SAN SABA DRY.

River Stops Running for First Time in History.

The San Saba river stopped running last week at several places near town. At the Beaver Ridge bridge one may walk across the river dry shod. The News reporter has asked several of the old timers and this seems to be the first time in the history of the country, at least since its settlement by the Americans. Middle aged men who have been born and raised here say they never saw the river stop running before. The cause of this shortage of water is the operation of the numerous irrigation plants along the river. There is absolutely no indication that the river will not furnish an abundance of water, but the mere fact of the flow stopping is so out of the uniform history of the old river that it is causing much talk. While the flow has stopped, yet the old river is doing the best service to man this summer ever in all its useful history. The green and growing

crops along its banks amply testify to this.—San Saba News.

Did you know that J. M. Page is still in the 2nd busi-

ness? Frank B. Kiser of Camp San Saba is the latest convert to the Ford automobile way of getting about, and will hereafter use that method in preference to all others. Mr. Kiser closed the deal for his car last Saturday, Marion Rice making the sale.

Samson windmills and any size pipe and fittings. O. D. Mann & Sons.

ANYTHING FOR A CHANGE.

The Wonder Store has moved from the old stand into the Ballou building next door to Benham's. The low prices increased the business so rapidly that it was necessary to secure a larger building. The stock will also be increased considerably. Everybody is cordially invited to come and get our prices; you will save money by doing so.

THE WONDER STORE,
G. A. Grueger, Prop.

FARMERS DAY IN BRADY

MANY FARMERS IN ATTENDANCE SATURDAY.

Col. Exall Delivers Finest Address Upon Improved Cultural Methods Ever Heard.

In an address that was bristling with interesting facts and figures, with a sprinkling of wit and humor, Col. Henry Exall, president of the Texas Industrial Congress, and evangel of better cultural methods for the farmers of the Lone Star state, presented some ideas as put forth by the organization which he represents leading to the realization of its aims—"For a Better Texas." The district court room was comfortably filled with farmers, business men, boys of the corn clubs and a number of ladies were also present.

Judge Joe A. Adkins was introduced by Prof. W. L. Hughes, who in turn, in his characteristic way, introduced Col. Exall as the one man in Texas who was doing more for the farmers than any other man in the state inasmuch as he devotes practically all of his time to this work without one cent remuneration, and in addition digs deep into his own private funds for the furtherance of the work.

Col. Exall is a very entertaining speaker, has a world of statistics on his tongue's end, has a subject he thoroughly understands not only theoretically, but practically as well, and presents it in a manner both entertaining and instructive. He began with the first year's work of the Congress in 1911 when they offered \$10,000 gold in prizes to the farmers of Texas for the best results obtained under their instructions. In that year 1746 contestants from 161 counties of the state enrolled. The average yield of the state for that year was 9.6 bushels of corn; 1-3 of a bale of cotton and 18 bushels of maize. The average production of the contestants for the year was 31.1-2 bushels of corn, 6-10 of a bale of cotton and 60 1-2 bushels of maize per acre.

All of the prize winners for this year were residents of seventeen counties of the state.

In 1912, the second year these prizes were offered, 4,030 contestants were entered from 205 counties, while the prize winners were distributed over fifty-five counties. For this year there are 11,001 farmers striving for the prizes offered by the congress.

Col. Exall stated that this section of the state was in the semi-arid region and that a conservation of the moisture was a matter which should receive the attention of the farmers, stating that there was enough rainfall here to produce good crops year in and year out. For this purpose he advocates deep breaking of the land, plowing in a circle around the hills instead of up and down in order to prevent washing and to hold the moisture.

Another matter impressed upon the farmers was seed selection. Mr. Exall declared that it was just as reasonable to try to produce fine stock by turning them out on the ranges and allow them to run wild and expect to produce thoroughbreds as it was to expect to grow fine crops from inferior seed. He outlined a plan for testing of seed before planting and urged that the

farmers give more attention to this feature.

The planting of cowpeas and other leguminous crops was also stressed by the speaker. He stated that by planting these peas and then turning them under each year, would give back to the soil those properties so essential to plant life which had been taken out by the growing crops. The cowpea possesses a large percentage of nitrogen, which is just as essential to plant life as is oxygen to human life and that we cannot expect to take out all this nitrogen from the earth year by year and produce good crops without returning some of it.

"As a class," Mr. Exall stated, "we are a bunch of land speculators instead of what we should be—home builders, and I will be glad when we become more like the people of the European countries in that when we buy land we buy it for a home and when we die it passes on to our children from generation to generation. I want to see the time when I can see a sign at the gate of every farm house in this great state of ours bearing the inscription: 'This is my home, and it is not for sale.'"

Col. Exall stated that it was not so much the high cost of living that concerned the farmer of today as it was making his land produce its fullest capacity. Everything the farmer raises today will purchase fifty per cent more than ten years ago, and here is where the trouble lies—in taking from the soil each year all the essentials for the growth of the crop and returning nothing to it—making the land poorer each year it is in cultivation.

The speaker told of a number of instances where the congress aided its contestants in their efforts to win one or more of prizes offered and that they always stood ready and willing to do all in their power to so help them.

While none of the other speakers upon the program were in attendance, the address of Col. Exall proved of such interest that his hearers were loath to have him stop for dinner, and in the afternoon when he addressed the Boys' Corn club he was again accorded a good hearing.

At noon the members of the Boys' Corn club were guests of the Commercial club at a dinner prepared for them by the ladies of the Methodist church.

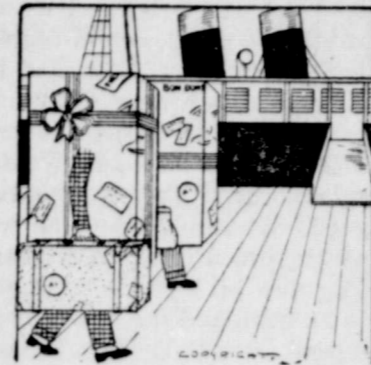

All in all, the day was very successful, and the program committee is deserving of great credit for having secured so splendid a speaker as Col. Exall for the occasion.

Mother Died Thursday.

Mrs. A. W. Keller has the sincere sympathy of all in the death of her mother, Mrs. Kathrina Kettner, which occurred Thursday night at about 7:30 o'clock, at the advanced age of 73 years. Mrs. Kettner has been suffering for the past six months with paralysis, and her life was despaired of all during this period. The funeral took place Friday, and the body was laid away in the Mason cemetery. During her long illness Mrs. Keller was with her the greater part of the time, tenderly nursing her and caring for her every want.

Those who attended the funeral from Brady were Mrs. Kettner's son-in-law, A. W. Keller, and her granddaughters, Mesdames S. J. Striegler, Karl Steffins and Clara Millerkin.

Raymond Snider Dead.

One of the saddest of recent deaths was that of Raymond Snider, who passed away at the home of his mother at 12:00 o'clock Monday noon, following an illness of but fifteen days with typhoid fever and weak heart complications. The funeral takes place this morning, services being conducted by Rev. Hardison at 10:00 o'clock at the family residence, while interment will be made in the Brady cemetery at 11:00 o'clock.

Raymond Snider was born and raised in McCulloch county, and up to two years ago had attended the Brady high school. He was a quiet, manly boy, and was held in highest esteem by all who knew him. Since his father's death two years ago, he had been associated with O. S. Macy in the grain business, looking after the interest his father had in the firm of Macy & Co.

Besides his mother, Mrs. J. A. Snider, three sisters, Misses Mary, Ruhama and Cora, and three brothers, Clarence, Alvin and James, survive.

G. W. Anderson was up from Rochelle Saturday to attend the addresses of Col. Exall and others, and to do some trading while here. Mr. Anderson is the man who made such remarkable records upon his demonstration patches, making 84 bushels of maize to the acre upon his Farmers Congress patch; 54 bushels to the acre on his 3-foot rows, and 74 bushels to the acre on his 6-foot rows, with an average of 64 bushels to the acre upon his farm demonstration patches. Mr. Anderson is a firm believer in demonstration work, and his success this year has proven the soundness of his judgment.

MELVIN PICNIC.

Woodmen's Annual Event Declared Big Success.

Quite a delegation of Brady folks attended the big Woodmen celebration at Melvin last Friday, and report one of the biggest successes in picnics for years. Not only was there a splendid program of addresses and entertainment, but all manner of amusements and other attractions as well. The Eder band, arrayed in natty new uniforms, furnished music throughout the day. In their dinner the Melvin folks are reported to have excelled all previous endeavors, there being an abundance and variety not to be surpassed anywhere, and when all the visitors and home folks had eaten to their heart's content, there was an abundance left.

The Melvin citizens, and particularly the Melvin Woodmen are deserving of unstinted praise for their successful efforts at entertaining the people of McCulloch and Concho counties.

Institute Dates Postponed.

Owing to circumstances which have arisen, Mr. R. H. Taylor of the state department of agriculture will not fill his McCulloch county dates as published last week. Mr. Taylor, or another representative of the department, will complete the organization of the farmers' institutes in this county some time during the early fall.

MACK'S PLACE East Side Square.

Short Orders of All Kinds, Ice Cream, Candy, Fruits and Cigars. Cold Drinks.

To The Voters Of Brady:

Do you know what a billiard hall means to your town?
It means good money to your city, county and state in the form of taxes paid.
It pays big water and light bills which help to pay the indebtedness of the city.
If you should vote the billiard halls out of Brady, you would not really hurt the billiard hall men so much as you would hurt the property owners from whom they rent.

Think the matter over before you go to the polls to vote, and vote for them to STAY.

TRADES DAY.

Basing our predictions upon the opinions voiced by the merchants of Brady, The Standard states authoritatively that the next trades day will be the biggest event in the history of Brady. The merchants are alive with interest, and are practically unanimous in pushing for a trades day that will mean something to the citizens of McCulloch county in the way of bargains never heard of before, and that will bring business to Brady from a hundred miles around. Don't lose sight of the fact that Brady is going to have a trades day "what am," and watch The Standard for dates and future announcements.

SO SAY WE.

In Brownwood the usual custom when the first bale of new cotton makes its appearance on the streets is for some committee, acting under protest, to make the rounds of the business houses and collect as large a premium as possible. It is a method far from satisfactory. In Lampasas the merchants have already raised a premium of some forty or fifty dollars and are advertising through the papers that this amount will be given to the farmer of that county who markets the first bale in Lampasas this year. We like the Lampasas idea.—Brownwood Bulletin.

TRUE, ISN'T IT?

The true gentleman is the man who is clean inside and out; who neither looks up to the rich nor down on the poor; who can lose without squealing and win without bragging; who is kind, gentle and considerate to women, children and old folks; who is too brave to lie, too honest to steal, too generous to cheat, and who takes his share of the world and lets the other people have theirs.—Ex.

First Monday.

First Monday Trades Day.

Watch for the announcements—Brady's Biggest Trades Day.

Bigger Bargains—Better Bargains—First Monday Trades Day.

A fashionable French lady declares that the sash bathing suit will cover a long-felt want. That is better! The wicked paragraphers had us believing it wouldn't cover anything.—Del Rio Herald.

GOOD RAINS IN COUNTY.

Many Sections Visited Friday and Saturday.

Citizens of McCulloch county, as a whole, are in good spirits over the fine rains which visited a majority of the communities in and about the county. In some sections three rains were enjoyed, the first on Thursday, the second on Friday and the third on Saturday.

Good rains were reported last Friday at Lohn, Rochelle, Richmond Springs, San Saba, Brownwood and Hext, while Menard had a fair rain. Eden had but a sprinkle and Stacy and Mason had none, while in some communities in the Fife and Waldrip neighborhoods the rain was very good. At Brady .15 of an inch was recorded in the rain gauge. The rain at Rochelle amounted to an inch, and the rain belt extended from Onion Gap through to Mercury.

Saturday Brady had a fine rain which started falling at 6 o'clock in the evening, and which for a time fell quite hard. An inch was the record of the rain gauge. While the rain extended but a short distance to the west of Brady, all that section lying northwest, north, northeast, east and south of Brady received fine rains. Lohn probably had the best rains, while Waldrip, Fife and Pear Valley also came in for a liberal share. Along the Frisco, Rochelle, Mercury, Brownwood, as well as intermediate points, had good rains. Menard and Pontotoc also had good rains, and Nine and Tucker had good rains. Katemcy and Camp San Saba and some sections in the Voca country were favored, while others received but light showers. At Stacy the rain was light, also at Fredonia; Millersview, Eden and Mason report no rain.

East Sweden received a fine precipitation, and West Sweden is said to have received her share Saturday night.

With the cool, damp nights following the rains, all crops, and especially cotton, will undoubtedly be greatly benefitted, and a fairly good crop of cotton is practically assured.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for particulars on your case and 64-page booklet, "Home Treatment for Women," in plain wrapper, No. 124.

THE SMALL TOWN MERCHANT SHOULD ADVERTISE

(By Holt Harris, Chairman Mercantile Committee, C. S. Association.)

No store is so small or town so insignificant that it does not pay the merchant to advertise. He should send a weekly message into the homes of the people of his trade territory. They are all interested in bargains and consistent and conscientious advertising cannot fail to pay for itself over and over again during the year.

The country merchant of times takes it for granted that the people know his line of goods and will come to the old stand to make their purchases, but the wise merchant knows that business follows an ad. The merchant who does not advertise cannot do business in competition with one who advertises.

No business is so small that a merchant cannot afford to take a half page or page ad the year around. Try it and watch your business grow.

Best in McCulloch County

"DOLLAR DAY" SUCCESS

BUSINESS GOOD WITH THE BRADY MERCHANTS.

Good Crowds Here for Occasion, and Business is Brisk in Many Different Lines.

There was a good crowd in Brady last Saturday, the occasion having been officially designated as "Dollar Day," and business among the merchants was fully up to expectations. Many citizens of McCulloch county took advantage of the excep-

tional bargains offered, and the citizens and business men alike were pleased.

A canvass among the business men of Brady finds them almost without exception in favor of the establishment of a regular trades day, Saturday's business having convinced them of the necessity and advisability of a regular trades day, and it is certain that the next occasion of this sort will mark a red letter day in Brady that will be an epoch in the annals of the city for years to come.

The following are the opinions of the merchants themselves regarding the success of "Dollar Day" and the establishment of a regular trades day:

"We believe in 'Dollar Day' and believe, too, that Brady should have a trades day or First Monday. It's good for the farmers and it's good for us."—R. K. Hallum & Co.

"That trades day business that you folks worked up was all right. There were more folks in my store and there was a better crowd in town than there has been in a long time."—J. F. Schaefer.

"The Dollar Day idea is a good one, and we ought to have a Dollar Day or a trades day at least once every month. It would mean business to us all."—W. B. McKenzie, of Wm. Connolly & Co.

"Saturday, August 2nd, as Dollar Day, was a success with us, and we think bargain day once a month a big thing to both the merchants and the people."—Max Scharff, of Scharff & Nussbaum.

"I had a very good 'Dollar Day' business, and quite a number of calls for the dollar bargains offered. A regular trades day would be the right thing to have."—A. A. Lange, proprietor Star Cash Store.

"A regular trades day would serve to bring lots of folks to town, and I am certainly in favor of it. I believe every merchant in Brady should encourage the plan."—R. E. Luhn of R. E. Luhn & Co.

"I took in more money Saturday than I did all the balance of the week put together. Sure, we want a regular trades day every month. It's a good thing and will bring the folks to town."—S. A. Benham.

"Dollar Day was the best day we have had this year, and we did a splendid business. I am heartily in favor of a regular monthly trades day, and believe it would be certain to make business pick up in all lines. Count us in on the next trades day."—S. J. Striegler, manager Popular Dry Goods Co.

"I believe that the Dollar Day or trades day should be kept up, and that it will prove a great business-getter for Brady. As soon as the people of McCulloch county realize what splendid bargains are offered them on trades day, it will result in big business for us all. I heartily endorse the plan."—Howard Broad, of Broad Mercantile Co.

"Dollar Day last Saturday was a success for two reasons: It brought the merchants trade, and it gave the people bargains. A permanent trades day will be a good thing just so long as our merchants take an interest in it and make the people bargains that will attract them to Brady."—J. F. Montgomery, Cashier Brady National Bank.

"There is not a question of doubt but what a regular trades day would be of benefit to the merchants and citizens alike. That such a plan is endorsed by us is evidenced by the fact that we established a Monday trades day about two months ago. With the co-operation of every merchant in Brady, the day could be made a permanent success."—Roe Stearns, for O. D. Mann & Sons.

Good Show.

The "Calliope Trio" at the Lyric sang and yodeled themselves into popular favor with their initial song last night, and they were repeatedly encored. Not only does the trio possess splendid voices, but their songs are new and catchy, and their jokes have a refreshing originality. The boys give a splen-

did imitation of a calliope, and their songs are accompanied by antics and mimicking of one of their members that is sure to smooth the most careworn wrinkles away and array you in a face wreathed with smiles.

You'll be certain to forget your troubles and agree with us that the show is a good one if you attend either tonight or tomorrow night—or both.

THE BEST HOT WEATHER TONIC, GROVE'S TASTELESS CHILL TONIC

The Old Standard, General Tonic. Drives out Malaria, Enriches the Blood and Builds up the Whole System.

H. M. Brannum came in Saturday for a visit of a day or two with Mrs. Brannum and daughter, who are the guests of her parents, Mr. and Mrs. W. D. Crothers.

George Darley was here from Voca yesterday and reported a four foot rise in the San Saba, the red water indicating a big rain either at Katemcy or the Calf Creek community.

G. W. Schoolcraft came in from Wylie last Friday, and will have charge of the Model market the next couple of weeks while Mr. Irwin is away on his visit.

Mr. and Mrs. Laurence Calliham left Saturday for Millersview where they will join Mrs. Calliham's folks on a fishing excursion to the Concho river, to be gone a week or longer.

Mr. and Mrs. D. Doole and children returned last Thursday from a visit of a couple of weeks with relatives at Austin, having had a very pleasant trip in their auto, as well as stay in Austin.

R. C. Doell was here from Mason yesterday bringing up a bunch of horses to trade, and while here took occasion to renew his subscription to the best paper in the world in McCulloch county.

Mr. and Mrs. L. E. Laurence left Saturday night for San Angelo where they will visit Mrs.

Laurence's parents while Mr. Laurence enjoys a vacation of fifteen days from duties as assistant postmaster.

Mr. and Mrs. A. W. Keller and daughters, Mesdames S. J. Striegler, Karl Steffins and Clara Millerkin, returned Saturday from Mason, where they attended the funeral of Mrs. Keller's mother, Mrs. Kettner, Friday.

Mrs. H. K. McCully arrived Saturday from Peg Leg ranch near Hext to visit here a few days. Mr. McCully is expected to return from his purchasing trip through New Mexico in the next few days and will join her here.

Forest Adams left Saturday night upon an extended vacation trip, going from here to Ft. Worth, and from there he expects to go to Galveston, and possibly to Porto Rico. He expects to be gone two weeks or longer.

Mr. and Mrs. James Key, son, Harry, and daughter, Miss Kate, of Lampasas made a brief visit here yesterday with Mr. and Mrs. E. S. Noble while enroute on an extended pleasure auto trip through West Texas. They went from here to San Angelo.

J. H. White returned Sunday from the Pecos country where he visited Tom Baker while on a business trip to that section. Mr. White also spent some time at Alpine and on the Rio Grande. He reports that section having had fine rains and being in good shape.

Mrs. Conrad Byers, who has been the guest of her brother, W. D. Walker, at the ranch the past week or two, returned Saturday to her home at Columbus. Miss Trula Harbart and Joe Wicker, who accompanied her upon her visit here, will continue their stay for some ten days.

Mrs. Walter Gallemore arrived the early part of last week to join her husband in making their home here, Mr. Gallemore being the new manager of the Alfalfa Lumber Co. local yard. Mrs. Gallemore has been visiting her mother at Weimar since their removal from Dallas.

Mr. and Mrs. W. J. Moore report the time of their lives during their visit with their daughter, Mrs. Lillie F. Beasley, at Austwell, Texas, and were very favorably impressed with the coast country. Just the same, they were only too glad to be back in McCulloch county and greet their many friends again after their stay of several weeks.

Mr. and Mrs. E. J. Allen of Carbon, Texas, who have been the guests of his mother, Mrs. S. P. Allen, in the Voca community the past three weeks, returned to their home in Eastland county yesterday, making the long journey of about 170 miles in a wagon. Mrs. Allen and children, Truman and Miss Evie, accompanied them and will visit in Eastland county for some weeks.

E. W. Harris, accompanied by his daughter, Mrs. H. J. Berry, was here yesterday from Broadmoor. Mrs. Berry and little daughter have been spending the past month here from their home at Indianapolis, Ind., on a visit to Mr. and Mrs. Harris. They were accompanied by Miss Marjorie Jean Tarlton of St. Louis who is also visiting Mr. and Mrs. Harris, they being her grandparents.

Mrs. Lizzie Reagor returned last Friday to her home at Penelope after a visit of two weeks with her parents, Mr. and Mrs. O. A. McShan, and her brothers here and at Lohn, as well as with friends throughout the county. It will be pleasing news to all their former friends in the county that Mr. and Mrs. Reagor are well pleased with their new home at Penelope, and that he is doing splendidly there.

To the Voters of Brady in Behalf of My Business

I am running a billiard parlor. A majority of you have been knowing me for a number of years. I have been here in the fruit and confectionery business for two and one half years, and I stayed in this business until hard times hit me. I tried to pull through and I couldn't. I not only lost all I had, but I ran heavily in debt.

I moved to Brownwood, and as soon as I got on my feet I sent back every cent of indebtedness against me. Later I sold out in Brownwood and came to Brady putting all I had in the billiard hall business, and now some folks would force me to lose that.

I am running a strictly up-to-date business. There is no harm in billiards whatever. So when you go to the polls to vote, think kindly of me, and vote for me to stay with you.

Thanking you for past favors, I am,
Yours respectfully,
HARRY PHARES.

Base Ball Nine.

Quite a novelty in the "Plaster Paris Baseball Nine" on exhibition in the show window of Anderson & Moffatt this week. The scene represents a grassy diamond upon which a nine is contesting for honors. There is the "batter up" and the pitcher, with one eye carefully trained on the "man on first," is "winding up" for the delivery of what the umpire will undoubtedly call "three strikes—yer out!" Every player is in position and the "rooters" occupy the side line. The advertisement is the product of the manufacturers of Stag tobacco.

To Prevent Blood Poisoning

apply at once the wonderful old reliable DR. PORTER'S ANTISEPTIC HEALING OIL, a surgical dressing that relieves pain and heals at the same time. Not a flimament. 25c. Spc. \$1.00.

Enlarging Store.

G. C. Kirk is this week having the partition in his store building removed, and will occupy the entire building for himself. He will place modern show windows in the front of the store which will permit of effective display of his tailoring samples and men's furnishing goods. A. H. Conner has the work of improvement in charge.

Judge N. G. Lyle believes The Standard is the best weather prophet "what am," and so far this year we have had him believing The Standard was the seventh son of a seventh son insofar as the accuracy of our predictions were concerned. Following the last rain, the judge was in such exuberant spirits that he came over and gave us a valuable consideration for which we are going to continue The Standard to the address of his daughter, Mrs. W. F. Ward, at Fentress, Texas.

Garden hose and sprinklers. O. D. Mann & Sons.

MARRIED AT SAN ANGELO.

Man Deserted Wife to Elope With Girl.

McCulloch county citizens will be interested in the following account of a marriage which took place in San Angelo following an elopement last December, and which was the subject of much comment at that time:

San Angelo, Texas, July 25.—In the presence of the bride's mother and members of the sheriff's force, Tom Bradshaw, who was arrested Wednesday evening on charges in connection with his elopement with May Williams, the 17-year-old girl of Brady, was married Thursday evening in the sheriff's office to Miss Williams, Justice J. A. Branch officiating.

Bradshaw was released from his cell in the county jail Thursday afternoon after he had paid a fine of fifty dollars and the costs in connection with the case against him. He and Miss Williams were then married and left immediately with the girl's mother for Brady, their old home.

Bradshaw was arrested Wednesday afternoon on information furnished to the sheriff by Mrs. Williams. He was alleged to have eloped with the girl last December, after deserting his wife and four children. A week after the desertion his wife died of a broken heart, removing the only obstacle to his marriage to Miss Williams.

Bradshaw did not know until after his arrest Wednesday that his first wife had died a week after he left her eight months ago.—San Angelo Standard.

Calomel Is Bad.

But Simmons' Liver Purifier is delightfully pleasant and its action is thorough. Constipation yields, biliousness goes. A trial convinces. In yellow tin boxes only. Tried once, used always.

Gee! How Hot!

Call No. 125

Mann Brothers Ice Co.

CALLAN CONCOCTIONS FOR MAGNIFICENT MENARD

From the Messenger.

J. F. Roeck was in Brady this week.

Dr. J. B. McKnight was over Sunday from the town behind.

A subscriber asks if Brady is a real place or just a horrible state of mind.

Mrs. Grandstaff came over Sunday from Brady where she has been visiting.

J. E. Shropshire, one of Brady's tallest and ablest lawyers, lawed here this week.

North Texas cattle shipped to Menard express themselves as delighted with our green grass.

W. F. Jenkins sold last week to East Texas men one car of horses at an average price of \$91.

Jim Matthews was up Saturday and gave us a lot of canteloupes—that is he sold them to Burrier for cash and we bought them from the latter on credit.

"Lost Sheep" was the subject of a sermon by a Houston minister. Our idea is that it is best for the church to stay out of politics—especially schedule K.

The Fort Worth people voted down a bond issue for a jail. They probably think that reading Hep Blackman's Sunday Sandwich is enough punishment for them.

There are some good things about Del Rio—there is practically no danger of being caught in a waterspout, and all diseases caused by over-eating are unknown in that place.

Recently we published a little item expressing our disapproval of the modern dances, but from paragraphs in our exchanges we learn that the dances have not been discontinued altogether.

Chas. Wynne and O. B. Preston were here the last of the week from the coal and water station between Menard and St. Louis—Fort Worth, we believe, is the name of the place.

Governor Colquitt has submitted to the legislature the "blue sky" law. We have too much blue sky in this country now. What we need is a good, cloudy sky and plenty of rain.

Joe A. Adkins was over from Brady this week with a lot of law. Times are so hard in Brady that those folks haven't been able to use much law in the past few years, but they may be able to file a few suits this fall.

The Waco Morning News calls Brady our "rival hamlet." We like to think of Brady as a hamlet, all right, but say, Waco Morning News, it occurs to us that you therein came dreadfully near intimating that this city is a hamlet also.

Some of the newspapers are now complaining because President Wilson is writing for the press of the country as a side line and adding to his pitiful salary. It seems that everybody is after money except Andy and John D.

Lillian Russell says that "great caution should be exercised in the selection of colors to be worn." This is true. Colored folks, for instance, should never wear black hose—it might lead a casual observer to believe they were none at all.

A headline says that the fly is more dangerous than the elephant. That is bad news for this immediate section, because we have decidedly more flies than elephants. Only a few of the latter are here, and about the only damage they do is to occasionally get on our hands.

Judd Lewis making himself dreadfully unpopular with the boys of the country. He advises their daddies to put them to work instead of giving them autos. All of Judd's boys are girls,

so he, of course, knows how to give good advice. Every man knows how to raise every boy except his own.

Avers the Del Rio Herald editor: "Some day the Menard people will discover that the San Saba river water is good to bathe in." Don't see why you think so. You lived here for fifteen years and the plan never suggested itself to you.

John Horn of the Alvin Advocate says we have a queer idea of what sin is, because we thought evil would exist in the world so long as there be watermelon patches. He must remember that we are of the old Puritan stock and had as soon be burned at the stake as to steal a kiss.

For fear the women of the country may be worrying about it, we hasten to say that we approve of everything they are wearing and leaving unworn. We think the ladies should be allowed to dress just as they please, and if one dresses too sparingly for our Puritanical notions, we just look the other way and go to humming some familiar hymn.

Dr. John E. Cooke, arctic explorer and editor of the Rockdale Reporter, says he is particularly impressed with our blank page, and Hep Blackman of the Fort Worth Sunday Cold Snack, and the editor of the Waco Morning News both insist that we abandon that feature. It is hard to please everybody, but we shall leave the matter to our subscribers: Those favoring either side of the question will please pause in their fly swatting and signify by paying us a dollar on subscription. That's fair enough, isn't it?

Aren't children the biggest nuisance in the world about a place—always bothering when you want to read or write or talk, and destroying more stuff than the average man can earn. How pleasant it would be without their meddling. They are not worth a cent, except—perhaps—that they make you strive to be better for their sake, and with their sweet innocence make the world brighter and better, and their arms about you dissolve the myriad clouds that overcast your life and raise you a little nearer to your God.

About fifty of Menard's enterprising business men went on the Junction road last week and spent a day in wholesome and profitable exercise, and as a result the road is in the finest shape of any in the county. This spirit is commendable and it will not take but a little of this kind of enthusiasm to make the roads of Menard county equal to any in the state. Quite a number of the ladies of the town went out on the road and dinner was served ten miles from town, adding some of the element of a holiday to the occasion, but all of the men did good work, and if it could be arranged to fine the bunch about every thirty days and make them work it out on the roads we would soon have highways that would be a great saving to those who make this their trading and marketing point, as well as to those who drive for pleasure.

The Mexican Situation.

The trouble in Mexico has developed one fact of importance in the U. S., and that is that both the Federalists and Constitutionalists are firm believers in Hunt's Lightning Oil, the great American remedy for neuralgia, rheumatism, cuts, burns and other aches and pains. No wonder, since it makes the pain go away almost at once. All druggists sell it in 25c and 50c bottles.

"Mr. and Mrs. Arnold Bloomdahl were here yesterday en route to their home at Melvin from a visit with relatives and friends at Austin. While in Austin Mr. Bloomdahl very obligingly collected a dollar on subscription from C. H. Sandberg, Manor, Texas.

LIVE LOCAL LINEUPS IN RUSTLING ROCHELLE

From the Record.

E. E. Willoughby was over from Brady Thursday looking after business interests.

Little Miss Ruby Heath visited her friend, Miss Mamie McCall, of Brady the first of the week.

Marion Rice came over Wednesday from Brady to deliver a 5-passenger Ford to the purchaser, B. F. Stone.

H. E. McBride, our road commissioner, was in town the first of the week. He is looking over the roads in this district.

Ray Willoughby came in this week from a six weeks' visit to his brother, Jim, near Eldorado. He reports good crops in the Eldorado country, and that a fine 3-inch rain fell Saturday night.

John Renfro came in Thursday from Paul's Valley, Okla., where he had gone to be at the bedside of his mother who was reported very low with abscess of the liver. He reported her as being much improved. When he arrived he received a message stating that his sister, Mrs. Effie Parker, had died this morning at 4 o'clock of an attack of appendicitis. She had been in poor health for some time. Mr. Renfro left on the train that night for Paul's Valley, where his sister also lived, to be present at the funeral. The deceased leaves a husband and four little girls to mourn the loss of a dear wife and loving mother. The ages of the children are respectively 9, 7, 5 and a baby 8 months old. We are informed that the remains will be shipped to Winchell on tomorrow morning's train, where interment will be made in the old family cemetery near that place.

Scratching for Fun.

We would have great sympathy for those who have to scratch continually, if there wasn't a remedy for the trouble, but as Hunt's Cure is guaranteed to cure or money refunded, it would seem that those who scratch do so just for the fun of it. It's a special remedy for itch, eczema, tetter, ringworm, etc.

Notice.

The time of our revival meeting is drawing near. It will begin on Sunday night, August 10th, and Rev. H. P. Wilsford will do the preaching, while Bro. W. A. Middleton of Paint Rock will do the song service. Bro. Middleton is one of the best evangelistic singers in the West—come and hear him.

The pastor is praying that everyone will come and join us in these services for the salvation of the lost. Everybody is urged to attend all these services.

E. M. DUNSWORTH, Pastor.

Get a Domo or De Laval separator. O. D. Mann & Sons.

So Many People Die of Blood Poison.

A little scratch on the hand, a splinter or small abrasion of the skin is often fatal because the poisonous germs start the infection. That's where Hunt's Lightning Oil comes in handy as an application on the abrasion kills all germs which may have lodged there, thereby preventing infection and death. It pays to keep this remedy in the home, especially where there are children. All drug stores in 25c and 50c bottles.

List of Mail.

List of unclaimed mail matter remaining in the postoffice at Brady, McCulloch county, Texas, for the week ending August 2, 1913:

Letter List.

1. Agrios, Doming.
2. Cruz, Francisco.
3. George, Miss Gladys.
4. Kirkpatrick, J. W.
5. Nawlin, Edgar.
6. Peres, Reyes.
7. Stewart, W. H.

When calling for any of the above listed letters or cards, please say that they are advertised and give the number of the piece claimed and the date shown at the top of this list.

D. DOOLE, JR.,
Postmaster.

HORSES WANTED!!

BRING US YOUR HORSES

And come and see me as I am anxious just at present to exchange anything in the vehicle line for horse property, or for oats. Am in the market for 100,000 bushels oats and will give 40c per bushel and make you a very reasonable price on vehicles.

C. W. L. SCHAEGER

SAN SABA SAYINGS

From the Star.

Mrs. Mitch Johnson and children have returned home from a pleasant visit with her father at Brady.

The death of Miss Lizzie Haltmar last Sunday night at 11:00 o'clock was a shock to her many friends and a blow to her immediate family, she having been ill but a few days. The remains were shipped to Cameron Monday and there laid to rest in the family burying plot.

The Dry Weather Store has received a consignment of gold and is now fortified against the wolf, if it does rain. T. A. Murray sent T. C. a sack of gold ore from Cripple Creek, Colo., the past week. It is not in the circulating medium class yet, but merely in the curio zoo.

From the News.

The contract for the erection of a two-story brick and stone building was let by the Masonic lodge, this week. This was the re-building of the house which was burned some time since. J. H. Rhodes is the contractor and the building will cost between \$5,000 and \$5,500. The lower story will be used for a business house and the second floor for lodge purposes.

T. C. Henry is busy organizing a street parade for the first day of the fair. In his preliminary canvass of the town every merchant except three said yes, it's the thing. It is proposed to have a big parade, headed by the band and this followed by decorated vehicles, including automobiles, footmen, etc., parade the streets and to the fair grounds. Lieutenant Governor Mayes will have a seat in the foremost carriage and the whole procession be in charge of the sheriff mounted and decorated. A big street parade is one of the most attractive and pleasant features of a fair and for years the street parade of this fair was the theme of universal favorable comment by the thousands of visitors.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by catarrh that cannot be cured by Hunt's Catarrh Cure, sent for free. Dr. F. J. CHENEY & CO., Toledo, O. Sold by Druggists. Take Hunt's Family Pills for constipation.

Phone 295 when you want coal. Macy & Co. Kitchen furniture. O. D. Mann & Sons.

MASON MAVERICKS.

From the News.

Scholastics of Mason county total 1291; a decrease from last year of 115.

June Coopender and wife spent several days here the past week visiting relatives.

Miss Margaret Bierschwale returned home Thursday from a visit of several days in Brady.

Dave Polk had his hand badly lacerated Tuesday while working with a row binder, losing one of his fingers.

J. W. White has erected the first silo for Mason county, it being of concrete. He has filled it with cane raised on his irrigated farm.

Recently the ranch house of Wes Smith caught fire from a defective flue, but the fire was extinguished without doing much damage.

Henry Eckert, wife and little son of Katemy went to Fredericksburg this week in their car and may go on to Kerrville and San Antonio.

Max Martin and Miss Ruth, Misses Esther Guggenheim, Ruby and Elva Payne went to Brady Thursday where Miss Guggenheim will visit, the Misses Payne going to Fife for a visit.

E. E. Blackburn, the stock buyer of Fredonia, bought a car of cows this week from H. J. Behrens, paying \$40 a head. He offered another party \$35 for a bunch of yearlings, but the offer was refused.

The little 5-year-old child of Mr. and Mrs. R. N. Sanders died Monday morning quite suddenly. It had not been well for some weeks, but was not thought to be seriously ill, and was talking

to its mother shortly before its death. The funeral took place at Blue Stretch.

Monday afternoon at shortly after 2 o'clock a shock was received by Mason friends in the news of the sad death of Miss Bessie Sheppard, which occurred at Junction, where the family had only recently moved temporarily. The young lady had only been sick about ten days of typhoid fever.

The News is informed that Rev. C. Ziehe, the popular pastor of the German Lutheran church of this place, underwent an operation for appendicitis while visiting in Illinois, and his many friends will be gratified to learn that he is recovering very nicely. He is expected home in about a month.

Cures Old Sores, Other Remedies Won't Cure
The worst cases, no matter how long standing, are cured by the wonderful, old reliable Dr. Foster's Antiseptic Healing Oil. It relieves Pain and Heals at the same time. 25c, 50c, \$1.00.

Friend Chas. H. Jones, The Standard's old standby and booster-in-general, brought us some samples of Indian corn, maize and kaffir corn that are worthy of a place among McCulloch county's premier agricultural exhibits, all three of the products being exceptionally fine. They were raised by John Bridges on Mrs. Bumgardner's farm four miles east of Brady. When it comes to raising good feed and grain, McCulloch county farmers are proving that expert farming and unsurpassed farm lands are a combination that cannot be beat.

Hardware, hardware. O. D. Mann & Sons.

Now is the time to think about that wagon. See us. O. D. Mann & Sons.
