WEST SIDE

Suspend Advance in Rate.

D. R. Hardison, secretary of the Brady Commercial club, is just in receipt of advice from Congressman Jas. L. Slayden that the Interstate Commerce Commission has suspended the increase in interstate freight rates against which the Brady Commercial club, in conjunction with clubs from various cities in West Texas, has entered such a vigorous protest. This action is a source of great satisfaction to all concerned, as it practically denotes a victory for the cities that would have been taken out of the common point territory.

The best offer ever made—a pair of pants free with every suit ordered during this month. You can't afford to pass this offer by. Baker's tailor shop.

When you want a doctor, ring or call at the Palace Drug store.

We sell more shoes than any other firm in town. Why? Because our shoes give satisfaction. Let us fit you with a pair of our Packard shoes and you will always call for the Packard. Wm. Connolly & Co.

Celebrate Birthday.

Jefferson Davis' birthday was observed Monday by the local camp of Confederate veterans, who were entertained by the Sons and Daughters of the Confederacy with a short program. The occasion was pronounced a most enjoyable one by all. C. C. House made a brief address suitable for the day, which was greatly appreciated, as were also the musical numbers of the program. At the close of the afternoon refreshments were served.

Latin or German Instruction.

For the benefit of the local students, the faculty of the Brady normal will offer instruction in Latin and German if the demand is sufficient.

Can't Be Beat.

Our offer of a pair of pants free with every suit ordered. Nuf sed. Kirk.

NINE BARBECUE GREAT

OVER 1,000 VISITORS IN ATTENDANCE SATURDAY.

Nine Citizens Make Good Their Reputation as Royal Entertainers.

Nine citizens placed their community on the map of McCulloch county in big box car letters Saturday. This is the way Nine folks do at least once a year, and this year they outstripped all previous efforts. They knew they had a reputation to maintain and they spared no effort toward making this the most successful barbecue ever known.

Early in the day the visitors began gathering, and by noon a crowd estimated at 1,050 had gathered. That Nine is one of the garden spots of McCulloch county is attested by the happy and prosperous appearance of her citizens. There was no talk of hard times, but everyone had a good word for his neighbor, and a hearty welcome to the visitor.

In the morning a short program of speaking was enjoyed under the brush arbor. J. M. Quicksall was master of ceremonies, and introduced Thos. Bell, who made the opening address. Mr. Bell was followed by other speakers who entertained the crowd until dinner was announced.

Now dinner at Nine means a feast of good things, and there was no limit upon the feast nor upon the quality and quantity of good things. Ten goats, one grown cow and three yearlings had been placed in the barbecue pits, and never was barbecue better or more appetizing than upon this occasion. Nor was any other detail toward the making of a first-class picnic dinner overlooked, but bread, pickles and coffee were there in abundance, with pies and cakes to top it all off. "Ladies first" was the order of serving the visitors, and when they had finished the men were served. By actual count 530 adults were served at the table, and counting the number who had brought their own dinners and the children, made the total attendance run easily more than a thousand. After all had been fed, there still remained enough meat and bread and other good things to have supplied an additional 500 people, which goes to prove that nothing was done by halves.

The afternoon was devoted to addresses by the candidates in their own behalf and by friends of the candidates in advocacy of their favorites. On the diamond in an adjoining field a ball game was pulled off, Dodge and Whiteland contesting hotly for the honors of the day. Owing to the rough grounds, the score ran well into the numbers, but the game was nevertheless close and exciting, Dodge finally winning out by a score of 12 to 11.

Besides these, there were a number of amusements for the pleasure of the visitors, including a cigar race, a show, throwing eggs at "Snowball", and various other enjoyments.

Added to all the other pleasures, the weather man favored the Nine folks with a cloudy sky which protected the visitors from the fierce heat of the sun, and completed a day of per-

Beautiful Silverware Given Away

We have made arrangements with one of the largest factories in the United States where we get the celebrated brand of Silveroid Ware. Now this ware is warranted not to tarnish in your lifetime as the metal is solid. This ware is made of an alloy which no one but an expert can tell from solid silver, and will wear better than silver and we have all the latest designs. Now a set of six knives and six forks, six tablespoons, six teaspoons and butter knife and sugar spoon makes a set, and we have only 300 sets to give away. Now with every \$2 spent on the dry goods side or \$3 on the grocery side, you get one piece of ware. Those that trade on thirty days time will get their ware at the end of the month when they pay up. Now this is the same ware you see advertised in so many magazines where they give coupons, and you send so many coupons and so much money and you get the ware. Here you have only to buy goods of the best and cheapest house in Texas, and we give you the ware when you make your purchase. Now there is no use of anyone being out of a nice set of silver table cutlery, as we will give them to you. Come in and see the ware in our show case. When you need Dry Goods or Groceries come in and get them where you know you get the worth of your money, and get this elegant set of silverware. Remember there is nothing reserved, when you spend a 5c piece in our store it counts on the sets. Just keep your slips until you get \$2 on the dry goods side or \$3 on the grocery side, or if you need a good bill of goods take your set along with you. We will save you money on anything if you will give us a chance.

fect pleasure.

In conclusion it might be well to state that Nine folks are leaders in every move for the good of the community. At present they are not at all satisfied with their school building and propose to erect a handsome new structure before another term. An election for the issuance of \$2,000 worth of bonds will be held on the 15th of this month, and Nine citizens say they are going to carry the issue.

Report From Austin.

Judge Newman is in receipt of advice from Austin that the court of civil appeals has just affirmed the case of Alfalfa Lumber Co. vs. the City of Brady.

The case of W. F. Dutton vs. G. W. Vierling was reversed and rendered by the court of civil appeals, the verdict thereby being given W. F. Dutton.

Got First Money at Brady.

Last fall when Brady held her race meet J. O. Healey of this city won second money in the free-for-all pace, but contested for first place. The matter went up before the higher authorities in racing matters and Healey won out. The higher authorities gave "Hugh Brown" first money. The time made by the Brownwood horse was 2:14 1/4, without a mark. "Hugh" belongs to Will McCulley.—Brownwood Bulletin.

The Santa Fe announces a special low rate of \$5.75 round trip fare to Galveston for Saturday, June 8th. The train will leave Brady at 1:00 o'clock, Saturday noon, arriving in Galveston Sunday morning. Leaves Galveston Monday night. A sleeper will be set out for the accommodation of the excursionists.

Embry-Hyde.

Friends of J. Briton Embry were surprised to learn of his marriage to Miss Sue Ella Hyde of Eden, which took place Monday at the home of the bride's uncle in Eden. Rev. Bragg of the Methodist church performed the ceremony. Mr. and Mrs. Embry arrived in Brady Monday evening, and will make their home on the farm owned by Briton and Nollie Embry near Lohn.

Mr. Embry is one of Brady's most progressive and enterprising young men. He has made his home here practically all his life, and is popular with old and young alike. His bride is a most charming young lady, and is a general favorite with all who know her. The best wishes of scores of friends are extended the happy couple for a full measure of this world's joys and happiness.

MORRIS SHEPPARD COMING

Will Speak in Brady Monday, June 10th, 2 P. M.

At a meeting of the supporters of Morris Sheppard, candidate for the United States Senate, arrangements were completed for his coming to Brady on Monday, June 10th, at which time he will address the voters of McCulloch county upon his candidacy. As a speaker Morris Sheppard has few peers, and whether you are in sympathy with his views or not, you should attend the speaking and give him a hearing.

BRADY, TEXAS, June 5, 1912

Like a magnet, Brady's attractions are irresistible.

Good roads are the highway to success. Get good roads.

McCulloch county is for oats—better oats and more of it. Come to McCulloch.

Brady has everything any homeseeker could desire—climate, country, people, prosperity, homes and happiness. Come to Brady.

"Everybody's Doing It" was the slogan of the Menard streamers. Doing what? Leaving Menard and coming to Brady, of course.

The door to opportunity stands wide open in McCulloch. No need to knock when you come to McCulloch; no occasion to knock after once you are here

"The prettiest depot I have ever seen", said C. W. Strain Monday, with reference to the Brady union station, "and I've been pretty well all over the Santa Fe."

Boost good roads in your community. Good roads mean prosperity, release from drudgery and debt; they open the gateway to better schools, better opportunities, better social and business relations and better citizenship.

A news item in the daily papers states that fashionable hotels in Chicago are serving that old fashioned boarding house luxury—prunes—at the rate of five cents apiece. Think of that! Hereafter, are we to infer that, figuratively speaking, any person who is full of prunes is rolling in wealth?

Give any man his choice between two pieces of property, equally good and of equal value, the one located along a good road and the other on a bad road, and it takes no sage to predict his decision. A good road is a good talking and selling point for land anywhere.

The Frisco Good Roads train showed some illustrations of bad roads as discovered in the wilds of Menard and Menard county, and also presented a number of views of good roads as found in Marvelous McCulloch. The lectures accompanying the views were devoted chiefly to emphasizing the desire of citizens who live in bad roads communities to move to good roads communities like are to be found in McCulloch.

Boost Brady's advantages, and put in a good word for McCulloch.

Brady is the place of pretty homes and happy, contented people. Come to Brady.

Good roads smooth out the wrinkles and permit those who use them to grow old gracefully. Talk good roads.

Every drummer says there is more business in Brady, and more prosperity than any city of twice the size on their routes. There's a reason.

Anyway, we prefer a meager diet of Texas' grown strawberries, dewberries or Elberta peaches any day to the luxury of prunes and hash.

McCulloch county farmers have decided not to lease any of Menard county to stack their oats on, but will acquire several lofts in the heavens, which are more suitable for their requirements.

The Frisco Good Roads train did some missionary work among the heathens in Menard Monday morning, and the lecturer informed those citizens that while it was a misdemeanor to trespass on railroad property in Pennsylvania, it was, on the contrary, a very commendable act for the Menard citizens to walk the Frisco tracks as far as Brady.

Laura Jean Libbey, dispenser of First Aid to Injured Hearts in the Fort Worth Record indulges in this philosophy: "Where one woman is successful, a thousand sum up life at the end with these words, 'Marriage is a failure.'" Laura Jean evidently has confined her interviews to Menard married ladies entirely. Were she to ask any Brady lady the reply would be that married life in Brady is bliss inexpressible. In Menard, however, married life is one perpetual blister.

Does not take chances when it comes to the matter of printing. He does not have to do so. Printing is a technical proposition. It requires both intelligence and natural qualification if the best is to be had in every job turned out. Just here we enter.

In the first place we never undertake something we know full well we are not able to do. In the second place we are able to do practically anything in printing that any printing house in the land can do. We have the experience, the desire and the equipment. We have customers of long standing who never think of letting other people print for them. They have learned that a dependable print shop is the kind to tie to and you will learn the same thing sooner or later. If you want the right thing in printing—

FARM DEMONSTRATION DEPARTMENT
J. W. Griffin, Demonstrator

As an agent in the service of the national department of agriculture, and through the co-operative arrangements that have been made between the division of Plant and Animal Industry, I am requested to gather all the information I can as to the infestation of ticks in this section of the country and to render all the assistance I can toward the eradication of ticks. Also, should any farmer in the county be interested in building silos and filling them, in feeding from silos, in the purchase of dairy cows, handling of dairy herds, testing of cows, handling of milk, organization of co-operative creameries or anything that relates to the dairy industry, I would like to get into communication with you, or at least secure your name, address and just where you are located in the county, so that I may render you any assistance or information you may desire. No well informed men in the south can possibly be anything but an ardent advocate of the eradication of the cattle tick. We need Animal Industry as a part of a permanent system of agriculture in the South, and the eradication of the tick and the building of silos and the feeding of silage will be of great value to these interests. I earnestly invite every farmer in the county who is interested in the above subjects to feel perfectly at liberty and free in furnishing me your address. Remember, all the information you receive costs you nothing but the asking.

Yours very truly,
J. W. GRIFFIN, Agent,

Escaped from Llano Jail.

The town of Llano was thrown into a fit of excitement last Saturday evening about 6 o'clock when Burman Burror a state convict escaped from the county jail and made his way out of the county.

Robt. Gillon, jailer, had taken Buck Wooten out of jail and brought him up town for the purpose of arranging bond, Wooten being in jail on a grand jury indictment for selling whiskey. About 6 o'clock Robt. Gillon returned to the jail with Wooten and when he unlocked the double cell Burror sprang upon him with a sharp triangular piece of iron in each hand and began beating Gillon over the head. Mrs. Gillon, who was in her dressing room on the first floor, heard the noise and ran up the stairway just in time to see Burror break loose from her husband and start on his run for freedom. Mrs. Gillon then turned and started down the stairs to close the lower door, but she was overtaken by Burror and knocked down. He also stepped on her back as she lay on the steps, in his mad run for the woods.

Out the door he went with Gillon close behind, and was followed by the jailer as far as the river. Mrs. Gillon ran up town giving the alarm, and as soon as the news flashed over town as to what had happened a chase was taken up by many of Llano's citizens, but Burror had a few minutes start, and it seemed that no trace could be had of him, though every place of a hiding nature was searched.

Burman Burror was convicted at the last term of district court on a charge of theft and given two years in the state penitentiary. At this time he was waiting for the state agent to come for him. He has long been considered a law defying man; has been in jail several times before. This was his second escape from this jail, besides getting away from the officers of San Saba. So far, he is still at large.

Sheriff Kuykendall is offering a \$50 reward for his capture, and furnishes the following description:

Burman Burror: Escaped convict; broke jail Saturday, May 25. Is 23 years of age, has black hair, brown eyes, red face, height, about 5 feet, 10 inches; weighs about 165 or 170 pounds. Last seen wearing old white hat

Business and benediction.

To the Voters of McCulloch Co.:

It will not be so that I can
visit each of you personally in
the coming campaign. The work
of the office will cause my con-
finement there for the most
part of the time. I assure you,
however, that I feel that you
will appreciate my attending to
the business for which you are
paying me to attend, rather than
the spending of my time can-
vassing for office and receiving
your pay. I believe your patri-
otism and good citizenship will
not turn me down as long as I
prove to you that I am trying
to do right and am true to duty
and when the other fellow comes
to you with his pleasant smile
and cheerful countenance, re-
member that every candidate is
just as nice as he knows how to
be for he wants your vote, but
remember that while he is palav-
ering with you trying to induce
you to believe that he only is
the man fitted for the office, I
say remember there is another
who is at work for what he con-
siders to be the best interests
of your children and the best
educational interests of your
county, who would have you re-
member him while on duty, with
the assurance that should you
do so, he will try to be faithful
to every trust and prove worthy
of the confidence placed in him
by the good citizenship of Mc-
Culloch county.

Your humble servant,
J. K. BAZE,
County Superintendent.

The Lyric.

The Lyric gave one of the
most successful and appreciated
shows Monday night since
its opening. There was not a
single feature on the program
from the moving pictures to the
double header vaudeville, that
was not superior to anything
presented this season. James
Walker, the local equilibrist,
brought down the house on more
than one occasion with his bar-
rel stunts while blindfolded and
with his feet tied together. Mr.
Walker is a clever actor, and
could easily command a hand-
some salary at his profession,
but prefers making his home in
Brady, and it is only by special
request that he consented to
give a couple of performances
for the enjoyment of Brady
friends and theatre-goers.

The second part of the vaude-
ville is likewise excellent, and
was greeted with round after
round of applause. O'Clare and
McDonald are clever Irish com-
edians, with splendid voices and
rich in the brogue of the na-
tive Celt. Miss McDonald's
Irish jigging to the music of
O'Clair's melodious was much
enjoyed and their yodling made
the hit of the evening. A
large crowd was in attendance
and none had ought but words
of praise for the program.

Why Nelson Proposed

Most of Nelson's friends had been
busy conjecturing which would it be
Orilla or Justine.

"No man can like two girls exactly
the same," said Marian as the girls
were discussing the subject.

"He may admire one for her looks;
another for her cleverness; one may
fascinate and rejoice him with flattery
while another he may care for her
candor."

"Nelson is going to take Justine to
the dance tonight," announced Helen.
"But probably Orilla had a previous
engagement. She never wants for ad-
mirers."

Justine was radiant in her new
gown when Nelson called for her.
The happy thought that he had
shown her the preference gave her
face a softened look of beauty. The
ride to the ballroom was a short
one. As Nelson helped her out of the
carriage she put her hand up to her
ear and exclaimed in dismay:
"I've lost my earring!"

"Are you quite certain you wore
it?"

"Positive," Justine answered nod-
ding her head emphatically. "It's not
likely I'd wear only one."

"Don't worry about it. We're late
already for the dance, and it's too
chilly for you to stay out here while
I search for it. Let's go in the house
and I'll return and see if you dropped
it in the carriage."

Nelson spent the greater part of
the evening hunting for the trinket,
but it was not to be found. All his
efforts were in vain. When he re-
joined the merry party Justine was
the gayest of all. He commenced
to sympathize with her and tried to
console her for the loss, but to his
great amazement she answered in a
joking tone free from all anxiety,
"I'll advertise in the morning and
offer a liberal reward."

"Anyway Justine if it wasn't for
the earring, I might never have real-
ized what pretty ears you have, and
have something important for them to
hear on our way home."

As Justine's partner came to claim
her dance Nelson soliloquized, "I be-
lieve I feel worse about the loss than
she does. It was hard to decide whom
I cared for the most, each seemed so
desirable. Heaven be praised! I
know now. Any girl who can lose a
gorgeous jewel like that and say she
can be just as happy without it, and
that jewels have no great charm for
me, and it doesn't pay to worry one's
head about an earring when there
are so many more important things
to think about. By George! How
stupid of me not to know sooner it
was Justine I loved. Orilla is fore-
ever fretting about infinitesimal mi-
croscopic nothings."

On their way home Nelson said
"my friendship for you has developed
into an overpowering love. What
would you do if I gave you a kiss?" he
asked the girl.

"I'd give it back to you," she an-
swered promptly.

Nelson and Justine were married
a few months later. Before long Nel-
son could not refrain from noticing
how easily provoked and exasperated
his young wife could be over the
smallest occurrences. The few
times Nelson saw Orilla he marvelled
how cheerful she looked while his own
wife was continually complaining and
nothing was good enough, or too good
for her and she made such demands
upon his time and pocketbook. It
seemed inconceivable that she was
the same person. When Edith's en-
gagement was announced to the
champion football player of the sea-
son, Nelson felt a pang of regret
when he thought how his judgment
and calculations had played him false.

"Orilla will make an ideal wife for
a professor," he vouchsafed to his
wife.

"It's easier to be a professor's
wife," she snapped, "than to have to
cater to a man who usually is late
for dinner."

Nelson took the rebuke in silence
and wondering what had happened to-
day that had added two lines to his
wife's face.

"You're as changeable as the
moon," complained he. "How easily
you are annoyed. You worry that
your maid isn't capable, and you
worry when she threatens to leave.
If you buy a blue dress, you're sure
it will look green in the gaslight
and—"

"Have you finished?" interposed his
wife. "With such an unsympathiz-
ing husband, it's surprising I haven't
nervous prostration," she said, wiping
the tears from her eyes. "Naturally
it doesn't concern you, if I lost the
gold hatpin mother brought from Eu-
rope. I'm dead tired hunting in ev-
ery nook and corner for it. Do I re-
ceive gold hat pins every day?" ques-
tioned Justine indignantly. "that I can
afford to lose one without mentioning
it?"

"But, my dear," said her husband
in a conciliatory tone, "you weren't
nearly so harassed and vexed when
you lost that valuable earring before
we were engaged."

"Oh, I've always wanted to tell
you," replied his wife, "that those
earrings were only imitations."

"Justine, why didn't you tell me
sooner. You led me to believe they
were real."

"Did I?" Justine answered. "I
never told you because you never
asked me."

GOOD ROADS SPECIAL

FRISCO'S EXHIBIT VISITED
BY MANY MONDAY.

Building and Maintenance of
Highways Explained by U.
S. Government Experts.

The Frisco Good Roads special
arrived in Brady Monday at
noon from Menard, and was vis-
ited by several hundred McCul-
loch county citizens during the
course of the two hours the ex-
hibits were open to the public.
The train left here about 4:30
for Brownwood.

The train is one of the most
unique undertakings ever de-
vised by any corporation for the
education and benefit of the citi-
zens living in the territory
reached by it. It consists of
four coaches, one being used
for lectures, and comfortably
seating about sixty people. The
arrangement of the car permits
of the use of stereopticon slides
to illustrate the lectures, and
which can be seen from either
end of the car. H. C. Wells of
Washington, superintendent of
road construction in the U. S.
Department of Roads, has
charge of the car and gives an
interesting and instructive talk
upon good roads and bad, the
benefits to be derived from good
roads and the drawbacks and
inconveniences of the bad. His
comparisons between roads be-
fore and after improvement
were especially interesting, one
of the illustrations showing a
farmer marketing a single bale
of cotton over a bad road and
stuck in the mud in the attempt,
and the next illustration show-
ing the same farmer carrying
twelve bales to market with the
same wagon and the same team
over the same road after being
improved. Mr. Wells was as-
sisted in the lecture by H. K.
Craig of Washington, who op-
erated the stereopticon views.

Another coach contained mini-
ature models of standard types
of road and bridge construction.
The roads shown were proper
construction for earth, sand-
clay, gravel, macadam, brick
and bituminous macadam high-
ways. Accompanying these dis-
plays are miniature machines
illustrating types of road ma-
chinery and their operation. The
car also contains large size pho-
tos of good and bad road scenes
similar to those shown in the
stereopticon views. In the bag-
gage car is the gasoline engine
by which the models are operat-
ed. The last car is reserved for
sleeping and eating apartments
for the members of the party.

The good work being done by
the good roads train is inestima-
ble. The lectures and the mod-
els never fail to arouse interest
among those who visit the car,
and invariably result in making
good roads boosters of all. Add-
ed to this, much literature con-
taining valuable information is
distributed, all of which helps
to promulgate the good roads
idea and detail the advantages
of the good roads movement.
The use of the split log drag is
also advocated by the govern-
ment road experts, and the best
method of construction of the
drag is fully set forth in the lit-
erature.

Accompanying the train were
C. W. Strain, G. P. A. for the
Frisco South Texas lines; C. E.
Wynne, D. F. A.; and J. B. Mor-
row, D. P. A.

Evans carried off the medal in
the oratorical contest with a
number of older and more expe-
rienced speakers, a source of
great satisfaction to himself and
pride to his friends.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand
On Her Feet More Than a Few
Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long,
of this place, in a recent letter, says:
"For five or six years, I suffered ag-
onies with womanly troubles."

Often, I couldn't sit up more than a
few minutes at a time, and if I stood
on my feet long, I would faint.

I took Cardui, and it helped me im-
mediately. Now, I can do my work all
the time, and don't suffer like I did.

Take Cardui when you feel ill in any
way—weak, tired, miserable, or under
the weather. Cardui is a strength-
building tonic medicine for women.

It has been found to relieve pain and
distress caused by womanly troubles,
and is an excellent medicine to have on
hand at all times.

Cardui acts on the womanly constitu-
tion, building up womanly strength,
toning up the nerves, and regulating
the womanly organs.

Its half century of success is due to
merit. It has done good to thousands.
Will you try it? It may be just what
you need. Ask your druggist about
Cardui. He will recommend it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages. That is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Children's Day Exercises.

Sunday night at the Christian tabernacle the Children's Day exercises were held. Owing to the fact of the protracted meeting having commenced at the Baptist church, no publicity was given the exercises, but nevertheless the tabernacle was filled to overflowing by parents and friends of the little folks. The program consisted of songs and drills by the children which were much enjoyed. Miss Helen Walker and Claud McClellan favored the audience with vocal solos, which were highly appreciated. Everyone who attended speaks in words of highest praise of the program and all who took any part in the same.

FRISCO NORMAL.

Organization Effected and Students Enrolled Monday.

The organization of the Frisco Summer normal was effected Monday morning in the rooms of the Brady high school. Mr. D. Doole, representing the Commercial club, delivered an impromptu address which was interesting and inspiring. The student teachers present—about forty in number—were enrolled and the assignments for the following day were made.

Owing to the illness of Supt. Baze and the resignation of Mr. Hagan, who had been chosen conductor of the normal, at a time when the advertising should have been pushed vigorously, the attendance will probably be smaller than it should have been. Many more will no doubt be enrolled in a few days.

The instructors seem very much in earnest, and the student body is in good spirits.

Prof. E. W. Miller, who was selected as conductor, following Mr. Hagan's resignation, is in charge. Prof. Miller is one of the best educators in the state, and during the brief time he was connected with the Brady high school faculty, proved his worth as an instructor. The Frisco normal was indeed fortunate in securing his services.

Entertainment.

Mrs. A. G. Walker's will entertain tonight at the court house with a splendid program. Mrs. Walker's annual entertainments always prove most delightful events and are looked forward to with pleasure by all lovers of vocal and instrumental music. Mrs. Walker is remarkably successful as a teacher, and takes great pride in the success attained by the pupils under her charge. Tonight's program will but add to the glory of her achievements.

Cotton Seed Products

Value \$2,891,000 Value \$3,700,000 Value \$29,350,000

THE VALUE OF COTTON SEED IS FIVE TIMES GREATER THAN THE WHEAT AND OAT CROP COMBINED.

From the manner in which lint cotton has conquered its rivals in the field of production and consumption, one would think the victory complete, but the half has not been told. Cotton seed, a quarter of a century ago considered a poisonous product has demonstrated its merit as a food for man and beast. The Federal Agricultural Department recognizes sixty commercial uses for cottonseed and its by-products. Twenty-four per cent of the cottonseed crushed in the United States is harvested in Texas.

The Texas Welfare Commission will investigate the production and marketing of cottonseed and its by-products. R. E. Huff of Wichita Falls is chairman of the sub-committee having the subject in charge.

added as a feature of the annual fair and encampment. He has also been a winner in the quarter and three-eighths races on many tracks in the state. At Brady he raced against time, making a quarter in 23 flat. He was bought by a Mr. Walker, a wealthy ranchman of Menard.

The atmosphere of The Standard sanctum sanctorum is heavily perfumed this week, dear reader, not with the fragrance of ten thousand roses, but with the perfume of a single onion—and it's a peach (figuratively speaking). The onion was handed us together with a renewal for subscription by our friend, J. T. Wade, and coming in this manner we are certain he did not intend it as a lemon. On the other hand, Mr. Wade is a booster for McCulloch county, and when McCulloch county will

raise Bermuda onions 13½ in. in circumference and weighing 13 ounces, and that without irrigation, it's time to settle down to real business and raise 'em. As before stated, this is just a sample of what McCulloch and Brady dirt will do. When it comes to producing the goods, McCulloch county can put it all over South Texas. Come to Brady. Get in line with Mr. Wade and next year we will be shipping onions to those folks who cannot enjoy living in this paradise of the gods.
