Brady-Made Ice Cream.

Henry Miller, who purchased the Brady Creamery last year, Tuesday placed on the market ice cream manufactured at the plant. Mr. Miller has not fully decided upon his plans for operating the plant, but will likely

manufacture ice cream during the summer months. He has secured the services of D. C. Barton of Haskell, an experienced ice cream maker and creamery man, and if the venture proves successful, the plant will be opened permanently.

A GOOD SOAKING RAIN

COVERS PRACTICALLY ALL OF McCULLOCH COUNTY.

Extends From Dallas to Brady Along Line of Frisco—South Beyond Mason.

The much-expected rain came Wednesday night, covering practically all of McCulloch county, besides a large area extending from Dallas and Fort Worth all along the line of the Frisco railway to Brady, and south and southwest of Brady to the Mason-London-Menard country.

The rain began falling at Brady shortly before 1:00 o'clock a. m. Wednesday morning, and for a while fell in sheets, continuing until about 5:00 o'clock. The rain gauge registered .85 inches.

The rain seems to have followed a path extending over considerable territory, but confined to a rather narrow strip. In the north and west parts of the county the downfall was rather light, while south of Brady it was as heavy, if not more so, than at Brady.

The rain was especially heavy in the Tucker, London, Hext and Fredonia neighborhoods, and all the tanks along Cal Creek are reported full. At J. M. Stewart's place, seven miles out on the Mason road, the rainfall was estimated at 1 1/2 inches.

No rain was had at the Ford ranch between Brady and Menard, although it rained for 14 miles out of Brady and started again 6 miles out of Menard and rained into that place.

The rain came very timely for the oat crop, much of the oats having begun to suffer, and in some places the farmers had begun plowing them up. Only in a few places was much-needed stock water put out. No water was put in the Brady dam. The norther following closely after the rain caused some fears of a frost, but while the mercury fell pretty close to the mark, no frost was had either Wednesday or Thursday night.

The following is the rain report furnished by the West Texas Telephone Co.:

Big rains at Tucker, Hext and Fredonia.

Good rains at Dallas, Fort Worth, Dublin, Brownwood, Winchell, Mercury, Rochelle, Menard, Stacy, Mason, San Saba, Voca, Camps and Katemcy.

Light showers at Eden, Melvin, Waldrip, Lohn, Fife. No rain at San Angelo, Coleman, Santa Anna.

Engine Placed.

The task of moving the steam engine, dynamos, switch boards and panels, etc., from the old quarters of the light plant to the new quarters at the filter plant was completed last Saturday, and the machinery was placed in operation Saturday night. The new generator purchased by the Board of Managing Trustees of the Brady Water and Light Co. will be shipped Saturday, and is expected within the next week or so. It will be installed as soon as it arrives, after which the use of the gasoline engine will be discontinued.

Veterans Name Delegates.

At the meeting of the local Ben McCulloch Camp last Saturday, the veterans named the following as delegates to the ex-Confederate reunion at Chattanooga: W. S. Gattis, Lohn; D. C. Randals, Waldrip; alternates, J. T. Wade, Brady; A. R. Crump, Brady.

The veterans, in common with their brethren in Texas and other states west of the Mississippi, are up in arms over the increased rates made by the railroads, and united effort will be made to have the rates of a few years ago re-established. The raise in rates affected all points west of the Mississippi, and not only does it work a hardship upon those veterans living in the western states who wish to attend the reunion, but unless the rate is lowered it will have decided weight against the naming of Texas as the place for holding the next reunion.

COUNTY CORRESPONDENCE

EDITOR'S NOTE.—The editor was never more pleased than with the result of the voting of the contestants on the best writer for the past month. Of the nine votes cast, four were for the Cow Gap Mooings by Violet. We believe this vote is full substantiation of our contention that the sort of correspondence everyone appreciates is straightforward, strict news items. Note Violet's letter in this issue (or any other issue, for that matter) and note that every paragraph contains a news item, briefly told, and to the point. We do not mean to say that Violet is the very best writer, but we mean to say that she is one of the very best. In fact, we can truthfully say that we have the best corps of writers of any paper in the U. S., and every issue shows improvement in the individual letters, and in the page as a whole. More than one brother newspaper editor has commented to us on our Correspondents Page, and has remarked that they wished they could do as well for their own paper. No other favorable criticism could have been more pleasant to us. Can you wonder?

WALDRIP WHISPERS.

Waldrip, Texas, April 6.
Editor Brady Standard:
We have not been blessed with any rain so far, but we are having some good indications. Grain is beginning to suffer, and farmers say it is almost too dry to plant cotton, but here I am talking hard times, and I'll hush.
Rev. J. D. Ramsey preached here last Thursday night and left Friday morning for his home at Caddo.
Little Miss Alva McBride of Christoval is visiting her grandmother, Mrs. S. E. Hayes.

We respectfully invite all those who can to attend the exhibition at the closing of school April 18th and 19th. The first night will be for the school and the second there will be a play—"Ten Nights in a Bar Room." We expect a splendid entertainment.
Thanks, "Sour Kraut." You girls are so flattering. I am so glad to see our page improving so. Everyone should have a blue ribbon for being so punctual. I'm sure the editor must be proud.
In our trustee election Saturday, Mr. T. L. Hodges was elected, and we are assured of good service.

Brady, Texas, April 7.
Editor Brady Standard:
As my letter must have missed the mail box last week, will try again. As you know, I am a new writer, and would like for some of you to tell me what you are voting on the best writer for.
We are needing rain in this part of the country. Oats are dying.

Messrs. Jim and Dan Cottrell and their wives were out fishing last Thursday.
Mrs. Nannie Cottrell had a letter from her daughter who was sick so long last fall and was a cripple when she got able to be up, and she is now able to be up and walk all day without her crutches. That is doing well for her. We hope she may be fully recovered before many more months.
Mr. Will Galloway planted cotton last week, and a few others of this neighborhood have begun. J. M. Johnson says he will begin about the 10th.
Mrs. Kittie Hoffman's school at Midway will be out Wednesday, April 9th.

We are glad to see some of the residences and premises of North Brady improved and looking nicer.

Some of the farmers have the "blues" awful bad on account of the dry weather. Cheer up, farmers, we never know what to expect in this country.
Mr. R. V. Stearns has moved his bees out to the Graham place about two miles from town. Hope he will have good luck with them, for ye scribe would enjoy some honey for breakfast.
Mr. Graham didn't like the prospect his oats were showing Sunday. Best wishes to all. DAISY.

Pains in the Stomach.

Thousands recommend Electric Bitters as the best stomach and kidney medicine made. H. T. Alston of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended to me and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. DON'T DELAY.

Some Brady People Have Learned That Neglect is Dangerous.
The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling; may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Convincing testimony follows:
W. E. Gideon, 201 E. Mosquete st., Coleman, Texas, says: "I was troubled by severe pains in my back. My kidneys were weak and there was a complete retention of the kidney secretions. I tried several remedies, but found Doan's Kidney Pills better than anything I had ever taken. Should the trouble ever return, I will know what to do."
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

LOST CREEK ECHOES.

Voca, Texas, April 7.
Editor Brady Standard:
Mrs. J. E. Spiller and daughter, Miss Iva, returned Thursday from Midland, where Mrs. Spiller was called by wire announcing the death of her father, Mr. C. H. King. Charley H. King was born at Norfolk, Va., in 1845; died at Midland, Texas, March 26, 1913, aged 68 years. Charley, as he was always called by his old friends, came to Texas the next year after the close of the Civil war, and lived in McCulloch county the greater part of the time up to about four years ago, when he moved to Midland. C. H. King was a quiet, peaceable, honest man; his honesty knew no bounds. He was loved and respected by all who knew him, especially by the friendly ties of the early settlers of McCulloch county. Our sympathies go out to the bereft family.
Our school was out last Friday. Prof. Armor has taught a very successful school, and both patrons and students are well pleased. The entertainment at the close was the grandest thing of its kind ever pulled off in this part of the county. T. L. Allen of Eden gave a lecture the first night on higher education and other things, which was greatly enjoyed by the large crowd present. The program was finished Saturday night, with about five hundred people present.

This part of the county is waking up to the need of higher education. The move that is on foot to consolidate and establish a central high school is having good results. The mass meeting at Voca last Wednesday resulted in a unanimous agreement as to its need, and a locating committee was appointed, consisting of eight men who will meet next Saturday to begin their task. E. L. White, county superintendent and J. F. Montgomery, county trustee for the county at large, were present and helped much. The hour and a half talk of J. F. Montgomery was so pointed and convincing I don't think a single man went away opposing the move.
Just here will say to the Fife correspondent requesting me to write more on the need of consolidation and high schools, I will gladly do so at a more convenient time. In the meantime, if you get anxious about this matter, send for J. F. Montgomery. He can silence the batteries of the opposers.

Miss Carrie Drinkard and little brother of Eden are here for a few days' visit with her sister, Mrs. Otto Armor.
Quite a lot of cotton has been planted.
Most of the corn that was killed down by the freeze has come out and is looking well. Early oats are needing rain. A CITIZEN.

For Burns, Bruises and Sores.
The quickest and surest cure for burns, bruises, boils, sores, inflammation and all skin diseases is Bucklen's Arnica Salve. In four days it cured L. H. Hafin, Iredell, Texas, of a sore on his ankle which pained him so he could hardly walk. Should be in every house. Only 25c. Recommended by Jones Drug Co.

STACY SAYINGS.

Stacy, Texas, April 6.
Editor Brady Standard:
Well, I am back again, and have just been reading the correspondents' letters, and they are getting better all the time.
The school of this community closed last Tuesday, of which we were all sorry to hear. The school children all went to the Blue Hole on Mustang and had a nice little picnic on Wednesday, and all enjoyed it very much.
Miss Nina Crozier, who has been teaching the Williams school, left for her home in Paint Rock last Tuesday afternoon. Miss Crozier has made quite a host of friends while here, and we are very sorry to see her leave.
Miss Lillie Maines of this community left last Tuesday for Temple, where she will be for quite a while.
The dance at Mr. Dickerson's Saturday evening was well attended, and all had a nice time.
We received a light shower of rain here Thursday morning which will do some good.
Mrs. M. E. Snodgrass is reported sick, which we are sorry to hear.

No Longer Cranky About His Meals.

Has Perfect Digestion From the Use of a Well Known Remedy That All Can Obtain.

The temper of the family and the good cheer around the table depends so much on the good digestion of each individual present that the experiences of some former dyspeptics who overcame their trouble should be of interest to those now suffering in this way.

The best advice one can give—but it is advice that is seldom heeded—is to eat slowly and masticate each mouthful carefully. However, if slow eating and careful mastication fail the next aid is one close to nature, Dr. Caldwell's Syrup Pepsin. This remedy is an excellent digestant, and in addition to helping in the digestion of food, acts gently on the liver and bowels, ridding them of the accumulation of waste that should long ago have been passed off. It is safe, reliable, pleasant-tasting, and results are guaranteed.

In the opinion of such people as Mr. L. J. Quinn, 1117 Newport Ave., Chicago, it is the ideal remedy for indigestion, no matter how severe, constipation, no matter how chronic, biliousness, headaches, gas on the stomach, drowsiness after eating and similar annoyances.

Mr. Quinn says: "We use Dr. Caldwell's Syrup Pepsin as a family remedy and every member of the family, from the five year old, who is the youngest of six children, to Mrs. Quinn and myself, use it for stomach trouble, sick headache and to regulate the bowels."

We trust that she will be better soon. The men of the surrounding country went on another rabbit drive at Doole, and they reported 135 rabbits killed.

Mr. B. K. Bowen made a business trip to Brady last Monday and returned Tuesday.

Messrs. M. J. Stacy and B. K. Bowen were elected as trustees here Saturday for this school district.

Mr. John Burrow accompanied Miss Beulah Evans to her home in Eden last Thursday.

The Stacy singing class met with Fisk Sunday. All report a good time.

Stacy Literary Society will meet next Saturday night and all have a special invitation to attend. Will meet in the tabernacle.

Mr. and Mrs. Reed of Lohn visited Mrs. Reed's parents, Mr. and Mrs. Maines, Saturday and Sunday.

The young folks enjoyed a party given by Miss Lucile Glazier Wednesday evening.

Misses Ola and Willie Polk returned to their home at Salt Gap last Tuesday.

Mr. Talmage Stacy went to Ballinger Wednesday to be the guest of his sister, Mrs. C. A. Doose, for several days.

Many thanks to "The Kid" for your

MR. J. L. QUINN.

You can obtain Dr. Caldwell's Syrup Pepsin at any drug store for fifty cents or one dollar, the latter size being bought by heads of families already familiar with its merits. Results are always guaranteed or money will be refunded.

When you use Syrup Pepsin you will see the fallacy of chewing mints and tablets or of taking cathartics, salts, pills and similar drastic medicines. Unlike these, Syrup Pepsin does not lose its good effect, and by automatically training the stomach and bowel muscles to do their work, soon restores these organs to normal.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

vote, and I would vote again for you, but, as Violet says, "They would say she is daffy about him." There are so many good letters, it is hard to tell which to vote for.

I will cast my vote for "Violet," as she has just newswy letters. They are not just merely nonsense.

Y, TEXAS, April 11, 1913

CLAR DAY FOR BRADY.

It has been suggested to us
that Brady should have a "Dol-
lar Day", "Trades Day", or
some similar feature to attract
the people to Brady and to pro-
vide an occasion for trading
and stock exhibiting. The sug-
gestion is not a new idea, but is
along a line of action taken by
many other cities, both large
and small, and which has proven
a decided success, both from
the business men's standpoint,
and from that of the farmers
and citizens.

The regular monthly trades
day is by far the best feature a
town could exploit, and is the
means of drawing trade from
far beyond the so-called trade
territory of a town.

As an entering wedge, and a
particularly attractive feature
is the "Dollar Day"—the nam-
ing of a certain day upon which
each merchant in the town ad-
vertises certain bargains for
\$1.00. Fort Worth had an an-
nual Dollar Day just a month
or so ago, and the result was
the gathering of an immense
army of shoppers in Fort Worth
for the day, and the reaping of
many thousands of dollars by
the merchants while the shop-
pers received full value and a
little over for their dollar.

We are working upon plans
for a "Dollar Day" in Brady in
the near future, and hope to be
able to announce the date and
plans in the near future. In
the meantime we want the sup-
port and co-operation of both
merchants and citizens. Pull
with us, and watch how the
dollars roll, and how far the
dollars roll.

A light question—what about
street lights?

CLOSE READERS.

Do you read every issue of
The Standard closely, and by
so doing obtain full benefit
of the information and news
it presents? If not, you are
cheating yourself of some-
thing that you have paid for
and to which you are justly en-
titled. Just the other day a
subscriber remarked that he
was a close reader of The
Standard, and expressed sur-
prise that nothing had ever been
said about the establishment of
the new rural route out of Bra-
dy. We showed him the article
in the issue of that same week
in which was stated the fact
that the route had been estab-
lished the day before, etc., and
also called his attention to the
fact that at least two weeks pri-
or to the establishment of the
route we had announced the
same, giving the date it would
be established, the route to be
traversed, the number of miles
in length, the number of pa-
trons to be served, and other
information of value and inter-
est.

It pays to read The Standard,
more especially if you have al-
ready paid for the privilege.

In its last issue the Rochelle
Record has a heart-to-heart
talk with the citizens of that
little city in which it advises
that it is impossible to operate
a paper without the loyal sup-
port of the community—not the
kind of support that consists of
head pats and flowery words,
but genuine, dig-deep-into-
your-pocket financial support.
The citizens of Rochelle would
be acting very unwisely indeed
if they fail to maintain their
home paper, and it is to be hop-
ed that they will awake to the
situation and give the Record
support that will make it flow-
er like a bay tree and by so do-
ing place the name of Rochelle
among the live and patriotic
cities of West Texas.

One of the best evidences of
appreciation of The Standard is
the power to hold subscribers.
It is a rare thing for us to lose
a subscriber, even though we
stop the paper if renewal is not
made promptly upon expiration,
and at that, almost invariably,
the one who fails to renew is a
subscriber who has been re-
moved from the Brady country
for so long as to have lost all
interest in the happenings here.
And, seriously, no compliment
could be more appreciated by
us than the continued support
and confidence of our own home
people.

We are for woman suffrage.
Add us to the list of converts.
Give the dear ladies equal rights
with the men, and then when
congress passes that law plac-
ing a tax upon bachelors, let
them also place a tax upon the
bachelor maids. This action
might not improve our chances
of becoming a benedict, but it
would at least leave us one
small grain of hope.

CONSOLIDATION.

The citizens of the rural dis-
tricts are awakening to the
need of better educational facili-
ties, and the first big step in
this direction is the consolida-
tion of the little schools in
neighboring districts into one
central high school. The move
is already well under way in
the Voca and neighboring dis-
tricts in McCulloch county, and
in a recent issue of a San Saba
paper we notice that a similar
move has been made in a San
Saba county locality. It is the
best solution of the problem, and
there should be no hesitancy

We can scarcely go to the
post office these days without
being interrupted on the way by
parties who force us to take
money on subscription just as
though we were a walking sav-
ings bank. S. T. Ward was
guilty the other day of this act,
and scarcely had we finished
lecturing him upon the evils of be-
ing a spendthrift before Dr. J.
B. Granville walked up and
handed us a dollar. We fled
from the scene and found refuge
in the post office only to find
letters containing remittances
from J. H. Drinkard of Poly-
technic and S. M. Young of
North Fort Worth awaiting us
there. This last straw complet-
ely broke down our firm resist-
ance, and hereafter we will
humbly accept any money offer-
ed or proffered us, provided it
is not done in any manner cal-
culated to give us heart disease
and thereby affect our life in-
surance. This job of running a
newspaper is surely an arduous
task, and one must not only be
a high financier, but must have
plenty of nerve and be able to
receive bouquets and brickbats
with Chesterfieldian grace. P.

Grandma's Spring Tonic

Worked wonders for Johnny in
olden days. Nowadays we use
tonics in every profession. Each
plays its part in life. The great
tonic of today is **Judicious Ad-
vertising**. It works wonders
for the man whose business
needs stimulating.

Suppose you try this kind of a
spring tonic for your line of bus-
iness in The Brady Standard.
The results will be wonderful.

DEPOT.

Would-be-Congressman Claud
Callan wrote us some time ago
and flat-footedly (he wears a
No. 11) stated that the Brady
girls pronounced the word "de-
pot"—dap-po. For once Claude
was correct, and, as always, the
Brady girls are correct. It is
only in Yellville, Ark., Dismal
Swamp, La., and Menard, Tex.,
that they pronounce the word
dee-pot, so as to make it rhyme
with tea pot.—Brady Standard.

We hope the Brady girls do
not call depot dap-po, and by
the same token we trust the
Menard girls do not pronounce
depot like it is spelled. If the
girls of both Brady and Menard
—all of whom, by the way, are
fine, hearty, virile Western
girls—if the Brady and Menard
girls want to call the word like
it is called in State Press' set—
and who shall say that it is not
a worthy ambition?—in the
event that the Brady girls and
the girls of Menard wish to call
depot like State Press calls it—
and where shall they go for a
higher authority?—if the young
ladies # down there at Menard
and the young ladies out there
at Brady care to pronounce de-
pot so that everybody will know
what they are talking about,
let them call it daypoe, heavy
on the day.—Dallas News.

Our old friend and counselor,
Noah Webster, advises that
both dep-po and day-poe are
correct pronunciations for de-
pot; therefore, State Press to
the contrary notwithstanding,
the Brady girls are authorized
to pronounce the word either (or
eyether) way. State Press may
know some things, but he can't
get around our friend Noah
(the dictionaryman, not the flood
victim) when it comes to correct
usage of His Majesty's English.

Last Will and Testament.

Editor Brady Standard:

We have to die and not only
"pass through the valley," but
make our own death announce-
ment and write our own obitu-
ary.

Before we make our last gasp,
let us say a few last words.
When we are buried, if it is given
to the dead to rise in "hants,"
we will haunt the people of Bra-
dy for the condition of our last
resting place—the city ceme-
tery. It is a disgrace to each and
every family in Brady that the
resting place of their dead is
so neglected. If we, who have
no dead buried in Brady, can
spend time and thought for the
benefit of the cemetery, it seems
strange that those who have
dead will not spend one hour
once a month in a meeting to
help us promote the welfare of
Brady and the City of the Dead.
Our mayor did all he could when
he issued a proclamation to
clean up, but without force be-
hind it, it became a dead letter.

When we read in our state
papers that our governor had
called for March 25th to be a
general clean up day we could
but feel that, much as we would
like to have a visit from our
governor, we could only be glad
that we had not received a visit
from him, for we might feel that
the sight of dirty Brady had
been the cause of his proclama-
tion.

All hail to the "42" clubs,
500 clubs, Commercial club,
Parent-Teachers club and any
other club, but good-bye to the
"Clean-Up Club."

We Can't Do It.

You, Civic League, have written many an article requesting the people to plant flowers, etc., and to make their homes attractive. Now, I would make my yard and place one of the nicest in Brady, if it were not for my neighbors' chickens scratching out flowers and plants as fast as I put them in. As long as chickens are allowed to run at large, there can be no pretty yards. Anyone who wants to raise chickens should keep them on his own premises.

I have three beds of cannas, and the chickens pick them down as fast as they come up. I planted \$1.50 worth of flower seed and they came up nicely—and my neighbors' chickens have picked and scratched them all up.

Now, if you want Brady to have nice yards full of all kinds of flowers, pass a law where chickens cannot run at large. Then, if the Civic League wants to accomplish something, see to it that the law is enforced; then you will see some nice flower gardens in Brady, and not before.

A BRADY CITIZEN.

Here's Another.

Our friend, S. M. Young, who strayed from the McCulloch county fold and is now residing in the wilds of the Panther City, is another subscriber who makes believe he can't get along without The Standard, so he sends us a dollar bill that doesn't need washing. But we are not afraid of germs—not even a germ could live upon the price of a year's subscription to The Standard. So send us your unwashed, unkempt and unshaven dollars—they won't contaminate us.

Friend Young writes interestingly as follows:

"The label on my paper doesn't look good to me, for I am afraid we would be lonely without the old home paper. While we have been reading the Record for several months, still we cannot help reading the good letters from The Standard's correspondents and know the editor is sure proud of them.

"We had a nice rain last night and looks like it might rain tonight. Trust the Brady country is getting its share of rain. We will close by asking one question: 'Who will write from Magnificent Menard while Claud goes to congress?' I, for one, think he ought to go. There is great talk of the sale of money-washing machines, though a great many people will not buy them, so says the Fort Worth Post. I am sending you a dollar that doesn't need washing.

C. E. Korff was in from his farm about nine miles out on the London road yesterday, and reported water still standing in his field from the rain early Wednesday morning. He stated that the water was nearly knee deep in parts of his field about 10 o'clock the morning of the rain, and that all the tanks in the neighborhood were filled. The rain seemed to follow a path in that section, being much heavier in the field west of his house than it was at the house.

Farmers Institutes.

J. W. Neill was in the city Wednesday enroute to Lohm, where he held a farmers institute in the afternoon. Mr. Neill was here in the place of B. L. Nance, who was unable to take up the work in the county because of illness. Mr. Neill was unable to fill the appointment at Fife because of the rain, but will make all other appointments on the program.

He will address the farmers in Brady Saturday, April 12th, at 2:30 p. m., and as these institutes are of benefit and value to all, it is hoped that a large attendance will be given Mr. Neill.

For Hair Health

If Rexall "93" Hair Tonic does not improve the health of your scalp and hair, we will pay for what you use during the trial.

We could not so strongly endorse Rexall "93" Hair Tonic and continue to sell it to the same people if it did not do all we claim. Should it not prove entirely satisfactory our customers would lose faith in us, we would lose their patronage, and our business would suffer.

If your hair is falling out or you suffer any scalp trouble, we believe Rexall "93" Hair Tonic will do more to eradicate the dandruff, give health to the scalp, stimulate new hair growth and prevent premature baldness than any other human agency.

We want you to make us prove this. We ask you to risk no money whatever. Buy a bottle of Rexall "93" Hair Tonic, use it according to directions for thirty days; then if you are not entirely satisfied, come and tell us and we will promptly hand back the money you paid us for it.

We won't ask you to sign anything, nor even to bring the bottle back. We won't obligate you in any way. We will take your money word. Could anything be more fair? Could we do anything more to prove our belief in Rexall "93" Hair Tonic, and our honesty of purpose in recommending it to you?

Rexall "93" Hair Tonic is as pleasant to use as spring water and has but a faint, pleasing odor. It comes in two sizes of bottles, 50c and \$1.00.

Constipation and Catarrh

S. S. HARTMAN, M. D.

You are constipated. You have taken laxatives a great many years. You have tried to select a diet that would keep your bowels regular. In this you have failed and were obliged to go back to your laxatives again. This I say, has been going on many years. You also have a slight catarrh in the head and throat. You never imagined that the catarrh had anything to do with the constipation. Suppose I were to tell you that as long as you have that catarrh you will never get better of your constipation. Would you believe me? Well, whether you would believe me or not it is the truth.

For many years I have been wrestling with the problem of furnishing the public an internal catarrh remedy. Peruna has been the remedy that I have devised and it has certainly relieved many thousands of people, yes hundreds of thousands of people, of chronic catarrh.

Constipation was my chief difficulty in treating these cases. I often felt that it would be better if a laxative element were added to Peruna. I feared to do so, however, first because of the number of catarrhal patients who needed no laxative, and second I was afraid of making such a radical change in a remedy that was already doing so well. Thus it was that I continued to prescribe with the Peruna a bottle of Manalin to those who needed a laxative. At last, under circumstances explained in my booklet, I was convinced to add the laxative element to Peruna. This constitutes what is now known as the revised Peruna.

Now those who take Peruna will first find themselves promptly relieved of their constipation. Second, the catarrh will gradually disappear. And once the catarrh is cured the constipation leaves permanently. Then if you follow the advice given in my book, you will never have to take pills any more. Cathartics and laxatives you can ignore. You will be permanently relieved of both your catarrh and the constipation. PERUNA IS NOW AVAILABLE AT ALL DRUG STORES. SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO COMPANY, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

Made Strong and Well by Vinol.

When we tell you that Vinol is the best remedy in our whole stock for making weak, puny, ailing children strong, robust and rosy, we are only telling you what has been proved by hundreds of mothers.

Mrs. W. O. Strother, Raleigh, N. C., says: "My little girl, Hazel, has been taking Vinol to build her up after a severe spell of sickness. It has done so much good by restoring her appetite and building up her strength that I think Vinol is the finest tonic ever prepared, and I am telling everyone about it."

What Vinol did for this little girl it will do for your weak and ailing child, because sickly children need the strengthening cod liver elements and the tonic iron that Vinol contains—that is why Vinol builds them up quickly and gives them a fine, healthy color. It is pleasant to take, and we guarantee that the results will satisfy you—money back if they do not.

Central Drug Store, Brady, Tx.

Saturday afternoon with a party for her little friends of her age.

The usual games such as all children enjoy were played in and out of doors. Ice cream and cake were served in the dining room, where eight little candles, each shining as bright as each year of her young life, decked a snowy white birthday cake.

The children present were: Gertrude Trigg, Cathrine Ballou, Louise Richardson, Georgia King, Carmen Anderson, Bessie Dyer, Dorothy Wood, Maggie Doole, Mildred Yantis, Margaret Frances McClure, Frances Armstrong, Eulalia Gavit, Marjorie Russell of Menard, Mary Louise Davis, Walter Adkins, Johnnie Hill, Albert Rose, Jack Deaton, Willie Gavit, Sheridan Newman, John Rose.

On departing, the little guests bade their hostess a fond good-bye and wished for her so many more just such birthdays.

Fifth Birthday Anniversary.

Little Chas. Jones, son of Dr. and Mrs. Wm. C. Jones, celebrated his fifth birthday anniversary on last Saturday with a party for his many little friends.

The little host met his guests at the door and received the tokens of friendship that each brought, then asked them into his play room, where his quantity of toys were on display. Some time was spent here, then he asked the children to come into the yard, where all the games liked best were played.

During the afternoon delicious cocoanut and chocolate cake and brick ice cream and candy were served in the dining room, the table being laid in white, with a mound of fruit as a centerpiece.

Mrs. Jones was most graciously assisted in the serving and entertaining by Miss Annie Scott.

The children present were Marjorie Scott, Elizabeth Ballou, Pauline Jordan, Josephine Adkins, Ruby Coalson, May Alexander, Annie Fisher, Le-May Jordan, Mildred Scott, Albert Rose, Buster Fisher, Milton Day, Marion White.

Announcement Party.

Mrs. R. A. King was hostess Wednesday afternoon to quite the prettiest party of the season, on which occasion she announced the approaching marriage of her sister, Miss Emma Jones, and Mr. Virgil Lee Sessions.

A color scheme of pink and white was carried throughout. Six tables were placed for "42" and little pink heart-shaped table-lies, suggestive of the event were used. At the end of a number of interesting games a pretty course of refreshments consisting of angel food cake and pink and white nut frappe was served. A little white basket encircled in a wreath of pink roses and filled with pink and white mints and covered with a pink rose, were presented as plate favors.

Near the close of the afternoon Mrs. King delivered a telegram to each of the guests which bore the following message:

"Hidden in your favor deep, Lies a secret that can no longer keep. DAN CUPID."

Upon examining the baskets a card was found which read, written in gold: "Emma, Virgil Lee, April 30, '13." which fact, although a hinted one, was indeed a surprise.

Poultry Keeping for the Boys.
 Every normal-minded boy has a desire to do something to make money. From the boy at the bottom of the ladder to the boy of well-to-do parents all share in this desire. Most of their time, of course, out of school hours, is spent in playing, but it is an excellent plan for parents to begin early with boys to develop in them thrifty habits and some sense of responsibility. More business ability among our general public is an urgent necessity.

Most boys love animals and pets. Children are naturally endowed with a desire for living things. Many boys possess a pony, horse, dog, rabbits or chickens that they can call their own.

The size of the parents' pocketbook generally determines the fact as to whether the boy has a dog or horse of his own, or whether he has to be content with less expensive animals, such as rabbits, pigeons or chickens. There is hardly a boy but who would jump at the chance if his father or mother made him the proposition to start a small poultry business in the back yard. If precaution is not taken to properly fence the poultry in the parents may not be able to live in peace and harmony with the neighbors. Provided, however, that your neighbors' garden and your own are properly protected there is no reason why the boy, if he wants to, should not have a portion of the back yard upon which to start his poultry plant. The little time it takes the boy to feed and care for his poultry, the parent will find is well spent. Educators and moralists claim that every child in the home should have some set duty to perform each day. It is the boy that is brought up to feel that he has no responsibility whatever, no matter how small that is apt to be, who is the one that will grow into careless habits. Let the boy keep a strict account of the cost of feed, and pay the boy for all the eggs and broilers his plant produces for the home table. A poultry plant for the boy in the back yard, and especially in large cities, is as good investment as the parents can make from most any point of view you may look at it. Lots of boys are engaged in this work all over the country who may otherwise be loafing on the streets getting into bad company, and all kinds of trouble. Give the boy a start with poultry—make a business man out of him. Let him advertise his plant by writing his own ad, encourage him in every way possible and you will find that your worry and sleepless nights over the future of your boy will be cut to the minimum and you will find your small investment will develop into something great and profitable.

List your self now and christen your future a Kellerstrass. A few good chickens and a strong ad in your home paper will help you wonderfully.

City Council Meeting.
 The city council met Monday night for the purpose of installing the newly elected aldermen and to attend to other business. The secretary was ordered to instruct J. B. Westbrook to finish the house at the filter plant according to contract, the inside finishing to be contracted for later. Joe Lyle was instructed to arrange with Mr. Westbrook for the inside painting on the residence, and let the roof remain as at present. The instructions followed a misunderstanding as to the terms of the contract for the erection of the residence at the filter plant, and this matter was adjusted at meeting of the new council Tuesday morning by agreement to pay Mr. Westbrook \$15 for the painting of the interior of the residence. The council decided definitely to advance the Board of Managing Trustees of the Brady Water and Light Co. \$1000 for immediate use for fire protection. Bill for meters purchased by the Board of Managing Trustees of the Brady Water and Light Co. was held up until the next regular meeting of the council. Aldermen Ed Broad, A. W. Tipton and H. P.
