## McCULLOCH COUNTY EXHIBIT

**\$250.00 to be Offered as Premiums for Best Displays**

**BIG EVENT WILL BE ON SATURDAY, OCTOBER 19TH**

**Exhibit to be Held in Connection With Semi-Annual Show of McCulloch County Poultry Association in Syndicate Building**

Secretary D. R. Hardison of the Commercial club reports plans for the big McCulloch County Exhibit to be held on Friday and Saturday, October 18th and 19th, nearing completion. The committee at work upon securing premiums has met with great encouragement, and has succeeded in raising about \$200.00.

The big exhibit will be held in the Syndicate building, and every farmer and citizen of McCulloch county is urged to take part. If you have anything worth while, bring it in and place it on exhibition. Many farmers have already signified their intention of entering various articles for premiums, and greater interest is being shown as plans for the exhibit mature. The main feature of the exhibit, of course, will be the poultry, and this was the primary object—to hold the third semi-annual poultry exhibit upon that date, but owing to the fact that no county fair will be held this year, it was decided to incorporate an exhibit of farm and other products with the poultry exhibit.

A long list of premiums is in course of preparation for the best exhibits of farm and garden products of various kinds, as well as live stock in the way of horses, mules, colts, etc. The ladies have also been remembered, and a number of handsome premiums are being offered for samples of culinary art.

Quite the feature of the exhibit will be the music furnished throughout the day by the concert band with the Harrison Theatre Co., which shows in Brady during the week. Not only has the company offered to furnish the band entirely free, but they have responded liberally in the way of a cash premium.

The following is a partial list of premiums offered. The remainder of the list has not yet been completed, but will be ready for publication next is-

sue. List subject to correction or change.

## A TERRIBLE TRAGEDY

### HUSBAND AND WIFE FATALLY WOUNDED BY SON.

Uncle and Aunt of Jeff Montgomery Meet Untimely End At Rising Star Monday.

Mr. Jeff F. Montgomery left yesterday morning for Rising Star to attend the funeral of his father's half brother, J. R. Montgomery, who, together with his wife, was fatally wounded Monday night about 10:30 by the accidental discharge of a double barreled shot gun.

The distressing accident happened in a most peculiar manner. Mr. Montgomery had just moved to Rising Star from his farm, and had hung a loaded shot gun temporarily upon some nails over the door. Mr. and Mrs. Montgomery had retired for the night, while their son, Clem, remained in the room in which they were sleeping to write a letter. Shortly after they had retired he arose to close the door, which slammed to with such force as to dislodge the gun from its fastenings. In attempting to catch the gun as it fell, the young man pressed it against the wall in such a manner as to discharge both barrels. Mrs. Montgomery was instantly killed by the load, while her husband was fatally wounded and died Tuesday at 1 o'clock without having regained consciousness.

The young man's grief over the horrible affair was pathetic, but no blame is attached to him whatever, as it was known that the Montgomerys had always kept a loaded shot gun over their door, and the dents where the hammers of the gun struck the wall are plainly discernible. Mr. Montgomery was a prosperous farmer of the Rising Star community, an old settler, and one of the best known and influential citizens of that place.

# COUNTY CORRESPONDENCE

EAST BRADY.

Brady, Texas, Sept. 30.  
Editor Brady Standard:  
Well, as I was absent last week, thought I would send in a little news.

Mesdames Callan and little sons have been visiting their mother, Mrs. J. F. Tindel, and did their winter shopping while here.

Miss Garland Castleman happened to a great accident the other day, while emptying a sack of cotton strained her right side. She came to the doctor and has not improved much, but hope she will before long.

Mr. Alfred Reissner visited at the Wilhelm ranch this week.

Mr. and Mrs. Frank Davison of Whiteland spent the day in East Brady Sunday, Mrs. I. J. Castleman accompanying them.

Mr. John Jackson was in town Monday.

Miss Clara Thomason is in East Brady taking sewing lessons. She is learning fast.

Miss Willie Castleman is very ill with cold this week.

Mr. Bruce McCarty has gone to McCury to spend a few days.

THE BABE.

SUNSHINY SWEDEN.

Rochelle, Texas, Oct. 1.  
Editor Brady Standard:

Here I come again with my little budget of news to let you know that Sweden still exists.

Mrs. T. P. Smith, Mr. L. Smith and daughter, Mrs. Tom Bodenhammer, and children of near Melvin were guests at the S. L. Hurd home last Saturday night and Sunday. We are only too glad to have these estimable people pay us a visit.

Messrs. E. E. Mitchell and Marion Williamson of Rochelle attended church here last Sunday. We are always glad to have the honor of entertaining Rochelle's noble citizens. If you don't believe that Sweden has some hospitable citizens, pay her a visit.

Mr. and Mrs. Franz Johnson have been down to Richland to see the Faith doctor at that place. Mrs. Johnson has been suffering several years with her feet, but will say to her many friends that she is recuperating nicely and we hope that she will soon be restored to perfect health.

Mr. and Mrs. C. A. Johnson left last Monday for Richland

to see the Faith doctor, Mrs. Johnson being a victim of blood rheumatism. We wish for her a quick restoration to health.

Mr. Freeman Hurd is having some dental work done by Dr. H. W. Lindley this week.

Mrs. Carl Johnson has been confined to her bed for several days. We know not her disease, but we wish her a speedy recovery.

We notice a bit of Sweden's news in the Rochelle Record, and we are only too glad that Sweden is making such rapid strides for progress, but we don't like the way "Carl" expresses his opinions. He says that our farmers have no more use for automobiles than a hot house has for powder. If the farmer hasn't any use for an automobile, who has? Just take all the farmers out of the world and you would see in less than three months this country would be on starvation. Mark you, I have reference to the city also. I expect that the farmers would rather ride in automobiles than drive poor horses that don't get a square meal till Sunday morning. Some day Mr. Carl will go to Brady and phone to Mr. Hurd to come in the auto to get him, for "Old Greg" died this morning.

Miss Myrtle Hurd has been having some dental work done this week by Dr. Wm. C. Jones.

Dr. W. M. Burgess and family and Miss Ruby Morris of Brownwood dined at the D. A. Hurd home last Sunday.

Mr. Carl Carlson, one of our efficient young men, left last

Monday for California. We regret very much to lose Mr. Carlson from our social circle. He also became a live wire in our community. We hope that we will meet many more young men like Mr. Carlson.

Success and good wishes.  
AUNT SUSAN.

WHITELAND LOCALS.

Whiteland, Texas, Sept. 26.

Editor Brady Standard:  
As the former correspondent at Whiteland has left the community, I will drop in for a few minutes in her place.

The community is suffering from disagreeable weather today. It has rained some and has been cold and cloudy all day.

Jess Haley and Brit Jeans went to Brownwood last Saturday night. Brit returned Monday morning, but left Tuesday morning for Hill county. Jesse returned Tuesday morning.

Miss Nellie Bates of San Angelo passed through here Sunday morning enroute to the Ford ranch to spend a few days with her brother, Charlie.

Several of the Whiteland folks were shopping in Brady last week. They were Mr. August Young, Mr. and Mrs. Roy Franks, Mrs. Will Keng and Miss Lonie Haley.

I notice in the Sentinel of last week that some one announced a box supper to be given here. The date set is Thursday, Oct. 3rd instead of Saturday night, Oct. 6th. Come along, boys, bring your girls and help out a good cause.

Mr. A. W. Haley made a trip to Broadmoor and one to Lohn last week; also went to Broadmoor again this week.

Mrs. Will Dubois returned home Tuesday morning, after a short absence.

Mr. George Scott, Miss Valla Mitchell, Mr. Clyde Westbrook and Miss Marie Mitchell were seen out driving Sunday afternoon.

Two lots were sold to Mr. Burks, on the north side of the track.

We heard that Mr. Paul Allen of Dodge was going to leave, but he paid his usual visit here Sunday afternoon, all right.

Mr. August Young made a flying trip to Brady Wednesday.

As news is scarce this week, will stop for this time.

Best wishes to The Standard.  
HAPPY JACK.

## CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Kendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer."

"I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die. At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pain."

"Cardui worked like a charm." There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles. N. B.—Write for Ladies' Advisory Dept., Chamberlain Medicine Co., Chattanooga, Tenn., for Special Treatments, and 64-page book, "Home Treatment of Women," sent in plain wrapper, on request.

## STATEMENT.

OF THE OWNERSHIP, MANAGEMENT, ETC., OF THE BRADY STANDARD, PUBLISHED TWICE-A-WEEK AT BRADY, McCULLOCH COUNTY, TEXAS, AS REQUIRED BY THE ACT OF AUGUST 24, 1912.

Editor, Managing Editor, Publisher, and Owner: H. F. Schwenker; Business Manager, S. M. Richardson.

Known bondholders, mortgagees and other security holders, holding 1 per cent or more of total amount of bonds, mortgages or other securities: The Mergenthaler Linotype Co., New York City; Mrs. F. C. Schwenker, Burlington, Iowa; O. W. Schwenker, Rock Island, Ill.

H. F. SCHWENKER, Pub.

Sworn to and subscribed before me, this 1st day of October, 1912. S. M. RICHARDSON, Notary Public in and for McCulloch County, Texas.

Callan attempts to extend the olive branch by such subtle flattery as saying we are a woman-hater, and do not want to marry. As usual, Callan not only boldly enters the Annanias club, but this time he locks the door behind him. It's against the law, so we've been told, to marry in Texas without a chance, and were we to marry one of Brady's beautiful girls, we would take no chance at all. It is only when an unsophisticated youth marries one of the homely sex at Menard that there is any chance in the game, and then all the chances are against him.

Judge S. C. Rowe of Menard was over this week to see if the things that Claud Callan has been saying about Editor Schwenker of the Standard were really so. Mr. Rowe is the representative of a matrimonial agency and if Schwenker wants to marry as bad as Callan would have the people believe, he thinks that he can arrange a match between Schwenker and an old maid in Hong Kong, China.—Brady Sentinel.

It occurs to us that the judge could occupy himself sufficiently looking after the affairs of the old maids in America without extending operations to Hong Kong. Anyhow, Schwenker doesn't want to marry—he's a woman hater.—Menard Messenger.

## THE WIFE'S ALLOWANCE.

The San Angelo Standard is responsible for the statement that a "Brady man advises: 'Give your wife a stipulated sum of money every week, even if it's but twenty cents.'" If half of what the Brady papers say is true about the splendid melons and fruits and vegetables and chickens in that section, it is

probable a frugal housewife there can keep up the family table pretty well on something like twenty cents actual expenses, but in most places it would take at least a quarter, particularly if the man was a real hearty eater. We know some men, though, who would expect their wives to save enough out of a 20c allowance to keep them in chewing tobacco for a week.—San Antonio Express.

It is far better, we have heard married men say, to give a wife a regular weekly or monthly allowance than to require her to coax fugitive dimes and quarters out of the husband's purse or to extract them from his pockets while he slumbers. It contributes mightily to a woman's self-respect to be free of the necessity of asking her husband for every dollar she lays her hands on. Every wife should be given a square deal, and her allowance should come regularly and freely without any exasperating side remarks upon the part of the paymaster, even if such allowance is not larger than the 20c a week which the Brady man thinks will do. In this connection it may not be amiss to say that it might help some if every man's wife had an independent fortune of her own, and could lend the head of the house a few odd dollars from time to time. That, however, is probably asking too much, for a man is very fortunate to be thought by any good girl worthy to be her husband. All of which reminds of the story that once there was a husband who was peevishly inclined and always grumbled when his wife asked for money. "Your extravagance is fierce," he said, "and when I am dead you will be a beggar." "Well," replied the patient wife, "I'll have a great advantage over the poor creatures who haven't had any previous experience."—Dallas News.

## DOLCE FAR NIENTE.

Brady is a veritable land of milk and honey, and it is entirely unnecessary for anyone here to work for a living. One of our lily-handed boys did work for half a day at the compress last week (just for fun, of course), and when the noon hour came he informed the boss that he wouldn't be back in the afternoon, for the reason that he had been in the habit of taking a nap after dinner and therefore would not be able to be on hand when the one o'clock whistle blew. All Brady citizens should follow simple rules of health such as this, and thereby enhance their chances to make this paradise on earth their abode for twice the allotted three score years and ten.—Brady Standard.

That Brady is a land of milk and honey we are prepared to believe, but if the men are as lazy as you make them out, we have to guess that Brady women milk the cows and rob the bee gums. Of course, if the ladies out there in McCulloch county are willing for their husbands and sons to be ornamental rather than useful it is none of our business. Still we do urge that the masculine portion ought either to become somewhat more useful or make a better showing in an ornamental way. The last time State Press was at Brady he saw a lot of men folks whose complexions looked as if they hadn't been powdered in years, whose hands bore evidences of the most primitive manuring, and whose hair looked as if it had been coifed with a garden rake.—Dallas News.

All of which would indicate that even in those early days the men folks of Brady lived a life of delightful ease, not bothering about the relative merits of various brands of face powder, the super excellence of this or that manicurist, or the new-

est methods of the most popular coiffeur. But that was a long, long time ago—the time when State Press formed that impression of the uncouthness of Brady men folks. Maybe it was when the newspaper men of the state visited Brady, and witnessed the big badger fight that you still hear of? And maybe State Press was one of the chief officers at that function? Who knows?

This Japanese troupe immediately went back to Japan, left the port of Yokohama on March 27th, landing at Seattle April 12th, going direct to circus winter quarters. They are in this country by permission of His Royal Majesty, the Emperor of Japan.

### Hombre Muy Loco.

A Mexican named Victoriana Florez was taken in charge early yesterday morning by Sheriff Jim Wall. The Mexican had been discovered on the second floor of the Gibbons building, where he had ensconced himself the night before. He refused to reply to questions put to him in his native tongue, and when Mr. Wall and City Marshal Anderson attempted to take him to the court house he put up a stubborn resistance, requiring the assistance of several men to get him in the notion of accompanying the officers.

It developed that he had been picking cotton on Will Dutton's place, and that in coming to town he had taken possession of a mare and colt belonging to C. D. Hammond, who was camped by the roadside near West Sweden besides a lap robe and a sack of tobacco belonging to Mr. Hammond. When shown the lap robe he immediately claimed it, and placed it in his chair.

The man was tried for lunacy yesterday afternoon and testimony showed that he was subject to spells of mental aberration, and that heretofore he had never done anything out of the way. The Mexican also recovered his tongue and stated that he meant no harm by taking the horse, but merely sought a ride to town. The jury decided that he was insane, but should not be restrained, and he was placed in charge of his father who came in for him shortly after.

Later—a phone message to Sheriff Wall last night stated that the Mexican had entered a house in the West Sweden neighborhood shortly before and had to be forcibly ejected. Unless his relatives undertake to look after him, Sheriff Wall stated, he would take charge of the man and have him committed to some asylum.

### COTTON PALACE.

#### The Big Central Texas Show Opens November 2.

The second annual Texas Cotton Palace opens at Waco Nov. 2nd and continues for sixteen days. Efforts have been made to make the 1912 show the most creditable yet given. Care has been used to secure only those attractions which would stand the test of public favor, which are in themselves meritorious, and which bear the sanction and approval of persons accustomed to viewing the very best at all times. A conscientious effort has been made to procure those forms of amusement of which there can be no question.

That the Cotton Palace grounds are the most beautiful of any public exposition in the state is undisputed. In the past years the public has been generous in its praise of the remarkably well kept lawns, the general cleanliness and attractiveness of the entire surroundings as a most inviting place to spend the day in comfort, besides having access to any kind of amusement one could desire. In other words the Texas Cotton Palace is truly a fall festival of industry, art, music, amusement, education and splendid exhibits of the products of the soil will be an exposition. Valuable prizes are awarded to the finest display of both fruits and vegetables. Many counties will compete for special prizes for collective exhibits. Free concerts will be given twice daily by Kyril's famous band. There will be a real horse show at the Cotton Palace, not simply a local show, but one which will have in every class blue-blooded horses from all parts of Texas. The valuable premiums assure the presence of the aristocracy of horsemanship.

There will be a real live midway, or war path, but it will be

clean and in every way in keeping with the rest of the exposition. The attractions will be interesting and instructive. No entertainment containing anything suggestive or offensive is allowed at Cotton Palace park.

Reduced rates have been made by the various railroads entering the city.

#### Saved by His Wife.

She's a wise woman who knows just what to do when her husband's life is in danger, but Mrs. R. J. Flint, Braintree, Vt., is of that kind. "She insisted on my using Dr. King's New Discovery," writes Mr. F. "for a dreadful cough, when I was so weak my friends all thought I had only a short time to live, and it completely cured me." A quick cure for coughs and colds, it's the most safe and reliable medicine for many throat and lung troubles—grip, bronchitis, croup, whooping cough, quinsy, tonsillitis, hemorrhages. A trial will convince you. 50c and \$1.00. Guaranteed by Jones Drug Co.

The summer underwear referred to in last week's Standard was bought from P. O. Neel & Co. Now, however, most of the underwear sold by them is of a little heavier weight and feels more comfortable at this time of the year than that referred to.

#### Home Industry.

H. P. C. Evers, the popular saddler, has on display in his show window, one of the finest pieces of work in the way of saddles that has ever come to our notice. The saddle is made of the best leather that money could buy, and the striking feature is the beautiful hand-raised stamping which adorns the same, and the handsome sterling silver trimmings.

The saddle is a sample of the artistic work of Mr. Evers' right-hand man, A. F. Rose, and the latter has been the recipient of much praise for his clever work, horsemen having declared it as fine a piece of work as has ever been turned out in Texas. Mr. Evers values the saddle at \$150.00.

### LYRIC TO CLOSE.

#### Popular Airdome to Give Last Performance Saturday.

Manager Julius Levy of the Lyric-Airdome announces that he will close this popular playhouse after this week, giving the last performance tomorrow night. The Lyric will be closed indefinitely, owing to inability to secure suitable quarters in which to open the theater during the winter. Mr. Levy, however, has no intention of leaving Brady, but will endeavor to arrange to open again in the near future.

The Lyric has proven a very popular place during the several years that it has been run in Brady, and has been an attraction that will be greatly missed. Mr. Levy has popularized the theater by maintaining the highest class of shows, and providing a place of amusement that the severest critics could not find fault with.

### ANSWERS THE CALL.

Brady People Have Found That This Is True.

A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow.

Or some irregularity of the urine. A splendid remedy for such attacks. A medicine that has cured thousands.

Is Doan's Kidney Pills, a true kidney remedy.

Many Brady people rely on it.

Here is Brady proof: Mrs. L. J. Hamons, Brady, Texas, says: "About six years ago I was in a bad way with my kidneys. There was an almost complete retention of the kidney secretions and I suffered from pains across the small of my back. I was unable to get anything that would give me relief. A friend advised me to try Doan's Kidney Pills and I procured a supply. After taking one box, I began to feel better and would have been cured had it not been for the bad water we have in this part of the country. I have another supply in the house, as I know they will relieve me when troubled that way. I will continue taking them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## The Dog.

The editor of the Del Rio Herald never saw a dog, or at least it seems so.

Last week he penned a tribute to the Del Rio cars that brought tears to our eyes, as he told how at morn "when the first rays of light pierced the eastern horizon" Old Spot gives a cheerful yelp, and is ready to do his master's bidding; "ready to follow the flag of your wishes to the jumping off place; ready to lick your boots in victory or to pay kindly homage to your wretchedness in defeat."

We paused and cried awhile, and then resumed reading, and this we found: "At night when the thick dark meadow o'herhead is strewn with glittering stars from the hand of God, he lies down by your bed, a faithful watch through the long hours."

When we read that our sorrow's shield was pierced by the strong lance of anger, and we was mad. Not mad because he referred to the heavens as a "thick dark meadow"—it is none of our business if he chooses to liken that mighty dome to a cornfield. We was mad about what he doesn't know about a dog. We have seen dogs, owned 'em, heard 'em and know something of their habits.

The dog lies down at night, all right; one eye is glued upon his lord and master, and the instant that the aforesaid master retires, that dog begins his "faithful watch." He barks—barks at the moon, if it is up; and if not, he barks because it isn't up. His master addresses him in language not unlike that heard among sailors and young boys who wish to be thought large, and the dog barks on; and he arouses every other dog in the neighborhood and in the adjoining neighborhoods, and they bark with him.

A dog can be cured of the night barking habit by chaining him up, and at each bark mauling him over the head with an iron pipe. The only trouble with this method is that it has a tendency to make the dog shy, and seems to diminish his deep seated love for his master.—Menard Messenger.

## Saves Leg of Boy.

"It seemed that my 14-year-old boy would have to lose his leg on account of an ugly ulcer caused by a bad bruise," wrote D. E. Howard, Aquone, N. C. "All remedies and doctor's treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at Jones Drug Co.

### INSPECT TRICKHAM FIND.

### Brownwood Citizens Invited to Look At Well.

This morning about 9:30 there came a summons to a number of prominent business men in Brownwood calling them to Trickham by 1 o'clock this afternoon to see "something great." Messrs. H. A. Carey, D. F. Johnson, T. C. Yantis and Will H. Mayes left at once in Mr. Carey's car for that place. Just what that "something great" was will probably not be known until the gentlemen return, for attempts to get into telephone communication with them failed.

It has been rumored that a "rich find" has been made at Trickham on the Robertson property, yet efforts to get information concerning that "something" would not avail. It was a surprise when the summons came from the Robertsons themselves and asked that the Brownwood citizens get there by 1 o'clock and see the show. It is presumed here that a very strong gas well has been found and that it will be turned on to demonstrate its strength for the visitors. Of course, it might be oil, but it is generally believed that the well is a gasser.—Brownwood Bulletin, Oct. 2.

## A Permanent Cure For Chronic Constipation

Although those may dispute it who have not tried it, yet thousands of others, who speak from personal experience, assert that there is a permanent cure for chronic constipation. Some testify they were cured for as little as fifty cents, years ago, and that the trouble never came back on them, while others admit they took several bottles before a steady cure was brought about. The remedy referred to is Dr. Caldwell's Syrup Pepsin. It has been on the market for over a quarter of a century and has been popularized on its merits, by one person, telling another. The fact that its strongest supporters are women and elderly people—the ones most persistently constipated—makes it certain that the claims regarding it as a permanent cure for constipation have not been exaggerated. It is not violent like cathartic pills or salts or waters, but operates gently

without griping and without shock to the system. It contains tonic properties that strengthen the stomach and bowel muscles so that in time medicines of all kinds can be dispensed with and nature is again solely relied on. Among the legions who testify to these facts are Ella Butler, Platoon, Texas, and W. J. Ramsey, 1409 Broadway, Galveston, Texas, and they always have a bottle of it in the house, for it is a reliable laxative for all the family from infancy to old age.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 435 Washington St., Monticello, Ill. Your name and address on a postal card will do.

## ABNEY & VINCENT BRADY, TEXAS

## Attention!

To the Citizens of McCulloch, Mason, San Saba, Brown, Coleman, Runnels, Concho, Menard, Kimble and adjoining counties:

It is strange that capital should have been so blind to the real magnitude of business possibilities in the West. The figures are staggering, but figures themselves seem to convey no tangible meaning, even to a capitalist, at least not until he knows how to compare and analyze them do they become alive and real.

Texas is destined to be the greatest state in the Union—greatest both in material wealth and population. It only needs combination of capital to develop her limitless undeveloped resources to make her greatest in commerce, greatest in manufacture, greatest in agriculture, and wonderful in her oil and coal resources. Texas will derive more benefit than any other state in the Union from the completion of the Panama Canal. This incident alone will double her population in ten years, which incident will double the necessity for strong financial institutions to handle the increased business problems and proportionately to the wonderful resources of our section. Let us not be frightened from the legitimate fields of financial endeavor. Let us take Time by the forelock and act now.

Hence, we invite people of small, as well as large means, to become stockholders in this great enterprise. If the advice to not invest in home enterprises were followed, what would become of progress? This is a progressive age. Be a financial as well as a political progressive. He who sits idly and allows business opportunities to flit by him without grasping them will be left in the pits of poverty, with no one but himself to censure. Opportunity knocks at every man's door once in a life time. This may be your only and last opportunity. Buy now.

Loosen your purse strings and let prosperity and affluence in. In a comparison with population and wealth, Texas stands at the foot of the list of other states as to number of organized trust companies.

However, Texas has only begun its period of development along all agricultural, manufacturing and commercial lines.

Trust company stock is a most desirable class of investment to hold, and a ready asset in time of financial embarrassment. It will make you money, and at the same time get you money.

A trust company is not restricted as to class of security upon which it can make loans, but can loan money on real estate, vendors lien notes or personal security. In this, it differs from a bank. A loan company has no deposits to protect and consequently is not required to maintain a reserve. It is not subject to embarrassment by panics, because it has no quick liabilities subject to the control of Wall Street bankers, and is therefore safer than a bank. A trust company can transact a large commission business which often becomes most profitable, such as examine and perfect land titles, sell stocks, bonds, mortgages and other securities, issue debenture certificates properly secured, make commercial collections, contract, manage and sell real estate, provide auditors and accountants for public and private auditing in Texas and elsewhere, act as administrator and executor of estates, act as attorney for and as agent of foreign corporations in any matters involving settlements of claims by arbitration or legal proceedings and in all matters of a fiduciary or trust nature.

Thus, you see, it is not limited to a single functional power, but may exercise many different financial functions.

In fifteen years some trust companies have built up a business that their predecessors were almost a generation in acquiring. This is because the material wealth and population of the country has been as rapid in the past fifteen years as it was in thirty years previous. The next fifteen years will more than double the opportunity to make money with organized capital in this state.

Trust companies excel all

other financial institutions, both in net earning and amount of cash dividends paid.

The development of the Brady Country—opening avenues of wealth, developing our agricultural resources, building homes and factories, etc., are not in question here as mere means of livelihood, but as a spontaneous and creative labor which is undertaken specifically in the interest of business progress. This is a progressive company, established in an age of progress. Men carrying on commerce merely to live, feeling no idealism impelling them to habits of industry, would never produce any tangible results or gain any commercial power. Be progressive. Buy stock in the Farmers Loan and Trust Co. and help weave the wonderful fabric of industry at home, for home people.

### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one reliable cure, and that is by systematic treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a running ear, or the perfect hearing, and when it is not a running ear, it is in the throat, and you have a ringing or buzzing in the ears, and the tube remains closed. The tube will be destroyed, and the hearing will be lost. It is caused by the same disease that causes the deafness. We will give you the best medicine for only one cent. Deafness caused by any of the causes mentioned by Hall's Catarrh Cure, will be cured. Sold by Druggists. Take Hall's Family Pain Expeller.

Cool weather suits that will make you glad. See Demp's display of samples.

A good rain fell in Mason last Sunday, extending as far this way as Katemey. Water was reported still standing in the road from Mason to Katemey last Tuesday.

### KILLED IN COLLISION.

Henry Evers, Prominent Ranchman of Fredericksburg Victim.

Henry Evers was killed in a head-on collision on the Santa Fe near Lampasas at 10 o'clock Tuesday night, when a west bound train crashed into an extra stock train bound east. The dead man was a cousin of Harry Evers, the local harness man. The engineer and fireman of the stock train and the engineer of the west bound train, as well as several stockmen, were injured. H. Y. Roberts, a stockman of Llano, was reported missing and may have been buried under the wreck. Judge Joe Adkins of this city was a passenger on the train, returning from Austin, but fortunately escaped without a scratch.

The east bound stock train was loaded with sheep and hogs, many of which were killed. The cause of the wreck has not been learned.
