BOVINA

"In The Agricultural Center Of Parmer County"

WEDNESDAY, OCTOBER 3, 1962

BOVINA, TEXAS

VOL. VII, NO. 14

WHITTLIN'

BY DOLPH MOTEN

Only five weeks remain between now and the general election Tuesday, November 6.

Candidates throughout this area and the state certainly realize this and are busily getting in their campaign licks. Both candidates for state representative from this district, Bill Clayton from Springlake and Frank Ford from Hereford, have been in our office during the past week as they went about their rounds.

We missed Clayton by being out of the office, but he did write us a note. We had a nice visit with Ford.

Clayton, the Democrat, wrote, "Democrats are beginning to work all over the area. I can't see anything but a Democratic victory in November."

Ford, the Republican, was in town to attend the county convention of Farm Bureau Monday night. He, too, was optimistic.

There's a possibility that the race could develop into a close one. That will be highly unusual if it does. This precinct and this county have voted Republican in national elections a few times in the past. However, such has never been the case in a race as localized as that for state representative.

The district covers a five-county area—Parmer, Deaf Smith, Castro, Lamb and Bailey.

Ford is doing his part to see that the two-party system is developed in this state and this area.

Clayton will, however, have our meager support and certainly we hope he'll have the support of a majority in the five above-mentioned counties.....and we feel that he will.

Both men, incidentally, are graduates of Texas A&M College. That, if nothing else, will aid in making their fight a friendly one, if such is possible.

Both candidates are expected to be back in the county and in Bovina several times between now and the election date.

This department offers its congratulations to members of Bovina Volunteer Fire Department for their decision to initiate a fund-raising campaign for the purpose of buying a new fire truck for the community.

For the project to be successful, firemen will have to put out a lot of work and will probably have to take a lot of lip. We admire them for undertaking the project.

Certainly, it would be better if city could pay for the truck without any outside fund-raising methods. However, we understand that the city isn't in a financial position to do so. Therefore, something else has to be done. . . . and that's what the firemen are doing. . . . that something else.

For the project to be successful, it will also be necessary that the firemen receive the cooperation of a great number of people and their pocketbooks. People here, though, are good about extending such cooperation for worthy projects and we don't expect this case to be different.

Too, the city will probably have ample opportunity to enter into the financial picture of the new fire truck. After the down payment is made, the city can get in on all the fire truck buying that it can stand. We don't know that the city will be extended such an invitation, but we daresay the chances are good!

Say, it's fine to be back on the winning side in local football games. The win over Amherst in the opening home game Friday night was a sweet one.

The win was made all the better because it followed a loss—by a narrow margin—and a tie...and because it was the opening home game.

We have hopes that the 1962 version of the Mustangs can compile as neat a record as did the 1961 aggregation. That, too, could be worth a lot to this community.

Enrollment Soars Past 600 Mark

Enrollment in Bovina Schools continues to soar and has now gone past the 600 mark. Superintendent Warren Morton reports.

There were a total of 606 students enrolled first of this week.

This year is first time that enrollment has gone over the 600 mark here, Morton says. Previous high total was 524. That number was enrolled just before Christmas a year ago.

That was first time enrollment had been over the 500 mark.

First grade is by far the largest grade in school, Morton points out, with more than 90 in that class. There are 112 students in top four grades.

There is still plenty of classroom space available, Morton says, but it is ill-arranged because of heavy enrollment in the lower grades.

Bovina Blanks L'Buddie

Bovina's junior high football Colts whitewashed Lazbuddie, 14-0, in a game played here last (Tuesday) night.

BRENDA JONES WINS--

Women Dominate Football Contest

Women dominated fourth week of Bovina Businesses Cotton Bowl Football Contest.

They captured first and second place prize money and the lead for the grand prize continues to be held by Mrs. Patsy Sherrill.

Winning first place prize money of \$5 last week was Brenda Jones. She and 11 others correctly named eight winners with the tiebreaker score settling the prize money question.

In second place and winning \$3 was Mrs. Troy Christian.

Three people tied for third place and divided \$1 in prize money. They were M. H. Carson, Richard Carson, and Charles Hawkins.

Miss Jones was 14 points off on the tiebreaker score, Mrs.

Bovina Men Study Project At Brady

Five Bovina men were in Brady Wednesday of last week to view a watershed project such as is planned for Running Water Draw in this area.

Attending from here were Charlie Jefferson, Robert Caldwell, Dean McCallum, Bedford Caldwell and Warren Embree.

The group studied the watershed-flood control program which is in effect there.

The project at Brady includes a total of 42 lakes.

The session was sponsored by Soil Conservation Service.

FOOTBALL CONTEST WINNER -- Brenda Jones was first place winner in Bovina Businesses Football Contest last week as she named eight of 10 winners and was closer to the tiebreaker score than any of the other contestants who had a correct percentage as high as she did. Miss Jones is shown holding her \$5 first place check and studying the sports pages of an area daily for information in regard to this week's contest.

Christian missed it 17 points and the three who tied for third were each 22 points off.

Others who had eight right, but finished out of the money because of the tiebreaker score, were Larry Webb, Robert Taylor, Jack McCracken, Jamie Sudderth, Ovid Lawlis, and J. W. Harris.

Mrs. Sherrill is out front in the race for the grand prize

FRIDAY AT 8 P.M.--

Mustangs Play Meadow Here

Inspired by their 30-6 win over the Amherst Bulldogs here last week, Bovina Mustangs go after victory number three in their fifth game of the season here Friday night.

The Meadow Broncos will furnish the opposition. Kickoff time is 8 p.m. for the non-district clash. This will be second home game of the season for the Mustangs, who were out of town for their first three starts.

Mustangs will probably be a slight favorite in the game as a result of the records of both teams. However, Mustang

with a total of 32 correctly named winners out of a possible 40. That's a percentage of .800.

Tied for second with 31 right are John Wilson, Tom Bonds, James Lawlis and Webb.

Two notches off the pace with 30 right are Bill Ellis of Friona, Glenn Hromas, Jeanne Kerby Pat Kunselman, Neil Smith and Emmett Tabor.

Grand prize winner will receive an expense-paid trip for two to Cotton Bowl game January 1.

In last week's contest, in addition to the 11 who had eight right, 34 correctly identified seven winners, 44 had six right, 27 had five correct, seven named four winners and one had one.

A total of 124 entries were submitted.

Coach Hallie Gee points out that the Broncos could easily upset the maroon and white of Bovina.

Meadow tied the Amherst ballclub, 6-6. That game was played, Gee reminds, when Amherst had its regular starting line-up and had not been hit by injuries. The Bulldogs had three starters out during their game with Bovina last week.

Also, Meadow lost to Whitharral 24-14, Bovina tied Whitharral, 14-14, in a game two weeks ago.

The Broncos have good size in the line, Coach Gee says, and they have average speed

BY BVFD--

New Fire Truck Project Underway

Bovina Volunteer Fire Department members kicked off a fund-raising project last week in an effort to get enough money to purchase a new fire truck for City of Bovina.

The current project will be highlighted Friday, November 2, when two halves of beef will be awarded to winners of a drawing at halftime of football game between Bovina and Lazbuddie.

A donation of \$1 to the fire truck fund entitles an individual to one chance at the halves of beef. Each half will contain approximately 200 pounds of beef cut, wrapped and frozen, Fire Chief Bill Denney points out.

Tickets for the donation-beef drawing may be obtained from any fireman between now and November 2.

Denney points out that the community needs the new, additional fire truck for protection for the community and that it will also benefit key rate in-

urance, especially for homeowners.

The department now has some \$2250 on hand for the fire

truck fund. This money was obtained from the county, which pays the local fire department \$750 a year to give fire pro-

tection to rural areas around Bovina.

About \$5000 is needed to make a down payment on a new \$20,000 fire truck, Denney points out. Fire department leaders hope the present promotion will raise the additional money needed for the down payment.

Fire department members will also be eligible to win the beef if they make a donation to the department, the chief explains.

When and if a new fire truck is purchased it will be used in addition to the present fire department vehicles. The present equipment will be retained.

TRANSACTION -- P. O. Dixon left, is shown making a \$1 donation to Bovina Volunteer Fire Department fund for a new fire truck for the community. The contribution is being accepted by Bill Denney, fire chief. The \$1 donation entitles its purchaser to one chance on two halves of beef which will be drawn for November 2.

Funeral Tuesday For Mrs. Haney

Funeral services for Mrs. Maggie B. Haney, 65, were conducted at First Baptist Church of Bovina Tuesday afternoon at 3.

Mrs. Haney died Sunday night in Parmer County Community Hospital in Friona following a lengthy illness.

Rev. Charles Jones of Floyd,

N.M., officiated at the funeral services. He was assisted by Rev. John Ferguson, pastor of the church here.

Mrs. Haney was born in Tennessee December 22, 1896. She moved with her family to Bovina area in 1951 from Afton in Dickens County.

Survivors include her husband, G. L. Haney, of the home; four daughters, Mrs. Ruby Lee Vaughn of Hereford, Mrs. Lucille Joplin of Bovina, Geneva Baird of Prescott, Ariz., and Pearl Turner of Lubbock; six sons, J. T. of Bovina, Alfred of Lubbock, Leslie of Portales, Jack of Bovina, Charles of Lubbock; three sisters, Mrs. Merle McCann of Lubbock, Mrs. Ethyl Young of Lubbock and Mrs. Edith Drennon of Spur; 30 grandchildren and three great-grandchildren.

Funeral services will be held at 2 p.m. Tuesday at the home, 1014 N. 1st St., Friona.

Burial will be in Bovina Cemetery with Claborn Funeral Home, Friona, in charge of arrangements.

Okla Lane Gins First 1962 Bale

First bale of cotton for 1962 was ginned at Oklahoma Lane Gin Tuesday afternoon. It was also first bale ginned under the new ownership of the gin -- Oklahoma Lane Farm Supply, Inc.

Levi Johnson, who farms in that community, produced the bale which weighed 530 pounds.

The cotton was of Austin variety, planted April 10 and watered three times.

The gin purchased the first bale for the premium price of 50 cents per pound.

FIRST COTTON AT OKLAHOMA LANE -- Wendol Christian, manager of Oklahoma Lane Gin second from right, is shown presenting Levi Johnson with a check for first bale of 1962 cotton ginned at Oklahoma Lane. At right is Billy Johnson, Gin Superintendent Floyd Coates is at left. Next to Coates is Fred Henry, assistant gin manager.

TOUCHDOWN -- Mustang Halfback Jerry Frazier is shown crossing goal line with one of three touchdowns he racked up in game with Amherst here Friday night. Frazier paced Bovina ballcarrier with more than 200 yards rushing during the game. Center Gary Stevenson is in left background. (Photo by D.R. Bushnell)

Weather by Willie

I guess you noticed those broken-up snow clouds that moved in Tuesday morning? Think we will have a few days of harvesting weather. Probably will slow us down by weekend or first of next week. Some warm weather next week.

Dolph Moten Publisher & Editor
Sue Moten Women's News

Scoring in every quarter, Bovina Mustangs stamped to an impressive win over the Amherst Bulldogs here Friday night, 30-6.

The Mustang offensive machine was led by Halfback Jerry Frazier who banged out a total of 202 yards in 23 carries, including a 65-yard scoring jaunt in the third period.

The game was closer than the final score indicated and the host team didn't have the win safely tucked away until the final period.

Mustangs scored first time they had possession of the ball. Frazier carried the six points over from two yards out. Amherst bounced back quickly

for the tying touchdown following the kickoff. The Bulldogs scored in three plays with Fullback Roy Edwards scoring on a 60-yard off-tackle jaunt.

Both teams missed their extra points attempts. A running play by Bovina was stopped and Amherst's attempted kick from placement was blocked.

Mustangs tacked on the go-ahead touchdown as time was running out in first half. Frazier scored it from 12 yards out and then circled left end for the extra points to boost the score to 14-6.

Touchdown No. Three came early in third period after Mustangs had put a punt in play on their own 35. On first play from that point, Frazier broke into the clear and put more daylight between himself and the Bulldog secondary as he sped across the goal. Fullback Tally Kelso circled left end for the extra points and it was 22-6.

Final score came late in the game--with 2:20 left to play--with Pat O'Brien, running at fullback slot in place of Kelso who had been shaken up, scored from two yards away. Frazier got the extra points to round out

the scoring at 30 points.

Mustangs were stronger offensively than they had been expected to be since they were playing without first string quarterback, Don Cumpton, who suffered a head injury in Whitehall game the week before.

Handling the quarterbacking chores were Ken Horn and David Anderson, who alternated at the position and kept the offense moving in admirable fashion.

Bovina's passing attack was not as potent as it has been with Cumpton doing the chunking, but there was little need to go to the air with Halfbacks Frazier and O'Brien and Fullback Tally Kelso all turning in outstanding jobs of running.

Leading Bovina on defense was End Mac Glasscock, who moves to a secondary position when the other team has the ball. Glasscock gathered in two stray Bulldog aeriels and got more than his share of tackles. Anderson also intercepted an Amherst pass.

In addition to Frazier's more than 200 yards rushing, O'Brien made 71 in 15 tries and Kelso banged for 57 in 12 trips.

Tackle Lowell Boozer and Guard Gary Stevenson did outstanding defensive jobs for the maroon and white.

The victory gave Bovina two wins, one loss and one tie in four games.

Bovina kicked off to begin the game. Kelso's ground skinner-type kick was put in play on Amherst's 34 yard line. The 'Dogs gained one first down and 19 yards before losing the ball on a fumble on Bovina's 43. Frazier went for five and then O'Brien took off on a reverse for 27 yards and a first down on the enemy 25. Frazier made one and then Kelso made five in two carries to put ball on 14.

An offside penalty against Bovina moved the ball out to the 19. From there Kelso made seven and Frazier took a pitch-out 12 yards to the two. Frazier then went through the middle for the first TD.

Amherst tied it up three plays after the kickoff on Edwards' long run.

Mustangs lost the ball on a fumble on the first play following Amherst's kickoff giving the Bulldogs possession on Bovina's own 39. They were forced to punt from there, however, and the ball rolled dead on Bovina's seven. Mustangs suffered a penalty of half the distance to the goal but then Kelso made three to put the ball on the six.

From there, one of the game's highlights originated. Deep in their own territory with wind to their backs and time running out on first quarter, Kelso punted on third down. The ball bounced on the 40 in Amherst territory and then rolled dead on the 11--a punt of 83 yards, which is possibly a record for Bovina.

As the second quarter got underway, Amherst punched out to the 28 before being forced to punt. Mustangs got down to the 36 before their attack bogged down and they returned the punting courtesy. Amherst couldn't gain and punted back to the 46 in their own end of the field.

From their Mustangs set sail on their second touchdown. Horn made nine, Anderson picked up one and a first down on the 36. Frazier got five, then O'Brien and Kelso three each for another first down on 25. Anderson made five and Frazier got four in two runs. Kelso made two and O'Brien two to put the ball on the 12. A Horn-to-Frazier pass was incomplete at the goal, but then Frazier carried the pigskin around right end on the next play for the score.

Frazier went around left end for the extra points and it was 14-6.

Amherst had time for only three plays after the kickoff before time ran out on first half.

In second half, Mustang defense kept hanging tough and the visitors were unable to make a first down the first two times they had possession. After Amherst punted the second time in third quarter, Bovina had possession on its own 35. From there, Frazier tore out on the longest scoring trip of his

career. Kelso got the points after and it was 22-6.

After the kickoff, Amherst marched back to Bovina's 31, before bogging down and losing the ball on downs. Mustangs marched back to Amherst's 20 before a Horn aerial was intercepted, killing the threat. The Bulldog offense continued to be held in check during the fourth period as they went fruitlessly to the air in an attempt to get back in the game.

Mustangs got their final score when Glasscock intercepted a Bulldog pass on the Amherst 24. It took five plays to score. Frazier got 22 of those in three carries, with O'Brien going to the final two. When Frazier got the extra points, the scoring was all over. Amherst picked

County Budget For '63 Lower Than Past Year

The Parmer County Commissioners Court recently approved a budget for the coming year of \$325,240, which is \$39,630 lower than the budget for the current year.

County Judge Loyde Brewer explained that a proposed decline in capital outlay for right of way purposes was one of the reasons for the decline in the budget.

Also, Judge Brewer said that the court anticipated a decline in precinct expenditures to some extent, along the lines of equipment.

The County tax rate remains the same as it has been for the past few years, \$1.25 per \$100 evaluation. The tax money

is divided up as follows:

General Fund, .80; right of way fund, .10; permanent improvement fund, .01; constitutional road and bridge fund, .01; jury fund, .03; special road and bridge fund, .30. Total \$1.25.

"We are working to bring the General Fund out of the hole," Judge Brewer said, indicating that this had been the goal of the Commissioners Court for the past several years. "Another year or so should do the trick," he concluded.

One increase for next year over this will be in salaries, because of the addition of one official, the district clerk, whose office will be maintained in the county for the first time.

Parmer County collected 97.3 per cent of taxes levied in 1961. The estimated 1962 tax evaluation for the county is \$14,094,402.25. (more)

Forty-eight persons have been notified by Parmer County Sheriff Charles Lovelace to appear Monday, October 8 in Farwell for the petit jury.

Those notified were Mrs. Dee Brown, Mrs. Earl Stevenson, U. S. Akens, Hayden Cason, Ivan Adkins, George T. Douglas, Mrs. Davis Gully, T. I. Burleson, Jr., Mrs. R. W. Anderson, Charles Vickers, Jim Bob Smart, Allen Cumpton, Guy Latta, Monty Barrett, Martha Bates, M. D. Nobles, Howard Looney, George A. Jones, Spencer Hough, G. D. Anderson, Jr., Curtis Birchfield, D. L. Carmichael, Don Murphy, Lee Nasson;

Mrs. James H. Clay, J. D. Mabry, Melba Allen, A. L. Carlton, Ray Martensen, Bob Hart, Don Williams, Clyde

Petit Jurors Called For Monday Session

Fields, S. M. Bailey, Claude Blackburn, Robert E. Wilson, Dwight Sheriff, C. A. Felts, Cecil Atchley, Donald C. Christian, Delbert Garner, Jack Kessler, C. A. Watson, Franklin Bauer, Connie O'Brien, Mrs. Olen Ivy, John McFarland, John Range and Mrs. Walter Kaltwasser.

Among the cases which are due to be considered are both criminal and civil cases. R. G. Sparks of Bovina is one of the cases to possibly be considered. He is charged on two counts of statutory rape.

Other cases which might be considered are Alvin Hollings, charged with burglary in connection with a break in at Bovina Dairy Freeze, and Joe Morris, charged with forgery and passing a forged check.

Episcopal Services At Muleshoe

Bovina Episcopallians and those in the area are invited to visit the Muleshoe Episcopal mission church, tentatively to be named St. Phillip's Episcopal Church, at the new regular Sunday morning services, Don Taylor, senior warden, announced this week.

Family morning prayer services are held at 10 a.m. in the Community Room of the First National Bank, Muleshoe. Sunday School classes, under the direction of Miss Pam Lenau, superintendent, are also scheduled at 10 a.m. each Sunday.

Holy Communion is celebrated the first Sunday evening of each month at 7:30 p.m. in the Community Room, by the Reverend James A. Mock. This Sunday, October 7, Rev. Mock who is rector of St. Mark's Episcopal Church, Plainview, and minister-in-charge of the Muleshoe mission, will hold services and have a sermon.

All area Episcopallians and those interested in visiting the area branch of the Protestant Episcopal Church are cordially invited to attend, Taylor said.

Mrs. Charles Lenau, phone 3-1810 and Mrs. L. B. Hall, phone 7490, Muleshoe may be contacted for further information.

The mission church began Sunday morning services September 1.

Prefab on TV

NBC set designer Warren Clymer claims some sort of record for his work in the Oct. 26 Hallmark Hall of Fame television show, "The Teahouse of the August Moon."

The script calls for the natives to rebuild their teahouse on camera in a maximum of 40 seconds.

Clymer "prefabricated" his teahouse, using aluminum sections covered with balsa, bamboo and similar lightweight materials. Each actor was given a piece to carry and an intricate pattern was set up for the cast to follow.

That they were able to complete the reconstruction within the required time after only five rehearsals is a feat which Clymer generously attributes to the "superior intelligence and lively interest" of the Japanese-American actors and actresses.

Green Thumb Tips

Cut the weeds to cut the pests. The weeds growing back of your garage or along the fence lines of your back yard are, unfortunately, first rate breeding spots for numerous insect pests.

Eggs are laid on the weeds, pass the winter on them, and then in spring the insects hatch to feed on your flowers and vegetables. Cut the weeds this fall to avoid this trouble and burn any plants that have visible insect eggs on them.

Celery that has been grown in a trench may be blanched by filling the trench with soil. If it has, instead, been grown at ground level, set a board along each side of the row so that one edge is half an inch deep in the ground, the other hidden under the celery leaves. In about ten days the hearts of each celery clump will be blanched.

Cynoglossum, also known as Chinese forget-me-not, is one annual that will reproduce itself in every corner of the garden if seeds are not removed. If you do not wish to weed it out next spring, cut back the bloom stalks before the seeds ripen.

When the little, bright colored, ornamental gourds are full grown, deeply colored, and firm to the touch, they are ready to be cut from the vine. Leave about two inches of stem attached to each gourd.

Hang them by these stems to a line stretched across a room that is cool and airy. Should mold appear on them, wipe them with a cloth wrung out of household disinfectant.

In about three weeks they will be dry. To bring out their color, wax them with paste wax or coat them with white shellac or colorless lacquer.

Forty flags from around the globe will decorate each of nine flagbursts which will be suspended over the Texas International Trade Fair at the 1962 State Fair of Texas, October 6 through 21 in Dallas. Designed and executed by Peter Wolf Associates, the flagbursts will set the theme in the World Exhibits Building for the 1962 State Fair's "Exposition of Nations."

Exchange Student

Elke Steffens Enjoying School And Family Life

After a month in Bovina High, Elke Steffens, exchange student from Germany, had this comment to make: "It gets better all the time."

She is impressed with all American customs and is eager to learn not only in school but about America in general.

When asked to compare school here and in Germany she commented that it was much more informal here. "In Germany, we have to stand when the teacher comes into the room and raise our hand when we wish to speak, Elke said, Als, the teacher comes to us - we do not go to his or her desk for information, Elke pointed out. She also mentioned that there aren't nearly so many extra curricular activities in their school and that not everyone goes to high school, which is called a gymnasium. Their gymnasiums are more expensive in training with less emphasis on social life.

Another interesting thing that is different is that lunch is not served at their school and classes are out at about 1 o'clock each day instead of 4:00. She said that they eat an early breakfast with their family and take a snack to eat during a pause between classes then have lunch at home after school is out. She also men-

tioned that she thought the food was very good.

Speaking of her American family, the Vernon Estes she says she feels very much at home and a part of the family. Elke also mentioned that her American mother was a wonderful cook and that she liked American food very much. American families differ in that there isn't nearly as much togetherness as in German families, due to the fact that we are so engrossed with civic organizations and as Elke put it, "so many meetings."

Elke mentioned that everyone was very friendly. She, too, is very friendly.

Horseback riding occupies many of her hours at home. She said she didn't ride horses in Germany but enjoyed it very much and also she enjoys walking and is amazed that everyone rides instead of walks.

Bobby socks were a thing of wonderment for Elke to see at school. In Germany they weren't allowed to wear them, mostly flats and dresses which were more formal than what the typical teen ager wears here. Slacks of the nice variety, not jeans, were permissible also.

Talking with some of the teachers they all seem impressed with her eagerness to learn and her vivacious personality.

Elke feels real fortunate to be in America and says that homesickness is not yet a problem and feels it is one she will not have to contend with due to the fact that she is enjoying her parents, school and people of community. She greets each new experience with an abounding enthusiasm which helps her in adjusting to her life here.

The ancient adage about a worm that turns has taken on new meaning to a lot of fishermen all over the country, and particularly so in the Midwest.

Because fishermen there are waxing ecstatic over the fish-catching abilities of plastic worms, and insects of all types, and snakes, and eels and crayfish and tadpoles and water dogs and frogs and lizards, on and on, ad infinitum. For one reason they catch fish.

The plastic imitations are so realistic they feel like bugs, look like bugs and taste like bugs, to those who have had some experience as a bug taster—and most fish have, luckily for we who like to angle.

In the daytime, when most of us do our fishing, use a plastic imitation that goes deep, because there is where the fish will be. In early mornings and late evenings, when the water has cooled and the fish come into the shallows to feed, use surface lures.

Had a chance for dramatic proof on worms earlier this year at Lake Ouachita, just outside Hot Springs, Ark. Fishing had fallen off at the big impoundment, and limit catches were few and far between. So my fishing partner and I tied on black plastic worms with lead heads, fired up our Mercury outboard motor and ran upwind of one of the numerous rocky points that dot the scenic paradise.

Then we cut the motor and drifted, bouncing the worms off the bottom as the wind moved us gently along. Our first drift produced a keeper largemouth bass, and our second drift two more. In two more points we filled our limits.

Now this is not to say that plastic imitations are the only jukes to use, because that is not always the case. I've got a tackle box full of wood and hardware that I'm continuing to use. But now I've got another box, with plastic worms in it, and it's getting used more and more every day.

More Taste, Less Waste

SAN DIEGO, Calif. (UPI) — The Indian fighter had his parched corn and dried venison, the World War II soldier had his "K" ration and the American soldier of the future will have "Ration-Dense."

Military men agree that veterans of World War II and Korea will greet the news of a new "breakthrough" in concentrated foods with something less than enthusiasm. They report, however, that the complaints voiced about dehydrated eggs, compressed meats and the old "K" and "C" rations have been virtually non-existent in tests of the new "Ration-Dense" foods which are expected to be widely used by military units by 1965.

Rear Adm. Joel D. Parks of the Navy Supply Center here defines "Ration Dense" as foods which have been processed to eliminate waste, reduce bulk and, where possible, reduce the need for refrigeration.

Standard food items such as potatoes, onions, bacon, eggs, milk and coffee required to feed 100 men for 30 days would weigh 3,332 pounds and require 551 cubic feet of storage room. Parks said comparable Ration-Dense foods would weigh 220 pounds, need only 28 cubic feet for storage and would not require refrigeration.

The admiral said there were very few complaints when a complete Ration-Dense meal was served to Marines at nearby Camp Pendleton recently. The menu included barbecued beef, turkey, whipped potatoes, Chinese fried rice, vegetables, salad and chocolate cream pie.

WITH THE COUNTY AGENT

DERYL COKER

Every year, picking a variety of a crop to grow is a problem for all of us because the variety we pick always has a great deal to do with the yields we obtain. Several farmers have called wanting information on barley varieties. Basically there are three types of barley. There are the true winter-type varieties such as Kearney and Ward. The intermediate winter-type varieties, such as Cordova, differ from true winter-type varieties in that the leaves are much broader and are usually better for grazing.

Then we have the true spring varieties that are planted in the spring such as Goliad. For our area the recommended fall seeding varieties are Kearney, Reno, and Ward. The acceptable fall-seeding varieties are Cordova, Harbine and Rogers. Should you be interested in barley varieties or anything pertaining to barley we have some very good bulletins available. Also while I am speaking about

small grain varieties I would like to list the recommended and acceptable varieties of wheat for our area.

Recommended varieties are: 1. Tascosa, 2. Bisor, 3. Kaw, 4. Aztec, and 5. Ponca. The acceptable varieties are: 1. Crocker, 2. Comanche, 3. Concho and 4. Improved Triumph.

Each year the question of using defoliant and dessicants becomes a major problem to us because we never know if it will make money or lose money. The only thing a farmer can do is to put the odds in his favor in using these chemicals.

We know that our average frost date is around October 20, so if we can apply these chemicals before frost whereas they will have time to act it will probably pay because if the plant is dead at the time of frost, the frost won't delay the opening of the bolls.

Some farmers are talking in the terms of putting on a defoliant around October 6 or 7 which will shed the leaves but

won't kill the plant and then following that up around October 15 with a dessicant, if we have had a frost before then.

Let me remind you that you should have at least 50 per cent of your cotton open when a defoliant is applied and at least

70 per cent open when a dessicant is applied. We have plenty of defoliation guides available in the office.

Acreege Payments Now Available

Payment on diverted acreage under the Feed Grain and Wheat Stabilization program was to begin Thursday, October 4 at the Farmer County ASCS office in Farwell, manager Prentice Mills announces.

Payments on all farms in which the farmer has an interest will be made upon one visit. If there are other producers on the farm, for which an owner does not have power of attorney, they must also sign the application for payment before any payments can be made. All producers need not appear together.

Farmers are also reminded that cotton marketing cards are being mailed out this week.

Interpretations Awaited On JFK's New Farm Bill

"We're just waiting to see what the passage of the 1962 Farm Bill will mean for our feed grain and wheat programs," said Prentice Mills, office manager of Farmer County ASCS said this week. Mills said he would guess that the feed grain program under the new bill would be similar to what we now have. "We will inform the people as soon as we know any details," Mills said. "We in-

terpretations await a public meeting in the county as soon as we have something to tell the farmers," he continued.

The Farmer County ASCS office manager said that it might be "Ten days to two weeks" before he received the much-awaited information.

Mills pointed out that at present the current "15 acre" wheat provision was up in the air, since it was not included under the bill passed by Congress last week.

Under the old bill, farmers were allowed to plant up to 15 acres without penalty. Under the new bill, farmers would be required to have planted 15 acres in 1959, 1960 and 1961 in order to plant the acreage this year.

The state ASCS office noticed this difference in the bill as soon as it was published, and called it to the attention of congressmen, who are now engaged in an effort to have an amendment passed to allow farmers to have the 15

acre clause, since many have already planted the wheat.

Mills advised that any farmer who was thinking of planting 15 acres under the old bill, who had not had wheat in 1959, 1960 and 1961, to wait and see what comes of present efforts by congressmen.

It was pointed out that new farm programs usually do not create a hardship, so it is expected that something will be worked out.

FOOTSAVING EDUCATION

by James E. Edwards

Are Very Stiff-soled Shoes Ever Desirable For A Baby?

Yes, when there is danger of the baby developing too high an arch. Babies who are born clubfooted and those who have a condition which is similar to clubfoot but not as severe are put into very stiff soled shoes after the removal of casts or whatever device the orthopedic surgeon uses to correct the abnormality. Lacing the foot to a stiff sole prevents the corrected foot from going back to its drawn up position.

The fact that stiff soled shoes can prevent an arch from overdeveloping seems to be a pretty good argument against using stiff soles on normal footed babies whose foot muscles must function to develop a normal arch.

HD Agent's Notes

BY MISS ETTIE MUSIL

Here's news for you who are canning or freezing tomato juice. Or maybe you have a friend whom you may help if she has had separation of pulp from the liquid. I have had several calls about this problem which seems to be quite common over the county.

We had thought of a number of reasons for this problem, but were not sure of any. To take care of the problem I wrote to our Foods and Nutrition Specialist, Miss Maeona Cox. She recommended using a finer sieve for less separation of the pulp from the liquid. Also, heating the juice at too high tem-

perature in the processing. According to our bulletin "Home Canning Fruits and Vegetables", B-194, the method of canning tomato juice is included. This method is based on research and is stated as follows:

Preparation--Wash well-ripened tomatoes. Cut away any bruised or green portion:

Quarter the tomatoes. If separator is available, put tomatoes through it without heating. Otherwise, simmer 10 minutes in covered pan (without adding water) and press through a fine strainer or cheesecloth.

Heat juice to simmering in a covered pan. Add one-half teaspoon salt to a pint jar and one teaspoon salt to a quart jar. Pack hot. Pour simmering juice into glass jar to one-half inch of top or one-fourth inch of plain can.

Close jar with new lid and process. Pints and quarts should be processed in a boiling water bath for 13 minutes.

Number two or number 3 cans should be processed for 8 minutes. Or steam bath pints and quarts in a water bath for 16 minutes, and cans for 22 minutes.

To process by the boiling-water-bath method use any big clean kettle with a rack and tight-fitting lid if it is deep enough, to hold the cans or jars upright and permit the water to boil gently 1 or 2 inches over the top of them.

The boiling water bath method is recommended for canning fruits, fruit juices, tomatoes, tomato juice and rhubarb. It is not recommended for any other vegetable. Pressure canners should be used for other vegetables.

After the jars have been closed, place the containers of food in the water bath canner. Have water boiling for jars that have been pre-heated as with the tomato juice. Add additional boiling water to the water bath canner to cover the containers 1 to 2 inches. Do not pour boiling water directly on glass jars.

Place the lid on the water bath canner. Count the processing time as soon as the water comes to a rolling boil. Then reduce the heat but maintain a boiling temperature. Processing time should be adjusted according to the altitudes. The timing stated above has been adjusted for our 4,000 feet elevation.

At the end of the processing time, remove the containers from the water bath. Place the jars right side up on a rack far enough apart to cool quickly.

To freeze the tomato juice you may use this method as stated in the bulletin "Frozen Foods", B-175. Wash and trim firm, vine-ripened tomatoes. Cut in quarters or eighths. Simmer five to 10 minutes without water added.

Press through a sieve. If desired, add one teaspoon salt to each quart of juice for seasoning. Cool and pour into containers. Freeze immediately. Be sure to use freezer jars to avoid possible breakage of untreated glass for sub-zero temperature.

For more information on freezing stewed tomatoes, or canning whole tomatoes, let me know. If your family likes tomato relish or chow chow, I would be happy to send you a copy of "Pickle and Relishes." If you have an old copy earlier than 1960 let me know, so that we can send you a revised bulletin with new recipes. A recipe for Tomato Preserves is available in "How to Make Jellies, Preserves At Home". All Bulletins Are Free.

Course Scheduled In Furniture Selection

A special training in selection of furniture will be conducted in a tour to furniture stores next week. Everyone in the county is invited to attend these tours.

In order to distribute the attendance the following schedule has been planned from 9-12 Monday, October 8; Northside HD Club members and other homemakers; Tuesday, October 9, Hub Club and homemakers; Wednesday, October 10, Midway HD Club and other homemakers; Thursday, October 11, Friona Club and other homemakers; Friday, October 12, Rhea Club and homemakers.

The following week Black HD Club and other homemakers will meet Monday, October 15; Oklahoma Lane HD Club and other homemakers will make the tour Tuesday, October 16 at 9 a.m. The last tour will be conducted Wednesday, October 17 for the Lazbuddie homemakers and club members.

Although these schedules have been planned members of the clubs and other homemakers may attend any of the meetings that are most convenient.

Questions that will be answered will include: "Which woods will give me the best service? Should I buy solid or veneer furniture? What about quality versus price? How good are modern finishes compared to those on the beautiful antiques by old world craftsmen? and How well are the furniture pieces made for the budget of prices?"

For additional questions about the tour, contact Miss Ettie Musil at the Courthouse in Farwell.

Contest Rules

1. There are 10 high school and/or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl games plus hotel, food and traveling expenses to Dallas and the January 2, 1962 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p. m. Friday of each week.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Everyone, except employees of this newspaper and their families, is eligible to enter.

Mrs. Barron, Mrs. Lawlis Present Club Program

A history of Federation of Women's Clubs administration and of their club collect was presented at Bovina Woman's Club Thursday by Mrs. Rouel Barron and Mrs. Ovid Lawlis. The group met at parlor of Bovina Methodist Church.

Mrs. Barron presented part on collect and pointed out that it was written by Mary Stewart and was used by several magazine companies and later on became collect for Federated Woman's Clubs which is largest women's organization in world.

Mrs. Lawlis presented part on administration of club and some of its club officers. She summarized the general theme of club work and outlined part of their programs for year which deal with charity work.

Preceding the program Mrs. Warren Morton conducted a business session in which the group decided to sell house numbers. Mrs. Buck Ellison and Mrs. Billie Sudderth may be contacted about these.

They also discussed their program of October 25 which will be on Federal Aid to School. Mrs. Edward McKay of Amarillo will be featured speaker. Socialized Medicine will also

be discussed by another speaker. Everyone is cordially invited to this program.

Attending were Mrs. Rouel Barron, Mrs. Leroy Berggren, Mrs. H. D. Bradshaw, Mrs. A. E. Crump, Mrs. John Dixon, Mrs. Buck Ellison, Mrs. H. L. Ivy, Mrs. Ovid Lawlis, Mrs. Reagan Looney, Mrs. Warren Morton, Mrs. I. W. Quickel, Mrs. Charles Ross, Mrs. A. E. Steelman, Mrs. Earl Stevenson, Mrs. Billie Sudderth, Mrs. Robert Taylor, Mrs. Frank Turner and Mrs. Jesse Walling.

Party Honors Denae Embry

Miss Denae Embry, daughter of Mr. and Mrs. Charles Embry celebrated her fifth birthday Wednesday with a party at the home of her aunt, Mrs. Charles Vickers.

Upon arrival the children were presented with favors of horns, and packages of candies and toys.

After an afternoon of yard games the children were served refreshments. Traditional birthday cake was decorated with a musical ballerina theme carrying our colors of pink and white.

Those attending were Chuck Vickers, Roddy, Greig and Jeff Hromas, Alan Embry, Tammy Russell, Janice Lide, Jana Rogers, Bradley and Steve Owens, Donna, Dickie and Susan Garner.

Hosting the party were the honoree's mother and aunt, Mrs. Vickers.

Take life as you find it, but don't leave it that way.

Of Interest To THE WOMEN

Pep Club Plans Kidnap Breakfast

Pep Club president, Vivallah Steelman, announces they will sponsor a surprise kidnap breakfast for community some Saturday morning in the near future.

Breakfast will be served at Homemaking cottage with donations taken for a banquet or party to be sponsored by pep club following football season, for team.

Library Club Elects Officers

E. L. McCutchan was elected president of Library Club last Wednesday at a meeting at school library.

Other officers are June Gay Douglas, vice-president; Nellie B. Crook, secretary treasurer; and Randy Jones, reporter. Sponsoring the group will be Mrs. John Zahn.

The club plans to have some school programs and projects one of which will be a yearbook for library club.

THE HAPPIEST MAN

There is this difference between happiness and wisdom; he that thinks himself the happiest man is really so; but he that thinks himself the wisest is generally the greatest fool. --Bacon

Plan November Wedding

Mrs. Heien Wassom announces the engagement and approaching marriage of her daughter Christine to Dennis Johnston, son of Mr. and Mrs. Walter Johnston of Clovis. Wedding date has been set for November 2 at Lutheran Church at Clovis.

Grissoms Host Dinner Party

Mr. and Mrs. Leon Grissom entertained several couples with a dinner party Thursday evening at Holiday Inn in Clovis. Following dinner the group spent the evening playing bridge.

Winning were Tom Caldwell and the host.

Attending were Mr. and Mrs. Tom Caldwell, Mr. and Mrs. A. M. Wilson, Mr. and Mrs. R. E. Wilson, Mr. and Mrs. Jack McCracken and Mr. and Mrs. G. D. Anderson Jr.

"What's your name, son?" demanded the circulation manager of the newsboy. "Roosevelt," said the boy. "Is that so? And what's your first name?" "Theodore." "Theodore Roosevelt," mused the circulation manager. "That's quite a well-known name, boy."

"It sure ought to be," replied the youngster. "I've been delivering papers here more than three years now."

Mrs. McCain Hosts Party

Several women were entertained with a products party Friday afternoon at the home of Mrs. Leslie McCain.

FHA Girls Have Party

Homemaking Cottage was scene of annual slumber party for FHA members Friday evening following ballgame.

Eighth and ninth grade girls were honorees with ninth graders planning games, skits and entertainment for the group. Refreshments of sandwiches, soft drinks, cookies, and chips were served.

Approximately 50 were present with chapter mothers, Mrs. Jack Patterson, Mrs. Wendol Christian and Mrs. Roy Crawford, and sponsor, Mrs. Charles Thompson, chaperoning the group.

Attending were Gail Boyd, Sherri Hutto, Roxie Hutto, Janie Hawkins, Suzanne Ferguson, Karen Beauchamp, Carol Jamerson, Beverly Pliner, Patricia Taylor, Carolyn Damron, Cindy Gaunt, Carla Sparks, Brenda Pruitt, Irene Thornton, Linda Johnston, Patsy Cumpston, Judy Strawn, Lynn Looney, Joyce Hudson, Tonya Ivy, Kathryn Schaforth, Gwen Christian, Dorothy Bowman, Judy Crawford, Jeanne Ivy, Elaine Fuller, Vicki Strawn, Carole Jean Hastings, Vivallah Steelman, Elke Steffens, Maureen Hammonds, Barbara White, Patricia Crook, Nellie B. Crook, Letecia Lehnbauer, Bonnie Morris, Connie Vaughn, Carolyn Wilkerson, Kathy Minyen, Patsy Lloyd, June Webb, Mary Joyce Webb, Kathy Jones, Cattie Jones and Sandra Patterson.

Preceding the demonstration word and pencil games were played by group.

Refreshments of coffee, punch and cookies were served. Attending were Mrs. Euel Hart, Mrs. P. A. Adams, J.D. Kirkpatrick, Mrs. Charles Vickers, Mrs. Bobby Englant, Mrs. J. W. Harris, Mrs. C.E. Trimble, Mrs. Joyce Lide, Mrs. Howard Ellison, Mrs. D. R. Bushnell, Mrs. Loyd Nabors, Mrs. Glenn Kelley, Mrs. Buck Ellison, Mrs. Charles Ross and the hostess.

Sales person was Mrs. Lu Walling of Amarillo.

Visit In Edens Home

Visiting recently in the home of Mr. and Mrs. Robert Edens were Mr. and Mrs. Bob Edens and family of Odessa. They are now making their home in Bovina. Others visiting were Mr. and Mrs. C. B. Edens and family of Lawton, Okla.; Mr. and Mrs. Jack Jackson and daughter of Morton, Mr. and Mrs. L.M. Alexander of Olton, Mr. and Mrs. S. S. Pritchard and Mr. and Mrs. J. V. Bouldin.

FASHIONETTES

United Press International A lot of the Victorian influence shows in the new costume jewelry. Coming back to the fashion scene are lavalieres (Mrs. John F. Kennedy has been photographed wearing this jewel on a chain type of necklace), and fob and stick pins with jewel-encrusted heads.

New conversation piece in jewelry: the knuckle ring. One designer has produced a ring to be worn on milady's fourth finger, right hand. The ring, priced at \$3,000, is a high-rising mound of 14-carat antique gold set with a two-carat diamond flanked by smaller diamonds. (Columbia Ring).

One trading stamp company now offers its collectors a couturier-designed evening gown or short party dress. The designer is Roberto de Chadou, a Chicago firm, who will produce a gown in lame for any customer sending the stamp company 68 stamp books, her photograph, measurements and capsule biography. (Gold Bond)

The rajah coat often worn by the First Lady continues a favorite fashion for fall and winter. The rajah is gently shaped all around and flared lightly at the hemline. The necklines are cardigan or mandarin, with a giant jewel closing, and carefully widened three-quarter sleeves.

Blade Sawdust by SUE MOTEN

Visited with an out-of-town friend of ours, the other day and, of course, was airing my complaints about the condition of our street which is being prepared for paving and he came up with this sage bit of wisdom. He pointed out that whenever he went to a town where all the streets were paved, he knew immediately that the growth potential was nil because paving means progress. Guess he is right and we haven't complained since about the situation even though it is somewhat like a quagmire, due to rain.

Another reason am sure this is a prosperous country is that no one "dog ears" their papers anymore, in order to keep them together. Can remember when paper clips were somewhat of a luxury and if you had a box to take to school you were considered somewhat upper crust. What brought all this to mind was that Mable Ellison brought me a report the other day that was dog eared. Looked familiar even if somewhat strange.

Another thing that has certainly changed is crayons. Can remember starting to school and being thrilled with a box of eight or perhaps 16, if you could con your mom into it, crayons. Now they come in a box wrapped like a box of chocolates with somewhere close to a hundred crayons of every color, complete with sharpener.

Sometimes, even if you try, everything comes out wrong.

Such was the case of the Bill Reads new baby boy. His name is Nathan instead of Nathaniel, he weighed 8 pounds 4 ounces and his grandparents are A.D. Stowers. Compiling this information over the phone the other day we got somewhat confused. Anyway his mother wasn't irated just wondered where we had our head when writing the story.

Cotton Quiz

WHY IS COTTON FIRST CHOICE FOR TOWELS?

COTTON TOWELS ARE COLORFAST, SOFT, ABSORBENT - THEY ACCOUNT FOR 92% OF THIS MARKET.

For That Touch of Elegance: Towels

Elegance in bathroom decor doesn't necessarily call for gold-plated faucets or sunken tubs. It can be achieved inexpensively and simply by the imaginative use of towels.

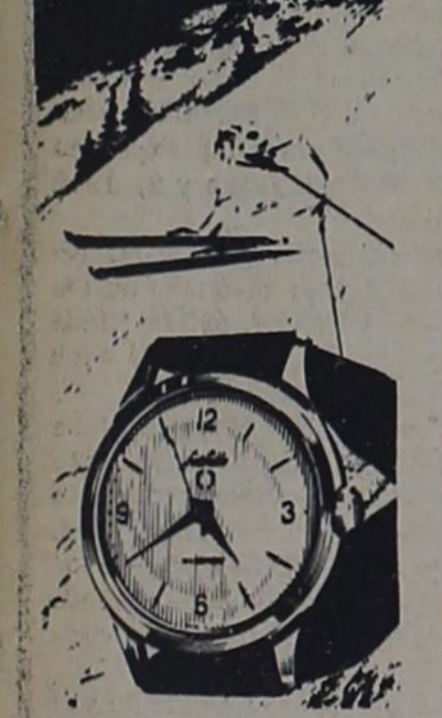

Today's cotton terry cloth towels come in a wide range of decorator colors and handsome patterned weaves. This fall's color trends in towels are more high fashion than ever. New hues include melon, emerald green, clear sea blue, and bright yellow.

By displaying a different set of towels each week, you can vary the bathroom's decor. It's best to use no more than two main colors at a time in the bath. Occasionally, a third color can be introduced in guest towels, monogram, or accessories for accent.

INSTANT DECORATING—The imaginative use of cotton terry towels can give a luxury look to the simplest bathroom. Here, Cannon's new fringed ensemble—aglow with brilliant life-size roses printed on a snowy background—highlights the decor. A large bath towel in a matching solid and floral-printed window drapes stress the co-ordinated vogue.

For MEN and WOMEN of ACTION

WATERSHED DISCUSSION - County Commissioner Charlie Jefferson, left, and Banker Warren Embree, both of Bovina, view a portion of the Brady Creek watershed and discuss possibilities of a similar project for Parmer County. The two were part of a group from this area who made a trip to Brady Wednesday of last week.

Officers Named During Farm Bureau Convention

Officers were elected and a set of resolutions to submit to the state convention were approved at the 14th annual Parmer County Farm Bureau convention Monday night at Bovina.

Schlabs. Holdover directors include Vernon Symcox, Meissner, Herman Gerles, Gilbert Kaltwasser, Grady Nelson, Billy Sifford, Frank Hinkson and James Norton.

4. FLEXIBLE INSURANCE RATING: Be it resolved that PCFB supports a change from rigid to flexible or competitive rating for casualty insurance companies in Texas.

that PCFB generally supports the principles of the American Farm Bureau Cropland Adjustment Program as a means to safely get back to a market place economy with this particular exception: We do not believe there should be payments for acreage left out of production.

PEOPLE WHO KNOW ABOUT THE RELIABILITY OF MY FUTURE BOSS CONSIDER THEY HAVE SOMETHING TO BE THANKFUL ABOUT

STATE ISSUES 1. MIGRANT LABOR: Be it resolved that Parmer County Farm Bureau does hereby retract its support of present Texas Farm Bureau policy on migrant labor & request that a further definition of any such policy be provided.

2. DUMPING SURPLUS COMMODITIES: Be it resolved that PCFB believes that it is the proper role of government to help in the transition to a market place economy, particularly with regards to an orderly method of disposal of government stock piles.

7. We urge support of the general objectives set forth in House Joint Resolution number 23, an amendment requiring the U.S. government to publicly sell any and all businesses and services operated by the government in competition with private enterprise.

NEW PRODUCTS For the home craftsman and hobbyist a never-ending stream of intriguing new products -- ranging this week from sturdy workbench to a folding saw horse. A new steel work and hobby bench, product of S. A. Hirsh Mfg., Skokie, Ill., will fill the bill for everything from sewing and stamp collecting to gardening, ceramics, carpentry; just about anything. Built of heavy-duty steel, in gray oven-baked enamel, the bench features a 24 by 48-inch top of compressed fiberboard to absorb roughest usage, a perforated back panel, complete with double-tier tool rack providing storage for small hand tools, a spacious storage drawer and generous bottle shelf. Accessories are available to customize the bench, including plastic storage bins, back panel extension, etc.

With a new Vacu-Vise, vise work no longer need be limited to the bench. The new tool, weighing only 4 1/2 pounds, anchors to any smooth non-porous surface by means of vacuum power. Strength of the vacuum power grip and a big 2 1/2 inch V-groove jaw holds tight any material up to 2 inches in thickness. Product of General Slicing Machine Co., Walden, N. Y. The indispensable sawhorse need not clutter the workshop if you use the new Easy-Horse, a folding job which includes a miter gauge on top and a sawing slot which should make an accomplished sawyer of any dud. Product of Easy-Horse, Inc., Seattle, Wash.
