T IS CUT as nearly as possible, in square, even blocks of "Hot Weather Comfort" that present the smallest surface to the atmosphere and melts more slowly than ice that is cut in an irregular lump. Then, too, the square block fits snugly in the ice box and a larger piece can be used.

That is one reason why "Mann Bros. Ice" is more economical than other kinds, and it is better too. Let us send one of our men to show you how good "Mann Bros. Ice" is. JUST PHONE 125.
