A FISHING, BOATING AND OUTING CLUB VENTURE.

J. E. Shropshire Places Splendid Site at Disposal of Club. Limited Membership.

"The Shropshire Lake and Boating Club" is the newest organization in Brady, and as its name indicates, it is purely a pleasure club. While the organization of the club has been under discussion for some weeks, it was not until last week that any active steps were taken toward organizing and enlisting members, and the ready response met with was a surprise and source of gratification to the promoters.

The following articles of agreement are largely self-ex-

BRADY'S NEEDS.

While Brady is acknowledged one of the best cities of its size in the state, yet her needs are numerous. In fact, all of her needs are those of a growing city-the needs that have developed as prosperity perched in our midst and helped to swell our numbers.

Among other needs are electric street lights, and a public park is an urgent necessity. Both these subjects have been more or less commented upon during the past several weeks.

Still another urgent necessity that is becoming more and more noticeable is a public meeting ... True the district court oom is used frequently, in fact almost entirely, for this purpose; yet it is not suited to every occasion, and again, it is no difficult task to fill it to overflowing.

There is nothing that contributes more to "neighborliness" than the public or social gatherings of the citizens, regardless of political or religious affiliations, and to this end a commodious, appropriate and comfortable public hall is indispensible.
