Cotton Coming in at A Lively Rate—Much Sold.

Cotton has been coming in at a lively rate the past several weeks, and up to yesterday receipts at the local cotton yards had passed the 2,000 mark, which sets a new record for receipts at this early season. The high prices, which have prevailed, have served to the end that much of the cotton is sold as rapidly as it is brought in.

Receipts at the local gins have been as follows up to 10:00 o'clock Thursday morning:

Koerth	397
Brady Gin	175
Embry	270
Total	842

Cotton seed continues in demand, yesterday's market offering \$44.00 per ton. High quotations for the week were 15.25c for cotton, and \$44.00 per ton for cotton seed.

When it comes to Collars and ties, I have them as loud as you want them, and the price is right. Kirk, Nuf-Sed.

GETS 5-YEAR SENTENCE.

T. G. Simmons Convicted of C. A. Bengtson Killing.

In the case of the State vs. T. G. Simmons, charged with the murder of C. A. Bengtson at Lightner a year ago last February, a jury in the district court of Concho county at Paint Rock yesterday returned a verdict of guilty and assessed the punishment at five years in the penitentiary, with a suspension of sentence.

The Simmons case has attracted a great deal of attention in this section of the state because of the tragic manner in which Bengtson met his death and the alleged causes leading up to the killing. Bengtson was killed at Lightner just over the Concho county line a year ago last February, just after he had alighted from the west bound Santa Fe passenger train on his return from a business visit to Brady. A double barrel shotgun was used by Simmons, who fired the contents of both barrels into the body of the victim, death resulting almost instantly.

In a former trial of the case the jury was unable to agree, and a mistrial resulted.

Pistol Charge Filed.

As a result of an altercation between Edwin Tindel and a man named Sutton near the cotton yard late yesterday afternoon, a charge of carrying a pistol was filed against Tindel by Sheriff J. C. Wall.

By-standers disarmed Tindel when he attempted to fire at Sutton and turned the weapon over to the officers.

Madame Rappold Would Not Sing With a Talking Machine

Can you imagine Madame Rappold of the Metropolitan Opera appearing in public and singing with a talking machine? Of course you cannot. Madame Rappold is one of the world's greatest artists.

She DOES Sing With The New Edison

At Carnegie Hall, New York's inner shrine of music and elsewhere, before 35,000 people, in the aggregate, she has stood beside the New Edison and sung in unison and in comparison with Edison's Re-Creation of her voice, and the music critics of America's leading newspapers concede that Edison's Re-Creation of her voice is indistinguishable from that wonderful voice as it comes from her own golden throat.

REBUILDING HOME.

Frank Wilhelm Residence to Be Beautiful Bungalow.

Frank Wilhelm, who purchased the J. M. Satterwhite place in the south-west part of town about a year ago, is having the residence converted into a most attractive bungalow of typical California style. Contractor W. W. Wilder began the work of improvement the past week.

The new home, when completed, will be composed of seven rooms, together with sleeping porch, sun house, garage, servant house and other out-buildings, and will be one of the most convenient, as well as beautiful residences in the city. The interior will be beautifully finished, with hardwood floors, beamed ceilings, fireplaces and the like, making for beauty and comfort to the last degree.

Cobblestone piers and pillars will adorn the front of the house, and form a spacious porch, the floor of which will be laid in concrete. Concrete walks will be placed about the house and leading to the street. A terrace will lead from the front porch to the sun house located on the southwest corner, and a pergola will enhance the appearance of the south side of the residence and form a connection between the porch and sun house.

Mr. and Mrs. Wilhelm have had the improvements under contemplation for some time, and now that work has begun, they expect to be comfortably ensconced in their pretty new home before the approach of winter.

Buys Home in Brady.

HIGHWAY CIRCLE.

Proposed to Make Loop Brady to Fort Worth.

The Brownwood Bulletin has the following to say regarding the logging of a route from Brady via Brownwood to Fort Worth:

"The Brady Young Men's Business League has addressed a letter to the Brownwood commercial organization requesting the co-operation of the latter in logging a route from Brady to Fort Worth via Brownwood, Comanche, Stephenville and Granbury. Brady suggests that a meeting of the representatives of these several towns be held at Brownwood or some other centrally located point within the near future for the purpose of perfecting plans for logging the route. If the Brady suggestion is received favorably by the towns lying between Brady and Fort Worth, along the Frisco railroad, a complete circle for tourists will be afforded. A highway now extends from Fort Worth to San Antonio, and with the completion of the logging of the Puget Sound to Gulf highway via Brownwood and Brady, there will remain only the direct line between Brady and Fort Worth to complete a circle for travelers by auto."

LOCAL BRIEFS.

 The colored folks have been occupying the attention of the local Justice court this week. Ed Flin, porter at Polk's barber shop, was accused by D. I. Bean, porter at the Starkey shop, of holding him up at the pint of a six-pistol and depriving the latter of a five dollar bill. Investigation showed the charge to be unfounded and the pistol case again Flin was dismissed. Charges of gambling were preferred against the two, both pleading guilty and drawing fines of \$10 and cost, amounting to \$20.70 each.

THIS IS CERTAIN.
 The Proof That Brady Readers Cannot Deny.
 What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills have brought lasting results. Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.
 Mrs. B. P. Brown, Brady, says: "My back ached a great deal, especially when I was on my feet or after any exertion. The kidney secretions caused me annoyance. Two boxes of Doan's Kidney Pills, procured at the Central Drug Store, soon cured me of these troubles." (Statement given October 23, 1911.)
 On April 29, 1915, Mrs. Brown said: "I haven't had any return of kidney complaint since using Doan's Kidney Pills. I still recommend this medicine very highly."
 Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Brown has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.

SOME FAMOUS CANVASSES AT STATE FAIR OF TEXAS

Alex Sanger

One of the most interesting features of the great State Fair of Texas, and from an educational viewpoint, one of the most valuable, is the Art Loan Collection annually exhibited in the Fine Arts Building.
 Alex Sanger, director in charge of the Fair's Fine Arts and Textile Department, states that the Art Loan Collection to be shown this year, will include a great number of very famous canvasses, representing the work of a majority of the best contemporary American artists.
 The celebrated Texas artist, Julian Onderdonk, who is acting as the Fair's Special Art Representative, has just returned from the East, where he visited many of the most famous studios and completed arrangements for the various specimens to be shown in the Art Loan Collection this fall. Mr. Onderdonk is very emphatic in the assertion that the collection secured this year is of the very highest class, and one that will be thoroughly appreciated by Southwestern lovers of art.
 Mr. Sanger makes the further announcement that entries in the Textile Department, in which are shown all phases of woman's work, are coming in in unprecedented numbers, and that there is every reason to believe that the exhibits in this department this fall will be much larger than formerly.
 What is true of the Textiles, is equally true of all other departments and divisions of the Fair, and there seems to be no reason to doubt that the 1916 exposition will be much the largest ever held in Texas.

MANY EDUCATIONAL EXHIBITS AT TEXAS STATE FAIR

W. I. Yopp

A feature of the State Fair of Texas which possesses a great educational value, and one which last year, was of intense interest to thousands of Fair visitors, is the Better Babies Contest designed for the purpose of creating a higher standard of health for Texas babies.
 W. I. Yopp, director in charge of the State Fair's Department of Colleges and Schools, in which the management of the Better Babies Contest is vested, states that complete arrangements have been concluded during the past year to conduct this contest with better facilities than prevailed last year. A handsome and convenient auditorium has been constructed for the purpose in the State Fair's beautiful Hospital building, and this Auditorium will be provided with the best of modern equipment.
 Mr. Yopp states that a great deal of interest has been aroused through out the State by the preliminary announcements of this contest, and that present indications point to a very large number of entries.
 It is also announced that a majority of the State's larger educational institutions are preparing large exhibits. The University of Texas, State Agricultural and Mechanical College, Prairie View Normal, College of Industrial Arts, Southwestern University and others have already made application for space, and it is expected that several others will be in line by September 1. Mr. Yopp predicts an unusually big year in the educational division.

COMMERCIAL EXHIBITS AT STATE FAIR OF INTEREST

Louis Lipsitz

Louis Lipsitz, director in charge of the State Fair of Texas' Department of Commercial Exhibits, states that the space allotted to his division is being rapidly taken up, and that all indications point to the largest most interesting and most valuable displays in this section that have ever been shown at the State Fair.
 The commercial interests of the State, awake to the tremendous advantage of exhibiting before the hundreds of thousands of Fair visitors, are sending in their requests for space this year unusually early, and Mr. Lipsitz states that the displays made this year will be of the most ambitious nature.
 Many of the large retail stores of Texas will conduct individual fashion displays at the Fair, and some of the most artistic creations of the year are expected to be shown. In the commercial exhibits division there will likewise be shown big and interesting displays of modern furniture, stoves, pianos, and all the other conveniences, comforts and luxuries of our present day civilization.
 Those desiring to exhibit in this division are requested to announce their entries at an early date, as the available space is limited, and the Fair management desires to know in advance just what arrangements will be necessary to provide suitably for all exhibitors. Inquiries should be addressed to Mr. W. H. Stratton, Secretary, State Fair of Texas, Dallas, Texas.

SPECIAL DEMONSTRATION AND SALE GREAT MAJESTIC RANGES

"The Range With a Reputation"
Many Styles and Sizes--With or Without Legs

FOR ONE WEEK ONLY Commencing September 11th

During this week we will have a special demonstrator from the Majestic factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand, isn't it?

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented," yet not be what you thought it was nor what you wanted.

Here you can SEE every part of the Majestic—you can KNOW what you are getting BEFORE you buy. Decide NOW that you will discontinue using that old worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

Children's Souvenir Day, Tuesday of Demonstration Week, 3:00 to 5:00 P. M.
125 Majestic Aeroplanes Free. Fun! Fun! Fun!

Boys and girls, old and young, you can have a world of fun with a Majestic Aeroplane. It is easily made to fly from 10 to 50 feet in the air. You will all want one. Don't fail to get yours. The first 125 boys and girls who present to the Majestic Range salesman at our store, between 3 and 5 p. m. Tuesday, written answers to the following questions will receive one of these aeroplanes FREE:

1. What is the name of your mother's range, and how long has it been in use?
2. Give names of any person you know needing a range.
3. Why is the Majestic known as "The Range With a Reputation?"
4. What is your age?
5. When is your birthday?

\$1.00 ARTICLE FREE!

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock IN ADDITION TO THE SOUVENIR.

A PRIZE FOR EVERYBODY.

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a MAJESTIC PUZZLE CARD that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store TUESDAY afternoon between 3:00 and 5:00. They must be written if you wish to receive a souvenir or prize.

This \$8.00 Set of Granite and Copperware
FREE!

As a special inducement during our demonstration week only, we will give with every Majestic sold, one handsome set of kitchen ware as illustrated. Every piece is the finest of its kind and the entire set cannot be purchased for less than \$8.00. The price of the Majestic remains the same as always and the quality of the stove is the same. This kitchen ware is an out and out present. See it at our store.

EVERYBODY WELCOME

Even though you do not want to buy a new range right now, it will be worth your while to attend this demonstration and know all about the Majestic Range. You are placed under no obligations to buy.

ROAST.

Elbert Hubbard was fond of
illustrating the value of co-op-

with a story of a visit he once

In the vegetable garden he

asked the attendant if he was

"Oh, yes," he said, "they are

PAPER FARMING.

Paper farming is the custom
among editors of all kinds of pa-
pers. The only good bit of paper
farming we ever have received
is the following:

"It takes money—working
capital—to run a farm, as it
does in any other business, and
the return of the investment is
not in all cases large if the owner
reckons the cost of his own
labor. But for those who are
willing to count health, and in-
dependence, and sunrises, and
sturdy children as among the
riches of life, the cultivation of
the land offers a better living
and a better life today than ever
before."—Woman's Home Com-
panion.

per reads: "American Business

popular songs have been pretty

line of the accident in which Dr.

Rude Interruption.

Deputy sheriff Ed Lindeman yesterday afternoon rudely interrupted an interesting "crap game" in progress in an out-building back of the north side of the square participated in by two of the city's dusky citizens. Charges of gaming were filed in Justice King's court, to which the negroes plead guilty and deposited \$19.70 each to satisfy the outraged law.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

President Texas Farmers Union on Eight Hour Law.

H. N. Hope, president of the Texas Farmers Union, has given out the following statement commenting on the eight hour law passed by congress Saturday:

"The people of this nation have during the past week passed through the most humiliating experience this government has ever endured. A few labor union leaders have stood at the portals of congress demanding that government give them a ransom or they would wreck society. This nation, instead of meeting the situation bravely has delivered the goods in fear and trembling.

"Our American Congress has stood within the shadows of the Goddess of Justice and voted an increase in wages to four hundred thousand trainmen who are the highest paid laborers in the world and never at any time mentioned the three hundred and fifty thousand track men who are perhaps the poorest paid workmen in the world and who must subsist almost wholly upon the crumbs that the trainmen leave upon the table.

"When cotton was selling for six cents per pound two years ago and poverty stalked over this Southland causing a greater financial loss to the Southern plowman than the freeing of the slaves, Congress confessed inability to cope with the situation and stepped aside letting this awful burden fall upon the backs of the tillers of the soil. The organized farmers plead with Congress for relief but we were told that 'it would not be constitutional for government to undertake to fix the price of cotton or to advance money on cotton in storage' and that Congress was a slow moving body and could not meet emergencies."

To Texas Democrats:

The Texas Central Finance Committee for the National Democratic Campaign is endeavoring, through systematic and aggressive effort, to enlist the financial aid of every loyal Democrat in Texas in behalf of the National Campaign for the reelection of Woodrow Wilson. State headquarters has been established in the Burk Burnett Bldg., at Fort Worth, with R. B. Ridgway as Chairman, and the work of organizing the State for the raising of funds is well under way. A Committeeman has been appointed for each senatorial district, and these Committeemen are appointing chairmen for the counties in their respective districts as rapidly as practicable. Contributions are already being received and it is expected that from now on remittances to headquarters will be frequent and liberal. An accurate record will be kept of every contributor and the amount of his contribution, so that due credit may be given and a total estimate made in our State headquarters of the amount paid in by Texas to the general campaign fund. It is the purpose of the Texas Central Finance Committee to raise at least \$100,000 as the offering of the Lone Star State toward a great national victory for the cause of Democracy and the reelection of our peerless leader, Woodrow Wilson. In a general appeal which is being sent out from national headquarters, the National Committee says: "The Democratic party has been in control of the government for nearly four years, and in that time it has written more of constructive legislation than any other administration in the nation's history, and guided the ship of State safely through crisis more numerous and more grave than had arisen in the preceding fifty years of our diplomacy." The Committee goes on to outline the achievements of the Wilson administration, the recounting of which is unnecessary in Texas, as our State stands practically a unit in favor of democracy. Moreover, it is conceded that Texas was largely instrumental in the nomination of Woodrow Wilson, and this fact has been recognized in numerous ways by the President himself.

We believe our State will uphold the prestige it has gained, and surpass its former record, in the substantial endorsement it will give to the present administration. Further appealing to all the people of the United States, the National Committee says: "The call for aid is not only to party men, but to all patriotic men and women, to serve the nation by re-electing the party in power. They can provide the means which must be had to make the campaign.

They contribute to their church in support of their religious faith, and it is only fair for them to contribute to the support of their political faith. It should be not merely a duty but a privilege to be able to say that they have given money to the point of sacrifice to help re-elect the Administration which has given to the country peace with honor, preparedness and prosperity. The Democratic Administration has served the people. Let the contributions and the votes of the people re-elect it. Give now. Give liberally, for there is pressing need of the money."

We are confident that Texas will respond generously to this appeal. In doubtful States there will be keen competition, and the expense of the campaign will be great. Let us do our full share in accomplishing an unparalleled victory for National Democracy. Let us make this an individual matter and contribute liberally in support of the present administration and in behalf of the continued peace and prosperity of our country.

Campaign receipt blanks are being supplied by State headquarters to every county chairman, and these will be furnished to every man authorized to col-

lect funds for the Wilson campaign. It is urged that every patriotic Texan and loyal Democrat co-operate with his county chairman and with the State Central Finance Committee in making the best possible showing from his county and State, so that we may not fall short of the \$100,000 mark which has been set. All contributions from Texas should be remitted to R. B. Ridgway, Chairman State Central Finance Committee, Burk Burnett Bldg., Fort Worth.

Signed: W. Poindexter, National Committeeman. R. B. Ridgway, Chairman Central Committee. Walter C. Woodward, Chairman 26th Senatorial District. C. C. House, Chairman McCulloch County.

PRESS DAY STATE FAIR MEMORABLE OCCASION

E. J. Kiest, director in charge of the Press and Publicity division of the State Fair of Texas, announces that all plans and preparatory work in anticipation of the annual Press Day at the State Fair have been completed, and that the arrangements as provided guarantee the biggest and most pleasant event of this kind ever held in the South.

"I consider the annual Press Day at the Fair," said Mr. Kiest, "as a most valuable and interesting institution, and I am hoping, in fact we are all hoping, that we will have the honor of entertaining every Texas editor and newspaper man this year.

"Press Day is an institution conceived for the single purpose of promoting a 'get together' spirit among Texas publishers; to bring about a larger and better acquaintance, a closer personal fellowship, and to provide an opportunity for co-operative discussion of matters in which we are all interested.

"I consider that this meeting of right should be held in connection with the State Fair, for it is the State Fair that we are all trying to 'boost' and which, in its turn, is giving a powerful boost to everything that pertains to Texas and belongs to Texans."

"I believe I am well within the facts when I say that Press Day this year will have an added interest to every good publisher who is in attendance. We have several new things which we propose to do this year—and have found several new ways in which to make this occasion one long to be remembered.

ATHLETIC GAMES DURING 1916 STATE FAIR SPLENDID

It is announced by J. J. Eckford, who is director in charge of the athletics division of the State Fair of Texas, that many important championship games have been arranged to be held at the State Fair this year. These games, principally football will be contested by teams representing the foremost educational institutions of the Southwest, and some exceedingly close and interesting sport is looked for.

"Practically every day of the coming Fair," said Mr. Eckford, "will have its scheduled contest, and I am sure that these exhibitions of healthy and manly sport will be of interest to thousands of Fair visitors."

COLISEUM ATTRACTIONS GREATEST OF STATE FAIR

A collection of the greatest vaudeville acts that the world has to offer, is promised visitors to the State Fair of Texas this year by A. A. Jackson, director in charge of the big Coliseum in Fair Park.

"This attraction will be staged in the Coliseum, and will remain there for the entire period of the Fair, October 14 to 29, inclusive," said Mr. Jackson recently, "and I am confident that Fair visitors will find it the most thoroughly enjoyable bill of vaudeville ever presented in any part of the South."

"For this show we have engaged several of the most famous and highest priced acts in the world today, and the balance of the bill will be rounded out with artists who are seldom seen out of the 32 theatres of the North and East."

"I feel confident in stating that the show in the Coliseum this year will totally eclipse any offering of previous years, and that never before has any State Fair presented such attractions."

HUGE HIPPODROME CIRCUS IS STATE FAIR FEATURE

S. T. Morgan, director in charge of the grandstand at the State Fair of Texas, announces that this enormous structure has been prepared to comfortably take care of the crowds which will see the fair's big new Hippodrome Circus, to be performed directly in front of the big steel stands.

"This attraction will be an innovation among Fair amusements," said Mr. Morgan, "and I am sure that it will be extraordinarily popular with Fair visitors. Some idea of the class of this event may be gleaned from the statement that twenty-five of the world's best circus acts have been engaged for its performance. This includes riders, gymnasts, tumblers, clowns, aerialists and all the other daring and skillful performers usually seen only in the world's best circuses."

What Would We Do Without Sugar?

We are so used to sugar that we are likely to forget to give it its proper place. Right now if somebody asked you what sugar was good for you'd probably say "Oh! to put in coffee and tea and for making candies and desserts." That's it—we all think of sugar as a sweetener and overlook its value as a food.

The chemists classify sugar as a hydrocarbon—that name may or may not be interesting to us, but what is interesting is their statement that it has, as a hydrocarbon, equal food value with the starchy foods and by digestion largely adds to the fatty tissues of the body.

Why do we eat sugar anyway? Your first answer might be: "Because it is sweet and tastes good." Of itself the sugar would be correct, but the more important fact is that the body craves sugar because it needs it. And when the body craves something it gives us an appetite for it. So primarily that's why we like sugar and things made with sugar and not just because they are sweet.

In view of the fact that sugar has gone up so tremendously of late these facts are interesting because we find that instead of the luxury sugar having gone up it is the FOOD sugar that has raised its price. Yet—even though the price is up—we have to have our sweet food just the same.

Certainly the makers of that delicious beverage Coca-Cola must have discovered that sugar is up, because one of the principal ingredients in making Coca-Cola syrup is fine cane sugar. Think of it—they use an average of 80 tons of sugar a day—about 4 carloads. But unlike many manufacturers that company has itself borne the price and so you and I pay just the same today for our bottle or glass of Coca-Cola that we've always paid. Incidentally, this phase of the situation is a good reminder of the benefits one gets from drinking a beverage as pure and good as Coca-Cola. Not only do we please our palates and derive wholesome refreshment from the drink but we also give our systems that bit of sugar sweetness that they crave and which is necessary to health and tissues. Is it any wonder then that Coca-Cola is so popular and so universally drunk that it has been called "the drink the nation drinks"?

11,800,000 BALES. Estimate of Crop for This Season.

Washington, Aug. 31—A cotton crop of 11,800,000 equivalent 500-pound bales was forecast today by the Department of Agriculture, basing its estimate on the condition of the crop on August 25. That compares with 12,916,000 bales forecast from July 25 condition reports and 14,266,000 bales forecast from conditions existing June 25. Last year's production was 11,191,820 bales, two years ago 16,134,930, three years ago 14,156,000 and four years ago 13,703,421. During July heavy storms caused damage to the crop causing a loss in production calculated at 1,350,000 bales.

Weather conditions during August were not the best for cotton. In parts of the belt there was too much rain and in others the weather was too hot and dry, and there was a lack of rainfall. Toward the end of the period there was some improvement in central and northeastern districts but the crop was in a very unsatisfactory condition in practically all of the Gulf States. Excessive heat was making rapid progress difficult in picking in Arkansas, although this work was making satisfactory progress in the remainder of the cotton states.

Condition of crops on August 25th in Texas was given as 67 per cent.

Changing Seasons Bring Colds.
"Stuffed-up head," clogged-up nose, tight chest, sore throat are sure signs of cold, and Dr. King's New Discovery is sure relief. A dose of this combination of antiseptic balsams soothes the irritated membrane, clears the head, loosens the phlegm, you breathe easier and realize your cold is broken up. Treat a cold persistently; half-way measures leave a lingering cough. Take Dr. King's New Discovery until your cold is gone. For 47 years the favorite remedy for young and old. RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.
