"YOU MUST BE SATISFIED"

Roberts-Bell.

Mr. W. F. Roberts, Jr. and Miss Linnie L. Bell were quietly married Sunday afternoon. The news of the wedding was quite a surprise to the many friends of the couple, and the marriage was the culmination of a very happy love affair. The ceremony was arranged for Sunday, and the couple, accompanied by the bridegroom's parents, Mr. and Mrs. W. F. Roberts, Sr., drove out the Lohn road toward Brady in order that the bride's sister, Miss Zonia Bell, who is teaching in the Rochelle school, might witness the ceremony. On the way they were met by Rev. T. P. Grant, who said the words that made them one.

Will Roberts is one of Lohn's most promising young business men, and in addition to being manager of his father's store, holds the responsible position of postmaster at Lohn. He is well known throughout McCulloch county, and his innumerable friends speak naught but words of praise and commendation for him. His cheerful and accommodating manner have won for him universal esteem, and his happy marriage is a source of pleasure to all his friends.

Mrs. Roberts has had charge of the Lohn school during the past year, her home being at Luling. She is an accomplished young lady, with a charm of manner that has endeared her to all. She is universally popular with pupils and patrons of the Lohn school alike, and Mr. Roberts is fortunate indeed to have won her for a life partner.

Mr. and Mrs. Roberts will make their home at Lohn, and Mrs. Roberts will continue her

school until the close of the present session.

Tea Saturday.

The Calvary Circle of the Christian church will give a tea on Saturday afternoon, March 8th, at 2:00 o'clock at the home of Mrs. W. N. White. Homemade candies will be on sale. The public is cordially invited to attend.

Building Tin Shop.

Workmen are engaged in erecting a building just north of the Brady Auto Co. garage, and when completed it will be occupied by G. P. Moore with his tin shop. Mr. Moore has enjoyed a splendid business since again locating in Brady, and is making his arrangements to locate in permanent quarters.

This is white goods season. Our store is headquarters for everything in this line. Ladies, see our undermuslins, etc. Wm. Connolly & Co.

Foot Crushed.

Collie Graham suffered a severe accident at the Brady Oil mill last week in which his foot was badly crushed, and the leg severely injured. Sitting on top a pile of seed, Graham was pushing the seed into the conveyor, when the pile of seed caved in sliding him into the conveyor. His cries brought fellow workmen to his assistance, and medical aid was summoned. At last reports he was doing as well as could be expected, and hopes are entertained for his complete recovery.

Methodist Ladies Dinner.

The dinner given last Saturday by the Ladies Home Mission society of the Methodist church was a success, both from the society's standpoint, and that of those who attended. The dinner was excellence itself, there being an abundance of every variety of good things, and many were the compliments passed upon the articles served. The attendance was splendid, as is evidenced by the receipts, \$65 having been the total. The expenses of the dinner were comparatively light,

which assures a handsome balance in the treasury of the society.

GETS THE GRAPES.

Perhaps you have noticed the splendid line of regular advertising carried by The Standard since the first of the year; and by regular advertising we mean those merchants who greet you each week with an ad on a certain page or in a particular position upon a page. You become accustomed to seeing their ad each week, and almost unconsciously you get into the habit of watching for that particular ad each week, just to see what store news it has to tell. If the ad should be missing, you would very likely rub your eyes to make sure they weren't playing a trick upon you.

But this is just a preface to announcing that this week The Standard gets some more grapes—a contract for a regular amount of advertising to appear in each Tuesday's issue for the Elite Dry Goods Co. There will not be a week pass during the remainder of the year, but what will have an interesting announcement from this store in the space at the right hand top corner of front page. Watch the space—we firmly believe a careful reading of the ads of this firm will mean money saved to you.

The reason for a contract being given to us? Just because Standard advertising reaches a class of people that profit by a merchant's advertising, because they have long ago realized that competition will not permit the advertising of anything but honest values, and the merchant that advertises his wares is the one best in position to cope with competition.

Brady Standard ads get the grapes, and by the same token The Standard gets its share of the grapes.

Are you doing anything to beautify your premises?

Have you planted any trees or shrubs about your home?

Are you one of the few who have neglected cleaning up? If so, beware!

A pleased stranger is a good advertiser for a town—do your premises present a pleasing appearance?

Home is where the heart is; but it takes a strong heart to call a dilapidated house, a weed-grown yard and an unsightly premise home. Is your place of residence a home or just merely a house?

Just one more question. When you read of all the cases of meningitis and other infectious diseases developing in various parts of the state, aren't you glad that Brady is, so far at least, free of such an epidemic? Do your part nobly toward keeping Brady the healthiest spot in Texas.

Bumgardner-Henderson.

Rev. T. P. Grant said the words Sunday that united for better or worse Mr. J. A. Bumgardner and Mrs. Nora Henderson, both well-known Brady folks and popular with a large circle of friends. Mr. Bumgardner is engaged in the dry business in Brady, and the couple will make their home here.

\$10,000 IN GOLD.

Articles in regard to the \$10,000 in prizes offered the farmers of Texas by the Texas Industrial Congress, have appeared in The Standard the past three or four weeks. The following article describes the general conditions of the contest:

General Conditions.

No application to enter the contest will be received after April 1, 1913.

Each contestant must so describe the location of his land that an inspector may easily find it, and he is requested to notify his county newspaper of the fact that he has entered the contest and will endeavor to win a prize.

Every contestant must agree not to appeal from the decision of the Committee on Awards, but to accept its judgment in every case as final.

Contestants may enter in any one or all of the classes for which they are qualified and they may make as many entries in each class as they choose; for instance, a boy who is cultivating five acres in corn may make five separate entries in Class B; he may also enter one or more acres cultivated in cotton in Class C, if he desires, and if he chooses, he can also enter Class A, Class D and Class E. No one over twenty years of age, however, may enter Class B or Class C.

Contestants are not required to do all the work themselves necessary to produce their crops, but they must have control and exercise personal supervision over them. The rule permits both women and girls to enter the contest without having to do manual labor.

The crops in each class must be grown on a single plot or body of land of the required acreage, on the same farm, under the same management, and without irrigation, except in Class E.

The land upon which the prize crops are grown must be measured in such a way as to be reasonably correct and the measurement as well as the acreage yield by actual weight in each class must in all cases be proven by the affidavits of the contestant and two disinterested witnesses upon blanks to be furnished for that purpose.

Full and accurate crop reports on blanks to be furnished for that purpose must be sent to the Texas Industrial Congress at Dallas by each contestant on the first of each month, beginning March 1, and up to and in-

cluding October 1. Failure to make reports for two months in succession will be considered as notice that the contestant has withdrawn from the contest. Final reports of the yield of the prize crop or crops and the cost of production based on the actual number of hours of labor required must be made on or before November 15, 1913.

Boys and girls who enter Class B, the Texas Corn Club, or Class C, the Texas Cotton Club, do not have to be members of a local, county or any other corn or cotton club, but if they are members of such clubs the same acre of corn or cotton may be entered in the local, county or other club contest may be entered in the Texas Corn or Cotton Club.

The cost of production of the prize crop is as important as the yield and will be considered in determining the successful contestants. The rent of the land, the cost of breaking the ground and preparing the seed bed, the cost of the seed, the cost of planting, the cost of manure or commercial fertilizers, if any are used, the cost of cultivation, the cost of gathering and weighing the crop and every other item of expense incurred in producing it must be reported. A careful record by hours must be kept of the amount of labor of each man and boy and of each horse or mule required to make the crop. On or before November 15, 1913, each contestant shall prepare a statement on blanks to be furnished for that purpose showing how his crop has been cultivated and giving, in detail, the various items of expense as above stated.

The labor of each man or boy must be calculated at 10 cents per hour; the labor of each horse or mule used at 5 cents per hour; each two horse load of stable manure must be calculated at \$2 per load; commercial fertilizers must be reported at actual cost. The ground rent in every case, whether the contestant owns his land or not, must be estimated at \$5 per acre. This expense record must be kept in detail by each contestant.

Agricultural Bulletins.

At least twice each month the Congress will mail to every contestant a special bulletin containing suggestions on the best method of land preparation, cultivation, seed selection, the use of fertilizers, etc. These lessons in scientific cultural methods are prepared especially for the Congress by an expert and are furnished free of charge. They will constitute a valuable feature of the work for 1913.

All who intend to enter the contest are urged to send in their applications direct to the Congress at Dallas at once, and not wait until later, as by delaying, through some mishap or error, they may fail to have their names enrolled. Positively no application will be received after April 1, 1913.

Every patriotic and unselfish citizen of Texas is asked to cooperate in inducing farmers everywhere to enter these contests and to keep in close touch with local contestants.

Full information concerning this year's contest and contestants' entry blanks will be gladly sent in any quantity desired to any one upon application to the Texas Industrial Congress at Dallas.

YEAR BOOK of Stark Bro's Nurseries & Orchards Co. MAILED TO YOU FREE

Just say on a Postal Card: "Send me a copy of Stark Year Book for 1913." When writing, also tell us how many trees, shrubs, vines, etc., you will probably plant this season.

This Year Book is more than a mere catalogue of Stark nursery products, it is a practical, easy to understand text book for the guidance of the man who plants trees. Our own experience of nearly 100 years, the reports of experiment stations and the opinions of planters from all sections are condensed and reproduced for the benefit of busy people. An encyclopedia of orchard information, containing full size color illustrations of gloriously tinted fruits and many photographic reproductions in black and white; also information on many subjects in which the orchardist is interested.

Hundreds of varieties of apples, pears, peach, plum, cherry, apricot, quince, grape and all small fruits are described; weaknesses of each variety are pointed out and good points are explained. We feel that planters should know both.

Those interested in growing fruits or flowers or shrubs or shade trees will find this book of inestimable value; totally different from the average nurseryman's publications. It is a book you will keep for reference, and one on which you can depend as being absolutely accurate. Write today for your copy.

If you have been trying treatment for weeks and months and paying out your bank account money without being cured, don't you think it is high time to accept MY GRAND OFFER and be cured forever. As you will naturally not be out any more money if not cured. If I decide that your condition will not yield readily to my treatment, I will be honest with you and tell you so and not accept your money under promise of a cure.

NERVOUS DEBILITY, BLOOD POISON, PIMPLES, ULCERS, SCURF AND ALL SKIN DISEASES, RHEUM, GOUT, BRUISES, URINARY AND PROSTATIC TROUBLES Cured in Six Days. Special Diseases Newly Discovered and Chronic Cases Guaranteed. Burning, Itching and Irritation Stopped in 24 hours, and All Capital Troubles, Chronic Disorders of Men and Women Successfully Treated.

You may pay others for failures but you pay me for cures only. I never disappoint my patients. I fulfill my promises. I never hold out false hopes to incurable cases.

I am not high and extortionate fees charged by some physicians and specialists. You will find my charges very reasonable and not more than you are willing to pay for similar treatment. Consult me by letter and I will send you the truth about your condition, and perhaps save much time, suffering and expense. I am a regular graduate and licensed, long established, thoroughly reliable.

MORE HOME OWNERS.

Is the Great Need of McCulloch County.

Through the Texas Commercial Secretaries Association of Fort Worth, we are in receipt of the following statistics in regard to McCulloch county, which shows an alarming increase in tenants over that of farm owners during the ten years from 1900 to 1910. There is nothing that contributes more to the growth and development of a country than owners of homes and of property, and the sooner McCulloch county is populated with farmers who own their own farms and homes, the greater and more rapid will be the growth and development.

The need of home owners in this county is vividly presented in the federal census reports of McCulloch county, recently given out from Washington, and there is an element of alarm in the per centage of the tenant farmer over the farm owner. Many of our most substantial farmers desert our farms annually for the advantages and comforts of the city and the opportunities of the city lure many of our brightest young men from the farm. Their places are filled by the tenant farmer and the hired hand, but another half century of rural transition and our farm population in this county will be a land of peasants.

In McCulloch county the federal census reports for 1910 show a total of 1545 farms. Of this number, 708 farms were operated by owners; 827 by tenants and 10 by managers. The form of tenancy was divided in-

to four classes. Seven hundred and fifty-eight farms were worked on shares; 50 on a cash basis; 12 on cash and share basis and 7 no basis specified. The census for 1900 shows 531 farms and 342 were operated by owners and 189 by tenants and managers.

Taking the entire state, there are 195,863 farms operated by owners; 219,575 operated by tenants and 2,332 by managers. The tenant farmer has increased at the rate of over 5000 per year and the farm owner less than 3000 per annum.

The study of this subject has aroused many thoughtful citizens who have the interest of Texas at heart and the Texas Farm Life Commission was organized to suggest a solution for the problem as relates to the state as a whole, but the difficulties of McCulloch county are peculiarly our own and the progressive citizens of this county should organize and solve them in so far as local action can meet the situation.

There are many difficulties that stand in the way of the tenant farmer becoming a land owner which require co-operative action to surmount. The rate of interest is too high; the method of marketing too uncertain and our economic system has many other defects which must be corrected. Likewise, if we are to hold our successful farmers, we must make country life as satisfactory as city life and the business of farming must be made more remunerative.

The greatest thing a human can do is to build a home and those who own homes should assist in making it easy for others to secure them.

SAN SABA SAYINGS

From the News.
At the city council meeting Saturday night, J. H. Turner was awarded the contract to put down about 1300 feet of concrete guttering on the streets in the business section of the city, the work to begin one March 1st.

C. C. Russell came down from McCulloch county Saturday to see his aged mother, Mrs. Jas. Dowdy.

Miss Dora Macklin of Brady is visiting at the home of Mr. and Mrs. W. H. Middick at the section house.

The Brady Standard announces that a farmer near Brady is to build a large 135-ton silo, the first to be built in this part of the state. Here's three cheers for this McCulloch county farmer.

Report has it that Cassius, the sorrel race horse, has been recently sold at \$2,000. Cassius formerly belonged to A. J. Harkney and has been a favorite at the San Saba fair every year since the circular track was put in. He was sold two years ago to Bevans and Pettigrew of Menard. He has taken money at the biggest race meets in Texas.

Just Received.

A car of fresh, re-cleaned cane, maize and kaffir seed, at the old, original Macy & Co.

Card of Thanks.

I take this method of conveying the sincere thanks of myself and family to our good friends and neighbors who so generously assisted in preparing my land for the coming crops, and for all other kindnesses shown us during our confinement in the hospital. These acts of kindness will ever be remembered by us.
A. B. CRUMP and family.

Mr. and Mrs. J. E. Keeler are entertaining a pretty little girl at their home, the young lady having come to stay last Saturday night.

For Sale—Two 2-row John Deere cotton and corn planters, latest improved, at a bargain. E. J. Broad.

Adjudged Insane.

Ben Nolan, a young man 25 years of age, and who has been making his home in Brady on the north side, was yesterday adjudged insane, and will be placed in one of the state asylums. Nolan has been subject to epileptic fits for several years, and a year ago spent some time at the epileptic colony at Abilene. In the past few weeks his ailment has become worse, and at times he became violent. Saturday he became violent, and when placed in jail for safe-keeping he turned on the water faucets, and threatened to flood the building.

A few dollars will insure your home against loss by fire. Don't neglect taking out a policy with Brady Land Co., the fire insurance people.

Hard Daniels, Jailer.

The Brownwood Bulletin reports the resignation of Weldon Life as deputy sheriff and jailer at Brownwood, and the naming of Hard Daniels as his successor to both offices. Mr. Daniels is well known in Brady, having made his home here for a year or more, while representing the Singer Sewing Machine Co. Mr. Daniels has served as an officer in Brownwood before for a number of years, and proved to be one of the best Brown county ever had, and his friends are confident that he will make good in his new position. Mr. Life has not announced his future plans.

ELITE DRY GOODS CO.

New Firm Takes Over Conley Mercantile Co. Stock.

The Elite Dry Goods Co. is the name under which will be conducted one of the most up-to-date dry goods stores in the city. The firm having taken over the stock of the Conley Mercantile Co., at which place they will continue the business. Mrs. H. Conley is proprietor of the new store, which will be conducted under the management of S. A. Conley.

Mr. Conley announces that the new firm will conduct a strictly cash business, and expects to handle an exclusive line of goods at prices that will be sure to please. Mrs. Elmer Campbell and Mr. V. B. Deaton will assist Mr. Conley in looking after the trade, and will be pleased to see all the patrons of the old store, and new ones as well.

In connection with the other lines, a millinery department has been added with Miss Meyers of St. Louis in charge. Miss Myers is an expert in her line, having had a number of years' experience in some of the leading stores of the larger cities of the U. S., and comes recommended very highly. The public is cordially invited to visit her department.

The many friends of Mr. Conley are pleased to see him again taking an active interest in the mercantile business, and trust the greatest of success may attend his efforts.

Appointed Demonstrator.

J. F. Quicksall left last week for Johnson county, where he was installed U. S. demonstration agent on the 1st by District Agent Wm. Ganzer. Mr. Quicksall spent some time last fall in Austin, taking a special course in farm demonstration work, and was commissioned by the government sometime ago. The citizens of Johnson county recently made up a fund to secure an agent for that section, and Mr. Quicksall received the appointment. He is greatly interested in the work, and the enthusiastic reception given him by the Johnson county citizens is a sure indication that success will attend his efforts.

**HOW ONE
WOMAN WON**

**Her Health and Strength Back
Again by The Use of Cardui.**

Tampa, Fla.—In a letter from this city, Mrs. E. C. Corum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help. I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."
Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.
It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical.
Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.
In every community, there live some who have been benefited by Cardui.
The beneficial effects of this time tested woman's remedy, soon show themselves in many different ways.
Try it.

**GALLAN CONCOCTIONS FOR
MAGNIFICENT MENARD**

From the Messenger.

An idler is not good for anything, but blamed if we would not loaf a long time before we'd accept a job as president of Mexico. There is something entirely too entertaining about the office. Born, to Mr. and Mrs. W. L. McKee, a boy.

A California subscriber writes us to stop his paper. His time is not out for several months yet, but he said to stop it now—he doesn't want it. Some people don't know what a good thing is. The Messenger is, in fact, a blessing heavily disguised.

Schwenker is going to marry just as soon as he gets to be worth a million dollars. He lacks nothing now but a few naughts.

Mrs. Lee L. Russell, once of Menard, but now of Fort Worth, last week reported to the police department there that two young ladies had called and sold her forty dollars worth of Auld Sod lace, and after their departure she discovered that the lace she received was not the self-same lace she bought. A few weeks before, their house was robbed and all of Mr. Russell's pants taken, making it necessary for him to wrap a navajo blanket around himself to go to town, he having forgotten that in such an emergency an overcoat and a pair of boots would answer pretty well. Our idea is that it is about time for these folks to move back to their farm near Menard.

Joseph Callan voted against awarding us the contract for the county printing. We have no doubt that we could have bought his vote with a pint of whiskey, but we are not in politics.

A lady called at Burrier's store last week and inquired if he had fashion plates. "Yes, mam; right this way," he said, leading her to the queensware counter.

Mrs. Grandstaff returned Friday from a visit to friends in Brady.

Jess Slaughter was in Brady the last of the week.

The Herald editor says that R. Russell and family are down there on a pleasure trip. This proves how ready the Herald is to misrepresent a good family. The fact of the business is that Mr. Russell and his family are there as a Lenten sacrifice, and will move to Menard in time for Easter.

Old maids are the happiest people on earth. They are never uneasy that any greater calamity will befall them.

Continue to stack up your wealth. Your heirs will need it to buy their wives diamonds and automobiles.

Menard has so many pretty girls that it seems almost a calamity to be married, but the chances are that if a fellow was single he would wander around in this garden of beauty and finally land one so ugly that her looks would peel the paper off the walls. People have queer tastes anyhow.

We favor a law forcing bachelors to listen to the married folks tell of the brilliant things gotten off by their youngsters. If this doesn't drive them into matrimony, nothing will.

A Boston man says "hell is a disease." It is and a highly contagious one. We know a man here in town who catches it nearly every time he goes home.

Mr. and Mrs. H. R. Hodges were here Sunday from Brady.

Hunt's Cure rapidly destroys itch, ringworms, itching piles, eczema, tetter and like troubles. Under its influence the diseased cuticle scales off, leaving a smooth white, healthy skin in its place. A wonderful remedy, only 50c a box.

Feature at the Lyric.

Manager Levy announces having secured a feature for next Friday night that will be worth coming miles to see, viz: "Midnight Ride of Paul Revere." This graphic portrayal of one of the most famous events in the early history of the United States, has created a sensation wherever produced. There are five reels, containing over 3,000 feet, and over 150 scenes are shown. Owing to the length of the films but one show will be given next Friday night, and the prices of admission will be 15c and 25c.

This feature, as usual, will be in addition to the regular program, and if you are a patriotic citizen, you will enjoy this reproduction of the "Spirit of '76."
