secretary, is preparing the program. There will be no speaker, only some pre-business entertainment and light refreshments following the business session.

Herman Gerles and Grady Nelson are responsible for arranging for the meeting room and refreshments.

M. T. Glasscock and Roy Miller were appointed to audit the books for the year. John Henderson, Resolutions Committee Chairman called his members, John Armstrong, Raymond Schueler, and James Norton together last Monday night to work out proposed resolutions for consideration of the membership October 1. They also invited members of the Legislative Committee to meet with them. They are Herman Gerles, Franklin Bauer, and Frank Hinkson.

Nominating Committee, headed by Claude Osborn, chairman, Ernest Kube and Raymond Schlabs have a meeting slated for Thursday night, September 13 to select nominees for the following offices: President, F. D. Carter, Bovina Director; Claude Osborn, director for north of Friona; Grady King, Lazbuddie area; Ernest Kube, Farwell area Director and Raymond Schlabs, Black Director. These men are up for replacement or re-election. There will be two nominees for each place. If you have a nominee in mind please let these men on the committee know of them, or be present to nominate them from the floor.

There will be a called meeting of the directors on September 25 to clear up all business before the convention. We think this is a pretty busy month, and hope you will respond by bringing your family to the convention in Bovina October 1.

CONSIDER THIS: He that covereth a transgression seeketh love; but he that repeateth a matter separateth very friends, Proverbs 17:9.

Farmers Reminded To File For Federal Tax Refund

Want to add a nice chunk of cash to this year's farm income? Farmers who do are reminded that they may now submit claims for federal gas tax refunds, according to C. H. Bates, farm management specialist, Texas A&M College.

The refund may be received for all gasoline used for agricultural purposes on a farm or ranch, Bates says. Claims should include fuel used by the operator himself or by custom operators working for him, he added. However, fuel used in vehicles on roads and highways is not eligible for refund.

The claim for federal refunds must be made from July 1 to September 30 on gasoline used between July 1 of 1961 and June 30 of 1962. The procedure is simple and all farmers who filed claims last year will receive Form 2240 in the mail this year. Farmers who did not file last year may obtain the forms from their county agent or from the Internal Revenue Service, according to Bates. He also suggests that a copy of Publication 308 of the Internal Revenue Service may be of help to the applicant.

The federal gas tax refund should not be confused with the state refund which is for a shorter period of only six months, explains Bates. This refund involves a more complicated process and additional information should be obtained from the State Department of Avenue in Austin.

Also, Bates reminds that any points that are uncertain should be checked on before the claim is filed and that farmers should keep their records to verify claims submitted.

Light makes the difference in modern living and just as all things have benefited by the hand of the scientist so, too, has the field of lighting. The past 10 years have seen amazing changes in lighting concepts — based on scientific research. Home lighting, business lighting — both have vastly improved in the last ten years.

If your lighting is age 10 — or older — then it's time you enlightened yourself with the facts. Public Service lighting people can help you.

Outdoor Lighting, too!

READY-LITES

A Ready-Lite, at the front of your home, gives light for just a penny a night — offers protection and decoration — adds prestige. You can have one installed and take 24 months to pay — no interest.

AREA LIGHTING

Farms and businesses can benefit from a new lighting service that offers lighting-rental at only \$4.00 per month. Included is the electricity to operate the light — no investment on your part. Ask your Public Service neighbor.

Discovery May Aid In Boll Weevil Fight

Cotton boll weevils will feed on almost anything that has been dipped in a newly discovered extract of the cotton plant. According to the USDA, the substance that makes the cotton squares appetizing to boll weevils was found in a water extract for the first time by two U. S. Department of Agriculture entomologists.

The extract, when applied to cork stoppers, green beans, wood, and other unlikely substances attracted the weevils that normally feed on only cotton squares and bolls. The scientists call the substance an "arrestant" and say that though it will not draw weevils a long distance, they feed on anything close to them containing the extract.

Tests are now underway to see if the substance can induce the weevils to feed and to

lay their eggs on plants other than cotton. If this can be done, it may be possible to substantially reduce the boll weevil population, because weevils have rarely been known to survive on any plant except cotton.

Also, chemists are carrying on research to identify the arrestant chemically which might make it possible to produce a synthetic substance or breed cotton which does not contain the substance.

Scientists believe that this discovery could lead to a new method of controlling this insect that annually adds 5 to 7 cents per pound to the price of producing cotton. The number one pest of cotton, it has caused an estimated \$10 billion worth of damage since it first entered the U. S. in 1892.

HD Agent's Notes

BY MISS ETTIE MUSIL

This is dove hunting season and soon will be season for quail, deer, and wild ducks. It's amazing how many hunters love to hunt wild game and birds, but seldom eat their kill. If you dislike the gamey flavor of the catch, you'll find good news in a new publication, "Wild Game - Care - Cooking."

The quality of game meat depends to a large extent on how the game is handled from the time of kill until it is served. This new publication describes with detail and illustrations the proper care of small game, big game, and game birds while in the field, in camp and at home.

For the homemaker there are many methods of cooking big game. It also has many tricks for tenderizing mature and tough game. Small game cooking and care is also explained. You may want to get some tips on the freezing and storage of all types of game. For this dove season the publication has recipes for braised doves and dove pie.

Later you may want to try some of the recipes for preparing venison. Some of the recipes include broiled steaks or chops, venison roast, venison stew, venison sausage or swiss steak.

Just come by the office in the Courthouse for a copy of this new bulletin or write me and I shall be happy to send you a free copy.

Here's some news for you who use pecans in your holiday cooking. Texas pecan crop this year will be about 15 per cent below that of last year. Damage from Hurricane Carla and heavy insect infestations are blamed.

About 2 million U.S. families own some form of vacation retreat or weekend home, according to Allied Chemical's Barrett Division.

Don't forget to submit your claims for the federal gas tax refund. September 30 is the deadline to mail in your claims. Be sure to use the special Form 2240 that you can get from the Internal Revenue Service in our office. You must keep your records to verify the claim. We'll be glad to send you a copy of the form.

September really came in with a whirlwind of activities for everyone. Just take five minutes to relax when you are retired, just five minutes will do wonders for you. We don't want you to appear in the statistics column.

Yes, many home accidents are caused from fatigue and from too much go, go, go. It is when a person is tired that things go wrong. Your hands fumble, feet trip over things, and eyes fail to see possible dangers.

Put first things first when you plan your work for the week and for the day. Cut out the unnecessary jobs and combine jobs whenever possible.

Keep your equipment in good working order. More accidents are caused by trying to use a dull knife or the wrong knife than a sharp knife or the right kind for the job to be done. Usually you are more careful with a sharp knife and do not get cut as often as you do with a seemingly "safe" dull knife.

The Citizenship Committee of the Home Demonstration Council have planned a county-wide special program. Rev. J. Frank Perry, Methodist pastor of Muleshoe, will show slides of his recent trip to Russia, and will speak on "Communism and Socialism". You are invited to hear this program Wednesday, September 19 at 2 p.m. in the Oklahoma Lane Community Center. Home Demonstration Club members will serve refreshments.

Importance Of American Farmer Told By Rogers

"The stability of the economy of Farmer County is one of the number one issues of our time," Representative Walter Rogers, featured speaker for the annual Soil Conservation District banquet told a crowd at Lazbuddie High School Auditorium Saturday night.

"The greatest victory Khrushchev could own would be a depression in the United States, and the quickest way to start one would be to tamper with the economy of the farm people," Rogers said.

Rogers discussed the farm situation, the foreign situation and federal spending in his address.

He told the gathering that the strength of the nation was vested in the home-type farm.

Rogers said that farmers have been the brunt of a lot of things. "The government is criticized in the metropolitan press for being maternal toward farmers because of the farm programs," Rogers said. "The

truth is that the subsidies received by others such as big business makes what farmers received seem like a drop in the bucket," he continued.

"No one would like to see the government completely out of farming more than I would," said Rogers, but added parenthetically that there would have to be some means of protecting the farmers' income first. "If we can do that, let's do it and get the government out," Rogers said. Until then, he said, we must do our best to see that the American farmer isn't overruled.

On the world situation, Rogers accused Russia of continuously stirring up "trouble spots." But he said he wasn't afraid of the USSR taking America.

"They will do well to hold onto what they now have," he said, referring to the Communists. Rogers said the Berlin wall is a monument to the dismal failure of Communism.

since the Reds had to build a wall to keep their people from fleeing to something better.

Rogers said that our intelligence on Cuba is much better now than it has been in the past. He said the Cuban situation isn't at a danger point because they don't have any long-range missiles, although they have technicians.

"When the time is appropriate, we should act," he said. He acknowledged the fact that Cuba was a big problem, because of the repercussions possible, and the example Russia would use to Latin American countries should the U. S. invade the island.

About Federal spending, Rogers said the defense structure of the nation requires 75 cents of each tax dollar. While defense is necessary in our day and age, he said, "You can't defend a country with dollar bills."

Rogers commented on the beauty of the crops in the county and area, and remarked how the "Great American Desert," as the Plains were once called,

was now the "Treasure Chest for the United States."

"I think the pioneers who stuck it out in this area had as much courage as today's astronauts," Rogers commented.

Scotty Windham, vocational agriculture instructor at Lazbuddie, served as Master of Ceremonies. Superintendent of Schools James G. Ward gave the welcome. T. O. Lesley introduced Rep. Rogers.

A. L. Black, chairman of the Board of Supervisors for the Farmer County Soil Conservation District, made some remarks. County Agent Deryl Coker recognized winners of the essay contest as well as winners of the soil judging contest.

ASCS To Conduct Referendum For National Wool Council

The Agricultural Stabilization and Conservation Service (ASCS), is conducting a referendum on advertising and sales promotion for lamb and wool, for the National Wool Council September 10-21.

Ballots will be mailed to each sheep-raiser in Farmer County around September 10. They are to be returned to the ASCS office before September 21, the date on which they are to be tabulated.

The issue at stake is whether the Agriculture Department shall continue to deduct from payments to producers for the financing of advertising and sales promotion for sheep and the wool industry.

Currently, one cent per pound for shorn wool and five cents per 100 pounds of unshorn lambs is deducted from the payments producers receive annually from the USDA.

The National Wool Act of 1954

was amended last year extending the period of marketings on which payments may be made under the Act for four additional years, or through March 31, 1966.

The American Sheep Producers Council, Inc., has submitted a new agreement to the Secretary of Agriculture under which deductions would be made from the payments for the four additional years (1962, 1963, 1964 and 1965 marketing years) to finance the Council's advertising, sales promotion and related market development activities for lamb and wool.

The new agreement is similar to agreements made as of March 17, 1955 and October 23, 1959, under which deductions have been made from the payments for the first seven years of the wool payment program to finance the Council's activities.

Because deductions from wool payments for financing the program are based upon the volume of wool and unshorn lambs sold by each producer, producer approval will be based primarily on volume of production as it was in the referendums of 1955 and 1959. Thus, the new agreement will not be put into effect unless producers, owning two-thirds of the sheep and lambs represented by votes in the referendum, approve.

Homemakers Reminded Of September Plentiful Foods

Planning September menus can be easier if Texas homemakers take advantage of the abundance of current farm produced foods, suggests the Texas Agricultural Extension Service.

The official list of September plentiful foods is an excellent guide for best buys in the back-to-school month, the Service

says. The list is developed by the Agricultural Marketing Service in cooperation with producers and the food trade.

Frozen orange juice, fresh pears, fluid milk, grapes, late summer vegetables and salad oils make up the list and all are in good supply this month. Grocers will probably feature these foods so that consumers may take advantage of their abundance.

An ideal item for school-day breakfast is one of the many frozen orange juices on the market this fall. Fresh pears and grapes offer unlimited possibilities for adding appeal to fruit cups, salads and desserts, and make delicious additions to school lunch boxes.

The current abundance of fluid milk is a good reason for serving it with all meals and snacks. Fresh vegetables add color, flavor and nutrition to all menus, the Service says.

Also in huge supply this year are finished vegetable oils like salad oils and cooking oils and baking and frying fats.

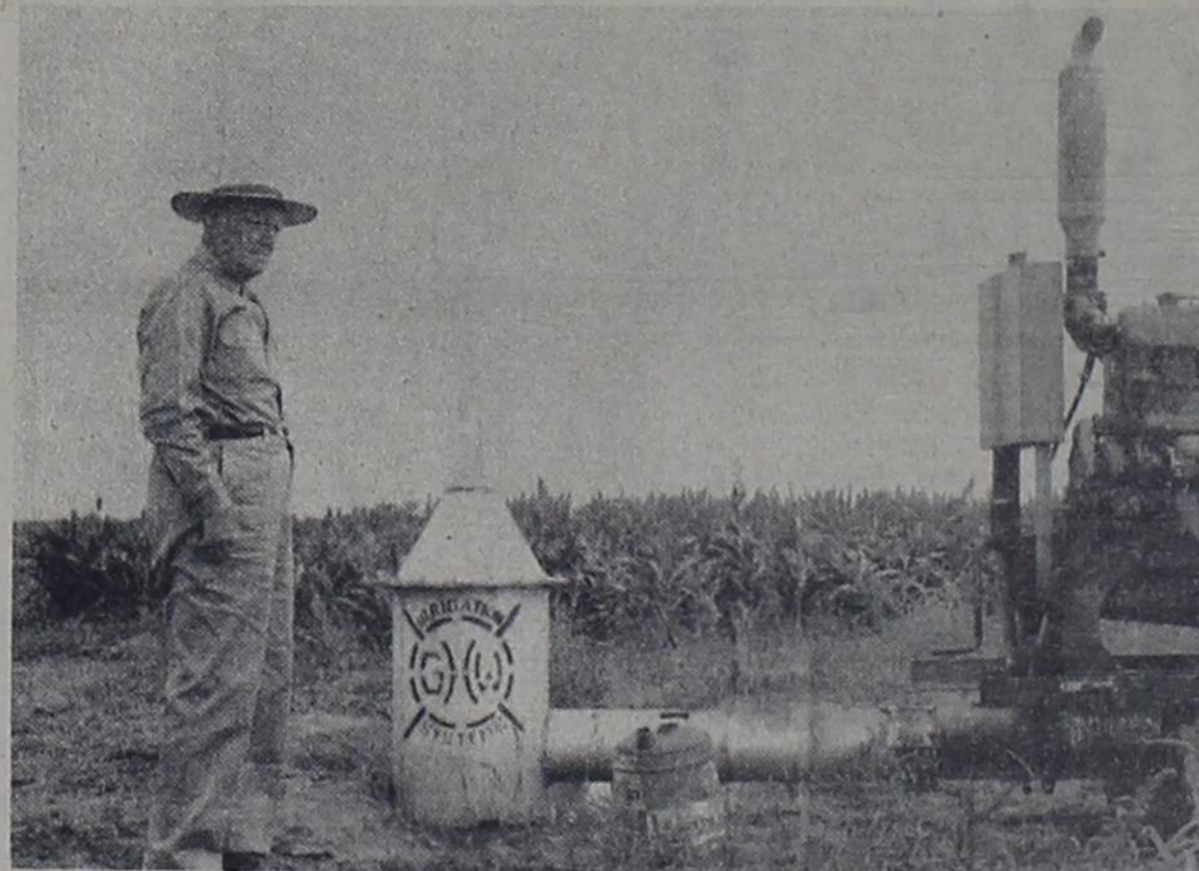

What to Expect
CHICAGO (UPI) — Housewives who have long complained about the bag which doesn't "tear here for easy opening" or the jar or can which is tough to open may take heart in the forecasts of R. Bruce Holmgren, editor of Package Engineering here.

Some of his predictions: Oil put in paperboard cartons with foil laminated to the paperboard, instead of the traditional can or bottle; tin cans with a pull-tab opening which removes the lid; and a collapsible bag containing a complete dinner with no need for the housewife to bother with messy pans.

Production Credit Association Predicts Another Peak Year

Another peak year for the Plainview Production Credit Association, with a bumper harvest in sight, has been forecast for 1962 by officials of the agricultural credit organization.

The nation's largest Production Credit Association, the Plainview association had a total loan volume of \$37,000,000 in 1961, highest in the association's 28-year history and ranking it first among nearly 500

ington, D. C. He was manager of the Federal Land Bank Association of Muleshoe from 1941 to 1960, except for three years in the military service, and was assistant administrator of Brackenridge Hospital in Austin from 1961 until accepting his new post this summer.

During World War II, Woodley served with the U. S. Navy and is a retired Lieutenant Commander in the USNR.

He is married to the former Mary Elizabeth Jameson and they have one daughter, Mrs. Sue Ann Hanks of Burbank, California.

Woodley was active in civic affairs while in Muleshoe. He was a past chairman of the board of the Muleshoe Methodist Church, a past president of the Muleshoe Lions Club, a past director of the Chamber of Commerce and a past president of the Muleshoe Country Club.

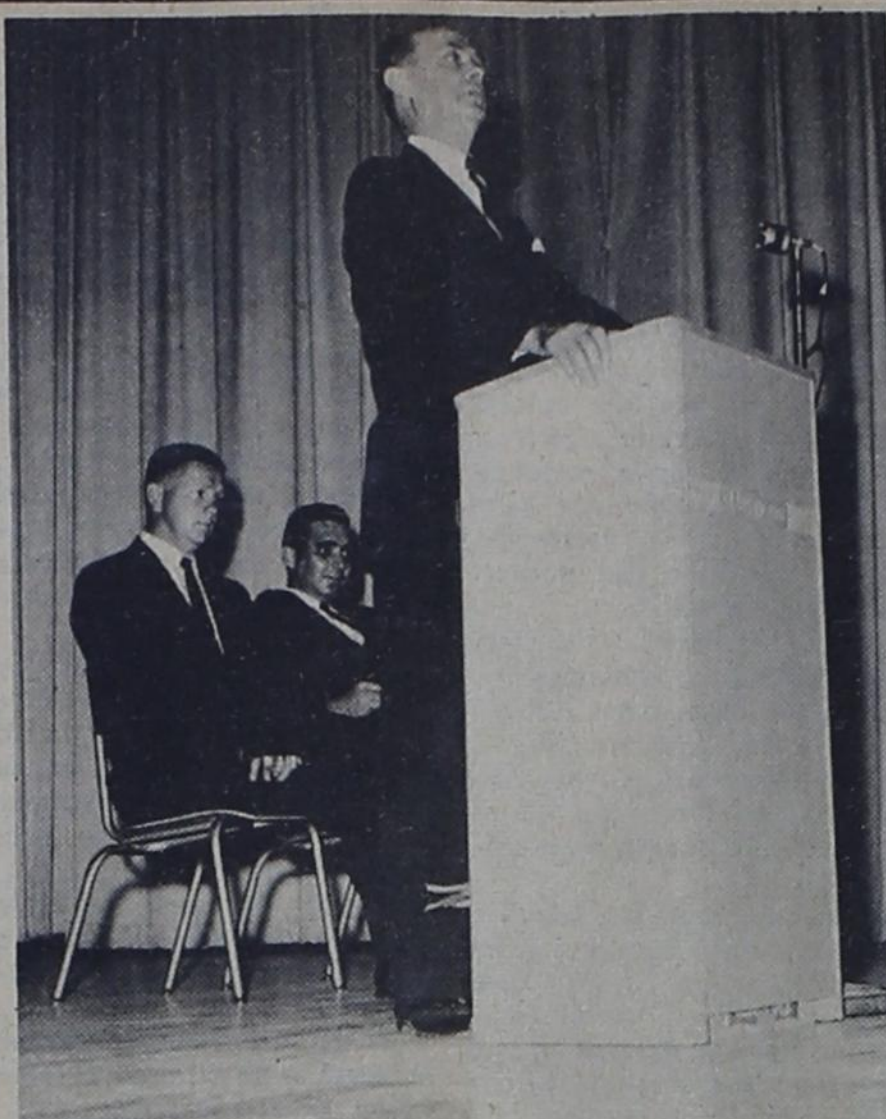

"Our association has but one function," Woodley said, "and that is to provide dependable agricultural credit and service at the lowest possible cost."

The importance of the association's ranking as the nation's largest is important only because it reflects the efforts of the association and its officials to provide low-cost agricultural credit to qualified borrowers throughout the high plains area.

The Plainview Production Credit Association serves Farmer, Castro, Swisher, Briscoe, Bailey, Lamb, Hale and Floyd Counties, and operates offices in Friona, Dimmitt, Tullis, Silverton, Muleshoe, Littlefield, Floydada, Olton and Plainview.

Serving with President Durham on the association's board of directors are Vice President Henry Hayes of Route 3, Plainview, D. S. Anderson of Muleshoe, Grady Shephard of Hale Center and Don Garrison of Silverton.

The farmer had driven his team of mules to town and was late returning. "What took you so long?" his wife demanded. "Well, on the way back," the farmer explained, "I had to give the minister a ride, and from there on, them blankety-blank mules didn't understand a thing I said to 'em."

WALTER ROGERS, representative for the 18th Congressional District, was caught in this emphatic pose during his address at Lazbuddie last Saturday.

WITH THE COUNTY AGENT DERYL COKER

There are two annual field days coming up within the next ten days, which will be very informative to us in Farmer County, because the kind of research they are conducting. The first annual field day will be held at Halfway September 14 between 1:30 and 5:30 p.m. Mobile field tours will be held during the afternoon and a free barbecue dinner will be served at 5:30 p.m.

Dr. Earl Butz, former Assistant Secretary of Agriculture will be the guest speaker at the evening program. Everybody is invited to attend.

The experiment station is located 14 miles west of Plainview on Highway 70.

The second field day will be held at Substation 8 on September 18 between 1:00-5:00 p.m. Substation 8 has made a great number of contributions to our area and this year's field day should be one of the most informative agriculture meetings of the year. Substation 8 is located 7 1/2 miles north of Lubbock on Highway US 87. If you possibly

can make one of these field days, it should be time well spent.

With the price of machinery and with our large investments it certainly pays to prevent machinery from rusting. It takes only a small amount of time in a year to prevent rust. Here are two simple ideas by Extension Agricultural Engineers at Texas A & M College to help cut down on rust damage.

1. Use rust preventive on soil polished parts of plow, disk, or cultivator. Do not use old crankcase oil, as it is usually contaminated with oxides and acids from fuel consumption and is not a good preventive.

2. Chains that operate in dust or fertilizer are very vulnerable to rust. Remove them, rinse in kerosene, dip in oil and store in dry place.

In speaking for the Farmer County 4-H Clubs, I would like to thank the Security State Bank of Farwell, and the Friona State Bank for the contributions they made to the 4-H Recognition Committee.

County Farmers Praised By Writer

Farmer County farmers received favorable mention in the latest issue of "The Cross Section," monthly publication of the High Plains Underground Water Conservation District.

Quoting from "The Editor's Inkwell," the article said: "It has been said that farmers in the Southern High Plains of Texas are the most progressive of farmers to be found anywhere. We know that this is true, and to indicate the manner in which they adopt progressive suggestions, we submit the following:

"Five years ago, it was virtually impossible to find a guard on an irrigation well pump drive shaft. You could locate one now and then, if you searched diligently enough, but most farmers didn't even know what a guard looked like.

"However, the situation has changed during the past five years. One day this month, Tom McFarland, Manager of the Water District, came in and said that while in Farmer County, near Friona, he started counting wells with guards and comparing the number against those without guards.

"Tom said that after following this procedure for several miles

he found that about 70 per cent of the wells that he counted were equipped with guards.

"The folk around Friona are to be congratulated for their consideration for the safety of not only themselves but of others.

"We've been told that civic and farm organizations throughout the Southern High Plains have been selling guards in order to make money for their clubs. It's reported to be a profitable venture as well as a helpful one to the community.

NOEL WOODLEY

Production Credit Association serving the United States.

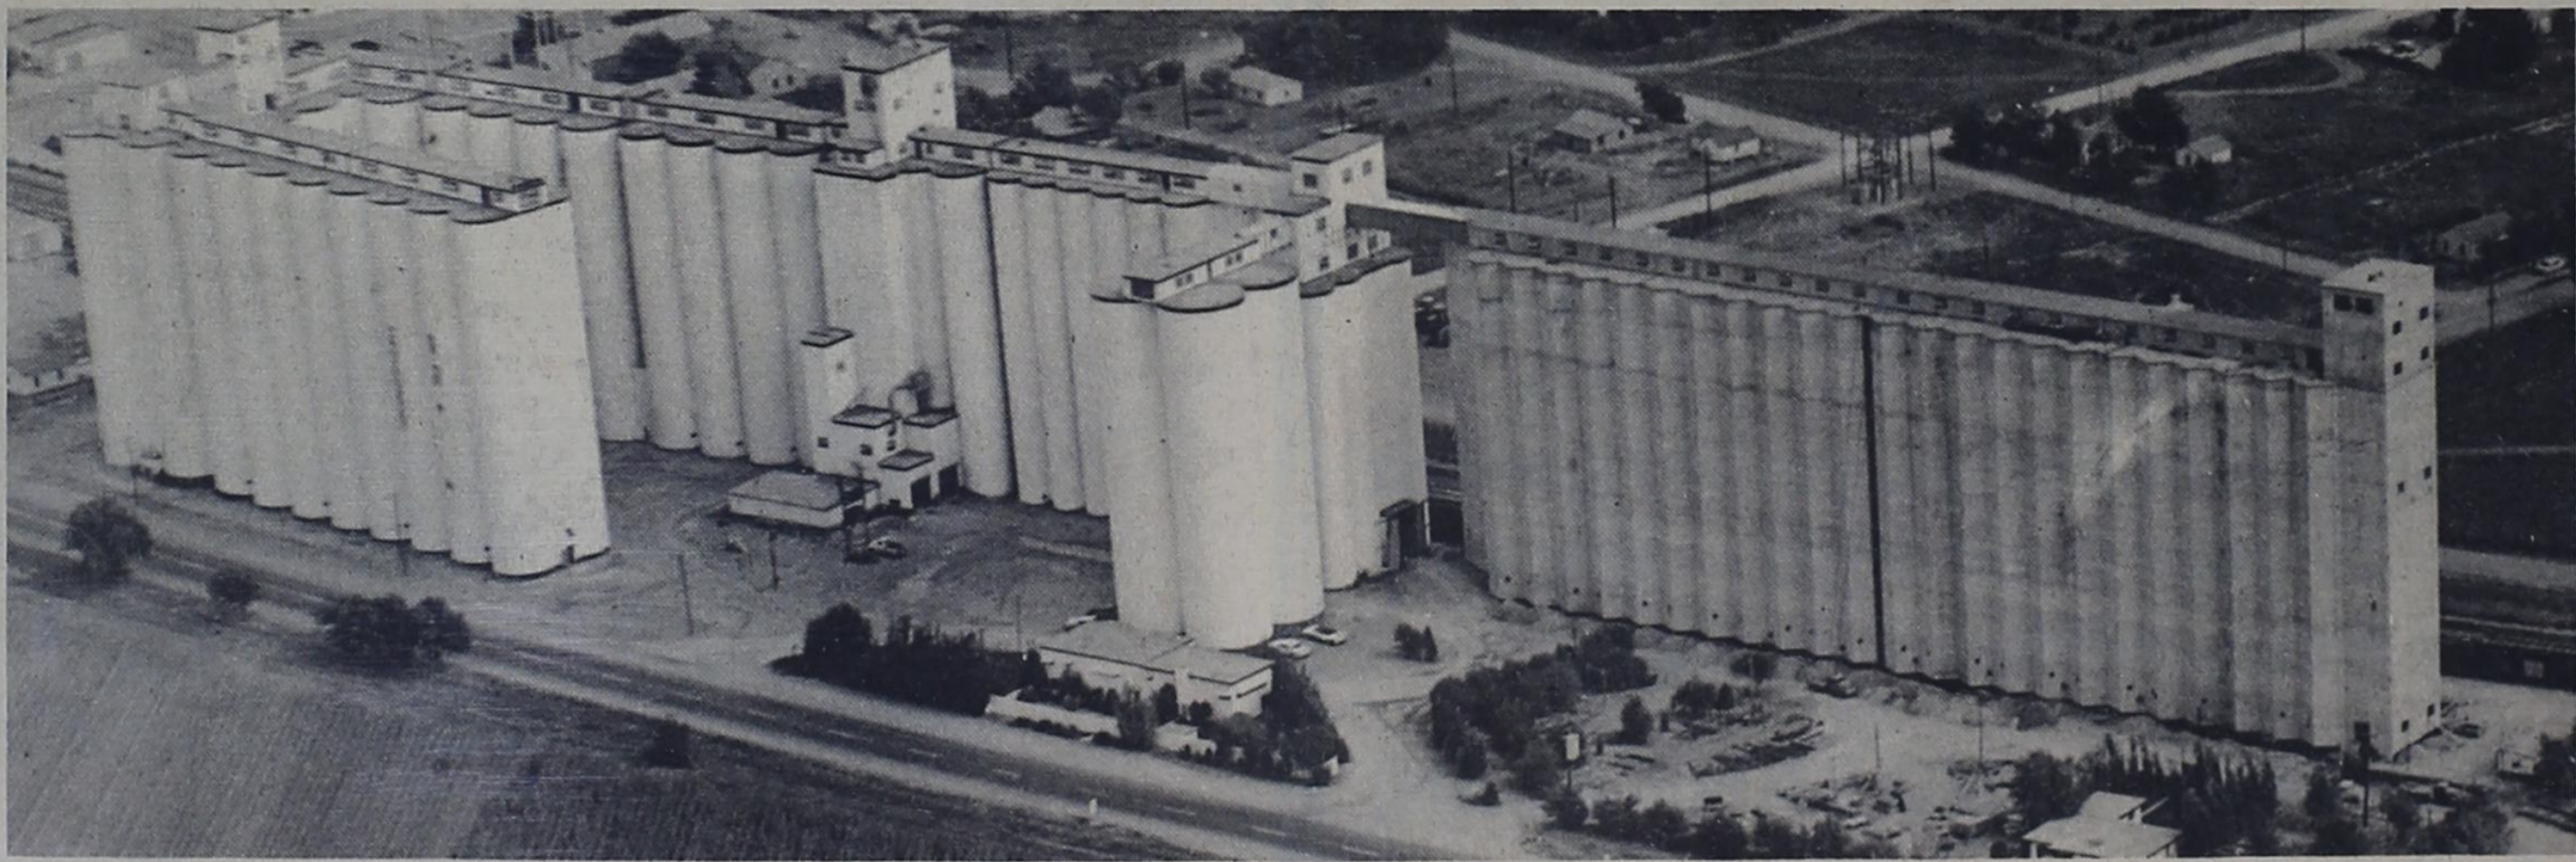

Indications point to a new loan volume record for 1962, officials reported, due to the bright crop prospects and the administrative leadership of Noel Woodley, new general manager and secretary-treasurer of the association.

Woodley, 51, formerly of Muleshoe, was recently named general manager of the home-owned and operated association, which serves more than 1,600 farmers and ranchers in an eight-county area of the high plains.

"We are extremely pleased to have obtained the services of Mr. Woodley," said Leroy Durham of Plainview, association president. "His background, experience and ability will provide the executive and administrative leadership necessary for the continued growth and expansion of our association."

Woodley is a native of Shamrock, Texas, and graduated from Shamrock High School. He received his B. S. degree from West Texas State College and his M. B. A. degree from George Washington University, Wash-
