GIVE GOOD PLAY.

Home Talent Play Declared One of Very Best.

The play "Diamonds and Hearts" as presented by the Methodist young people at the Lyric-Airdome Friday night, is unanimously declared one of the best amateur performances ever witnessed in Brady, and the players are to be heartily congratulated for the excellent manner in which each carried out his part. From the rise of the curtain until the last fall there was not a single hitch in the play, and through every part the play abounded in life and action.

Especially is the work of Miss Lucy Morris as Bernice Halstead; Miss Nellie Jackson as Mrs. Halstead, and Thornton Melton as Dwight Bradley to be commended. These folks fitted their parts perfectly and rendered their characters with the grace and ease of genuine artists.

The performance was likewise a success in point of finances, a packed house greeting the initial performance, and the receipts amounting to over \$80. So successful was the play, that at the urgent insistence of friends, it was repeated on Saturday night with good success. The total receipts for the two nights amounted to over \$106, and it is anticipated that of this amount at least \$100 will be cleared. This sum will be applied on the piano at the Methodist church.

The players have received invitations from nearby towns to repeat the performance, and they contemplate making a tour of this section in the near future.

Brady Standard, \$1.00.

TRAGEDY AT LIGHTNER

THREE-YEAR-OLD CHILD IS INSTANTLY KILLED.

Shotgun is Accidentally Discharged and Head Blown Off Yesterday Morning.

One of the most disheartening tragedies was enacted yesterday morning at Lightner when the three-year-old daughter of Mr. and Mrs. Barney Frankum was instantly killed by the accidental discharge of a shotgun.

Mrs. Frankum and her babe were lying down on the floor of their home on the F. W. Henderson place. About 10 o'clock the mother arose to get a bucket of water, and while she was out on the porch the little 4-year-old son of John Peterson came into the room. A shotgun which had been used the day before in hunting rabbits, and which was loaded with No. 2 shot, was leaning up against the door alongside an umbrella, and in attempting to secure the umbrella the little Peterson boy knocked the gun over. The fall discharged the gun, and the heavy load literally tore the top of the sleeping child's head off, its brains being scattered all over the room.

In their frantic grief the heartbroken parents have the sympathy of the entire community.

Studebaker, the largest vehicle manufacturer in the work, ask our salesman to show you this line of goods. For sale by E. J. Broad.

IMPROVE CAMPS ROAD

MONEY FOR WORKING IS RAISED.

About \$600 to Be Expended in Improvement—The Citizens Will Do the Work on Road.

One of the most laudable undertakings is that of the Camp San Saba citizens, who propose to raise a sum sufficient to put the Camp San Saba road in first-class condition. This road is at once one of the most important thoroughfares leading to Brady and the roughest, and the work of improvement was never more needed.

The Camp San Saba folks have raised \$140 for the undertaking so far, and this amount will easily be swelled to \$150. Mr. Lewis Brook has interested himself in circulating a subscription list in Brady, and has met with the hearty encouragement of the Brady merchants, \$125 having already been subscribed here, and he is confident that this sum will reach \$150, thereby making \$300 raised by subscription. On their part, the county commissioners have agreed to duplicate the sum raised by subscription, which assures \$600 for the fund.

The Camps folks, after several attempts to arouse interest in a road bond election, have come to the decision that this is the best method of getting the work done, inasmuch as they can do the work themselves, and at times when they are free from the duties of the farm. Also having an individual interest in the road it is a certainty that the work accomplished will be done right.

Work of improvement will begin just as soon as crop conditions permit, and progress will be made as rapidly as possible. It is proposed to begin the work at Otte's and continue on beyond the river as far as the funds permit. This will take in all the scope of country that is now so rough as to be almost impassable, and will assure the easy marketing of the crops from this fertile section of McCulloch county.

W. D. Stewart was in last Saturday to renew the subscription of G. F. Stewart at McDade. He reported his father, J. D. Stewart, as quite a bit improved and able to come to town Friday.

Brady Boosters at Mason.

At Mason, as most everywhere else, were to be found the Brady boosters, and one of the best of these was J. F. Biggs, the hustling representative of Walker-Smith Co. Assisted by Mr. King of Brownwood, Mr. Biggs served their famous brand of Club Lake coffee at the grounds on both days of the celebration, and the refreshing drink was one of the most appreciated features of the occasion. Not content with this demonstration, the Welker-Smith Co. provided the coffee that was served at the barbecue, thereby rendering a great boon to the committee, as well as more firmly establishing their favor among the Mason folks and visitors as well.

This popular brand of coffee has been in evidence upon nearly all occasions of this nature, and the result of their boosting proclivities is to be found in the wonderful growth in the amount of sales.

MASON CELEBRATION

NEIGHBORING CITY ENTERTAINS ROYALLY.

Immense Crowd Attends Celebration—Brady Boys Win Two of the Three Games.

The 3rd and 4th were the occasion of one of the best celebrations ever witnessed in this section, the citizens of Mason doing the honors for an immense crowd of visitors, and acquitting themselves with glory. Brady was probably the largest represented of any neighboring town, and with one accord the visitors from here speak in terms of highest praise of the openhanded cordiality met with in Mason.

Features of the occasion were the barbecue at the picnic grounds, the dances and the ball games.

The barbecue was highly successful, the meat being done to a queen's taste, and there being an unlimited abundance for every man, woman and child in attendance. The dances on Thursday and Friday nights were likewise most pleasant.

Around the ball games, however, was chief attention centered. The victory of the Mason team over the Brady team on the first day was the cause of much jubilation among the Mason folks. The game was quite evenly matched and was hard fought, and really should have been Brady's game, but the Mason boys lucked out on us by a score of 4 to 3.

The two games on Friday afternoon, as a consequence, served to attract almost the undivided attention of all the crowd present. The first game was rather long drawn out, although there was nothing slow about the contest, and the home folks and visitors alike stayed right on the grounds and boosted for their favorites. The game was Brady's right from the start, but Mason folks confidently expected a rally by their team toward the close and were confident of winning. However, the Brady boys held them down, and the score ended 7 to 4 in Brady's favor.

With the honors thus evenly divided, the last game was an exhibition worth seeing. Although Brady lacked some of its best pitchers, the boys played a class of ball that could not be excelled, and while the team had scarcely played together more than once or twice, each man played his position so well as to make the team work perfect, and team work is what won the game. The Mason boys obtained a lead of two scores in the second inning, and their hopes ran high. Brady rallied, however, and the ninth inning saw the score tied—5 to 5. Then came the battle royal. For two innings neither side scored—and then Brady swatted the ball and when the dust cleared three nest eggs were added to her total. The Mason boys failed to tally in their half, and the game ended 8 to 5 in Brady's favor.

J. G. H. Lang quite severely wrenched his back last Friday while at work on a building. One end of the brace gave way, and in attempting to save himself from a fall he strained some of the muscles in his back. He is able to be about, but is still feeling the effects of his injury.

SCHOOL BOARD MEETS.

Fill Vacancy in Faculty—New Equalization Board.

The school board held a short session last Thursday and elected Miss Bess L. Whitehead of Brownwood to the position of instructor of Latin and Spanish in the Brady high school. Miss Whitehead was very highly recommended and the board feels itself fortunate in having secured her services.

The board also appointed a new board of equalization, the members of the first board appointed having been unable to act. The following comprise the new board: Thos. Bell, John Wall, A. W. Tipton.

Brady Citizens Warned.

There has been a number of cases of petty pilfering reported by citizens of Brady to the officers, and the authorities are close upon the trail of the miscreants. Several houses were reported entered during the absence of the occupants and money and other valuables taken. The officers will appreciate the reporting to them at once of any such acts, as well as the presence of suspicious characters.

McCulloch Folks in Mason.

It is always a pleasure to meet up with folks you have known, and to learn that they are prospering. So it is with McCulloch county folks who are now living in Mason county. There is R. C. Doell, H. R. Holcomb, the Rubin brothers, John Howell, and a number of others, all of whom are prospering and adding to their share of the world's goods.

And upon their part, these folks have never forgotten the charm of the Brady country, and they rejoice in the reports of the prosperity of the Brady country, looking expectantly forward when they may again cast their lot with us and be known to the world as McCulloch county citizens.

FRISCO SHAKEUP.

A. L. Lang Promoted to Agency at Menard.

The local office force of the Frisco railway received quite a shakeup on the first of the month, and as a result some of the boys are feeling mighty good over their new situations.

A. L. Lang has been promoted to the responsible position of agent at Menard; M. Crites takes Mr. Lang's position as cashier, and A. H. Newman of Granbury succeeds Mr. Crites as operator.

The promotion of Mr. Lang is especially pleasing to his friends as well as gratifying to himself, for while it takes him away from Brady, yet his new position pays as well as the Brady agency and puts him in line for future promotion. Mr. Lang is not only the oldest employe in the Frisco service, but it can be truthfully said that he is one of the most faithful and accommodating the road has ever had, and as such has fully earned his new position. George Sartwelle, until recently with the Cotton Belt at Hamilton, and at one time clerk in the Frisco office at Brady, has accepted the position of cashier for the Frisco at Menard, and will be Mr. Lang's right hand man. Mr. Sartwelle is a most efficient man in this position, and Mr. Lang is more than pleased to have him associated with him in the care of the Menard depot.

Mr. Lang is rapidly getting the affairs at Menard in first-class working order, and expects within the next month or two to move his family to that place.

I. M. McBee sent us a stalk of cotton by W. M. Allen Saturday just to show us how they grow crops in the Vocea country. The stalk was as nearly perfect as could be wanted, being waist high and loaded with squares. On one limb were three good sized bolls. Mr. McBee estimates that he has one-third of a bale to the acre already made.

If you want to be happy when you attend the picnics this summer you should ride in one of those up-to-date auto seat bergies. Will let you have one on terms easy. E. J. Broad.

We heard someone say that
the weeds about your place were
"most waist high, and that you
showed no intentions of cutting
them. We don't believe this;
folks shouldn't talk about you
this way.

Someone has discovered that
married folks live longer than
single folks. This will be sad
intelligence to all the married
folks in Menard who are now
dragging out an existence in
that vale of tears.

The Rockdale Reporter last
week issued a splendid 24-page
"Fair Special" boosting the
sixth annual fair of the Milam
County Fair association to be
held July 9th to 11th inclusive.
The edition was one of the neatest
of its kind we have ever seen,
and contained numerous views
of the grounds, tracks, etc.,
as well as pictures of the officers
and directors who have so
successfully managed the fair.
In addition to containing a
valuable lot of information
regarding Rockdale and the fair,
the special was remarkable for
the liberal amount of advertising,
half page, page and double
page ads being not infrequent.
Of special note is the page ad
for the fair itself, and judging
from the fact that the ad has
been running for the past several
weeks, it is evident that the
directors believe in printer's ink.
Small wonder it is then the
Rockdale fair is classed as the
third largest fair in the state of
Texas.

The Banner-Ledger of Ballinger
quite distinguished itself in
its issue of the last week in
June by getting out a 32-page
paper commemorating the twenty-
seventh anniversary of Ballinger's
birth. The issue contained much
news matter of value and interest
from an historical point, as well
as reminiscences and articles upon
the Ballinger of the present, and
the resources and opportunities
offered by Runnels county. The
edition contained views of the
Ballinger of the past, as well as
the Ballinger of the present, and
the contrast clearly demonstrated
the marvelous growth and
advancement of our neighbor
city during the past few years.
The Standard congratulates
the Banner-Ledger upon its
ability to issue such a creditable
edition, as well as upon the
very apparent response their
efforts met with from the
merchants. We believe nothing
could be a better boost for
Runnels county in general and
Ballinger in particular than this
anniversary edition.

LOST CREEK PICNIC.

Saturday, July 12th—Proceeds
to School.

W. W. Henderson was in from
Lost Creek Saturday morning
and reported that community
making preparations for a big
picnic on Saturday, July 12th.
The picnic arrangements have
been placed in the hands of a
committee composed of Messrs.
D. H. Henderson, Otto Armor,
A. L. Holloway and I. M. McBee,
and the citizens of McCulloch
county may rest assured that
the picnic is in competent hands
and that nothing will be left
undone toward making it a big
success.

In addition to amusements of
every variety, as well as refreshment
stands, and all the other
attractions essential to the
makeup of a good picnic, the
Lost Creek folks are going to
have an agricultural exhibit that
will open the eyes of all who
attend to the wonderful fertility
and productiveness of this section
of McCulloch county.

Don't forget the date, but
make your arrangements to be
on hand and enjoy the time of
your life among these hospitable
folks.

There is more Cataract in this section of the country
than all other diseases put together, and until the last
few years was supposed to be incurable. For a great
many years doctors pronounced it a local disease and
prescribed local remedies, and by constantly failing
to cure with local treatment, pronounced it incurable.
Science has shown Cataract to be a constitutional disease,
and therefore requires constitutional treatment.
The Cataract Cure, manufactured by E. J. Cheney &
Co., Toledo, Ohio, is the only Constitutional cure on
the market. It is taken internally in doses from 10
drops to a teaspoonful. It acts directly on the blood
and mucous surfaces of the system. They offer one
hundred dollars for any case it fails to cure. Send
for circulars and testimonials.
Address E. J. CHENEY & CO., Toledo, Ohio.
Take Regular Railway to the Postoffice at Station.

Carbon paper in any size sheet

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years'
Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell
of this town, says: "I suffered for
five years with womanly troubles, also
stomach troubles, and my punishment
was more than any one could tell.

I tried most every kind of medicine,
but none did me any good.
I read one day about Cardui, the woman's
tonic, and I decided to try it. I
had not taken but about six bottles until
I was almost cured. It did me more
good than all the other medicines I had
tried, put together.

My friends began asking me why I
looked so well, and I told them about
Cardui. Several are now taking it."

Do you, lady reader, suffer from any
of the ailments due to womanly trouble,
such as headache, backache, sideache,
sleeplessness, and that everlastingly tired
feeling?

If so, let us urge you to give Cardui a
trial. We feel confident it will help you,
just as it has a million other women in
the past half century.
Begin taking Cardui to-day. You
won't regret it. All druggists.

Write to Chattanooga Medicine Co., Ladies'
Advisory Dept., Chattanooga, Tenn., for Special
Instructions on your case and 64-page book, "Home
Treatment for Women," in plain wrapper. N. C. 124

EASY TO TEACH BLACKBIRD

Is a Natural Imitator and Responds
Quickly to Training—Its Memory
Strong.

The blackbird, which belongs to the
thrush family, has strong imitative
powers, and has been taught to
speak. There is not much variety in
its natural song, but its voice has a
pure, flute-like tone and full volume.
The bird is very susceptible of being
trained, and when reared by hand
from the nest is capable of forming
strong attachments and makes itself
a great favorite.

When a blackbird is six or eight
weeks old, his training should be
begun. Take him to a quiet room
away from any other birds, and each
night and morning whistle the portion
of the tune you wish him to learn, or
play it on the flute. Feed him before
you begin, and put a fat, lively worm
where he can see it. After you have
whistled or played the air, say twenty
times, stop, so that the bird may
have an opportunity of imitating it.

If he should make the attempt, give
him the worm at once, praising and
caressing him meanwhile. He will
soon begin to see why a reward was
given to him, and will not be slow
in trying to earn it. When once he
has learned the tune he will never forget
it, and it will pass into and become a
part of his song.

After the blackbird has completed
his education, he should be placed
near some other singing bird, whose
notes he would soon learn and blend
with his own.

Put his cage out of doors whenever
the weather permits, and he will tell
you how pleased you have made him.
But during the hot days of summer,
let him be well shaded and kept cool,
as heat and dry air seem to affect his
voice. He will begin to sing in the
end of February or the beginning of
March, and will continue until the fall,
if the summer is not too hot.

WOODPECKERS OF LARGE SIZE

Species That Abound in Mexico and
Central America Attain Large
Proportions.

To those readers who may only be
familiar with the average sized wood-
peckers found in this country, it will
be interesting to know that there are
species of this famous group of birds
in existence, which, even when com-
pared with such sizable species as the
well-known "flicker," appear in pro-
portion like great ravens, placed by
their lesser congeners, the garrulous
magpies.

Our common pileated woodpecker,
which ranges over North America at
large, may attain a length of nearly
20 inches, while the handsome black
woodpecker of northern Europe, the
pie noir of the French, averages but
three or four inches smaller.

Both of these, however, understate
the true giants of this interesting
race of birds, for our ponderous ivy-
billed woodpecker, now found only in
the wilder timbered districts of the
gulf states, has a length of 21 inches
and a wing extent of nearly a yard.
The magnificent imperial woodpecker
of Mexico and Central America is
even larger by an inch or more than
the last-named species, and is truly
a most remarkable bird.

There is one very peculiar thing
about these big woodpeckers, and
that is in their general coloration
they are all of a glossy black, with
white markings, and the males have
brilliant scarlet crests or other color
areas of the same on their heads.

The imperial and the ivory-billed
have powerful white, chisel-cutting
bills, capable of making great havoc
with the partly decayed trunks of
forest trees, where they search for the
pine-destroying insects which consti-
tute their chief food.

Black Fox Farming.

There is in Prince Edward Island a
new development which is attracting
great attention in the shape of raising
of fur bearing animals. It has
been proved that the climate of the
province is particularly suitable for
the breeding of black foxes, and a
number of farmers have embarked in
the industry with the most profitable
results. The fur of the black fox,
owing to its rarity, has become ex-
ceedingly valuable, and the commis-
sioner of agriculture for Prince Ed-
ward island states that a pair of live
foxes were sold recently for £5,000
and another pair for £4,000.

The price of this spring's pups was
over £2,000 a pair and £1,600 a pair,
while a cash deposit varying from 10
to 25 per cent is being paid for fox
cubs that are due to be born in the
spring of 1913. Black fox farming, as
it is called, does not entail any con-
siderable expense, the ranches con-
sisting usually of an acre of ground
with a steel wire enclosure about fifty
feet square for two pairs, containing
little houses for the animals.

Light for English Police.

The "bull's-eye" lantern of the pa-
trolling policeman may shortly pass
into the museums. Electric torches
are far harder than the old-fashion-
ed oil-fed "bull's-eye." The police-
man has the torch attached to his
belt, and the pressing of a button
sends a searchlight on the track of
a criminal. There are no risks of
burnt fingers and damaged tunics. Ex-
periments are being made with the
electric torches in the open suburbs,
and, later every metropolitan and
city policeman may be provided with
one. Burglars have long known their
value, and will not welcome this imi-
tation however since the late fatality—
London Mail.

SHERIFF'S SALE.

The State of Texas, County of Mc-
Culloch.—Notice is hereby given that
by virtue of a certain execution issued
out of the honorable justice
court of McCulloch County, Precinct
No. 1, on the 21st day of June, 1913,
by N. G. Lyle, Justice of the Peace
of said County and Precinct for the
sum of eighty-three and 48-100 dol-
lars and costs of suit, under a judg-
ment in favor of King Candy Co., a
private corporation, in a certain cause
in said court, No. 1230, and styled
King Candy Co. vs. Wm. Graham &
Co., placed in my hands for service,
I, J. C. Wall as sheriff of McCulloch
County, Texas, did on the 23rd day
of June, 1913, levy on certain real
estate situated in McCulloch County,
Texas, described as follows, to-wit:
The east half of Block 44 in Luhrs
addition to the town of Brady, in
McCulloch County, State of Texas,
and levied upon as the property of
S. V. Wood. And that on the first
Tuesday in August, 1913, the same
being the 5th day of said month, at
the court house door of McCulloch
County, in the town of Brady, Texas,
between the hours of 10 a. m. and
4 p. m., by virtue of said levy and

COURT CALENDAR.

Cerebral Troubles, Chronic Disorders of Men and Women Suc-
cessfully Treated.
You may pay others for failures but you pay me for cures only.
I never disappoint my patients. I fulfill my promises. I never hold
out false hopes in incurable cases.
I am against high and extortionate fees charged by some physicians
and specialists. You will find my charges very reasonable and I
more than you are willing to pay for skillful treatment. Consult
me in person or by letter and learn the truth about your condition,
and perhaps save much time, suffering and expense. Last a reg-
ular grade rate and licensed, long established, thoroughly reliable.
CALL OR WRITE—No detention from business. Treatment and active confidential. Hours 8 a. m. to
p. m. Sunday 9 to 1. If you can not call, fill out the following coupon:
DR. BOURQUE, 103 W. 6th St., FT. WORTH, TEX.
Corner Main and Sixth Streets, (2nd Floor).
I cannot call, so please send me a small book of diseases of men; as I
desire to describe my case to you for the purpose of taking treatment. If I decide you can cure me
and your charge is low enough to suit me, I can naturally arrange terms and methods of taking
treatment, with the understanding that confidential.

PERSONAL & LOCAL

Rufus Adams came over from Brownwood on his motorcycle to spend the 4th here.

J. C. Wall left Monday for Austin where he will attend the annual Sheriff's convention.

Mrs. John Hill left last night for Hico where she will visit relatives and friends for some time.

Mrs. Karl Steffins left Sunday night for Brownwood to visit relatives and friends several days.

G. R. White left last night for Pawhuska, Okla., where he goes to look after cattle a couple of weeks.

Mr. and Mrs. Dan Cottrell are rejoicing over the arrival Sunday morning of a fine girl at their home.

Miss Julia Louise Shepard of Brownwood arrived Sunday to be the guest of Mrs. G. R. White several weeks.

Demp Branscum came over from San Angelo last Thursday for a visit of a few days with his family here.

John Ramey returned Monday morning from Brownwood where he has been visiting the past couple of weeks.

Mrs. Joe Lyle left Saturday afternoon for Mason, where she will visit relatives and friends for several weeks.

M. P. Wegner returned Sunday from Blanco, where he visited relatives a week or so, and reports an enjoyable trip.

Mrs. S. A. Benham and daughter, Lucile, left Sunday night for Brownwood where they will have Miss Lucile's eyes treated.

H. E. McBride was a passenger on Sunday night's Frisco, returning from Lightner, where he had been visiting relatives.

Mr. and Mrs. G. C. Kirk left early this morning for San Angelo, where they will visit relatives and friends for a few days.

S. A. Conley is recuperating at the Peg Leg ranch this week, and expects to enjoy the time of his life on the banks of the San Saba.

John Moffatt returned last Thursday from Georgetown and Austin, where he had been spending a week visiting relatives and friends.

Mr. and Mrs. T. N. Nance and daughter, Miss Sallie, will leave today on an overland pleasure trip to San Marcos, where they will spend some time camping.

A. M. Wier, public weigher at Richland Springs, was in the city last Thursday enroute to Mason where he will teach several singing schools during the month.

A. T. Jordan left Sunday for Marlin, where he will spend some time at the wells. While enroute he will stop over in Waco for a visit of a few days with his children.

Mrs. Wm. Bauhof returned last Wednesday from Menard where she has been visiting her parents the past two weeks. Her sister, Miss Sallie Nance, accompanied her upon her return.

Clarence Snider went to Rochelle last Thursday to take charge of the Rochelle State bank during the absence of Cashier O. E. Rice upon a few weeks' vacation trip.

Miss Helen Walker, who has been spending the past several months with her mother in Lampasas, will leave shortly with a party for Chicago where she will study music at a conservatory.

Mrs. W. G. Caperton left Sunday night for Albany, where she will visit her daughter for some time. She was accompanied upon the trip by her grand-athleen Lynch.

W. H. Lake

of Brownwood were here last Saturday enroute to J. D. Parker's place on the San Saba, where they will join a camping party for an outing of a few weeks.

Rev. E. B. Smith, faculty member of Howard Payne college at Brownwood, was in the city Sunday and Monday and delivered two excellent sermons at the Baptist church Sunday.

Miss Mattie Anderson, who has been the guest of her sister, Mrs. S. W. Hughes, the past week or so, will leave tonight for Henrietta and points in Oklahoma on a visit of several weeks.

Dr. and Mrs. E. M. Wood and family, who were the guests of Mr. and Mrs. Thos. S. Wood last week, have returned to their home at Georgetown. Mr. and Mrs. Wood accompanied them, and will spend several weeks visiting in Georgetown.

Herbert von Rosenberg, who has been the guest of his cousin, Dr. J. B. Granville, and family the past several weeks, left Monday night for Brownwood, Austin and other points where he will visit before returning to his home at Hallettsville.

Dr. and Mrs. J. B. McKnight, accompanied by their daughter, Miss Mary, returned last Thursday from Fredonia, where they attended Mrs. McKnight's father, J. L. Latham, during his recent illness. They report Mr. Latham having quite regained his former good health.

Fred Hess, of the firm of Hess & Skinner, Dallas, was in the city yesterday under the impression that the commissioners court met this week. However, he declared that his disappointment was fully made up by the sight of such a prosperous looking country and the further fact that the prosperity smile illumined every countenance he met.

Rev. W. G. Caperton returned yesterday from Lohn where he conducted services Sunday. Bro. Caperton expected to begin a protracted meeting there Sunday, but the meeting has been indefinitely postponed by reason of all the farmers being so busy. He reports crops looking just simply fine in the Lohn country and everything in a flourishing condition.

Mr. and Mrs. J. M. Edwards and daughter, Miss Pearl, of Sterling City arrived Friday for a few days' visit with the family of their brother-in-law, E. E. Willoughby. This is Mr. Edwards' first trip here since before the railroad was built to Brady, and he was very favorably impressed with the progress and development in Brady and McCulloch county.

Odom Martin returned Sunday from Ozona where he has been visiting the past week or so, making the trip both ways on a motorcycle. The return trip of 180 miles was made in record time. Leaving Ozona at 7 o'clock in the morning, he reached San Angelo before noon, spending three hours there, and again leaving San Angelo about 1 o'clock he made the trip to Brady before 4 o'clock. Needless to say the trip was a hard one, and Odom was pretty well played out upon his arrival here.

Mrs. A. G. Walker returned Saturday from Lampasas for a visit of a week or two with relatives here. She was accompanied by her son, Lee, who is back in Texas from Illinois for a visit. Lee reports the Frisco receiver-

ship having stopped all improvements upon that road, and consequently D. J. Griffith's force was thrown out of employment. Accordingly Mr. Walker took advantage of the opportunity to visit friends and relatives in this part of Texas.

Judge J. E. Shropshire and son, Gus, returned last Saturday from Corpus Christi where the judge attended the meeting of the State Bar association. He reports a great time at the meeting, and says the weather was quite cool and comfortable at Corpus all during his stay. The trip was made in his automobile, and so frequent and heavy had the rains been on the trip down that they were forced to abandon the machine at Comfort and continue the remainder of the trip by rail. By the time of their return the roads had dried sufficiently as to make the trip one of comparative ease.

W. J. Barber, accompanied by his daughter and her family, was in the city Saturday enroute from New Mexico to Cherokee for a visit with relatives and friends. The party was making the trip in their auto, stopping along the route with relatives and friends. Mr. Barber is an enthusiastic good roads booster, and stated that the Brady citizens should make every effort to secure the route of the Denver to the Gulf highway through Brady. When completed, this route will be one of the most extensively traveled highways in the United States, affording, as it does, the link between the north and west-central states and the gulf. Mr. Barber states that it is almost inconceivable how many people prefer traveling in autos and camping along the roads to traveling by rail. In fact, in New Mexico this mode of travel is enjoyed by the wealthier classes almost exclusively, and wherever they travel they are found to be liberal spenders.

The Best Hot Weather Tonic GROVE'S TASTELESS CHILL TONIC enriches the blood, builds up the whole system and will wonderfully strengthen and fortify you to withstand the depressing effect of the hot summer. 50c.

FIFTY YEARS EACH.

Jones Boys at Dublin Get Heavy Sentence.

Charles and Robert Jones, who have been on trial at Stephenville for the murder of their father, Rev. Lee W. Jones, at the family home near Dublin, were yesterday convicted of murder in the second degree by the jury in the district court, and the verdict provided for a term of fifty years for each in the penitentiary. The killing occurred on June 6th, shortly before dawn. The case has occupied the attention of the court two days, during which time some 200 witnesses were examined. The case went to the jury about 8 o'clock Thursday night and the verdict was returned at 1 o'clock yesterday. The accused pleaded self defense, claiming that the deceased was reaching for a weapon when the shots were fired that killed him. Both stated that every member of the family lived in mortal terror of the deceased.—Brownwood Bulletin.

It will be remembered by readers of The Standard that the boys killed their father while their mother was visiting relatives in Placid in this county. The case has attracted considerable attention.

GEORGE BROWN CASE.

Court of Appeals Reverses Order.

Last week the Court of Criminal Appeals at Austin rendered a decision refusing a rehearing of the George Brown murder case from Rannels county. Information was received today from Austin that the court had set aside its order refusing a rehearing and had granted a continuance of the original motion for a rehearing until the October term, when it will hear further argument in the case. Therefore George Brown will not go to the penitentiary just yet, but will continue in durance vile at Ballinger at the expense of Brown county.—Brownwood News.

Will Not Open Restaurant.

M. P. Wegner has decided that he will not engage in the restaurant business as he first contemplated, but has accepted a position as meat cutter with his brother, W. C., who will re-engage in the market business on the first of the month.

J. C. Irwin announces that he will take charge of the Irwin restaurant some time next month and re-open the place for business.

Uriah Jones, Hezekiah Brown and John Peter Smith all say that Hunt's Lightning Oil stops neuralgia, rheumatism and other pains. Just try a 50c or 25c bottle from your drug gist.

Shoot Pippin Well.

Almost all the casing has been removed from the Pippin well on the hill, and this afternoon Mr. Pippin will shoot the well for shallow oil. This will be done in an effort to test the capacity of the shallow oil flow in the well, which is thought to be about six or seven barrels per day. The well is plugged below the shallow oil formation.

The casing from this well will be used by the Brownwood Oil & Gas Co. in the well which will begin soon on their acreage in the Thrifty neighborhood. The casing from the Pippin well will be used in drilling the new wells of the company.—Brownwood Bulletin Thursday.

ELECTION PROTESTED.

Ballinger Parties Charge Irregularities at Winters.

A petition was filed in district court at Ballinger Monday in which T. C. Ward, O. B. Corbett and others allege irregularities were permitted in the recent prohibition election in Rannels county, and ask that the election be adjusted or a new election ordered.

The contestants allege that at the Winters voting box placards showing the 100 foot mark around voting booth, as required by law, were not so placed; that electioneering was permitted within 100 feet of the booth, that voters were induced to show "workers" their tickets after they had been prepared for voting, and that in some instances the tickets were changing; and that other irregularities, including mistaken counting of the ballots, were permitted at this box. Further, it is alleged by contestants that these same irregularities were allowed at Miles voting box, at Ballinger voting boxes Nos. 1 and 24, and at Marie voting box No. 15.

The contest will be heard before District Judge John W. Goodwin at the fall term of court, which convenes October 6th.—Brownwood Bulletin.

Selling More Buicks.

B. A. Hallum was in fine spirits when accosted the other day, and gave as a reason the fact that Buicks sold faster than he could get them. John Baugh of Brownwood is the most recent party to fall a victim to the beauty of the Buick, having purchased a gray Model 31, fully electric lighted. Frank Hurd, of the Brady Auto Co., who has been in Brownwood the past week or so, left Sunday night for Dallas to bring back two more Model 31's, one of which has been purchased by T. W. Tomme of Brownwood, while the other is designated for the use of Mr. Hallum himself.

Mr. Hallum states that it is almost impossible to get Buicks at present, there being but a very few of this year's models left. Specifications for the '14 models will be received the latter part of this month or the first of next, but delivery of the new model cars cannot be anticipated before some time in October.

LIVE LOCAL LINEUPS IN RUSTLING ROCHELLE

From the Record.

Mrs. Nora Clark went to Brady Saturday.

O. E. Rice and wife left this week for Marlin, Austin and Corpus Christi, and will be away from home till the latter part of the month.

H. E. Finegan, one of our prosperous farmers of the Onion Gap community, was in town the first of the week with a load of Jim Dandy roasting ears. Who says that McCulloch county isn't the corn country?

T. S. Crutsinger, formerly of this place, but now of the Gansel ranch near Lohn, was in town the first of the week looking after business interests. He reports crops in his section as being in a very flourishing condition.

Clarence Snider, assistant cashier of the Brady National bank, will have charge of the Rochelle State bank during the absence of the cashier. Mr. Snider is well and favorably known to our people and we all know the bank is in safe hands.

A Mexican woman by the name of Lebrade R. de Medina, a cousin of Ascadio Flores, died at the latter's home in the east part of town yesterday morning. The woman was about 40 years of age. The remains were interred today in the Rochelle cemetery. The funeral services were conducted at the residence with Rev. Father Gagnon of Brady reading the last sad rites at 8 o'clock in the morning, interment taking place at 9 o'clock.

Revival meeting begins at Rochelle Friday night, July 18, 1913. Service hours, 10 a. m. and 8:30 p. m. We are very anxious that all within reach of these services attend. Begin now to make your preparations to attend every service. The question, "Where shall you spend eternity?" can be settled by you. Come and give your soul a chance to drink at the fountain of living waters. Dr. A. H. Autry of Nashville, Ark., a noted evangelist, and one among the strongest bible teachers in the state, will do the preaching. If you miss a sermon you will miss a blessing. Come one, and come all, praying that God will give us a gracious soul-saving revival. Don't forget the date.

Cures Old Sores, Other Remedies Won't Cure
The worst cases, no matter of how long standing, are cured by the wonderful, old reliable Dr. Foster's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00.

If you desire information or prices on the best line of buggies in West Texas, call and see us. E. J. Broad.

MASON MAVERICKS.

From the News.

Mrs. August Keller and son, Francis, returned to their home at Brady Sunday.

A. Evers and wife were here Monday returning from a visit to their son at Brady.

Prohibition election returns: Votes cast, 829; pro, 430; anti, 397; pro majority, 33.

The Llano river was reported on a big rise this week, something like ten to twenty feet, and mails were delayed.

F. W. Jenkins has finished threshing his small grain, and says it turned out lighter than expected, but pretty fair.

Monday several gentlemen connected with the Frisco railroad arrived in Mason to check up the expense the local committee has been at in securing right-of-way, etc. That was the day the road should have run its trains into Mason to have complied with its agreement, but as there is now no likelihood of the road being built for some time the officials are preparing to reimburse our committee. The party was composed of Vice President Schleyer, Mr. Turner of the land department, Freight Agent Prescott, Live Stock Agent Tillman, Auditor Snow. They were busy with the committee for some time, going over matters, and hope to return here about July 10 to make final settlement. All of the right-of-way purchased will be turned over to the Frisco people unless bought back by the former owners. Vice President Schleyer says the road officials fully intended to build to Mason, but their financial difficulties hindered them, but that they still have hopes of coming here within the next few years.

CALLAN CONGOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

H. R. Hodges and wife were over from Brady this week.

Jim Matthews was up from Peg Limb farm Saturday and brought us a dozen nice broilers. Brady papers please copy.

John Rockefeller gets up at 4 o'clock in the morning. We could take his money and make a living without getting up that early.

A New York couple who had a falling out forty years ago made up last week and married, but in the interval she had become a grandmother. Moral: Don't fall out.

Mr. Grant, the Presbyterian minister of Brady, was over the last of the week. The preachers all come to Menard when they need a few days' rest from fighting the devil in places like Brady.

The Fourth of July will soon be here, and then those Brady boys will fill their girls with red lemonade and raisins. In Del Rio the fashionable set serves seeded raisins at the social functions.

Schwenker says he will want his wife to think he is the "whole cheese." When she listens to that limburger breath of his roaring about the house she may conclude that he is the whole cheese factory.

We are planning to get our picture in the papers next year as the only man in the state who fails to run for governor, but we are almost ready to bet six to one that we forget ourself and announce for the office before we know it.

The Fort Worth Record says that the cost of living has doubled in ten years. We are glad we reached this old earth as soon as we did. If we had postponed our visit a quarter of a century we might have had to work for a living.

Some people stack up the money through life, and never take a day off for pleasure, as if their only object is to pull off a swell funeral. Life was made to live, and the richest man is the fellow who has the most fun as he journeys along the road.

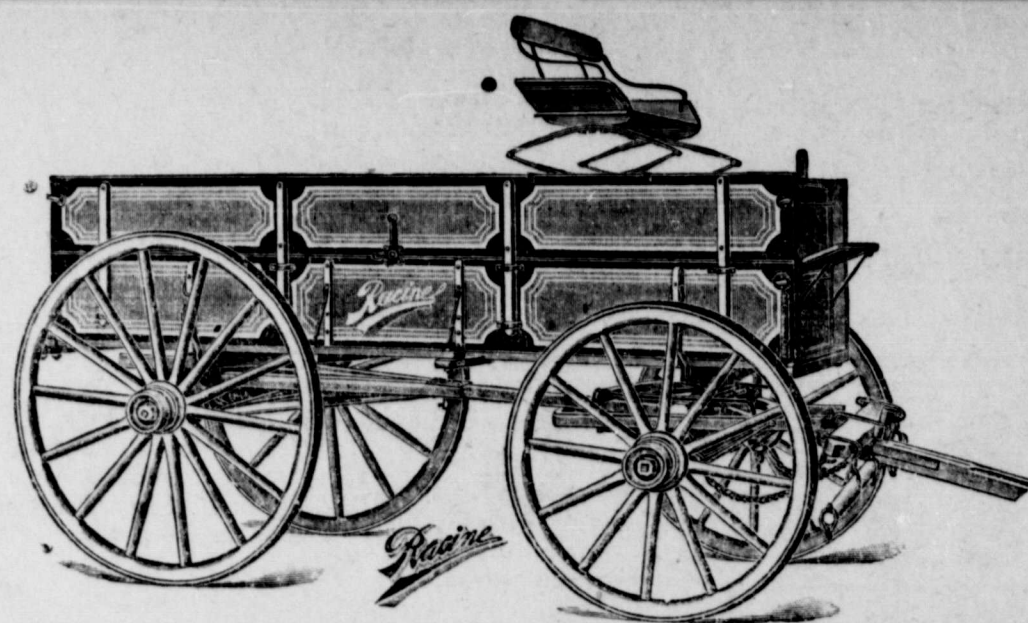

A Houston lady writes us to persuade Colonel George Bailey to remove his moustache. We never met George except by hearsay, and would feel a delicacy in asking him, but if the good lady will manage to sit by him in church and clip one side off while he is taking his nap, we believe he will have the other side mown of his own accord.

Schwenker says to come to Brady to make love, but we prefer to get a little farther away from home, for our other half is as jealous of us as a "barbaric cock pigeon over his hen." Only recently she raked us over the embers for flirting with a red headed girl because we went home with a red hair on our shoulder, when as a matter of fact, we had done nothing worse than brushing up against a bay horse.

The marriage of Mr. George G. Grandstaff and Miss Lela B. Bevans took place at the residence of Mr. W. P. Bevans on Wednesday night, June 25th. Mendelssohn wedding march was rendered in an artistic manner by Mrs. Walter Russell. The beautiful ritual of the Episcopal church, with the ring ceremony, was read in an impressive manner by Rev. Richard Mercer, and the bride was given away by her father.

HORSES WANTED!!

BRING US YOUR HORSES

And come and see me as I am anxious just at present to exchange anything in the vehicle line for horse property, or for oats. Am in the market for 100,000 bushels oats and will give 40c per bushel and make you a very reasonable price on vehicles.

C. W. L. SCHAEGER

The Del Rio Herald editor says "the people of Menard are 'besot' with the Messenger and the measles both at the same time." The fact of the business is that there has not been a contagious disease in the city since the Herald editor moved away from here. And as for the Messenger, it will cure practically every ill that mankind has. Only recently a married woman quit her husband because he forgot to carry it home, and a young lady who had never enjoyed the luxury of a beau, after reading two copies, had the boys in town fighting duels over her.

Lillian Russell says that men "would not even wear clothes if civilization didn't demand it." Now, Lillian, you know good and well that you women folks have shown a much greater tendency to wear a little of nothing than have we men. We men are bad enough, to be sure, but you ought not to accuse us of things when we are not guilty. Rather than having a dislike for clothes we are prejudiced against going without them, and when we occasionally dream that we are in a ball room or on the streets without our pants we blush for two or three days. Now, if civilization should demand that all men discard their clothes we would defy the mandate with every drop of our treasure and every dollar of our blood.

When a fellow gets to thinking that everybody in the world is dishonest and the country going to the dogs so fast that it is already there, he just needs a week's diet of some good standard brand liver medicine. The old world has more good folks in it than at any time since it commenced business, and every day contains for nearly every man just what he is looking for. Of course if a fellow gets up with a bad taste in his mouth finds fault with his breakfast, and walks out into the world feeling that everybody he meets is a horse thief, he is pretty sure to wind up that day with the same notion in his inferior brand head; but when a man rolls out of bed in the morning determined to live that day, brags on the biscuits his wife made a failure of or agrees with her that the fault is in the flour, he is going to see more sunshine than shadow during that day. If you are not getting the most out of life, the fault is with you.

Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields; biliousness goes. A trial convinces. (In yellow tin boxes only.) Tried once, used always.

DON'T KNOW THEY HAVE APPENDICITIS.

Many Brady people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. Central Drug Store states if these people will try A SINGLE DOSE of simple buck-thorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the QUICK benefits.

SAN SABA SAYINGS

From the Star.

Clay Lindsey, wife and baby went to Brady Wednesday.

St. Clair, the photo man will spend the Fourth at Mason, where he expects to do some special photographic work.

O. E. Rice, cashier of the bank at Rochelle, and wife passed through here Wednesday enroute to Marlin. They made the trip in their new car.

Brady has entered the "cleanest town in Texas contest." Here's our hand to The Standard, and may your efforts be crowned with success.—San Saba News.

Jack Crump is here from Brady to do the painting on the U. M. Sanderson residence. He is an experience painter and decorator and calculates to make San Saba his future home.

Matt F. Allison and P. M. Faver and wife returned Monday from Robystown and Corpus Christi. At the latter place they have filed a damage suit for Mrs. Jim Hall against the railroad company for \$35,000 on account of the killing of her husband recently.

Their friends in San Saba will be delighted to hear from Misses Bertha Fleager and Balla

Greenwood, who are spending their vacation in the Rockies. In company with friends from Lampasas they are at Colorado Springs, Colo., this week. They will visit Salt Lake City, San Francisco, Oakland, Los Angeles, Long Beach and other noted summer resorts.

From the News.

Joe Clark made a business trip to Brady this week.

Last Wednesday evening at 7 o'clock at the First Presbyterian church of Llano, Mr. W. N. Ellis of San Saba and Miss Kate Flack of Llano were united in marriage, Mr. Bourne, the Presbyterian pastor at that place, performing the ceremony.

There were nineteen baptized by Pastor Garnet last Sunday afternoon at the Moore crossing. These, with five others received last Sunday, and the twenty-seven received at the close of the other meeting make fifty-one received by the Baptist in the last month or six weeks.

The oil mill is being moved to a plot of ground near the section house. The capacity of the mill will be increased to 60 tons, the capacity heretofore being only twenty tons. A quantity of new machinery is being installed and San Saba can boast of as complete oil mill as there is in the state when the plant is completed. The new location will give them excellent trackage and shipping facilities which they could not have had at the old stand.

Hunt's Cure rapidly destroys itch, ringworms, itching piles, eczema, tetter and like troubles. Under its influence the diseased cuticle scales off, leaving a smooth, white, healthy skin in its place. A wonderful remedy, and only 50c a box.
