W. L. HUGHES HONORED.

Chosen as Conductor of Brownwood Summer Normal.

It is quite gratifying to the many friends of W. L. Hughes, superintendent of the Brady Public schools, as well as to the citizenship in general to learn that he has been chosen to head the Brownwood Summer normal

* **PAY YOUR POLL TAX.** *
* Don't forget that failure *

as conductor this year. The honor is quite a deserved recognition of Supt. Hughes' work in the Brady schools the past two years, during which time he has organized and perfected a school system that has placed the Brady schools at the head of the list and which has resulted in the securing of affiliation practically equal to the best high schools in the state.

The Brownwood Summer normal is a permanent institution that has come to be recognized as one of the leaders in the state, and this year it is anticipated that the biggest normal ever had will be held. The normal begins June 8th, and will continue for eight weeks. Under the efficient direction of Supt. W. L. Hughes there can be no doubt of the complete success of the same.

J. W. Morrow Dead.

The many friends of J. W. Morrow of Melvin will be shocked at the news of his death which occurred this morning at his home in Texarkana. A wire last night to his son at Melvin announced his critical condition, and a later wire this morning brought the sad news of his death.

Mr. Morrow, accompanied by his sister, Mrs. P. W. Morrow, of this city, left last Tuesday for Texarkana where he expected to undergo treatment by a specialist for his health. He had suffered a slight stroke of paralysis last September, and has been gradually failing since, the doctors diagnosing his trouble as that of Bright's disease and liver trouble. Had he lived until March he would have been 54 years old.

Mr. Morrow was well known to the citizens of McCulloch county, having been engaged in the mercantile business at Mel-

vin for the past four years. Since his illness the store has been in charge of his son, Walter, and brother, K. Morrow, both of whom leave tonight for Texarkana to attend the funeral. Mr. Morrow is survived by his widow, one daughter, Mrs. Maxwell, and two sons, Joe and Walter, all of whom live in Texarkana, except Walter, who lives at Melvin. Four brothers also survive.

Married Sunday.

Cal Willis and Miss Nancy Belle Click, two popular young people of the Voca community were married at the court house Sunday afternoon, Judge N. G. Lyle performing the ceremony in the presence of a few friends of the bride and groom. Mr. Willis is a member of one of the old and popular families of the Voca country, and a son of Dave Willis, while the bride is a daughter of J. H. Click, also a prominent resident of the south-

ern part of the county. The happy couple will make their home near Voca.

COTTON GINNINGS.

Show Increase Over Last Year's Report of 28%.

According to the report furnished by John Duke to the U. S. government, McCulloch county had, up to January 1st, ginned 15,790 bales of cotton, compared with 12,308 on the same date last year. The 1913 ginnings, therefore, are 28% plus better than those of 1912.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

With The Candidates

Matt F. Allison.

Attention is directed to the announcement of Matt F. Allison in this issue as a candidate for re-election as representative of the 120th district. During the past two years, while serving his first term in the house, Mr. Allison acquired state-wide, and even national prominence thru measures originated or advocated by him, and the bill that bears his name has probably done more towards the solution of the liquor problem, so far as dry districts are concerned, than any measure heretofore enacted. His activities have given him prominence among the legislators, and he is being favorably mentioned for speaker of the house, should he be re-elected. With the training received during the past term, there can be little doubt but what he will be even better qualified to represent his constituency meritoriously, and he respectfully asks the favorable consideration of the voters upon these claims. His announcement is subject to the action of the Democratic primary.

E. H. Elliott.

The Standard this week directs the attention of the voters to the announcement of E. H. Elliott for sheriff. Mr. Elliott is quite well known around Brady and all through the south part of the county, having lived in the Voca community for the past 25 years. In fact, he has spent practically all his life in the county. He is a son of Joe Elliott, one of the well known and most highly esteemed citizens of the county and, like his father, commands the respect and confidence of all who know him. Mr. Elliott has been engaged in farming all his life, and has earned an enviable reputation for energy and industry. Should he prove to be the choice of the voters, he promises to carry out the duties of the office with the same determination and straightforward purpose that has characterized his action all along, and he will always be found ready and willing to assist in any move for the betterment or advancement of the interests of the county or the citizens. Mr. Elliott asks

BRADY MASON MENARD

the voters to carefully consider his claims to the office, and if they can conscientiously do so to give him their support and influence, as he needs the office. His announcement is made subject to the action of the Democratic primary.

J. M. Carroll.

The Standard takes pleasure this week in announcing J. M. Carroll of Lohn as a candidate for Commissioner, Precinct No. 3. Mr. Carroll has lived at Lohn for the past nine years, where he is one of the prominent and leading citizens, and during his residence there he has gained the confidence and high esteem of not only the citizens of his home community but that of the citizens of all of McCulloch county. Mr. Carroll has made his announcement only after thoughtful consideration of many urgent requests upon the part of friends. During his residence in Lohn, Mr. Carroll has been engaged in farming, but this year he has decided to retire from active management of the farm, and consequently will be free to devote his entire time to the interests of the citizens of his precinct, and of the county as a whole, in the proper care of the duties of the office. Possibly no man could be better fitted and more capable for the office of Commissioner of Precinct No. 3, than is Mr. Carroll, and no man could be found who would take more conscientious pride in the faithful performance of the duties than he. The voters will do well to give Mr. Carroll's announcement favorable consideration. He makes his claims subject to the action of the Democratic primary.

GEM SPECIAL FEATURE.

Novelty in Motion Pictures to Be Shown Friday Night.

Something novel and entirely new in the way of moving pictures is the Friday night feature announced for the Gem theatre this week. The picture is that of the great Hagenbeck & Wallace circus in its entirety, showing a complete performance just as you would see it should you attend the show itself.

Another innovation of this picture will be several views showing the life of the circus people behind the scenes—a part of the circus world of which the public knows little or nothing.

Only one show will be given, beginning promptly at 8:00 o'clock. Prices of admission will be 15c and 25c. Come out Friday night and see a complete performance of one of the biggest circuses in the world at this unusually small admission fee.

Rheumatic Pains

Every last one of them leaves. The hurting is gone almost the instant Hunt's Lightning Oil is used. The aching stops so quickly it is surprising. Hunt's Lightning Oil is especially compounded to relieve pain. For neuralgia and headaches it is a boon to humanity. For cuts, burns and bruises it acts as a healing oil, soothing the hurting parts and preventing soreness. Nothing better for chilblains. All druggists in 25c and 50c bottles.

Can't Harm Liver

When the tongue is on the stomach, it needs a gentle, but effective laxative. When the liver is peevish, listless, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you will have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given to-day saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapepsin" Ends Stomach Misery, Indigestion in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapepsin, then you will understand why dispeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapepsin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diapepsin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.

Recovering Cotton.

The following item reprinted from the Lampasas Leader gives an account of the recovery of one of the two hundred bales of cotton lost by Stokes Bros. of Lampasas when the high waters of a few months ago flooded that town.

"Walter Stokes reports that he recovered a bale of the lost cotton which was washed away from the Lampasas yards on the morning of Dec. 2nd, at a crossing of the Lampasas river near Youngsport, Bell county, on the 9th of January. It had been in the water one month and seven days, and when taken from the water weighed 1333 pounds. It is a little remarkable that this bale was ever found, and it is probably the last of the lost lot that will be recovered, though an eye to all cotton will be kept out by the firm, as the cotton which was lost is not yet all recovered."
