### DISTRICT CONVENTION

#### FARMERS UNION TO MEET IN BRADY.

#### Delegates from Eleven Counties Expected to Attend—Arranging for Entertainment.

The Pecan Valley District Farmers Union No. 26 will hold its annual convention in Brady on Thursday, Friday and Saturday, July 27th, 28th and 29th. The district is composed of eleven counties, including Coxe, Brown, Coleman, Runnels, Tom Green, Concho, Menard, Mason, McCulloch, Comanche and San Saba.

It is anticipated that about 300 delegates will be on hand for the convention on the above-named dates, and a committee of the local Farmers Union is at work arranging for the care and entertainment of the visitors. This promises to be a huge task unless the city and citizens co-operate with the committee in every way possible.

Last year when the convention met in San Angelo that city arranged a program of entertainment for the first day that made a great hit with the visitors and which resulted in the praises of that city being sung upon the return of the delegates to their respective homes. The program included, among other things, an auto ride over the city during which the principal points of interest were shown the visitors, and also a barbecue, which was none the less enjoyable.

The committee are depending upon the city to furnish the first day's program of entertainment for the visitors and will heartily appreciate the co-operation and assistance of every citizen of Brady and McCulloch county.

### THE BIG STRIKE.

#### R. R. Men Wavering As to Quitting Roads.

Pronounced wavering of sentiment in the four brotherhoods of railroad men in their demand for an eight-hour day and time and one-half for overtime or a strike has become evident in Fort Worth Railroad circles.

It is stated by high labor leaders in close touch with the situation that most of the employees of the roads entering Fort Worth will vote solidly against the calling of a general strike of the four branches of service.

It is reported that engineers and conductors of the Santa Fe lines are endeavoring to withdraw from their participation in the demand for the eight hour day and time and one-half overtime. This, however, was denied by a prominent labor leader whose identity cannot be disclosed.

He stated that on this road there is a certain esprit de corps of fellowship between the employees and the heads of the departments which might be caused by especially fair treatment of the men—although no line has stricter rules than the Santa Fe—which will cause in nearly every instance a negative vote on the strike ballot; but, he added, he firmly believes the men of the Santa Fe will make no attempt to withdraw, as it would mean ostracism by employees of other lines.

With the present financial condition of the Frisco line, the unsettled condition contingent on the Mexican situation and the coming presidential election, employees of the Frisco say they believe that if it is justifiable the road will increase their wages without a strike, and are generally against the strike move.—Fort Worth Record, June 21.

#### Saturday's Game.

Saturday's game was the most evenly matched of the three. Ransom of Richland Springs was in the box for the visitors, and pitched good ball, while Burette Tipton for Brady settled down after the first inning and pitched ball like a veteran. The locals featured in stealing bases, Roddie developing greater aptitude in this direction than before. The locals also have three double plays to their credit. The visitors made all three of their scores in the first inning, but throughout the

## COMING EVENTS.

Brady has two events con-  
fronting it that will call for  
special effort upon the part of  
every citizen. The two occasions  
are the reunion of the ex-Con-  
federate Veterans in August and  
the annual convention of the  
District Farmers Union the latter  
part of next month. Both of  
these events will bring to the  
city a large number of delegates  
and visitors, and these folks  
must be taken care of and en-  
tertained. It is not a task for  
a few; rather an undertaking  
in which every citizen must  
join and be ready to do his  
part.

Any city that would main-  
tain a reputation for hospitali-  
ty, must take care of invited  
guests. That goes without say-  
ing. Then if the town would  
have good reports of itself  
spread abroad, it must enter-  
tain the visitors in such man-  
ner as to impress them with its  
spirit of hospitality and open-  
heartedness.

There are two forms of en-  
tertainment that are ever ap-

pealing and interesting. The  
first is an auto ride over the  
city, and the second is a barbe-  
cue. Brady has an ample number  
of car-owners to provide this  
first entertainment; and the sec-  
ond feature can be arranged if  
all will lend a hand.

Far better than to neglect  
visitors would be not to invite  
them at all. Therefore let every  
citizen of Brady co-operate to  
entertain our invited guests in  
the very most pleasant fashion.

## YOU BET IT PAYS.

The Standard makes no pre-  
tension of using magic with its  
advertising. It cannot sell a  
white elephant if there is no  
market for the pachyderm. But  
if the advertiser offers some-  
thing someone else needs or has  
use for, then Standard ads get  
results. Two more striking il-  
lustrations of effectiveness in  
advertising could not be had  
than in the ads of H. P. C.  
Evers and A. A. Lange. The  
former advertised awning made  
to order, and the ad, being op-  
portune and filling a decided  
want, resulted in Mr. Evers be-  
ing almost swamped with orders  
for awnings. Mr. Lange adver-  
tised a special on china dishes  
a week or two ago, and the re-  
sult was that he sold dishes un-  
til he lost all count of the num-  
ber. "Last Saturday," said Mr.  
Lange, "they kept me busy all  
day long wrapping up dishes."  
Mr. Evers says it pays.  
Mr. Lange says it pays.  
We say it pays.  
Let all three of us prove it to  
you!

Advertise in The Standard.

It is authentically stated that  
a band of Mexicans have been  
using the Fair park at San Saba  
for drilling purposes, and that  
the authorities of our neighbor-  
city had taken a hand in the  
game, dispersing the band and  
putting a stop to the practice  
drills. It occurs to us that the  
Mexican who attempts a warlike  
demonstration at this time, is  
sitting on a powder keg and let-  
ting the fuse burn mighty close  
to the bung hole. The Mexican  
who appreciates the joys and  
happiness of living in these  
United States had better wave  
Old Glory above his head and  
sing her praises. If he cannot  
do that, he had better vamoose  
silently and swiftly towards the

border of Mexico. To hesitate  
just now would bring him a  
whole lot closer to that other  
border—eternity.

tition filed in said Court on the 22nd

numbered on the docket of said Court  
No. 554, wherein E. J. Broad is Plain-  
tiff, and S. W. Campbell, Jessie M.  
Abbott and George L. Abbott are De-

State of Texas, County of McCulloch  
In the County Court of McCul-  
loch County, Texas, E. J. Broad,  
vs S. W. Campbell, at al, No. 554.  
To the Hon. John E. Brown, judge of  
said court:

Comes E. J. Broad plaintiff herein,  
who resides in McCulloch County,  
Texas, leave of the court having first  
been had and obtained, and files this,

herein and asks that the same be tak-  
en instead of the original petition filed

tiff represents to the Court that S. W.  
Campbell, Jessie M. Abbott, and  
George L. Abbott, herein styled de-  
fendants, all reside in Tarrant Coun-  
ty, Texas.

Plaintiff says that on the 26th day  
of October 1915, the defendants, S. W.  
Campbell and Jessie M. Abbott, made,  
executed and delivered to this plain-  
tiff their certain promissory note, for  
the sum of \$250.00, bearing date on  
the day and year aforesaid, payable  
to the order of plaintiff in Fort Worth  
and Brady, Texas, said note being  
due October 26, 1915, and bearing in-  
terest at the rate of 10 per cent per  
annum from date until paid and pro-  
viding for ten per cent, additional on  
the amount of the principal and inter-  
est as Attorney fees, if placed in the  
hands of an attorney for collection or  
suit is brought on the same, where-  
by defendants became liable and  
bound to pay plaintiff the said sum  
together with interest and attorney  
fees so specified in said note, accord-  
ing to the tenor and effect thereof.

That at the time of the making,  
executing and delivering of said note  
by defendants to plaintiff, the defend-  
ants, S. W. Campbell and Jessie M.  
Abbott, also made, executed and deliv-  
ered to plaintiff their certain chattel mortgage  
lien to this plaintiff, to secure the  
payment of said note, upon the fol-  
lowing described property situated in  
Tarrant County, Texas: One Cultiva-  
tor, one fourteen inch Racine Sulkey  
Plow, One Riding Planter, One Sec-  
tion Harrow, One Black Mare, about  
15 hands high, about eight years old,  
weighs about one thousand pounds,  
also one black mare about ten or  
eleven years old, about fifteen hands  
high, weight about one thousand  
pounds, all of said property being of  
the probable value of Three Hundred  
Dollars.

That at the time of the making of  
said note and mortgage, herein sued  
on the defendant, Jessie M. Abbott,  
was a married woman, her husband  
being George L. Abbott, whose place  
of residence is in Tarrant County,  
Texas, and who has been made a  
party hereto. That at the time that  
the said Jessie M. Abbott signed said  
note and mortgage, herein sued on,  
she signed the same with the knowl-  
edge and consent of her said husband  
George L. Abbott; That said note, was  
made, executed and delivered, by the  
said S. W. Campbell and Jessie M.  
Abbott, to the plaintiff, with the  
knowledge and consent of George L.  
Abbott, the husband of Jessie M. Ab-  
bott, that the property for which the  
note is given is the same property on  
which the mortgage was given and  
which the said S. W. Campbell and  
Jessie M. Abbott, taking over said  
property for her own special use and  
benefit, to be used on her own farm  
and that the note and mortgage was  
contracted and given by Jessie M.  
Abbott, for the improvement of her  
own separate estate.

That said note is now past due and  
unpaid and the defendants though  
often requested have failed to pay  
said note or any part thereof, to the  
plaintiff's damage in the sum of \$250  
and the plaintiff herein has placed  
the said note in the hands of his  
said attorney for collection and has  
contracted to pay the ten per cent,  
stipulated in said note and this suit  
has been brought.

That by reason of defendants failure  
to pay said note when due the  
plaintiff has been damaged in the  
sum of \$350.00, wherefore plaintiff  
prays the Court that defendants be

the property herein described and for  
such other and further relief, special

## SAVES DAUGHTER

Advice of Mother no Doubt Pre-  
vents Daughter's Untimely End.

Ready, Ky.—"I was not able to do  
anything for nearly six months," writes  
Mrs. Laura Bratcher, of this place, "and  
was down in bed for three months.

I cannot tell you how I suffered with  
my head, and with nervousness and  
womanly troubles.

Our family doctor told my husband he  
could not do me any good, and he had  
to give it up. We tried another doctor,  
but he did not help me.

At last, my mother advised me to take  
Cardui, the woman's tonic. I thought  
it was no use for I was nearly dead and  
nothing seemed to do me any good. But  
I took eleven bottles, and now I am able  
to do all of my work and my own  
washing.

I think Cardui is the best medicine in  
the world. My weight has increased,  
and I look the picture of health."

If you suffer from any of the ailments  
peculiar to women, get a bottle of Cardui  
today. Delay is dangerous. We know  
it will help you, for it has helped so  
many thousands of other weak women  
in the past 50 years.

RETURNS FROM YALE.

J. H. White Attended Commencement Exercises.

J. H. White returned Sunday morning from New Haven, Conn., where he attended the commencement exercises at Yale, his son, Joe, receiving the A. B. degree. Mrs. White and daughter, Miss Maggie, had preceded Mr. White to New Haven, having made the boat trip from New Orleans to New York. At the last moment Mr. White decided he did not want to miss the exercises and accordingly left for New York by rail arriving in New York before his wife and daughter, and much to their surprise, being at the dock to meet them when the ship entered the harbor.

Mr. White reports the commencement exercises at Yale one of splendor never to be forgotten, and the impressiveness of the ceremonies likewise make a profound impression upon all who are fortunate enough to be permitted to attend. On account of the immense throngs that would gather for the occasion, admission to the exercises is by ticket and is limited to parents and relatives of the graduates.

In addition to conferring the A. B. and other degrees upon the graduates, the M. A. degree was conferred. This degree is an honorary one, conferred, not upon he who excels in learning or wisdom, but rather for merit or accomplishment in the service of humanity. As in the other exercises, the occasion is one of greatest solemnity and impressiveness, the learned masters in their gowns and garbs making the scene at once picturesque and beautiful.

Another scene of splendor described by Mr. White was that of the Commencement ball. As viewed from the visitors' galleries, the scene of some 500 or 600 couples gliding over the immense ball room floor beneath subdued and vari-colored lights, which interchanged and blended in wonderful harmony, while the orchestra played the soft, appealing strains of the dance, was beautiful beyond comparison.

Among the alumni present were 47 members of the class of 1866. Notables in attendance included Chauncey Depew of the Class of 1856, and ex-President William Howard Taft.

With Mr. White and family, the citizens of Brady and McCulloch county take pride in the accomplishment of Joe, Jr. Raised in Brady and known to practically every citizen, there is practically no one who is more universally popular than is this young man. Possessed of the most sterling qualities of young manhood, kindly, considerate and ambitious, it is small wonder that his graduation from Yale should be a source of pride with all. Joe will spend the summer in a camp in New York, returning to Brady this fall for a visit with home folks and friends, following which he will enter a medical college.

From New Haven Mrs. White and daughter went to Washington to spend a day or two visiting in the capital, and from there went to Tennessee, where they will be guests of relatives for several weeks before their return here.

Collins, former editor and proprietor of the Llano News, and at present, instructor in the mechanical department of the State School of Journalism, was in the city Sunday and Monday upon his return from Sweetwater, where he had been on business, and while here made The Standard a fraternal call. Incidentally Mr. Collins strewed a few flowers in our pathway by stating that The Standard office was, in the matter of equipment and neatness, far above the average run of shops in Teras, and one which was a credit to a town the size of Brady.

The many friends of the family will regret to learn of the removal from this city of Mr. and Mrs. T. Y. Hill and daughter, Miss Cora. Mr. Hill has located in Big Springs, and in company with T. A. Hill has engaged in the hardware business under the firm name of the Big Springs Hardware Co., doing both wholesale and retail. Prior to coming to Brady, Mr. Hill was for a long number of years engaged in the hardware and lumber business in South Texas, having established one of the pioneer concerns in that section. His family expects to join him at Big Springs this week. The Standard commends these splendid people to the good graces

of the Big Springs citizenship, and trusts their future may fall in pleasant and profitable lines.

WAS BLOODTHIRSTY. Would Kill All Americans He Met.

An interesting sidelight on the recent attempt of the Mexican boy, Gueronamo Lerma, to assassinate Mrs. W. J. Kuykendall, is contained in a letter reaching Brownwood Saturday from John Baker, manager of the business of the South Texas Lumber Company at Harlingen, the former home of the Mexican boy. Mr. Baker has in his employ at Harlingen, Manuel Lerma, a brother of Gueronamo, and upon telegraphic advices held on its arrival at Harlingen a letter written by Gueronamo to his brother last Monday.

Mr. Baker states in the letter received that Gueronamo told his brother that he was going to kill Mr. Kuykendall, and would then start for the border, killing every American he met on the way. Gueronamo advised his brother to immediately cross the border, so that the Americans around Harlingen might not take revenge on him for his brother's crime here. Gueronamo assured his brother that he hated all Americans, and had carefully arranged his plan to kill Mr. Kuykendall and escape to the border.—Brownwood Bulletin.

The foundations of the new sanitarium have been completed, and the framework of the building is now under way. The building will be rushed to early completion.

Messrs. Roy Wilkerson, W. N. White and Lee Jones, met yesterday as a Board of Equalization for the City to hear complaints over assessments recently raised by the board.

G. V. Gansel is having the oats on his ranch threshed this week, and reports an average yield of about 20 bushels per acre. Considering the unfavorable season, the yield is proving very satisfactory.

San Angelo is beginning a business administration. The Police Court Recorder announces that hereafter all fines assessed in his court must be paid or somebody will have to go to jail.—Brownwood Bulletin.

Messrs. J. Meers, A. W. Wood and Lee McShan, composing the Board of Equalization of Brady Independent School district, met yesterday at the court house to hear complaints from such parties as might have been improperly assessed.

Chas. Hill of Waldrip was brought to Brady a few days ago and underwent an operation. The bullet wound received last year in the encounter with the negro assailant is still giving Mr. Hill trouble, and the operation was necessitated by this fact. He is reported doing nicely.

Yesterday went on record as the hottest day of the year so far noted. The thermometer registered 100 degrees Fahrenheit in the shade yesterday shortly after noon, and considerably more in the sun. The clouds and threatening shower last night served to cool the atmosphere considerably even though the promised rain failed to materialize.

RECEIVING MATERIAL.

Lindley's Marking Ink In Demand by Ginners.

Dr. R. A. Lindley yesterday received the first consignment of raw material to be used in the manufacture of his marking ink, the shipment consisting of 1500 pounds of dyes and chemicals. The second shipment of 1500 pounds is expected to arrive about the 15th of next month, and other shipments will follow as rapidly as the same can be procured. On account of the war, the securing of dyes and chemicals required in the manufacture of the ink has proven a serious problem, and Dr. Lindley considers himself exceedingly fortunate in having obtained shipment in the quantities above mentioned.

The success of the ink during the past season has so widened and enlarged the field, that orders are being received from all over the South for the marking ink. These orders come from cotton men, gin men, compress men and manufacturers all through the cotton-growing district, the following states being included among the number from which orders have been received: Mississippi, Arkansas, Louisiana, Georgia, Alabama, Carolina, Tennessee, Oklahoma and Texas. As a matter of fact, these orders have piled in so thick and fast that, although Dr. Lindley expects to reach an output of between 15,000 and 20,000 pounds of ink, his entire product has been sold, and no further guarantees can be made on orders now being received.

The first shipment of ink will go out next month, and other shipments will follow as rapidly as the ink can be manufactured.

One day last week Clarence, the little son of Mr. and Mrs. F. W. Winkel, killed the biggest rattle snake we have heard of this year. He found the snake in the back yard of their home on Weber Heights. Clarence heard the chickens cackling and carrying on in a way which was peculiar and on going to see what was the trouble, found the big snake in their midst and had a chicken almost a fryer caught. He immediately killed the snake and upon investigating, found it to have 13 rattles and the end of its tail had been broken showing evidence of its having had several other rattles.

### An Open Challenge.

In the last few days there has been some talk of putting the Oakland Motor Car Co. out of business. I will say this much: I am selling the Oakland Cars on their own merits and not the cars of my competitors on their demerits. I am selling what I think is the best car on the market, and I will put my car in a contest with any car that is sold in the U. S. A. for power, speed, gas saving, oil saving, sand pulling, mud pulling, deep water driving, endurance and any other test that the public would like to see tried. I am selling this car on one year's guarantee, and that means that if the car breaks down within that time from any cause other than an accident, we will fix it free of charge, and we will keep it oiled and adjusted if they will bring it to our sales room, and will give written guarantee to that effect.
