### At the Opera House

Manager Julius Levy announces as an added attraction for Wednesday and Thursday nights, the motion pictures taken on Miller Bros' 101 ranch at Bliss, Okla. The entire picture consists of six reels, the first three of which depict scenes on the big ranch, such as a stampede of 50,000 head of steers, a round-up, "bronc-busting," and camp life on the range. The other three reels show a performance given by the Miller Bros' famous 101 Ranch Wild West show. The first three reels will be shown on Wednesday and the second Thursday night, two performances being given each night.

Mr. Levy has also secured the series of sensational pictures known as "The Million Dollar Mystery," and will show the first installment Friday night, and the succeeding numbers on Friday night of each week. This is one of the most talked-of pictures yet produced, and one for which the local manager has been working to secure for the past two or three months.

Concerning the Miller Bros' ranch pictures, the Merkle Mail last week contained the following:

"The program for the first day shows scenes of actual life, day in and day out on the famous Miller Bros., 101 Ranch of Bliss, Oklahoma. Some of the exciting scenes of today's program is where Juanita Perry throws a full grown steer by the horns. She and her twin sister give many dare devil exhibitions of bravery in riding wild horses and steers. See negro Bill Pickett jump from a running horse to a steer, bulldogging the brute by grabbing the steer's nose with his teeth.

"The program for Saturday is extraordinary in every respect showing the 101 Ranch in its 1914 exploits. Broncho busting, trick roping, auto polo, fancy riding.

"One of the most fascinating scenes of the pictures here show Juanita Perry vaulting from one side to the other of a running horse. She does this act several times while the horse is running at its best, the rider grasping the saddle horn in executing the maneuver."

### MAKES BIG DEALS

#### McCulloch County Real Estate Exchange Reports Sale

R. D. Dyer, manager of the McCulloch County Real Estate Exchange, returned Sunday morning from Brownwood and San Angelo, where he spent the week in closing up some real estate deals.

While in San Angelo Mr. Dyer closed a deal between the owners of the Princess theatre at that place and J. H. Russell of Abilene, whereby the latter becomes the owner of the property. The theatre is one of the most popular amusement places in Angelo, and is considered as one of the best revenue-producing theatres in West Texas.

The building is 500x100 feet, is located on one of the principal streets of the business section of the city and has a seating capacity of 1,000. The consideration in the deal was \$33,000.

A deal was also closed by Mr. Dyer last week, J. H. Russell of Abilene selling his ranch in Val Verde county to D. E. Smith of Brooksmith. The ranch consists of 17,712 acres, is unimproved, has nine miles of river front and a number of living springs. The consideration in this deal totaled \$43,000.

Another deal in which Mr. Dyer acted as agent was closed up in which O. R. Smith & Son disposed of their stock of general merchandise, store building and a farm near Brooksmith to N. G. Graves, late of Mississippi, paying therefor \$22,000.

Mr. Dyer states that a number of other deals are pending, and that he expects to be able to close up several more within a few days.

### Potash in the Fannandle.

The European war is teaching us the lesson of the silver lining to the dark cloud in regard to the development of our resources. Our dependence on the nations which are now at war was never fully realized until a great calamity closed the doors of commerce and stopped the flow of products from foreign lands to this country.

The director of economic geology of the University of Texas has recently issued a report concerning our mineral resources, showing that many of the minerals which have formerly been imported from foreign countries, abound in unlimited quantities in this state.

In the item of chloride of potash alone, we imported in 1912, \$10,826,098 worth for use in this country while experiments with one well in the Panhandle of Texas prove the existence of this mineral in larger quantities than many of the leading deposits of the world.

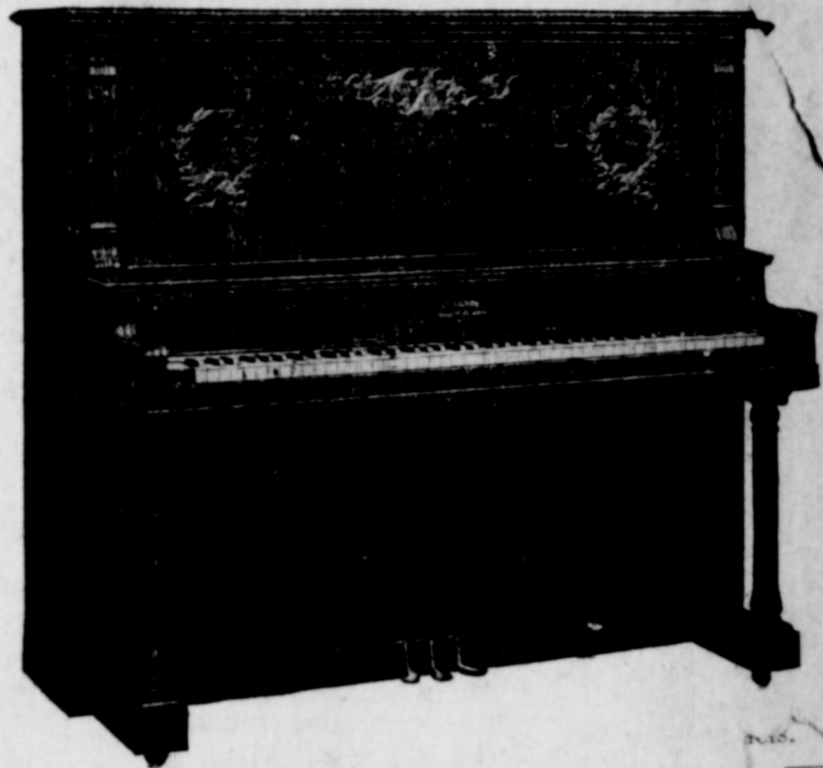

6 sections in El Paso county to trade for farm or town property. Water and house, no fence.

### LATEST IN HOG RAISING

#### Farmer Leases Out Car Load of Sows; Benefits Everybody

San Benito, Tex., Oct. 26.—R. O. Barron, a progressive farmer of this place, without waiting for the banks to furnish the credit, purchased a car load of thoroughbred Duroc Jersey sows from the stockyards at Fort Worth and had them shipped to San Benito. Then he carefully selected a number of worthy farmers and leased them one or more sows each, as the circumstances appeared to justify. By the terms of the lease the lessee agreed to care properly for the sows, which had all been bred before shipment, and at the end of three months to return the sows and one-half of the pigs to Mr. Barron, keeping the other half of the pigs for himself. San Benito can grow plentiful feed crops and has mill waters and there are thousands of hogs on the San Benito tract now where a year ago there were but hundreds. It is said that hogs can be and have been raised there at a production cost of two and one-half cents per pound. The banks of Texas have been and are leaders in the better farming movement, and will no doubt render substantial aid in their own communities along these lines, but Mr. Barron's accomplishment shows that any public-spirited citizen can initiate this plan if necessary.

The introduction of hog raising on a larger scale around San Benito has not only furnished every grower with meat, but has also provided a cash crop that wartime conditions will only render more and more remunerative. Grain and sweet sorghums, cowpeas, peanuts, and other feed can be grown cheaply in almost every section of the state, and a carload of fat hogs marketed twice a year will make a man a better living than many farmers have ever made from cotton.

### Buys Melvin Gin

Wm. Bauhof, formerly of this city, but who, for the past several months has held a position with the Texas Manufacturing Co., of Fort Worth as traveling salesman, last week purchased the Melvin gin from R. B. Hardin, taking charge of the plant at once.

Mr. Bauhof is one of the best gin men in the country, having had many years' experience in the business, and is well known to the farmers of this county. For several years he was in charge of a string of plants belonging to the Perry Gin Co., but for the past two years was in charge of one of the local gins which he purchased from the Perry Co.

He will give his personal attention to his new purchase, but will retain his position with the Fort Worth concern, making trips for them when occasion demands.

### Man Who

Princip fired the bullets which killed him. Princip will go down in history as the man who started the European war. He is an 18-year-old Serbian student. Austria charged that Serbia was constantly fomenting a revolution against her authority in the province of Bosnia and Herzegovina and submitted an ultimatum to Serbia, which carried such harsh terms that Serbia's only alternative was war. Germany supported Austria against Serbia and Russia sided with Serbia.

The original cause of the quarrel was almost forgotten when England and France were drawn into the vortex of the war.

### EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel poses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel. It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

### NOTICE OF SALE OF LAND BY SHERIFF

By virtue of an order of sale issued out of the District Court of McCulloch County, Texas, by the clerk of said court, on Oct. 12, 1914, on a judgment rendered in said court on September 25, 1914, in the case of Emery L. Davis, executor of the estate and last will of E. A. Davis, deceased, vs. J. R. Bingham, No. 1462 on the docket of said court, foreclosing lien on land herein mentioned, I, J. C. Wall, sheriff of McCulloch County, Texas, did on the 12th day of October, 1914, at 10 o'clock A. M., levy said order of sale on said land; and I will sell said land at public sale to the highest bidder on November 3, 1914, being the first Tuesday in November 1914, between the hours of 10 o'clock A. M. and 4 o'clock P. M., at the door of the courthouse of McCulloch County, Texas, in the City of Brady, to satisfy said order of sale. Said land is situated in McCulloch County, Texas, about 16 miles northwest from City of Brady, about 1 mile west from Pear Valley postoffice, and in the central part of the northwest quarter of the county, and is 336.8 acres out of Fisher and Miller survey No. 2597, and is most generally known as the J. R. Bingham place or farm, and is the same land conveyed by O. D. Mann to J. R. Bingham by deed dated January 1, 1909, recorded in Vol. 28, Page 68, deed records of McCulloch County, Texas, which deed and record are here referred to and made part hereof for description of said land and the vendor's lien foreclosed.

Witness my hand this Oct. 12, 1914.  
J. C. WALL,  
Sheriff of McCulloch County, Texas.

### Army Horses Bring \$140.

Fort Worth, Tex., Oct. 26.—The countries engaged in the European conflict continue to draw heavily on Texas for army horses, according to the horse and mule dealers in this city who have sold the agents of the various countries several thousand and head of animals during the last few weeks. The horses are bringing on an average of \$140 per head, which is a substantial increase over prices paid previous to the war.

**MOTHER! THE CHILD IS COSTIVE, BILIOUS**  
Look, Mother! If Tongue is Coated Give "California Syrup of Figs."

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half sick, isn't resting eating and acting naturally — look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomachache, diarrhoea, sore throat, full of cold, give a tablespoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

When you want anything in the feed line just ring 295. We'll do the rest. Macy Grain Co.

### Will Change Cattle Industry.

Galveston, Oct. 26.—Declaring that the raising of more cattle is the solution of the food problem, N. E. Hay, former governor of Washington, and who was recently in this city, says that Texas farmers should give more time and thought to this particular line of industry. He also said that the farmers must plant a greater acreage to forage crops, as the large grazing lands are rapidly diminishing, being cut up into small farms. Sudan grass, according to his theory, will do more to revolutionize the cattle feeding problem in this country during the next few years than any other crop grown today.

**Short Corn Crop Predicted**  
Washington, D. C., Oct. 26.—The Texas corn crop of 1914 will be less than the one of 1913. It will, however, exceed the average year's yields of the past five year period by five million bushels, according to a report issued today by the U. S. department of agriculture. Based on conditions prevalent early in October, the 1914 yield will be around 25,400,000 bushels, according to the government experts. This is 2,000,000 bushels more than the estimate of September 1 showing 1913 Texas produced 163,200,000 bushels of corn, the largest yield since 1908, when the output was around 202,000,000 bushels. The average annual crop of the past five year period has been 120,256,000 bushels.

**The Texas Horse in Battle**  
The Texas horse is one of the first to answer the bugle call of the European war. A Greek steamship, Petditsis, loaded 1,000 Texas horses at Galveston recently, which was the first of a consignment of 10,000 animals for Great Britain's army which were exported through the port of Galveston during the month of October.  
The Texas horse as a utility animal excels that of any other state in the Union. He has plowed our fields, fought our battles and is the most faithful of animal kind. His reputation has extended to other countries and he is now going to perform the services for foreign nations which he has so faithfully fulfilled at home.

**NERVOUS DYSPEPSIA, GAS OR INDIGESTION**

"Pape's Diapepsin" Settles Sour, Upset Stomachs in Five Minutes.

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes.  
If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.  
Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.  
Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.  
Relief in five minutes from all stomach misery is waiting for you at any drug store.  
These large fifty-cent cases contain enough "Pape's Diapepsin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.
