Mann Bros. Ice MELTS SLOWLY

IT IS CUT as nearly as possible, in square, even blocks of "Hot Weather Comfort" that present the smallest surface to the atmosphere and melts more slowly than ice that is cut in an irregular lump. Then, too, the square block fits snugly in the ice box and a larger piece can be used.

That is one reason why "Mann Bros. Ice" is more economical than other kinds, and it is better too. Let us send one of our men to show you how good "Mann Bros. Ice" is. JUST PHONE 125.

SUSPECT IS ARRESTED.

Woman Is Held As An Accomplice.

A telegram from Sacramento, Cal., at 9:10 last night to Chief Renfro says that Thos. H. Wood, wanted here on a charge of embezzling \$10,000, has been found. The chief says that he is certain that according to the telegram the man who is being detained is Wood. He at once telegraphed in return a full description of Wood and will get a reply some time today.

Thos. H. Wood was a cattle buyer, who lived at Brady, Texas. He was a partner to a man by the name of Williams in that business. He purchased cattle in Brady and brought them to Fort Worth for the local markets.

November 8, 1911, he is alleged to have fled Fort Worth with \$10,000 in cash. He left in company with a woman. The telegram of last night says that there is a woman with the man being detained who complies with the description of the woman who is alleged to have left with Wood.

Williams, a partner to Wood, is the complainant in the case. Jan. 1, 1912, a reward of \$100 was advertised all over the country for the arrest of Wood, by the local police. Also an additional reward of five per cent on all money recovered was advertised.—Fort Worth Record, Sunday, July 14.

Elliot-Baker.

A wedding which came in the nature of a surprise to the many friends of the principals was that of Miss Helen Estella Elliot and Mr. William Claude Baker at Mason Sunday evening at 8 o'clock at the home of the bride's aunt, Mrs. Ernest Hoffman, Rev. J. P. Lyle, pastor of the Presbyterian church at Mason, performing the beautiful ceremony which united the happy couple, in the presence of the members of the immediate family.

The bride is the daughter of Mr. and Mrs. Tom Elliot, one of the first families of this city, and a popular favorite of the younger social set, while the groom is a promising young business man and numbers his friends by the score. The Standard joins their many friends in extending congratulations and best wishes to the happy young couple.

Mr. and Mrs. Baker will make their home in North Brady for the present.

DROWNED AT JUNCTION.

Mrs. Dan Malloy of Eden Meets Untimely Death.

Word was received here Sunday of the accidental drowning of Mrs. Dan Malloy, wife of a prominent business man and banker of Eden, in the Llano river at Junction Saturday afternoon.

According to information of the unfortunate occurrence received here, Mrs. Malloy, in company with five other ladies, was crossing the river on a foot log when one of the number lost her balance and fell into the water, and in attempting to save herself grasped the clothing of the lady in front of her, as did each of the others, with the result that the entire party was pulled into the water. A man who was fishing nearby came to the assistance of the ladies and succeeded in rescuing all, with the exception of Mrs. Malloy. The accident occurred at 6:30 Saturday afternoon and the body was not recovered until 9 o'clock that night.

Mrs. Malloy was about 25 years of age and a daughter of Mr. and Mrs. E. D. Miller, an old and prominent family of Concho county, and for whom the town of Millersview was named.

The funeral took place at Eden Monday.

C. C. BUMGUARDNER DEAD.

Prominent Brady Citizen Dies Suddenly at Alpine.

The news of the sudden death of C. C. Bumgardner was received here Sunday morning, and came as a severe shock to the entire community. The death occurred suddenly Saturday night at his ranch near Alpine as the result of heart failure from which he had been a sufferer for some time.

Mr. Bumgardner was a resident of Brady and vicinity for something like twenty years and during that time had been engaged in ranching principally, devoting most of his attention to the raising of horses and mules and had acquired quite a neat fortune, owning a large ranch two miles east of the city, besides considerable property in the town and the ranch near Alpine which he purchased about a year ago.

Mr. Bumgardner was a public-spirited citizen and was ever identified with and working for the best interests of the community.

He had been married twice, his first wife having died about the time he came to the Brady country. Of the first union, there are several surviving children, among them being Mrs. Ed Wade of this city.

He is survived by his second wife and several children, Mesdames Jas. Coalson and Jesse Lindsay of this city being his daughters.

The funeral services and interment took place at Hamilton yesterday afternoon at 4 o'clock.

The Standard extends condolence to the family in their bereavement.

BRADY, TEXAS, July 17, 1912

DALLAS DOES THE RIGHT THING.

Quite a deal has been written recently regarding the attitude of Dallas to the western division of common point territory. Brady, Ballinger, San Angelo, Snyder, Big Springs, Sweetwater and other cities in the territory have taken a stand relative to their relations now and for the future because of the supposed hostility of the Dallas Chamber of Commerce.

But it seems that the gentleman who wrote the letters desiring the raise in freight rates did not express the sentiment and wish of the business men of that city.

Attention is directed to an ad on the fourth page of this issue which fully sets forth the attitude of the Dallas organization in this matter. It is stated in all sincerity and frankness and the business relations between Dallas and all parts of Texas in this territory will be resumed to the satisfaction of all concerned in the welfare of this territory.

We commend the spirit of the cities in resenting the imposition as heartily as we do the attitude finally assumed by the Dallas Chamber of Commerce toward them. We are glad there is now a mutual understanding of position and that the usual close and friendly relations between Dallas and the cities of the western division of common point territory.

The Brady Standard has been boasting that watermelons—real watermelons, mind you, the kind that are as big as wagon wheels and taste good from the rind to the seed, could be raised only in McCulloch county, but a San Saba county farmer slipped one over The Standard the other day by leaving in that office a watermelon which was of the character that made the editor admit his county has not a patent on good melons. He would not acknowledge that the San Saba product was equal to the local melons, but he sidestepped the question. This may have been partly due, however, to the fact that the San Saba man threatened to present him with some peaches the like of which had never been seen by the newspaper man. The people in that section all claim to have the best products and when one has sampled all of them he is so confused with delight he isn't able to say which is better.—San Antonio Express.

SAN SABA WINS THREE.

Brady Team Loses to Fast San Saba Aggregation.

The Brady ball team met with three straight defeats at the hands of the San Saba base ball team last Thursday, Friday and Saturday, in three pretty exhibitions of the national pastime.

In the first game Spiller and Tipton were in the points for Brady, while the San Saba battery was Miller and Doran and the only score of the game was the result of a walk for Doran, a wild throw to second allowing him to advance to third, from where he scored when a batted ball struck Spiller on the foot, allowing the runner to score.

The game was played in the remarkably short time of 1:28. Umpire, Walker. Score, 1 to 0.

The second game resulted in the same score as the first, Doran getting a single in the first inning after two men were down and scored when Brady's left fielder dropped a long fly. The batteries were Wood and Collins for Brady and Moore and Doran for San Saba. Time of game, 1:30. Umpire, Walker.

In the third game, San Saba clearly outplayed the locals, both in stickwork and fielding. The only score for the locals came in the seventh session when Quicksall, first up, walked, stole second and scored on Strickland's two-base drive.

Score, San Saba, 3; Brady, 1. Time of game, 1:35; Umpire, Walker.

The team is playing Llano at that place and the game Monday resulted in a victory for the locals by a score of 4 to 3 with Spiller pitching for Brady and Latham, an ex-Southern league twirler doing stunts for Llano.

After the series at Llano the team returns to San Saba for three games Thursday, Friday and Saturday and San Saba comes here for three games next Monday, Tuesday and Wednesday.

The article of ball being put up by these two teams is deserving of a good patronage by the local lovers of the game and it is hoped that the fans will turn out en masse for the games.

By the superior article of ball put up by the locals last week a contract has been closed with the San Saba Fair association for the locals to appear there during the fair meeting the latter part of the month. This contract was secured over a number of other teams who were anxious to secure these dates, among the number being Brownwood, Llano and other strong aggregations.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles."

Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint.

I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

"Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women."

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

GOOD SHOW.

At the Lyric-Vendome Monday Night.

One of the best—if not the very best—vaudeville attractions appearing at the Lyric-Vendome so far this season is Jack and Flo Murray, who opened an engagement at that popular pleasure resort on Monday evening. Their act is entirely different from the class of entertainments previously presented at the Lyric this season and the diversion was duly appreciated by the patrons, as was attested by the loud and vociferous applause with which the act was received. The motion pictures were up to the usual standard.

For Thursday, Friday and Saturday nights the Franklin Kids will hold down the boards with a high-class talking, singing and dancing act, and they come with the highest recommendations.

For the week of the 29th the Gallup Stock Co. has been booked with a repertoire of the very best comedies and dramas. This company features Miss Mabel Spencer, a most talented actress and the bill for the opening night will be Sangdale Williams' "The Revelation," a beautiful story of a mother's love. High-class specialties are introduced between the acts, and there is not a dull moment from the rise of the curtain to the close of the performance.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: E. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. Take Hall's Family Pills for constipation.

Dallas, Texas, July 9th, 1912

Board of Directors,
DALLAS CHAMBER OF COMMERCE.

Gentlemen:

We, your committee appointed to investigate the matter in relation to the changing of the common point territory and the action of our freight committee and the manager of the freight bureau in reference thereto, beg leave to report as follows:

We have carefully examined all the correspondence touching upon the matter involved and have carefully considered same. It is our opinion that the action of the freight committee through its manager was ill advised and out of harmony with the position heretofore assumed and steadfastly maintained by the Chamber of Commerce of Dallas and all of its affiliated bodies, which is as follows:

- (1) That we carefully confine our activities to our own interests and not involve ourselves in controversies between others.
- (2) To foster and encourage all interests elsewhere in this great state of Texas and not seek to take from any of the sister cities any advantage that they are now enjoying or have heretofore enjoyed, except by such legitimate competition and trade advantages as Dallas may be able to offer.

We, therefore, recommend that the freight committee be requested to withdraw all correspondence had by it and the manager of the freight bureau with the Interstate Commerce Commission and the Texas Railway Commission and to advise each of those bodies that the Chamber of Commerce of Dallas and its affiliated bodies, following a policy long established, declines to participate in any controversy between the railroads and other cities in Texas.

Respectfully submitted,

W. O. CONNER,
LOUIS LIPSITZ,
M. M. CRANE,

Special Committee.

The foregoing report was offered at an executive meeting of the Directors of the Chamber of Commerce held at 11:00 a. m., Wednesday, July 10th, at which meeting there were present by invitation a majority of the freight committee of the Chamber of Commerce, including its chairman. The members of the freight committee expressed their entire approval of the report and wished to emphasize the fact that the correspondence which was unfortunately sent out by the manager of the freight bureau department was not seen by any of the committee and was as a matter of fact written inadvertently through a misconception on the part of said manager of the instructions given him in the premises.

The attitude of the members of the freight committee as a whole (as explained to the Board of Directors of the Chamber of Commerce) was intended to be one of absolute neutrality, and they sincerely regretted that the writer of the correspondence did not so understand it.

Freight Bureau Department of the
DALLAS CHAMBER OF COMMERCE,
 T. E. JACKSON, Chairman.

The above report and supplementary statement was unanimously endorsed by the Board of Directors in executive session July 10, 1912.

DALLAS CHAMBER OF COMMERCE,
 J. R. BABCOCK, Secretary.
