"BREEZY POINT."

Presbyterian C. E. Presents Play
Next Friday Night.

"Breezy Point" is the title
of a play to be presented on next
Friday night, the 13th, at the
Lyric opera house by members
of the Presbyterian Christian
Endeavor. As its name implies,
the play is a breezy and enjoy-
able bit of comedy in three acts.
It is certain to prove entertain-
ing to young and old alike, and
a crowded house is expected to
greet its production.

The home talent plays given
in Brady have justly won the
reputation of numbering among
the best entertainments, and
"Breezy Point" is sure to prove
no exception to the rule. The
cast is in capable hands, some
of the members have delighted
Brady theatre-goers with their
clever acting in previous home
talent productions. The play
also enjoys the unique distinc-
tion of being possibly the only
play ever presented here entirely
by female characters. Tickets
will be placed on sale at the Cen-
tral Drug Store, and everyone
should make their reservations
early, both to encourage the
members of the play, and to
secure good seats for them-
selves.

If it's a lister you want, we
have it. Get prices and terms.

CHARGED WITH THEFT.

Two Boys Arrested on Serious
Charge—Released on Bond.

One of the most regrettable
occurrences in Brady for some
time was the arrest here on
Tuesday morning of Jimmie
Wade and Autrey Bumgardner,
charged with the theft of two
bicycles and six automobile cas-
ings at San Angelo last Satur-
day.

The two boys left here last
week in the Wade car to take
Mrs. J. P. Lindsay to Miles, and
upon starting home decided to
come by way of San Angelo.
They are alleged to have taken
four new casings from a garage
and stopped on the street and
cut two more off a car owned by
Buster Jones, federal immigrant
inspector at San Angelo, which
was standing on one of the
downtown streets of the city.
They then left for Brady, but
when about eight miles out of
town suffered a breakdown and
had to walk back into town for
repairs. After securing the
material necessary to make the
needed repairs on the car it is
charged that they took two
bicycles and rode them back to
where the breakdown occurred.
After making the repairs the
bicycles were loaded into the car
and the journey resumed, but
another accident occurred about
eight miles out of Brady and
the car was left, the balance of

the journey being made on the
stolen bicycles.

Sheriff J. C. Wall was notified
of the theft Sunday and asked
to be on the lookout for the mis-
sing goods. He located the stuff
Monday morning and wired the
San Angelo officers to come at
once. Sheriff Hawley Allen and
Buster Jones arrived in the city
about noon Tuesday and the ar-
rests followed shortly after they
reached the city.

The San Angelo sheriff left
about 1:00 o'clock Tuesday
afternoon with his prisoners.

Examining trial was waived
at San Angelo Wednesday morn-
ing and the boys were released
under \$1,000 bond each in two
cases.

All of the stolen property was
recovered.

ing the moving of Si Proctor's

tion near the college. Next

present location to a site in the
Doty addition.

TO BUILD TURN PIKE

MOVE TO BUILD BRADY-
MASON ROAD.

Rev. J. T. Tracy Here From
Mason in Interest of Good
Road Movement.

Rev. J. T. Tracy was here
yesterday from his home at
Mason, and while in the city en-
deavored to interest the citizens
in a proposed turnpike from
Brady to Mason, and the propo-
sition as presented by him met
with enthusiastic approval from
those with whom he talked.

Mr. Tracy is a former resident
of Tennessee, a state which is
honey-combed from one end to
the other by these thorough-
fares and he knows their value
to a community from personal
observation. The plan in use in
that state and the one advocated
by him seems the most equitable
and just way to secure these
improvements and is one that
has never been advocated to
any great extent in Texas.

The proposition, as presented
to a reporter of The Standard,
is to form a stock company
here and at Mason among the
business and professional men
and to offer the stock to farmers
along the right-of-way who care
to make the investment. He

believes that in this way suffi-
cient funds can be raised to
build a first-class pike sixty
feet in width, with thirty feet
in the center macadamized to a
depth of six inches. The esti-
mated cost of the road is \$3,000
per mile, not including the
cost of a bridge over the San
Saba river.

As an investment Mr. Tracy
states that the proposition is a
good one, and that he knows of
a number of pikes in Tennessee
which pay the stockholders as
high as 25%, and none less than
10%. After the completion of
the road toll stations are located
every five miles and a fee of 5c
extracted from those traveling on
horseback; 10c for single bug-
gies; 15c for double buggies and
25c for freighters. The revenue
thus derived will take care of
maintenance and provide suffi-
cient funds for a dividend to
stockholders ranging from 10%
to 25% on the investment. It
is pointed out that in the present
condition of the Brady-Mason
road that two days is required
for a round trip between the
two places by freighters and
that the maximum of freight
handled by a single team will
not exceed an average of 2000
pounds. At the regular rate of
20c per cwt. the freighter earns
\$4.00 per day if he is loaded
both going and coming, while on
the turnpike he can handle
6000 pounds with the same team,

which at the above rate would
bring him \$12.00 and leave him
\$10.50 for the day's work after
paying the toll of \$1.50.

It is the intention of those in-
terested in the matter to call a
mass meeting here and at Mason
in the near future and to begin
active work in the organization
of the company to promote the
building of the thoroughfare,
and Mr. Tracy has volunteered
to be present and address the
meeting on the plan he has set
forth.

The Standard has secured a
series of articles on this subject
which will set forth in full de-
tail the plan as outlined
above. They will show their value
as compared with railroads,
their revenue producing qual-
ities and should be closely read
and studied by all interested in
this movement. The first of the
series will appear in the issue of
next Friday.

is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

FROM THE EDITOR.

In last Friday's issue of The Standard appeared an announce- ment of the relinquishment of the editorial and business man- agement of Mr. H. F. Schwenker, and we feel that a few words from the new editor may be timely.

While sincerely regretting Mr. Schwenker's departure, we are glad to know that it is only temporary, and that he may soon return to Brady to again make his home among us. Under his management The Stand- ard has grown to be one of the best papers in this section of the state, and has been a con- sistent booster for Brady and the Brady country, always advoc- ating those things which he found for the best interests of citizenship.

What his efforts have been appreciated is attested by the loyal support accorded him by the business interests of the city in helping to make The Stand- ard a live, wide-awake publica- tion. Under the new manage- ment we hope to enjoy the same loyal support of the business men and citizens, and will put forth our most earnest efforts to keep The Standard on the high plane of excellence estab- lished by Mr. Schwenker. We expect to make mistakes—and many of them—but will always be found ready and willing to correct them, if in our power to do so.

In our efforts to issue a live, readable, up-to-date paper, and one in which the citizens will have some measure of pride we crave the hearty co-operation of all. S. M. RICHARDSON.

A NEW PLAN.

The attention of readers of The Standard is directed to an article appearing elsewhere in this issue setting forth a plan for the building of highways, and which to this editor seems one of the best methods yet advanced. There may be objectionable points in the proposition, but if there are, we have failed to catch them. Many people oppose the issuance of bonds for this purpose, and not altogether without cause either, when the ultimate cost of bond issue is considered.

Under the plan set forth in this article the stockholder in the road has reasonable assur- ance of a fair return on his in- vestment, while those using the road and deriving the benefit pay a nominal sum for the privi- lege, and are glad to do so.

Study over the proposition and don't fail to read the series of articles beginning in next Friday's issue of The Standard. They will set forth the plan in detail and should be carefully

**Don't You Think This Ad-
vertisement Worth Reading?**

It is, for it states nothing but the truth regarding a few essen- tials necessary to successful merchandising.

To you—the ultimate consumer—it is most important that you know your dealer, to know him from a personal stand- point—that he is honest, gives good value for YOUR money; and above all you should know that he sticks behind his pro- duct.

It is just as important for the merchant, from his standpoint, to carry out these principles as it is for the customer to know that he is doing so, because in this way only can he build up a trade worth having.

Respect for public intelligence is considered in every adver- tisement issued by this firm, in fact, our main reason for ad- vertising at all is merely to educate the people along the lines that we give value and service in exchange for their money.

We want every man, woman and child to be a friend and well-wisher of this house. We desire this considerably from a selfish standpoint because we know if such is the case, they will eventually become customers and the more customers we have the better enabled we will be to serve all to advantage.

SURPRISE WEDDING.

Popular Young Brauy Couple Married Tuesday Evening.

On Tuesday evening at 8:00 o'clock at the home of the bride's parents, Mr. and Mrs. J. M. Stewart, in the southern portion of the city Rev. I. T. Morris, pastor of the Methodist church, performed the beautiful and impressive ceremony which united in marriage Mr. J. C. Jones and Miss Gertrude Stewart. Only members of the immediate family were present.

The announcement of the wedding came as a surprise to the many friends of the young people, so closely had they guarded their secret.

The groom has been a resident of Brady for the past six or seven years, during which time he has surrounded himself with a large circle of friends and admirers, and by his genial, happy manner has won the admiration and esteem of all. He is a young man of highest ideals, a strict sense of honor and a thorough gentleman in every sense of the word, and well worthy of the prize he has won.

The bride is the youngest daughter of Mr. and Mrs. J. M. Stewart, prominent residents of this section for many years, and a young lady of many accomplish- ments. She is a popular member of the younger social circles of the city, and has a large coterie of admiring friends.

Mr. and Mrs. Jones will make their home in this city, and are at home to their friends at the Hill residence in the southern portion of the city.

The Standard extends con- gratulations to the happy young couple, and trusts that their journey through life may be one of unalloyed bliss.

STIPATION.**

**Some People Only Half Alive;
Dodson's Liver Tone Cleans
You Out—Wakes You Up.**

When constipation is having its evil effects on your body and brain, Nature is doing her best to offset them and overcome the cause itself. But usually Nature cannot do this unaided.

In the past, many sufferers at such a time used to turn to dangerous calomel in hope of relief. For some people calomel does appear to give a temporary benefit, but as a matter of fact it is a poison that proves to be injurious and even dangerous to many. If you have ever taken calomel you probably have suffered from evil conditions fol- lowing its use.

But nowadays great numbers of people have learned how to feel better, brighter and health- ier by taking Dodson's Liver Tone instead of calomel. In- deed, this harmless vegetable liquid is recommended and guar- anteed by Jones Drug Co. who will refund the purchase price to you without question if you are not completely satisfied with it.

Get a bottle of Dodson's Liver Tone for only 50c, and learn for yourself how easily and natu- rally it assists Nature in getting rid of and correcting constipa- tion and biliousness, how it clears away the sick headache and coated tongue and sets you right without ache or gripe, without any interference with your regular habits. Fine for children. They like to take it.

F. W. Ake will read this item in The Standard, we know, 'cause he just added his name to our list the other day.

The Mind Expands As Health Returns

Quick Improvement is Noticeable When Proper Aid to Nutrition is Given.

A low state of the general health is now the accepted cause of backwardness in children. So in the case of a backward child it is best to look towards building up its health. It will usually be found that the main trouble is in the food, in lack of assimilation and digestion. Hence care should be taken in the kind of food given to the child. This, with plenty of air and exercise, should bring about a change for the better.

Watch the condition of the bowels, to note whether the waste is being passed off or not, or whether it is being passed too freely. If either condition prevails give a small dose of that gentlest of all laxative-tonics, Dr. Caldwell's Syrup Pepsin. Thousands of mothers will testify to the wonders it has wrought in the lives of their own children, and for that reason legions of families like those of Mrs. Daisy McBroom, Hillsboro, Ind., are never without it in the house. She is the mother of Lucile and has been using Dr. Caldwell's Syrup Pepsin for Lucile since she was two. Mrs. McBroom says it saved Lucile's life. It is the standard family medicine in the McBroom home. It is pleasant to the taste and

so perfectly safe that it is given to infants, and yet is equally effective for grown people. All druggists sell it and the price is only fifty cents and one dollar a bottle, the latter for families who need it regularly.

Dr. Caldwell's Syrup Pepsin has no equal as a cure for constipation, indigestion, biliousness, headaches, sour stomach, gas on the stomach, liver trouble and kindred complaints. It has so many advantages that those who once use it forever after discard cathartics, salts, pills and other coarse remedies, for they are seldom advisable and should never be given to children.

Families wishing to try a free sample bottle can obtain it post-paid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.
