#### Accident at Gin.

W. C. White had a narrow escape from serious injury last Friday at the Embry gin when a lever on the press struck him on the head cutting a gash about one and a half inches in length. The injury necessitating several

stitches to close. Mr. White is able to be about again, although still suffering from the effects of the blow, and it is hoped that he will make a speedy recovery.

#### NEW NINE SCHOOL.

##### E. B. Ramsay Awarded Contract for Building Yesterday.

Messrs. J. A. and Dave Harkrider and L. J. Abernathy were here from Nine yesterday and closed the contract with E. B. Ramsay for the immediate erection of the new Nine school building, for which bonds were voted by the Nine citizens last year. Mr. Ramsay's bid was the lowest of three offered, and he was given the contract at \$2350, the other two bids being something over \$3000. The contract calls for a thoroughly modern structure of two stories, the first story being divided into two rooms, while the second story will be devoted to an auditorium suitable for the school exercises and all other public occasions.

The construction will be rushed to an early completion and it is planned to have the building in readiness for the opening of the school term on November 1st. The old building will be torn down, and the lumber utilized in the building of the new.

Prof. Boyd Commander will have charge of the school, and the Nine citizens are anticipating the most successful school year in their history. The enterprising citizens of Nine are to be congratulated upon their enterprise and progressiveness and in the erection of their new school they will have built an institution that will be a model for the citizens of the future.

#### D. of C.

#### Fire at Cotton Yard.

While passing the public cotton yard Sunday morning Alfred Reissner and Paul Klatt discovered a bale of cotton on fire. They succeeded in smothering the fire, and called the attention of Public Weigher Tom Jordan to the smoldering bale. To extinguish a fire in a bale of cotton is one of the hardest tasks imaginable, two of the best methods being either to roll the bale into the creek and let it soak for several weeks or to break the bale open and tear the smoldering cotton out.

But for the timely arrival of Messrs. Reissner and Klatt on the scene, a serious fire might have resulted, inasmuch as the bale was right in the center of a hundred or more others.

You can't be better suited than when you get one of Kirk's Nuf Sed suits. See the new samples.

#### GOES TO DALLAS.

##### M. Bloomfield Secures Promotion with Texas Company.

M. Bloomfield is receiving the congratulations of his friends over his promotion from the position of local representative for the Texas Company to a position with the company in Dallas. He expects to leave about the middle of this week for his new headquarters. Jesse McAdams, district agent, has been here from Coleman the past several days, having checked Mr. Bloomfield out Saturday, while John Plummer was checked out as his successor.

Mr. Bloomfield has risen rapidly since his beginning service with the company some two or three years ago. He is a business booster and a hustler, and is deserving of the good things that have come his way.

In Mr. Plummer the Texas Company has secured a splendid successor to Mr. Bloomfield and there can be no doubt of his making good on the situation.

The compress will make the first run of the season today. C. H. McGowan has been over from Brownwood taking up 100 bales, and these will likely be the first to go to the press this season.

#### Banner Fishermen.

Rev. I. T. Morris and son, Chas., J. T. Mann and Henry Tipton returned Saturday from a fishing trip and bring back with them a story that would make old Isaac Walton ashamed of himself. Their version is to the effect that no less than 60 pounds of fish were caught.

The party left Wednesday going down on Brady creek, and very first night caught 40 pound. The following two night they secured an additional twenty pounds. Rev. Morris marked a new record, having landed one of the biggest gasper goulds seen by any member of the party. The big fish was captured

after an exciting chase all over the creek, it having made a getaway with bait, line, pole and all. A. W. Tipton and Swen Swenson spent Thursday night on the creek with the crowd, enduring their big "fish yarns" without a single protest, merely to get to eat a mess of the fish.

Virgil Jones is just able to be about again after having been confined to his bed the past ten days suffering from a wrenched back. The accident happened while he was assisting in the placing of a pool table in Phares' pool hall. His many friends trust he may have a speedy recovery from the injury.

#### Schools Open.

The Brady public schools opened yesterday, and a good attendance is reported, there being something like 250 pupils in attendance in the grade school when the roll was called at 9:00 o'clock a. m. Supt. Hughes had already supplied the pupils with a list of the books required in each grade, and the pupils came prepared to start in work at once, consequently there was no confusion or delay usually coincident with the first day of school.

The pupils of the high school department met yesterday afternoon at 1:00 o'clock, and as in the grade school the pupils lost

**PRINTERS ATTENTION.**

We have a dandy proposition for a printer wanting to start in the newspaper business in a small way—a paying proposition that can be had at a bargain. Good location and ample equipment. If you mean business get in touch with The Brady Standard editor.

C. E. Wynne, d. f. a. for the Frisco came back from Menard last night, where he had been doctoring the throats of some of the sufferers at that place, chief among whom is Col. Callan. The Col. comes from Kentucky, which is a dry state—at least the natives are always dry. P. S.—C. E. Wynne, d. f. a., stands for "dern fine agent."

The merchants of Brownwood have fallen right in with the Trades Excursion idea and plans are afoot for a three days' trip throughout various sections of the Brownwood trade territory. Too much cannot be said in favor of the trade excursions. They bring a feeling of greater fellowship between the citizens of the city and the country. They bring about a closer relationship from a business standpoint, and they bring returns to the farmer in the establishment of a better market in the town, and the business man is rewarded for his efforts by the increase in business.

Readers of The Standard will no doubt be disappointed to note the absence of any comments from Magnificent Menard in this issue, due to the fact that Editor Callan spent last week visiting some of his poor kin folks in Ireland. However, we are glad to report that Claude has again consented to write some illuminated luminous remarks for The Standard which we will be able to present at second hand in future issues. Claude does not recount all these clever things just for the joy he gets from the same, nor for the upbuilding and welfare of a longing and trusting public—he writes 'em for the handsome stipend with which we fill his pay envelope every Saturday night—or Monday, sure.

**NEW DEMONSTRATOR.**

**J. B. Zachary of Jones County to Take Up Work.**

J. B. Zachary, the newly appointed farm demonstrator for McCulloch county, arrived last Friday from Jones county to take up his duties here. Mr. Zachary is a practical farmer, having been engaged in that pursuit in Jones county for the past eight years. Last year he farmed under demonstration rules with splendid success, and this year he again took up the demonstration method of farming with the result that his 118 acres of cotton is at least 33 1-3% to 40% better than that of his neighbors who did not follow the demonstrator's advice. Mr. Zachary is enthusiastic about the demonstration work, and thinks it is a long stride toward better and larger crops for the same amount of labor.

Mr. Zachary takes up his duties here beginning the 1st, and will continue the work where Mr. Griffin left off. He says the cardinal points in successful farming are the early and thorough preparation of the seed bed, and work to conserve the moisture. This is the gospel that he will preach to the farmers of McCulloch county during the coming year.

Mr. Zachary will assist Mr. Griffin in making up his final reports the early part of this week, and will also spend several days in various parts of the county looking over the work and forming the acquaintance of the citizens whom he will serve. He has already formed very favorable impressions of the progressiveness, cheerfulness and sincerity of the citizens he has met, and above all is very favorably impressed with the moral aspect of the town of Brady. He speaks very complimentary of her citizens, and also of the kindness and courtesy shown him by his predecessor, Mr. J. W. Griffin.

Mrs. Zachary and son will join him here within a few weeks, while his married son and family will look after the farm in Jones county.

Mr. Griffin has not yet received his assignment for the coming year, but has been assured that he will be given a good position. For the present he will remain in Brady until his new duties call him away. Mr. Griffin has won the respect and admiration of McCulloch county citizens during his stay here, and despite the unfavorable circumstances with which he has had to contend, has made a fair

degree of success in demonstration work. He is highly thought of by all, and it is sincerely hoped that a pleasant situation may be his during the coming year.

**To Cotton Growers.**

We, the undersigned citizens and cotton growers of McCulloch county, having investigated the plan of the Southern States Cotton Corporation, believe it is sound in principle and deserving the co-operation of all cotton growers. We believe it will establish a permanent marketing system for Southern cotton which will result in a uniform price of 15 cents per pound, basis middling.

We, therefore, urge all our fellow farmers and business men to co-operate with us in every way possible.

**A. C. Erkle's Brother Dead.**

A. C. Erkle returned last Friday from Seguin where he had been called the early part of last month by the serious illness of his brother, Dan. His many friends will sympathize with him in the death of his brother, which occurred on August 19th. The following account of the death is reprinted from the Seguin Enterprise:

"Born in Seguin and living here all his life, Mr. Dan Erkle had a host of friends all over the county, who will deeply regret his death. His honest, sincere disposition made and kept for him friends who were steadfast in their friendship for him.

"Several months ago he became afflicted with an incurable malady; and though everything possible was done by physicians here and in San Antonio, and by relatives, it has been known for weeks that human efforts were of no avail, and that death might take place at any time.

"For a number of years Mr. Erkle and his sister, Miss Amelia, have lived together in the old homestead; and during all of his illness she has given him her unfailing care and attention. Other sisters and his brothers have been here a number of times; and once the entire family of four sisters and three brothers were together; Mrs. Coleman of Gonzales had remained here for past few months.

"At ten o'clock Tuesday night the spirit took its flight into the other world, and the funeral was held from the residence at five o'clock Wednesday afternoon. The services were conducted by the Sons of Herman, under the leadership of Mr. J. R. Fiegele. Some beautiful music was rendered at the residence and at the grave by Mrs. Chas. Hammond, Miss Kate Zorn and Messrs. Cal Zorn and Ed Burges. An appropriate address was made by Mr. H. G. B. Goseman, and the benediction was pronounced by Rev. H. G. Horton. Interment was made in the Riverside cemetery, and a long concourse of friends followed the remains to the last resting place and covered the low mound with flowers in many beautiful designs and bouquets.

The pall bearers were Messrs. Ferd Klein, A. Forke, Peter Scheler, H. J. Blumberg, J. E. LeGette and G. E. Smith.

"Mr. Erkle is survived by two brothers—August, of Brady City and Henry, of San Antonio—four sisters—Mrs. Sam Watkins, San Marcos, Mrs. A. B. Coleman, Gonzales, Mrs. A. B. McLavey, Bastrop and Miss Amelia Erkle, of this place—to all of whom we extend sincere sympathy."

**Teachers' Examination.**

An examination for teachers' certificates will be held in the court house in Brady on Friday and Saturday, September 5th and 6th. E. L. WHITE, County School Supt.

Jovial Jack McGaughey came in yesterday morning from Brownwood and will again buy cotton for the same firm he represented last year. Jack wanted us to sign a "lie bill" because we stated upon most eminent authority, that he would not be with us this season, but we explained to him that folks might not understand to which item the "lie bill" might have reference—his coming or his not coming; so we compromised by agreeing to explain that Jack was so very busily occupied selling farm machinery that he could not possibly reach Brady, the busiest, bulliest, bustling, brightest, breeziest, bestest burg of 'em all, a bit sooner. Meanwhile, for reliable news always read the latest copy of The Brady Standard. Subscriptions received with gladness at this office.

### SELLS LOCAL HOUSE.

**Harkrider Produce Co. With-  
draws From Brady.**

The Harkrider-Keith-Cooke  
Co. has disposed of both their  
local and their Brownwood  
branch houses to the Knox Pro-  
duce Co. of Brownwood and will  
withdraw from this territory.  
It is understood that the Knox  
Produce Co. will continue both  
houses the same as at present,  
so the change in ownership will  
not mean the loss of the institu-  
tion to either Brady or Brown-  
wood.

Forest Adams, who has so ef-  
ficiently managed the local house  
since its establishment here  
some two years ago, will con-  
tinue with the Harkrider-Keith-  
Cooke Co., and will eventually  
be transferred to headquarters  
at Fort Worth. He will con-  
tinue to look after the Brady  
house until the end of this week  
when it will be turned over to  
the new proprietors. From here  
he will go to Brownwood and  
San Angelo, spending several  
weeks at both places, before go-  
ing to Fort Worth. The com-  
pany has offered him a very at-  
tractive proposition to represent  
them in the Waxahachie and  
Hillsboro territory, traveling  
out of Fort Worth.

During his two years' stay in  
Brady Mr. Adams has proven  
very popular both with the  
trade and with the citizenship  
in general. He is a splendid  
business-getter, and has proven  
himself a valuable man for the  
Harkrider people. His many  
friends here regret his removal,  
but trust good fortune will con-  
tinue to smile upon him in his  
future endeavors.

### TO OPEN GROCERY.

**Pat Acosta Will Engage in Busi-  
ness on South Side.**

Pat Acosta is preparing to  
open up a grocery store in the  
building on the south side of  
the square formerly occupied by  
Sherrod's Bicycle shop, and will  
carry a stock ample for all needs  
of his friends and customers.  
Pat has been associated with  
some of the leading firms of  
Brady during the past several  
years, during which time he has  
acquired a large business ac-  
quaintance, and his friends pre-  
dict a splendid business for him.

### MOVING CHURCH.

**Presents Many Difficulties and  
Hard Labor.**

The task of moving the  
Church of Christ building from  
its former location on the north  
side is nearing completion, and  
by the time the sun sets tonight  
the building will most likely be  
resting upon its new location on  
Blackburn street.

The jack screws were first  
placed under the building last  
Monday and the church was  
placed on trucks the early part  
of the week. The actual task of  
moving was begun Friday noon,  
the motive power being furnish-  
ed by the county's gas pull en-  
gine, with Oscar Squyres at the  
throttle. For the first day and  
a half the work proceeded nicely  
but Saturday evening Mr. Ram-  
say and his force encountered  
the most difficult part of the  
work—the carrying of the build-  
ing over Brady creek bridge. A  
frame work had to be construct-  
ed and the building elevated  
some three or four feet in order  
to clear the iron spans on either  
side of the bridge. This pre-  
sented a herculean task, and  
practically all day Sunday was  
required in the crossing of the  
bridge and in getting the build-  
ing lowered off the improvised  
trestle.

Fresh difficulties were encoun-  
tered after the crossing of the  
bridge in getting under the  
heavy cables of the telephone  
company. These had to be raised  
some ten or twelve feet to  
permit the church passing un-  
derneath. In places where the  
path was unobstructed the mov-  
ing was made with dispatch and  
without difficulty of any nature.

### EDEN ECHOES

From Eden Echo:

Eden ginned last week up to Saturday night eight bales of cotton.

W. M. Bazemore, after an illness of two years or more, and the last four months confined mostly to his room, died Sunday night and was buried Monday afternoon at the city cemetery by the W. O. W., Bro. Lilly assisting in the services.

A traveler came through Eden Tuesday using an ox team of four yoke of oxen drawing two covered wagons. It is a sight now seldom seen, and was quite a novelty as it slowly wended its way through the streets where there were all kinds of vehicles, including several autos. Mr. Matthews caught a snap shot of the team as it stood ready to pull out of town.

There were two showers of rain Tuesday at Eden, though both were light. North of town but little rain fell, none falling north of the mountain. A heavy rain fell from Eden south several miles, then it was light at Menard and heavy again beyond Menard. A heavy rain was reported east of town as far as Welview and Pasche, but at Brady but little fell. West the rain reached several miles. A heavy rain was reported at Eola.

I. E. Prorise came in Sunday from a trip to his farm in Coleman county. He is well pleased with the cotton crop there this year. He reports the first picking making a fifth of a bale and says there will be a second picking. He thinks the neighborhood where his farm is—Rockwood—will average a quarter of a bale to the acre. Two good rains fell there over a considerable scope of country Friday and Saturday. Rains also fell in the Winters and Abilene sections Friday.

Supt. W. L. Hughes celebrated the opening of the Brady schools yesterday by investing some coin of the realm in a handsome subscription to that newsiest of all news gatherers, The Brady Standard.

Carbon paper in any size sheet The Standard.

T. A. Dial made three folks happy the first of the week. The editor for one, to whom he presented a dollar; W. H. Dial of Sterling City, to whom he ordered The Standard sent, and himself for three, because of the two good deeds he had accomplished with a dollar.

Both gins at this place are now in full blast. All reports are to the effect that this section of the country will have the best yield of cotton of any this side of San Antonio.

Wednesday evening Miss Mary Sellman had started to town, driving the shetland to the buggy, when it became frightened at Mr. Cottle's auto which was standing in the road in front of Mr. Waddill's residence. It ran into the wire fence, throwing Miss Mary off the seat and she had difficulty in getting loose from the buggy, consequently dragging her into the fence, cutting several deep gashes which necessitated several stitches having to be taken by Dr. Matlock. The last report was that she was improving nicely.

#### Lumbago and Rheumatism.

A quick relief from lumbago and rheumatism is had by the application of Hunt's Lightning Oil, the quick-acting liniment. ### SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

### SAN SABA SAYINGS

From the Star.

W. O. McCully worshipped Sunday in Brady—at the shrine of some fair damsel.

From the News.

C. C. Russell came down from Brady Tuesday.

Mrs. Bert Brewer and children are visiting at Brady.

Misses Lura and Annie Gray are visiting relatives in Brady.

Miss Mabel Wilson visited relatives at Brady the first of the week.

The commissioners court on Tuesday decided not to appoint a sheep inspector for San Saba county.

Mrs. Jim Bell and daughter, Bernice, of Brady were guests at the home of Mr. and Mrs. J. D. Estep last week.

Miss Stella Hamrick has returned to her home at Brady, after a pleasant visit with her sister, Mrs. Mitch Johnson.

Llano voted on the question of retaining the city incorporation last Saturday. The city remains incorporated by a majority of 168 to 64.

The San Saba oil mill site is a busy place. Few of our people, we expect, realize that something like \$30,000 is being spent in this one business enterprise for San Saba.

S. W. Walker sold the fair grounds pecans Tuesday to Henry Moore for \$361.10. The crop this year is decidedly the best that has been on the fair grounds orchard for some years.

Dennis Sullivan started Tuesday to loading onto the cars for shipment the large walnut logs at the depot. They belonged to the Gorman men of the Bend and were sold to Kansas City parties.

Bertis Woods and Miss Beulah Cummings were married at the home of Mr. and Mrs. Clement Woods in the Algeria neighborhood Sunday afternoon, Elder G. R. Lane performing the ceremony.

Frank Baker was in from the ranch Friday. He will move to his Deep Creek ranch in McCulloch county some time next month. He recently purchased the ranch and stock of J. A. Smith and will make that his permanent home.

The gasoline burner exploded at Art Hamrick's restaurant Monday and came near causing a dangerous blaze. Mr. Hamrick caught the stove in his arms and threw it out into the street and no damage was done other than the burns which he received.

Since the report that worms were working on the pecan crop the News has made diligent inquiry from all parts of the country. The worm scare seems to have been very limited. Many orchards report none at all, others very few and none report any considerable damage. The fact is that many trees were so full of fruit that nature threw off a part of the load. The Senterfitt men report the greatest crop on their trees they have ever seen. Trees which have been considered non-bearing are this year loaded. The pecan crop is one of the many resources that has made the San Saba valley a great country.

#### RUSSELL'S ARTISTS.

Metropolitan Attraction at Air-dome Tonight.

If you want to get a line upon the show at the Lyric-Airdome this week, just ask anyone who attended the performance last night—with one accord they will tell you that Russell's Imperial Artists present a show that is not surpassed by the very best appearing at the Majestic in Ft. Worth. That is the strongest recommendation they could ask.

The troupe includes ten people and last night presented six distinct acts and closed with a comedy sketch that brought the house down. The company comprises singers and dancers that rank with the best—and includes two of the most extraordinary contortionists and acrobats to be found anywhere. One of the contortionists ties himself into a double knot with apparent ease, and performs some almost unbelievable feats, such as crossing both feet behind his head without any assistance from his hands, and his performances upon the trapeze are fairly uncanny.

With the company is the "Caliope Trio," the same bunch of singers, yodelers and caliope imitators that delighted Brady showgoers some weeks ago. They have added considerably to

their repertoire, and yodel new songs, spin new yarns and get off new jokes that are delightful for their originality.

Manager Beck is also presenting some of the most entertaining series of pictures that have been presented here in some time—and all in all the show presented is one that would cost you a couple of good dollars to see at any city theatre.

For tonight the company will present a big minstrel show, and needless to state, will give the full money's worth. They close their engagement here tomorrow night.

#### Lightning in the Winter.

Is a queer phenomenon, but there is nothing queer about the quick relief given to rheumatism by Hunt's Lightning Oil. John Coffman, Route 4, Shawnee, Okla., says: "My wife is over 66 years old and had rheumatism in her neck, and the first application did the work, and we will keep it on hand always. 25c and 50c bottles.

Curt Coleman has accepted a position with the Central Drug store, making the change on the first of this month. Curt is one of the most efficient and pleasant drug clerks in Brady and the Central may feel fortunate in having secured his services.

Some beautiful designs in glassware. O. D. Mann & Sons.

Mrs. H. E. Jones is reported quite ill again, but it is hoped she will soon be able to be about once more.

#### Again in Business.

The many friends of Demp Branscum will be pleased to learn that he is about to engage once more in the tailoring business in Brady, and that he expects to permanently locate here. Mr. Branscum was engaged for a number of years in the business here, acquiring a great degree of success and building up a large circle of friends and customers. Because of ill health in his family he was compelled to sacrifice his business here and seek a higher climate. Now that he has returned, he will no doubt soon regain his former prestige in business circles, and he will be glad to have all his former friends and new ones as well call on him in his new quarters in the rear of the Popular Dry Goods store, where he will be nicely fitted up and in position to give careful attention to his customers' needs.
