Miss Hattie Pence Very Low.

Miss Hattie Pence is lying very low at Corpus Christi, and from meagre word had from her bedside it appears there is small chance for her recovery. A message received Sunday, due to some error in transmission, gave rise to the report that she had died, but a second message received yesterday morning and which had been filed in Corpus Christi at 9:00 o'clock Monday morning stated she was very low. The nature of her illness was not disclosed in either of the messages.

The first advice of her illness was received in a message last Friday, and Omar Pence, a brother, and Mrs. Dee Jeffers, a sister, accompanied by Mr. Jeffers, left at once for her bedside. Arriving at San Antonio, Mr. Jeffers and Mr. Pence returned to Brady, while Mrs. Jeffers continued the trip to Corpus Christi. Following receipt of the message Monday morning, Omar Pence, C. S. Pence and Dero Pence left at once for Corpus Christi.

W. R. Pence, accompanied by his daughter, Miss Hattie, left some two or three weeks ago in their car for a visit of several months at Corpus Christi, San Antonio and other South Texas and Gulf Coast points. Word received a week ago indicated that they did not find the climate or conditions suited, and indicated their early return to Brady. The wire last Friday was the next advice had from them. Mrs. W. R. Pence is visiting relatives in California, having left for that state a month or more ago. She was notified by wire

of the death message and, it is presumed, is on her return to Brady. Efforts are being made to get into communication with her at El Paso, and have her go to Corpus Christi instead of returning here.

Miss Pence is one of the most beautiful, as well as most popular young ladies of Brady, and is a universal favorite. Her scores of friends are hopefully awaiting some news of a favorable nature concerning her illness.

LATER—A wire from W. R. Pence to W. D. Crothers, received this morning, announced the death of Miss Pence yesterday evening. The message also stated that the funeral party accompanying the body would reach Brady Wednesday, and requested that funeral arrangements be made. No particulars of the cause of death were given. Mrs. Pence is expected to return from California either this afternoon or tomorrow morning. Interment will be made in Brady cemetery, and it is very likely that funeral services will be held tomorrow afternoon.

GO TO SAN ANTONIO.

To Secure Government Aid for Highways.

J. T. Freeman and T. P. Grant leave today for San Antonio as delegates to the Texas division of the National Highways association, which promoted the Texas route of the Puget Sound to the Gulf highway. One of the purposes of the association is to endeavor to secure a fund of \$6,000,000 from the U. S. government for road improvement in Texas. This fund is the Texas apportionment of an \$80,000,000 fund set aside for state road improvement by the U. S. conditioned upon the observance of certain requirements. These conditions make necessary the expenditure of a like sum of money upon the part of the state for road improvement and also the appointment by the state legislature of a road commission, whose duties shall be to oversee and advise the expenditure of all moneys, thus obviating any danger of graft or misappropriation or misapplication of funds.

Should these plans be carried through, quite naturally the improvement of the main highways of the state would grow by leaps and bounds, and the communities or sections of the state first appropriating funds for road improvement in accord with the government requirements would be the first to share in the government fund.

Drs. Guyton & Stone's partner, Dr. G. B. Miller will arrive from Chicago about Sept. 1st. Dr. Miller has been specializing on Eye, Ear, Nose, and Throat work the past several weeks during his stay in Chicago, and comes to Brady as one of the most competent specialists in the State.

HAS NARROW ESCAPE.

W. H. Clack, Oakland Demonstrator, Shot at in Brownwood

Myrtle Bentley was arrested this afternoon upon complaint charging her with assault with intent to murder, following what the authorities allege to be an attempt to kill W. H. Clack shortly before 6:00 o'clock yesterday afternoon. Bond to await an examining trial was fixed at \$500 by Justice of the Peace G. B. Cross.

The shooting which resulted in the arrest of Mrs. Bentley occurred in the front of the home of her mother, Mrs. John Parton. Clack and Lida McCormick had driven in Clack's automobile to the Parton residence for the purpose of securing a trunk belonging to the McCormick woman. After looking at the trunk, Clack said this morning, he decided it was too large to carry in the car without scratching the machine. He and Lida McCormick then got into the car, the latter sitting behind the steering wheel. Then there ensued, according to Clack, a heated argument between the two women. While this argument was at its bitterest stage, Clack says he decided it was time to go, and stooped over to release the emergency brake of the car. As he stooped a gun was fired. The bullet missed Clack's head by a narrow margin and crashed through the windshield of the car. His face was powder-burned. Without straightening up Clack says he drove the car away from the scene.

Mrs. Parton, mother of the accused woman, says that she understands her daughter shot at Clack because he was abusing her. A small revolver was used. Clack has been in Brownwood for a short time as demonstrator for the Oakland automobile. —Brownwood Daily Bulletin.

W. H. Clack is well known in Brady, having been located here several months as demonstrator for the Oakland previous to making his headquarters in Brownwood.

CHURCH OF CHRIST.

Revival to Begin Saturday Night at Tabernacle.

The revival meeting of the Church of Christ will begin next Saturday night, Elder E. A. Bedichek of Fresno, California, having charge of the meeting. In order to afford ample facilities for accommodating all who may wish to attend the meeting, the use of the Methodist tabernacle has been secured, and the meeting will be held there.

Bro. Bedichek is quite well known to many Brady citizens, and is a forceful and interesting speaker. His sermons will have a message that will appeal to all alike, and a cordial invitation is extended all to attend the services. The meeting will most likely continue for two weeks.

Lampasas Makes It Four.

Lampasas made it four straight in the San Saba ball games with the Brady ball team. In addition to winning the first three games, as reported in last Friday's Standard, Lampasas swiped the fourth one to the tune of 6 to 2. Ransom was in the box for Brady and pitched a splendid game. In fact, in all the games Brady out-played and, as well, out-pitched Lampasas, while Lampasas out-fielded Brady. Brady's hits invariably fell into the outfielders' mitt, while Lampasas somehow

placed her hits where the fielders could not reach them.

On the whole the Brady aggregation has no regrets to express over the outcome of the series. While the locals had been strengthened to a degree by a new pitcher, catcher and second baseman, yet the team was weakened to some extent by the absence of the regular players. On the other hand, but one of Lampasas' old team was in the lineup and he played in but one game, the new team having been recruited from professional ball players of the Mid-Texas league.

The locals played good ball and gave all who attended their money's worth.

JUST RETURNED FROM THE MARKETS

Our Mr. H. W. Zweig has just returned from St. Louis, Chicago and New York markets, where he purchased one of the largest, most varied and beautiful stocks of goods ever displayed in Brady. The purchases include the very latest styles and designs in

Ladies' Skirts, Waists, Coat Suits and Ready-to-Wear
Millinery, Shoes, Novelties and Notions, Men's Clothing, Hats, Shoes and Wearing Apparel

Every day marks the arrival of new goods at our store, and every one should call and inspect the beautiful and varied lines on display. In the meantime, summer isn't over, nor have we sold quite all our summer goods. We have some bargains, though, that ought to move the goods out in a hurry. Come and see for yourself.

TOWN GROWTH.

Comanche has contracted with
the Texas Power & Light Co.,
for a splendid system of street
lights, and will also place permanent
paving on one of the principal
business streets. That is the way
to make a town grow.—Brownwood
Bulletin.

Truly that is the way to make
a town grow. And poor streets,
on the other hand, have a tendency
to make the citizens grow a
grouch—and what good can be
accomplished with a grouch.
Brady has streets fairly well
illuminated. Let's complete the
street improvement by getting
all the thoroughfares in first-
class condition.

WATER HOLES.

A neighboring editor handed
us the following brickbat-bou-
quet the other day, and we give
it to the public for what it's
worth:

"We are not going to knock
your town (at this time, any-
way) but as you have been in-
stant, in season and out of season,
in your fight for a clean
town, I hand you this:

"One of the Santa Fe employ-
ees made a remark to this effect,
'I can't see why Brady doesn't
fill up the water holes on the
streets. They cause a stench in
the town, and with gravel near
and the advantageous natural
outlet, they could be easily and
cheaply drained.' You might
consider that he is only one of
the many thousands that pass
that way."

We wish to inform our es-
teemed brother of the press that
the water holes have vanished
pi yi. That is to say, the water
has vanished from the holes in
consequence of the dry weather
of late. True the holes are still
there! But why bother about
holes, when we hit none but the
high places?

But, seriously speaking, The
Standard is in hopes of seeing
the above mentioned obstacles
to town progress removed. It
takes time to accomplish any-
thing, and in this matter it
seems as though an unusual lot
of time has already been con-
sumed. However, the most hope-
ful sign is that a number of the
worst holes about the square
have already been filled with
crushed rock, and if this work is
kept up it will not take long
until all the holes and bumps
will have been smoothed out.

And we believe the citizens
could aid materially in this
work. "Chuck Hole clubs" of-

fer one means of helping in the
work. Let every owner of an
automobile join a "Chuck Hole
club" and provided with shovels
and picks let each member fill
up or smooth one hole a week.
Over five hundred automobiles
are registered in Brady. Five
hundred holes filled up each
week would soon cause a scar-
city of holes. And incidentally
auto riding would become a
greater pleasure, the town would
be rendered more sightly and
the sanitary condition of the
town would be greatly improv-
ed.

It's "lend a hand" all around,
and watch the results.

McCulloch County Prosperous.

The Hon. J. E. Brown, county
judge of McCulloch county, who
was in Dallas yesterday, declar-
ed that there is every indication
for a most prosperous year in
McCulloch county and the sur-
rounding territory. While a rain
would be beneficial just at present,
is not badly needed, he
said.

"Politically, we are all for Cul-
berson in the run-off," Judge
Brown said. "Although I sup-
ported Campbell in the primary,
I am now for Culberson. Our
county convention, of which I
was chairman, passed resolu-
tions endorsing him. The resolu-
tion prevailed harmoniously,
although it was strong and out-
spoken. The only difficulty will
be in getting the people to turn
out. While the apathy is not
pronounced, a keener interest
might be awakened."—Dallas
News.

Frank Wilhelm Purchases Sheep

Frank Wilhelm, prominent
Menard county sheep and cattle
man, was in San Angelo Tues-
day enroute home from a busi-
ness trip to Sonora and other
points south. When seen at
George Richardson's office, he
reported the purchase of 3,500
head of muttons, which are to
be delivered about August 15th.

Twenty-eight hundred two
and three-year-old animals were
bought from Buster Allison and
Joe Wyatt of Sonora at \$5.00
per head. Seven hundred were
purchased from Sid Millsbaugh
of San Angelo. These animals
were the same age and brought
the same money as those secur-
ed from Allison and Wyatt.

Splendid rains have fallen be-
low Sonora during the past few
days, Mr. Wilhelm reports.
There are lakes of water in many
of the valleys and all draws and
water holes have been filled.—

HOUSEKEEPER'S FRIEND.

Will Polish Glass, Remove Rust
and Clean Articles.

Coal oil will help the house-
keeper out of many difficulties.
A spoonful of kerosene added
to a kettle of very hot water
will make windows, looking
glasses and picture glasses
bright and clear. Use a small
clean cloth, wring it dry and rub
it over the glass, after wiping
down the framework with an
old oiled cloth. Then proceed to
the next window and treat it
similarly on both sides. After
that go back to the first one and
wipe it dry with a large clean
cloth. No real polishing is re-
quired, and the windows or
glass will look clear and shiny.

Kerosene will clean your
hands better than anything else
after blacking a range or stove.
Pour a little in the water, wash
your hands in it, then wash
them in tepid water, and finally
with plenty of soap and a stiff
brush in hot water. Finish up
by rubbing the hands with le-
mon and rosewater and glycer-
ine.

When your kitchen sink is
rusty rub it over with kerosene.
Squeaky shoes are cured by dip-
ping the soles in kerosene—
enough to reach the tops of the
soles without reaching the up-
per leather.

The white spots appearing on
the lining of your refrigerator
will disappear if you rub the
zinc with kerosene. Leave the
refrigerator open several hours,
then wash with water, soap and
some ammonia. The refrigera-
tor will then be clean and
sweet, and all spots will have
disappeared.

Another Beautiful Residence.

During the past several years
the attractiveness of Brady has
been wonderfully enhanced by
numbers of new and modern res-
idences, and this year is evidenc-
ed by greater activity than ever
in building lines.

One of the most noteworthy
improvements now under way is
the handsome new residence to
be constructed for W. E. Camp-
bell in the south part of town.
The excavations for the founda-
tions of the new home have al-
ready been completed, and work
will be begun at once by Con-
tractor Chas. Horn upon the
foundations, while J. L. Jordan
will have the superintendency
of the building.

The plans and specifications
of the new home call for a 7-
room dwelling with bath, sleep-
ing porch and veranda. The
type of house will be the two-
story bungalow, with one up-
stairs room and six downstairs,
while the design will be a ve-
ner of pressed brick.

The location is considered
ideal, being three blocks east of
the water tower on one of the
main thoroughfares of the city,
and aside from being in one of
the best residential portions, the
elevation is the greatest of any
point within the city limits, add-
ing materially to the delightful
surroundings.

It is estimated that some two
or three months will be requir-
ed to complete the construction
work, and as soon as the resi-
dence is finished it will be oc-
cupied by Mr. and Mrs. Camp-
bell.

hood days together, asking him

Rev. T. P. Grant, F. M. Newman and Joe A. Adkins returned Friday from Houston, where they attended the Democratic State convention as delegates from McCulloch county.

Mr. and Mrs. Miles Abernathy and son, Elton, left yesterday for San Antonio and Tilden, Texas, where they will spend a couple of weeks visiting relatives and friends.

Harold Irvine, who has been a guest for a week of his sister, Mrs. C. C. House, and brother, P. R. Irvine, at Niblock, returned last Friday night to his home at Fort Worth.

Mr. and Mrs. Henry Bowers returned last night from a week's visit with relatives in Austin. They were accompanied on the trip by Mr. Bowers' mother, Mrs. J. A. Bowers, of Hext.

J. S. Smith and family of San Angelo are guests this week of Mr. and Mrs. P. C. Dutton and family at the ranch. They will also visit Messrs. J. A. and Dave Harkrider at Nine before their return home.

Mrs. John McCleary and daughter, Miss Elsie, were among the visitors to the San Saba fair, having spent from Wednesday to Saturday in that city. They report a lovely trip and a most enjoyable visit at fair.

George Harris, section foreman for the Frisco, received a wire Saturday stating that his father had been killed at Sapulpa, Okla. No details of the tragedy were given in the message. Mr. Harris left Saturday night for Sapulpa.

Mr. and Mrs. W. F. Bodenhamer expect to leave tonight

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Only 25c. Get a package to-day.

for Stillwater, Okla., for a visit with their son, whom they have seen but once in the past sixteen years. Consequently they are anticipating more than ordinary pleasure out of the visit.

Mrs. W. D. Crothers and daughter, Miss Minnie Jarvis, Mrs. W. K. McCully and Messrs. R. A. Lindley and W. H. Caldwell returned Friday from San Angelo, where they were guests of friends for a short visit. The trip was made in Mr. Caldwell's car.

M. L. Burrell and son of Fife, accompanied by Tink Porter, have just returned from a trip over the western counties. Among other places visited were Sweetwater, Roscoe and Wastella, and M. L. says he saw some of the driest country he ever experienced.

P. H. Charnquist of Coleman was in the city Saturday. Mr. Charnquist is the machinist operator on the Coleman Democrat-Voice, and together with Mrs. Charnquist, is enjoying a two weeks' vacation visiting her parents, Mr. and Mrs. A. Bergquist, east of Brady.

George Yantis, who, with Mrs. Yantis, has been a guest of his parents, Mr. and Mrs. W. J. Yantis, several days, left Friday night for Dallas, where he will spend a short time on business before returning to his home in Amarillo. Mrs. Yantis will continue her visit here a few days longer.

Mrs. A. A. Beck, who has been undergoing treatment at the local sanitarium the past six weeks, has made an excellent recovery and is in better health than for years. Her many friends are pleased to again greet her at the Borschow Salvage Co., she having resumed her position as saleslady there Monday.

Postmaster A. B. Reagan, accompanied by Mrs. Reagan, left last week for Brownwood, where they were joined by Postmaster W. D. McChristy and family on a trip to West Texas and New Mexico. Their first stop was arranged at Big Springs, where they were guests of Mr. Reagan's brother. From there they go to the Plains country and into New Mexico. The party expects to be gone about fifteen days.

G. C. Kirk, the Nuf Sed tailor, left last Thursday night for Cincinnati, Ohio, where he will spend a week or so as a guest of clothing manufacturers for whom he is local representative. Enroute he spent a day or two in St. Louis. Before returning Mr. Kirk will visit Baltimore, Philadelphia and New York, spending a week in the latter city getting first-hand information as to the latest and noblest styles in men's wear and haberdashery. He expects to return the latter part of the month.

A party composed of Mr. and Mrs. P. A. Ekdall, daughter, Miss Ebba, and son, Arthur, and R. Pearson arrived here last Thursday from Austin, being guests of Mr. and Mrs. George Nelson until Sunday, when they returned home. Mrs. Pearson, who has been a guest of her sister, Mrs. George Nelson, for several weeks, accompanied them upon the return trip. Mrs. Nelson and children came to Brady from Austin with the party and will be a guest of Mr. and Mrs. C. P. Eklund for several weeks.

George E. Youngdale and family, accompanied by H. J. Youngdale and family of Melvin, were in Brady Saturday leaving on the night train for Harcourt, Iowa, where they expect to spend a month visiting relatives. The Youngdales are natives of that state, George E. having first come to Texas in 1903. He

returned to Iowa in 1904, but could not remain away from Texas and returned here the following year. This is his first visit back there since that time. In addition to spending several weeks in Iowa, the Youngdales will also visit in Kansas.

A party composed of Fred J. Williams and sister, Miss Amanda, Mrs. Lucy B. Brewer, Miss Lucile Brewer and John B. Brewer, were in the city yesterday enroute to Richland Springs where they will visit relatives of Mr. Williams, and to which place Miss Williams is returning from a visit to San Angelo. Mr. Brewer is associated with the San Angelo Standard and while here took advantage of the opportunity to distribute advertising matter and premium catalogues of the San Angelo Fair, Carnival and Race Meet to be held October 31st to Nov. 4th.

H. W. Zweig returned Saturday morning from a marketing trip of several weeks to St. Louis, Chicago and New York markets, and reports having had a splendid trip and visit incident to his marketing. He reports having purchased a large and select line of goods for the Hub Dry Goods Co., and states his new season's purchases comprise the largest and best assorted line of dry goods and ready-to-wear he has ever purchased. The new shipments are already beginning to arrive, and are being placed on exhibition and sale as rapidly as they are unpacked.

LOCAL BRIEFS.

In the run-off primary held in Mason Saturday it is reported that George Willis won the nomination over P. C. Baird, who was asking for the nomination for re-election as sheriff.

The attractive appearance of the J. E. White residence on Crothers avenue has been still further enhanced by a cobblestone wall fronting the property line, and also by the placing of cement walks within and without the yard.

E. A. Marshall was here from Lohn Saturday and left three heads of feterita that have been the occasion of much favorable comment. Each of the heads closely approaches a foot in length and is heavily laden with well-filled kernels. Mr. Marshall has seven acres of this feed, and while he has not estimated his production, he is certain not to need any feed in some time. Mr. Marshall much prefers the feterita to maize. He states that a field of maize just across the fence from his feterita patch, and on bottom land practically identical with his, will not make one-third as much as his feterita.

Death of Mrs. W. M. Fenley.

At dawn on Wednesday, August 2, 1916, at Harris sanitarium in Fort Worth, where she had been taken for medical treatment, God called Mrs. Maggie Fenley and with a smile she answered the summons, going out from this life with its cares and griefs to one of peace. Born in Mobile, Ala., Nov. 20, 1876, she came to Menard with her parents when six years of age, was married to Dr. W. M. Fenley at the age of twenty, who survives her, together with her mother, Mrs. Johnston, and three daughters, Willie, Evelyn and Mildred. Her friends and associates of former years came from Mason, Brady, Junction, McKavett and other places to add their presence to those of our town and county to pay their last tribute of respect to this woman that they had loved and

NEW MANAGEMENT

I have purchased the interest of my partner, D. M. Porterfield, and want to solicit the further favors of patrons of the shop, as well as those who have not been our patrons in the past.

I employ only expert workmen and use the best material to be had, and if you are needing a pair of shop-made boots or shoes I can satisfy you both as to fit, style and workmanship.

I am also giving special attention to double stitched auto casings, having installed special machinery for this work. Auto tops repaired also.

honored during life.

The white robed casket, strewn with many flowers, the fitting tribute of loving friends, was followed by her Sunday school class marching immediately after the remains, then came the officers and members of the Order of Eastern Star, marching also in double file, followed by the many cars in the procession; to the Christian church, of which she had been a member for many years. The beautifully decorated church, with its banks of many colored flowers spoke eloquently again of the tender thoughtfulness of loving friends.

Dr. Randolph Clark, her old pastor, in that simple, direct way that is so effectual, paid her a tribute such as is rarely accorded to the dead by the living.—Menard Messenger.

Removing Vault.

The climax in the many changes and improvements under way at the Commercial National bank the past couple of months was reached Monday, when workmen began tearing down the big vault which has served the bank since its first establishment. The heavy construction of the vault makes the removal a big undertaking, and the entire removal of the huge mass of brick and concrete will probably require the greater portion of the week to accomplish. The new vault will be in readiness for occupation as soon as the door from the old vault can be installed in the new vault.

Despite the many inconveniences and handicaps occasioned by the improvements in the building, the bank force has continued its labors uninterruptedly. By means of wagon sheets the office force is protected from the greater part of the dust and debris, but every member of the force will breathe a sigh of relief when the task has been completed.

Ballinger Band Boys Return—Praise Brady.

Returning Saturday at noon from Brady, where a successful U. C. V. reunion has been held for the three days of Wednesday, Thursday and Friday, the Ballinger band boys are unanimous in their praise of the Brady people and their entertainment.

The Ballinger musicians say they were literally given the keys to the city of Brady, and after their arrival the old Confederates were abandoned until the band could be provided for. Every convenience and aid that could possibly be given Joe Ward's bunch was provided by the Brady commercial league, and the whole town turned out to make the pilgrims from Ballinger welcome.

Friday was said to be the big day at the U. C. V. meet at Brady and over 20,000 people gathered to make gay with confetti and cold drinks. The Ballinger aggregation was permitted to leave Friday night, and the boys say hosts of fair young things accompanied them to the train. Each and every band boy wishes, through The Ledger, to thank the Brady citizenship for their courtesies.

A stop-over was made in Brownwood on their way to Brady, and a short open-air concert was listened to by an appreciative audience. An auto ride over Brownwood was furnished by the Brownwood Chamber of Commerce. No concerts were played on the return trip to Ballinger.—Ballinger Ledger.

Frank Wilhelm of Brady was in Sonora Monday and bought 2880 sheep from D. J. Wyatt and H. P. Allison of Sonora at \$5 per head.—Devil's River News.

SAN SABA SAYINGS

From The News:

The deal was closed by R. W. Burleson, administrator of the R. G. Coryell estate, Tuesday by which he sold the Farmer's Union gin in San Saba to K. S. Crain. Mr. Crain is an experienced gin man and owns gins at Harkeyville and Algeria already.

The News overlooked to mention last week the trade by which D. A. Autry became the owner of the Brock Ashby tailor shop. Brock has been sick quite a deal of late and Mr. Autry is determined to remain a citizen of beautiful San Saba. "Angus," as he is familiarly known, is a good Indian and hustler. He will surrender the office of county treasurer in November with a splendid record and at the same time he is providing a business.

From The Star:

The Fourteenth Annual San Saba Fair and Encampment is now nearing a most successful conclusion. Without a doubt this has proven to be the biggest event ever staged in this section. Following in the footsteps of a series of continuous successes, the fair this year has exceeded all preceding in attendance, number of exhibits, interest and enthusiasm. Paid admissions the first day passed the 6,000 mark, thus establishing a new record for the opening day. The big day when the railroad came was even gone one better. The people came in larger numbers on Wednesday, and Thursday held its own. The crowds are always on the move.

Catarrah Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure catarrah deafness, and that is by a constitutional remedy. Catarrh Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrh Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists. 15c.

EDEN ECHO

From Eden Echo:

We have noticed that all the panics, strikes and other calamities of recent years have been timed to occur just at the beginning of the cotton moving season, and as a consequence the cotton grower bears the burden by reason of the depressed market. A nation-wide railroad strike is now brewing and if it is not checked by the higher powers, it will most likely be put in effect about October 1st. When will our boasted government "of the people, for the people and by the people" be a reality?

The Brady reunion was a big affair and many Eden folks were in attendance and report a splen-

did time and a crowd too large to count.

Mrs. E. W. Bigham, who has been at Brady for medical treatment, came up for a visit with her daughter, Mrs. Sam Lewis, at the close of the reunion. Her home is at Millersview.

The Magic Washing Stick.
We want the people of Brady to know that we positively guarantee that the Magic Washing Stick will in fact wash clothes without the use of a washboard or machine, thus saving all the hard work on washday. We will let you try the Magic Washing Stick five times at our risk and if, at the end of that time you do not say it is the best thing you ever saw, we will give you your money back. Come and let us explain it to you. The Jones Drug Co., Brady, Texas.

MASON MAVERICKS

From The News:

The biggest cattle deal made in this section for some time was closed last week when Elgin C. Kothmann leased his Centennial ranch to Messrs. Moss & Deese of Llano county, and the latter two gentlemen purchasing air of the stock on the ranch. The money involved in this deal represents something like \$80,000 to \$100,000.

George Kidd, one of our stockmen of the Katemcy section, was in town Monday for a short time on business. Mr. Kidd says cotton seems to be late in his section and that picking will not be started until about the first of September.

On Thursday and Friday of next week Mason will play Fife a series of three games on the local grounds. Fife has a good ball team this year and with Baldrige pitching for them they will give the local team some entertainment. The present series with Junction should put the home team in shape to meet Fife next week. Parties having seen both teams play this year say the two teams are evenly matched and the people can look for some good games between them.

On Wednesday afternoon the Mason Fats and Mason Leans crossed bats in one of the hottest ball games seen in Mason this season. The score was 4 to 3 in favor of the Fats, when in the first part of the eighth inning a squabble resulted in calling off the game at that stage.

Albert Eschberger of Brownwood will open a meat market in the house one door west of City Grocery Co. in the course of a few days. The house is being put in shape at the present and as soon as everything is completed the shop will be opened for business. Mr. Eschberger has secured the services of Rufe Braezealle as meat cutter. Mr. Braezealle is well known to the people of the town as a meat slicer and will not look like a stranger behind the counter in a meat market.

MENARD MESSAGES

From The Messenger:

Glenn Murchison was taken to Brady last Wednesday, where he underwent an operation for appendicitis. He is getting along nicely and will probably be well enough to come home next week.

Miss Rachel Walker of Brady is a guest at the Marion Callan home this week.

The editor has by the state association been chosen among the fortunate few to serve as delegate to the National Editorial association meet next year.

Claude Callan, we note, is also to be one of those present. Now, if Claude will only get busy and use his influence to have their next meeting held either at Melvin, Brady or Whiteland we might be able to attend.

London, a thriving little city just over the line in Kimble county, is to have a Masonic hall and "Punk" Adams was in Menard Tuesday making arrangements for the lumber.

Judge Scruggs has made arrangements for the installation of a cement crossing over Las Moras on the McKavett road. Work will begin immediately.

The Magic Washing Stick.
"The Magic Washing Stick is the thing—it sure will do the work. It makes the clothes so white and clean," says Mrs. M. L. Beaver, Canton, Texas. We want you to try this article at our risk. If you don't like it, it don't cost you one cent. It washes clothes without rubbing. Makes washing a pleasure instead of a drudgery. Call and let us tell you about the Magic Washing Stick. MELVIN MENTIONS

From Melvin Advocate:

County Surveyor Doty was out from Brady Wednesday platting off the cemetery for the Cemetery association.

A. Benson recently dug a well on his farm near town and secured an excellent flow of water at a depth of about eight feet.

The two gins are being overhauled and put in shape for handling the cotton crop which is now opening. Melvinland will produce a good lot of the staple this season, and there is an excellent prospect that the price is going to be around fifteen cents a pound; seed sky high.

H. Frerich and T. C. Ward are cutting green feed with which to fill their silos.

Another reunion of Mountain Remnant Brigade United Confederate Veterans has passed into history. Brady staged a grand celebration for the old veterans and royally entertained them. The place for holding the reunion next year has not yet been selected.

Fair Boosters at Brady Reunion.

A large crowd of San Saba boosters invaded Brady Friday, enjoyed the genial hospitality of the Brady people, advertised the San Saba County Fair, and had a general good time. It was the last day of the U. C. V. reunion, and the biggest day of the three. A barbecue, necessitating an expenditure of over \$1000, furnished most ample dinner for the number present.

About forty autos, carrying the San Saba delegation, rolled into Brady about 10:30 o'clock. With horns blowing and pennants flying, they paraded around the square and never did Brady doubt that San Saba was there in force. The cars were parked near the reunion grounds and no time was lost in making the day one of pleasure and profit.

Cars continued to arrive up until 1:30, and by the time they were all there the number was increased to nearly fifty. On every side one could see and hear the San Saba Fair being boosted and discussed.

"Are you going?"
"Where?"
"To the San Saba County Fair."

"Of course; wouldn't miss it."

And Brady fully kept her word, for both train and auto brought large numbers into town on the first day of the fair and many stayed throughout the four days.

At 4:30 many of the San Sabans saw Brady and Fredericksburg hook up in what promised for the first three innings to be a tight ball game. Truly it was what promised to be a tight ball game, for in the fourth the Giants from Fritztown lamed Spiller for five straight hits, then took three more off the next heaver and scored seven times. A number also remained over for the dance given by the Brady boys at the Syndicate building.

The first car left on the re-

ROCHELLE RUSTLINGS

From the Record:

S. W. Simpson and family returned the first of the week from San Angelo, where they visited relatives.

Mrs. H. F. Winslow died at the family home near Voca last Friday morning, interment being made that evening in the local cemetery. She was 44 years of age, and had been a sufferer for some time with tuberculosis and death came as a relief to her suffering. She was a daughter of Mr. and Mrs. J. T. B. Jones of Deep Creek, and was married about twenty-six years ago to H. F. Winslow, who was afterwards sheriff of McCulloch county for a number of years. Besides her parents, brothers and sisters and other relatives, the deceased leaves a husband and six children—three boys and three girls—and three grandchildren to mourn her demise.

Mr. J. D. Stewart died at his home a few miles west of town at 2:30 o'clock this morning. He was 60 years of age, and had been in failing health for some time, death being due to dropsy. Interment was made in the Rochelle cemetery at 4:30 o'clock this evening. The deceased leaves a wife and several children to mourn his departure. The bereaved ones have our heartfelt sympathy in their hour of sorrow.

Little Miss Butcher of Brady is a guest of her friend, little Miss Geraldine Gentry.

Victor Jacobson and family visited the former's people here the first of the week. Victor reports the Lightner country in fine shape.

C. A. Jacobson has been doing some concrete work at the Chas. Bratton home. Mr. Bratton has one of the finest country homes in this section.

Apportionment \$7.00 Per Capita

The Board of Education at Austin has fixed the annual scholastic apportionment at \$7 per child for the coming session. This is a heavy apportionment, and at the same time the increase of scholastics amounts to 117,665 over last year. This large increase is due to the change in the law raising the age one year, making it 6 to 17, inclusive, instead of 6 to 16 as heretofore.

This apportionment was based upon a scholastic population of 1,246,896, and receipts from the available school fund is estimated at \$8,800,000. This year's number of school children has broken all records, and in view of this, the apportionment seems unusually large.
