DEGREE TEAM AWARDED MEDAL AT BANGS.

Second Successive Year That Ruthel Rebekah Degree Staff Won First District Honors.

A message received here on Wednesday from H. R. Hodges announced that Ruthel Rebekah degree staff had been awarded highest honors at the meeting in Bangs of the district I. O. O. F. and Rebekah association in the contest drill Wednesday night. The award makes the second successive winning of the medal for Ruthel Rebekah lodge, the drill team having won first honors at Comanche last year.

Attending the district meeting in session at Bangs this week are the following delegates from the local I. O. O. F. lodge: H. R. Hodges, W. H.

BIG REUNION AT HAND

VETERANS AND VISITORS HERE NEXT WEEK.

Numerous Attractions and Entertainments for Guests. Multitudes Are Expected.

But little is lacking in the completion of the plans for the big U. C. V. reunion to be held in Brady next week, beginning Wednesday, August 3rd, and continuing for three days. In addition to the program announced last week, numerous other attractions will be on hand. John P. Price of the Morgan Bros.' shows, states that they will be on hand to help entertain the visitors with a variety of performances, including Madame Virginia's educated dogs, one of the best shows on the road, snake shows, high-class vaudeville, and numerous other amusements. Accident Near Mason.

A party of tourists narrowly escaped serious injury Monday about half a mile out of Mason on the Menard road. While making a curve at a good rate of speed one of the tires blew out, turning the car, with its six occupants, turtle. Two of the party escaped by jumping, while four were pinned under the overturned car, but got off with but slight bruises and scratches. The top of the car was torn off, the windshield broken and the steering rod put out of commission. The parties were from Kerr county, but their names were not learned.

County Court.

At a special hearing before Judge T. C. Wilkerson of Brownwood, the contested will case of Mrs. Hodges E. Taylor, deceased, was taken up Monday. The court ruled that the will made by Hodges Beckham, bearing date of August 27, 1900, be admitted to probate and record. John J. Beckham, Sr., was appointed executor thereof without bond. H. H. Sessions, E. L. Ogden and S. S. Graham were appointed appraisers to appraise the estate of the executrix. Mrs. Taylor, prior to her marriage to Mr. Taylor, was Mrs. Hodges Beckham.

West shows will be another feature.

The committee has been successful in securing the Ballinger band, composed of fourteen pieces, which will furnish music throughout the reunion.

It has been suggested that the merchants take part in a parade on the first day, the parade to start on the square and proceed to the grounds. Heading the parade would be the band, and immediately following would march the veterans. The Daughters of the Confederacy would be next in line, and citizens and business men are expected to follow in floats and decorated automobiles. It is urged that all take part in the parade providing automobiles or entering floats.

The recent showers have served to keep down the dust, and have placed the grounds in very good shape. Another good rain between now and the first of next week will serve to make conditions ideal.

W. E. Simpson will have charge of the barbecuing of the beeves for the barbecue on the last day, which assures the success of this feature.

All U. D. C. members are re-

quested to call at headquarters at 11:00 o'clock on the morning of the first day to receive badges and to assist in the reception of visiting veterans and their families.

A Gigantic Merchandise Movement

A SCREAMING COMET IN THE BARGAIN FIRMAMENT

The great sacrifice of this stock will stand out above and beyond all other sales like a Comet in the heavenly firmament. Such crowds, such furious selling will have never been known before in Brady. It's a cut price butchery of Dry Goods, Clothing, Hats, Shoes and Notions almost surpassing belief. The entire stock of Wilensky Brothers Store is merged into one vast bargain landslide. We make the prices, and we have made them so low that every item is a positive sensation. Spare nothing is the battle cry of this great commercial massacre. Clear the shelves and counters—Get rid of the goods. A clean sweep is imperative, nothing else will suffice, so prepare to come and get the savings that are yours, for most everything in the house is ridiculously reduced. Everything must go at slaughter prices.

Creek Folks Attend Picnic—Other Happenings.

Lohn, Texas, July 27.
Editor Brady Standard:
E. W. Woods went to Brady Tuesday.

Mrs. Plummer visited Mrs. J. T. Smith Tuesday afternoon.

Mrs. J. Q. Triplett and children of Pasche visited at the Cornils home the first of the first of the week.

S. T. Killingsworth and family, A. H. Harrison, wife and baby and Roy Wyres and wife went to the river Monday. They report a jolly time and plenty of fish.

J. T. Smith went to Brady Monday.

Mr. and Mrs. J. W. Kinsel visited Mr. and Mrs. E. A. Marshall Sunday.

A crowd of Creek folks attended the Lohn picnic and say the Lohn folks are fine entertainers.

Mrs. Will Hall and son, Ralph, and Mrs. Arthur Hall of Lohn and Miss Pearl Castleman of Brady visited at the Marshall home Sunday.

As Little Willie is very busy this week helping "Sister" can peaches and chopping rag weeds, I will stop and try to do better next time.

Baptist Meeting Closed—Candidates Baptized Sunday.

Mercury, Texas, July 24.
Editor Brady Standard:

The farmers of our community are beginning to wear long faces on account of dry weather. The rains haven't reached us yet.

The Baptist meeting that was conducted by Bro. Smith of Brownwood closed Sunday night. There were several professions, and three were baptized at the large Powell tank Sunday evening. Afterwards they had a singing at J. F. Powell's, conducted by Prof. Maxwell of Bowser and Mrs. Hester as organist. The farmers are glad to know that G. Parks has ordered a breaking plow outfit for his new engine and will do breaking for the public. We all wish him success.

Rev. Springer, the Baptist minister of Eastland made a pleasant visit at W. J. Powell's home this week.

Grandmother Sansom, who has been seriously ill so long, is very much improved at this writing.

Mrs. Vergie Powell entertained a number of relatives Friday evening. Also accompanied Mr. and Mrs. H. Smith to the depot at Mercury to bid them adieu as they were enroute to their home at Eustace, Texas.

Mrs. Maudie McBee of Mercury has been spending a few days with Mrs. T. Singleton.

Tom Bennett and wife of Milburn have been welcome visitors in our community this week. Also attended the meeting.

Harl Teague has enjoyed a pleasant fishing trip the past week with his home friends from Thrifty. He also went to Brown-

wood and bought him a new bug-
gy.

Mr. Powell and sons and Ard Mask are very busy this week hauling grain, preparing a car for shipment.

We are glad to say that Mrs. Adams, who went to Ft. Worth for an operation, has returned and believes she is much improved.

Miss Ethel Sansom and Miss Alice Bennett visited Mrs. Vergie Powell Wednesday afternoon.

Henry Holden's little 9-month-old baby was badly burned with hot coffee this past week. It is doing nicely now.

Ves Bennett and wife visited Jim Deeds and family Sunday.

Bill Weldon and family of the Holt community attended the 11 o'clock service on Deep Creek Sunday.

Come on, Correspondents, and let's make The Standard the paper.

SHOULD SLOAN'S LINIMENT GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites, and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

Mrs. W. A. Brown Undergoes Successful Operation.

Stacy, Texas, July 24.
Editor Brady Standard:

Mr. and Mrs. Will Robinson and Mrs. J. N. Farmer and sons, Maxwell and Prentice, left for their homes in Brownwood and Comanche Friday, after several days' visit with Mr. and Mrs. M. Hammons.

Mrs. G. Hallmark of Coleman is the guest of her parents, Mr. and Mrs. Allen Atkinson, of Stacy.

W. A. Brown was in Brownwood this week to visit Mrs. Brown, who is in the sanitarium at that place. Mrs. Brown's many friends will be delighted to learn of her successful operation.

Mrs. G. W. Weeks of Kingsland is here this week to be at the bedside of her sister, Mrs. Bob Long, who is seriously ill. B. Davis and family arrived here this week, and will live in the house formerly occupied by Rev. Burrow.

Dr. Manner and W. A. Brown were in Coleman Saturday.

Mr. and Mrs. Lester Cox were shopping in Coleman Monday.

Mr. and Mrs. George Cleveland entertained very pleasantly Saturday evening with a dance. Punch and cake was served throughout the evening, and a most splendid time is reported by those in attendance.

A party of college friends and schoolmates of Cleve and Kathleen Doss spent Sunday as their guests while enroute to San Saba. Miss Alma Mae Burleson, granddaughter of Postmaster General Burleson of Washington, and Miss Gary of Galveston were among the visitors. The two Misses Doss accompanied them on to San Saba to be members of a house party.

MILE POSTS.

Mileposts and directions indi-
cating where the roads leads to,
will be erected on the roads in
Tom Green county for the con-
venience of tourists and others
who travel the highways. The
wonder is that all counties do
not adopt this plan. The pub-
lic is entitled to know where it
is going when it is on its way.
—Coleman Democrat-Voice.

While on the subject we might
add that no county has less and
no county needs them more than
does McCulloch. Let's have
sign-posts and mile posts, not
five, six and eight miles from
town, but all through the coun-
ty, where cross roads confuse
the traveler, and where the lack
of mile posts retard his travel-
ing.

OPEN GROCERY STORE.

John Rainbolt and Son, Ike P.
Compose Firm.

John Rainbolt, in company
with his son, Ike P., are making
preparations to engage in the
grocery business, having secured
the quarters in the J. E. Bell
building on the north side for-
merly occupied by Baze's Gro-
cery. The new firm expects to
be ready for business by August
1st, and will deal in staple and
fancy groceries, vegetables and
country produce. The firm will
be known as the Cash Grocery
store.

John Rainbolt is one of Brad-
y's pioneer grocery men, hav-
ing for a long number of years
engaged in this line of business,
and in re-engaging in the gro-
cery business he is merely get-
ting back into harness. Ike P.
Rainbolt, who has been located
in South Bend, Ind., since the
early part of the year, is expect-
ed to return Wednesday and will
be actively associated in the
business.

The stand selected by Messrs.
Rainbolt is one of the best in
Brady, having housed a grocery
business almost continuously
for a long number of years, and
being one of the best business
stands on the square. Combin-
ed with this fact, the popularity
of Messrs. Rainbolt will materi-
ally aid in assuring the success
of the endeavor from the very
start.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body. In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown. To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

SERIOUSLY INJURED.

Jack Wiggington Received Bad Gash in Head by Fall.

Jack Wiggington is suffering with a bad gash in his head, the wound having required four stitches to close. The accident resulted from a fall sustained while returning with part of the Brady ball team from Fredericksburg Tuesday night. The boys were being brought home in Mac Allman's jitney, and the car was traveling at a good rate of speed on a smooth stretch of the Mason road, when a loose connection caused the lights to suddenly be extinguished. The incident occurred about 2:00 o'clock in the morning about 5 miles from Brady. Wiggington, who was riding in the front seat, and who was half asleep was confused by the black wall that suddenly confronted the car and leaped out of the open door, his foot becoming entangled in baggage strapped on the side and pitching him heavily to the ground backwards.

The lights came on before the car had proceeded 50 feet and the car was brought to a stop and turned back. Wiggington was found to be unconscious, with blood streaming from the wound in his head, and his heavy breathing betrayed the seriousness of the fall. A hurry-up call for a doctor was phoned in from the Mann Bros.' ranch house some little distance from the scene.

An examination showed that besides the gash, the shoulders and back were badly bruised. Wiggington regained consciousness about 9:00 o'clock Wednesday morning, and has been resting very well. It is thought he will have recovered sufficiently to be able to be about some today.

Dr. King's New Discovery induces natural sleep and aids to cure you.

LOCAL BRIEFS.

Rev. Robt. Knox, who has been a guest of his cousin, F. A. Knox, the past few days, delivered a very interesting address at the Presbyterian church Sunday night upon his work as a missionary in Korea. Rev. Knox has been spending the past year in the United States, having returned on account of his wife's health, Mrs. Knox being at present in a sanitarium in Philadelphia. Rev. Knox has been in Korea eight years. He states three years are spent in a study of the language and customs, following which a regular examination must be passed by the candidate before he is given work as a missionary. Rev. Knox's territory covers about 30 miles square, includes eighteen churches and contains something like 100,000 inhabitants. The problem of sanitation is one of the greatest confronting the Christian workers. On account of the dense population, half an acre of land is about the average tract allotted to each individual. The renter not only makes a living for himself and family off this tract, but gives half of what he makes to the landlord as rent. In Korea it is "Men First." The men eat what is prepared for them, and if anything is left after they finish, the women eat that. Rev. Knox expects to return to his work there, not that conditions are attractive in the least, but because he is in love with his work.

What The War Is Doing For The Farmer

The European war is not an unmitigated evil, nor yet, is it an unmitigated blessing for this country. We shall have to attempt to go into the ethical side of the question at all, nor shall we discuss "war babies", munition plants or other similar phases of the situation. We shall look at the war from the standpoint of prices for raw materials, either produced here in this country or imported from foreign countries. And

amongst them those that have not come up in price in spite of the war.

For example, here is a peculiar situation in regard to a beverage which is so universally liked that it has become almost a staple. The name of that beverage is Coca-Cola.

Now Coca-Cola, as you know, is really an agricultural product—a product of the soil. Cane sugar—the very purest and finest—constitutes a large part of Coca-Cola syrup. As you know, sugar has gone way up—every glass of Coca-Cola you drink makes some farmer's heart gladder.

So it is with the pure fruit juices that, combined, produce the inimitable flavor of Coca-Cola. Not so much in quantity seasonally, when you consider a single glass of this delicious beverage, but enormous when the entire Coca-Cola output is considered.

Yet this product of nature—of the farm—increased in cost though it has been to the makers, has not been raised one penny in price to dealer—or to you. The price at the soda fountain and in the bottle has not risen one iota.

Now inasmuch as the rural population alone of America consumes millions of bottles and glasses of Coca-Cola every year, you and the other agriculturists of this country will not only be able to continue to please your palates and get delicious refreshment with this beverage at no increased cost, but you will be sending back to the farm bigger profits and more money at no greater expense to yourself.

Preparedness! Get ready! Next week is reunion week. Sale prices on everything. Popular Dry Goods Co.

of course when we consider raw products we must carry the subject further on into the matter of the prices we get and the prices we must pay for finished products. We shall confine our consideration, too, to those products which have their origin on the farm either in the raw state or finished and manufactured into edible or wearable articles.

Let us take wheat, for example. We all know that the war has put the price of wheat way up. Very well—this means that the whole country, city, town and rural population as well as paying more for their flour—therefore the wheat raiser should theoretically be getting rich on a product which it costs him no more to raise than formerly and for which he gets more money.

But wait a minute—there are other things to consider in this matter of growing rich out of the war. Cotton and wool and meats and farm machinery and sugar have gone up, too. This means that while the wheat raiser is getting more for his product, he is also paying some other agriculturist more for his product. This cuts down somewhat on the profits the war is bringing to the farmer. Then it would seem that the best way to keep ahead of the game is for the farmer to pay the farmer who raises his necessities the increased prices that the war has brought about and when buying his luxuries or those things that are not bare necessities of life to pick and choose from

Mrs. W. F. Horton, sister of L. A. Williams, and daughter, Aline, of Fort Worth and Miss Mina Damon of Dallas, sister of Mrs. Williams, accompanied Mr. and Mrs. Williams on a camping trip the past week. Dr. and Mrs. J. B. Granville and Miss Mozelle Glenn were included in the party.

Return From Fredericksburg. The Brady ball team returned Wednesday from Fredericksburg, part of the team reaching Brady in the wee sma' hours of the morning, while the balance were held in Mason all morning by the breaking down of their car. Two cars were sent out from Brady, and the boys reached here about 5:00 o'clock, going at once to the ball grounds and playing the first of the series of games with Comanche.

The Brady boys are anything but downcast over the outcome of the series with Fredericksburg. Following a hard trip, they arrived in that place Sunday afternoon about 3:00 o'clock and without waiting to eat dinner, went at once to the ball grounds. They freely admit the first game was won by Fritztown, but say by all rights the second belonged to the Brady bunch. At least twice they scored on the Fredericksburg bunch, but the scores were ruled out by the umpire. The game, which ran for thirteen innings, was said to have been the best exhibition ever witnessed on the Fritztown grounds. Ransom pitched nine innings, and Spiller pitched the last four innings.

The last game, Tuesday, resulted 2 to 0 in favor of Fredericksburg. Spiller was in the box for Brady and pitched ball in genuine league style. Lee for Fritztown also pitched good ball, but one hit by Ward Yeager being made off of him. The score stood 0 to 0 during eight innings, when, in the first half of the ninth, a line drive caught Spiller in the side and laid him out for a few minutes. Spiller pluckily pitched the balance of the game, but was unable to hold them down and Fredericksburg succeeded in bringing in her two scores.

LOCAL BRIEFS

Messrs. Joe and Jim Matthews were here from their Menard county ranch Saturday night to learn how the election in McCulloch county stood. Joe has arrived at the distinction of being named county commissioner, while Jim is running a close second for political honors as precinct chairman.

Burt Priddy returned Wednesday from a combined visit and business trip to Goldthwaite and Priddy. He reports crops in that section as being very good. In the Priddy country cotton has already made half a bale to the acre, although the boll weevils are now beginning to work quite badly.

Mr. W. B. Taylor of the Morrow hotel claims to have the original "hobo" chicken. This fowl rode to Brownwood on the rods of the Pullman coach the other night, being discovered and taken off at that place by the Pullman porter. Now the conductor says the railroad is entitled to \$1.45 railroad fare.

Contractor W. A. Johnson arrived in the city Saturday and will personally oversee the construction work of the new Masonic temple. Gravel, sand and rock is this week being put on the ground, and building machinery is being unloaded. By next week the work on the foundations will be in full swing.

C. N. Richie was here from Melvin yesterday and reports the rains last week as having been quite heavy and having done much good in his community, some three miles east of Melvin. About 1 1/4 inches of moisture was had, which has helped cotton quite a bit. The rain was lighter approaching the town of Melvin.

The peach crop is good in McCulloch county this year, the fruit being large and nicely flavored, and the trees bearing abundantly. Among the best Brady-grown peaches we have seen were those presented the editor with the compliments of Wm. Bauhof. These peaches were grown in Mr. Bauhof's yard, were of the ding stone variety, of good size and the flavor was of the kind that calls for more.

(1) That the Plaintiff's reside in McLennan County, Texas, and that the residence of all the Defendants are unknown to Plaintiffs.
 (2) Heretofore, to wit, on July 1, 1916, Plaintiffs were and now are the legal and equitable owners and holders of all that certain land situated in McCulloch County, Texas, and being the two 320 acre surveys known as Peter Schandua surveys Nos. 966 and 967, originally granted to Peter Schandua by Cert. 445, survey No. 966 being patented to James R. Sweet by patent 140, Vol. 47, and survey No. 967 being patented to James R. Sweet by patent 363, Vol. 14 and being abstract Nos. 1297 and 1298. Both said patents are here referred to and made part hereof for description of said land. Plaintiffs so own and claim said land in fee simple. On July 1, 1916, Plaintiffs were in possession of said land and are now entitled to possession of same, but on said date the Defendants unlawfully entered upon and dispossessed Plaintiffs of said premises and now withhold from Plaintiffs the possession thereof to their damage \$5000.00.
 (3) Plaintiffs do not know the character of claim or title set up for said land by said Defendants. Plaintiffs claim said land under title as follows: deed from Peter Schandua to A. F. Wulff; deed from A. F. Wulff to J. R. Sweet; deed from J. R. Sweet to G. Schleicher; deed from G. Schleicher to M. H. Bowers; deed from M. H. Bowers to W. K. Belcher; deed from W. K. Belcher to S. P. Comanche Plays Ball.

Comanche's team of ball players arrived here Wednesday morning for a series of three games. Part of the Brady team who had been delayed in Mason upon their return from Fredericksburg by the breaking down of their automobile, did not arrive until about 5:00 o'clock, and the game was started late as a result. In spite of the fact that the Brady team was well worn out by the trip, they played rings all around the Comanche bunch. While Comanche booted the ball on almost every occasion, muffed high flies and dropped throws, the Brady bunch pounded the pitcher liberally, fielded in great shape, and stole bases almost at will. Gibbon Roberts was in the box for Brady and pitched a good, steady game, pulling himself out of one or two holes without apparent effort. Roddie finished the game as catcher, following H. Tipton's being hit by a ball. The score resulted 7 to 2 in Brady's favor.

Yesterday's game was a surprise. Comanche came back in fine form and played classy ball. Burette Tipton was in the box for Brady and Ellis for Comanche. Tipton secured 8 strikeouts and Ellis 5. Tipton allowed but two men to walk and Ellis only one. Brady had a little advantage over Comanche on stick work, but Comanche held the runners close to the bases. The

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.

final score of 1 to 0 in Brady's favor showed the excellence of the playing on either side. Following H. Tipton's injury, Henderson caught the balance of the game. The third game of the series will be played this afternoon, the game being called at 4:30. With the Comanche players coming up in such excellent form, a hot contest is anticipated this afternoon. Every citizen is urged to be out and boost. Help out the team and boost Brady's percentage. Henry Tipton, Brady's all-star catcher, seems to be working under a hoodoo. In the game at Santa Anna, he had his hand badly bumped up. Wednesday in the game with Comanche he was hit in the face by a thrown ball, and temporarily put out of the game, and yesterday he suffered a broken finger. A foul ball caught him on the end of the index finger, breaking the bone and forcing it through the flesh. Tipton will be out of the game for the rest of the season.

WHAT A NICKEL WILL DO ELECTRICALLY.
 A nickel will buy the use of approximately one-half horse power of electricity for one hour, where current is used for fifteen cents a kilo-watt-hour. It is astonishing what a large amount of electricity will go in any home. An engineer of the General Electric Company has figured out that a nickel's worth of current will perform the following tasks:
 Light an average room with two 20-watt Mazda lamps three hours a night for three days.
 Clean your house six times.
 Do the family washing eight times.
 Run your sewing machine three hours a day for a week.
 Operate an electric fan three hours a day for six days.
 Make toast for breakfast for the family every morning for a week.
 Heat the electric flatiron for one hour.
 A trial will convince you of the economy, cleanliness, safety and real pleasure of using electricity in your house-keeping. We have a large line of electric irons, lamps, cooking devices, etc., and will take pleasure in demonstrating. **BRADY WATER & LIGHT WORKS.** Upstairs, Brady Nat'l Bk. Bldg.

Now for 1917

Another new 3400 r. p. m. Chalmers, 7 passengers, 122-inch wheelbase, supreme beauty, \$1280 Detroit
And the original 3400 r. p. m. Chalmers, doubly refined, amazing performance, 115-inch wheelbase, \$1090 Detroit

Picture a giant of rare strength and ability, and clothe him in fine garments—and you have a mighty good picture of this new Chalmers—

the 1917 3400 r. p. m. Chalmers with the 122-inch wheelbase, double cowl body and French pleated upholstery.

A good day's work was done when they made it. They took as a base the 1916 3400 r. p. m. Chalmers. A car that had 1,000,000 miles of record behind it. And a service mark of 99.21 percent perfect.

They didn't touch the 3400 r. p. m. power plant. They stood pat there.

And on this magnificent chassis they laid a body that surpasses the ordinary man's power of expression.

To describe this gorgeous body is like trying to describe a Rocky Mountain sunset. It's impossible.

You get an optic sensation that fills the mind with a picture you'll never forget.

Lines—ladies, they're so severely modern that at first the Chalmers people thought they'd have to change them—too far ahead of the procession.

But Mr. Chalmers finally said to go ahead. And he was right, because the first one that sailed up the avenue stopped traffic.

Men driving cars actually drove up ahead in front to see what car it was.

And performance—gentlemen! There's never been but one that could touch her—her 3400 r. p. m. sister.

She performs with a laugh. She has never refused me a hill. She has never failed to answer my every whim.

3400 r. p. m. is the reason.

But what I like most about her is the perfectly corking body.

I'm going to tell about one little feature of the body, and then you'll have to come and find the rest out for yourself.

It's about the upholstery. Now, there's been reams written and tons talked about upholstery. Some one once measured it in inches. Another described it in curlicue springs. Some one else reduced it to "real hair."

I don't know the thickness of it—and care less; but when I get in the tonneau and sit down I have a feeling that I never want to get out.

It fits the fat man as well as the thin man.

They're long pleats—French pleats—(which say good-bye once and for all time to the "button and biscuit" kind).

She's a real car, gentlemen, and a wonderful value—\$1280 Detroit. You put away in your wardrobe the equivalent of four good suits of clothes, a couple of pairs of ten-dollar shoes, and a Knox hat when you lay down the money for her. You save about \$275.

Don't let me forget to call attention to her smaller sister—

the 1917 3400 r. p. m. Chalmers with the 115-inch wheelbase.

Because she's a 3400 r. p. m.'r, great on the hill, smooth in traffic, full of spunk any time any day.

She's just like her 1916 predecessor. Neither you nor I could tell the difference. And you're dead sure when you buy her because her record is as clear-cut as a cameo—1,000,000 miles of use with a service record of 99.21 percent perfect.

Both cars are ready. If you haven't seen them you've missed a day's treat. Better than going to the art gallery.
