SUBJECT TO THE ACTION OF THE DEMOCRATIC PRIMARY

OPENS NEW BAKERY.

Mac Allman Again in Business for Himself.

Mac Allman announces the opening of a new bakery in the building adjoining The Standard office, he having purchased the outfit, and having added to it considerable new equipment. The fixtures have been renovated and the interior arranged in a pleasing and appetizing manner.

Mr. Allman has been engaged in the bakery business in Brady almost continuously for the past five years and has the reputation of being one of the best bakers in this section of the state. His equipment is an up-to-date as is to be found in any city, and Mr. Allman will have no trouble in maintaining his reputation for the excellence of his goods. He invites his friends and the public in general to call on him, and assures them the best and most satisfactory treatment.

Messrs. Joe Souther and E. E. Polk and son, John Allison, are just back from a fishing trip on the creek. Their failure to have any new yarns is evidence of the results of the outing.

Doole Singing Convention.

Brady folks who were fortunate enough to be enabled to attend the singing convention at Doole last Sunday are loud in their praise of the occasion, as well as to the hospitality of the Doole citizens. An enormous crowd was present, and never did an occasion prove more enjoyable, nor was there ever such harmony and good feeling prevalent as upon this occasion. The dinner itself was something never to be forgotten, and despite the enormous crowd, there was plenty to go round and some left over.

Doole folks wrote the name of their prosperous little village in big letters last Sunday.

EDEN BARBECUE.

Elaborate Program Arranged For July 24th.

Eden is making elaborate preparations for the big barbecue on the 24th inst., and are confidently expecting to be host to about 3,500 people on that date. They have secured some of the most prominent speakers and candidates to entertain the visitors, and have also arranged horse races, cigar races and ball games for the enjoyment of those who attend. The largest dance platform that has ever been built in West Texas, and the best of music for the dance is another promised feature.

"Something doing every minute" is the plan of the celebration and a cordial invitation is extended to all citizens near and far to be present on that occasion.

Bring us your harness for repairs. We do the best work in the city. H. P. C. Evers, Brady National bank building.

Looking After Your Oil Wants.

I have taken charge of the Texas Co.'s local business, and it will be my pleasure to serve all customers of the company in the same prompt and efficient manner that has characterized the management in the past. I greatly appreciate all favors shown me since I succeeded Mr. Claud McClellan and trust to merit a continuance of your liberal patronage. My constant endeavor shall be to give you satisfactory service, and if at any time, you have any complaint to make I will appreciate your advising me.

Whenever you need anything in the way of oil or gasoline, a phone call will get you prompt service and the best oil or gasoline on the market.

Local Manager.

EXTERMINATE RABBITS

FIRST DAY'S RECEIPTS ARE 1700 SCALPS.

Farmers and Citizens Unanimously Declare Rabbit Bounty Best Order Ever Issued.

With the opening of the commissioners court Monday, there was a rush for the redemption of rabbit scalps, that being the first day on which payment of the bounty for rabbit scalps was made. When the court had finished their initial count and authorization of payments for the same, they totaled the number of scalps at 1,674. Before night this amount was swelled to about 1700. Latest reports give the total number of redemptions at about 1900.

This is but the beginning of the rabbit extermination in the county, as doubtless there are hundreds of scalps scattered over the county that are being held for redemption, and every day adds to the total. It will be readily seen that this is but the inauguration of the rabbit extermination, and before the three months' limit has expired it is a safe guess that the whole of the \$500 appropriation will have been used up and rabbits will be very nearly as scarce an article in this section as are crows.

Stop Drilling at 900 Feet.

Drilling on the Meers wells has been stopped at 900 feet awaiting the arrival of more casing. Coming right at the time when expectations were keyed to the highest pitch, the delay is a source of great disappointment to the drillers as well as everyone interested in the field. It is hoped that more casing may be secured in the next few days and that drilling may be resumed at once.

More new summer dress goods here than anywhere in town. Wm. Connolly & Co.

Land Loans.

I have \$50,000 to loan on McCulloch county farms. Ranch loans made anywhere in the state. No loan too large, as I have ample funds available for ranch loans. Write me.

MORE CITY AIRS.

A. W. Keller Purchases Swellest Wagonette on Market.

Ever on the lookout to serve his patrons in the most efficient manner, A. W. Keller this week goes all previous efforts one better by placing at his patrons' disposal the swellest wagonette to be found in the Dallas markets—a wagonette the equal of which cannot be found in any city west of San Antonio or Dallas.

Mr. Keller was in Dallas the first of the week, leaving here Sunday night, with the object in view, and says the handsome 12-passenger wagonette will make them all sit up and take notice, and will put to shame anything to be found anywhere outside the biggest cities.

He reports an enjoyable trip and says he saw some of the finest gardens and fields between Fort Worth and Dallas that it had ever been his pleasure to gaze upon.

LEASE SCHOOL LANDS

COMMISSIONERS CLOSE A CONTRACT FOR 5 YEARS.

Highest Lease Price Ever Realized—\$2000 Per Annum. Subject to Sale of Land.

Commissioners court this week closed a contract with Sam Arnett of Lubbock, leasing to Mr. Arnett the body of land situated in Hockley county, known as the McCulloch county school lands, for a period of five years. The lease price is \$2000 per annum, payable in advance on July 8th of each year, and the terms of the lease runs for five years, dating from July 8, 1912.

The commissioners have been congratulated upon the excellent terms they secured, the lease price being nearly double that of the past two years, and the terms of the lease making it conditioned upon the sale at any time of any part of the land; in which event the county is to refund all unused lease money and allow Mr. Arnett sixty days in which to remove his cattle and such improvements as he may have made.

The terms of the lease also call for ten per cent interest on past due installments, and ten per cent additional for attorney's fees if placed in the hands of an attorney for collection. The failure of Arnett to pay any installment shall not release him from the contract unless the county forfeits the lease and takes possession of the land. Arnett is allowed a reasonable time to remove improvements made and owned by him at the expiration of the lease.

Other business by the court was the approving of the report of John Rainbolt, county treasurer, for Road District No. 1, and the ordering of warrants to the amount of \$9,207.28 cancelled.

The court ordered the public road running along the south side of the Fisher & Miller survey, where the Brady and Dodge, the Brady and Menard and the Brady and London roads come together straightened.

It was ordered that all accounts of Road District No. 1 must be approved by J. T. Williams, J. E. Keeler, timekeeper, or A. Jamison, road superintendent, before the court would receive or allow them.

The court canvassed the returns of the election at Nine upon the proposition to issue \$2000 school bonds, same to run twenty years, bearing five per cent interest, and the levying of a tax against all taxable property in said district to pay the interest and create a sinking fund. The court declared 15 votes for the bonds, 2 against, and authorized the issuance of the bonds.

Court ordered taxes refunded to all who had paid in the bond tax illegally assessed in the Stacy common school district under the bond election held to be illegal by the attorney general.

The sheriff was authorized to sell lots Nos. 13 and 15, block 21, of the original townsite of Brady, and authorized to purchase lots Nos. 4 and 6, block 21, same to be deeded to McCulloch county.

Court authorized \$350 of the general fund of the county to be set aside and appropriated for

Filter Nearing Completion.

Work on the filter for Brady is nearing completion. The filtering plant was expected to arrive Monday, but so far has failed to make its appearance. Mr. Wiley of Massillon, Ohio, is here for the purpose of installing the plant and placing it in operation, and within the next few weeks Brady's magnificent water system will have been completed.

ALL DAY SINGING.

Singing and Entertainment Is Planned for Sunday.

The good citizens of Carroll Colony are extending cordial invitations to all to be with them next Sunday, July 14th, and enjoy an all-day singing, with dinner on the ground. Especially are the singers invited. A good time is assured everyone, and there will be an abundance of good things in store for all who attend, both nourishment for body and soul. In the forenoon there will be a program of speeches by the little folks, which will not be the least of the enjoyable features of the day.

Spend next Sunday at Carroll Colony and enjoy a real good time.

FIFE FINDINGS.

Fife, Texas, July 7.

Editor Brady Standard:

Here comes Y's Acre once more with all due apologies for not writing more regularly, but other business has been too pressing, but now we are having a little rest spell, so again join the ranks.

The farmers are feeling very hopeful yet for a bounteous crop.

Alfred Rudolph and his crop of thresher hands have been very busy in our community this week threshing oats. We only got an average yield.

The many friends of J. M. Doyle and family are rejoicing with them over the recovery of their little daughter, Novia, who had appendicitis. Miss Perkins, the efficient nurse who was with the family, returned to Brady Monday.

Quite a few of our citizens took in the picnic at Josh Epps' on the fourth. They report a splendid time.

Miss Dovie Watson has returned from a pleasant visit to her sister Mrs. John Knight, of Hardin.

Messrs. Linuel and Wesley Tedder left Friday for Okalla, Burnet county, to visit relatives and friends.

There was a pleasant hop at the Land home on Friday night.

Mrs. John Mitchell and Mrs. Tom Hudson were Sunday guests of Mrs. Sam Tedder.

Mr. and Mrs. Frank Bradley are entertaining little Miss Elizabeth Bradley, who made her arrival at their home June 21.

J. L. Jordan and Miss Vivian were guests of Mrs. Jas. Finlay Saturday.

Little Miss Lola Ramsey was on the sick list this week. We wish for her a speedy recovery.

The last report from Dair Baldrige, who is in a sanitarium at Temple, was very favorable. We hope to see him home in a few days.

Misses Mattie and May Ramsey, two charming young ladies, are guests of Miss Dovie Watson.

Rev. J. M. Burrows delivered a splendid sermon at 11 a. m. and the Methodist protracted meeting begins tonight.

An impromptu but very pleasant evening was spent at the home of Mr. and Mrs. Sam Tedder Friday night, where ice cream was served to Mr. and Mrs. A. M. Finlay, Mr. and Mrs. W. A. Finlay, Donald and Misses Mary and Maggie Finlay.

Watermelons are coming in very slowly.

DUSTY DOINGS.

Voca, Texas, July 5, 1912.

Editor Brady Standard:

How are you all this morning? All fine, I guess; especially all those who had the pleasure of being at the big barbecue at Mason.

Crops in this part of the world look very well, though we need rain pretty badly.

Health of this community is very good. Glad to say that Mr. Somerville and baby are im-

proving nicely, and Grandpa Carter is better also since having seen the new doctor at Mason. He says he is much better.

Quite a large crowd of young people of Dusty enjoyed themselves at an ice cream supper at Mr. Chas. Corbell's Friday night week.

Messrs. Bert and Edd Williams took a load of peaches to Eden last week and you ought to have seen Edd when he got back here. He was mourning the loss of a new hat which disappeared between his house and Brady. I suppose it took a free ride on the high wind.

Mr. J. H. Allen had the pleasure of going to Lohn last week to get a couple of run-away mules.

Mr. and Mrs. J. D. Hipp and Mr. and Mrs. W. S. Allen left today for Pear Valley where they will spend a few days with relatives.

Well, as news is scarce, will ring off and come some other time. UNO.

EAST BRADY.

Brady, Texas, July 6.

Editor Brady Standard:

I thought I would drop in a few lines from old East Brady, though news is scarce.

Miss Millie Castleman has returned from the Wilhelm ranch, where she has been for the past two weeks.

Mr. Dobbs and little daughter, Ruth, spent Friday night in Brady from Mercury.

Miss Ruth Avery has returned home from her grandparents at Taylor.

Mr. Arthur Hall was in Brady Thursday on business.

Mr. Fred Young was in from Calf Creek Sunday. Said they would make fine crops if a rain would come within a week or two.

Mr. Neal Davison was here from Comanche Wednesday. He said they would make a half a bale cotton to the acre, if it rained any more at all.

Mrs. Dock Morrow has gone to Voca to spend a few days with relatives.

Mr. W. J. Willis spent the night in Brady Thursday.

Mr. and Mrs. Si Proctor have gone to spend a month with her parents, Mr. and Mrs. Willis, on the ranch near Voca.

Mr. and Mrs. Chas. Hall ate dinner in Brady Saturday.

Mr. Frank Davison was in town on business Saturday.

Mr. Dan Westbrook was in town Saturday on business.

SALT GAP ITEMS.

Salt Gap, Texas, July 6, 1912.

Editor Brady Standard:

Messrs. Thomas Kellum, U. T. Baisden, Horace Craig, Lonnie Peel and Clyde Peel took an outing on the river last Friday. Report a good time and lots of fish.

Misses Gertrude and Theima Ely of Coleman visited Misses Jennie and Jessie Ramsey Sunday and Sunday night.

Miss Minnie Peel visited Miss Mamie Ables Sunday.

Messrs. Will Ramsey and Jake Howard made a trip to Brady Saturday.

Miss Edna Fay Peel visited Miss Annie Mae Henderson Wednesday.

Mr. Ernest Ramsey of Waldrip was the guest of his brother and family Thursday.

The holiness meeting began Friday night.

Mr. Chas. Bryson's brother and family are visiting him this week.

Mrs. Craig visited Mrs. Lelia Cobern Saturday.

Mr. John Haywood made a trip to Brady, returning Friday.

Miss Minnie Ramsey was the guest of Mrs. Mattie Peel Wednesday.

Most all of our young folks went to West Gansel Sunday.

Mrs. Haywood and little granddaughter, Velma, of Salt Gap visited Mr. and Mrs. Monta Haywood of Pear Valley, last week.

Rev. Burrows of Stacy was a guest at the Ramsey home Saturday.

Messrs. Young and Woodress were seen in the Gap Sunday.

Miss Maggie Haywood is on the sick list this week. We hope she will soon be well again.

Misses Jennie and Jessie Ramsey and Annie Mac Henderson

son were the guests of Mrs. Inez Haywood and sisters, Misses Maggie and Alice Haywood Friday.

Mr. Lloyd Henderson was a guest at the Henderson home Sunday.

Misses Sallie Peel and Ruby Thompson visited Miss Maggie Coalson Sunday.

Messrs. John Love, Jim Love, Claude Owens, Tom Love, Joe Love and Frank Bailey should come back to Union Band, for those girls sure did look lonesome Sunday.

Mr. Will Ramsey and little son, William Newton, visited

Mr. Cobern Saturday evening.

Well, I will ring off. My letter may fall in the waste basket.

WALDRIP WHOOPS.

Waldrip, Texas, July 8.

Editor Brady Standard:

Most all of our correspondents must have been off celebrating the Fourth and forgot their Standard letters, as the page was short a few.

Quite a number of the young folks attended the picnic at Lohn the Fourth. Among them were Misses Maude and Mary Bratton, Maggie Powell, Miss Daniels, Mr. Jeff Bratton and Houston Kennedy.

Mr. and Mrs. Henry D. Bradley spent Sunday with Mr. and Mrs. John R. Winstead.

Little Miss Lola Ramsey is on the sick list.

Mrs. Ratliff is on the sick list, but is much better.

Messrs. John Ramsey, Lun Daniels and a few other young men attended church at Lohn last Saturday night.

Mr. Glenn Wright and Miss Powell attended the Gansel convention Sunday.

D. C. Randals had his oats threshed Saturday by G. A. Rudolph.

Messrs. Calvin Casen and Ben Chaffin have returned from New Mexico to make McCulloch county their home. Mr. Casen now has charge of the Woodard ranch.

Miss Vivian Jordan of Brady was out last week in the interest of the school.

Mr. and Mrs. Travis Bundick visited Mr. and Mrs. E. W. Frost Sunday.

Mrs. Will Campbell entertained again last Thursday night with an ice cream supper. All of our prominent young folks were there and pronounced the cream most excellent, and Mrs. Campbell a royal entertainer.

Dr. J. G. Castine, missionary to Mexico, and a cousin of Capt. Chaffin, reached here last Sunday morning and night. Large crowds attended both times, as it is quite interesting to have in our midst one who is engaged in such a cause.

FIFE FINDINGS.

Fife, Texas, July 3, 1912.

Editor Brady Standard:

The health of the community has greatly improved in the past week, and we are glad to say that we have no sickness to report.

Rudolph's thresher is in the community this week and everybody is busy.

Clay Randals of Waldrip was a visitor here Tuesday.

D. D. Hibbett is back again after a couple of week's visit at Whon.

John Mitchell went to Brady Wednesday on business.

M. L. Burrell is hauling oats to market this week.

Ed Walker made a business trip to Onion Gap this week.

The young people enjoyed a play party at the home of Otis Lange Saturday night.

F. W. Ulke was at Brady Tuesday on business.

Henry Martin is gone to Sutton county this week with S. E. McKnight's cattle. He will be gone about two weeks.

Quite a crowd from here attended the picnic at Gouldbusk last Saturday. All report a good time.

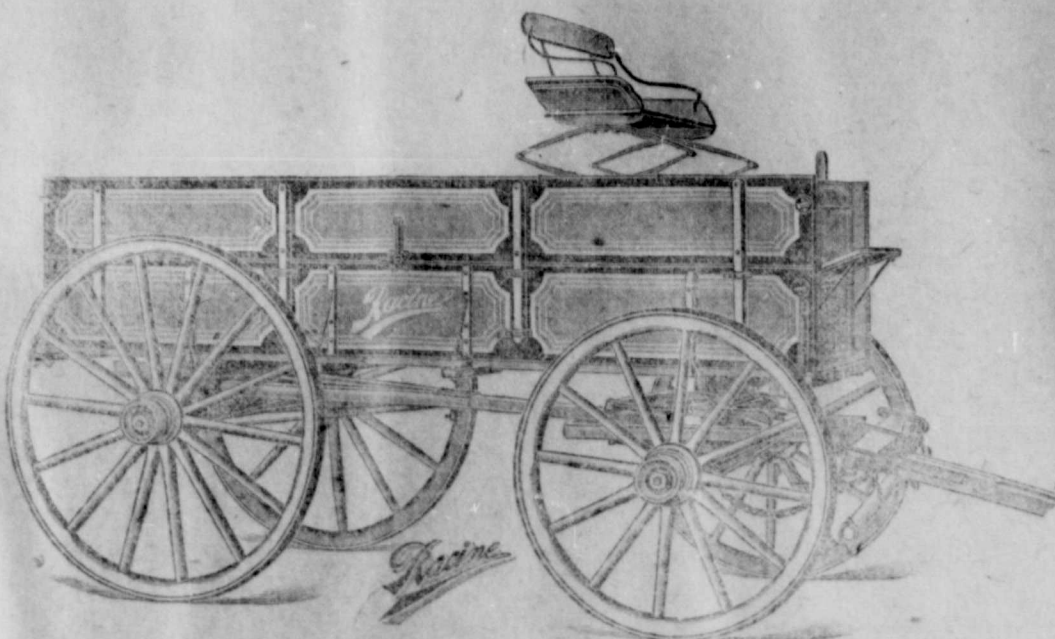

A. M. Finlay was showing some fine samples of broom corn grown on his place here. The heads are 28 inches long. He has about three acres of it growing.

The young people of this community enjoyed a dance at the home of J. W. Land Thursday night.

Chas. Mitchell left Thursday for points in Oklahoma to be gone some time. C. W.

Every year I live I am more con-

the love we have not given, the pow-

SOUTH VOCA BARKINGS.

Voca, Texas, July 4.

Editor Brady Standard:

A new girl arrived at the
home of Mr. and Mrs. R. L. Bax-
ter Monday, the 1st.

Mr. Boyd Somerville, who was
operated on some time ago, is
improving and doing well.

There was an ice cream sup-
per at Mr. and Mrs. Charlie Cor-
bell's last Friday night. All
present enjoyed a nice time.
Those present want to compli-
ment the one who made the
cream, for there never was any
beter cream made, I don't think.

Master Benton Stucke hap-
pened to the misfortune of be-
ing kicked by a colt some few
days ago. Glad to report he is
up and better.

Good luck to all.

Voca, Texas, July 7 1912.

This is Sunday, and as I did-
n't have any other appointment,
I decided to drop a letter to The
Standard.

The glorious Fourth of July
has come and gone. From what
I can hear the barbecue at Mas-
on was just splendid, with the
exception of a few scraps which
took place. Ye scribe is among
the bunch who didn't get to go
and consequently regrets it
very much, and wishes he had
gone and been among the jolly
band.

The hot, dry weather will soon
do away with our cotton. Just
nineteen days since our other
rain, but cotton in this section
is suffering more than it appear-
ed to suffer the other dry spell.

Where are some of our cor-
respondents? It appears that
some of them are gone clean off
the flat. But I suppose since the
rain they have forgotten every-
thing except to give a greeting
smile to everyone they meet, tel-
ling them of the rain.

Mr. R. L. Baxter and children
Misses Emma, Ellen and Addie
Lee, made a business trip to
Brady Saturday.

Misses Nellie and Viola Cox
visited their grandma, Mrs. E.
D. Bumgardner, Sunday.

There was a play party at Mr.
Huckabee's on Lost Creek Fri-
day night. All present enjoyed
themselves splendidly. Per-
haps "A Citizen" knows some-
thing more about it.

FREDONIA FACTS.

Fredonia, Texas, July 9.

Editor Brady Standard:

Well, here I come again, after
so long a time.

Crops are looking fine. Would
look better if we could get a
shower of rain.

Quite a crowd of Fredonia
folks attended the picnic and
barbecue at Mason the third
and fourth and reported the
times of their lives.

Mrs. Annie Ray is quite sick
at present. Miss Onie Sudberry
is keeping central for her dur-
ing her illness.

We are sorry to report Rev.
Rankin quite sick at present.
Hope he will soon recover.

Mr. Joe Rudder of San Anto-
nio is visiting Mrs. Mattie Mc-
Williams and family at present.

Mr. Foster Leach and Miss
Lois Burnie were pleasant callers
at the home of Miss Lois' aunt,
Mrs. Walter Burnie, Sunday
afternoon.

Mrs. Dallas Pankey visited
Mrs. Annie Ray Saturday even-
ing.

If this escapes the waste bas-
ket, will come again.

SWEET PEAS.

CALF CREEK WINDIES.

Nine, Texas, July 9.

Editor Brady Standard:

I'll try and send in a little
scrapings of news.

One of our correspondents
said not to blame her for miss-
ing a letter, for her stationery
didn't reach her. Now, if you
don't see the Old Woman back
in one corner you may know the
news of the community didn't
reach her or there wasn't any.

It is getting very dry down
this way again, but hope it will
rain soon.

Sunday school is still pro-
gressing nicely.

Singing at G. W. Walker's
Sunday night was well attend-
ed.

There was an ice cream sup-
per at the Bridge home Friday
night and one of those noted
Calf Creek crowds was there,
and everyone tried to see who
could have the best time.

Jim Kiser left Wednesday
for Elgin, Kansas, where he is
hunting a job on a ranch.

H. L. Blasdel and family at-
tended the Methodist meeting
at Nine Sunday night. They
report a good sermon and a
large crowd.

Well, Tucker is without a doc-
tor, but haven't any particular
need of one.

Rev. Wren's baby has a
breaking out supposed to be
poison oak. Hope it will soon
be all right again.

Mr. Joe Alexander of Mercur-
y is spending a few days with
his brother, Tom. Some say he
is taking pellagra. Hope it is
a mistake. Mr. Alexander has
been in bad health for some
time.

Mr. Bob Alexander and fam-
ily were guests at the Faught
home Sunday night.

Mrs. Beulah Kerr of Rock
Island is visiting her parents,
Mr. and Mrs. Bradshaw, on the
San Saba river for a few days.

Arthur McCoy and family are
down from Eden visiting their
parents, Mr. McCoy of Nine and
J. W. Attaway of Calf Creek.

Mr. and Mrs. Ross Cavin are
visiting the latter's parents,
Mr. and Mrs. Bridge.

Messrs. Alfred Blasdel and
Bruce Wren attended church at
Nine last night.

Well, come out and eat fried
chicken. OLD WOMAN.

"Why, in it as bad as that?"
He shook his head.
"Nothing exciting. But I'd sure like
to see any blamed old slide get the
best of me, that's all. I'm going to
seal that slide down so that it'll stay

"Here, Chick, Chick, Chick, Chick!"

there for a million years. And when
the last trump sounds, and Sonoma
Mountain and all the other mountains
pass into nothingness, that old slide
will be still a-standing there, held
up by the roots."

He passed his arm around her and
pulled her down on his knees.

"Say, little woman, you sure miss a
lot by living here on the ranch—
music, and theaters, and such things.
Don't you ever have a hankering to
drop it all and go back?"

So great was his anxiety that he
dared not look at her, and when she
laughed and shook her head he was
aware of a great relief. Also, he noted
the undiminished youth that rang
through that same old-time boyish
laugh of hers.

"Say," he said, with sudden fierce-
ness, "don't you go fooling around that
slide until after I get the trees in and
rooted. It's mighty dangerous, and I
sure can't afford to lose you now."

He drew her lips to his and kissed
her hungrily and passionately.

"What a lover!" she said, and pride
in him and in her own womanhood
was in her voice.

"Look at that, Dede." He removed
one encircling arm and swept it in a
wide gesture over the valley and the
mountains beyond. "The Valley of the
Moon—a good name, a good name.
Do you know, when I look out over it
all, and think of you and of all it
means, it kind of makes me ache in
the throat, and I have things in my
heart I can't find the words to say,
and I have a feeling that I can almost
understand Browning and those other
high-flying poet-fellows. Look at Hood
Mountain there, just where the sun's
striking. It was down in that crease
that we found the spring."

"And that was the night you didn't
milk the cows till ten o'clock," she
laughed. "And if you keep me here
much longer, supper won't be any
earlier than it was that night."
Both rose from the bench, and Day-
light caught up the milk-pail from the
nail by the door. He paused a mo-
ment longer to look out over the val-
ley.

"It's sure grand," he said.
"It's sure grand," she echoed, laugh-
ing joyously at him and with him and
herself and all the world, as she
passed in through the door.

And Daylight, like the old man he
once had met, himself went down the
hill through the fires of sunset with a
milk-pail on his arm.

A GENUINE HAIR RESTORER.

Did you ever know of any hair preparation which would
really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the
work, but it is probably your experience that none of them
will really meet the claims of their manufacturers.

There are many so-called hair restorers which are nothing
more than harmful chemical dyes, which do not grow any hair
the only result being that they dyed the hair, having no per-
manency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover
a preparation which would really grow hair and restore the
color to gray or faded hair, but heretofore they have met with
no success.

Prof. Rembler now claims to have discovered a combination
of harmless vegetable composition which is a genuine hair res-
torer and will grow hair and does not contain any dye of any
kind, but will positively restore the color and brilliancy to
gray and faded hair.

This is a very strong statement to make and if any chem-
ist without the recognized ability and national reputation of
Prof. Rembler were to make this claim we would be inclined to
be skeptical as to its truth. It will be remembered by read-
ers that are familiar with scientific discoveries that Prof.
Rembler was the inventor of the one fire process for gilding
glass and also the Rembler wireless Coherer. Any statement
made by Prof. Rembler is entitled to consideration as he
would not make any statements which were not true and would
injure his established reputation.

The Siloron Mfg. Co., of Pueblo, Colo., have purchased the
exclusive American rights to manufacture Sagine, as they have
named Prof. Rembler's invention, after having made a six
months' test of Sagine and thoroughly demonstrating that it
would positively do the work. The Siloron Mfg. Co. have author-
ized us to make the following remarkable offer to all who need
a "Genuine Hair Restorer."

They will send a written agreement with every bottle of
Sagine, to the effect that if one bottle of Sagine conscientious-
ly used according to the directions does not give entire satis-
faction to the purchaser; if Sagine does not actually grow hair
and restore the color to gray or faded hair, remove dandruff
and make the hair glossy and healthy, that they will pay the
sum of \$5 to any dissatisfied customer.

This is the strongest offer ever made by any manufac-
turer and one they could not possibly make if they did not
know positively from experiment that it would do exactly what
they claim for it. No one takes any chance in buying Sagine
as it is certainly worth \$1 to use a Genuine Hair Restorer that
will really grow hair, and-if it does not give satisfaction they
will pay you the \$5 as agreed. Send a \$1 bill to the Siloron
Mfg. Co., Pueblo, Colo., stating that you wish to purchase a
bottle of Sagine with the written agreement to grow hair and
restore the color to gray or faded hair or pay you the sum of
\$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co., is incorporated under the laws of
the state of Colorado and refer you to the mercantile agencies
or any Pueblo banks as to their ability to fulfill any agree-
ment they make. THE SILORON MFG. COMPANY,

BRADY, TEXAS, July 12, 1912

DALLAS GETS BUSY.

Dallas is reaping in a whirlwind.

A few weeks ago Dallas felt so sufficient unto herself, and so independent of the cities in the "far western and sparsely settled" parts of the state that her Chamber of Commerce entered a protest before the Interstate Commerce Commission against the temporary suspension of the order taking this section out of the common point territory and placing it in the differential territory.

If the Dallas Chamber of Commerce thought they could play the knave and no one be the wiser, they were greatly fooled. No sooner had they placed themselves on record as opposed to any move to better, or at least maintain present rate conditions in West Texas, than the cities of West Texas with one accord arose and proposed to retaliate by wiping Dallas off the commercial map of Texas. So long as goods could be procured in any other city in Texas, just so long would they make their purchases elsewhere than at Dallas. As long as Dallas knew not the meaning of the golden rule, just so long would West Texas refuse to enter a single article for exhibition in the Dallas State fair.

A remarkable example of the effect of this action was had in Brady this week. A representative of one of Dallas' most prominent and best known wholesale houses had planned a business tour of West Texas. He came to Brady, but was met with an icy stare and a cool reception. He was at a loss to understand! He wanted to know the meaning of it all. He was told of the action of the Dallas Chamber of Commerce, and refused to believe. As chance would have it, the directors of the Brady Commercial club were in session, and he was escorted to the club rooms, where conclusive evidence of Dallas' action was placed before him. He stayed throughout the meeting and heard the ringing resolutions denouncing Dallas passed. He declared there must be a mistake—that the action of the Chamber of Commerce was undoubtedly a "star chamber" affair at which but a few of the directors were present. He abandoned his trip and hurried back to Dallas in order to see that the matter was placed before the Chamber of Commerce in its true light. The Chamber of Commerce met Wednesday. Their action has not yet been learned, but it is certain that the cold shoulder given Dallas by the citizens of West Texas is about to bring results—results that cannot but be favorable to West Texas.

DISGRUNTLED.

Claude Callan is a dyed-in-the-wool, dare-devilish, stick-to-the-party Democrat. Deny it who will. Pride nor hopelessness, Billy Bryan nor the remoteness of a postmastership can destroy his affiliation to the Democratic party. He sticks. But it's a bitter pill, and there are wry faces in the swallowing act. Get onto the expression of his feelings immediately after taking, as expressed in his Thursday daily of last week.

"Our interest in the postoffices of the country is here offered in exchange for a ham sandwich."

And this
"Our brokers have instructions to offer a million dollars to a cent that Mr. Will H. Taft and Mr. Will J. Bryan bury the honest, noble and brainless democracy in November next."

And this:
"There is little hope of democratic success now, but thank goodness, we may be able to pulverize those wicked republicans in 1940."

Swat the fly.

Cut the weeds.

Oil the breeding places of the mosquitos.

Menard's doin' it. Doin' what. Nothin' at all.

Taft and Sherman, Wilson and Marshall, Roosevelt and H—, Take your choice.—Hamilton Herald.

If there is any truth in the adage, "Every knock is a boost" it is easy to account for Brady's progress and prosperity—Menard's doin' it.

Claude Callan's trousers have been at outs with him ever since he left the prosperity of Brady. Claude should use his hands more and his trousers less.

McCulloch county presents more and greater opportunities to every class of labor and to men of every profession than does any county in the state today.

Brady's progress is marked by substantial building—building that will be a monument throughout generations to come of the sterling worth of the present-day citizenship.

According to the Hale County Herald, the proper way to address a Texas audience is: "Ladies and gentlemen, friends, fellow citizens, real estate men and candidates for Congress-at-Large."

The value of the ideal climate cannot be computed in dollars and cents—it finds its expression in the health and happiness of Brady's citizens, which, after all, is the greatest bank account any man can possess.

An enjoyable feature of the Wilson administration will be to see a certain wicked man of Brady march up to the general delivery window and inquire: "Is tha airy letter here for David Doole?"—Menard Messenger.

Dave says that if such a calamity should ever befall the country that rather than to submit to the humiliation of getting his circulars from the general delivery he would move to Menard and get his mail on the rural free delivery route which will be established to supply that village shortly after a democratic administration goes in, if it ever does.

The Fourth of July passed so quietly in Brady that there was not a single fatality—nor accident.

Our kind friends are requested to limit their contributions of watermelons to this office force to not over six a day. Otherwise we shall be obliged to place a doctor on the office staff.

Evidently San Angelo does not appreciate the notoriety it has achieved from the efforts of the rainmakers to bring forth a rain in that section, the more so since the rainmakers have so far failed to produce. Here is the way the San Angelo Record views the situation: "One result of the free advertising of the rainmaking fad is apparent. The outside world is led to believe that we dwell in a region so arid that we have to resort to something akin to sorcery to provoke a shower."

Since the big rain of a few weeks ago, Brady possesses a luxuriant abundance of weeds, that are not only unsightly, but are a menace to public health and welfare, as well as a bar to civic pride. Brady citizens should get busy and wage warfare on the evil. Let every citizen cut and burn the weeds in and about his property. It not only improves the looks and enhances the value of your own home, but is a good example which is certain to awaken the civic pride of your neighbor and cause him to follow your lead.

Brady is such an extraordinarily healthy place that the only use we have for doctors is to keep score on the vital statistics.—Brady Standard.

Being as how Brady is so healthful, there is naturally but one sort of vital statistics, which is births. Deaths, the other half of vital statistics, seem to have been abolished in your town. Therefore the doctors haven't much to do but count the babies as they arrive and keep them tabulated at the court house. Maybe that is the reason the editor of the Menard Messenger pretends to entertain so poor an opinion of Brady; maybe he thinks a town to be interesting ought to have undertakers and coffin merchants and tearful widows willing to pay advertising rates to have obituary poetry printed in the paper.—Dallas News.

Brady is such an extraordinarily healthy place that the only

use we have for doctors is to keep score on the vital statistics. McCulloch county is the only place to live.—Brady Standard.

Suppose the undertakers have taken to selling baby carriages in place of coffins.—Fort Worth Star-Telegram.

J. T. Gressett, one of the citizens of the Calf Creek community, dug a well a year ago and when he had attained a depth of forty feet he struck a fine flow of water. Upon testing the water, however, he found it so salty as to defy use in any form whatever. This year he decided to clean out the well and see if that would remedy matters, and to his great pleasure, the experiment left him with as fine a well of ice cold water as is to be had anywhere. Mr. Gressett says that in the digging of the well some \$26 worth of dynamite was exploded and to the dynamite he attributes the saltiness of the water.

Brady Normal Closes.

The Brady summer normal came to a close yesterday afternoon, at which time final examinations were held. Of the forty-eight pupils who have been taking the summer normal work, twenty-seven took the examinations, and it is probable that a number of the remainder will take the examinations in September.

The normal was quite successful in spite of the difficulties encountered. Owing to the fact that G. H. Hagan of San Saba county, who was to conduct the normal, resigned but shortly before the opening of the work, combined with other difficulties, the normal did not receive the attention and publicity that should have been given it, yet all who attended or were connected with the normal faculty speak in words of praise for the manner in which it was conducted.

By the co-operation and assistance of the Brady citizens, it is hoped by another year to make the Brady summer normal one of the strongest and best institutions of its kind in this section. It can be done, and Brady citizens should arouse to the necessity of co-operating with the faculty in making the normal a permanent institution in Brady, and one in which all can take justifiable pride.

Notice of Sheriff's Sale.

I, Ed S. Clark, constable of Precinct No. 1, McCulloch Co., Texas, hereby give notice that the hereinafter described executions have been placed in my hands as such constable and that I have levied the same upon and seized the following described real estate situate in McCulloch county, Texas, to-wit: Being part of J. ELECTION RETURNS.

Furnished Free Through Brady Telephone Co.

W. A. Dickerson of San Saba, representing the Southwestern Telegraph and Telephone Co., was in Brady Wednesday and Thursday arranging with E. E. Spiller of the Brady Telephone Co., for the giving of the complete election returns of the state primary upon Saturday night following the election on the 27th.

This service is to be furnished free of any cost to the Brady citizens by the Southwestern people, through the courtesy of the local company, and is merely to demonstrate the state-wide, as well as nation-wide, use to which universal telephone service may be put. Mr. Dickerson met with a hearty reception from Brady citizens and business men, and the plans of his company were warmly commended. Likewise Mr. Spiller came in for words of praise for his enterprise and accommodation in offering to furnish the service to Brady citizens.

That the Southwestern Telephone Co. has established a most wonderful universal service was clearly demonstrated at the state press meeting at Temple a few months ago when the vice president of the company addressed the two hundred and sixteen editors present at the meeting from his office in St. Louis, over 1000 miles from Temple, by means of the telephone wires. This feat was the subject of comment throughout the nation, and was accomplished at a great expense, but served to demonstrate more clearly than anything else could possibly have done, the great service to which the universal telephone may today be put. The giving of the election returns will be but another demonstration of the wonders of modern telephone service, and the perfection of a system that will place the most remote city of the state in instant touch with every other city in the state.

There is more Chlorin in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it hereditary. Science has proven Chlorin to be a constitutional disease, and therefore requires constitutional treatment. Hall's Cathartic Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Edd Broad and family returned Wednesday from a fishing and outing trip of several days on the San Saba river above and below Menard, to which place they were chaperoned by Jim Butler. Jim states that their catch of fish was the biggest of any party that has left Brady this season, and Edd Broad corroborates the statement. He states that his individual catch was between 75 and 100 lbs. of cat fish, and that they were fish at that. The perch and trout Mr. Broad doesn't count as fish at all. His reputation as an expert fisherman entitles Mr. Broad to make a statement of this kind, for it is an acknowledged fact that he always does get the fish.

PERSONAL & LOCAL

Dr. Mose Jones is here this week from Austin.

Mrs. W. T. Melton leaves Monday for Seattle, Wash., to spend the summer.

Lee McShan was in Melvin this week doing missionary work for O. D. Mann & Sons.

Messrs. Chas. and G. R. White left last night for Oklahoma to look after some cattle there.

Messrs. Howard Ogden and Max Scharif enjoyed the Fourth of July visiting the city of Dallas.

Mrs. Virgil Jones, who has been visiting in Coleman county for some time, is expected home Sunday.

Messrs. Jack Nusbaum and E. R. Stiles spent Tuesday on the San Saba river, and report fine luck.

W. W. Jordan and H. H. Sessions left Wednesday in their car for Rockdale to attend the Milam county fair.

Jerome Crockett of Menard was in Brady yesterday enjoying a temporary escape from the burg of nothingness.

Tom Andrews, an old timer, arrived here yesterday from Ft. Worth and is shaking hands and spinning yarns with his many friends.

Mrs. Will T. Melton, who has been the guest of her mother, Mrs. W. T. Melton, and other relatives, left Wednesday for her home in Kansas City.

Mrs. G. M. Bennett returned Wednesday from Houston, Corpus Christi and other South Texas points, where she has been spending the past few weeks.

The many friends of Top Jones will be pleased to hear that his visit on the farm at home in Coleman county is marked by considerable improvement in his health.

Mr. and Mrs. W. L. Cunningham of Fredonia are here the guests of the lady's sister, Mrs. Edd Broad. Mrs. Cunningham will undergo an operation within the next few days, that being the purpose of their visit here.

Dr. W. W. Callan of Rotan arrived here Wednesday morning for a brief visit with the family of his brother, Dr. G. P. Callan. He was accompanied home by his mother, Mrs. N. R. Callan, who will visit in Rotan for some time.

Mr. and Mrs. Will Ballou are entertaining their guests, Mr. and Mrs. Frank Lucas of Temple and Mrs. Lucas' mother, Mrs. Caswell, with a fishing and camping party on the F. M. Richards place, twelve miles east of town. There are thirteen in the party, and this hoodoo was probably the cause of Bill Ballou's falling into the spring while trying to get a bucket of water. Everyone is enjoying the occasion immensely and a delightful time is the universal report.

MASS MEETING.

Business Men Pass Strong Resolutions Tuesday.

On Tuesday afternoon there was a meeting of the business men of Brady called for the purpose of considering the attitude of the Chamber of Commerce of the city of Dallas in regard to the "common point territory" matter. The action of Mr. G. S. Maxwell, manager of the freight department of the Dallas Chamber of Commerce, in writing letters to the Interstate Commerce Commission at Washington stating that the Dallas people favored raising tariff rates and were protesting against the temporary suspension of the tariff rates recently secured by the commercial secretaries, was discussed at length and condemned in no uncertain tones. It was then resolved that the business men of Brady condemn the action taken by the Dallas Chamber of Commerce through their freight department chairman for seeking to assist the railroads in raising the tariff rates on interstate freight shipments "to these far western and sparsely settled Texas points." (The words in quotations are from Maxwell's letter.)

The business relations which have existed between the wholesale houses and manufacturers of Dallas and the business men of Brady have been very pleasing to the citizens here, and we trust satisfactory to Dallas. It is, therefore, a matter of genuine surprise and profound regret that we are forced to the conclusion that for selfish motives the agency that represents one of the greatest cities in the South will knowingly and selfishly oppress our people with a greater burden than the heavy load we already carry.

It is very apparent that anything akin to the Golden Rule has been forgotten by the metropolis of North Texas and that they want to be placed on record that it matters not to them the condition or justice of any tax upon the people, that if an additional per cent can be added that will swell the revenue of Dallas they will assist in further "pressing down the crown of thorns."

Western Texas should unanimously, and as a whole, resent the action of the Dallas Chamber of Commerce in this matter and should turn a cold shoulder to all commercial interests in Dallas attaining this sentiment, so unfriendly to us.

Wanted.

An active, hustling local agent to take orders for Griffing Bros. guaranteed nursery stock.

Our reputation for fair and liberal dealings, stock guaranteed to live, a successful business of over twenty years in growing stock exclusively for the Gulf Coast country, makes our goods easy to sell. Selling Autos.

In Brady you see no prosperity bandwagons, but you find an even better evidence of prosperity, and that is the automobile. If auto sales are indications of prosperity, then Brady must be headed full on in that direction. Just as a proof of this fact we mention that Wednesday, B. A. Hallum of the Brady Auto Co., received a wire from Dallas that two Buicks, one a Model No. 35 and the other a Model No. 28 could be placed at his disposal. Mr. Hallum immediately got busy and yesterday wired back that he had sold both. P. A. Campbell gets the former, a 5-passenger, 31-horse power car and a beauty at that; S. H. Mayo will drive the latter, a 2-passenger, 37-horse power, wine-colored car, one that is certain to make him as popular with the fair sex as he now is with the voters.

Hon. B. L. Nance, representing the Agricultural Department of Texas, addressed the citizens at the court house Tuesday afternoon upon the subject of "Seed Selection and Better Cultural Methods and Diversification." Mr. Nance's lecture was very interesting and was greatly enjoyed by the few who heard him. Owing to the fact that Mr. Nance's coming was not announced, only those few who chanced to be in town knew anything of the meeting, which accounts for the slight attendance.

Notice.

There will be speaking in behalf of Judge Ramsey for governor as follows:

At Rochelle Wednesday, July 17th at 2 o'clock p. m. by Hon. W. A. Wright of San Angelo.

At Brady Wednesday, July 17th at 8:30 p. m. by Hon. W. A. Wright of San Angelo.

At Stacy Friday, July 19th at 8 o'clock p. m. by F. M. Newman.

At Waldrip Saturday, July 20th at 2:30 p. m. by F. M. Newman.

At Melvin Saturday, July 20, at 8:30 p. m. by F. M. Newman.

There will be a grand rally in favor of Judge Ramsey at Brady Friday, July 26th at 8:30 o'clock p. m. at the court house. There will probably be some prominent speakers from abroad. Everybody invited.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardui. I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

DON'T SHOCK YOUR LIVER WITH CALOMEL

Dodson's Liver-Tone Persuades It to Work Naturally and Safely—No Restriction of Habit or Diet.

If you have a sick horse, you cannot make him work by beating him, and if you try it you are liable to ruin him forever. It's the same way with your liver. When it becomes torpid and sluggish, you can take calomel and whip it into action, but the calomel will leave your body weaker and sicker than ever. Calomel is a very powerful chemical made from mercury.

A perfect substitute for calomel, that has all its medicinal properties with none of its dangerous and uncertain follow-ups, is Dodson's Liver-Tone.

Jones Drug Co. sells Dodson's Liver-Tone, with the guarantee that if you don't find it a perfect substitute for calomel, this store will give you your money back. Dodson's Liver-Tone is a true tonic for the liver, and with such a pleasant taste that it is no trouble to get children to take it. It is absolutely impossible for it to do anyone any harm, because it simply persuades the liver to do what it ought to do—no more and no less.

Forgiveness of Children.

It is the sweet and entire forgiveness of children, who ask pity for their sorrows from those who have caused them, who do not perceive that they are wronged, who never dream that they are forgiving, and who make no bargain for apologies—it is this that men and women are urged to learn of a child.—Alice Meynell.

Austrian Red Tape.

At Koplat, near Bruck, in January last a miner named Brzek risked his life in saving a boy from drowning. His heroic action cost him a severe cold, resulting in a long sickness. On the advice of friends, he appealed to the authorities for some assistance. After a delay of several weeks he received an answer informing him that he had been fined one crown because he had omitted to place the proper stamp on his petition for help. Austrian red tape could scarcely go farther.—Prague correspondence. *Full Mail Gazette.*

Nearly Out of Cheese.

A grocery salesman entering a store found the place in charge of the delivery boy. Upon being asked where the proprietor was, the boy replied: "I am the whole cheese here." The traveling man departed, leaving a note for the proprietor, which the boy promptly opened. "Permit me to suggest," he read, "that you are nearly out of cheese."—success.

MASON BARBECUE.

Enormous Crowds Entertained Third and Fourth.

That Mason did herself proud is the universal opinion of all who attended the big celebration in our neighbor city on the third and fourth of this month. There was an enormous crowd present, citizens from Brady, Menard, Eden, Paint Rock, Junction, Fredericksburg and all intermediate points being there in large numbers. Everyone had a good time, and the occasion proved a most enjoyable one and entirely devoid of any unpleasant features. There was dancing both at the grounds and in the hall up town on each night, and all were largely attended. The Mason and Menard ball teams crossed bats in three exciting and hard contested games, the Mason boys winning two out of the three.

SUBSTANTIAL EVIDENCE

"When You Touch a Man's Pocketbook You Touch His Heart."

THAT is why we claim the following list of folks who have paid for THE STANDARD, or for whom THE STANDARD was paid, since the last report as the best evidence of the paper's worth—of the fact of its appreciation. Glance over the list and see if there are not a large number of friends and citizens who would, no doubt, be interested in any business announcement you might care to make—and then bear in mind, this is but a small part of THE STANDARD'S great throng of subscribers. That is the reason Standard ads pay—they reach the people—the right class of people—all the time.

THE STANDARD solicits your business, not from the standpoint of patriotism, but from the standpoint of giving the greatest value for the smallest expenditure.

Mr. Peter Radford, president of the Farmers' Union, and Mr. B. B. Cain, president of the Commercial Secretaries and Business Men's Association, the official heads of two organizations, that are co-operating in an effort to improve methods of marketing farm products.

The Texas Welfare Commission, at its last session in San Antonio, adopted a resolution approving the Farmers' Union plan of marketing cotton and calling upon the financial interests of the state to supplement the work of the Union in obtaining six per cent money to finance distress cotton, and asked President Cain, representing the business interests, to lend assistance to Mr. Radford, representing the agricultural interests, in giving more complete effect to the plan.

It is reliably estimated that with sufficient revenue behind it, the plan to loan money to farmers who are financially unable to hold their cotton, will result in a more stable market and will add at least ten dollars per bale to the price of cotton.

TEXAS NEEDS GREAT MEN

XXXI. IMITATION

AT AN art exhibit in Greece the birds pecked at a cluster of grapes painted by Zeuxis, so perfectly was nature imitated; Appelles painted the picture of a horse so perfect that horses passing by neighed their recognition; in another instance one of the judges started to draw back the curtain painted by Parrhasius, and the Greek historians tell us that so faultless was their art, it deceived both men and animals. Since the beginning of civilization men have struggled to imitate nature, and we have perhaps more widely missed the mark in laws than in any other line of human endeavor.

GREEK ART.

Let those who aspire to awaken to vigorous activity the resources of State, draw a scene of justice and equity on our statute books so true to nature that industry will flock around it; paint a picture of property rights so perfect in its apportionments that capital will wave a generous recognition, and exhibit a code of laws that will parallel the statute of nature. Texas Needs Great Men.

Birthday Anniversary.

At 8:30 o'clock Saturday evening a party of young folks bounded upon the porch of Mr. and Mrs. Henry Samuels' home shouting "A Happy Birthday to you, Miss Leslie!"

It was Miss Leslie's sixteenth birthday, and her set of friends had planned this joyful surprise for her.

The party was gladly welcomed and an unusually good time ensued. Early in the evening an interesting conversational contest was had, followed later by a pleasing game of fortune telling.

The hostess was the recipient of many beautiful presents.

Delicious ice cream and cake were served Misses Sarah Johanson, Hattie Pence, Sallie and Virginia Miller, Flora and Ruth Schaeg, Fannie Lyle, Cecil Waters, Annie Scott, Julia Louise Sheppard of Brownwood and Mignon Whiting of Dallas; Messrs. Marion Hardison, Howard Campbell, John Doole, Rockett Hall, Orval Jackson, Charlie Koerth, Cephus Bumgardner, Louie Glenn, R. H. Long and Nolan Shuler.

Twilight Picnic.

On Wednesday evening a small party enjoyed a few hours in the moonlight at the dam with a picnic spread and watermelon feast. The Palace Drug store was visited after the pleasant drive to town. Those in-

cluded in this feature were Misses Brock, Carrie Berry, Iva Goodson, Mozelle Glenn and Messrs. Charlie Yeager, Lee Goodson, Harold Wroten and N. G. Lyle.

Class Party.

One of the prettiest parties of the summer for the little tots was a party given by Miss Mary Johanson on Wednesday of last week for her Sunday school class.

No trouble was spared for the entertainment of the children, and by this delightful affair the young teacher only endeared herself the more in the hearts of her little pupils. At the end of the afternoon refreshments of pineapple sherbet, cake and divinity were daintily served.

The class was little Misses Catherine Ballou, Mary Butcher, Marjorie McCall, Edna and Effie Fahrenthold and Estelle Ewing; James Snider, Irving Ewing, Frank Page, Cecil Striegler, Randal Clark and Helena Fahrenthold.

Episcopal Guild.

The members of the Episcopal guild held a very enjoyable meeting last Thursday afternoon at the home of Mrs. Lewis Brock. The usual business was attended to, leaving a portion of the afternoon for music and conversation.

Dainty refreshments of iced tea and cake were served.

PERSONAL ITEMS.

George Vierling left Wednesday for a visit with his parents at Junction.

Rev. F. X. Gagnon is enjoying a visit in San Antonio for some two weeks.

Miss Laura McNeil left Friday for Evant, after a visit of three weeks here.

Mr. Ben Moffatt left Tuesday for a visit with relatives and friends in Austin.

Misses Edith and Lucile Grady of Brownwood are the guests of Miss Johnnie Crump.

Miss Clara Webster returned to her home at Pontotoc Monday, after an extended visit here.

Mr. Jamie Brook returned Monday from a week's trip to Sherman, Dallas and other points.

Mrs. Julian Davis and little daughter, Mary Louise, are visiting relatives at Pontotoc at present.

Miss Mignon Whiting of Dallas is the guest of her cousins, Misses Annie and Bessie Scott this week.

Mr. and Mrs. G. H. Spiller of Voca were through here Wednesday enroute to Junction to the reunion.

Mr. and Mrs. Jim Ballou returned Tuesday from Silver City New Mexico, and report a delightful visit.

Mr. Lee Quicksall returned Monday from a pleasant visit in Fort Worth, Dallas, Waco and other places.

Chas. Bogusch has accepted a position as traveling book salesman and left Monday to begin his work.

Misses Helon Hill and Mary Connolly, both of Hico, are the guests of Mr. John Hill and family at present.

Miss Emma Jones of Tucker came in Tuesday and will visit the rest of the week with her sister, Mrs. R. A. King.

Miss Vera King and little sister, Georgia, came in Wednesday from San Angelo, after a visit of ten days with friends.

Misses Minnie and Helen Elliot returned Friday from a very pleasant visit with relatives in Austin, San Antonio and Taylor.

Mrs. Jess Stone and daughter, Mabel Doty, are enjoying a week with a camping party on the Coggin farm, near Brownwood.

Mrs. J. McKnight and daughter, Miss Gladys, of Eldorado were the guests of Mr. and Mrs. Jerry Spiller and family the first of the week.

Miss Lillian Maynor of Austin and Ora Hurlbut of Brownwood, who have been the guests of Miss Hadye Willoughby for two weeks, left for their homes Monday.

Mr. and Mrs. F. W. Henderson left today for Alta Vista farm, near London to spend two weeks in camp there. They were accompanied by Mrs. Sheppard and daughter, Miss Julia Louise, of Brownwood.

BASKET PICNIC.

Lost Creek Citizens Will Entertain Saturday, 20th.

The citizens of Lost Creek have planned a big basket picnic at Lost Creek, near the Lost Creek school house, on Saturday, July 20th, and cordially invite the citizens of McCulloch county to join them and make the occasion one long to be remembered.

There will be speaking by the candidates, base ball, ice cream and refreshments in every form and everything to make the day pleasant and enjoyable. The proceeds of the picnic will go toward improving the school house, and everyone should take pleasure in helping out the worthy cause. Lost Creek boasts of as liberal-minded and big-hearted citizens as are to be found anywhere, and this opportunity will afford a chance for McCulloch citizens to put their reputation as such to a test. It is a sure bet that they will not be found wanting.

Don't forget the date, Saturday, July 20th, and be with the good citizens of Lost Creek on that occasion.

How to be Certain of Curing Constipation

Constipation is a hard thing to overcome, whose health is at stake and the lives of thousands of reliable people are in jeopardy. You must get your medicine and you ought to get it from your doctor. This is said in the interest of people suffering from chronic constipation, and it is worthy of their attention. The opinion of legions of reliable people the most stubborn constipation imaginable can be cured by the use of Dr. Caldwell's Syrup Pepsin. You may not have heard of it before, but do not doubt its merits on account, or because it has not been advertised. It has sold very successfully on word of mouth recommendation. Parents are giving it to their children today who were given it by their parents, and it has been truthfully said that more druggists use it personally in their families than any other laxative.

Letters recently received from Mrs. Josie Walker, Flatonia, Texas, and Benj. Valentine, Zullinger, Texas, are but a few of thousands showing the esteem in which Dr. Caldwell's Syrup Pepsin is held. It is mild, gentle, non-gripping—not violent, like salts or cathartics. It cures gradually and pleasantly so that in time nature again does its own work without outside aid. Constipated people owe it to themselves to use this grand bowel specific.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

FARMERS' UNION PLAN.

Cotton Holding Movement Explained Wednesday.

R. A. N. Wilson of Mississippi accompanied by A. Smith of Tennessee, and Henry E. Webb of Fort Worth, arrived in Brady Wednesday for the purpose of acquainting the citizens of McCulloch county with the plan of financing cotton as endorsed and adopted by the Farmers' Union, and known as the Mississippi plan.

These gentlemen met and addressed quite a number of McCulloch county citizens at the Commercial club rooms Wednesday afternoon, explaining the workings of the plan and the effect it would have upon the marketing of the cotton and the resultant price. Their plan was received with interest and was endorsed by all present as the most practical and feasible yet presented.

Mr. Wilson stated that while the old Grange and the Alliance had accomplished much good, in that they were the foundation upon which rested the better organization and the greater awakening and educating of the farming classes, yet they had gone down in defeat because they sought to remedy the effect, rather than the cause of the complaints and trials of the agricultural classes. He stated that no class of citizens undertook to market their wares as did the farmers. The merchant places the cost mark upon his goods and sells it at a price above cost, thereby enabling him to realize a profit and maintain his business. The banker, and in fact every class or profession adopts the same rule. The moment they sell below cost they go down. The farmer, on the other hand, throws his product upon the market, more than likely at an inopportune time, when the market is glutted. He does not figure the cost of production and offer his product at a profit—he takes what he can get for it.

Mr. Wilson stated that the remedy for this deplorable condition was the marketing of the farmers' product only as fast as the demand justified. The spinners, he maintained, were financially unable to buy cotton as fast as it was thrown on the market and this naturally resulted in the glutting of the market, and the necessity of the cotton speculator.

The Mississippi plan, he stated, was to hold as much cotton off the market as would make the supply equal to the demand. They proposed to do this by placing the surplus cotton in the warehouse and marketing it only as the demand justified. On distress cotton they proposed to loan money at 6 per cent to the extent of 80 per cent valuation. Throughout the counties of the

THE BEST PROOF.

Brady Citizens Cannot Doubt It. Doan's Kidney Pills were used—they cured. The story was told to Brady residents. Time has strengthened the evidence. Has proven the cure permanent. The testimony is from this locality. The proof convincing. Mrs. Mollie Pierce, Brownwood, Texas, says "Since I used Doan's Kidney Pills, I have had no return attacks of kidney trouble, and I willingly confirm my former statement. You may continue its publication. For nearly a year I endured torture. The physicians did not know what ailed me and said that I would have to undergo an operation. I came to Brownwood for that purpose, but the change made me feel better and I put off the operation. Finally I got to feeling bad again and suffered from intense pains across my back. I noticed Doan's Kidney Pills advertised and sent for a box. The third day after I began using them, I passed three gravel stones with great agony. I have been feeling good since, and I am sure that Doan's Kidney Pills will do as much for others." For sale by all dealers. Price 50 cents. Action Pictures Sketched From Real Life

Illustrating Mrs. Brown's Visit to the Home of Her Friend Mrs. Smith, the Proud Owner of a Hoosier Cabinet

NO. 1 I am so glad you came, dear. I want to show you my new Hoosier Cabinet. You have no idea the hundreds of steps it saves me. You see when it is closed it takes up very little room and everything is out of sight away from the dust. Just a minute, while I open it.

NO. 2 There, isn't it a beauty? Yes, when I pull out this table top it locks so I can actually sit down at my work.

NO. 3 Now look at this sugar bin. When I take out one scoopful, another flows down—always ready. See, just like this. Yes, the scoop went with the cabinet. The sugar bin is made of rust proof metal and fills from the top here. Yes, just like the flour bin on the other side. The first sugar in is the first sugar out.

NO. 4 Here is the dish cupboard. You see, even while sitting I can reach up to the highest shelf. It is a whole lot different than walking back and forth for everything, isn't it?

NO. 5 Now let me show you how quickly I can take my Hoosier apart for cleaning. Simple, isn't it? There is no place for dirt to lodge anywhere. That is why it is so fresh and clean all the time. The wood is of oak, and is guaranteed not to warp. Oh, they last a lifetime.

Where did I buy my Hoosier? Why, at O. D. Mann & Sons. You can't buy them any where else in town, and do you know, dear, by joining the Hoosier Club my Hoosier was delivered to me on payment of a single dollar; the balance due on the cabinet I am paying at the rate of \$1.00 a week. Just think of it—Of course you can, that is, if you join the club before it closes.

Alright, just a minute while I put on my hat and I will go down with you. All I have to do is close the doors of my cabinet you see, and everything is snug and tidy—Yes, we shall have to hurry, dear, for the club may be closed already; several women joined the same time I did—Oh, I do hope we won't be too late. (A few minutes later Mrs. Brown had joined the Hoosier Club.)

You Too, With 24 Other Women Can Join the Hoosier Club and Purchase One of These Famous Cabinets at the Club Rate Of

One Dollar a Week

But you must act at once for the club may close tomorrow

The End is Near
This club is limited to 25 members. Already several have enrolled. Just how long it will be before the other members are enrolled we do not know. It may be next week before the last member is enrolled. It may be some time tomorrow.

This Much is Certain
When the 25th member is enrolled the club must close. As the club is under the direct supervision of the Hoosier Manufacturing Company, we have no authority to extend the club limit.

You Must Decide at Once
Some people are bound to be disappointed. They will decide to join the club when it is too late. Are you going to be among those disappointed? No, then you must decide at once. Immediate action is necessary.

You Can Enroll Tomorrow
Pay \$1.00 as your initial dues and the cabinet will be sent to your home at once. Subsequent payments to be at the rate of \$1.00 a week until the cabinet is paid for. There are no extra dues or assessments. You simply pay for the cabinet itself.

You Need a Hoosier
Just as much as your friend or neighbor. Your kitchen work is just as laborious. You could use the many hours saved with the Hoosier to just as good advantage. Isn't it folly then to deprive yourself of a Hoosier when its cost is so little and it is so easy to get.

You Have the Facts
The club plan has been explained to you. The opportunity to join the Hoosier Club is yours. Now it rests with you. Will you join the Hoosier Club and do your kitchen work in the Model Kitchen way, or continue the old humdrum drudgery way? The difference between the two is \$1.00. Which will it be? If you are still uncertain, come in tomorrow and see Hoosier demonstrated. Then all your uncertainty will be dispelled when you see how little space it occupies and the hundreds of steps it is bound to save you.

For a Few Cents a Day
For a few weeks you do away with all kitchen drudgery. You concentrate all your kitchen work in one spot. Instead of walking back and forth for your kitchen supplies you merely reach for them.

O. D. Mann & Sons

Southern states where cotton was raised they proposed to put the plan in operation, leasing the warehouses for a period of two years, instead of buying them. In this manner they will be enabled to give the plan a fair trial, and if found successful further steps may then be taken toward purchasing warehouses or otherwise broadening the plan of operation.

Mr. Wilson left yesterday morning for points in North Texas, while Messrs. Smith and Webb will remain here for some time interesting the farmers in the proposition.

COTTON HOLDING PLAN.

T. S. Miller Addresses Citizens at Court House Saturday.

A good crowd was out to hear Mr. Miller Saturday afternoon in his explanation of the plan of the Southern States Cotton Corporation in the holding movement inaugurated by that company.

"The corporation has an authorized capital stock of \$7,000,000," said Mr. Miller, "and with that capital will be more able than any other company to handle cotton."

He said that the company wanted pledged to it before commencing operations two and one-half or three million bales of cotton. The plan is: Each farmer who desires to list his cotton will pay to the company one dollar and in return for this dollar he will receive a guarantee that upon the delivery to the company by the farmer of the cotton pledged that the company will pay in cash 11c per pound for the cotton and will issue a guarantee or voucher to the seller for 4c per pound on each bale, payable in 90 days, with the option on the part of the company to extend the time of payment of the 4c voucher if the price does not reach the 15c mark, thus guaranteeing to the farmer 15c per pound and charging him one dollar for making the sale. If one who lists his cotton with the company does not desire to pay the one dollar in cash he can, at his option, give his note for two dollars per bale for the cotton he desires to list, payable when delivery is made, that is, the two dollars will be deducted from the \$55.00 cash paid for the cotton when delivered. The cotton coming in to the company here will be stored in the Brady warehouse, which will be under control of a board of directors here. In order to give those listing cotton with the company security for the balance of the 15c per pound to be paid, the company obligates itself to leave under the control of the home board of directors 4-15 of the whole, reserving the right to itself to handle the 11-15 paid for in cash by itself.

Mr. Miller also spoke on cotton classification, urging the farmers to acquaint themselves with cotton grading for their own protection. Mr. Miller made a good talk and the plan, as unfolded by him in an hour and one-half talk, seemed to meet with the approval of his audience.

What Makes a Woman?
One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. It's a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired listless worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla. "and I thank you with all my heart for making such a good medicine." Only 50c. Guaranteed by Jones Drug Co.

Looking Our Way.
Shepherd House, a citizen of our neighbor state, Oklahoma, has seen the light and desires to become a citizen of Brady and enjoy the fulsome of her bounties. Mr. House writes the editor as follows:

"I have just finished reading your article of Sept. 11 issue of 'The Earth' and your description of same sounds good to a farmer of the blankety blank county of Oklahoma, the habitat of grasshoppers, high winds and dust storms. Will you kindly hand my name to some of the leading real estate firms of your county and have them send me lists, etc. Yours, etc., SHEPHERD HOUSE, Guymon, Okla.
