

New Goods! New Goods!

Arriving Daily at Abney & Vincent's Big Stores, Keeping All Hands Busy Opening and Arranging the Stock

WE HAVE been contemplating putting in Millinery for several seasons, but could not find just the proper one to take charge of that department until now, and we feel fortunate in securing the services of Mrs. Birdie Lynch, who comes to us highly recommended not only as a lady of highest type, but an artist in millinery work. Mrs. Lynch has been in the millinery business for fifteen years and has the confidence of all who know her. She has just returned from the Eastern millinery centers where she has used every care in selecting our up-to-date stock of millinery. **¶** We most cordially invite all the ladies to see our millinery line before buying, as nothing has been left out, and we feel sure we can please anyone. [Watch for our millinery opening, due notice will be given.]

We Deliver Dry Goods the Same as We do Groceries

Our Grocery Department is well organized, and the *best service and prompt delivery* is our watch word. It don't make any difference how small or how large the order, all have the same careful attention. With the best treatment to all, we are yours to please.

CLOSES BIG DEAL.

G. W. Walker Buys Big Ranch in Upton County.

Messrs. G. W. Walker and R. D. Dyer, manager of the McCulloch County Real Estate Exchange, returned yesterday morning from a prospecting trip to Upton county, and yesterday afternoon closed up a deal whereby Mr. Walker acquires three sections of ranch land in that country.

The ranch is one of the best in that part of the state, lying

almost as level as a floor and every acre of it is subject to cultivation. There are two sets of good improvements and a small tract is under cultivation. The ranch lies twelve miles west of Upland, the county seat of Upton county.

Mr. Walker expects to leave in a few days for his newly acquired property, and will put a large tract of the land under cultivation. He will irrigate a large part from two fine wells which furnish an abundance of water.

The total consideration in the

deal was \$17,100.

Mr. Dyer is enthusiastic over the Upton country and the conditions prevailing there, as is also Mr. Walker, and state that it is the prettiest country they have seen anywhere in Texas.

New Jewelry Store.

Martin O. Curry Co., of Brownwood announce the opening next week of a branch house in Brady, with B. L. Malone in charge. This firm is one of the largest jewelry establishments in Brownwood, where they have been located for several years and have built up a most lucrative trade in that line.

Mr. Curry was in the city last week in company with R. K. Hallum, and after his trip decided to open the local branch of his business. Quarters for the new store have been secured next door to the Brady National bank, in the building now occupied by Graham's Cafe, and will be opened for business within the next few weeks.

In selecting Brady as a location for a branch of his business Mr. Curry states that he feels that the field is a good one for his line, and that if honest business methods and prompt and courteous treatment will merit the confidence and patronage of the people that the new store will receive its full share of the business.

AUTO TRUCK LINE.

Commercial Club Will Endeavor to Establish Line to Mason.

At the regular weekly meeting of the board of directors of the Brady Commercial club Monday afternoon one of the most important matters coming up for consideration was the establishing of an auto truck line from Brady to Mason. The club has a proposition from Mrs. L. Adrian, who established such a line from Menard to Junction several months ago, but later abandoned the project on account of unfavorable road conditions, the rough roads causing the upkeep on the cars to mount so high as to leave the margin of profit entirely too small to make the line pay a just return on the investment. In the proposition now before the local commercial organization it is proposed that Brady and Mason improve the road to the line of each county and maintain it in first-class condition, and if this is done the establishment of the line is an assured fact.

It is stated that the road is in good shape for about ten miles out of Brady, and that it would not cost very much to place the balance of the road in this county in a fairly good state of repair. The Mason people are anxious for the line, and have

pledged themselves to comply with any reasonable requests made of them in the matter.

For the present it is proposed to operate the line only to Mason, but later on will be extended as far south as Fredericksburg, and the promoters state that they are ready to begin the operation of the line to Mason just as soon as the equipment can be gotten in here. A regular schedule will be maintained, and the line will handle express and perishable freight shipments and passengers.

Other matters receiving attention at the meeting was that of better fire protection in the residence portion of the city, the club having appointed a committee at a recent meeting to investigate and report on the matter. Nothing definite was done in this connection. The club agreed to stand sponsor the boy scout movement, and has set aside quarters at the club rooms for the use of the boys.

To The Public.

The firm of Drs. McCall, Anderson & McKnight has been dissolved, Dr. J. B. McKnight retiring. All accounts and notes due the firm should be paid the undersigned.

Erecting New Awning.

Workmen are busily engaged in tearing down the old awning of the Simon building occupied by Wilensy Bros. on the southeast corner of the square, and will erect one of the low, flat awnings in its stead. These improvements will not only permit of more light in the store, but add greatly to the outside appearance of the building.

This is only one of the many contemplated improvements which this enterprising firm has under consideration for the comfort and convenience of their trade.

Married Wednesday Night.

Mr. Willie Yardly and Mrs. Nettie McClary were married Wednesday night about 10:00 o'clock at the office of County Clerk Yantis.

Judge N. G. Lyle tied the nuptial knot in his characteristically brief style. The happy young couple will make their home in this city.

FIFE FINDINGS.

Fife, Texas, Feb. 25.
Editor Brady Standard:
The freeze of this week has probably ruined the promising prospects of an oat crop for this year. This is quite a hard blow on the farmers and will cause a considerable increase in the cotton acreage.

D. Finlay was at Brady Tuesday on business.

In a basketball game here Saturday between Rockwood and the local team the visitors won by a score of 24 to 4.

C. M. Conrod and James Finlay are at Brady this week serving on the petit jury.

T. R. Poole visited Brady the first of the week on business.

Mrs. Geo. Yantis returned to Brady Monday after a week's visit to her sister, Mrs. Jas. Finlay, here.

Miss Ruby Payne visited at the McKnight ranch Saturday and Sunday.

H. D. Martin shipped a couple of cars of cattle to Fort Worth Monday.

Sam Crider and wife Sundayed with Mr. and Mrs. F. M. Ranne.

B. W. Bradley and Chas. Mitchell are at Sonora this week on a short visit.

As news is scarce this week we will close and promise to do better next time. E. Z.

PEAR VALLEY SAYINGS.

Pear Valley, Texas, Feb. 24.
Editor Brady Standard:

Gee whiz, but this is winter all right. It is all right if one can sit by the fire and keep warm, but getting wood and milking is not so funny.

Bro. Shirley filled his regular appointment here Sunday.

Mr. and Mrs. Willie Watkins were in the Valley Sunday.

Mr. Craven Ferguson and Miss Lillie Marshall went to Lohn Sunday.

The party given by Mr. and Mrs. J. R. Hodges was enjoyed by all present.

Mrs. S. J. Howard was a guest of Mrs. Jones Sunday.

Mr. and Mrs. Cleve Hill were pleasant visitors at the Harrell home Sunday.

Miss Mary Russell was the guest of Mrs. Tom Pinegan Saturday night.

The birthday party given by Mr. and Mrs. J. R. Harrell in honor of Miss Mayme Ludwick and Miss Mayme Lee Miller was attended by a large crowd. All report a nice time.

We surely have some good letters in The Standard. When I

read the letters from O. I. C. U. R. Right I almost want to put on my old hat and start to Oregon, but can't quite get my consent to leave grand old McCulloch.

As it is too cold to write a long letter will bring this to a close.

With best wishes to all.
TEXAS RANGER.

Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:

Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.

Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them.

Good health is the best preventive. The very best, vigorous health, with excess vitality, this is Nature's own preventive and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and any countrymen, is Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na. If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

visited Mr. Mitchell Saturday and Sunday.

Mrs. Browning and daughter visited Mrs. Myers in East Brady Sunday.

Mr. R. A. Turner was over from Richland Springs Saturday to visit his aunt, Mrs. W. B. Mitchell.

Mr. Earnest of Paint Rock was in Brady on business several days this week, returning home Sunday.

You will have to excuse ye humble scribe for not writing oftener. I have two good reasons. First, I have been sick with the grippe, the second is there are so many better writers than I.

Mr. Raymond Turner and Mr. T. A. Mitchell attended the Western play in four acts Saturday night and report it was all right.

If I am allowed to vote I will vote for "Gladdie," the East Brady writer.

AFTER SICKNESS OR OPERATION

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health.

For forty years the best physicians have relied on the wholesome predigestion in Scott's Emulsion which is totally free from alcohol or opiates.

Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright.

Scott's Emulsion sets in action the very forces that promote health; it is pure, rich strength.

WONDER WORDS.

Wonder, Oregon, Feb. 15.
 Editor Brady Standard:

Let me correct a typographical error in my last contribution, except one. Your printer made me say organ berries for logan berries. These logan berries are something great, both as to size, appearance and flavor, and I would advise anyone who has a small piece of irrigable land to try a bunch of them. They are abundantly prolific. So is the mammoth blackberry. They will grow from the cuttings like a sweet potato vine, but you must set them out in the winter like you would a grape vine if you want it to take root.

I am sending a description of the Oregon caves, written by one who can tell it better than I can. The writer is the man who pilots visitors who come to explore the wonderful caves. The caves are in this, Josephine county, and are a part of the national forest reserve, and likely to become a national park. As my article will be too long if I include the description of the caves this time, I will send it by itself for next time, and will tell you of an awful tragedy that occurred in the caves a few years ago, in the absence of a pilot. A party of four, two young married couples, merchants from Grant's Pass, our county site, went to the caves for an outing. While in the caves one of the men, Mr. Frank Ellis, was climbing up ahead of the others and emerging into another apartment, when his pistol dropped out of his pocket, struck a rock, was discharged, and shot him fatally in the head. The other man who was carrying the lantern imagined it was robbers or bandits who shot young Ellis, and when he tumbled back at their feet, they did not wait to investigate but he, Arthur Vineyard, and his wife, fled carrying away the light with them, leaving the dying man and his poor miserable wife alone in the dark cave, for the brave little woman did not desert her wounded and dying husband, but stayed with him alone in the dark, getting matches out of his pocket and striking them to see how to bind up his wound with pieces she tore from her dress.

They stayed in the cave until the fleeing cowards went four miles to the nearest house and reported having been attacked by bandits, whereupon a searching party went to their rescue. The wounded man lay and died with his head in his dear wife's lap, and there she stayed for hours all alone in that miserably wretched condition.

It is needless to say that all who visit the caves in the future and know of this incident, will want to see the spot where this occurred.

TAKES OFF DANDRUFF, HAIR STOPS FALLING.

Girls! Try This! Makes Your Hair Thick, Glossy, Fluffy, Beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

The Neat Rebuke.

The girl was attempting to dance with a fat man at a tango tea. The fat man was a great bungler, and he knew it. He gasped, as they hobbled about to the strains of "Every Little Movement,"

"It's awfully kind of you to dance with me—me, the worst dancer in the room!"

Then he trod on her foot for the sixth time, and the girl replied:

"Oh, how can you say so? Why, you hardly seem to touch the floor!"—Chattanooga Times.

Biliousness and Constipation Cured.

If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. Seeing Chamberlain's Tablets so highly recommended, I bought a bottle of them and they helped me right away." For sale by all dealers.—Advertisement.

John D. as a Milker.

An efficiency engineer was talking about presence of mind.

"For presence of mind," said he, "nobody can equal John D."

"When John D. lived in Cleveland his next door neighbor said to him one morning:

"Smith's cow got in my garden yesterday and ate a lot of grass and flowers."

"Yes," said John D. "It got into my garden, too, I milked it to the value of the damage done and then drove it out."—New York Tribune.

A Winter Cough.

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c and \$1.00. At all druggists. H. E. Bucklen & Co. Philadelphia or St. Louis.

Some Satisfaction.
 Mrs. Murphy's husband was extremely ill, so she called the doctor and then anxiously inquired as to the sufferer's state. "I am sorry to say, madam," replied the doctor, gravely, "that your husband is dying by inches."
 "Well docthor," said Mrs. Murphy, with an air of resignation, "one good thing is my poor husband is six feet three in his socks, so he'll last some time yet."—Pittsburg Chronicle.

**WHO WILL MAKE THE SAC-
RIFICE?**

Brady boasts of her enter-
prising and public-spirited citi-
zens—and justly, too, for we
have them just as other com-
munities have them, and we are
proud of the fact. We have
men who will go the limit for
the advancement of the best
interests of the town and com-
munity, will use all honorable
means to secure those things
which help make the city a
pleasant abiding place and do
all in their power to create a
happy and contented citizenship.
But—generally—they like to
remain in the background in
their efforts in this direction.
They are willing workers in the
rank, but few, if any, are willing
to step out and be the captain
of the company. We feel sure
this is not due to lack of ability,
but is attributable more to an
unwillingness to assume the lead
in matters pertaining to the
welfare of the whole people.

You may possibly be asking
yourself the question: "What
is this all about, anyway?" and
in order to set your minds at
rest on the subject, we will state
that this article is called forth
by a seeming dearth of interest
on the part of the citizens of
Brady with reference to secur-
ing capable men to offer for city
offices. With the city election
just a little more than a month
off, and a number of important
offices to be filled, it seems that
it is time for some of our pub-
lic-spirited citizens to announce
their willingness to serve in
those places where vacancies
are to occur this year.

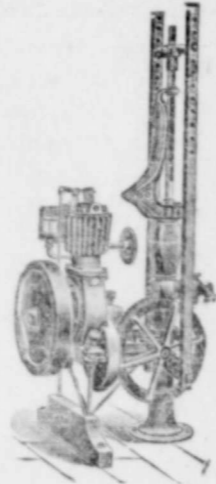

A mayor, city attorney, re-
corder, city marshal, city secre-
tary and two aldermen are to
be elected, and with the excep-
tion of the offices of marshal and
secretary, no one has been
found who is willing to offer for
the other places. Under pres-
ent conditions one of the most
important positions to be filled
is that of mayor. By the terms
of the contract between the old
Brady Water & Light Co. and
the city, the mayor is chairman
of the Board of Managing Trus-
tees of the water and light de-
partment of the city, and there-
fore the services of a thorough
business man is necessary. In
Mayor Richards the city has had
a careful, conservative and hon-
orable executive; one who has
ever been alive to the best in-
terests of the citizenship, and
one who has made many person-
al sacrifices to serve the city in
this capacity. The announce-
ment of his determination to re-
tire is received with genuine re-
gret, and it is hoped that in-
fluences may be brought to bear
sufficient to cause him to change
his decision.

O. D. MANN & SONS

WE APPRECIATE YOUR GOOD WILL AS WELL AS YOUR TRADE.

Messrs. Baze and Allen, have al-
so proven their worth on numer-
ous occasions, and their services
are appreciated by the citizens
generally. Both have an-
nounced their decision to retire
at the close of their terms in
April. The office of city attor-
ney goes a-begging—nobody
wants it. Friends are urging
Sam McCollum to offer for the
place, and he may possibly con-
sent to allow his name to go be-
fore the voters. He is a prom-
ising young attorney and would
make a most capable man for
the position.

This seeming lack of interest
may be due in a large measure
to the fact that the remunera-
tion is not commensurate with
the duties of the offices, but we
believe there are enough good
citizens in Brady who have the
best interests of the city at
heart to fill these places with

credit, not only to themselves,
but to the entire citizenship.

Who will be the first to offer
to make the sacrifice?

Frank Parson of the Univer-
sity of Chicago, asks the ques-
tion: "Why do we wear
clothes?" Of course it might
be presumptuous on the part of
a Southwest Texas newspaper
man to undertake the uphill
business of learning an Illinois
yankee anything, but neverthe-
less we shall try. If Mr. Parson
ever had the bitter experience
of springing out of bed at mid-
night, to throw a bust of Julius
Caesar at a cat in the front
yard, and the door slammed
shut because of a barb-wire
wind coming across the frozen
lake, and he couldn't wake his
wife up to open it, he would
certainly know what we wear
clothes for. Of course it must

be admitted that clothes are not
always used everywhere for the
same purpose. The Esquimos
wear them to keep warm; the
Brownsville people wear them
to keep from being annoyed by
the buffalo gnats, and in some
of the high-faluting society
they are worn, sparingly to be
true, for the purpose of demon-
strating the old adage that "big
bundles are sometimes done up
in a very little wrapping."—Del
Rio Herald.

WILD AND WOOLY.

The Wiley Rustler says the
Collin county grand jury re-
turned thirty-four bills of in-
dictment and recessed until the
16th of March to complete its
labors. It is evidently con-
scientiously following the com-
mand of the law to "diligently
inquire into and true present-

ment make" of all infractions
of the law.—Houston Post.

If it gets too tough for the
good citizens of Collin, we would
suggest that they come to Mc-
Culloch, where the only reason
our grand juries have for con-
vening at all is to comply with
the law which creates them.
Our grand jury adjourned last
week, after having been in ses-
sion only six days, and returned
only one felony indictment. And
this is the "wild and wooly
west," too.

Come to McCulloch!

**CLAUDE GALLAN'S COLUMN
"CRACKS AT THE CROWD"**

From Fort Worth Star-Telegram.

Mike Harris, who was with
the Waco Morning News before
that publication went dry, has
moved his wife and vocabulary
to San Antonio, where he will
write about "an horse" for the
Express. Personally we dislike
Mike because he uses pure Eng-
lish, but he may in time get
over the habit of calling a man
a "mon" and a route a "root."
Most of the San Antonio people
rode into the city on horseback
and if he tries to hand them
much of that eastern "slang"
they will hang him by his own
suspenders.

The Lufkin News says the
best way to locate a "snap" is to
"hem up a mule early in the
morning and hook him to a
plow, coax him up and down the
corn rows until the horn blows
for dinner, and immediately af-
ter that go right back and take
up where you left off." Do you
know, we have thought of that
but are simply too tender-heart-
ed. We couldn't think of work-
ing a poor mule that way. Of
course, the driver's part is all
fun, with nothing to do but
hold the plow and guide the
poor, dumb mule.

Bible Class.

The regular weekly meeting of the Bible class was held at the Church of Christ Wednes-day afternoon, and a profitable and enjoyable meeting is re-ported. A number of members of the class were absent on ac-count of sickness. For next Wednesday's lesson the class will take up the study of the 25th and 26th chapters of St. Matthew, and all members are urged to attend.

Ladies Social Club.

Mrs. F. W. Callan proved a most delightful hostess to the members of the Ladies Social club at their meeting Wednes-day afternoon, the session prov-ing a most pleasant one.

The ever popular game of "42" was the diversion of the afternoon, and at the close of several highly interesting and exciting games the hostess serv-ed delicious salad and coffee to the following: Mesdames Will Vaughn, R. B. McClure, R. A.

John Wall; Misses Elizabeth Souther, Gillie Macy, A. H. Savage, Mary Anderson and Lillian Roberts.

The club held an interesting business session on Tuesday afternoon of this week with Mrs. Chas. T. White. The next regu-lar meeting will be with Mrs. J. R. Stone next Friday after-noon.

Celebrate Birthday.

"Misses Mildred and Marie King with hearts full of cheer Invite you to come to their birthday party:

Just step up and knock at 3 o'clock, And a welcome awaits you most hearty"

In response to the above in-vitation, a number of their little friends were guests on Saturday afternoon of Little Mildred and Marie King, twin daughters of Mr. and Mrs. Lee King, cele-brating their fourth birthday anniversary.

The little folks enjoyed the usual childish games to their full satisfaction, after which they were served with delicious hot chocolate, cake and divinity candy. The little hostesses were the recipients of many gifts from their guests in com-memoration of the happy occa-sion.

Those present included Little Misses Orvie and Norma Weg-ner, Marie Brock, Mary Camp-bell, Mildred Jones, Gertrude Wood, Nellie Brown, Nola Meers, Georgia King, Carmelita Baze, Zeda Plucker, Vennie Kirby; Masters Forest Jones, L. A. Williams, Jr., Carroll Wood, J. K. Baze, Clarence and Oran Sherrad, Carroll Lewis, Stewart

Some Snake.

Messrs. G. W. Clark and G. W. Cook of Lohn were here yester-day en route home from a hunting and trapping expedition in the Blue mountains of the Little Devils river country.

They had an experience on Monday morning which they will probably never forget as long as they live. About 2:00 o'clock that morning their dogs treed a big wild cat. The animal sought safety in a large cave and the two men followed him. Immediately on entering the cave they were warned of other occupants by whirring of rattlesnakes, and upon investigation they found the place literally alive with the reptiles. One of the number resented the pres-ence of the intruders and show-ed fight. Crawling out to the center of the cave the snake put up one of the greatest ex-hibitions either of the men had ever witnessed, and it was not until thirteen shots from a .22 calibre target rifle had been fired into its body that the rep-tile was finally dispatched. It was of the diamond variety and measured exactly ten feet in length and about twelve inches in circumference. It had thir-teen rattles, but it could be seen that a number had been broken off.

A large crowd of spectators gathered about the hack when the hunters reached Brady, and all declared it to be the largest rattlesnake they had ever seen. Mr. Clark said he would not part with the skin of the reptile for \$100, but that he was not hunting for any more experien-

Their many friends here will be delighted to know that the Hayes Theatrical Co., headed by Mr. and Mrs. Fred Hayes, will be here for an engagement of one night at the Lyric opera house next Monday, when they will present one of the very best dramas of the season, "Bought and Paid For."

The company filled a week's engagement here in the early fall, when they proved most popular with Brady theatre-goers, playing to good houses at each and every performance.

"Bought and Paid For" is one of the very best of the later dramas, and is one which teach-es a forceful moral lesson that is hard to forget.

AT THE LYRIC.

Good Vaudeville This Week—Home Talent Tuesday Night.

One of the best vaudeville teams appearing at the Lyric opera house this season was Casey Brothers, who held the boards this week at this popular amusement place. There are three of the brothers in the act—two of them under 14 years of age—and their capers keep the audience in an uproar from the rise of the curtain. The young-est, Master Eugene, essays the role of blackface, and his work is superior to many performers of more mature years, and his antics always bring forth the hearty approbation of the au-dience.

On Tuesday evening the young ladies of the Presbyter-ian Christian Endeavor gave a second performance of "Breezy Point" before one of the best houses of the season. Each member of the cast did herself credit, and the performance as

a whole was a decided success, both financially and artistically.

Organize B. Y. P. U.

The young people met at the Baptist church last Sunday evening at 6:45 and organized the B. Y. P. U., there being twenty-three names enrolled.

The following officers were elected:

Tom Ball, President; Miss Willie Martin, Vice President; Miss Katie Westbrook, Sec.-Treasurer; Committee on Pro-gram for next meeting: Carroll Thomas, Willie Martin, D. M. Beacham.

After which all enjoyed a sermon by Rev. Caperton.

We especially invite all to at-tend our meetings and assist us in our good work.

Brady High School Receives Scholarship From C. I. A.

As a mark of recognition of the high grade of work being done in the Brady High School this term, some young lady in the graduating class will receive a scholarship from the College of Industrial Arts at Denton, according to a letter received by Supt. W. L. Hughes this week from Pres. W. B. Bizzell of the college.

The letter to Mr. Hughes is self-explanatory, and is as follows:

"I am authorized by the Board of Regents to advise that your institution has been selected as one of the limited number of high schools in this state that is entitled to a scholarship appointment to the College of Industrial Arts.

"The girl in the graduating class of your institution who makes the highest general average in scholarship and deportment will receive an appointment which will reduce her fees twenty dollars should she enroll as a regular student in the College of Industrial Arts. This certificate, with the signature of the college authorities and under the official seal of the college, will be mailed to you on or about May 1st, and should be awarded to the girl making the highest average at the regular commencement exercises.

"I wish to congratulate you on the success of your high school and to express the hope that we may have one or more girls from your institution."

CALOMEL A GREAT DANGER TO MANY.

Has Bad Effect on Some—Dodson's Liver Tone Takes Its Place—Perfectly Harmless

If you will inquire at Jones Drug Co. you will find that Dodson's Liver Tone is guaranteed to be a safe, reliable remedy to take the place of calomel and a harmless liver stimulant having no bad after-effects. Indeed, this firm will refund purchase price, 50c, without question if you are in any way dissatisfied with this vegetable liquid.

It is very unwise to take calomel, even dangerous, as many people suffer from the poison afterwards, even though they may appear at first to be temporarily relieved. On the other hand, Dodson's Liver Tone works—easily and naturally, really assisting nature, with no pain nor gripe and correcting all bilious conditions and ills of constipation, clearing away the sick headache and the coated tongue, brightening up the dulled brain and strengthening the weakened body at the same time that it removes collected waste from the overburdened system.

Those who have tried Dodson's Liver Tone have found that it made them healthier and happier. A test may prove of great benefit to you right now.

We Promise You Relief from All Stomach Troubles—Or Your Money Back

We honestly believe we have the best remedy in the world for indigestion and dyspepsia. We urge you to try it at our risk. If it doesn't relieve you—as we feel sure it will—we'll give back your money without a word. You know us—your family druggist. You know we wouldn't dare recommend anything we didn't know about, nor dare to break a promise. Therefore, when we recommend any remedy it is because we believe it to be better than any other to relieve the ailment for which it is made, and when we prove our faith in it and our sincerity toward you by promising to give back your money if it doesn't relieve you and in every way satisfy you, you have no possible excuse for doubt or hesitation.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good Delays Are Dangerous You Risk No Money

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, aid in rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.

Sold only at the more than 7,000 Rexall Stores—the World's Greatest Drug Stores. In convenient boxes—three sizes: 25c, 50c, \$1.00

THE BRADY-MASON PIKE

TURNPIKE VS. RAILROAD.

The Influence of the Turnpike on Real Estate.

No community can be greatly advantaged, financially, without enhancing the value of its realty. And every convenience added to the common travel of a community adds more or less to the value of its real estate. The railroad does, indeed, advance much property where it goes, and will increase the value of nearly all the property in its station towns, but not so much as is generally expected. And much property along its right of way between the stations is seriously damaged. And very little property back a few miles from the stations, though in close proximity to the road, is enhanced in value.

Indeed, the general advancement along the line will scarcely make up for the damage to the property.

Instead of uniting communities it rather divides them as crossings are not always conveniently arranged.

With the turnpike how different! Every farmer who is touched has his station at his door. That is, convenient access to the utility of the road. He does not have to tug his produce through miles of mud and sand to a crossing, and through other miles of the same to the station and then wait the pleasure or convenience of the road for shipment.

But immediately upon the pike he is off to shop or market at his own will. Labor and time is saved, life is sweetened, and

his property is enhanced in value. It is worth more to himself because of the ever present convenience of such a highway.

The rains may come or it may freeze and thaw, and the drouth may deepen the sands, yet his necessary travel is not impeded by either. For 365 days in the year he has a delightful highway, enhancing in its perfect utility, over which he may market his products and prosecute his pleasures. If his land is tillable, he has an ever ready access to market for his products; if it is rough and rocky he has a market for the rocks themselves in the occasional repairs for the road, as well as in the building of the same.

The streams are all bridged or culverted, so that floods may come and his travel is not affected when once upon the highway.

The railroad cannot add these conveniences to rural life, which are no less profitable to the city or town with whom he communicates than to the rural citizen himself, and therefore it cannot advance the value of its adjacent lands nor its connected towns as does the turnpike.

Accessibility is the goal for farms, ranches, towns and cities, and that which furnishes the greatest accessibility is of the greatest value, because of the greatest convenience.

Taking all these into consideration, our judgement is that real estate is enhanced in value one hundred per cent more by a first-class turnpike than by a railroad. And to all the interests of a community like ours, it

is worth five dollars to every dollar of benefit to be derived from an average railroad.

If we had the railroad we would still need the turnpike vastly more than we would need the railroad if we had only the turnpike. There is no class of corporations today in Texas that feel the need of good roads more than the railroads, unless that be the auto-sales companies.

The railroad frontage is a signal of danger and is therefore shunned by the settler, while the turnpike frontage is so eagerly sought for convenience that it soon becomes as valuable, comparably, as the frontage of a boulevard in a city. It is, in fact, a great boulevard from town to town, and unites all it touches in a common sisterhood, as it binds them together in their common interests, and adds to their number every soul who is fortunate enough to obtain an acre frontage along her right of way.

And all property approximately near thereto is enhanced in value as much as if thus near to a station along a railroad. And this value incurs not only to those farms or ranches that are near the villages along the turnpike, but to every acre of land that is reasonably near to any accessible point of the same. And therefore the general enhancement on the value of real estate by the presence of a turnpike through a country exceeds by many fold that obtained by a railroad through the same. How many dull days do our merchants experience when our roads are in such a condition that the farmers cannot come to town? How many thousands of destitute experiences to our city population suffer for want of such conveniences in travel?

The turnpike is the only solution, the railroad cannot touch it. Respectfully,
B. S. GLEANER.

HEADACHE, COSTIVE BILIOUS,—“CASCARETS.”

Liver and Bowels are Clogged—Clean Them Tonight! Feel Bully.

Get a 10-cent box. Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermented food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets will immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poison in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

Texas Greatest Loss.

According to certain studies made of the earnings of educated and of uneducated individuals, the average earnings of persons who had remained in school till 18 years of age and received 12 years of schooling of 180 days each, are approximately \$1,000 a year; the average for uneducated, \$450 a year. The life expectancy of persons of 18 years of age is placed by life insurance companies at a little over 43 years. The average life time of individuals for production after 18 is, therefore, 25 years. In this time the educated person would earn \$25,000; the uneducated, \$11,250. The educated individual would earn \$13,750 more than his uneducated brother. His 2160 days of schooling have been worth \$6.36 per day for each day he attended school.

In Texas in 1910-11 there were 968,269 children within scholastic age, (7-17.) The average school term for that year was 135 days. The possible number of days of school attendance for all these children during the 135 days would be 129,716,315 days; while the actual attendance was only 73,942,853 days. The absence from public school attendance, therefore, would be 46,773,462 days. There are, however, approximately 10,000 of these children enrolled in private schools. Granting full attendance for them and making the deduction, there would remain a net absence from school attendance of 42,423,462 days.

Taking the value of each day of schooling to be worth \$6.36 in addition to the earning power of each individual there would be a total loss of \$287,903,218.32. Granting that our schools should have run 180 days instead of 135 the total loss would be \$565,806,436.64.

In this calculation no deduction has been made for those children who will probably die before reaching the age of 18 years.

Calculating the probable deaths by standard mortality tables, 940,293 of the 968,269 children will live to be 18 years of age. On the other hand, how-

W. Hall, 2920 Olive St., St. Louis, Mo. Send for Texas testimonials. Sold by druggists.

ever, there were approximately 79,500 children 17 years of age not enumerated. Of these the mortality tables would show that approximately 78,100 would live to be 18 years of age. Only a small per cent of these children attend school, and the loss sustained in this would more than offset the error in failing to deduct the probable deaths of approximately 28,000 children between the ages of 7 and 17.

The value of the cotton crop of 1910 was \$265,955,944; while the grand total value of all the principal crops of Texas for 1910, including corn, wheat, oats, barley, rye, rice, emmer and spelt, kaffir corn, milo maize, peanuts, other grain and seeds, potatoes, sweet potatoes and yams, sugar cane, tobacco, cotton and cotton seed, and truck, was \$476,711,944.

In money value, then, Texas is losing more each year by the non-attendance of her children upon her schools than her entire cotton crop is worth; and by short term of school and non-attendance of children more than the total value of all her crops.

Is this worth saving? What would this amount of money do?

The average cost of building sand-clay road in Texas is given at \$593 per mile; gravel, \$1,708; macadam, \$2,160. According to these averages, \$565,021,806 would build 952,819 miles of sand-clay road; of gravel, 330,309 miles; or of macadam, 261,584 miles. In other words, the loss by non-attendance of our children in school during one year would build from one to three miles of good road on every square mile of land in the entire state.

There are in Texas 14,606.35 miles of railroads, valued at \$293,258,004.75. Our loss from non-attendance in school in one year would approximately twice rebuild our railroads.

The total value of all public school property of the state is approximately \$27,000,000. The loss from non-attendance would more than replace this twenty times; or it would build a high-school building worth over \$65,000 in every common and independent school district in the state. We spend \$15,000,000 a year on our schools and lose thirty-seven times as much by non-attendance.

The total loss of our cotton crop would affect the entire commercial, industrial, and social world. The calamity of an entire crop failure can not be estimated. The destruction of all of our railroads and school property would paralyze the industries and progress of our state. But none of these, in actual money loss, equals what we lose by the non-attendance of our children in school. Possibly all of this can not be saved, but the major part of it can be. How long shall we let it continue to waste? Natural resources pale into insignificance when compared to the worth of cultivated minds. Savages starve in the rich valleys of India. To be prosperous an efficient, educated, and enlightened citizenship is the first essential. Does Texas desire to be prosperous? Will she be wise?

All Clogged Up? Here's Quick Relief

A Simple Remedy to Correct Constipation Before it Becomes Chronic.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salts, mineral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is seldom necessary, and much better and more permanent results can be obtained by using a scientific remedy like Dr. Caldwell's Syrup Pepsin. It does not hide behind a high sounding name, but is what it is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the worst chronic constipation. In fact, among the greatest endorsers of Syrup Pepsin are elderly people who have suffered for years and found nothing to benefit them until they took Syrup Pepsin.

It is a fact that millions of families have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of Mr. H. W. Fenstermaker, Siegfried, Pa. He says he has had wonderful results from the use of

MR. H. W. FENSTERMAKER

Dr. Caldwell's Syrup Pepsin, that, in fact, he has never found a remedy so good, and he is glad to recommend it. The special value of this grand laxative tonic is that it is suited to the needs of every member of the family. It is pleasant-tasting, mild and non-gripping. Unlike harsh cathartics, it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all medicines can be dispensed with.

You can obtain a bottle at any drug store for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.

Families wishing to try a free sample bottle can obtain it post-paid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

DISTRICT COURT.

Damage Suit Takes Most of Court's Time This Week.

The wheels of justice have been "grinding slow" and exceedingly "fine" in district court this week, the damage suit of the San Antonio Loan & Trust Co. vs. G. R. White et al consuming practically all the time of the court.

Another important case disposed of was that of San Antonio Loan & Trust Co. vs. Chas. T. White et al for damages, in which a verdict was returned late yesterday afternoon in favor of the defendant.

The following orders have been entered:

Nora Clark vs. R. F. Clark, divorce; plaintiff granted leave to file first amended petition.

Oscar Strickland vs. Anna Louise Strickland, divorce; granted.

W. H. Melvin vs. J. I. Glover, suit on notes and for foreclosure; judgment for plaintiff.

M. A. Bumgardner vs. W. C. Bumgardner et al, partition; continued to make new parties defendants.

Southland Life Insurance Co., vs. J. T. and O. Duke Mann, suit to establish lien; continued.

San Antonio Loan & Trust Co. vs. C. T. White et al, damages; verdict for defendant.

San Antonio Loan & Trust Co. vs. G. R. White et al, damages; dismissed at plaintiff's cost.

Court will adjourn this afternoon for the week.

A Wonderful Range.

The Schubert Lady Quartette has a range of voices of considerable over three octaves, the Contralto having as phenomenal a low voice as the Soprano has a high one. This enables them to render a class of music that is entirely out of reach of the usual female quartette, and nearly all of their selections are written or arranged especially for them. Hear them March 19th at the Lyric opera house.

"The Girl and the Tramp." Comedy will reign supreme tomorrow night at the Lyric opera house where "The Girl and the Tramp" will be seen for an engagement of one night only.

"The Girl and the Tramp" is a new play which has been written by Carlos Inskeep to fill out the gap which has been left by the passing of the common melodrama with its thrills and its unlikely characters and situations and the high-class musical show which cannot profitably be given at popular prices.

Fun the people always want. "It is to laugh" said Louis Mann, and theatrical men who take the money know that a play which really will produce the laughs always takes the money.

In "The Girl and the Tramp" is told the story of a man whose home was ruined many years before the play starts by a villain and who has been forced into the "submerged tenth" as a common tramp. Well educated, yet saddened and reduced to the level of a vagabond he roams the country until the beginning of the play, he is engaged by the same man who ruined his home, but whose identity is not known to him, to work out another piece of villainy.

As soon as Happy Jack, the tramp, learns what is expected of him, he turns to help and not injure the villain's victims. With Flo, a bowery girl, he finally works the salvation of the family and finds in Flo his long lost daughter. Miss Floy Mann, the charming young comedienne is seen as Flo and with Fred A. Byers, who plays the tramp, she has several musical numbers.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death."

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.
