

GALA EVENT ON SATURDAY

Interest Centers Around Coming of Col. Henry Exall-- Stores Will Close.

Next Saturday will be Farmers' Day in Brady, and it is anticipated that citizens from all over the county will be on hand to hear the program of addresses arranged for the occasion. Perhaps never before was a committee quite so successful in getting as many men prominent in educational and agricultural work upon one program, and it is certain that every farmer and every citizen who attends will be greatly benefitted.

Of special interest is the fact that the McCulloch County Boys Corn club will be guests of the Commercial club upon this occasion. There will be an interesting address especially for the boys of the club by H. H. Williamson, state agent boys' corn clubs, and it is certain to prove of great interest to these future citizens of McCulloch county. Best of all the Commercial club has arranged to give the boys a big dinner, and the best in the land will be none too good for the boys upon this occasion.

Undoubtedly a leading feature of the program will be the address at 11 o'clock by Col. Henry Exall, regarded of much importance in the move "For a Greater Texas." Mr. Exall is an enthusiastic worker in the upbuilding of the state, and has upon more than one occasion said that if he had a million dollars he would give half of it toward bringing about better and more scientific farming in the state of Texas. That Mr. Exall expects to be here without fail is indicated from the following letter addressed to J. F. Montgomery of this city: "I now expect to leave Fort Worth on the first on the Frisco and reach Brady on the morning of the 2nd, as I understand from your letter that will be the best train for me to take."

The coming of Mr. Exall is regarded of such importance that the business houses will close from 11:00 till 12:00 o'clock Saturday morning in order that all may attend and hear

his address. Everybody is invited to come and hear him.

Another important feature of Farmers' Day will be the holding of a Farmers' Institute for the purpose of more thoroughly organizing the work begun in the spring by J. W. Neill. It is also planned to effect organization all through the south part of the county, and for this purpose R. H. Taylor will be on hand to explain the work of the Farmers' Institutes. Mr. Taylor will also remain here the following week and visit a number of points in the county in order to organize the farmers. His coming is assured in the following letter from Ed R. Kone, commissioner of agriculture, at Austin:

"I have your letter of the 18th inst, extending to me an invitation to address the Boys Corn Club August 2nd, and if possible for me to do so to send our Mr. Neill. However, I regret that engagements previously arranged for both Mr. Neill and myself it will be impossible for either to be with you upon this occasion. I will, however, send our Mr. R. H. Taylor to you for the purpose mentioned in your letter, at which time he can remain with you one week. I am writing to Mr. Taylor assigning him to you for that time. You are therefore authorized to advertise his coming."

There will be a number of other speakers of importance, and time and weather permitting, there will probably be several addresses by local silver-tongued orators. Hon. Joe A. Adkins is sure to orate, inasmuch as he is the first on the program for the welcoming address, and the chances are that the judge will have his say in full and possibly wreath his hearers' faces in smiles before he gets through.

There Is No Chance

There is no chance in a game of Billiards—it is a game of skill and science. The winning of a game depends entirely upon the judgment of the eye in defining angles and upon steady nerves for making a sure shot.

There is nothing debasing or demoralizing about the game; the man who indulges in a quiet game or two is accomplishing much more good than the man who loafs the streets.

Don't lose sight of the fact that men crave amusement and entertainment—and that if clean, open sport is denied them, they will resort to forbidden pleasures.

ENTERPRISING CITIZEN.

S. W. Hughes Offers Clean-Up Prizes to Children.

S. W. Hughes of S. W. Hughes & Co. is another progressive citizen who is aiding in the work of making Brady the cleanest city on the map. Mr. Hughes has adopted a unique and most efficient method of aiding in the clean-up work by offering cash prizes to the three boys gathering the largest piles of rubbish and trash by noon of August 15.

The prizes total \$17.50, and are divided as follows: First prize, \$10.00 to the boy with the largest pile; second prize, \$5.00 to the boy with the second largest pile; third prize, \$2.50 to the boy with the third largest pile.

D. R. Hardison, J. T. Mann and Harvey Walker will act as judges and make the awards. A photograph of the three prize winners will be made on the date of the close of the contest.

The following conditions govern the contest:

All contestants must live within the corporate limits of the city of Brady, and must not be over 15 years of age on August 15th, 1913.

Boys desiring to enter the contest must register their names with D. R. Hardison at the Commercial club rooms on or before August 10, 1913.

All boys before entering shall first make arrangements to have their pile of trash hauled off to the dumping ground when the contest closes, regardless of whether they are winners or not.

Everything contained in piles, including weeds, rubbish, old tin cans, buckets, bottles, wire, etc. must be gathered within the corporate limits of Brady.

About Street Sprinkling.

Owing to the fact that the city asks such a high rate for water, while the rates for street sprinkling are very low, I cannot afford to secure my water from the city, and consequently must pump it about a quarter of a mile—a slow and expensive proposition.

I ask all citizens to bear with me until present conditions can be remedied so as to enable me to secure an abundant supply of water necessary to keep the dust down. S. J. DURNETT.

Mr. and Mrs. Clyde Hall are the happy parents of a fine girl which arrived on Monday. Mrs. Hall is at the home of her aunt, Mrs. F. M. Richards, in this city.

Good Farming.

W. R. Rice gives us his word that J. M. (Bud) Stephens, the big-hearted farmer-citizen of the Eden community, has as fine crops as can be found in the land, and W. R. thinks Bud is entitled to a lot of credit and some praise thrown in.

All of Mr. Stephens' crops are looking fine, but his 17 acres of corn is what caught Mr. Rice's eye. The corn is uniform from one end of the field to the other, the ears all being about a foot long and assuring a heavy yield. Not a sucker was to be seen on the stalks, and Mr. Stephens said his method was to plow them under and cover them up. His idea is that pulling the suckers bleeds the stalk and weakens it just that much.

Mr. Stephens is now erecting a silo of large capacity, and which places him in the front rank of the progressive farmers of this section.

COTTON STALKS STRIPPED.

Hail Does Considerable Damage in Brown County.

The Brownwood Bulletin reports a heavy hail in that comable damage to cotton on Sunday a week ago. The Bulletin gives the following account:

Dr. J. A. Abney has brought in from his ranch eight miles south of Brownwood a number of cotton stalks showing the damage done by the heavy hail in that neighborhood Sunday afternoon. The stalks are about two feet high, and are large, healthy plants, but the hail stripped every leaf and boll from the stalks and even the bark is scarred and torn. There were sixty acres of fine cotton, which gave promise of near a bale to the acre, which were thus ruined by the hail. The land has produced a bale to the acre in the past, and is regarded as one of the best pieces of farming land in the county. The hail in that section was undoubtedly severe, as the stalks look as if they had been run through a threshing machine.

To Be Married in Brownwood.

The marriage of Mr. Putman Parker Bond to Miss Gussie Mae Odom will be celebrated at 9 o'clock tonight in Brownwood. Both are popular young folks of Cross Plains, where Mr. Bond is engaged in the mercantile business. The bride-to-be is a cousin of Mrs. John Martin, and a charming and talented young lady. The couple have been the guests of Mr. and Mrs. Martin the past few days, leaving on last night's train for Brownwood. After a short wedding trip they will be at home at Cross Plains.

GOOD RAINS.

Reported Having Covered a Large Territory.

Good rains were had in the north and northwest portions of McCulloch county last Saturday morning, rain having begun falling about 4:30 o'clock in the Stacy, Waldrip, Fife and Lohn neighborhoods, and continuing up until about 10 o'clock. The rain is said to have extended around as far as Nine, Eden, Menard, Millersview and Melvin are also reported as having had good rains. At Brownwood the rain amounted to about half an inch, while in Fort Worth .55 inches was had. The total rainfall in Fort Worth for three consecutive days, including Saturday, was 3.05 inches.

In the immediate Brady territory the rain amounted to but a shower, which laid the dust, but which did little other good.

H. B. Yeager left last night for Corpus Christi, where he will buy cotton during the coming season.

Studebaker Automobiles.

B. Simpson, the genial Studebaker agent, is eagerly awaiting the arrival of a car load of Studebaker automobiles, which are scheduled here on Friday of this week. The shipment includes three touring cars, of which two are equipped with electric starters, fully electric lighted, and of 35-horsepower, while the third is 25-horsepower. Mr. Simpson is confident that the Studebaker is the car that will give the best service for the investment, and is preparing to push the sale of this popular line.

DOLLAR DAY ON SATURDAY

Merchants of Brady Co-Operate In Giving Big Dollar Values for One Day Only.

As a surprise to most everyone comes the announcement that Saturday, in addition to being designated "Farmer's Day," will also be known in Brady as "Dollar Day"—and while the surprise may be complete, the merchants have assured it being a pleasureable one in the offering of bargains that will make a dollar look mighty big.

The merchants of Brady are determined to do things right, and not content with the efforts of the Commercial club, which derives its support from them, in providing an elaborate program of speaking for the occasion, they have doubly assured the success of the day by cutting the prices on staple articles and offering bargains in various departments that are sure to prove attractive to all.

Look over the list of offers appearing in this paper, and remember the conditions under which they are made, viz: For Saturday—Dollar Day—and for cash ONLY. Come in and bring your dollars and your cents, and watch 'em roll. It is a certainty that never were such bargains offered before by all the leading merchants of the city, and you cannot afford to miss the occasion. It is a united appeal by the merchants of Brady for your good will and for your patronage.

Dollar Days have been voted big successes everywhere—in Fort Worth, as well as in smaller cities—and the vote of ap-

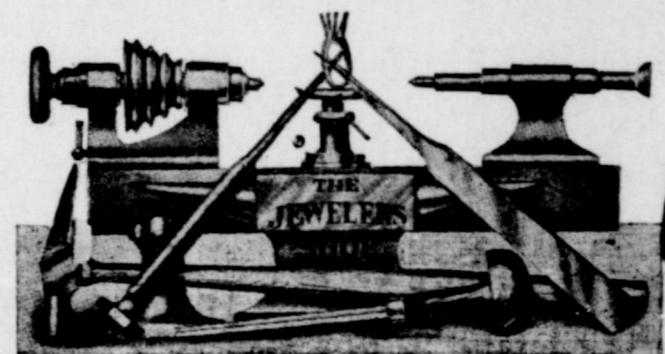

proval comes from buyer and seller alike. The buyer gains in the extra liberal values received; the seller gains in that he has made new friends, has added pleased customers to his list, and more valuable than all that he has had an opportunity for a heart to heart and face to face talk with the folks who enter his store.

The primary object of Dollar Day is, of course, to induce liberal trading upon this occasion, but it is only a start toward the establishment of a permanent trades and sales day in Brady, and upon the success of the present move depends the latter. That "Dollar Day" will be a success there can be no doubt, and that a regular trades and sales day in Brady would be even greater success is a certainty. Brady citizens are determined to make Brady the leading market of all this section, and nothing will be left undone toward this end.

Come in Saturday; help boost the "Dollar Day" along, and watch Brady boost your interests. Our interests and our purposes are common—the building of a greater and better community and a bigger and better citizenry.

Mr. and Mrs. J. F. Biggs and children are home from Groesbeck, where they spent a few weeks very pleasantly with relatives.

Miss Carrie Berry left on last night's train for Brownwood to care for Mrs. J. M. Mayo, who is having her eyes treated by a specialist.

Mr. and Mrs. C. T. White returned from a visit of several weeks in Eagle Lake. Mr. White also spent some time in Oklahoma while away.

R. P. Odom and daughter, Miss Gussie Mae, of Cross Plains have been the guests of his niece, Mrs. John Martin, and family, the past week.

Dr. and Mrs. J. B. McKnight are enjoying a visit from Mr. and Mrs. J. R. Holt and son and W. J. Barber, who arrived Monday from Carlsbad, N. M.

S. H. Mayo went to Brownwood Saturday in his auto carrying his mother, Mrs. J. M. Mayo over there for treatment for an affection of the eyes.

A. B. Carrithers returned Sunday from Temple and his many friends are glad to know that he is making a splendid recovery from his recent operation.

Eddy Morris, who has been visiting his parents, Rev. and Mrs. L. T. Morris, the past week or two, returned last Saturday to his home at San Marcos.

Miss Eunice Wood returned last Friday morning from Sherman where she has been visiting the past month. Her brother, Will Wood, accompanied her for a visit.

Mrs. D. H. Young returned to Dallas last night after a week spent with her parents, Mr. and Mrs. T. J. Bradley, here. Miss Leslie Bradley accompanied her for a visit.

Mr. and Mrs. G. M. Bennett have been enjoying a vacation trip to Galveston the past ten days, where they have been having a great time disporting in the surf at that place.

Miss Elva Yeager returned yesterday from an extended visit to Paris, Bonham, Honey Grove and other points in that section. She also visited at Hugo, Oklahoma, while away.

Mrs. J. C. Dawson and daughter, Miss Lou, who have been the guests of their son and brother, W. J. Dawson, and wife the past ten days, expect to return to their home at Copperas Cove tomorrow.

Mr. and Mrs. J. L. Latham came up from the ranch at Fredonia yesterday for a brief visit with Dr. and Mrs. J. B. McKnight. John McKnight, who has been working on the ranch, came with them.

S. H. Mayo returned last week from Austin where he had been on business in connection with the delinquent tax list of McCulloch county. Miss Carrie Berry, who had been visiting in Mason accompanied him home from that place.

H. R. Hodges went to Brownwood Sunday night to submit to another operation upon his nose, and will spend the week there. This is the third operation for a nasal affliction that Mr. Hodges has undergone, and he is in hopes that it will be the last.

Mrs. Jessie Bacon, who has been spending the past several months visiting her son and daughters at Lockhart, Bay City and Waelder, is back for a visit of several weeks here, and will incidentally look after her property and household effects.

Mr. and Mrs. R. P. Hines and children returned last Thursday morning to their home at Bridgeport after a visit of a week with their uncle, J. W. Embury, and family. Mr. and Mrs. Hines were returning from a fishing and outing trip to Aransas Pass, and made it convenient to stop over in Brady.

Dr. and Mrs. J. B. McKnight, accompanied by their daughter, Miss Mary, returned last Friday from Temple where they have been the past ten days of two weeks, while Miss Mary underwent an operation for appendicitis. The many friends of the family will be glad to know that the young lady has made an almost complete recovery.

Barrohn Vaughn and sister, Miss Hazel, returned yesterday from Galveston to which place they accompanied their mother on a pleasure trip and outing last week. They report a splendid good time, and among other features a visit on board a battleship in Galveston harbor. Before returning Mrs. Vaughn will visit her sister, Mrs. T. P. Doole, in Eagle Lake.

New Telephone Manager.

D. F. Hubbard of Cleburne arrived last Thursday from Brownwood to take charge of the local office of the West Texas Telephone Co., C. E. Cohen, auditor for the company, checking him in Friday. Mr. Hubbard is a most agreeable gentleman and has very favorably impressed the Brady citizens with whom he has met. He is well pleased with his first impressions of West Texas, and we feel sure his first impressions will be lasting ones. Mr. Hubbard's family, who are visiting friends in South Texas, will join him in making their home here within a few weeks.

Mr. and Mrs. H. W. Day expect to leave tonight for their old home at Memphis, Tenn., where his children now are, and where he will again take up his former position with the Cumberland Telephone Co. Both Mr. and Mrs. Day are charming folks, and have won a large circle of friends during their year's stay in Brady, and the citizens, as well as the officials of the West Texas Telephone Co., keenly regret their removal. Upon their part, Mr. and Mrs. Day have enjoyed their stay in Brady and the many friendly ties they have formed, and only the promise of greater opportunity for advancement serve to take them away from our city.

POSTMASTER EXAMINATION

For Fourth Class Saturday, August 23, 1913.

The United States Civil Service commission announces that on Saturday, August 23rd, an examination will be held at Brady, Texas, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster of Melvin, Texas, and other vacancies as they may occur at that office, unless it is decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$399.00 for the last fiscal year.

Age limit, 21 years and over on the date of the examination, with the exception that in a state where women are declared by statute to be of full age for all purposes at 18 years, women 18 years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the postoffice for which the examination is announced, and the examination is open to all citizens of the United States who can fill the requirements.

Application forms and full information concerning the requirements of the examination can be secured from the postmaster at Melvin, L. E. Laurence, secretary Civil Service board, Brady, Texas, or from the U. S. Civil Service commission at Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington at least 7 days before the date of the examination, otherwise it may be impracticable to examine the applicants.

Hardware, hardware. O. D. Mann & Sons.

Dr. Wm. C. Jones, who has just returned from Hamilton county, reports crops not looking as good there as in the Brady country. At Goldthwaite and Mullen he reports heavy rains having fallen, but instead of having been of benefit the cotton appears to have been scorched by the hot sun following the rains. In the Brownwood country there is a strip about a mile wide where nothing but the stub of the cotton stalks remains, the bolls, leaves and even the limbs having been beaten off by a terrific hail storm which fell Sunday a week ago.

Old Confederate Soldier Gone.

At his home at Sublime, Lavaca county, Texas, on Monday, July 21st, occurred the death of R. B. Shomake, one of the most prominent and well known citizens of that community. Mr. Shomake was an ex-Confederate veteran, having served with distinction. He was a kind father, and a consistent Christian gentleman, having been a member of the Baptist church for a long number of years. At the time of his death he was 84 years old.

The body was laid to rest at Sublime, funeral services being in charge of the Masonic order, of which he was a member. The deceased is survived by a widow and eleven children, among whom are Mrs. G. W. Anderson of Rochelle, Bob Shomake of Mercury and Jim Shomake of Holt.

The sympathy of all goes out to the bereaved ones in their loss.

COMMERCIAL CORNER

By the Secretary.

We call attention of our farmers to two items this week. First, if you desire to make application for immigration hands to be sent here through federal help, you should do so now. It will be too late to wait until the time of real need to sign for them. Of course the government wants to see these immigrants succeed after they have come to this country and therefore we have to go through a little "red tape" over the affair. Some think that there will be required of our people a whole lot of money and responsibility by taking them. So far as that is concerned the only obligation required is that if you make application you will be expected to meet them and see that they have some place to start to work. If they have paid their own railroad fare, you are under no obligation to keep them, neither are they under any to stay with you any more than the Mexicans or negroes or any other hands you may get. There is no financial obligation any more than getting other hands here from other sections of the state.

Second matter: The Brady Fair Association and the Brady Commercial club will hold a joint county agricultural, poultry, stock and general farm exhibit in October. There will be three days of the fair. We suggest that you get ready now by selecting some of the best things that you have for this display. Remember that there will be sufficient inducements in the way of premiums. This will help our county in many ways. Not only will it assist in the way of advertising our county, but will help those who exhibit.

Messrs. G. T. Gattis of Lohn L. D. Ferguson of Pear Valley, E. B. Kennedy of Waldrip, W. T. Galloway of Brady, J. D. Parker of Voca, W. H. Evans of Prairie View and others have on display in the office of the Commercial club some very fine specimens of grasses, red and white maize, corn, fetireta or souda duro causing very favorable comment and helping to educate others to raise good stuff. These samples are always helpful, as they show what is adapted to our section of the state and the best things to raise on our farms.

Remember that next Saturday, August 2nd, there will be some very fine speeches made by men who know how to farm. This is Farmers' Day. Come in and hear the men who are to address us. Bring in some sam-

ples to show how you are doing things and let us have the benefit of your experience.

How Foolish

To suffer with skin diseases (itch, eczema, ringworms, etc.) when one 50c box of Hunt's Cure is positively guaranteed to cure or your money promptly refunded. Died in Hamilton County.

Dr. Wm. C. Jones returned yesterday from Ohio, Hamilton county, where he and Mrs. Jones had been called by the illness of her father, Sam Stiles, who died last Friday at the advanced age of 76 years. Mr. Stiles had been in bad health for some time, but was confined to his bed for only a week. He was a pioneer in Texas, and had seen service as a ranger. He had lived in Hamilton county for the past forty years, and was widely known.

Mrs. Jones and son will continue their visit with their mother for some time.

DOLLAR DAY.

While the evolution of Farmers' Day into a full-fledged, grown-up, hot-off-the-bat "Dollar Day" is to be credited to The Standard, we have no desire to claim originality in the idea. As a matter of fact, the advisability and practicability of such a day upon a number of occasions by several of the merchants themselves, they have witnessed the success of such events in other places, and such events in other co-operating places, and who believed that a move upon the part of business men of Brady would be certain to awaken renewed interest and activity in all lines.

To be a success a "Dollar Day" must be backed by genuine bargains—the merchant must prove to the satisfaction of the citizen that his dollar will go farther upon this day than ordinarily, and we are certain that the merchants of Brady co-operating in this movement have, without exception, made strong appeals to the buying public in the bargains offered.

"Dollar Day" is but a starter for a regular Trades and Sales day, a feature which is already assured the hearty support of the business men and citizens of Brady.

Don't fail to come to Brady Saturday, and help mark that day as a Red Letter event in the annals of our city.

A SERMONETTE.

There is an eloquent sermon in the following few lines which appeared among Snap Shots in a recent issue of the Dallas News:

"Tillie Clinger says that notwithstanding she has no mother to guide her, she has learned to avoid the coarse stares of rude men by not wearing that kind of clothes."

Dollar Day!

Saturday is Dollar Day!

We warned you—now it's most here—Dollar Day!

Come to flyless, mosquitoless, dustless, dirtless, weedless, Bully, Bustling Old Brady.

In the meantime watch Brady go after first prize in that "Cleanest Town in Texas" contest.

Come and be with us Saturday and bring your dollars and cents if you would save dollars and cents.

It's Dollars to Doughnuts

That The Standard can save you money on printing. Customers who know will tell you that our prices are far below those of the city offices, while the quality of our work is all to the good.

As a newspaper, The Standard also excels. All the news that is news while it is news served twice-a-week in readable, up-to-the-minute style.

Special Dollar Offer

As a special inducement we will give 15 months' subscription to The Brady Standard for every dollar paid us on subscription on Dollar Day only. Bring us your rusty dollars.

Biggest Bargain for One Dollar

HOW MADE POSSIBLE.

Your home newspaper heralded to the world your birth. It told of your entry into school. Mentioned your birthday party when you were sweet sixteen. Applauded your graduation from the high school, started you to college, and when you returned mentioned the first job you secured. Told of your marriage to the sweetest girl in town and also mentioned the advent (or event) of your first born. Told of the visits of pa and ma, sympathized with you in your sorrow, laughed with you in your joy, and when you die it will do its best to get you through the pearly gates, at only \$1 a year.

—Warrenson (N. Y.) Banner.

SINGLE-BLESSEDNESS.

Single-blessedness has a champion in Daniel Turner, a veteran of the civil war, who recently celebrated his one hundred and seventh birthday at Santa Monica, Calif. Mr. Turner thanks his judgment in remaining single for his long life and apparent good health. He says "My life was never blighted by worry or sickness because I never married. Married men die younger than bachelors. Sometimes death is a welcome relief to the man who gets a modern wife."

All of which goes to prove that married men do not really live longer than single men—it merely seems that way to them.

Brady's water is guaranteed as pure as any in the state—and there's lots of it.

Talk good roads to your neighbors; you'll need them when time comes to market the crop.

Boost and we'll boost with you; the knocker is the man to be run over by the steam roller.

Apparently the Menard editor makes a living by his wits. Here's hoping he never reaches his wits' end.

ANNOUNCEMENT.

To the Farmers of McCulloch County.

As announced in The Standard and Sentinel last week, and as elsewhere announced in this issue of The Standard, Col. Henry Exall of Dallas, president of the Texas Industrial Congress, will reach Brady Saturday morning, August 2nd, over the Frisco, and will address the farmers and business men at 11 o'clock at the court house on questions which vitally affect the agricultural and business interests of McCulloch county.

Col. Exall created the Texas Industrial Congress which gives \$10,000 in gold every year to farmers as prizes, and he serves as president without salary and gives much time and money to the work of bettering farm life conditions in Texas.

Col. Exall is probably doing more for the farmers and business men of Texas—their interests are identical—than any other man in Texas. It is a rare privilege to hear him and I sincerely trust that every farmer in our county who can possibly come will be at Brady Saturday. We hope to have another talk by Col. Exall in the evening.

The state department of agriculture is endeavoring to organize Farmers Institutes in every community in the county. Mr. Neill spent a week in the North part of the county last spring, and beginning with August 4th, Mr. R. H. Taylor will spend the week in finishing the work. These institutes will provide opportunity for discussion of all farm problems, such as better methods of production and marketing, with a view to the betterment of farm life conditions. All business men should be deeply interested in this work and lend it their hearty support because on the farmers' prosperity depends the prosperity of all.

Again, let me urge all our farmers and business men to turn out and hear Col. Exall. Respectfully,
JEFF F. MONTGOMERY,
Temporary President McCulloch County Farmers Institute.

MASON MAVERICKS.

From the News.

Joe Lyle was over from Brady to spend Sunday.

J. M. Stewart and son, Gordon, were here from Brady to spend a few days last week.

Capt. I. E. Anderson of Kamey was here Monday and report a rain very much needed in his section.

John Ramey was here from Brady Sunday to take a peep at the great crops of maize, cane, corn, cotton and those delicious melons, not mentioning some other attractive features.

The Fort Worth Record exclaims "The skies are bright for Texas." Yes, sometimes too bright. We would like occasionally to see some nice, fat, juicy, water-soaked clouds.

Silas Mayo returned Wednesday from a stay of a couple of weeks in Austin, going on to his home at Brady, accompanied by his mother and Miss Carrie Berry, who have been visiting here.

Cards are out for the wedding of Miss Norma Mogford and Mr. Troy Sparks, to take place August 6th at the home of the bride's parents, Mr. and Mrs. Wm. Mogford, near London. They will be at home at Eden after August 10th.

Miss Nell Traweck of Mason was married on the 12th at Beaumont, taking her friends here and at Port Arthur, where she was visiting, quite by surprise. The Port Arthur paper tells the following of the reception: "So long; I am going to dinner a little early," said W. F. Gerken to his employers, Crowell & Gifford, last Saturday. Bland and suave, he did not permit one single word, look or action to indicate that anything unusual was in contemplation. Gerken didn't return from dinner until today. In the meantime he had slipped away to Beaumont and married. Gerken remained away until he thought his friends had forgotten about the dinner he had missed by his sudden departure. He was the worst surprised man in Port Arthur tonight when a deputation waited upon him and his bride, compelled them to enter a little go-cart, which was hitched to a dray filled with a bunch of yelling, shouting fiends and forced to ride up and down Proctor street for an hour. Horns, tin pans and a score of lusty throats attracted hundreds of additional pedestrians to the main street to see he fun. Seeing the futility of resistance, Gerken and his bride took the matter good naturedly and finally they were permitted to enjoy together the lost meal which the husband's hasty departure cost him last Saturday."

There is more than a section of the country that has not been touched by the influenza virus, and until the last few years was supposed to be immune. For a great many years doctors prescribed a lung disease and prescribed for it remedies, and by constantly failing to cure with their treatment, pronounced it incurable. Science has proved it to be a constitutional disease, and therefore requires constitutional treatment. Hill's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, it does not irritate the system, it acts directly on the blood and purges the system. They offer one hundred dollars for any case it fails to cure, send for circulars and testimonials.

EDEN ECHOES

From Eden Echo:

Miss Gertrude Sanders of Brady is here on an extended visit to her grandparents, Mr. and Mrs. M. Kelly.

Mrs. Fuller of Brady visited relatives here last week, and left Monday for Salt Gap to visit there a few days before returning to her home.

Monday Bevans and Jenkins were enroute from Menard with 1200 head of cattle, which they intended to pasture in the Mollow pasture, but they were sold on the road and returned to Menard for shipment.

Edd Farrar brought to our office Tuesday a cucumber measuring 43 inches in length. He grew one other that measured

**THE BEST HOT WEATHER TONIC,
GROVE'S TASTELESS CHILL TONIC**

The Old Standard, General Tonic. Drives out Malaria, Enriches the Blood and Builds up the Whole System.

FOR GROWN PEOPLE AND CHILDREN.

It is a combination of QUININE and IRON in a tasteless form that wonderfully strengthens and fortifies the system to withstand the depressing effect of the hot summer. GROVE'S TASTELESS CHILL TONIC has no equal for Malaria, Chills and Fever, Weakness, general debility and loss of appetite. Gives life and vigor to Nursing Mothers and Pale, Sickly Children. Removes Bileousness without purging. Relieves nervous depression and low spirits. Arouses the liver to action and purifies the blood. A True Tonic and Sure Appetizer. A Complete Strengthening. Guaranteed by your Druggist. We mean it. 50 cents.

48 inches, but kept it for the purpose of saving the seed. This cucumber is known as the "snake" variety and is just as good as any other kind for pickling purposes, but should be picked when young and tender. Besides standing the drouth better than the ordinary variety, and turning out a much larger production.

J. F. Lloyd is one of our most prosperous farmers and one who is optimistic. He says there is no need of one falling all to pieces and going into suds every time it doesn't rain when he thinks it should. He asserts that the reason the average farmer doesn't make in dry years is largely due to the fact that they are believers in the time-worn

proverb, "if it rains the crops will make, and if it doesn't rain, it won't make." This has been the bane of many farmers who practiced it. Mr. Lloyd is a believer in the intensive farming method as a whole from the preparation to the harvest, and says the dryer it gets the faster run your plows. He is well fixed on the feed proposition this year. He has twenty acres of good maize and 850 bales of oats that he is marketing at 50c per bale. He also claims that he has raised more feed this year than has been grown on his farm in the past four years.

For Weakness and Loss of Appetite
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

CALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

J. F. Davis was over from the quiet little station north of Nine this week.

A Fort Worth minister says it is hard to go to hell. It is certainly hard luck.

J. R. Stone was over from the section house on Brady draw the last of the week.

It is not very hot in Menard these days, but neither is it cold enough for the frost to get the carton.

Cheryl Adams, author of "Forty Years a Fool"—the story of his life—was here from Sonora last week.

Otto Vander Stuck brought in a 64-pound fish this week. Next time he is going to get some large hooks and fish for big ones.

The days are so delightful in Menard that the song of the alarm clock at 5 a. m. doesn't bring more than a half dozen swear words to the surface.

In getting recruits for his show, Charley Adams has found what he believes to be the best man in the world. He has the itch and is too lazy to scratch himself.

We wonder if editors who write an abundance of good stuff during this season have more sense than we have and can therefore do the work with less effort, if they have less sense and therefore try harder.

State Press endorses everything that a woman wears, but before she can claim full credit as a defender she must go a step further. The greatest fault of the farmers is finding with women's dress is in what she doesn't wear.

The Fort Worth Record says: "When Woodrow Wilson has anything to say he just sits down and says it." The habit has its disadvantages, since one might want to say something at a place where there was nothing suitable to sit on.

Sherman McMullen, the 11-year-old child of Mr. and Mrs. J. H. McMullen, died in Fort Worth Friday, July 18th, and was laid to rest in Menard cemetery Saturday evening. Rev. J. S. Wall of the Methodist church conducting the services.

Mr. Clark, who does Schwenker's work while the latter sparks old maids, was over from Brady Saturday. Schwenker allows his force to come to Menard on Sundays and election days, but when he comes himself you can bet they're open.

The men and the real slender women of the country could unite and drive the split skirt back to Paris, but when the lines of battle were drawn up the wicked men would desert their allies and follow State Press over to the splitters by the thousands.

A New York paper quotes a divine as saying there will be no baseball in heaven. It would be well for some minister to write a book stating all the things that will not be in heaven. If there is to be nothing but harps we want to begin taking music lessons.

An Illinois paper wants to know who wears cotton stockings, and Judd Lewis of the Houston Post refuses to answer, by advice of counsel, but it is evident that he knows, because he has located a lady who wears a skirt so tight that he found a lump made by a mosquito bite.

Mr. Wilson of Alpine, who is conducting the meeting at the Methodist church, was in the newspaper business in Menard with Mr. Bourland twenty-three years ago, and after a short time in a printing office he acquired the necessary qualifications of a minister. He is acquainted

with the editor of the Del Rio Herald, but aside from that he appears to be a very excellent gentleman.

State Press says it is wrong to steal watermelons now, but that it was not wrong when he was a boy, because the melons had no commercial value then. We do not approve of stealing melons—not at all, but we protest against State Press claiming that the melons had no commercial value when he was a boy in order that he may send nothing but his regrets to the conscience fund.

Hep Blackman, musical director of the Fort Worth Sunday Dough-Nut, contends that inasmuch as he gave us the title of "Colonel" it is his right to take it from us. We suppose if he should give a young lady a penny's worth of gum drops and she should afterwards turn him down and go to the movies with some such handsome, toilet water, talcum powder affair as State Press, Hep would shoulder his blunderbuss and threaten to shoot her liver out if she didn't return the gum draps, as he calls them.

When Judd Lewis of the Post eats a watermelon he, so he says, "dons his bathing suit and gets into the bath tub with it." We had an idea that when Judd gets into a bath tub there isn't much room left in the tub for water, much less for a watermelon. Anyway it is a bad habit, because he might be invited out to eat watermelon with some of his four million Texas friends and it would not be polite, according to our notion, to take a bathing suit along and insist upon the host or the hostess, as the case might be, furnishing him a bath tub to eat the melon in. We presume that he has a green bathing suit for this purpose, and as he dives about in the tub it is sometimes difficult to tell which is the melon and which is Judd.

Two Cars Fords.
Two car loads of Fords were received in Brady on Friday of last week, the first being consigned to Wm. Connolly & Co., the local dealers, while the second was received by Wes Smith of Mason.

This last shipment makes three car loads of Fords received in the past thirty days, and well testifies the popularity of the car, as well as the faith of the local agents in the same. In the shipment were three runabouts and five touring cars.

Mr. Smith had all his cars erected, and with the assistance of a number of drivers escorted the eight cars to Mason.

Uriah Jones, Hezekiah Brown and John Peter Smith all say that Hunt's Lightning Oil stops neuralgia, rheumatism and other pains. Just try a 50c or 25c bottle from your druggist.

LIVE LOCAL LINEUPS IN RUSTLING ROGHELLE

From the Record.

Jim Robbins and A. D. Gentry went to Brady Wednesday.

I. D. Adams is in Brady this week assisting in the tax collector's office.

Miss Mary Connolly, who has been visiting at the Byrd home, the past week, is speeding this week in Brady visiting relatives.

We are pleased to be able to state that Jack Crew is able to be up and around since his little mishap last week, caused by a runaway, resulting in his being rather painfully bruised.

G. W. Anderson, one of our most progressive farmers, dropped into our office yesterday and informed us that the maize demonstration field on his farm, superintended by Mr. Griffin, the McCulloch county farm demonstrator, has been harvested and threshed and the yield approximated 64 bushels to the acre, being an average of two test patches, yielding respectively 54 and 76 bushels to the acre.

A Record reporter was informed that Dr. Head and family had a slight mishap, resulting in Mrs. Head sustaining a fracture of three ribs and otherwise slightly injured. The report does not contain any account of the other occupants of the automobile, Dr. Head or the children, but it is hoped that nothing further of a serious nature occurred and that the injured will soon be all right. The accident occurred at Arp last Thursday a week ago.

Just as we go to press the sad intelligence is received here of the death of an old pioneer citizen of this county, F. M. Carroll, at his home in San Angelo, where he has lived for the past ten years. Mr. Carroll was one of the first to locate where the town of Brady now is, living there with his family up till about ten years ago when they went to San Angelo. During his long residence in McCulloch county he several terms held the office of county surveyor. His death occurred last Sunday and the remains of a good man was laid to rest in the San Angelo cemetery beside that of wife, daughter and granddaughter.

Attention, Confederate Veterans
The annual reunion of the Mountain Remnant Brigade will be held at Llano, Llano county, on Wednesday, Thursday and Friday, August 6th, 7th and 8th, 1913.

Rations of bread, beef and coffee will be furnished the old soldiers, their wives and unmarried children, so come out and make this the banner reunion of the brigade.

Done by order of the general commanding.

Brigadier General Com'd'g.
F. C. STRIEGLER,
Adjutant General.

WISHED SHE COULD DIE

And Be Free From Her Troubles, but Finds Better Way.

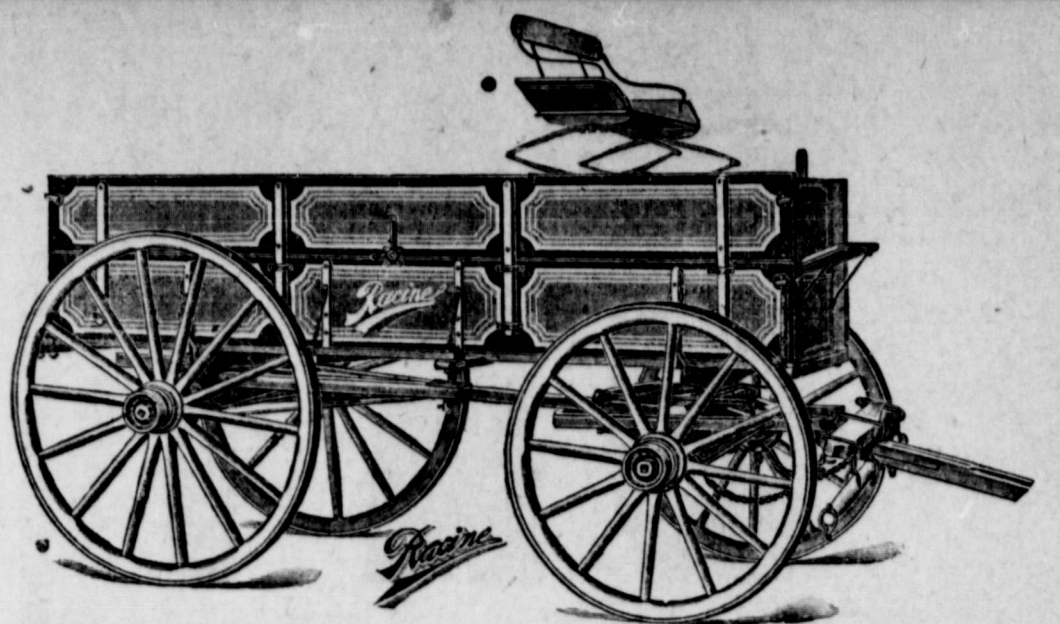

Columbia, Tenn.—"Many a time," says Mrs. Jessie Sharp, of this place, "I wished I would die and be relieved of my suffering from womanly troubles. I could not get up, without pulling at something to help me, and stayed in bed most of the time. I could not do my housework.

The least amount of work tired me out. My head would swim, and I would tremble for an hour or more. Finally, I took Cardui, the woman's tonic, and I am not bothered with pains any more, and I don't have to go to bed. In fact, I am sound and well of all my troubles."

Cardui goes to all the weak spots and helps to make them strong. It acts with nature—not against her. It is for the tired, nervous, irritable women, who feel as if everything were wrong, and need something to quiet their nerves and strengthen the worn-out system.

If you are a woman, suffering from any of the numerous symptoms of womanly trouble, take Cardui. It will help you. At all druggists.

SAN SABA SAYINGS

From the Star.

M. Gensberg and son, Herman, of Brady are here visiting the family of D. Bodziner.

Dave McNeill brought three tomatoes to the Star office this week that weighed three pounds. He irrigates his garden from a tank and has fresh vegetables all the time.

Mr. Robert D. Stockton and Miss Willie Meador were married at the residence of the bride's parents, Mr. and Mrs. E. R. Meador, of this city last Tuesday evening, Rev. H. E. Draper performing the ceremony. Mr. Stockton is a prominent druggist of his town and is held in high esteem by his business associates. The bride has lived here all her life and is one of our most lovely young ladies.

A wagon load of cedar burning was a novel sight witnessed near the depot Monday evening. Web Massingill, who has been hauling cedar for some time, came in from the brakes about the middle of the evening, and when near the depot discovered the cedar on fire. He endeavored to drive his team to the railroad tank where he could get water, but his burros would not travel as fast as the fire, and the wagon and the load of cedar were consumed by the flames. The team and wagon belonged to S. H. Massingill, and the loss of the wagon is a serious matter for him.

From the News.

Tom Meador and wife visited at Brady Sunday.

Jim Maultsby brought in the largest blue cat fish Saturday morning that has come in this year. He and his brother, Charlie caught him in the Colorado river Friday night. When dressed the fish tipped the balances at 40 1-4 pounds.

Something out of the ordinary was discovered by W. C. Edwards Saturday morning. He opened a fresh crate of bananas and out crawled a real Mountain Boomer, a very peculiar lizard. Dick Sullivan had the lizard on exhibition at his store Saturday and if it can be kept alive will have it on exhibition at the fair.

A petition is being circulated by some of the ladies in town pledging all the ladies to do their ordering for Sunday's meat and ice on Saturday. This will mean the shutting down of the meat markets and that the ice boys will not have to do the biggest day's work of the week on Sunday.

COMPLETE ORGANIZATION.

Farmers Institute Meetings Next Week.

R. H. Taylor of the state department of agriculture will be in McCulloch county for the week beginning August 4th for the purpose of completing the work of organizing farmers institutes begun in the spring by J. W. Neill. Mr. Taylor is represented as an all-round, practical agriculturist who speaks not from what he has learned from books, but from practical experience and knowledge of conditions. He will likely have something of interest to say on soil preparation, seed selection, cultivation, harvesting, marketing, silos, etc. Ladies and children are especially invited, for Mr. Taylor has a good lecture on chicken diseases.

As Mr. Taylor's time is limited, it is best for those living in the southeastern part of the county to attend the meeting at Voca.

Speaking dates are arranged as follows:
Nine, Monday, August 4, 8:30 p. m.
Tucker, Tuesday, August 5, 8:30 p. m.
Camps, Wednesday, August 6, 8:30 p. m.
Voca, Thursday, August 7th, 8:30 p. m.

Cures Old Sores, Other Remedies Won't Cure

DON'T BE CONSTIPATED

Everyone knows when he is constipated, and everyone should know the risk he is running when he fails to promptly correct it.

PRICKLY ASH BITTERS

Is a Bowel Tonic and Regulator.

It empties the bowels just as thoroughly as the harsh, gripping cathartics and does it mildly, comfortably, pleasantly. Moreover, it leaves a beneficial influence behind it because the bowels remain healthy and regular thus there is no return to constipated conditions.
