Three Big Well Rigs Coming.

The McCulloch County Syndicate, of which W. D. Crothers is the trustee, will have three big wells in progress within the next few weeks on lands controlled by this company in the Lohn valley, one of the heavy drill plants being expected here the latter part of this week or the first of next, and the two others in a week or two. The plants are of the largest size, and this company will soon be going after oil in dead earnest. The company controls a vast acreage in the Lohn field, and has been instrumental in interesting a number of big oil companies in the field.

General Discussion.

S. M. Richardson, foreman of The Standard office, left last night for Denton, where he will spend a week with relatives.

Hard Daniel, who has had charge of the Singer sewing machine agency in Brady, has become so enamored with the town during his stay of a few months that he has purchased a home in southeast Brady and will become a permanent citizen. Mr. Daniel's action is but typical of that of everyone who remains in Brady a month or two. They become so attached to the town that the very thought of having to leave induces them to buy Brady property in order to get to remain.

A. G. Mayse is here for a visit of several days, having been called here by the death of his mother. Pat is now located at McKinney, Texas, where he has long since "made good" as advertising solicitor for the McKinney Courier-Gazette, one of the best small city dailies in the state. Along with his success as solicitor, he has been elected secretary of the McKinney Advertising club, and last year was honored by being named as delegate from the club to the Admen's convention at Boston.

JACK RABBIT BOUNTY

COTTON TAILS ALSO UNDER COURT BAN.

Commissioners Offer Bounty of 5 Cents for Jack Rabbit Scalps Taken in County.

Probably the most noteworthy transaction of the commissioners court while in regular session last week was the appropriation of \$500 out of the general fund of the county to be used in payment of bounties on jack and cotton tail rabbits. The court ordered that the sum of 5 cents be paid for the scalp of each jack rabbit and 2 1-2 cents for the scalp of each cotton tail rabbit, the ears being required as evidence of killing and affidavits filed with each of the claims that the rabbits were killed in McCulloch county. The order remains in force for three months, beginning June 14th.

The court also ordered the payment of \$100 to John McCleary and of \$13.85 to M. C. Dutton for the right-of-way deed for the extension of the cemetery road.

The court canvassed the returns of the election held in the Stacy county line common school district on the 25th of May upon the question of issuing \$4,800 school bonds to run forty years and bearing five per cent interest. The court declared the election legally held and canvassed the returns as follows: For the bonds, 28; against 0. The court declared the proposition carried and ordered the tax levied accordingly.

The court authorized the private or public sale by the trustees of the Waldrip common school district of the old school building, the proceeds to be turned in to the building fund of the district.

Monthly reports of S. H. Mayo and John Rainbolt were examined and approved.

The court met on Tuesday, June 11th as a board of equalization to hear complaints from the taxpayers as to their action in raising property.

The court also affixed the valuation of all unrendered property as presented by the taxpayers.

Court adjourned on Friday, June 14th.

Rain Light in Some Sections.

While the opinion was general that the rain covered every part of this section of the state, later reports are to the effect that the southwest portion of the county was visited by but a light rain. At Tucker the rain was not near so heavy as elsewhere, although it fell slowly and steadily all night. In fact, from about twelve miles out of Brady the rain was light on to the river. Reports from the blockhouse and the Wilhelm ranch are to the same effect. At Menard but a half inch rain was had, instead of two and a half as at first reported. All other portions of the county appear to have been uniformly soaked.

Mr. Young has also been appointed postmaster at Whiteland, and assumed his official duties last week, at which time the Whiteland office opened for business.

DAUGHERTY DISCHARGED.

Court Declares Road Superintendent Unsatisfactory.

Commissioners court met on Monday, June 17th, in called session.

The court ordered the discharge of Road Superintendent W. Daugherty in Road District No. 1, declaring his services unsatisfactory, and ordered notice to be served on him instanter, and his employment as road superintendent terminated at once. The charges against Mr. Daugherty were gross insubordination and neglect of duty. The court's order was placed in the hands of Sheriff Wall with instructions to tender it to Mr. Daugherty.

The court ordered that A. Jamison be employed as road superintendent of Road District No. 1, and placed his salary at \$115 per month, including his conveyance. Salary to be paid weekly.

The court also approved the pay roll for Road District No. 1, and ordered warrants drawn in payment of the same.

Court adjourned Wednesday.

BAPTIST MEETING.

Rev. Francis Well Pleased With Success Attained.

The revival meeting which has been in progress at the Baptist church during the past two weeks, came to a close Sunday night, and the members express themselves as highly gratified over the outcome. There were between twenty and thirty conversions and the church was greatly revived.

The meeting was free from every spectacular feature. On the other hand, genuine religion and devotion prevailed at every gathering. Rev. J. M. P. Morrow of Fort Worth, who conducted, is one of the best and most earnest preachers that has ever been in Brady, and his sermons were uniformly excellent and greatly appreciated. Rev. Frances is gratified over the outcome and feels that the church has been greatly benefited, and the membership is more determined than ever to go forward.

On account of being ill, Rev. Morrow was unable to preach the closing sermon on Sunday night, a distinct disappointment to all. He returned to his home at Fort Worth Monday morning.

COUNTY
CORRESPONDENCE

CALF CREEK WINDIES.
Nine, Texas, June 16.
Editor Brady Standard:

Well, so much has happened since the Old Woman was here it will take one whole side of The Brady Standard to print it.

No rain yet, but live in hopes if we die in despair. Count our blessings and we won't have any reason to rear.

Mr. Tom Alexander and Fred Newsom returned from the Lohn oil field, where they have been drilling. They are near 500 feet, with lots of salt water and the indications are good for a strong flow of oil. They will have the deep well drill finish the well, as their engine can't pull it.

Mr. Bruce Wren has returned from Pontotoc. Bruce says the rosy cheeked girls are as plentiful there as are rosy cheeked peaches.

Mr. Duncan had for his guest last week, his brother and family from Coleman. Mr. Duncan says McCulloch county isn't the only county that has that awful pest—the grasshopper. He says there are some hoppers in Coleman county that are so large that they hop up on a wire, pull a staple out and go right into a field. Yes, and a gentleman from Mason county said they wasn't so large over there, but more numerous. Said one man was fencing them out with tin and before he got the tin up there were so many inside they ate his feed all up, so he finished the fence, let the grasshoppers stay in, die and dry up. He then raked them and baled them and had four tons of good feed on the windup. Now, why can't McCulloch county people be economical like Mason county folks?

Mesdames Duncan, Smith and Mr. and Mrs. Gressett visited at the Bridge home one evening last week.

Misses Pearl Kolb, Letha and Bonnie Wren visited Miss Ethel Attaway one day last week.

Mr. Jed Bingham and wife visited the Hodges home last week.

Mr. Julius Dacy has sold his crop and has taken his wife and baby and gone to the Big Davis ranch, where he has a sure-pay job.

Mr. J. B. Cottrell and wife were visiting among Calf Creek people last week.

Mr. R. M. Attaway and wife visited the E. B. Deland home Saturday.

Mrs. Montgomery of Hext, who is attending the summer normal at Brady, came out to the cemetery Sunday to attend the Woodmen decoration. There was a large crowd in attendance and the program was well carried out.

Mesdames Kiser and Attaway visited at the Bradshaw home Thursday.

Mr. Faught and family were the guests of Mr. and Mrs. Bob Alexander last Sunday.

Mr. Carey Whitehead passed Sunday with another car of cattle, taking them to Fort Worth.

I suppose kodaking is the latest fad now. Fred Newsom has a new one and has taken every house, grave and pretty girl's picture Sunday. No he didn't stop at the pretty ones.

Singing at Grandpa Kolb's Sunday night was well attended.

Bro. Wren and family and H. L. Blasdel and family spent Wednesday and Thursday on the sunny banks of the San Saba fishing. They report plenty of fish and a big time.

Messrs. Faught, J. W. Attaway, Tom Jones and wife are off for a ten days' prospecting trip. They intend to go as far as Rock Island.

The pound supper at Mr. Moore's was well attended. There were several Brady young people out.

R. M. Attaway is having a well dug on his place.

There will be a barbecue at Calf Creek Thursday. Every-

body invited.
H. L. Blasdel has gone to Mason county to get some of Mason county's delicious berries.

Several of the Calf Creek men worked on the road last week. Some of them were Messrs. Tom Bingham, J. T. Gressett and Charlie Williams.

D. M. Handsard and boys were the guests of J. W. Attaway last night. While here Mr. Handsard purchased a span of mules and wagon from Henry Miller.

Calf Creek has been well represented at Brady since my last appearance. Here are a few of the many visitors: Mr. Bowyer and family, Messrs. Duncan, Smith, Kiser, Attaway, Blasdel, Walker, Young, Kolb, and Bridge.

Mrs. Kolb and daughter, Mamie and Pearl, were shopping in Tucker yesterday.

Excuse this lengthy letter. When it rains it generally pours.

OLD WOMAN.

SWEDEN BOASTINGS.

Rochelle, Texas, June 18.
Editor Brady Standard:

Well, as Aunt Susan has a few spare moments, will come in and spin a few yarns for Mr. Editor, correspondents and readers for you all know I am a pretty good talker and can spin yarns to perfection.

Come again, Goldie, I enjoyed your letter very much. Your memory gems were fine.

I cannot send in a remedy this time, Old Carlo, for your sick horses. I advise you to consult a good veterinary surgeon.

Grasshoppers are not so numerous in our community as they have been, but had the good farmers not fenced we wouldn't have anything growing in the field in the way of cotton. This is not the only pest that has been doing the cotton damage. The cut worms and also Mexican fleas have been troublesome.

As the good poet has said, "There is no pleasure without its sadness and no sadness without its pleasure," so now I will tell you of some of the pleasures we have had. On last Monday night one of the best rains that ever fell on Grand Old McCulloch's soil fell here. Every tank creek and ditch is full of water, and the indications are good for more rain.

On last Thursday night a reception was given in honor of Dr. and Mrs. W. M. Burgess by the good citizens of East Sweden. The house was beautifully decorated through the instruction of Sweden's talented decorator, Mrs. J. E. Samuelson. A special program was rendered to suit the occasion. The doctor's life was well represented. There were pieces from the cradle to the grave. We had a well filled house and among the visitors were some from Brady—Mrs. Bauhof and Messrs. Harry Schwenker, Frank Hurd and Walter Swenson. A jolly good time was had by all who attended.

On last Thursday afternoon the Ladies Aid met with Mrs. Carl Johnson. The ladies made their arrival early, for they knew that Mrs. Johnson was a charming hostess. Music, singing, merry conversation and practical jokes were enjoyed until the lunch hour. I can't begin to unroll the menu of that grand lunch, for, you see, Mrs.

Johnson is one of those Swedish cooks. Not only the ladies attended the Aid society, but the men also. The guests departed wishing Mr. and Mrs. Johnson many more such happy occasions.

Mr. and Mrs. J. F. Crew, Jr., did their utmost to entertain the families of E. E. Mitchell, Mr. and Mrs. Carl Johnson, Mr. and Mrs. Kid Jeffers and Miss Alma Hurd last Sunday. They all report a fine time and lots to eat. We don't doubt that this is true, for Mr. and Mrs. Crew are our own warm friends.

Where has Buster gone? Have the grasshoppers eaten him up? Come again, Buster, I sure do enjoy reading your letters.

I am glad to report that Mr. Paul Johnson is able to be up on crutches.

As my letter isn't very interesting, will close.

SOUTH VOCA BARKINGS.

Voca, Texas, June 17.
Editor Brady Stanadr:

Well, here I am again with a package of news for The Standard.

Crop conditions are looking gloomy now. Corn is nearly all gone, for these high winds are cooking it and blowing it down together. Some say it won't do to cut for feed, as it is too green, and I guess it is. If the winds cook our corn and the hoppers eat our cotton what are we to do?

Cotton is looking fine, what little the grasshoppers left and we would make a very good cotton crop if it would rain.

Mr. J. C. Childers was down from Brady Saturday paying a visit to friends and relatives.

The people all met at Mt. Tabor Saturday to clean up the graves. Nearly everybody was there and consequently the cemetery is quite nice now.

Bro. Allen is holding a meeting at Voca now which will last until the 21st.

Bro. Bailey filled an appointment at Dusty Saturday night.

MIDWAY DOINGS.

Live Oak, Texas, June 17.

Editor Brady Standard:

Well, dear readers and correspondents, I will try to come again. Maybe you all thought old Dixie was dead, but she still survives.

Mr. G. W. Patterson is on a journey to Kerrville this week.

Services held at the school house Sunday and Sunday night by Bro. Bursleson were well attended and much enjoyed.

Good luck to all.

BLUE EYES.

PLACID PICKUPS.

Placid, Texas, June 18.

Editor Brady Standard:

Many are the hearts that are rejoicing today over the rain which fell last night. Everybody seems to be all smiles. There will be no more "blues" for a while at least.

Mrs. John Nichol, who was quite sick last week, is much better at this writing.

Messrs. W. V. Day, E. H. Beakley and A. Lane attended church at Mercury Tuesday night.

Several of the Placid boys attended the picnic at Onion Gap Thursday.

Rev. Dunsforth of Brownwood was in Placid last week.

Mr. J. M. Dixon of Evant, Texas, who is drumming for one of the Waco drug companies spent Saturday night, Sunday and Sunday night in Placid.

Miss Celia Gault and brother, Master Alton, visited in Mercury Saturday and Sunday.

Mr. Calvin Bailey of Stacy is visiting his sister, Mrs. Swoap, this week.

I am happy to say that Willie Beakley is rapidly recovering from a serious case of the "blues" since the rain last night. Willie says if he has no back-set he will be able to go to work in a few days.

A jolly crowd from Placid and Mercury spent Saturday night on the Colorado river near Milburn, fishing. They report a good time and lots of fish to eat. Ernest Beakley and J. M. Dixon seemed to enjoy the trip very much. They started to the river in Mr. Dixon's auto, but as luck would have it, they did not get very far. Ernest says he certainly does enjoy automobile driving, especially when he travels at the rate he and Mr. Dixon traveled Saturday afternoon.

Mr. Oscar Gault made a trip to Brady Monday.

Mr. John Dillingham of Hamlin is visiting his sister, Mrs. Schaffer.

Mr. Joe Alexander and family will go to Calf Creek Wednesday to visit relatives and friends for awhile.

Mr. W. V. Day attended the singing at Onion Gap Sunday afternoon.

DEEP CREEK ITEMS.

Cowboy, Texas, June 12.

Editor Brady Standard:

Well, here I come again after so long a time.

Isn't this beautiful weather? But a good rain would come in mighty handy just now.

Killing grasshoppers is the

order of the day.

Mr. Mack Jonas has a gasoline engine over on Corn creek on his farm and is now irrigating his crop. He hopes to make some good corn and probably come late garden truck.

The big hail we had here the 7th of May destroyed most of the gardens in this neighborhood.

There is going to be a picnic at the Jonas place over on Corn creek the 22nd of this month. Everybody come and bring your friends. There will be plenty of water to drink—ice water, if the candidates will bring the ice. There will be lemonade, ice cream and such, so don't forget your pocket books and don't forget the date—June 22nd. I would love to meet all the correspondents at the picnic if I get to go.

A. E. Moran and family, also T. S. Shaw and family spent last Sunday at the Mack Jonas home.

Corn is looking real pretty and if we could only get a good rain now several would soon have roasting ears to eat.

Miss Therese Jonas, who has been attending school at Belton, has returned home.

I will close with best wishes to the editor and readers of The Standard.

Long may you all live; happy may you be. That's all for this time.

LOST CREEK ECHOES.

Voca, Texas, June 16.

Editor Brady Standard:

Seventy days of excessive drouth in the heart of the growing season is enough to put the farmers out of business in any country. Still many people are hopeful yet and say rain will make them some corn. Of course there is plenty of time for feed and cotton if it will rain soon.

Thursday, Friday and Saturday of last week, with their scorching winds from the southwest, have hurt.

Rather than be idle on the farm, Messrs. W. W. Henderson, J. B. Sessom, Frank Schooly, Dick Schooly, Emmett Sessom, Harvey Henderson and D. F. Sommers are out on the road work.

It is surely a great thing for the people to get ready employment. The good people of Bra-

A GENUINE HAIR RESTORER.

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair? There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so-called hair restorers which are nothing more than harmful chemical dyes, which do not grow any hair the only result being that they dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a genuine hair restorer and will grow hair and does not contain any dye of any kind, but will positively restore the color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co., of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six months' test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine, to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove dandruff and make the hair glossy and healthy, that they will pay the sum of \$5 to any dissatisfied customer.

This is the strongest offer ever made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to the Siloron Mfg. Co., Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co., is incorporated under the laws of the state of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.

THE SILORON MFG. COMPANY, Pueblo, Colo.

dy precinct should always pride themselves on being fortunate enough to supply so much work for the people of the county. Aside from having the benefit of the good roads, the money that is brought into circulation is a great thing for the people of the whole county.

The people of the adjoining communities who were interested, about fifty or sixty strong, met at the Mt. Tabor cemetery last Saturday morning and spent the entire day in cleaning up and beautifying the grounds. It certainly does show a loving remembrance lingering in the hearts of the living for their deceased friends and loved ones.

A wee young man arrived at the home of Mr. and Mrs. R. H. Hill last Saturday night to take up his permanent abode. The mother and little fellow doing well.

BRADY, TEXAS, June 21, 1912

AFTER 'EM.

Owing to the fact that McCulloch county rabbits have formed the pernicious habit of fattening upon the thrifty gardens and fields of our industrious and persevering McCulloch county citizens, and then going over to Menard county where they are shot and eagerly pounced upon by the half-starved population as a table delicacy, the McCulloch county commissioners have decided that the county must be rid of the rabbits.

To this end a bounty has been placed upon the rabbits, and Jack and Molly have got to go. The commissioners are to be commended for their action. Brown and San Saba counties have been offering a bounty on rabbit scalps for some time with the result that a great number have been slaughtered and the pest is gradually being exterminated. The combined efforts of the citizens in the counties where bounties are offered should go a long way towards ridding the country of the pest, and the commissioners of other counties should follow the good example and likewise offer a bounty.

GOOD THINGS.

Says the Fort Worth Star-Telegram in speaking of the big rain: "The highest mark was probably obtained at Brady, where a slight margin above four inches was recorded."

That's the best in Texas—but why not the best. The good book tells us that "to him that hath, shall be given", and Brady being the best city in the state it is quite fitting that the best rain should fall here. Of course, in such wicked and degenerate places as Menard, it was not to be expected that they should receive anything more than a scant half inch. Besides, rain in Menard musses up the streets so, and increases the loungers about the street crossings.

Doesn't this prosperity weather make you feel big?

McCulloch county has been in fine shape all the year. The big rain just made the prosperity more real.

McCulloch county is in for a bumper crop this year. Come to McCulloch and get your share of the good things.

Trust Grand Old McCulloch to get the best of most things, and the most of the best of things.

Brady's growth is just as rapid as the enterprise and progressive spirit of her citizens permit. And Brady is going some.

CLAUDE CALLAN AND DAVID DOOLE, JR.

Don't always have something bad to say of your neighbor. The chances are two to one that he is a better man than you are.
Brady, Texas, June 6.
Hon. Claude Callan, Menard.

Dear Sir: The above clipping from the last issue of your paper is respectfully inclosed with the request that you paste it in your hat.

Yours tenderly,
David Doole, Jr.

We have done so, but in view of the fact that Dave is not our neighbor we feel at perfect liberty to cuss him so long as he continues to be a part of that most powerful ally of the devil—the republican party. Anyhow that wasn't "the last issue" of our paper.—Menard Messenger.

Dave says he has never pretended that Callan was his neighbor since it became necessary for him to run him out of Brady to keep from neighboring him and that he takes the vap'd vaporings and cussings all as compliments, but that if it is ever clearly proven that the republican party is an ally of his (Callan's) master, he will quit it. And, by the way, Dave is still looking for the "last issue" expecting it to be the next.

SUGGESTION.

Wonder what Schwenker of The Brady Standard would have said had he heard that Brady girl remark to her companion as they passed us on the street: "Isn't he the sweetest thing!" But maybe what he would have said wouldn't look well in print.—Menard Messenger.

Evidently you were recently in Brady, or a Brady girl was recently in Menard. We judge thereby, that relations between the two towns have not been severed, which is highly commendable. But we doubt if it is a wise policy on your part to peeve The Standard man by printing testimony that seems to show how sweet the Brady girls think you are. It will force the Brady brother to print affidavits from Menard girls telling how sweet he is. From that may come charges and counter-charges to the effect that the girls in both towns are fibbing, and then war will break out between the Irish Callans and the Teuton Schwenkers. Our suggestion is that you rival courting men print your pictures side by side in your newspapers, and then let the girls of your respective counties vote upon the question of which of you is the sweeter. Leave it to a referendum.—Dallas News.

The Brady girl mistook Callan for her cross and crabbed old grandpap and merely let fall the remark as a preface to tuning up the old gent into spending some of his hoarded wealth for some pretty dresses for the young lady. Immediately upon perceiving her error, the pretty girl proceeded to faint into the arms of gallant ourself, much to her own gratification—us too. But State Press is grossly unfair to Callan in suggesting that each of our pictures be printed side by side. Needless to state, we, ourself, are grace and handsomeness personified, while Claude Callan's appearance would resemble that of a last year's scare crow were it not for the fact that his features out-point his appearance. The foregoing explains why Callan is so opposed to woman's suffrage in politics. How much more so, then, would he be opposed to girl suffrage in a question of sweetness.

Another modern business house to be built keeps Brady in the progressive column.

NIX FOR THAT.

Brady Commercial club is raising \$3,000 with which to tempt the Hatfield Bros. to divide that ten-inch rain they have promised San Angelo. It won't work, brethering beloved; there won't be enough to go round, and the only way for Brady to obtain the benefits of the Hatfield bounties is to move up to Concholand.—San Angelo Standard.

Nix on the suggestion. While the Hatfield brothers have been promising San Angelo the rain, Brady went out and interviewed old Jupiter Pluvius, and got the rain. J. Pluvius doesn't appreciate common mortals mixing in his affairs anyway. If Concholand wants to get her feet wet, it's up to them to move to Grand Old McCulloch and help us spend the \$3,000 on red, white and blue umbrellas.

Just note the improvements that are in progress in Brady, and then consider that the last three years haven't been the most prosperous in history, and you will form some idea of what a good town Brady must be to grow and build as she has done, is doing and will continue to do.

George Keen is so proud since he got back from the dry, dry west that he goes around with his pockets full of vegetables and other things good to eat raised in Magnificent Milam. He came into the Reporter office Monday looking like a warty rabbit, and began shelling out 'rish potatoes and big white onions, explaining that his brother, Pete, was some punkins as a gardener and sent in a few little specimens culled from a shipment he was making a sister out in Magnified McCulloch. One onion weighed over a pound and had enough juice in it to bring tears to the eyes of a multitude.—Rockdale Reporter.

Hully gee! The onion must have arrived, for the clouds wept something like twelve hours a day or two ago. But George ought to have brought his brother, Pete, to McCulloch county when he lived here. Had he done so he would not have reneged on the Grandest McCulloch that ever was, and returned to Mere Milam(o). On the contrary, instead of marketing his brother's vegetables in his pockets, he would be peddling garden truck in an automobile. That's the kind of gardeners we are.

OF GREAT IMPORTANCE.

To Business Men in Contemplated Differential Territory.

On the first of June the railroads operating in this section of the state filed through their joint agent, Mr. F. A. Leland of St. Louis, Mo., a notice that the freight rates would be raised on all commodities; that is, making this part of Texas from a line running north and south beginning at San Antonio, and running east of Lometa, thence northwest, then north to the Fort Worth and Denver road, differential territory.

The Commercial organizations in the towns and cities in this disputed section filed through their U. S. Senators and Congressmen, and the attorney we employed to manage the matter, vigorous protests with the Interstate Commerce Commission at Washington, D. C., and have through these efforts secured a suspension of rates until October 5th, next. This fight for our rights will cost over \$3,000, this money to be raised by us in this section of the state involved in the struggle. By all doing a part the burden will not be heavy, but if only a few must bear the burden of all, the load will be heavy to bear. Now, as only a few are making a heroic fight for justice at the hands of railroads, we are asking the attention of the business men of Menard, Eden, Melvin, Rochelle, Mercury, San Saba, Richland Springs, Lometa, Mason, Llano, Boerne, Fredericksburg, and all other towns in the affected territory to help us in a financial way in this contest. If we lose, it means an increase of from 3c to 10c on the hundred pounds in freight rates. By co-operation there is no doubt of our success. It means much to all of us in all professions alike, for we will have to pay that increase in price.

Write today and give us the assurance of your co-operation. At the present time there are only a few enlisted in this worthy cause—Big Springs, San Angelo, Ballinger, Snyder, Brady, Sweetwater and one or two more are caring for the above amount to keep this section in common point territory.

C. C. Johanson reports a peculiar incident of last Monday night's rain. Mr. Johanson has a fine peach tree just at the rear of his house which has been adopted as a roosting place by the English sparrows, and all efforts to dislodge them have been in vain. Tuesday morning Mr. Johanson was rejoiced to find a large number of the little pests lying dead under the tree; in fact, he counted some 88 in all. He says he has not noticed another one about the place. Mr. Johanson is puzzled to account for the phenomenon and wonders if anyone else had a similar experience.

Sensible Women Know Foundation of Health

As health talks to women become more general, both in the newspapers and on the platform, the mass of women are beginning to realize what the more cultivated have always known, that good health cannot be found in a powder box. The external of health may be obtained in that way, but the basis of health lies deeper, and yet is just as easily obtained.

The most important thing that a woman can do for herself, and about which she is often most neglectful, is to watch the condition of her stomach and bowels. The weak eyes, the bad breath, the frequent headaches, the pimples, the general air of lassitude is nine times out of ten the result of constipation or indigestion, or both. Many simple remedies can be obtained, but the best in the estimation of most women is Dr. Caldwell's Syrup Pepsin. It is mild, pleasant to the taste and exactly suited to her needs. It is far

COMMERCIAL CORNER

By the Secretary.

There is a matter of interest to us all to which I wish to call the attention of our business men. When the railroads, through their joint agent, Mr. F. A. Leland of St. Louis, filed with the Interstate Commerce Commission at Washington that there would be a raise of freight rates to begin about the first of June, the Dallas Chamber of Commerce gave them their assistance. Again, when we, at a great expense, and with the cooperation of an attorney and the assistance of our representatives in congress, secured a suspension of the rate, the Dallas bunch got busy again and filed a letter of protest with the Commission asking that suspension be not allowed. This, we believe to be the limit of pure gall purely for the money they could get out of this section of the state. The Fort Worth wholesale dealers have the same opportunity to reap a harvest, but they have not taken advantage of us here. When the freight rates go up, we have them to pay. Now, when we have enough to pay in maintaining a living under very adverse circumstances, it looks a little hard to us to see any sort of a crowd trying to push us any more.

At a recent meeting of the Brady Commercial club a resolution was passed condemning the actions of the Dallas Chamber of Commerce. Also a motion was made asking the business men of this section to write letters to their respective wholesale dealers in both Dallas and Fort Worth not to take any stand against us in the battle for right. The San Angelo Chamber of Commerce asked their local business men to sever their relations with the Dallas houses and they did so at once. If we can muster up some of the same grit, we can make them sit up and take notice. That is the most potent way of securing immediate attention. Move your pocket book and you will secure other motions with it. To retain our present freight rate tariffs will cost us the neat little sum of \$3,000. This much is already in sight. So we do not feel very soft toward those who are trying to put us still further in the hole. To allow them to secure this raise, the farmers and consumers of the commodities of life will have to pay ten times that amount each month in this division of the state. Therefore, we ask our business men to get busy with their Dallas houses and thereby help ourselves out of trouble and expense.

RECEPTION FOR PASTOR.

Rev. W. M. Burgess Guest of Sweden Congregation.

One of the most charming entertainments of last week was the reception tendered Rev. W. M. Burgess and wife at East Sweden by the members of his church. The reception was in honor of their safe return from a visit to his old home in Kentucky, as well as a trip through the northeast, and no prettier exhibition could have been had of the esteem in which the pastor and his good wife are held by the members of his congregation.

The reception was arranged by Mrs. C. J. Hendrickson and the plan of entertainment was not only unique but exceedingly clever, and was a most enjoyable surprise to all who attended. The program was divided into four sections, the first representing the childhood of the pastor; the second, his youth; the third, young manhood; the fourth, middle life. Each was portrayed in graphic manner in song and story.

At the conclusion representatives of the church and the Sunday school and the various societies made brief talks in which they expressed their appreciation of the work accomplished for them by their pastor; their gratification over his safe return, and the hope that he would for many years be spared to them to continue the good work. To this Rev. Burgess responded, stating that never had it been his pleasure to serve a more devoted, a more Christian or a better congregation, and expressing his pleasure in the thought of having been of service to them.

Following the program refreshments were served in the school building and the remainder of the evening spent in games and conversation.

The following was the program:

NEW BUSINESS BLOCK

PRETTIEST AND MOST MODERN IN THE CITY.

Solid Plate Glass Front, Brass Trimmings, Marble Base and Modern Awning.

The plans and specifications for the new Abney & Vincent block have been completed and call for a building that will be a model for future construction in Brady. Abney & Vincent have purchased the Brady National bank lot adjoining their property on the west and will rebuild the entire half-block, giving the south side of the square one of the most attractive and ornamental buildings in the city.

The reconstructed block will be divided into two buildings, one occupying the same space as the former Brady National bank building, and the other the space of the old Abney & Vincent building, the latter to be constructed as one entire room. The former will be 30x90 ft. in dimensions, while the latter will cover a ground space 50x90 ft. and be double decked in the rear.

The exterior of the block will present a line of solid plate glass front, with brass cornishes and trimmings, and with a 12-inch marble base running the length of the front at the foot of the plate glass. There will be three recessed entrances, each recess being paved with tile, one of the entrances being to the building on the west, while the building proper will be equipped with two entrances. The plate glass fronts will be 7x10 ft., while the plate glass recesses will be 6½x10 ft. A modern swinging awning will complete the attractive appearance of the block, and above the awning will be a 36-inch sash, Florentine glass being used. The pillars and the space of 10½ ft. above the "I" beam will be constructed of handsome pressed brick similar to that used on the new Brady National bank building. The west wall of the old building on the corner will be retained, the openings being closed and the entire wall being cemented over and designed in cement blocks.

Messrs. Abney & Vincent are to be congratulated upon their enterprise and progressiveness and Brady citizens will take no less pride in the handsome new structure than they themselves.

Waynesville, N. C.—Mr. F. R. Huffman, of this city, says: "I suffered dreadfully with what I thought was heart trouble, and tried various medicines in vain.

After other remedies had failed, Thedford's Black-Draught restored me to health. I would not feel safe without Black-Draught in the house. I consider it worth its weight in gold.

It cured my indigestion, and by this means I was restored to health. I can not express my gratitude for its benefits."

Good health depends on the condition of your digestion. Poor digestion and good health do not go together.

Thedford's Black-Draught will thoroughly cleanse and set in order your digestive system.

It has done this for others, during the past 70 years, and is today the most popular vegetable liver remedy on the market. Try it.

SYNOPSIS.

CHAPTER I.—Elam Harnish, known all through Alaska as "Burning Daylight," celebrates his 30th birthday with a friendly crowd of miners at the Circle City Tivoli. He is a general favorite, a hero and a pioneer in the new gold fields. The dance leads to heavy gambling in which over \$100,000 is staked. Harnish loses his money and his mine, but wins the mail contract of the district.

CHAPTER II.—Burning Daylight starts on his trip to deliver the mail with dogs and sledges. He tells his friends that the big Yukon gold strike will soon be on and he intends to be in it at the start. With Indian attendants and dogs he dips over the bank and down the frozen Yukon and in the gray light is gone.

CHAPTER III.—Harnish makes a sensationally rapid run across country with the mail, appears at the Tivoli and there is another characteristic celebration. He has made a record against cold and exhaustion, and is now ready to join his friends in a dash to the new gold fields.

CHAPTER IV.—Harnish decides where the gold will be found in the up-river district and buys two tons of flour, which he declares will be worth its weight in gold before the season is over.

CHAPTER V.—When Daylight arrives with his heavy outfit of flour he finds the big flat desolate. A comrade discovers gold and Harnish reaps a rich harvest. He goes to Dawson, begins investing in corner lots and staking other miners and becomes the most prominent figure in the Klondike.

CHAPTER VI.—Harnish makes fortune after fortune. One lucky investment enables him to defeat a great combination of capitalists in a vast mining deal. He determines to return to civilization and gives a farewell celebration to his friends that is remembered as a kind of blaze of glory.

CHAPTER VII.—The papers are full of "The King of the Klondike," and Daylight is feted by the money magnates of the country. They take him into a big copper deal and the Alaskan pioneer finds himself amid the bewildering complications of high finance.

CHAPTER VIII.—Daylight is lured by the moneyed men and finds that he has been led to invest his eleven millions in a manipulated scheme. He goes to meet his disloyal business partners at their offices in New York City.

CHAPTER IX.—Confronting his partners with a revolver in characteristic style, he threatens to kill them if his money is not returned. They are cowed into submission, return their stealings and Harnish goes back to San Francisco with his unimpaired fortune.

CHAPTER X.—Daylight meets his fate in Dede Mason, a pretty stenographer with a crippled brother, whom she cares for. Harnish is much attracted towards her and interested in her family affairs.

CHAPTER XI.—He becomes an element in large investments on the Pacific coast and gets into the political ring. For a rest he goes to inspect one of his properties in the country and momentarily is attracted back to the old life on the lone-some trail.

CHAPTER XII.—Daylight gets deeper and deeper into high finance in San Francisco. He makes frequent runs into the country, thus getting close to nature, but his mind is still in the speculation trend. Very often, however, the longing for the simple life well nigh overcomes him.

CHAPTER XIII.—Dede Mason buys a horse and Daylight meets her in her saddle trips. He begins to indulge in horseback riding and manages to get into her company quite often.

CHAPTER XIV.—One day Daylight asks Dede to go with him on one more ride, his purpose being to ask her to marry him, and they canter away, she trying to analyze her feelings.

CHAPTER XV.—Dede tells Daylight that she likes him, but that her happiness could not lie with a money manipulator. She suggests the vast good he could do with his wealth if so inclined.

CHAPTER XVI.—For the sake of his love, Daylight undertakes the scheme of building up a great industrial community among the hills. He wins her regard by interesting himself in her crippled brother.

CHAPTER XVII.—Dede finally tells Daylight she does not dare marry a man who is so engrossed with the business game. He is insistent and yet hopes to win her.

CHAPTER XVIII.—Daylight falls back into his old drinking ways and then rouses up from the same, realizing that he is not the sturdy pioneer of the rude Alaskan days.

CHAPTER XIX.—There is a flurry in the money market, but Daylight tells Dede that he is going to wipe the slate clean, go to manual work on a ranch and prove to her that he has reformed.

"Let's go and get married," he urged, all the whimsicality of his utterance duplicated in his eyes. "I've been working like forty horses ever since this

blamed panic set in, and all the time some of those ideas you'd given me were getting ready to sprout. Well, they sprouted this morning, that's all. I knew I wanted to ride in the hills with you just about thirty million times more than I wanted to go to the office. And I knew all the time it was impossible. And why? Because of the office. The office wouldn't let me. And then I made up my mind that I was to the dividing of the ways. One way led to the office. The other way led to Berkeley. And I took the Berkeley road. I'm never going to set foot in the office again. That's all gone, finished, over and done with, and I'm letting it slide clean to smash and then some. I'm wiping the slate clean. I'm letting it all go smash. When them thirty million dollars stood up to my face and said I couldn't go out with you in the hills today, I knew the time had come for me to put my foot down. And I'm putting it down. I've got you, and my strength to work for you, and that little ranch in Sonoma. That's all I want, and that's all I'm going to save out, along with Bob and Wolf, a suit case and a hundred and forty hair brushes. All the rest goes, and good riddance. It's that much junk."

A knock at the door interrupted him, and he was left to stare delightedly at the Crouched Venus and around the room at Dede's dainty possessions, while she answered the telephone.

"It is Mr. Hegan," she said, on returning. "He is holding the line. He says it is important."

Daylight shook his head and smiled. "Please tell Mr. Hegan to hang up. I'm done with the office and I don't want to hear anything about anything."

A minute later she was back again. "He refuses to hang up. He told me to tell you that Unwin is in the office now, waiting to see you, and Harrison, too. Mr. Hegan said that Grimshaw and Hodgkins are in trouble. That it looks as if they are going to break. And he said something about protection."

It was startling information. Both Unwin and Harrison represented big banking corporations, and Daylight knew that if the house of Grimshaw and Hodgkins went it would precipitate a number of failures and start a flurry of serious dimensions. But Daylight smiled, and shook his head.

He caught her by the hand and drew her to him. "You let Hegan hang on to that line till he's tired. We can't be wasting a second on him on a day like this."

"But I know something of the fight you have been making," Dede contended. "If you stop now, all the work you have done, everything, will be destroyed. You have no right to do it. You can't do it."

Daylight was obdurate. He shook his head and smiled tantalizingly. "Nothing will be destroyed, Dede, nothing. You don't understand this business game. It's done on paper. All I stand for is paper. I've got the paper for thousands of acres of land. All right. Burn up the paper, and burn me along with it. The land remains, doesn't it? Nothing is going to be lost—not one pile out of the docks, not one railroad spike, not one ounce

of steam out of the gauge of a ferry-boat. The cars will go on running, whether I hold the paper or somebody else holds it."

By this time Hegan had arrived in an automobile. The honk of it came in through the open window, and they saw it stop alongside the big red machine. In the car were Unwin and Harrison, while Jones sat with the chauffeur.

"I'll see Hegan," Daylight told Dede. "There's no need for the rest. They can wait in the machine."

"Is he drunk?" Hegan whispered to Dede at the door. "She shook her head and showed him in."

CHAPTER XX. Three days later, Daylight rode to Berkeley in his red car. It was for the last time, for on the morrow the big machine passed into another's possession. It had been a strenuous three days, for his smash had been the biggest the panic had precipitated in California. The papers had been filled with it, and a great cry of indignation had gone up from the very men who later found that Daylight had fully protected their interests. It was these facts, coming slowly to light, that gave rise to the widely repeated charge that Daylight had gone insane. It was the unanimous conviction among business men that no sane man could possibly behave in such fashion. On the other hand, neither his prolonged steady drinking nor his affair with Dede became public, so the only conclusion attainable was that the wild financier from Alaska had gone lunatic. And Daylight had grinned and confirmed the suspicion by refusing to see the reporter. He halted the automobile before Dede's door, and met her with his same rushing tactics, enclosing her in his arms before a word could be uttered.

"I've done it," he announced. "You've seen the newspapers, of course. I'm plumb cleaned out, and I've just called around to find out what day you feel like starting for Glen Ellen. It'll have to be soon, for it's real expensive living in Oakland these days. My board at the hotel is only paid to the end of the week, and I can't afford to stay on after that. And beginning with tomorrow I've got to use the street cars, and they sure eat up the nickels."

"Good morning, Larry," was Daylight's greeting. "Sit down and rest your feet. You sure seem to be in a flutter."

"I am," the little Irishman snapped back. "Grimshaw and Hodgkins are going to smash. If something isn't done quick, why didn't you come to the office? What are you going to do about it?"

"Nothing," Daylight drawled lazily. "Except let them smash, I guess. I've had no dealings with Grimshaw and Hodgkins. I don't owe them anything. Besides, I'm going to smash myself. Look here, Larry, you know me. You know when I make up my mind I mean it. Well, I've sure made up my mind. I'm tired of the whole game. I'm letting go of it as fast as I can, and a smash is the quickest way to let go. All you've got to do is to protect yourself and all our friends. Now you listen to me while I tell you what to do. Everything is in good shape to do. Nobody must get hurt. Everybody that stood by me must come through without damage. All the back wages and salaries must be paid pronto. To all the money I've switched away from the water company, the street cars, and the ferries must be switched back. And you won't get hurt yourself none. Every company you got stuck in will come through—"

"What have you done to him?" Hegan snarled at Dede.

"Hold on there, Larry." For the first time Daylight's voice was sharp, while all the old lines of cruelty in his face stood forth. "Miss Mason is going to be my wife, and while I don't mind your talking to her all you want, you've got to use a different tone of voice or you'll be heading for a hospital, which will sure be an unexpected sort of smash. And let me tell you one other thing. This is all I'm doing. She says I'm crazy, too."

Dede stepped forward where she confronted the two men.

"Wait," she said. "I want to say something. Elam, if you do this insane thing, I won't marry you. I refuse to marry you."

Hegan, in spite of his misery, gave her a quick, grateful look.

"I'll take my chance on that," Daylight said. "And now, Larry, you'd better be going. I'll be at the hotel in a little while, and since I'm not going to step into the office again, bring all papers to sign and the rest over to my rooms. And you can get me on the 'phone there any time. This smash is going through. Savvee? I'm quit and done."

He turned to Dede as soon as Hegan was gone, and took her by the hand.

"And now, little woman, you needn't come to the office any more. Consider yourself discharged."

"I'd cry, if I thought it would do any good," she threatened.

"In which case I reckon I'd have to hold you in my arms some more and sort of soothe you down," he threatened back.

As he stood at the top of the steps, leaving, she said:—

"You needn't send those men. There will be no packing, because I am not going to marry you."

"I'm not a bit scared," he answered, and went down the steps.

Using The Detroit Vapor Stove

Is The Next Thing To Using Natural Gas.

Gasoline as an experiment or plaything is dangerous. Gasoline will explode under certain conditions, but you remove those conditions and there is no more danger than using a lamp. A good gasoline stove is to be prized at all times, and especially the weather we have been having the last few days.

Gasoline is the cheapest fuel we have too, less than one third the cost of coal. Below we give a comparative table of cost of cooking meat for one hour, as taken from the "Journal of Agriculture" published in St. Louis, Mo.

Electricity per hour	4.125
Coal per hour	3.675
Gas per hour	2.000
GASOLINE per hour	1.092

The "Detroit" Vapor Stove consumes all the fuel that it uses directly under the cooking utensil, so in that way gets every bit of the heat out of the gasoline and places it where it is wanted.

BENHAM'S OFFERINGS

AN ATTRACTIVE DISPLAY OF SEASONABLE WEARING APPAREL AT BRADY'S UP-TO-DATE STORE.

The value of attractive window displays has long since been recognized by every progressive merchant, and no one better realizes the power of attractive show windows than does S. A. Benham. Mr. Benham's displays are invariably the kind to demand the attention of the passerby, and once attention has been attracted, the selling is the easy part, for Benham's goods have the quality and the style, and the price is right, too. And then you never get ashamed of anything you buy at Benham's.

But had you noticed the display this week?

Did you notice those pretty silk hose, the regular 50c kind, that are offered at three for \$1.00? That's giving big value, and an offer of useful and desir-

able merchandise that no one can afford to pass by.

And shirts. Every man can use a new shirt, and no one has too many, especially if it bears a trade mark of national reputation. Take a look at those superior Manhattan and Cluett Arrow brand shirts at \$1.00 and \$1.50 and you'll be sure to find something there that you need to make your wardrobe complete.

Shoes there are on display as well. Benham always has the shoe display, for Benham is the Shoe Man of Brady. There are dainty shoes for the ladies and durable shoes for the men; white shoes, black shoes, tan shoes and suedes. In fact, no matter what you may want, Benham's is the place. Benham leads always.

Class Party.

The home of Mrs. John Wall was the scene of quite an enjoyable occasion on last Friday evening when Mrs. S. A. Benham entertained her Sunday school class of young men.

Progressive "42" furnished the pastime for the evening quaint hand-painted score cards being in use.

Delicious grape ice and cake were served by Mesdames Wall and Benham to the following guests: Misses Ruth Wood, Myrtle Wall, Nora Sheridan, Mary Schaeg, Vera King, Ruby Wood, Lucile Benham, Laura Lee White, Mamie Spiller, Fay Wall and Keyser; Messrs. Top Jones, Porter Cook, Oscar Lang, Lee Goodson, Steve Duke, H. F. Schwenker and James Walker.

Porch Party.

Miss Hadye Willoughby was the charming hostess to a "porch party" at her pretty home, complimenting Mr. and Mrs. Bailey Jones of Austin.

Three tables were arranged comfortably amid tall palms, ferns and porch plants—the effect of a tiny summer garden.

TIMELY WARNING TO CALOMEL USERS.

Calomel is a Form of Mercury, and if it stays in the Human System, its Effect is Terrible—Ask Your Doctor.

Any physician will tell you that mercury, if it remains in the body, will soften and rot the bones, a disease doctors call necrosis of the bones. Calomel is a form of mercury, and to keep clear of danger it's a safe plan to take no calomel at all, especially as there is a better remedy.

Both children and grown people will find a perfect substitute for calomel in Dodson's Liver-Tone, a pleasant vegetable tonic that induces the liver to act and which never has had any bad after-effects. In fact, Dodson's Liver-Tone will do everything that calomel does without any of the dangers of calomel. A large bottle costs only 50 cents, and Jones Drug Co. will refund your money if you are not satisfied.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. ASK YOUR NEIGHBOR.

Hundreds of Brady Citizens Can Tell You All About It.

Home endorsement, the public expression of Brady people, should be evidence beyond dispute for every Brady reader, of the merits of Doan's Kidney Pills. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

C. V. Globber, Brady, Texas, says: "For many years I have been troubled with a dull ache in my back and across my kidneys. I consulted a doctor and he pronounced my complaint lumbago. He gave me a prescription, but it gave me no relief, and I tried other remedies. I saw Doan's Kidney Pills advertised and procured a box. Before long I noticed that my trouble was beginning to disappear, and I have not lost a day from work since. After taking two boxes of Doan's Kidney Pills I was cured. I think this remedy is well worthy of recommendation."
