BRADY REUNION BEST

VETERANS DELIGHTED WITH ENTERTAINMENT.

Visitors Likewise Pleased—Band Boys Pleased—Citizens Pleased.

"The best reunion ever held!" That expresses the universal sentiment regarding the reunion of the Mountain Remnant Brigade U. C. V. in Brady, which was brought to a successful close last Friday.

First and foremost, the veterans were delighted with the whole reunion, from the time of their reception until the order was given to strike tents. There was not a hitch in the program. The various committees appointed by the Brady Y. M. B. L. each performed prodigious labor and each acquitted themselves with credit and glory. The U. D. C. aided nobly in the entertainment of the guests, and the local Ben McCulloch camp of veterans were tireless in their endeavors to see that all the guests were well entertained.

The crowning feature of the event was the big barbecue on Friday. This feature served to bring together the largest crowd on record in Brady. Over 7,000 pounds of beef had been provided by W. M. Bryson and barbecued fit to set before a king by Ev Simpson. In addition there were 5,000 loaves of bread ready, not to mention pickles, and coffee and the many other things. Twelve thousand people enjoyed the barbecue dinner, and when they had eaten their fill, there still remained dinner enough to feed several hundred more. The crowd on Friday is safely estimated at about 15,000, many having not waited for the barbecue.

Credit for the success attained in the reunion is due almost entirely to the Y. M. B. L. of Brady. Not only did this organization bring the reunion to Brady, but having done so, they undertook to entertain them in a manner never before equaled. And in this endeavor they succeeded beyond expectation. Deserving of special mention are Messrs. Walter Jordan, Lee King and D. W. Rowlett, composing the Grounds and Concessions committee; W. M. Bryson and Ev Simpson, Meats and Barbecue committee; Duke Mann, Bread committee; G. C. Kirk, Jitney Committee; and Howard Broad, Tents and Cots committee; while J. T. Freeman, president of the league, acted as general manager and did not hesitate to lend his assistance whenever needed. Appreciation is also due Louie Baker who superintended the cleaning and arranging of the grounds, and Sheriff J. C. Wall who acted as Marshal and General Assistant, to all who helped serve the barbecue or in any way assisted in the reunion. The Alfalfa Lumber Co. comes in for thanks for lumber kindly loaned the reunion committee, as do the other lumber yards and business men, as well, for assistance rendered in various forms.

The Boy Scouts and the Camp Fire Girls assisted materially in the entertainment, and the former also rendered valuable service in policing the grounds, in directing the parking of automobiles and in various other

ways. Too much cannot be said in praise of the U. D. C. for the program rendered under their auspices, and Ben McCulloch camp of veterans also is deserving of commendation for assistance rendered.

The official roster of the Mountain Remnant Brigade, U. C. V., showed 154 registered as present during the reunion, and in addition there were two honorary members, and 30 widows. At the memorial services 25 deaths among members were reported for the past year. The matter of selecting a place for holding the reunion next year was left open for the present.

The following resolutions were adopted by the veterans: To the Commander and Comrades of the Mountain Remnant Brigade:—

Your Committee on Resolutions beg leave to submit the following:

Whereas, the Mountain Remnant Brigade met at Brady, Texas on Aug. 2, 3 and 4, 1916, according to regular orders, and have been entertained by the citizens; therefore be it

Resolved, that we return our sincere thanks to the citizens for our royal entertainment, for ample shades, water, and other facilities, and for their kind and hospitable entertainment of the Veterans.

Resolved further the Daughters of the Confederacy, especially Mrs. Willie Ballou and Mrs. Dick Dyer has been untiring in the entertainment, feeding and attention, and efforts to make our stay among them all that could be desired, for all of which we wish to extend them our unbounded appreciation.

Resolved further that the Boy Scouts of Brady deserve and have our unbounded admiration for their manly and devoted service in entertaining and helpful attention to our Veterans.

Resolved further that we wish to further acknowledge our indebtedness to the Camp Fire Girls for their lovely entertainment of us during the meeting.

Incipient Blaze.

A cigarette dropped into a pile of waste paper at the residence of J. S. Wall Sunday afternoon came very near resulting in the destruction of the family home. The high wind fanned the ember into a blaze which communicated to the lattice work on the front of the house, and when discovered was burning briskly. An alarm was turned in and the fire department responded with their usual promptness, but the blaze was extinguished by neighbors before their arrival. The damage was slight.

Remembers Pastor.

During the absence of their pastor last week the members of the Brady Baptist congregation placed an order with a local tailor for a nice suit of clothes, which was delivered to Bro. Reynolds upon his return the latter part of the week. He is exceedingly proud of the gift, but says that the spirit which prompted this action upon the part of his membership is equally gratifying to him, and asks that The Standard publicly express his thanks.

OFF TO SAN SABA.

Brady Base Ball Team Leaves Today to Meet Lampasas.

The Brady base ball team leaves today for San Saba where they are scheduled to meet the Lampasas team in a four-game series at the fair Tuesday, Wednesday, Thursday, and Friday, most of the players going through in automobiles, while the remainder will go over on the noon train.

The Lampasas team will present an almost entirely new line up from the one which appeared here last month, having acquired a strong team from players in the Middle Texas league which finished the season a few weeks ago, and with the locals going at their present clip, the San Saba series should prove one of the most interesting and exciting of the entire season.

Manager Whiteman has secured Pitcher Lee, Catcher Montague and Shortstop Wright of the Fredericksburg team for the series, and their acquisition to the team insures a high-class exhibition so far as the locals are concerned. Lee will pitch the first and fourth games, while Roberts and Ransom will officiate in the other two. Wright will play second base, Sammons going to the bench for a much-needed rest, while Montague will do the receiving. The remainder of the line up will be practically the same as has been used throughout the season.

The personnel of the team leaving today is as follows: Manager J. B. Whiteman, Roberts and Ransom, pitchers; Montague, catcher; Wright, 2b; Lewis Tipton, 1f; Burette Tipton, ss; Sammons, utility; Ward Yeager, 3b; Henderson, rf. Henry Tipton, the regular catcher who was crippled in the Comanche series two weeks ago, will accompany the team.

Drowns in San Saba.

Willis Custer was drowned in the San Saba while in swimming near here, last Wednesday afternoon at four-thirty. Willis was over from London in company with Lew Nelson's boy and the two decided to go in swimming. They went down to the pool on the other side of the Bowman Lumber Co. They were in but a short time when Nelson decided to get out as he couldn't swim but a little. Upon getting to the bank he looked around for Custer but he had disappeared. Nelson immediately rushed to the McDonald restaurant for help and Mr. McDonald and Willie Cannon rushed down. The body was soon found near the bank and every effort was made to restore life but the efforts were in vain.

Willis was the eighteen year old son of Mr. and Mrs. Custer of the Saline community and the only son. He was idolized by his parents who are prostrated with grief. He leaves a host of friends among the young people of the section who sympathize with the parents in their great loss.—Menard Messenger.

CONGRATULATIONS.

The Standard desires to extend congratulations to our neighbor, The San Saba News, upon the recent installation of a splendid new press, newspaper folder and other equipment. Editor Smith not so very long ago, gave the News a handsome dress of new body type, and became so enamored of the improvement that he decided nothing would harmonize better with the new type than new machinery. Editor Smith is getting out a good, live publication and is doing a world of good for San Saba and the San Saba country. Here's hoping that the citizens will show proper appreciation of his efforts and accord him support that will assure his future welfare and prosperity.

THE BOY SCOUTS.

If ever the citizens of Brady were in position to appreciate the value of the Boy Scouts organization, that opportunity was afforded last week during the reunion. The Boy Scouts not only were the means of providing some excellent entertainment for the veterans and visitors, but they did excellent service on the grounds and assisted the various committees in many ways. Too much cannot be said in praise of the Boy Scout movement. Through it, the natural restlessness and energies of the lads are directed into useful paths, and through these paths develop into traits of character that cannot but leave their impress upon the future of the individual.

And the Camp Fire Girls, too, have proven that they are entitled to recognition. These two movements should be fostered, and the citizenship should lend them a hand upon every occasion.

BALLINGER BAND.

No happier choice could have been made by the Y. M. B. L. than their selection of the Ballinger band for the reunion. Not only did the boys furnish most excellent music, but they provided themselves an ideal organization, playing willingly whenever called upon, being orderly in their conduct, and showing a disposition to make themselves truly appreciated (which more than succeeded).

Upon their part the Ballinger boys express themselves as having been royally treated during their stay here, and state their visit here was one of the most

enjoyable of any they have ever made anywhere. They were loud in their praises of the cordiality of the citizens and of the courtesy met with upon every hand.

The Standard was favored with an appreciated call from Troy Simpson, a member of the band, and foreman of the job department of the Ballinger Banner-Ledger, who dropped in to exchange fraternal greetings. Through Mr. Simpson we received some information regarding the band that may be of interest to the citizens of Brady. Mr. Simpson stated that Ballinger shows rare appreciation of her band. Not only does the town pay the expenses of the band, including \$100 per month for the director, but they furnished the band with two sets of uniforms, built a \$500 band stand, and otherwise showed an interest in their welfare that naturally brought forth the best efforts of every member, and insured the stability of the organization. The band, in return, delights the citizens with weekly band concerts, and in addition is available for service upon any occasion of local importance. The splendid music furnished by the band, and the excellent conduct of each and every member during their stay in Brady, speaks volumes for the success of the plan as carried out by the city of Ballinger.

EDUCATED "CRIMINALS!"

Kansas penitentiary has just given diplomas to thirty-one graduates who had taken a college course in agriculture. Commencement exercises were held in the prison. This is probably the first event of the kind in the history of the world.

The work done by the prisoners was the same as that which the Kansas agricultural college offers to its home correspondence students. One hundred prisoners availed themselves of the chance to study. The thirty-one graduates were students in steam and electrical engineering, carpentry, blacksmithing and agriculture.

Some of the graduates will not be released from prison for several years, but the state has already found employment for those whose terms have nearly expired.

The existence of this unique body of college graduates indicates a pronounced improvement in modern reform work with criminals.

Not even the most enthusiastic reformer can prove that education produces good character. But education does create new ambitions in any man. It proves the futility of crime. It makes a man self-supporting and thus removes the temptation to law-breaking.

Governments now spend more money on their prisoners than on their schools. The success of the Kansas experiment is an instructive exhibition of the eagerness with which even criminals will seize an opportunity to fit themselves for dignified and responsible places in the community. Perhaps some day society will know enough to pay for preventing crime rather than for punishing criminals.—Omaha Daily News.

Friday's ball game was a distinct disappointment to those who had anticipated a splendid game. The play opened well enough, but suddenly Freckericksburg developed a mania for batting the ball into the lineup of autos surrounding the field that proved mighty discouraging, especially when the net result was some half dozen or more score. Roberts' replaced Spiller in the box, and after he had warmed up held the Giants down fairly well. The final score was 9 to 1 in favor of the visitors.

LOCAL BRIEFS.

W. M. Murphy has installed a 200 pound pressure electric compressed air tank in his garage adjoining The Standard office and is now supplying his patrons with free air in any quantities.

Among the veterans who visited the reunion, none was more delighted with the entertainment and hospitality of Brady and McCulloch county folks than was W. R. Capps of Willow Creek, Mason County, and there was none more willing to give credit to the Y. M. B. L. Mr. Capps is 86 years old, and has attended many a reunion, but he says the reunion at Brady was the best he ever attended. In this, Mr. Capps voices the sentiments of every veteran who attended.

Now comes J. C. Mayhew and lets fly a harpoon into modern base-ball methods. He says Friday's game, even with its ten scores, does not hold a candle to the games he played in his young and giddy days in Brownwood, when each club used to make a score or more of scores. Those were the happy days, says J. C. He very near ran his feet off getting around bases, which, maybe, accounts for his failure to grow tall like the Fredericksburg boys.

After reading John Martin's account of the great ball games out in Sonora when the ball teams ran up 30 or 40 tallies, Duke Mann was reminded of his boyhood days. Duke was playing first base in one of these boyhood games, when a stranger appeared on the scene and inquired how the score stood. "37 to 0 in favor of the other side," was Duke's answer. "Well," said the stranger, "aren't you getting mightily discouraged?" "Oh, no," said Duke. "We haven't been to the bat yet."

Another veteran who was mightily pleased with the reunion was J. W. Blakeney, a former citizen of San Saba, but at present making his home in San Antonio. Mr. Blakeney says there never was a reunion more thoroughly enjoyed, not only by himself, but by every old soldier in attendance. He says the citizens of Brady ought to be proud of the Y. M. B. L. for the excellent manner in which the reunion was planned and carried out. Everything was carried out smoothly; the entertainment was all that could be desired; the feeding and caring for the visitors was excellent, and the many courtesies extended were appreciated and enjoyed. Mr. and Mrs. Blakeney were guests of their daughter, Mrs. A. F. Rose, while here, and have gone to San Saba to enjoy the San Saba fair before returning to their home in San Antonio.

Messrs. Frank Flack and Carl Sheppard were here Friday with the San Saba boosters as representatives of the San Saba Star. While Carl incidentally looked in on home folks and friends, Mr. Flack informed us that the Star was modernizing their plant by the installation of a Standard Model 5 linotype, for which the order had already been placed, and which was expected to arrive and be installed by the latter part of the month. The Star is a good, live, readable paper, and Mr. Flack as news editor and reporter has made it doubly so. The paper under the management of W. D. Hutchingson has been everything that a country weekly should be, and is ably representing the city and citizens of San Saba.

He was very liberal in praise of the manner in which the big reunion was handled, and stated that the entire Santa Anna delegation enjoyed every minute of their visit. Other members of the party included F. W. Crum, N. L. Robertson, Alex. Phillips and Willis Ashley.

Died at Brownwood.

The many friends of Mrs. R. G. Prater will sympathize with her deeply in the loss of her father, W. C. Parks, who died in Brownwood on Tuesday night, August 1st. The following account of the death is taken from the Brownwood Bulletin.

"W. C. Parks, one of the oldest and most widely known citizens of Brownwood, died Tuesday night at his home on Austin avenue. The funeral service will be conducted tomorrow morning at 10 o'clock, at the family residence, by Rev. C. L. Ewing. Interment will be made in Greenleaf Cemetery.

"Mr. Parks' death came suddenly, as a result of heart failure. For some time he has been in feeble health, but was able to be up, and occasionally came to the business part of town to greet old friends. Last night the family, with the exception of Mr. Parks and Miss Anna Lincoln, a housemaid, came to town to attend a picture show. Shortly after their departure Mr. Parks left the house by a rear door, and when he did not return within a few minutes Miss Lincoln became alarmed and instituted a search for him. At about ten o'clock the family returned, and Sam Parks, a son, and Mrs. H. A. Carey, a daughter, began a search for their father. He was found at the barn, lying on his back with one arm thrown across his chest. The body was taken into the house and a physician was summoned. It was the opinion of the physician that Mr. Parks had been dead for an hour or more when the body was found.

"In the early days this section suffered much from deprivations of Indians, and a few years ago Mr. Parks was refunded ten thousand dollars by the government in partial payment of losses sustained by him in Indian raids in the early days. He established the First National Bank at Ballinger, and had extensive business interests in all this section of the State. "In 1873, Mr. Parks was married to Miss Anne McCulloch of Arkansas, but owing to the constant trouble with the Indians here did not bring his wife to this section until two years later. His wife survives him. He was the father of six children: Daisy, deceased; Sam M., Mrs. R. G. Prater, Mrs. H. A. Carey, all of this city; Mrs. J. J. Timmins of Austin, and Jewell, deceased."

MELVIN MENTIONS

F. O. A. Johnson went to Brady Monday. The best rain for quite a while fell in Melvin and to the south of town last Sunday. The rain was not general, but it helped all the region covered. Uncle Ben Drago and his good wife were guests of the editor's family Sunday. They were on their way to the Brady reunion. Besides being an old Indian fighter and frontiersman, Uncle Ben is also a Confederate veteran, having served through the entire four years of civil strife.

Many of our people are attending the big Confederate reunion which is in progress at Brady. The big event started Wednesday and will close today. It is estimated that fully ten thousand people are in attendance.

Catarrah Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrah Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrah, which is an inflamed condition of the mucous surface. Hall's Catarrah Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrah Deafness that cannot be cured by Hall's Catarrah Cure. Circulars free. All Druggists. 75c. F. J. CHENEY & CO., Toledo, O.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles. Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me. At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing. I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health. If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years. At all druggists.
