BIG WOOL PURCHASE.
Prady Man Buys Part of Kerrville Accumulation.

H. P. Roddie returned Tuesday from San Antonio where he attended the sale of the Kerrville accumulation of both short and long wool, 1,700,000 pounds in the aggregate having been placed on the market, and reports having been the successful bidder on the long staple.

The sale of the Kerrville wool was made on sealed bids, C. D. Stokes of Lampasas being the successful bidder on the short wool accumulation, totaling 900,000 pounds. H. P. Roddie of Brady and James McGuirk of Boston bid in the accumulation of 12 months' wool, amounting to 800,000 pounds.

The wool is being shipped from San Antonio direct to Boston wool centers.

BRADY COUNTRY CLUB.
Lets Contract for Erection of Club House.

The members of the Brady Country club have let the contract for the erection of the club house on the club property about one and one-half miles west of town. E. B. Ramsay was the successful bidder upon the contract, and work will begin at once.

The grounds of the country club comprise eight acres and are located in one of the prettiest and most ideal spots on Brady creek. The club property fronts a big hole of water, making the fishing ideal, and a good beach assures splendid bathing. The club house has been designed so as not only provide a comfortable place for the members to spend their odd hours, but will be provided with sleeping apartments, kitchen and all necessities for permitting the mem-

TAKE ANOTHER SCALP.
Brady Trims Eden to Tune of 3 to 1.

Brady base ball team is fixing up to bring the pennant home to Brady at the close of the present season. Wednesday afternoon they increased their league percentage by winning from Eden in a well-played game. Good ball was played on both sides and the game was interesting throughout, but timely hitting brought home the grapes for the locals.

Tabulated score of the game:

WINCHELL TRAGEDY.
Child Dies from Bite by Rattlesnake.

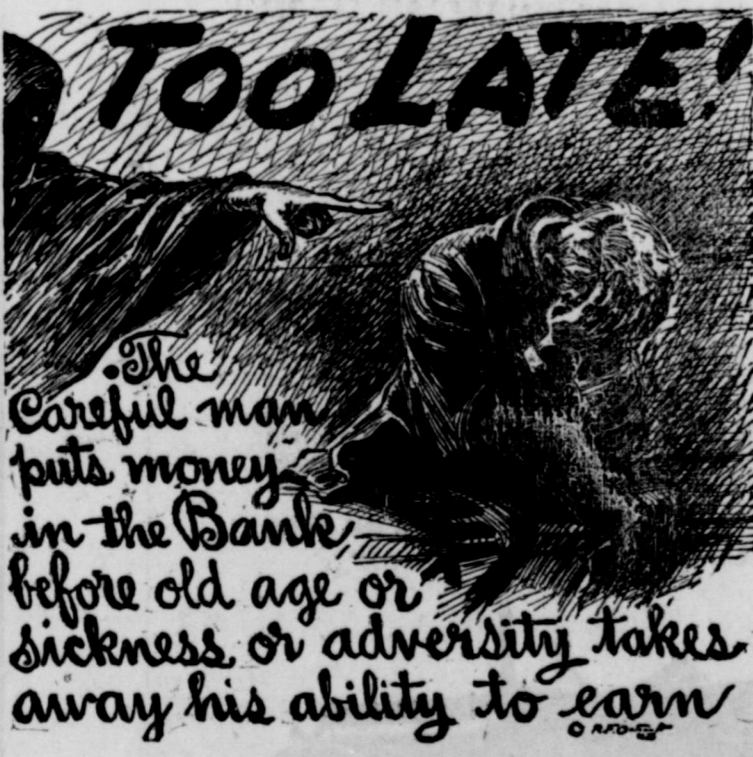

A rattlesnake bit the little daughter of John Russell near Winchell last Thursday morning and the child died that afternoon about three o'clock. The mother of the child was attracted to the barn, where she was playing, by the child's screams, and when she got there the child told her that a snake had bitten her. Not seeing any wound, the mother thought that the child had only been scared and told the snake story in her fright, but when she was taken into the house, a small cut was noticed on the child's foot. About three o'clock that afternoon the child was seized with convulsions and died a few minutes after the doctor arrived.

The search of the barn was made after the death of the child, and a ground rattler, one of the most poisonous varieties of Texas snakes, was found and killed. The snake was very small, having only two rattles, and a button.—Brownwood Bulletin.

Accepts Call.
Rev. J. M. Reynolds, pastor of the Baptist Church, last Sunday announced his acceptance of the call extended him recently by the membership, and the Baptist brethren, as well as the general citizenship are rejoiced at the announcement. Bro. Reynolds has had under advisement a call to another field but, feeling that his work in Brady had not yet been consummated and with the promise of the church membership to assist him in his plans, he decided to continue his labors here.

bers to camp there for an extended period. A bathing pavilion will be incorporated into the club house and boat landing and boat house provided.

The Brady Country club was organized last year, but on account of the season being so far advanced no effort was made to erect a club house at that time. However, the grounds were improved and all arrangements completed for the improvements now under way.

A. Steelhammer has leased the building in the rear of the Wm. Rice block on the west side, and has occupied it as a garage. The new quarters are quite commodious and will afford ample room for the storage of cars while not in use or while being repaired, and Mr. Steelhammer offers its use free to automobilists. Mr. Steelhammer will continue his blacksmith shop in the old stand, the addition of the new quarters having been made necessary by the overcrowding of the former quarters.

WEST SWEDEN NEWS.

Death of Mrs. O. G. Dahlberg Occurred Last Week.

Brady, Texas, June 27.
Editor Brady Standard:

Mrs. O. G. Dahlberg, after long suffering from tuberculosis, succumbed to death last week. She leaves a husband, several children and her entire acquaintance of friends to mourn her death.

Dave and Elkin Conoley of Concho county, were visiting friends here Monday.

The people of this community enjoyed a very successful picnic last Saturday, although we were somewhat disappointed at all of the candidates not attending. We were expecting to hear some good speeches from them. Messrs. Jerry Spiller and

Chas Samuelson were the only candidates here, and neither of them would make a talk.

Prof. Miller of Brady was called to the grand stand. He delivered a heart-rending oration on the "Destiny of the American Republic," and of conditions as they now exist. He presented the scenes of the half-naked babies basking in the shade and sweet fragrance of the gourd-vine that entwines the log cabins of East Texas, and the contrast thereof—the well-fed kids of the cattle kings of the West. It is needless to say that when he was through, there wasn't a dry eye in the audience. Prof. Miller's lectures are like clouds heralding the zig-zag lightning; and after all is quiet, there remains a rainbow arch of beauty for people to wonder at. **BACHELOR.**

Judge George W. Riddle Not Professional Politician.

The people are tired of the "Professional Politician" and "Chronic Office Seeker."

These Continental Wars have put in jeopardy nearly every industry in the South. Our cotton, corn and wheat are threatened on account of ocean transportation and if our country ever needed in its history, men with sound judgment, business ability and with seasoned knowledge of the economic problem of our country, they are needed now and will be for the next few years.

You know the politician possesses none of these elements and makes no pretense of having any knowledge of them.

Judge Riddle has made a reasonable success at everything he ever undertook to do, whether as lawyer, farmer or business man and it is seldom the people have a chance to secure the services of a man of this type. His land banks will furnish homes for the people and his ship bill will furnish transportation for the surplus cotton of our country.

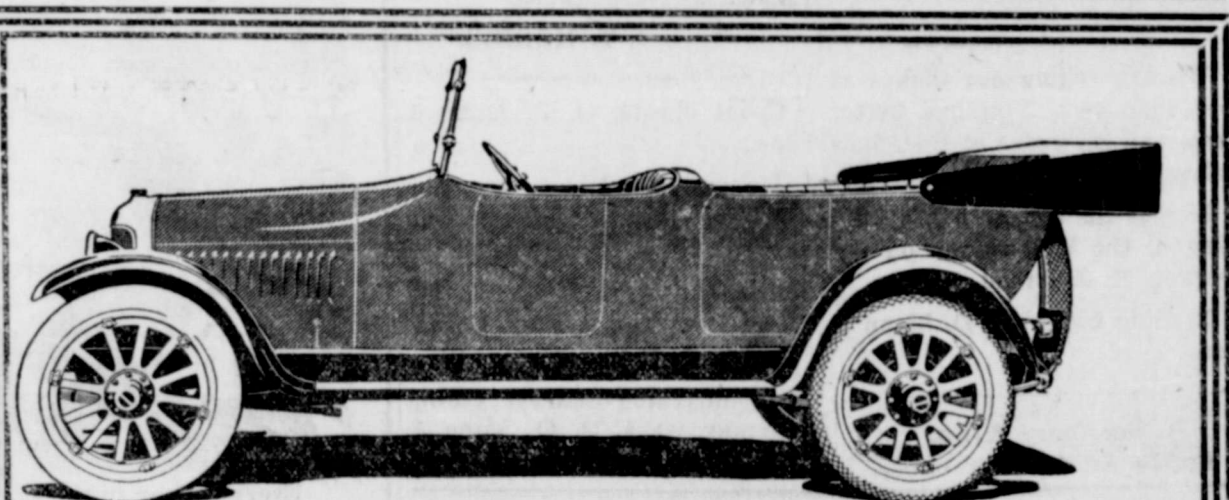

It is hoped that the people of our State will elect him to the Senate.

FIFE FINDINGS.

Road Grader Smoothing Five-Brady Road.

Fife, Texas, June 28.
 Editor Brady Standard:

The dry weather of the past few days has enabled most farmers to get up with their work. Cotton looks fine, but feed stuff and corn are beginning to need more moisture.

The Baptist revival meeting commenced here Friday of last week, with Revs. W. M. Green and J. W. Shirley in charge. Good crowds have been in attendance so far, with more than usual interest manifested.

F. M. Ranne was at Brady Tuesday on business.

Henry Bowers and T. J. McAfee of Brady were visitors here Monday.

Mrs. Pearl Cameron of Holland is here on a visit to her aunt, Mrs. M. A. Alley.

Henry Baldrige left last Friday for Wichita Falls where he has signed up as a pitcher in the Western Association team of that city.

C. M. Coonrod and A. M. Finlay were at Brady Saturday.

W. W. Butler was down from Marion Wednesday on business.

Donald Finlay is rejoicing over the arrival of a brand new 8-pound boy at his place Saturday. Father, mother and child doing nicely.

H. D. Martin returned Saturday from a business trip to Hamlin, Texas. He says it rained on him every day he was there and he was glad to get to a drier climate.

J. M. Doyle was at Lohn Saturday on business.

Commissioner J. M. Carroll has the road grader at work this week on the Fife to Brady road. This road was getting in bad shape and Mr. Carroll is to be commended for his promptness in putting it in good shape again.

The Last Straw.
 A moving picture comedian said at a supper in New York: "I didn't always have as easy work as I have now. I remember a season when I was prompter in an English provincial theater for 15 shillings a week.

"In addition to keepink the actors to their lines I had to make all the outside noises.
 "I thundered, I galloped like a horse, I sang like a woman, I marched like an army, I howled like a drink-maddened mob and I screeched like a locomotive, all for 15 shillings a week.

"I remember one night when it seemed that the last straw had been heaped on me. I was letting off female shrieks of terror and thundering with one hand and hailing with the other, while my right leg was working the moan of the wind and the left was imitating the crash of falling trees, when the leading man stuck his head round at me from the stage. He was supposed to be pursued by dogs, and he hissed:
 "Bark, you chump; bark! Why don't you bark, you lazy shirker?"—Ex.

ONION GAP SAYINGS.

Maize and Cane Holding Up Well—Cotton Blooming.

Rochelle, Texas, June 26.

Editor Brady Standard:

The recent dry spell has played havoc with the corn. Maize is holding up very well, and cane also. There are a good many cotton blooms, and cotton seems to be doing fine.

Cream was served at the Brown home Saturday night. A nice crowd was out, and plenty of cream for all.

Perry Neal and family are visiting Mrs. Neal's brother, Mack Roberts, and family at Bangs. chased the Mooring thresher, Mr. Jones, who recently purchased Edd Floyd are threshing oats. They say they have all they can do.

Jim Bell had to have his vat rebuilt before he could dip his cattle.

Messrs. Ince and Hall had a nice time serving cream at the former's home Friday night.

Kid Jeffers and wife and little Stella May returned to their home, after spending a week prospecting in the west. Kid says Eldorado has the best crops he saw.

Mr. and Mrs. Andy Hall were visiting Mrs. Hall's father, Grandpa Ince, of Meivin, Saturday until Monday.

Alfonso Gressett and wife were visiting Mr. Gressett and family Saturday night and Sunday.

Mr. and Mrs. Elder Turner were shopping in the burg Friday.

Everybody is very busy laying by their crops and keeping cool; so news is scarce.

I cast my vote this time for "Ranting Tim" for his promptness to write.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

Was All Right.
 That she was a nervous little old lady was apparent to the whole car. When a young woman with a baby entered and sat down next to her her quick-moving eye detected immediately that the child was placidly chewing a green transfer.

"Your baby—the transfer—look!" she exclaimed.
 The young mother hastily rummaged her hand satchel and produced a yellow transfer.

"Oh, thank you," she said. "It's all right—that's yesterday's transfer; here is today's"—Exchange.

RAIN AT BROWNWOOD.

Light Showers in Brown County Monday Night.

While no rain is reported in any part of McCulloch county, it appears that the high winds and terrific display of lightning Monday night was accompanied by showers east and north of here. Brownwood reports a 3-4 inch rain, the downpour being in torrents. The high wind which accompanied the rain, however, did no damage of note. Bangs reports a shower; Santa Anna, light rain; Coleman and Ballinger, no rain; San Angelo (as usual) good rain; San Saba and all points south and west of Brady, no rain; Blanket, one inch; Comanche, good rain.

A good rain was reported at Dallas, the rain being accompanied by a wind that did several thousand dollars' damage. Plate glass windows were broken by flying debris, and several persons were slightly injured.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGEE'S BABY ELIXIR. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c and 50c per bottle. Sold by Central Drug Store.

Obeded Orders.
 The class was seated ready for recitation, when a young student rushed in and dropped a great pile of books on the floor. The nervous professor jumped and said angrily:

"Young man, go down to the president's office and drop those books just like that."
 The youth departed, returning in a few moments and calmly taking his seat in class.

"Did you do as I told you to?" demanded the irate professor.

"Yes, sir."

"What did the president say?"

"Nothing," coolly returned the student. "He wasn't there."

A Delicate Instrument.

Two men were in the dining car ordering breakfast. The first one said to the waiter:

"George, you may bring me two fried eggs, some broiled Virginia ham, a pot of coffee and some rolls."

"Yassa."

The other said:

"You may bring me the same."

"Yassa."

The second man then called after the waiter and remarked: "Just eliminate the eggs."

"Yassa."

In a moment the waiter came back.

"Scuse me, boss, but jest what did you all say about dem aigs?"

"I said just eliminate the eggs."

"Yassa." And he hurried again to the tiny kitchen.

In another moment he came back once more, leaned confidentially and penitently over the table, and said:

"We had a bad accident jest afo' we leave de depot dis mornin', boss, an' de liminator done got busted off, right at de handle. Will you take 'em fried same as dish yar gemmen?"—Ex.

BOOSTER EDITION.

After a year or two of inactivity, the directors of the Milam County Fair association have decided to revive the annual fair at Rockdale, and preparations for one of the biggest and best county fairs in Texas are now being completed. The dates of the fair are July 4th and 5th. The Milam County fair has always been a big event, but this year it promises to surpass anything ever held. The program includes horse races, auto races, airship flights, auto tournaments, goat roping contests and other features, the greatest of which will be the big Preparedness Parade with which the fair will be opened on the morning of the fourth. Rockdale live wires made several booster trips over Milam and surrounding counties advertising the fair, and a record-breaking attendance is being anticipated.

Celebrating the event, Editor John E. Cooke issued a 20-page Fair Special edition of the Rockdale Reporter, the special containing the Fair program, descriptive write-ups of the fair, illustrations of the fair-grounds, snap-shots of the Rockdale boosters on their trips, and a comprehensive write-up of everything pertaining to or connected with the fair. The edition contained a very liberal amount of advertising, including a double page advertisement from the fair directors, showing the appreciation of the merchants and citizens of Rockdale of Editor Cooke's efforts to boost for a bigger fair and a better town and community.

BE OF GOOD CHEER.

If the weather seems too dry for you: If crops appear to be going to the bad; If the clouds refuse to develop a much-desired rain;

Don't be discouraged; be of good cheer.

It is not our purpose to call to notice the woes of others, but just as a comparison, we would remind our citizens of how happily situated we are here in McCulloch county.

From South Texas come reports of a drouth-stricken country. No rain in months. No crops. Cattle so poor as to be unable to be moved.

From across Red River and up through Oklahoma, Kansas, Nebraska and the Mississippi Valley states comes the report of excessive rains. Crops drowned out. Farmers unable to get in the fields. The excessive moisture threatening to rot crops already made.

And compared with all this,

what do we have to report in McCulloch? Cotton looking fine and with lots of blooms. Oats turning out much better than was anticipated; and threshing in full blast all over the county. Millet good, and barley fine. True, corn and feed crops are needing rain, but there is still time for that. And in the meantime the present harvest is putting silver into the farmers' pockets.

No chance to be anything but cheerful in Grand Old McCulloch.

HOME GUARDS.

A movement for the organization of a body of Home Guards has been inaugurated in Brady, the plan of organization being to have at least 100 members, 10 of whom would remain on guard on successive night. By this plan it is thought that any tendency towards incendiarism or riot upon the part of irresponsible parties or foreigners during the present war-like period, would be curbed. The plan has the endorsement of both county and city officials, and the organization is being lent every encouragement.

PARKS FOR PLAY

Cities must do away with playgrounds in the street. Parks and other public places must be provided for the purpose and children must be required to use them. True, parks are costly, but dead and maimed children cost infinitely more.—Houston Post.

To the Public.

"I have been using Chamberlain's Tablets for indigestion for the past six months, and it affords me pleasure to say I have never used a remedy that did me so much good."—Mrs. C. E. Riley, Illion, N. Y. Chamberlain's Tablets are obtainable everywhere.

NEW SANITARY EQUIPMENT

We have purchased and will install a milk clarifier, and can guarantee our customers pure milk.

A Milk Clarifier is a centrifugal machine especially designed for the purpose of removing from milk any sediment or other contamination.

It thoroughly cleanses milk of all udder waste, or foreign impure matter, without affecting its butter fat.

The Clarifier solves the clean milk question and has come to be recognized, not only by National, state and city health authorities, but by all men who engage in the milk business, as an absolute necessity for putting out clean milk.

We invite the public to witness the demonstration of milk clarification.

Ben McCulloch Camp.

The next regular meeting of Ben McCulloch Camp No. 563, U. C. V., will be held at the Odd Fellow hall on Saturday at 2:30 P. M. This will be the last meeting of the camp before the reunion to be held in August, and a full attendance is desired and requested, as matters of importance are to be taken up.

LOCAL BRIEFS.

The members of the Church of Christ are making extensive improvements on their church house. Workmen are at present engaged in painting the roof and steeple, and the exterior of the church will also be given a new coat of paint. The black roof with the white walls make the church house especially neat and attractive in appearance. The interior of the building will also be renovated and repainted, making it spic and span within and without.

W. M. Murphy has the honor of having installed the first electric sign in Brady. The new sign is swung midway across the street in front of the Murphy garage, and the big two and one-half foot letters spelling the word "GARAGE" are sure to catch the eye of any passerby. The white letters on the black background make the sign especially readable in the daytime, and the electric illumination at night make it visible as far as the eye can see.

TO THE VOTERS OF McCULLOCH COUNTY:

I understand there is a good deal of discussion among the people as to how the special road tax money will be divided, if the tax carries; some contending that some portions of the county may get more than its fair proportion to the detriment of other portions, and in order that this may be fairly understood by all before the election is held I make this statement now so that the people will understand that if the tax carries it will be divided among the four commissioners precincts in proportion to the assessed valuation and amount of tax paid by each precinct. When the petition was acted on by the Commissioners Court this matter was considered, and the court made the following provision in the order:

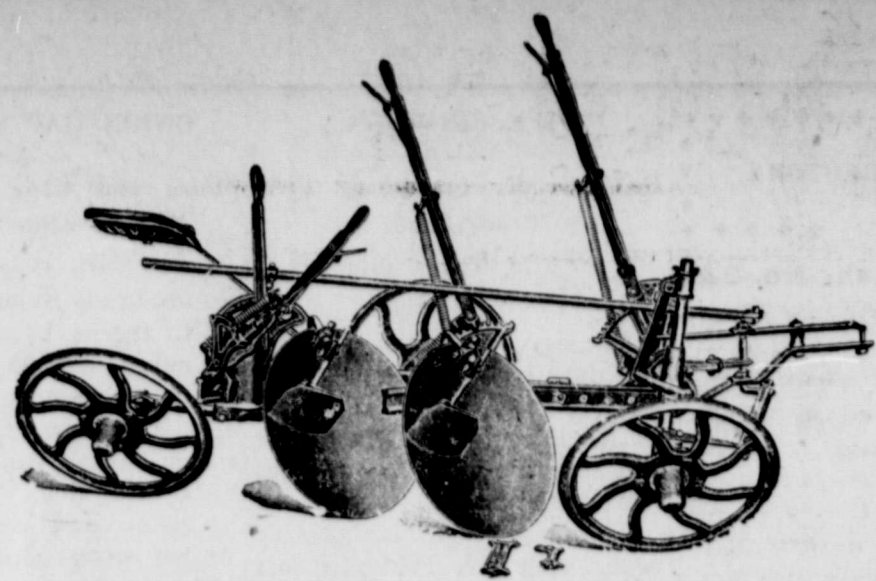

"It is further ordered by the Court that if at said election a majority of the qualified property tax paying voters voting thereat vote for said tax and said election is carried for said tax and if said tax is levied, assessed and collected; then, and in that event said tax shall be divided by the commissioners court annually among the four commissioners precincts of McCulloch County, Texas, in proportion to the assessed valuation and amount of such tax collected from each of the respective commissioners precincts, the County commissioners of the respective commissioners precincts to have the supervision of the expenditure of said money in improvements throughout the various precincts, in order that the money so collected may be fairly and equitably distributed throughout the limits of the county and each portion of the county receive its fair proportion of the benefits from said tax."

This order is on record in Volume 6 page 239, Commissioners Court minutes and may be examined by any one interested.

As there seems to be some misunderstanding among the people about this feature I feel that I ought to make this statement in order that it may be fully understood by all before the question is voted on by the people on July 8th.

NEW JAILOR.

Ed J. A. Lindemann Succeeds John Martin.

Sheriff J. C. Wall has appointed Ed J. A. Lindemann jailor for McCulloch county, succeeding John Martin, who recently resigned the position. Mr. Martin yesterday moved to his place east of town, purchased a few weeks ago from T. Y. Hill, and Mr. Lindemann occupied the residence portion of the jail. Mr. Lindemann's appointment holds until after the November election, when the hotel keeper for the county hostelry for the coming term will be named by the sheriff-elect.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring, if your nerves are excited; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions. It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. Nonalcohol. Scott & Bowne, Bloomfield, N. J.

TO BUFFALO, N. Y.

Dr. J. W. Ragsdale to Convention with Shriners.

As a member of the Heila Temple band, Dr. J. W. Ragsdale will accompany the Dallas Shriners next week to Buffalo, N. Y., to attend the annual Shriners' convention to be held in that city. Dr. Ragsdale upon his visit here Wednesday as optometrist for B. L. Malone & Co., spoke very interestingly of the Shriners' convention, and contemplated a most enjoyable trip. Last year it was the doctor's good fortune to accompany the Dallas Shriners to Los Angeles, Calif., the trip proving one of the most enjoyable ever had by him.

Incidentally the doctor will attend the World's Optometry congress, of which he is a member, to be held at Providence, R. I., and while in the east he will spend several weeks in Boston, Philadelphia, New York, and other points.

Dr. Ragsdale will return about August 1st, and will continue his weekly visits to Brady as heretofore.

Kidney Troubles Attack Brady Men and Women, Old and Young. Kidney ills seize young and old. Often come with little warning. Children suffer in their early years—Can't control the kidney secretions.

Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs. If you have any form of kidney ills you must reach the cause—the kidneys.

Doan's Kidney Pills are for weak kidneys—Have brought relief to Brady people.

Brady testimony proves it. Mrs. J. T. Ogden, Brady, says: "A younger member of my family was afflicted by kidney weakness and she had headache real often. She used two boxes of Doan's Kidney Pills, which I got from the Jones Drug Co., and they relieved the symptoms of kidney complaint and proved beneficial in every way. Since then, her kidneys have remained normal. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ogden recommends. McCartney-Fraimes.

W. J. McCartney surprised all his friends and acquaintances by his marriage to Mrs. Idar Fraimes. The wedding occurred Tuesday evening at the home of the bride's mother, Mrs. Fischer, the ceremony having been performed by Rev. J. W. Cude.

The bride is well known to a large circle of friends, having made her home in Brady the past several years and being admired by all for charm of manner and her sweet womanly ways. The groom has been employed with E. J. Broad the past two years, and is highly regarded by his employers and fellow-workmen alike.

Mr. and Mrs. McCartney will make their home in Brady, and in their journey through life they have the best wishes of their many friends.

Complimenting Mrs. Wood.

Complimenting Mrs. Herbert L. Wood, a bride of the month, Mrs. Bailey Jones entertained yesterday with a one o'clock luncheon. Pink and white furnished the color scheme of the decorations in the dining room, where a 5-course luncheon was served the following guests: Mesdames F. R. Wulff, W. E. Campbell, Harry F. A third car turning the corner just ahead of one of the Overlands confused the drivers, and the collision resulted. But slight damage was done to either car.

Judge C. H. Goodwin has been spending a few days in Brady in the interest of his candidacy for District Judge, and will visit several points in the county during the week. The Judge is quite proud of the hearty endorsement accorded him by the representative citizenship of Brownwood, and is likewise encouraged by the reports received upon his candi-

dacy in this and Coleman county. The brick front of the business block on the west side, known as the Fitzgerald buildings, is being torn away, and will be replaced by a metal front. While the buildings are comparatively new, the settling of the foundations had caused the front to bulge out at a dangerous angle, and made necessary the rebuilding of the same.

W. W. Henderson was here from the Lost Creek community Wednesday and reported the picnic at that place last Saturday as having been a great success. Not only was the attendance large, but everyone had a most enjoyable time, and the dinner was all that could have been desired. The Lost Creek community is one of the garden spots of McCulloch county, and this fact was impressed upon the visitors by the dinner served. The table was set with beans fresh from the garden, roasting ears, squash, potatoes, tomatoes, cucumbers and every variety of garden truck, in addition to bread, meat, pies and cakes galore, and when dinner was announced everyone fell to with a hearty good will. The Lost Creek folks always entertain in great style, and this year they not only maintained their reputation, but made a new and better one.

What The War Is Doing For The Farmer

The European war is not an unmitigated evil for just as it has brought a blessing for this country. We shall not attempt to go into the details of the question at all, but shall we discuss "war brides", munition plants or other similar phases of the situation. We shall look at the war purely from the standpoint of prices for raw products, either produced here in this country or imported from foreign countries. And

Let us take wheat, for example. We all know that the war has put the price of wheat way up. Very well—does anyone that the whole country, city, town and rural population as well as people more for their flour—therefore the wheat raiser should theoretically be getting rich on a product which it costs him no more to raise than formerly and for which he gets more money.

But wait a minute—there are other things to consider in this matter of growing rich off of the war. Cotton and wool and maize and farm machinery and sugar have gone up too. This means that while the wheat raiser is getting more for his product, he is also paying some other agricultural matter for his product. This cuts down somewhat on the profits the war is bringing to the farmer. Then it would seem that the best way to keep ahead of the game is for the farmer to pay the farmer who raises his necessities the increased prices that the war has brought about and when buying his luxuries or those things that are not bare necessities of life to pick and choose from

presented by demons and devils, and Pandora, alarmed closes the box. Lastly comes Hope, who with the aid of the Golden Butterflies and the Blue Danubers, puts to flight all the disasters. It was a pretty little play, beautifully presented. The girls taking part ranged in ages from five years old to grown young ladies, and the entire bunch of something like three hundred were drilled by one teacher with the aid of an assistant. It illustrates what wonderful attainments may be had by persistent and well-directed effort, and it also brings to mind the fact that the Y. W. C. A. is a wonderful institution and one which may well have its place in every hamlet and city.

THE YOUNG FOLKS.

Education and Training Vital Factors in the North.

Presuming that a number of Standard readers might be interested in various matters observed upon a trip to northern points, the editor has attempted to describe such as might prove of general benefit. The most noteworthy thing that impressed us, was the wonderful system of education and training developed. The children are receiving more attention, are given better tutelage and are offered more advantages than ever before.

At Burlington, Iowa, we saw a remarkable exhibition by the gymnasium classes of the Y. W. C. A., several hundreds of young ladies taking part in a presentation of "Pandora's Box." You know the story of Pandora and her box—She was that mythical person who lived when the world was very young, many hundreds of years ago. And when she was presented with a box and cautioned against opening the same, her womanly curiosity got the best of her and she disobeyed instructions. Alas, when the lid was raised there flew forth all manner of things—the seasons, Summer, Winter, Autumn and Spring; also Sickness, Coughs, Colds, Wars, Pestilence and the furies. Alarmed at the disasters she had brought into the world, Pandora hastily closed and fastened the lid of the box. Then she heard a voice from within calling to be released, and upon the promise of the voice to aid her in overcoming the calamity, Pandora opened the box once more and Hope came forth—Hope that springs eternal and which conquers all the fears and afflictions of mankind. That is the story which formed the basis of the exercises.

The play opened with a presentation of the sports and dances which were enjoyed in the Paradise of Children. There were wand drills, folk dances, athletic drills and Greek garland dances, all very prettily and quite gracefully executed by groups of girls in appropriate costumes. Then Pandora falls asleep and dreams that the box is filled with all manner of toys. In her dream, there issues from the box Russian Cossack dolls clad in boots, kilted skirts,

comment them those that have not gone up in price as a result of the war.

For example, here is a peculiar situation in regard to a beverage which is so universally liked that it has become almost a staple. The name of that beverage is Coca-Cola.

Now Coca-Cola, as you know, is really an agricultural product—a product of the soil. Cane sugar—the very purest and finest—constitutes a large part of Coca-Cola. As you know, sugar has gone way up—on every glass of Coca-Cola you drink makes some farmer's heart gladder.

So it is with the pure fruit juices that combined produce the inimitable flavor of Coca-Cola. Not so much in quantity as formerly when you consider a single glass of the delicious beverage, but enormous when the entire Coca-Cola output is considered.

Yet this product of nature—the farmer—increased in cost though it has been to the makers, has not been raised one penny in price to dealer—or to you. The price at the soda fountain and in the bottle has not risen one iota.

Now inasmuch as the rural population alone of America consumes millions of bottles and glasses of Coca-Cola every year, you and the other agriculturists of this country will not only be able to continue to please your palates and get delicious refreshment with this beverage at an increased cost, but you will be sending back to the farm bigger profits and more money at no greater expense to yourself.

THE YOUNG FOLKS.

bright red capes and headgear; Japanese dolls, Spanish dolls, French dolls and Dutch dolls, each in National garb; also girls with Indian clubs, and girls with dumb-bells. Delighted with her toys, Pandora drills each group. The Cossacks do their cumbersome, but withal graceful dances. The Japanese dolls delight with their mincing steps, their gaily revolving parasols and their waving fans. The French dolls are all grace with their clever little Parisian mimicry, while the girls with the Indian clubs and with the dumb-bells go through their various drills in perfect harmony and rhythmic motion. But can you imagine a group of Dutch dolls keeping step with clattering, clumping wooden shoes to the tune of "O Where, O Where Is My Little Dog Gone." The conclusion of the dream is had in a grand ensemble of all the dolls, who then fade away.

Pandora then awakes and decides to open the box to see if it really contains all the wonderful toys she had visioned. Then come the seasons, each represented by three girls who in costumes and dances typify the time of the year. Autumn is represented by draperies to match the autumn leaves, and the shedding of these gloriously tinted draperies representing the falling of the leaves. Winter is shown in the snow white draperies; Spring, by the flowers; and Summer in like fashion. Then follow Sickness and Pestilences represented by children from about six to ten years old, who do handkerchief drills and who emphasize disease by coughs and sneezes. Then follows War, and if you have seen a company of soldiers drilled you can imagine what this scene was like. There were between 100 and 150 girls in the drill, and they were divided into three companies—soldiers, sailors and Zouaves. They marched abreast, by twos and fours, in companies, in groups, at right angles, and in every conceivable formation. They charged and retreated. And the entire audience arose and remained standing while "The Star Spangled Banner" was being played, but there was only a light patter of hand-clapping when the inspiring strains of "Dixie" were played. O, for a half-dozen Texans to raise the roof, even at the risk of letting the rain run in.

Then followed the Furies re-

presented by demons and devils, and Pandora, alarmed closes the box. Lastly comes Hope, who with the aid of the Golden Butterflies and the Blue Danubers, puts to flight all the disasters. It was a pretty little play, beautifully presented. The girls taking part ranged in ages from five years old to grown young ladies, and the entire bunch of something like three hundred were drilled by one teacher with the aid of an assistant. It illustrates what wonderful attainments may be had by persistent and well-directed effort, and it also brings to mind the fact that the Y. W. C. A. is a wonderful institution and one which may well have its place in every hamlet and city.

In conclusion will make a mere mention of a few of the sights in Moline and Rock Island, Ill. Moline is the home of many of the internationally famous manufacturing establishments. There are the John Deere Plow, Wagon and Implement factories; also those of Velle, Deere-Mansur, Moline Plow Works and the many others known in the South as well as in the North. Can you imagine about 15 solid blocks of buildings ranging from four to seven stories high and covering an inestimable floor space? That represents the extent of this industry alone.

Rock Island boasts of the Government arsenal. The Island proper houses nothing but the government buildings and the officials' quarters. It is a beautiful spot and a trip through the arsenal is of more than ordinary interest. However, since the European war, the Island has been closed to visitors; so there was no opportunity for a visit this trip.

Decoration Day, May 30th was a much observed even in the North. I noticed scarcely a house but what was decorated with flags or bunting. There were exercises at the cemeteries and parades in which citizens, veterans, newsboys and suffragettes took part. The memorial features were beautiful.

At first glimpse I thought a snow was falling in summer. The "snow" proved to be the fluffy particles of the cottonwood trees which covered the ground with a downy substance very much as a light snow. The air was full of these flying particles. Believe me, if I had a cottonwood tree I would cut it down very close to the roots.

COUNTY JUDGE'S ELECTION PROCLAMATION.

The State of Texas.

Whereas, on the 14th day of June, A. D. 1916, at the regular June term, 1916, of the commissioners court of McCulloch County, Texas, a petition, signed by W. D. Crothers and 298 others, qualified property tax paying voters of McCulloch County, Texas, was duly presented to the said commissioners court praying that an election be ordered and held in McCulloch County, Texas, to determine whether or not there shall be levied on the property within McCulloch County, Texas, a road tax not to exceed fifteen cents on the One Hundred Dollars worth of property within McCulloch County, Texas, under the provisions of the amendment to the Constitution of the State of Texas, adopted in 1890; and

Whereas, said petition having been heard and fully considered by the court and it appearing to the court that said petition is signed by more than the requisite number of qualified property tax paying voters, and that said petition is in all things in compliance with the laws of this State, the court granted said petition and ordered said election to be held within McCulloch County, Texas, on Saturday the 8th day of July, 1916, in order that the qualified property tax paying voters may at such election determine whether or not said tax shall be levied, assessed and collected, all as fully shown by the said order of the commissioners court of McCulloch County duly made and entered in the minutes of the Commissioners court in Volume 6, page 238 which said order is here referred to and made part hereof for all purposes; and

Whereas, it is made my duty by the law, as well as by the said order of the Commissioners court, to issue my election proclamation;

Now, therefore, I, J. E. Brown, in my capacity as County Judge within and for McCulloch County, Texas, do hereby proclaim that an election will be held within McCulloch County, at the various voting boxes in McCulloch County, Texas, by the qualified property tax paying voters of McCulloch County, Texas, on Saturday the 8th day of July, 1916, to determine whether or not there shall be levied, assessed and collected, all as fully shown by the said order of the commissioners court of McCulloch County, Texas, a road tax not to exceed fifteen cents on the One Hundred Dollars worth of property within McCulloch County, Texas, under the provisions of the amendment to the Constitution of the State of Texas, adopted in 1890; and

loch County, Texas, by the qualified property tax paying voters of McCulloch County, Texas, on Saturday the 8th day of July, A. D. 1916, to determine whether or not the Commissioners court of McCulloch County, Texas, shall be authorized to levy, assess, and collect annually a tax of fifteen cents on the One Hundred (\$100.00) Dollars worth of all property within McCulloch County, Texas, subject to taxation, as provided and authorized by law, at which election only qualified voters who pay a property tax and reside in McCulloch County and are authorized and qualified to vote in McCulloch County, Texas, shall be authorized to and permitted to vote, and the tickets for said election shall have written or printed thereon "For the Tax"; "Against the Tax", and those who favor the tax shall vote the ticket "For the Tax", and those who oppose it shall vote the ticket "Against the Tax", said election to be held and returns thereof made as provided and prescribed by the laws of this State.

It was of the late Archdeacon Wilberforce, in his official capacity as Chaplain of the House of Commons, that the following story is told:

A little boy, taken by his father to see the "House," was particularly struck by the dress of one of the gentlemen beneath him. "Who is that man, father?" he asked.

"That," said the father, "is the clergyman who leads the House in prayer at the commencement of every sitting."

"And what does he pray for?" continued the child. "Does he pray for the members?"

"No, my boy," was the reply. "He stands up, and he looks around the House and sees the members sitting there on the comfortable benches, and then he prays for this country."—London Chronicle.

Wonderful Prosperity in Texas.

The people of Texas have never seen such wonderful prosperity as they are enjoying at present.

Farmers have a ready sale at high prices for everything they can grow. Stockmen can not supply the increasing demand for all kinds of live stock.

In addition to this, Texas has been blessed with fine weather and plenty of rain. For several years we have enjoyed most favorable seasons for farms and grass lands.

This is the time to improve the comforts of your home, enlarge your barn, arrange for permanent and convenient water about your premises.

As the amount of land never changes and the population increases rapidly, land will never be any cheaper. This is the time to buy a tract adjoining you so as to give you more land to cultivate, or more grass and water so you can grow more live stock.

If you have land to offer as security you can get money on easy terms and at low interest from Brown Bros., Austin, Texas.

Applications for loans may be made through S. W. Hughes & Co. of Brady. Abstracts of title to your land may be submitted to Brown Bros. along with your application for loan, which will insure prompt service.

Not Extraordinary.

Down on the station platform at Tuscaloosa, Ala., a traveling salesman from Atlanta was "killing time" until one of the semi-occasional trains which run in that section could happen along. At the far end of the platform, in the sun, an aged ducky sat on a bench in reverie. The salesman for want of something better to do, began conversation.

"Good morning, Uncle."
"Mawnin' Marse Clint?"
"What's your name, Uncle?"
"Mah name?" He looked up surprised at the stranger's ignorance. "Mah name's Geo'ge Wash'nton, Marse Clint!"

The drummer scratched his head in mock perplexity.

"George Washington—George Washington," he mused, aloud. "Seems to me I've heard that name before, Uncle."

"Reckon y'all has," replied the aged one, complacently. "Ah been roun' heah goin' on eighty-foah years, Marse Clint."—New York Times.

Federal Inquiry or Railroad Strike?

Faced by demands from the conductors, engineers, firemen and brakemen that would impose on the country an additional burden in transportation costs of \$100,000,000 a year, the railroads propose that this wage problem be settled by reference to an impartial Federal tribunal.

With these employees, whose efficient service is acknowledged, the railroads have no differences that could not be considered fairly and decided justly by such a public body.

Railroads Urge Public Inquiry and Arbitration

The formal proposal of the railroads to the employes for the settlement of the controversy is as follows:

"Our conferences have demonstrated that we cannot harmonize our differences of opinion and that eventually the matters in controversy must be passed upon by other and disinterested agencies. Therefore, we propose that your proposals and the proposition of the railroads be disposed of by one or the other of the following methods:
1. Preferably by submission to the Interstate Commerce Commission, the only tribunal which, by reason of its accumulated information bearing on railway conditions and its control of the revenue of the railroads, is in a position to consider and protect the rights and equities of all the interests affected, and to provide additional revenue necessary to meet the added cost of operation in case your proposals are found by the Commission to be just and reasonable; or, in the event the Interstate Commerce Commission cannot, under existing laws, act in the premises, that we jointly request Congress to take such action as may be necessary to enable the Commission to consider and promptly dispose of the questions involved; or
2. By arbitration in accordance with the provisions of the Federal law" (The Newlands Act)

Leaders Refuse Offer and Take Strike Vote

Leaders of the train service brotherhoods, at the joint conference held in New York, June 1-15, refused the offer of the railroads to submit the issue to arbitration or Federal review, and the employes are now voting on the question whether authority shall be given these leaders to declare a nation-wide strike.

The Interstate Commerce Commission is proposed by the railroads as the public body to which this issue ought to be referred for these reasons:

No other body with such an intimate knowledge of railroad conditions has such an unquestioned position in the public confidence.
The rates the railroads may charge the public for transportation are now largely fixed by this Government board.
Out of every dollar received by the railroads from the public nearly one-half is paid directly to the employes as wages; and the money to pay increased wages can come from no other source than the rates paid by the public.

The Interstate Commerce Commission, with its control over rates, is in a position to make a complete investigation and render such decision as would protect the interests of the railroad employes, the owners of the railroads, and the public.

A Question For the Public to Decide

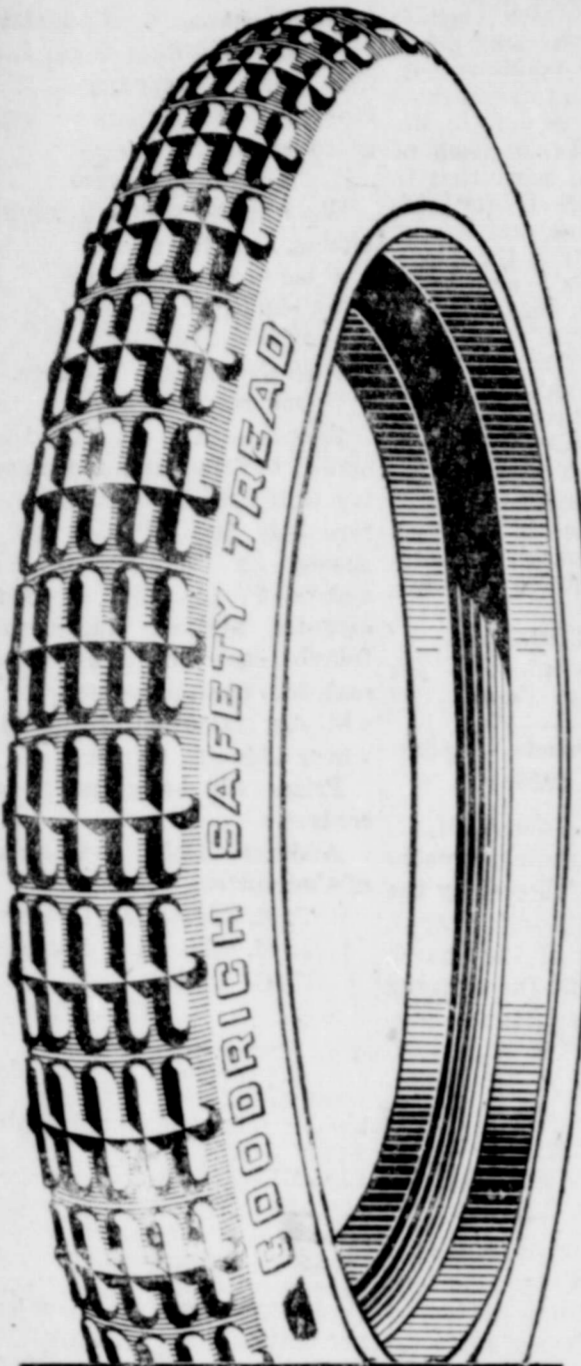

The railroads feel that they have no right to grant a wage preferment of \$100,000,000 a year to these employes, now highly paid and constituting only one-fifth of all the employes, without a clear mandate from a public tribunal that shall determine the merits of the case after a review of all the facts.

The single issue before the country is whether this controversy is to be settled by an impartial Government inquiry or by industrial warfare.

PERSONAL MENTION.

The ever-smiling Teddy Sansom was in our midst Saturday from Mercury.

Paul Haddow and Burt Burk were here from Rochelle on business yesterday.

John Moran was here from Mason Monday enroute to Fort Worth on a business trip.

Burl Wiley spent Wednesday here with home folks in this section on his regular business trip.

G. R. Thacker and family were business visitors here yesterday from the Pear Valley community.

Mrs. M. J. Campbell is here from San Saba spending the week as a guest of her sons, P. A. and W. E. Campbell.

Misses Willie and Eula Duke, who, in company with Mrs. H. P. Jordan and children have been visiting Wesley Bryson and family at Sonora, accompanied

Mr. and Mrs. Jordan upon their return home last Monday.

Mrs. W. A. Graham and daughter, Miss Ethel Cawyer, were guests the first of the week of Mr. and Mrs. Dave Camp.

Mr. and Mrs. J. B. Neill and two little sons of Abilene are guests this week of Mr. and Mrs. O. S. Macy and other relatives.

G. A. Still, formerly engaged in the dry goods business in Brady and at present traveling out of Marlin, was in the city Wednesday on business.

Mr. and Mrs. L. P. Cooke and baby are enjoying a vacation trip of several weeks, during which time they will be guests of Mr. Cooke's parents at Taylor.

G. W. Vineyard was in from the Stacy community Tuesday and reported everything in his community doing well enough, although a rain would be appreciated.

H. P. Roddie returned Tuesday from San Antonio, where he had been on a business trip. Mrs. Roddie, who had gone to San

Antonio to meet him, accompanied him home.

Miss Zella Roark of Ballinger arrived in the city Tuesday for an extended visit with her sister, Mrs. J. F. Biggs.

Mr. and Mrs. Van Cheney of Dallas have been spending the past few days here, guests of Mr. and Mrs. N. G. Lyle and Mr. and Mrs. J. F. Biggs.

Messrs. D. J. See and Wesley Hibdon were here from Pontotoc yesterday, the former on a business trip, while the latter came up to see Mrs. Hibdon at the local sanitarium. Mrs. Hibdon was operated upon the first of the week, and is reported making an excellent recovery.

Mr. and Mrs. R. F. Grossberg and daughter, little Miss Chaplin, of New York, arrived the first of the week to make her home in Brady, Mr. Grossberg being employed in the Borschow Salvage Co. store. Mrs. Grossberg is a sister of Dave Pliner, also of the Borschow Co.

A. C. Erkle returned Wednesday morning from Kansas,

where he has been the past ten days looking after cattle. He reports excessive rains in Kansas and as far down as Oklahoma, and in Kansas, where one of the principal products is corn, this crop has been severely damaged as a result.

B. A. Hallum left Wednesday night for Dallas to see if he could obtain advance information on the 1917 Buicks. Incidentally Mr. Hallum expects to make strong representation as to why Brady Auto Co. should get a liberal share of the number of cars to be allotted the various dealers.

Mrs. V. B. Deaton and son, Jack, left, Sunday for Lampasas to attend a family reunion at the home of her father. Other members of the family in attendance at the reunion are Messrs. and Mesdames Harry Greenwood of Okla., John Greenwood of Fort Worth, Oscar Wise of Richland Springs; Mrs. F. J. Harris of Lampasas.

C. G. Cowan was in from the Pear Valley community yesterday and made us a brief visit. He reports Mr. Gattis busy replanting the cotton which had been cut down by the sand blasts during the windstorm of a week or ten days ago. Mr. Gattis stated he had planted later than this and made good cotton, and was not at all discouraged by the outlook.

Carroll Gray was in from Calf Creek community and reported that he was getting ready to have his oats threshed. Carroll says his oats will run about 20 bushels to the acre, and he expects to have between 8,000 and 10,000 bushels from this season's harvest.

Mr. and Mrs. W. A. Finlay and R. K. Finlay, Sr., and daughter, Miss Maggie, were in Brady Wednesday on business. R. K. reports the oats yield light, and says his oats will run only about 20 bushels to the acre. In fact, he is just about in the notion of quitting oats altogether, as his experience has been that barley not only makes a better yield but furnishes better pasture as well. The average yield from barley in the past has been something like 40 bushels.

S. M. Young and son, W. S. Young, were in Brady Wednesday hauling out material for the building of a granary and out-buildings on the latter's place in the Cow Creek community. Mr. Young has some of the best crops in his community, and early corn is turning out very well, as is also his maize. The new improvements were made necessary in order to provide for the yield. Late maize in the Cow Creek and Lohn communities is not very good, having been planted too thick for the dry weather.

Mr. and Mrs. Chas. Bradley, accompanied by their son, Oscar, daughter, Mrs. Joe Protor, and grandson, Joe Proctor, Jr., returned Tuesday night from a three weeks trip to points in South Texas. They visited relatives and friends in Center Point, San Antonio, Cuero, Victoria, Yoakum, and intermediate points, and while their visit was, on the whole, a very pleasant one, they describe conditions as a result of the drought as beggarly description. In many places there has been no rain to amount to anything since last fall, and fields are barren as a result. Mr. Bradley says it seems mighty good to be back in old McCulloch.

Mexican Deranged.

Theo. Flores, a typical Mexican greaser, was taken in charge by the officers last Saturday. The Mexican had occasioned considerable commotion by prowling about town in a suspicious manner, and had occasioned fear and alarm, especially among the ladies of the town by staring at them on the streets in a menacing fashion. When searched no weapons were found on his person, except a pocket knife. He also had \$16.40 in his possession. There was small doubt that the Mexican was somewhat deranged and liable to a violent outbreak, consequently it was deemed advisable to deport him. A ticket to San Antonio was accordingly purchased out of his funds, and he was placed on the Santa Fe train Monday.

At Lometa the unfortunate man had an exciting experience. Getting off the train at that place he encountered a bunch of men hunting two Mexican prowlers who had broken into a house at Zephyr. The crowd pounced

upon Flores and for a time it was thought he would be mobbed. Officers rescued him, and he was placed in the Lampasas jail for safe-keeping.
