In view of the lamented death of J. K. Baze, our County Superintendent of Public Instruction, it becomes the duty of the Democratic Executive Committee of McCulloch county, Texas, to nominate a candidate in lieu of J. K. I therefore call a meeting of the Democratic Executive Committee of McCulloch county, Texas, to meet in the court house at Brady at 2 o'clock p. m. SHOPS FOR BROWNWOOD

SANTA FE TO SPEND \$500,000 IN BUILDING.

Shops to Be Similar to Cleburne's Ground Has Already Been Acquired and Plans Drawn

Galveston, Texas, Oct. 17.—The Gulf, Colorado & Santa Fe has definitely decided to locate in Brownwood, the county seat of Brown county, a system of freight yards and terminals that will cost \$520,000. The site determined upon is in the town limits of Brownwood, and the Santa Fe engineers have been instructed to advertise at once, soliciting bids for the half million dollar project from contractors throughout the Southwest. The definite decision to build at Brownwood one of the most modern and complete systems of freight terminals in the entire Southwest is one of the most significant of recent acts of the Santa Fe indicating the extent to which the West Texas territory is to be developed by the road. The announcement that right-of-way has been obtained, and that the project has reached the point where bids from contractors will be solicited was made Monday at the Galveston general offices of the road by John H. Keefe, assistant general manager of the Gulf, Colorado & Santa Fe.

Equipment in Detail.

The land and buildings comprising the terminal structures, with the expenditures involved in each of the individual items are:

Division freight yard, \$251,000	
Engine, coach and repair yards and equipment	170,000
12-stall brick engine house (92-foot standard low type)	45,000
Standard 85-ft. turntable	11,000
Brick machine shop	10,000
Car repair shed, with service track	8,500
Brick power house	8,000
Sandhouse with service track	5,500
Roundhouse, foreman's office and supply house	2,500
Engine supply house	1,300

Eliminate Grade Crossings.

One notable feature of the plans for the new freight terminals is the elimination of grade crossings in the original plan of the terminal yards, by the construction of concrete subways at an additional cost of over \$100,000. Where Austin avenue and Vine street intersect the yard tracks there will be built two subways, with concrete retaining walls, reinforced by steel rods, while overhead the tracks of the road will be supported on heavy structural steel I beams. By the introduction of this feature, the Santa Fe management hopes to eliminate utterly subsequent troubles of the grade

crossing variety.

Division Freight Yards.

The division freight yard detail of the terminal project, costing in itself \$251,000, is to be located south of the depot, and the present Santa Fe property between Lee street and the Ft. Worth & Rio Grande crossing. The center of the new yard will be opposite the new depot recently completed. In this \$251,000 item is contained the cost of the land, of the right-of-way and of the rails, ties, etc, for the construction of a 6-track freight yard (each track with fifty car capacity), with the necessary rail tracks, crossings and subways under the tracks at Austin and Vine streets.

Plans Permit Enlargement.

The second largest item of the project, the \$170,000 engine, coach and repair yards and equipment, is to be located at the eastern end of the division freight yards, across the track from the present roundhouse. This detail contains, in addition to the engine, coach and repair yards, the tracks and track scales, a septic tank, a 24x50 ft. steel water tank, cranes, fuel oil facilities and the necessary water, steam and air lines.

The plans that have been drawn up for the arrangement of the yards permit, upon the present property, the enlargement of the present contemplated facilities by between two and three times.

No Division Appointments.

There will be no official appointments of Santa Fe men to posts at the head of a new Brownwood division for some time to come. Assistant General Manager Keefe said Monday, in connection with the new yards. The Santa Fe contemplates operating the \$520,000 facilities to the West Texas lines, growing monthly in importance. Eventually, of course, Brownwood will doubtless be the headquarters of another Gulf, Colorado & Santa Fe division, with all division officers, from superintendent down through the ranks, located there. But the days of such appointments are far ahead, it was authentically stated.

Lecture Nov. 4th.

In mentioning the first of the lecture numbers to be given in Brady, we announced the date incorrectly. The date should have been Nov. 4th, at which time Booth Lowrey, the noted humorist-lecturer will appear. This number is said to be one of the most interesting of the course, and no one should fail to hear Mr. Lowrey.

All persons having accounts or any kind of indebtedness owing to them by J. K. Baze will please file an itemized statement with the undersigned at once.

EXHIBIT RAIN OR SHINE

GREAT McCULLOCH COUNTY SHOW OCT. 25-26.

Brady Will Display Best of Stock, Farm and Garden Products, Poultry, Etc.

The big McCulloch County Exhibit will be held next Friday and Saturday, October 25th and 26th, rain or shine. Already many of the exhibits are in place, and nothing is to be allowed to interfere with the show. Secretary Hardison, in charge of the exhibit, requests that all displays of canned goods be brought in at once so as to enable him to arrange them to the best advantage. All other exhibits should be on hand as early as possible Friday. Everyone is invited to join in the exhibits.

The following have been appointed judges in the awarding of the premiums:

Poultry—Adolphus McClesky, Brownwood.

Farm and Garden Products—George Darley, W. R. Rice, W. R. Pence.

Ladies Department—Mrs. C. A. Johnson, Mrs. John P. Sheridan, Mrs. Will Roberts.

Stock—Dave Harkrider, G. B. Awalt, W. F. Dutton.

Cotton—Jack McGaughy, J. H. Hill, Thos. Bell.

The parade will be the leading feature of the exhibit Saturday. Supt. W. L. Hughes of the Brady schools, has consented to take charge of the parade of school children, both of Brady and McCulloch county, and with the merchants, the exhibitors, the citizens, the old and the young in line, the parade should prove a feature that will long be remembered.

District Medical Society.

Dr. J. B. McKnight left Monday for Brownwood to attend the annual meeting of the District Medical Society, of which he is president. The meeting convened yesterday and will continue in session today. Dr. McKnight is on the program for an address.

The Palace Drug store has a most attractive show window this week; attractive both in the quality of goods, and the arrangement of the display. The display of cut glass was arranged by M. Neumegen, and both Mr. Neumegen and the Palace Drug store have received many compliments upon the attractiveness of the same.

Fred Mayfield, advance and general agent for the Harrison Theatre Co., had the misfortune to fracture one of the small bones in his ankle Saturday in a fall off the curbing near Goldwasser's.

A Card of Thanks.

We desire, with all of our hearts, to thank our good friends for their kindness and attention during the illness and death of our loved husband, son and brother, Jesse Baze.

Cold Weather

Everyone ought to enjoy cold weather. It makes you hustle and gives you energy to do things, provided you are properly clothed against the chilling northers.

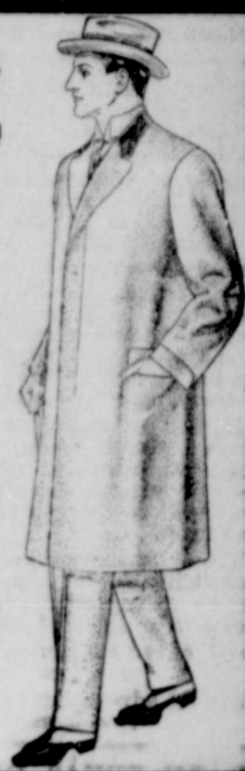

That's why we are in business, to provide you with Kahn Tailoring Co.'s snappy winter clothes and nobby overcoats. They're the "best yet" for the man that wants class and comfort.

CONLEY MERC. CO. CLOSES.

One of Old, Established Firms Makes Assignment.

The Conley Mercantile Co. closed its doors last Thursday night, and Friday made an assignment in favor of its creditors. The total liabilities of the firm aggregate \$54,425.27, and its assets, including personal real estate and property exempt by law, total \$20,492.99.

The Conley Mercantile Co. was one of the oldest firms in Brady, and for a number of years occupied by far the largest and most pretentious business house in Brady. The firm did an immense business up to the last three or four years, when, with all other business firms, it suffered loss of trade by reason of short crops. Mr. Conley has always conducted an up-to-date dry goods store, and took great personal pride in the business. It is a matter of regret to all his friends that he was forced to take such a step. He has made no plans for the future, but will remain here looking after personal affairs for the present.

The big storage tank at Lohn has been placed in good shape, and with its 1600 barrel capacity will take care of the oil produced by the Brady Oil & Gas Co. for some time to come.

PECANS COMING IN.

Half Car Already Bought by McCully Co.

Pecans are being placed on the market, and while the crop is not large, yet the nuts are coming in quite lively. McCully Co. have already purchased something like 15,000 pounds, which is equal to half a car load. Of this number 10,000 pounds have already been received by them, 3,000 pounds have been purchased in Mason county, and will be received in the next few days, and the balance represents purchases made in various parts of McCulloch county. Saturday Mr. Roddie, manager for McCully Co., purchased 1,000 pounds of fancy pecans from Junction. Pecan gathering is quite an industry these days, and good pecan threshers and pickers are in demand.

Rev. and Mrs. Caperton Pounded

Probably no better example of the universal esteem in which they are held could have been afforded than the pounding of Rev. and Mrs. W. G. Caperton last Friday night, not only by the members of the Baptist church, but by the citizens of Brady as a whole. The party stormed the Caperton home just after dark, filling the house and yard to overflowing, and upon their departure left with the pastor and his good wife groceries, flour, meat and provisions of every variety, not to mention a handsome full coat suit for Mrs. Caperton. The occasion was a most joyous one, not only for Mr. and Mrs. Caperton, but for all who participated.

BRADY, TEXAS, Oct. 23, 1912

JUSTICE.

Burrell Oates, the Dallas negro under the death penalty for the killing of a Jewish storekeeper, is to be hanged November 29th, just eight years to a day from the time the crime was committed, the higher courts having just affirmed the decision. Oates has been tried seven times, once the jury disagreed, six times he was given the death penalty. After each conviction his attorney secured a new trial for him upon technicalities.

In this case an example of the justice in Texas courts is given. Oates is a negro without funds and without friends. His case has been fought throughout all the trials by Attorney A. S. Baskett. When the higher court affirmed the case praise was given to Mr. Baskett for the faithful work he had done in the case.

Just why praise should be given Mr. Baskett is hard to understand. There seems to be no doubt as to the negro's guilt, in fact, his white accomplice in the murder was hung six years ago. It is true that although Baskett was an obscure and struggling attorney at the time of the murder, his fight for the negro has given him a state-wide, if not nation-wide reputation; yet that reputation was built at the expense of the people of Texas, and the justice of Texas courts has been held up to mockery.

Justice is blind, it is said, but in this case Justice seems to have been deaf, dumb and partially paralyzed as well.

CONGRATULATIONS.

Brownwood gets the Santa Fe shops. Here's congratulations, Brownwood. We admire your enterprise, your efforts and your persistence. There is no false sincerity when we say we rejoice in the prosperity and success of our next door neighbors, for your success encourages us to fight our battles with more earnestness and more determination, and if pluck and energy counts, we'll win too.

Tell your neighbor to bring it to the McCulloch county fair.

"Tight skirts force big N. Y. petticoat firm to the wall," says a news report. The explanation is that the close-fitting dresses now worn by women have so reduced the demand for petticoats as to make them a glut on the market. Now what are all you married men kicking about the high cost of living for? Haven't the ladies become economical enough?

BOOST THE EXHIBIT.

Rain or shine, the McCulloch County Exhibit takes place next Friday and Saturday, Oct. 25th and 26th. The exhibit hall in the Syndicate building is already being decked out with the fairest, and biggest and best specimens of McCulloch county production, and all this week more farm products and more kitchen products; in fact, every kind of McCulloch county product will be pouring in, until, by the end of the week, the exhibit will doubtless outrival any ever shown here. There is much enthusiasm being shown by citizens of McCulloch county, as well as those of Brady, and many who have already placed articles on exhibition, have more at home to place in the show this week.

The weather being favorable, the exhibit parade will be held just as planned for last week. Everyone is urged to take part in the parade—there is no reason why it cannot be made an attraction equal to any circus parade, and if every merchant will take interest and part in it, Brady ought to entertain as large a crowd next Saturday as was here on last circus day. Boost the exhibit, and the exhibit parade, and let's make them both annual affairs.

A SUGGESTION.

Commenting upon the flagging of trains by means of red petticoats in the days of auld lang syne, the exchange editor of the Fort Worth Star-Telegram says it is no wonder that there have been so many wrecks recently; petticoats are no longer worn. We hasten to state that red stockings ought to make admirable substitutes.

McCulloch county babies will be the prettiest and most attractive part of the exhibit. Bring the babies, also the aunts and uncles, grandpas and grandmas.

Just as we had reached the conclusion that the proper way to do was to get down on your knees when proposing to a girl, some fool feller wants to know what to do in case the girl is using 'em.

In just about two week us noble democrats will be having the corrupt republicans eating wormy apples; the Bull Moosers va-moosing, while we ourselves will be doing the Little Jack Horner stunt.

"Make the effort—buy a home," urges the Fort Worth Record. There is no effort required in the purchase of a home in Brady. After a man has lived in the glorious Brady country a few weeks, it is just as natural for him to possess a home, as it is for the chickens to go to roost at sun down.

Last week Claude Cailan advised just how he expected to conduct the Brady post office following Wilson's election to the presidency of the U. S. After reading the article, Dave Doole allowed that Claude thought all he would have to do would be to "chaw tobacco, spit red and cuss."

We went to the show every night last week, taking observation lessons in the art of properly proposing, and at the first opportunity we are going to try out our newly acquired knowledge upon some of the Menard girls. All this week we are attending the show in order to learn how to take poison gracefully in case one of the Menard mamas should advise her ugly duckling to accept our proposal.

"A LIVE ONE"

I. O. O. F. HOME.

Among other cities, Brownwood is making an effort to locate the Odd Fellows home, to be located somewhere in West Texas by the next grand lodge, which convenes in March of next year. The local lodge appropriated \$5,000.00 toward this purpose, and the business men have taken up the matter and will make an attractive bid for the location.

Bonham is also after the plum, and the citizens have pledged themselves to raise \$10,000 in addition to the \$6,000 contributed by the Bonham lodge.

Whether Brady will enter the contest is not known. About a year ago the matter was agitated here, and met with encouragement on every hand. An ideal location was offered for the home, and the promise of strong financial aid was had from the citizens of Brady. The Odd Fellows lodge has a big membership throughout McCulloch county and all this section, and by mutual co-operation there could be no insurmountable obstacle in the way of Brady's securing the home.

The Brady Post Office.

We called on David Doole at Brady last week, and he was nice enough to show us through the post office that we are soon to take over. We selected the places that we shall hang pictures of Bryan, Wilson and other great men. Mr. Bryan, in the picture, will appear in the form of a cocked hat.

We shall overhaul the office entirely when we take charge, and many improvements will be made. Large plate glass mirrors will be placed in the lobby, where the women can look at their hats and make such change in their complexions as they wish; and in one corner will be placed a large davenport where the boys from fifteen to twenty years of age may sit and smoke their cigarettes in comfort, enabling them to get off more funny things calculated to amuse the ladies.

We shall have one clerk whose duty it will be to hand out mail to anyone who desires it before the delivery window is open, and another to sympathize with those who expect letters that fail to arrive. In case of a man, the clerk will have convenient an ample supply of soft and medium drinks to place at the disappointed patron's disposal, and afterwards take him out to lunch. If it a woman of marriageable age, whose lover has quit writing, the clerk will marry her.

In case a patron who has been handed his mail inquires if that is all, the polite democratic clerk will inform him that it is not, and immediately get him some more.

Duns of every character will be destroyed in the office, and love letters will be delivered every day to every old maid in Brady. Of course, this means an immense pile of letters, but we'll deliver the goods if we have to sit up all night writing them.

Col. Doole has been in charge of the post office so long that in spite of his lowly political affiliations, we will show him some consideration, and we shall therefore build him a booth in the lobby, where from 7 a. m. to 7 p. m. it will be his duty to answer questions and read Mr. Bryan's speeches aloud for the entertainment of the patrons. When only young folks are in the lobby he must sing them touching love songs, and it will be a part of his duty to watch after and sing to the babies of patrons who desire to go out shopping.

We're going to have a post office the people will be proud of.—Menard Messenger.

MASON MAVERICKS.

From the News.

Taylor, Texas, Oct. 8.—W. H. Davis, a prominent and pioneer merchant of Taylor, who also owns a mercantile establishment at Mason, Texas, today filed a voluntary petition in bankruptcy in the Federal court at Austin in favor of his creditors and closed the doors and business of his stores. Judge Thomas J. Lawhon of Taylor and Attorney D. K. Woodward of Austin have been retained by Mr. Davis to represent him in the court proceedings. Mr. Davis began business here with a small stock and store twenty years ago and gradually built up his business until now he has one of the largest stores in Taylor. The amount of his liabilities is not given out here. This is the first bankruptcy of note in Taylor in a number of years.

George Kidd of the Katemey country reports the recent loss of three cows and a young horse from some unaccountable cause.

S. F. Bethel, former publisher of the Herald, will soon take charge of the telephone line here, Mr. Dold being transferred to San Saba.

Walter Crosby made a business trip to Brady Tuesday.

Last Friday D. E. Amerine was blown up in a mine about nine miles northeast of here and had the middle finger of one hand torn off and sustained some other bruises. His hat was cut in two as with a knife. Dr. Thompson was called to attend him and reports him getting along nicely. He was down in a shaft tamping dynamite, when it exploded.

Mason had a little shower of rain Saturday morning, but not sufficient to be of much benefit.

Hon. G. F. Hurley and Capt. I. E. Anderson were here Tuesday from the Katemey country on business and were agreeable callers at the News office.

A few days ago the News was called up over the telephone by a lady who asked us to urge the people to build dams and terraces their fields to catch and save every bit of rain that fell. This lady had no doubt been reading some of the good advice from Campbell's Scientific Farmer. That journal advocates holding with small dams and terraces every drop of water that falls on the land, where practical dams can be built at small cost and lakes formed that will be of untold benefit in increasing the rainfall. Where washes are in fields these washes can be terraced and not a bit of water allowed to run off, thus putting a good season in the ground. The News is arranging for an agricultural department in which we will quote freely from Campbell's system of dry farming. It has proven one of the greatest successes ever known to the farmer, and if followed, the farmer who does so will never fail to make a profit on his farm.

Mason, and, we hope, a big territory about, received one of the finest rains Wednesday that could possibly come. It came gently all day and night, never ceasing entirely until Thursday morning. Twenty-four hours of steady rainfall. This will be fine for small grain that is planted and will help grass, should we have some warm weather. The amount of rainfall, according to Harry Bierschwale, was 2.33 inches.

Neuralgia of the face, shoulder, hands or feet requires a powerful remedy that will penetrate the flesh. BALLARD'S SNOW LINIMENT possesses that power. Rubbed in where the pain is felt is all that is necessary to relieve suffering and restore normal conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Palace Drug store.

Pink Ellis, accompanied by his brothers, passed through Brady Monday enroute to Granbury, where they are placing on pasture some 1500 head of cattle. The grass is so short on the Ellis ranches that they expect to move all their cattle, some 3,000 head all told, from both the Menard and Sonora ranches, and will also move their horses and hogs. Grass is said to be fine in Hood county, and its proximity to Fort Worth makes it an ideal pasture ground.

We give votes with every purchase, both in our grocery and dry goods departments. Always ask for them. Wm. Connolly & Co.

A letter from our old friend, S. M. Young, states that they have located in North Fort Worth, and while getting along nicely, with the exception of missing The Standard, and asking that the paper be forwarded instanter. Mr. Young states that they found plenty of work at fair prices, and that at present he is getting \$4.00 per day per team.

Shellhorn, Ala.—In a letter from this place, Mrs. Carrie May says: "A short time ago, I commenced to have weak spells and headaches. I felt bad all the time, and soon grew so bad I couldn't stay up. J. K. BAZE DEAD.

Passed Away Friday Night at 9:00 o'Clock.

After struggling for the past several weeks between life and death, the spirit of J. K. Baze passed into the Great Beyond last Friday night at 9:00 o'clock. Death came quietly and peacefully as a relief to his sufferings of the past two months. Funeral services were held Sunday morning, and interment was made in the Brady cemetery.

J. K. Baze was born in Burnet county October 25, 1875, his parents moving to McCulloch county when he was less than a year old. He received his early schooling at Camp San Saba. He was an ardent student, always far in advance of the children of his age, and always at the head of his class. Growing to manhood, he continued his studies, at home or wherever opportunity afforded, and held numerous certificates from various colleges showing that he had mastered courses in law, bookkeeping, hypnotism and various other professions. About three years ago he was licensed to practice law. He chose, however, to make educational lines his life's work, teaching in Mason, Menard and McCulloch counties. Among the schools taught in this county were those at Lohn, Pear Valley and Camp San Saba, and no man could have stood higher than did he among his former patrons and pupils. He held a first grade certificate, and just shortly before his death had received a renewal of the same.

Two years ago Mr. Baze was the successful candidate for the office of County Superintendent of Public Instruction, the office having just been created, and at the Democratic primary election this year he was re-nominated for the office. Mr. Baze had suffered with rheumatism for the past fifteen or twenty years, and for the past three or four months had suffered intensely, being confined to his bed the past two months. The disease developed into enlargement of the heart, which was the direct cause of death.

Mr. Baze was a man of strong character and exemplary life. No man could have been more conscientious in the performance of duty than he. He was loyal to the trust imposed in him by the people, loyal to his friends, and earnest in his endeavors to do right by his fellowmen.

Mr. Baze was married in 1898 to Miss Bessie Sharp, who was then teaching in this county. To them were born three children, two boys and one girl; Miles, age 13; J. K., Jr., age 1, and Carmalita, age 2 years. Besides his widow and children, he is survived by his parents, Mr. and Mrs. J. P. Baze; seven brothers—Dr. Robert Baze of Chickasha, Okla., Dr. Perry Baze of Mason, Garrett Baze of Blanchard, Okla., Dr. Walter Baze of Berry, Texas, and A. C., Elmer and Martin Baze of this city; three sisters—Mrs. Ollie Kidd of Camp San Saba, and Mrs. Viola Lowrey and Mrs. Rosa Evers of this city. All were present for the funeral with the exception of Dr. Robert Baze, who was unable to attend on account of sickness, but who had been here attending his brother until a week or two ago.

Mr. Baze was a member in good standing of the Lohn Camp No. 2104, W. O. W., and also of the Masons. Mr. Baze organized the Woodmen lodge at Lohn in May, 1906, and at his request that lodge conducted the burial services.

Funeral services were held at the residence of the deceased Sunday morning and, followed by a great concourse of sorrowing friends, the funeral cortege proceeded to the Church of

A Letter of Appreciation.

We would like to monopolize a whole column of your paper in giving our hearty thanks for, and full appreciation of the many and various good things that were donated and sent into our home on last Friday night, but think it best not to trespass on your generosity in filling too much space, so will, in as few words as possible, beg that you allow us a small corner to express our heartfelt gratitude to the many kind friends of Brady who responded so willingly to our kind pastor's suggestion.

This was a complete surprise to us, though a most agreeable one. We would be glad to mention the names of all those who had part in this offering, but suffice to say that Christian friends of other denominations, as well as our Baptist brothers and sisters graciously joined in this quiet moonlight raid on us.

The nice fat turkey sent in reminds us of how near our national day of thanksgiving to our Heavenly Father is at hand. And surely some witch or fairy must have given the number of a splendid pair of shoes for self, and also an excellent fit in a well finished coat suit for my wife.

Now, to one and all of the good people who aided in this surprise, we hereby express our thanks for your kind remembrances.

**CALLAN CONCOCTIONS FOR
MAGNIFICENT MENARD**

From the Messenger.

Mrs. H. R. Hodges visited her parents Sunday.

There is one good thing about limburger cheese—it will keep in any climate. The climate may give way, but the cheese will hold its own.

Several of the Menard people patched up their disappointment at Brady by attending Barnum's to-do at Brownwood.

"How to Become an Old Maid" is discussed at length by one of the dailies. There is no use discussing the subject. Just write for information to any Brady girl.

Cecil Lyon has sent cheering news to the faithful in Menard. It takes a brave man to show a bold front when the seat of his pants is out.

All of our subscribers are requested to do their Christmas shopping late and wait until January 31st to secure poll tax receipts. Their subscriptions, however, should be paid at once.

A New York engineer has decided to move the earth. Guess his collar button rolled under it.

A Kansas City judge has ruled that a woman may lie to her husband. Day by day, poor man is having to surrender, one by one, the sacred privileges that he once enjoyed exclusively.

October 9th was clean-up day in Texas, but the sign wasn't quite right in Menard. Just wait till we catch the fever—then you'll see a clean town, all right.

There is one difference between the devil and the republican party. The devil never claimed to be good.

The horrid face of hard times has not dared to show itself in Menard. It simply can't stand the sight of these irrigated farms and registered cattle.

A Brady subscriber asks us how long it will take Schwenker, at the rate he is marrying, to become a gran'pa. We haven't figured on that at all. If we can just get him to become a husband, we'll be satisfied. The balance of his destiny he can work out for himself.

Women just will send money away for tacky clothes, when they would look equally ridiculous in those offered in the home market.

Claude Callan, editor of the Menard Messenger, came over on the excursion from Menard Monday to see the circus. We are reliably informed that owing to the fact that he was not possessed of the convenient change, Mr. Callan earned his pass to the show by carrying water to the elephant.—Brady Sentinel.

An honest mistake, no doubt. We carried a bucket of water to throw on ourself in case we fainted when they pulled off the stage robbery.

From the Record.

The Rochelle high school opened last Monday with a good enrollment. We have as good a public school as perhaps there is in the state, and it is no wonder they come here from distant places to attend school.

Rochelle was blessed by one of the best rains this week that we have had for many months. The rain commenced falling on Tuesday night at about 11 o'clock and continued to fall in the nicest manner, almost without a moment's let-up, until about 11 o'clock Thursday. It fell slow, and almost all of it soaked into the ground. This puts a good season in the ground for winter crops.

Tuesday morning while trying to pen some young mules, Miss Nola West of Midway had the misfortune of being kicked by one of them. The doctor was called and found that it was necessary to take two or three stitches. She is progressing nicely.

Mrs. Jim Price and daughter, Ruth, went to Brady Saturday.

Tom Heath made a business trip to Brady Thursday.

A. J. Burk and Pink Lee left last night with their cars of implements, household goods and stock for Oklahoma, where they go to make their future home. Their families will follow later. Our best wishes accompany them to their new home.

Mrs. I. V. Doran and daughter, Miss Xora, left last Monday for Richland Springs, where they go to make their home.

Miss Martha Crutsinger went to Brady on Tuesday morning's train, returning on the Santa Fe to Satuit.

E. A. Townsend and son, Carl, were out from Brady Saturday and Sunday visiting home folks.

Miss Ollie Moore was here the first of the week from Brady to visit her father and other relatives.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. One case out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness cured by our method that cannot be cured by Hall's Catarrh Cure. Send for circulars free. E. J. CHENEY & CO., Toledo, O. Sold by Druggists. EDEN ECHOES.

From the Echo.

Dr. Anderson made a trip to Brady Wednesday.

R. G. Armor has purchased the stock and fixtures of the Eden Drug Co., and has moved his stock of drugs from his old stand to that which was occupied by the Eden Drug Co. in the new rock building, consolidating the two stocks. This only leaves one drug store for Eden, but it is one of the most complete to be found in this part of the state. Mr. Armor has an eye to business and believes in progressing instead of retrograding.

Of all the rains yet, San Saba got her's this week. A slow rain commenced last Tuesday night and this morning (Thursday) it looks as if it would rain a week yet. The water has all soaked into the ground, and lucky is the farmer who had his grain land broke ready for wheat, oats and other small grain. With a few more rains like this one San Saba county farmers will all have fat bank rolls next fall.

Judging from the cotton already ginned and what is to come yet, the farmers in this vicinity have made a good showing for a drouthy year. The two gins here are: Union gin, 1666 bales; Farmers gin, 871 bales.

From the News.

Miss Lucy Rector, one of the teachers in the Brady school, spent Friday to Sunday with her parents, Mr. and Mrs. E. L. Rector.

W. C. Locker, the gin man, and W. A. Bodine, a well-to-do farmer, of Richland Springs were here on business Wednesday. Mr. Locker reports over 500 bales ginned to Monday night.

Little Louise Halden, baby of Mr. and Mrs. Gregg Halden, spilled a cup of boiling hot wa-

ter on its arms and body Monday, burning the little one frightfully.

The little 2 1/2-year-old girl baby of Mr. and Mrs. W. T. Locklear was playing about the house Monday evening and got hold of a vial of carbolic acid and poured the contents of the bottle on its abdomen and legs, making a very painful burn. Mrs. Locklear applied alcohol and spirits of camphor immediately and summoned a physician and the little one is getting along nicely.

HARRISON SHOW.

Continues Feature Attraction in Brady This Week.

The Harrison Theatre Co. continues to grow in popularity with each succeeding performance. Their plays are so varied, and each and every one is so entirely new to local theatre-goers that it is hard to say just which is the best, so greatly does the opinion and taste of the people differ. Last night's bill, however, was conceded by most everyone to have been the most pleasing yet presented.

For tonight the company plays "The Days of Auld Lang Syne," and as a feature tonight all persons over 60 years of age will be admitted to the box seats free of charge.

Thursday night the company will play Mr. Harrison's latest production, a play which has not yet been named, and the audience will be given the privilege of naming the play. Three local citizens will act as judges to award a prize of \$10 to the one suggesting the most appropriate name.

Friday night will be feature night, and the Texas play "The Lone Star Ranch," will be presented.

Always call for a Brady broom made by J. W. Embry. They are the best.
