One Cent Sale.

"Something new under the sun" is to happen in Brady Thursday, Friday and Saturday of this week when Jones Drug Co. inaugurates their 1c sale of Rexall products. This sale is unique, both from the standpoint of being out of the ordinary, as well as being a remarkable value-giving event. At this sale the price of any Rexall article, plus one cent, secures two of the articles for the purchaser instead of one. Needless to say, this sale is not based upon profit, but rather upon the value of getting the articles introduced in every household, the high quality of the goods making for future business, from which profit may be had. The reader should carefully study the values set forth in the page ad on third page of this issue, and be ready to take advantage of the offer which holds good for three days only—Thursday, Friday and Saturday of this week.

Look for the big United States flag at the drug store on the corner—it means a gala event for the people of Brady and McCulloch county.

BRADY MARKETS BEST.

McCulloch County Turkeys Finest Northern Markets Offer.

McCulloch county has won new laurels and again takes foremost rank—this time in the matter of premier turkeys. The Thanksgiving birds marketed from Brady by H. P. Roddie & Co. and consigned to Chicago, Philadelphia and New York markets, go on record as the finest these markets offered.

A total of 10,100 turkeys were shipped from Brady by this enterprising firm, while 5,000 birds were shipped by the Menard branch, making a grand total of 15,100. A minimum of 1800 birds are shipped in a car load, and 2,000 birds make about the average car load. At this rate, between seven and eight car loads of turkeys were shipped for the Thanksgiving market, and this number will be materially increased during the next few weeks by the Christmas marketing.

\$300,000 RANCH DEAL.

Wm. Bevans Trades Interest in Big Canyon Ranch.

A deal was consummated here Thursday afternoon between Wm. Bevans of Menard and R. R. Russell of San Antonio whereby Mr. Bevans traded his interest in the Big Canyon ranch Co. of Terrell county to R. R. Russell for the Burbank ranch located in Menard county on the San Saba river. The deal was proposed, accepted and the papers drawn up and executed all in less than three hours.

The Burbank ranch is recognized as one of the most valuable, as well as the largest stock ranch in Menard county. It consists of 33,000 acres. The valuation per acre was \$7.00. Mr. Bevans secured, in addition to the ranch, 2500 one and two-year-old steers. The price for these was \$40 around, making a total of \$100,000 for them alone.—Menard Messenger.

McCulloch County Attaining Prominence at A. & M.

McCulloch county is occupying a prominent spot in the limelight of publicity at A. & M. college this year, due to the numbers and activities of the students from Brady and McCulloch county. The bunch has organized "The McCulloch County Club," in order to get their pictures in the "Longhorn," the official annual publication of A. & M. college. So far as the records show, McCulloch county has never had representation in any college annual in the way of a club picture, but this year Grand Old McCulloch is coming to the front eleven strong.

A whole page of the "Longhorn" will be devoted to the McCulloch County Club, the following being represented in the picture: J. B. Joyce, president; C. J. Koerth, vice president; L. S. Walker, secretary-treasurer; O. L. Neyland, sergeant-at-arms; R. W. White, E. B. Wiloughby, J. B. McKnight. Honorary members of the club are R. C. and W. M. Thaxton, Mason, H. E. Winters, Stephenville (but his heart is in Brady), A. M. Martin, Waco.

To quote the boys: "Now, if this bunch couldn't boost a good town like Brady, who could? It's even as lively as The Brady Standard, and, by the way, we always keep a fresh copy on hand."

The entire McCulloch County club is heart and soul for A. & M., and their enthusiasm over A. & M.'s victory of 21 to 7 over the famous Haskell Indians eleven was surpassed only when the University eleven went down before them in defeat on the 19th inst. to the tune of 13 to 0, thereby giving A. & M. title to the Southwestern championship.

Another item of interest is that Berry Joyce is wearing sergeant major's stripes. Whether he acquired these honors by getting a sure enough German scalp or by performing some other heroic stunt a la Mutt and Jeff has not yet been ascertained.

STATE TEACHERS.

Superintendent E. L. White Returns From Association.

E. L. White, superintendent of public instruction in McCulloch county, returned yesterday from Corpus Christi, where he was in attendance upon the State Teachers association, which convened there Thursday of last week. Mr. White reports a great meeting, with an enrollment of 1500, and some of the foremost lecturers and educators in the United States were on the program.

Foremost among the speakers was Dr. McBrien of Washington, D. C. Dr. McBrien is an associate of Dr. Foght, who is well remembered here, having taken part in the institute held in Brady last year.

Following Dr. McBrien, and also of greatest interest, was the address of Dr. Watters of Kansas.

Mr. White was also on the program, the subject assigned him being "How Much Consolidation is Desired?" Mr. White also reviewed the joint institute held in Brady the past month, and found a responsive audience who evidenced great interest in the work accomplished at the joint session of the teachers of four counties.

At Church of Christ.

Elder H. F. Oliver will hold services at the Church of Christ Thursday, Friday and Saturday nights, also Sunday morning and evening. Everybody is cordially invited to attend all these services.

MORE NEW BUICKS.

Brady Auto Co. Expects Three Shipments Next Month.

Brady Auto Co., local agents, are looking forward to another car load of Buicks scheduled to arrive tomorrow, and as fast as they can be unloaded deliveries will be made to waiting purchasers. In the lot is one 6-cylinder roadster for Jess Irwin; two 6-cylinder 45 horse power touring cars, one for J. R. Malmstrom of Melvin, the other for J. W. Fleming, and one 6-cylinder, 55-horse power, 7-passenger touring car for G. L. Harper of Brownwood.

Another car load of Buicks consigned to Brady Auto Co. will leave the factory next Friday, and Manager B. A. Hallum is anticipating not less than three shipments during the coming month, with a possibility of a fourth. Should this anticipation become a reality, the local agency will be enabled, in a large measure, to relieve the pressing demand for Buick cars. The 1915 season has been a very satisfactory one for Brady Auto Co., so far as the demand and possibility of sale for Buick cars has been concerned, the only difficulty being the securing of the cars.

BRADY, TEXAS, Nov. 30, 1915

ABOUT WALKS.

An editor occupies a peculiar position. He is supposed to be the fountain head of information, advice and progress. He is supposed to be able to tell off-hand who whipped Tom Sharkey and when, as well as to discuss in learned and indisputably correct form which offers the greater menace to public health—the fly or the mosquito.

He is better than a policeman to tell your troubles, your neighbor's troubles, and the whole community's troubles to.

Perhaps this is the reason wherefore lectures upon the shortcomings of the community are visited upon his defenseless head. It is not a pleasant task; he is hardly to be blamed when he gets red behind the ears when he has a visitor, a newcomer or a new citizen tell him, "You have a good town here, and I like the people fine, BUT —"

Ah, that BUT. What a store of civic omissions it covers!

It has been this editor's misfortune within the past few weeks to hear more complaints about Brady's lack of good walks than at any similar period in his journalistic history. Much could be said about this lack—very little in defense. Brady is miles behind her natural progress in the matter of sidewalk building. Take Lampasas, for instance—there are few or no Bradyites who would admit Lampasas to be in a class anywhere near approaching that of Brady—Lampasas has just completed the building of seven miles of cement walks, making ten miles of permanent walks in that town. The city has also laid cement walks at this principal street crossings. This fact is not only a matter of local pride, but it is of such civic importance as to be deemed worthy of space and special emphasis in the Dallas News' Industrial

trial page of last Saturday. Sidewalk building is epidemic. Let the progressive citizens start the work, and the owners of property adjoining will get the spirit and fill in the gaps.

BRADY'S SQUARE.

The need of a city park in Brady has long been dwelt upon. Various plans have been set forth, and various suggestions offered. The most feasible plan is to convert the public square into a park. Not only would the appearance of the square be materially enhanced thereby, but the park would provide a resting spot for the visitors to Brady—and of all towns, Brady is sorely in need of a place for the tired and worn out visitors to rest a few moments during their stay in the city.

San Antonio is known throughout the South for her beautiful little parks and green spots. Every corner and plot of ground not devoted to business or residential occupation is set in grass, and studded with trees and ornamental plants. The result is that San Antonio is not only one of the quaintest cities, but one of the most beautiful and attractive as well.

There can be no defense of the unsightly public square.

Contrast it with the union depot grounds—and remember the public square could be made just as tidy and as attractive as the latter, and without inconveniencing or injuring anyone.

All matters of public improvement devolve upon public sentiment. Brady public sentiment should be so firmly emphatic upon the matter of improvement of the public square that no alternative should be left but to improve it as so frequently talked of.

THE SOLUTION.

The attention of The Standard has been called to the fact that the membership of the various clubs comprising the Texas Federated clubs which met in annual session in Brownwood a few weeks ago, is made up largely from among the ladies in the sunset of life. In other words, the sweet, kindly, and, many of them, grey-haired women who met in Brownwood a few weeks ago, are those who have grown boys and girls, and who, now, in the evening of life, find time to devote to matters of civic improvement and uplift. No doubt this explanation will suffice to cover the comment of the esteemed Brownwood News to the effect: "Brownwood has with her this week four hundred women delegates, and not a single, solitary baby among the lot. The question is, if these club women have babies, where do you suppose they keep them?" The attention of the News is also directed to the grey-haired, motherly lady among the delegates, who bore the distinction of having fourteen great-grandchildren.

One of the first steps in the building of a "city beautiful" is the building of good walks.

Indifference, lack of co-operation and discord has put many a promising town into the graveyard class.

WHY TIRED?

"My, how tired I am," remarked the old Liberty Bell when it arrived safely in Philadelphia on Thanksgiving day, after a double trip across the continent.—Brownwood Bulletin.

Why tired? Didn't the Liberty Bell travel in comfort and state? And wasn't it tongue-tied besides?

AUTO TOURISTS.

It is said that auto tourists spend \$100,000 annually in every county through which an auto highway passes. Coleman county is out of touch with this money. It should bestir itself.—Coleman Democrat-Voice.

The brief argument sets forth most eloquently the value of an auto tourist highway to a community. Good roads not only bring more tourists, but they afford the same advantages to the citizens of a county that they do to visitors or tourists. Brady and McCulloch county should build good roads—not only to Mason, but every main highway of the county should be permanently improved.

A BLOW.

Editor Schwenker says Brady needs a brass band. He's mistaken. It don't need one as long as he is in the pilot house of The Standard.—Menard Messenger.

Col. Billings, the esteemed editor of the Menard Messenger, has the proverbial sphinx "backed off the boards" when it comes to hidden meaning. Are we to infer that he means the "noise" we make, or is it the "brass" we have, or could it possibly be that he means we bi-weekly sing such a "tuneful lay" that a brass band, in comparison, would be nought but a discord and a dissatisfaction?

TICK ERADICATION.

Both Sutton and Crockett counties just recently voted for tick eradication. The ticks are being ousted from their domain. McCulloch and neighboring counties should get in line with the "progressives" and hold simultaneous elections to eradicate the tick. There is small question but what, if an election were called, the tick would be voted out almost unanimously.

Brady should vigorously push the raising of funds for the improving of the Mason road. The matter is of such vital importance that every day's delay merely lengthens the distance to the desired goal. TODAY should be the motto of every progressive citizen of McCulloch county.

There is no limit to the possibilities in Texas. Ed L. Ayres, chief inspector of nurseries for this state, says Texas will soon rival Florida in the importance of its grape fruit industry. He says further that the Texas crop is better flavored and two weeks ahead of Florida's.—Coleman Democrat-Voice.

McCulloch county turkeys placed upon the Thanksgiving markets of the North were conceded the finest offered. A few years ago McCulloch county turkeys, on the average, were little larger than the ordinary hen. Breeding up, cultivation and care and attention wrought the change. If Brady and McCulloch county could progress in all matters as it has in the raising of turkeys, what a wonderful land would we be living in.

The Rexall Store

ONE CENT SALE!

Thursday, Friday and Saturday, Dec. 2, 3 and 4

You Ask Us, "What is a One-Cent Sale?"

It is a sale where you buy an item at the regular price—then another item of the same kind for 1c. As an illustration: The standard price of Rexall Tooth Paste is 25c. You buy a tube at this price and by paying 1c more, or 26c, you get two tubes. Every article in this sale is a high-class standard piece of merchandise just the same as we sell you every day at regular prices, and have sold you for years.

You Ask Us, "Can You Afford to Sell at These Prices?"

Our answer is "We cannot." This sale was developed by the United Drug Co. as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1c. It costs money to get new customers and the loss taken on this sale will be well spent if the goods please you.

FOR BRONCHITIS, WHOOPING COUGH, CROUP, COUGHS AND COLDS

Make the Best Remedy at Home—128 Teaspoonsful for 50 cents.

If everything was sold in as liberal and fair a manner as the below named druggists are selling Schiffmann's New Concentrated Expectorant, absolutely no cause for complaint or dissatisfaction could possibly arise from anyone. These druggists say—"Buy a bottle of this remedy and try it for Bronchitis, Whooping Cough, Severe Cough, Croup or any Bronchial Affection, and we will return your money, just the same as we do with Schiffmann's famous Asthmador, if it does not give satisfaction, or if not found the best remedy ever used for any of these complaints." Why not take advantage of this guarantee and try this medicine, and get your money back, rather than buying another purely on the exaggerated claims of its manufacturer or on the strength of testimonials from others and run the chance of getting something worthless and also wasting your money?

In buying this remedy, besides securing an absolute guarantee of its efficiency from these druggists, you also get about eight times as much medicine as you would in buying most any of the old-fashioned, ready-made kinds, which average from 20 to 32 teaspoonsful, because 50c worth makes a whole pint (128 teaspoonsful) when mixed at home with simply one pint of sugar and one-half pint of water. This remedy positively does not contain chloroform, opium, morphine or any other narcotic. It is pleasant to take and children are fond of it. You will be the sole judge, and under this positive guarantee absolutely no risk is run in buying this remedy. Druggists everywhere are authorized to sell it under the same guarantee as Schiffmann's famous Asthmador of "Money Back" if not perfectly satisfactory. R. J. Schiffmann, Proprietor, Saint Paul, Minn. Guaranteed here by The Central Drug Store.

MELVIN MENTIONS

From Melvin Advocate:
And now a bank for Melvin is on the tapis. The proposition is developing and within a short time we hope to announce that all arrangements have been made for its opening.

Report comes that J. W. Riley, who is shortly to move to Melvin and engage in the mercantile business, recently lost his automobile by fire near Doole. The machine became ignited while traveling along the highway and was quickly consumed.

Aaron Anderson has sold his farm south of town to Andrew Johnson for \$24 per acre. Mr. Anderson will immediately re-invest in farm land near this city. He knows the productiveness of Melvinland.

C. H. Sandberg's car of household goods and farm implements came in from Manor Saturday, and Mr. Sandberg is now domiciled on his farm tract south of town. We are glad to welcome this good man and his excellent wife to Melvinland, for they are mighty fine people.

MAMMA, DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels At Once.

Mother! Your child isn't naturally peevish and cross. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing.

Directions for babies, children of all ages and grown-ups are plainly printed on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look to see that it is made by the California Fig Syrup Company.

SAN SABA SAYINGS

From The News.

C. B. Wood, the jumbo farmer of the county, was down from Lakeview Thursday attending to business in the county site. Mr. Wood and brother, Jeff, own something more than 2,000 acres of rich farming land and sold more than \$20,000 worth of cotton products this fall. Besides this, they have their own general merchandise store, their own gin, and ship quite a deal of wheat, oats and poultry. This farm is one of the biggest business institutions in the county. During seven weeks this fall they picked and ginned 260 bales of cotton, sold most of the lint at around 12 cents a pound and all the seed at \$50 a ton. Not many counties in Texas can boast of a farming enterprise on such a large scale.

W. J. Millican, chief alcalde of the Bend section, was in town Tuesday filing his regular report as justice of the peace with the honorable twelve. He reports that he has been threshing from 500 to 1000 pounds of pecans since the 4th day of October. From one tree he weighed 556 pounds and from another he gathered five big regulation sacks. These sacks weigh from 130 to 150 pounds each. This is the best pecan record so far reported.

Last week was turkey week. Four car loads, more than 80,000 pounds, were shipped, in addition to the countless coops and local shipments.

C. P. Williams went to Brady to accompany his wife and the baby home.

E. E. (Lige) Blackburn, unlawfully pursuing the business of selling intoxicating liquors, verdict of guilty and given two years in the penitentiary. Notice of appeal to the court of criminal appeals was given.

The new road machinery came in last week and the rock crusher was tried out by Commissioner Walker on the hill just south of town Friday. Commissioners Walker of this and Caveness of Cherokee precincts have bought a rock crusher and five dump carts, all of the latest and most up-to-date kind for use in making good roads in these two road precincts. In addition to these there is also a large tractor to work with them. Of course the tractor may be used for other and varied purposes.

A. M. Weir was down from Richland Springs Monday. He is the public weigher at that place and reports that he has checked 2075 bales of cotton through the yard there this fall.

From The Star.

Mrs. Dimmitt Wood of Brady was a guest in the home of Dor W. Brown last week while enroute to Cherokee to visit her mother, Mrs. Ellen Chick.

Mrs. H. Belovsky has returned from a visit with relatives at Brady.

Ollie Overby and Miss Jennie Saunders were married November 13th at the home of Rev. M. D. Robertson, who performed

the ceremony. They will make their home at Algerita.

The tabulation of the separate returns from the ginners for the November 1st report shows to be 6,762 bales of cotton ginned in San Saba county from the crop of 1915 prior to November 1st, 1915, as compared with 8,997 bales ginned prior to November 1st, 1914.

LOCAL BRIEFS.

Mr. and Mrs. U. T. Allen are the happy and proud parents of a fine boy who arrived at their home Sunday morning.

Frank Hurd went to San Angelo yesterday for a 1916 Buick touring car, which Brady Auto Co. will deliver to J. W. Tabor of Brownwood. This makes Mr. Tabor's second Buick car, Mr. Hallum having recently delivered a Buick roadster to him.

E. E. Polk has enlarged and improved his barbering quarters within the past two weeks, and may now boast of as neat and attractive quarters as can be found anywhere. The improvements included the moving of the partition several feet further to the rear, thereby affording additional room in the work shop, and also the placing of ventilators in the new partition. Not satisfied with this improvement, Mr. Polk has had the entire shop repapered, as a result of which it presents an appearance which may be termed "neat as a pin."
