"The Unwritten Law"

By Edwin Milton Royle
With All-Star Caste
7--REELS--7

The "Unwritten Law" takes hold of fundamental truths and reveals them in their logical relation. The purely romantic charm and the scenic revelations of Mignon gives place in this latest exploit to the narration of a story of the present with a significance as timely as a news item; while the "Unwritten Law" is adapted to the times through the medium of a powerful moral lesson it is a picture that will appeal to the motion picture loving world that men and women may learn their own mistakes, and that the hope need never depart utterly from the breast of those who retain love. The picture in short tells the truth about us but it tells it in a way to encourage hope, enlist sympathy and inspire higher and better ideals.

GOOD ROADS MASS MEETING

U. S. Government Engineer to Address Citizens
Thursday Afternoon at 2:00 O'Clock on
Importance of National Highways

A Good Roads Mass Meeting will be held Tuesday afternoon at 2:00 o'clock.

A Good Roads meeting at which every citizen should be present without fail.

A meeting whereat a U. S. Government engineer will clearly show the tremendous importance to a community of the National Highways, and the urgent need of bringing the roads up to the Government standard without delay.

Read on!

An impromptu meeting of a number of the citizens of Brady was held at the court house last Friday evening, at which time T. P. Grant outlined the work accomplished at the Good Roads meeting held on Wednesday in Austin, and to which he was a delegate. Mr. O. L. Sims of Paint Rock also addressed the assembly. Mr. Sims is one of the live wires of Concho county, occupying the same position there as Mr. Grant does in this county, viz: County Vice President of the National Highways association. Mr. Sims made a rousing talk on the urgent need of awakening to the importance of leaving no stone unturned towards maintaining the route of the National Highway through the Paint Rock and Brady communities, and his speech aroused great enthusiasm among his hearers.

Another meeting of the business men of Brady will be held this afternoon at 4:30 o'clock, at which time Mr. Grant will go fully into the matter and give a complete report on the meeting held at Austin. The meeting this afternoon will be in the nature of preparing the citizens of Brady for the great mass meeting to be held at 2:00 o'clock on Thursday afternoon, at which

time Mr. Hernan, United States Government engineer, will address the citizenship and urge the importance of building good roads, and the greater importance of obtaining recognition as a link of the chain of cities that will compose the route of the National Highways association. Every man, woman and child, not only of Brady, but of the entire county and trade territory, should be on hand to hear this address.

As has been stated before in these columns, Brady has an opportunity to be located not only on the Puget Sound to the Gulf Highway, but the Great Plains Highway as well, forming the junction of these two great arteries of travel. Not only would this mean a tremendous benefit to a community by reason of the hundreds of tourists who would daily pass this way, but it is clearly foreseen that these roads are in line with the government plan of National defense and preparedness, and would eventually become government-owned, and that at no far distant date. In addition, these roads would participate in the Texas apportionment of the government appropriation for good roads, which amounts to \$80,000 for Texas. It is estimated that this fund amounts to \$500 for every mile of good roads to be built under the present plans, which is by far a greater sum than has ever been spent upon any roads in this section. However, it must be understood that this fund is for road maintenance only, and only officially recognized National Highways will participate in this fund. The fight at present being made is for recognition as a national highway.

LEASES NEW QUARTERS.

J. Q. Lankford to Occupy New Masonic Building.

J. Q. Lankford announces that he has leased the new Masonic building for a period of three years, and as soon as the building is in readiness, he will occupy it with his bakery. A special flue will be built for Mr. Lankford's bakery, and the building will be adapted to his needs.

The new Masonic building will be one of the most attractive of the modern buildings in Brady, and its splendid location makes it most desirable from a business standpoint. Mr. Lankford took these points into consideration, and was not long in de-

termining that the building was just exactly what he desired. The plate glass front will give a splendid display for the bake shop wares, and Mr. Lankford proposes to have his one of the neatest and most attractive shops in the state.

It is expected the new building will be ready for occupancy about December 1st.

TO BUILD MANSE.

Congregation of Presbyterian Church to House Pastor.

At a recent meeting of the membership of the Presbyterian church it was decided to build a manse for their pastor, Rev. T. P. Grant, and a building committee was named to formulate plans for the residence.

The Mothers and Teachers club has already purchased the lot, which is splendidly located in the south part of town between the residences of John Hill and Dr. B. L. Craddock. The plot of ground is 200x200 feet, is located in a most desirable residential section and is in every way suited for this purpose.

While the plans have not yet been completed, the manse will be a comfortable house of modern design and ample for every present or future need. The building is to be let and construction begun immediately in order that the residence may be completed and in readiness for occupancy by Rev. Grant before cool weather sets in.

PAY UP WEEK.

**National Event Scheduled for
October 2 to 7th.**

We always say "money makes
the wheels go round," and we
usually think it takes a great
deal of money, tremendous sums
of it, to make those wheels go.
But, when you stop to think ab-
out it, a small amount goes a
long ways.

For instance, last year during
National Pay-Up Week the Daily
Times of Geneva, N. Y., tried
to ascertain what a dollar was
worth in that city; so on Monday
morning a dollar was turned
loose in Geneva, and the holder
was asked to state on a paper
attached to the dollar when he
spent it, and the following is the
comment of the Times showing
that the dollar paid just fifty
dollars' worth of debts in the
one week it was circulated:

"The 'Home' Dollar of Pay-Up
Week paid just fifty dollars'
worth of debts last week, accord-
ing to the record made each day
to The Times office. It will be
remembered that it was first
paid out last Monday by The
Times and the daily record has
showed that it passed through
ten different ownerships on
Monday, four on Tuesday, seven
on Wednesday, six on Thursday,
twelve on Friday and eleven on
Saturday, or just fifty in all.

There is nothing so potent in
power as the dollar kept circula-
ting in the home community.

There is nothing that will pay
more debts or add to the wealth
of a community than the dollar
that is used to cancel a just
debt.

Pay-Up Week should be ob-
served in Brady and throughout
McCulloch county. Let every-
one catch the spirit and make a
special effort towards "wiping
the slate clean" during the week
of October 2nd to 7th.

Majestic Range Demonstration.

The Mothers and Teachers
club of the Presbyterian church
has charge of the Majestic
range demonstration at the O.
D. Mann & Sons store this week,
and are serving hot buttered
biscuits and steaming coffee to all
who attend the exhibit, while in-
cidentally directing attention to
the merits of the range. Need-
less to say, everyone is thor-
oughly impressed with the ex-
cellence of the Majestic range
cooking as exemplified by the
ladies, and highly appreciative
of the attention shown.

The demonstration will con-
tinue the remainder of the week
and the merits of the Majestic
are fully explained to all
interested.

Standard \$1 a year.

* THE PEOPLE'S FORUM. *

Editor Brady Standard:

Will you allow me space in
The Standard to say a few words
relative to the purchase of the
Danish West Indies by the U. S.,
which includes the islands of
St. Thomas, St. John and St.
Croix. Now, speaking from my
actual knowledge of the islands,
I will try to explain in detail
the locality and resources of
each.

St. Thomas lies 34 miles east
of Porto Rico and is called the
Gibraltar of America, with a
harbor at Charlotte Amalie cap-
able of sheltering 150 or 200
ships at a time and commands
a sea route to the Panama canal,
and a position to the coast of
South America. And it is an
important coaling station, and
ordinarily the bay is very
smooth. And she has her shops
where the heaviest battleships
and dreadnoughts can put in for
repairs by skilled mechanics.

The island of Culebra being
about midway the channel be-
tween Porto Rico and St. Thom-
as, something like 15 or 18
miles from each island. Of
course, being in the tropics, the
vegetation is heavy and green
the year round. The timbers are
valuable, the forests are dense
with lignum vitae, mahogany,
ebony, bay and the full family
of teaks, the same as we have
the oaks here. They have the
white, red, yellow and black,
which is fine furniture timber.
The surface of these islands is
hilly, generally speaking, while
the island of St. Croix is the
smoothest, while, of course
these islands are adapted to and
produce their part of all tropical
fruits.

St. John's island lies due east
of St. Thomas, in sight, and is
more broken and less populated
with a heavier growth of vege-
tation and timber. Now, Mr.
Cattleman, let me put a bug in
your ear at this point. If Uncle
Sam does buy those islands here
is the chance of your life to
stock the island of St. John with
cattle. They would be on that
island, which is about four or
five miles square, with green
feed the year round and they
could not get away, nor could
they be run off by cattle thieves.
Just as soon as Uncle Sam took
possession of Cuba and Porto
Rico it was astonishing the
amount of cattle that was ship-
ped to Cuba. When I came out
of the military service the first
time down on the Cuba side I
could have gone back to Cuba
with 2,000 head of cattle within
one month after I came home.
Now, St. John is the island. And
some cattle company is going to
get there with both feet.

The island of St. Croix, is 64
miles southeast of Porto Rico,
with the island of Vieques in the
channel about 10 or 12 miles out
from Porto Rico. This island is
the largest and heaviest popu-
lated. It possesses about 30
square miles of tillable land,
with a population of something
like 25,000, with a good many
whites, which makes it the most
important. The islands of St.
Thomas and St. John are encir-
cled by the islands of Tortola
Anegarda and Virgin Gorda,
which belong to Great Britain,
and all in sight. Now, of course,
the cost of transportation would
be no little item, but when once
there you would have the prop-
osition grabbed.

Yours for consideration.

F. R. Wulff has accepted the
local agency for the Dodge car,
and is devoting his time to ad-
vancing the already great popu-

Dodge has a wonderful record of
performance, and this record
has been fully maintained by all
the cars sold in this section.
Mr. Wulff is very enthusiastic
over prospects for splendid busi-
ness this fall and feels confident
that the Dodge is the car that
will give maximum service, com-
fort and performance at a price
that is within reach of the man
of moderate means.

Mr. Wulff is a live wire and
has demonstrated his ability as
auto salesman by not only con-
vincing himself as to the merits
of the car to the extent of pur-
chasing a touring car for his
own use, but Dr. J. G. McCall
has likewise succumbed to his
logic and reasoning and is now
the proud possessor of a Dodge
roadster.

Mr. Wulff will have a ship-
ment of Dodge cars on exhibi-
tion in the W. M. Murphy sales-

Jim Dodd Killed.

The following account of the
accidental death of Jim Dodd is
reprinted from the Menard Mes-
senger. Mr. Dodd was well
known in Brady, having been
employed with Chas. Glober as
tinner some five or six years
ago, later removing to Menard,
where he engaged in business
for himself.

"Jim Dodd was killed by the
accidental discharge of a shot
gun over which he was working
at 9:30 Monday morning. The
charge tore off the entire top of
his head above the eyes. Jim
had purchased the gun, a Win-
chester pump, the evening be-
fore and immediately started
overhauling the gun on coming
to work the next morning pre-
paratory to getting it in shape
before starting out in the coun-
try to work with Gus Milam.
He got several shells and was
testing out the gun when one
went off. A few minutes later
the second was fired and death
was instantaneous.

"Mr. Dodd was 44 years old,
and came to this county five
years ago with the Menard
Hardware people. He was a first-
class tinner, and after the hard-
ware went out of business he set
up a shop for himself. He had
many friends here who join the
family in mourning his loss.

"He leaves his parents, Mr.
and Mrs. J. H. Dodd, his wife
and three daughters, Clarence,
aged 16, Grace, aged 14; Ruby,
aged 13 and one son, Cecil, aged
9. Funeral services were held
from the home at 2:00 o'clock
Tuesday.

"Rev. Boatman had charge of
the funeral, and the pall bearers
were Jim Meers, Jess Slaughter,
Loyce Callan, R. E. Lindsay, Ren
Luckenbach and C. E. Mauldin."

A big shipment of trunks and
suit cases just arrived at Vin-
cent's.

George E. Youngdale and family, accompanied by H. J. Youngdale and family of Melvin, returned Monday morning from a visit of several weeks with relatives and friends in Harcourt, Iowa, and also in Kansas. They report conditions in Iowa about the same as in Texas, the dry weather having made the crop prospects quite poor. Corn will run about 35 bushels to the acre. In Kansas conditions were much worse than in Iowa. They report very good rains there at the time of their departure. The trip and visit were greatly enjoyed by the Youngdales, especially as it was the first time they had seen some of the brothers in fifteen years, and the assembled members of the family all celebrated the happy reunion in great style.

"THE UNWRITTEN LAW."

Remarkable Photo Drama at the Opera House Friday Night.

Among the many feature photo plays secured by Manager Levy of the Brady opera house, probably none takes higher or better rank than that of "The Unwritten Law," which will be shown on Friday night of this week.

Beatriz Michelena appears in the leading role in this remarkable seven-part photo drama—that of Kate Wilson. With wonderful power Miss Michelena portrays the life of this poor unfortunate girl, and the string of episodes, which make up the sum of the tragedy in Kate Wilson's life, stir the deepest emotions of one and all.

Speaking of the play, a San Francisco paper says: "There were few dry eyes in the big audience last night in the poignant portion of the picture showing Kate's little baby the victim of a father's cruelty; there were smiles for the happiness of the beautiful bride who marries the stalwart district attorney; there were thrills for the realistic fire scene and a shock at the encounter between Larry, the politician, and Wilson, the ruined attorney, when they 'fought it out' in McCarthy's sordid saloon. There was admiration for the brilliant ball scene and the cafe episode; there were tears for the downfall of a good man and detestation for the man who worked the evil."

This picture will be shown in its entirety on Friday night, the 15th, and the usual feature night prices will be had, viz: 10c and 20c.

The Magic Washing Stick.
"The Magic Washing Stick is the thing—it sure will do the work. It makes the clothes so white and clean," says Mrs. M. L. Beaver, Canton, Texas. We want you to try this article at our risk. If you don't like it, it don't cost you one cent. It washes clothes without rubbing. Makes washing a pleasure instead of a drudgery. Call and let us tell you about the Magic Washing Stick. The Jones Drug Co., Brady, Texas.

During this week \$8.00 worth of cooking utensils will be given away free to every purchaser of a MAJESTIC range. This is an out and out gift and the price of the MAJESTIC remains the same as always. See them while you are at the special demonstration this week. O. D. Mann & Sons.

Doole-Murray.
Mr. Holmes M. Doole and Miss Oma Murray of Eden were married on Tuesday of last week at San Angelo, Rev. C. M. Schoonover, pastor of the Christian church at that place, performing the ceremony.

Mr. Doole is well-known to citizens of Brady and McCulloch county, having made his home here for a number of years while employed with the Mistrot Bros. store. For the past several years he has been engaged as novelty salesman, making frequent trips through the McCulloch territory. He is a most congenial, enterprising and hustling young man, and stands in high favor with all who know him. Mrs. Doole is the daughter of Mr. and Mrs. D. L. Murray of Eden and is a most charming and lovable young woman, and a great favorite with all. Mr. and Mrs. Doole spent Saturday in Brady, guests of his sister, Mrs. Dave Camp, while enroute to Mason for a visit with his parents, Major D. Doole, Sr., and wife, and while here Mr. Doole received congratulations upon all hands for having won so excellent a helpmate. The best wishes of scores of friends are extended the newly-weds for every success and happiness in life.

THE PEERLESS EIGHT.

Being Demonstrated in Brady by George H. Yorty of Dallas.

George H. Yorty, district representative of the well-known Trinity Motor Co. of Dallas, is in the city this week demonstrating the Peerless automobile, a wonderful new and complete car just being introduced into this section.

Mr. Yorty, previous to his association with the Trinity Motor Co., was with another well-known motor sales company and in his capacity of district representative he made frequent trips north. It was on one of these trips that he became fascinated with the merits of the Peerless car to such an extent that he secured permission to bring it down into this section of the South.

The Peerless is an eight-cylinder car with equipment complete to the last detail, including cord tires and finish that is found only in automobiles of the very highest class. It sells for \$1890, or \$1990 delivered, and is such a car as will be exactly suited to the requirements of the autoists who want the purchase price to cover every detail of expenditure for equipment.

Mr. Yorty brought the car out through the roughest imaginable country and the Peerless never for a moment halted or gave the least particle of trouble.

Killed in Oklahoma.
Word has been received by relatives in this city of the accidental death of Isaac Hehn, a prominent ranchman of near Chickasha, Okla., and son-in-law of Dr. R. J. Baze of that place.

Hehn was engaged in cleaning out a well, and had hired an 18-year old boy named Vo Tye to assist him. After working in the well for some time, Hehn came to the top to rest and mentioned having noted the presence of gas in the well. After returning to the bottom a sudden stillness told Tye and the other workers that all was not well with Hehn. Tye immediately went to his employer's rescue and succeeded in raising him up and had signaled to be pulled out of the well, when the rope slipped and both men were precipitated into the water, Tye fainting from the effects of the gas. Thirty minutes elapsed before the men were rescued, and although efforts were made to resuscitate them by means of a pulmotor, life had fled.

Mr. Hehn was one of the most prominent and successful stock raisers of that section, was president of the Grady County Fair association and one of the foremost exhibitors of prize-winning live stock in that vicinity.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together. My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?
If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.
Begin taking Cardui to-day. You won't regret it. All druggists.

Three strong reasons urge you to buy the Ford car; First because of its record of satisfactory service to more than fifteen hundred thousand owners; Second, because of the reliability of the Company which makes it; Third, because of its large radiator and enclosed fan, streamline hood, crown fenders front and rear, black finish, nickel trimmings, it is most attractive in appearance. To these must be added its wonderful economy in operation and maintenance—about two cents a mile; likewise the fact that by reason of its simplicity in construction anyone can operate and care for it. Nine thousand Ford agents make Ford service as universal as the car. Touring Car \$360 Runabout \$345 Coupelet \$505 Town Car \$595 Sedan \$645—f. o. b. Detroit.

NEW ROOMING HOUSE.

To Be Constructed By E. B. Ramsay Soon.

E. B. Ramsay has had the hull of the burned Methodist church building blocked up and placed on trucks preparatory to moving the same to the lot just west of the Brady Lumber Co. yard, where he will convert it into a rooming house of about fifteen rooms.

While the roof and ceiling of the church were entirely destroyed, the walls and floor are intact and in good condition. The walls have been braced, and everything is in readiness for the removal. Mr. Ramsay expecting to accomplish this the latter part of this week. The building has walls about sixteen feet high, which will make the work of converting it into a two-story rooming house a comparatively easy matter. A steep roof with numerous gables will make the rooms of the second story quite large and ample withal, and screened in sleeping galleries will add to the attractiveness of the place. Mr. Ramsay's location, being within a few blocks of the square, will make the new establishment a very desirable piece of property.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 7c.

LOCAL BRIEFS.

Mr. J. C. Stone, living near Bluff Pens, killed a rattlesnake measuring 5 feet, 4½ inches, weight, 5½ pounds, and nine inches around the body. The reptile had fourteen rattles and a button. Twenty-six smaller rattlers were also killed in the same cave by Mr. Stone. This is one of the largest rattlers shown in The Standard office for some time, and probably for some time to come. (The whole force is on the water wagon.)

D. B. Mays was in town last Friday from the Hall community, and reported Mrs. Mays suffering a badly scalded foot on Tuesday of last week, when she accidentally overturned a tub of boiling water. She was enduring considerable pain as a consequence. D. B. reported cotton quite bad in his community and says his new place has not been worked in so long that the rag weeds simply got away with him despite his best efforts, and that four bales was as much as he hoped to make off of 60 acres. He is well pleased with his location, however, and says he has a fine black land farm. Next year he hopes for better luck.

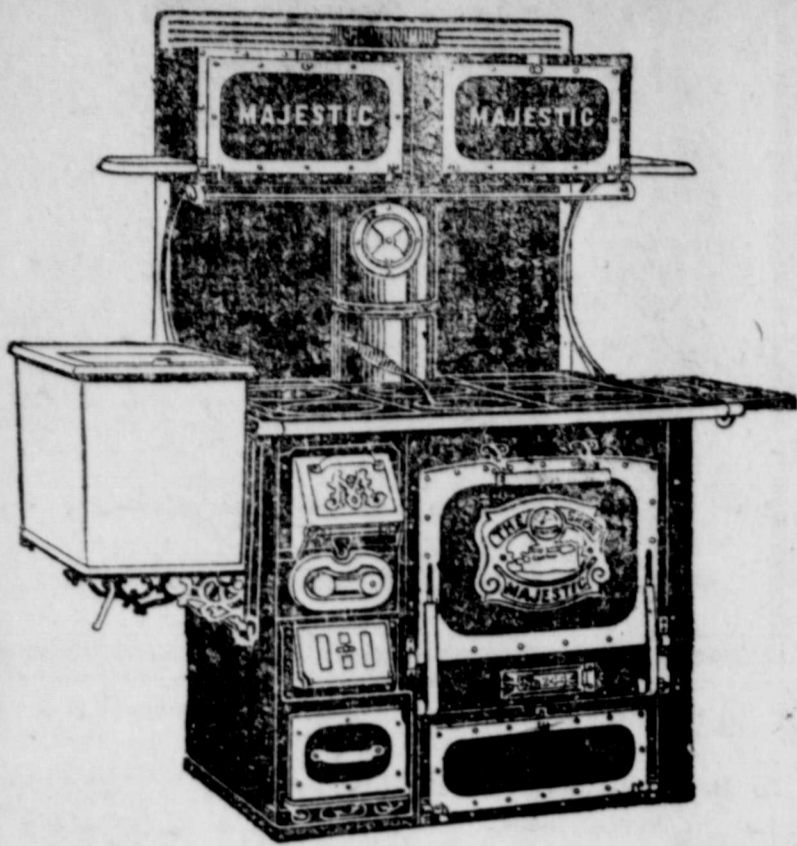

It isn't every dog that can "hobo" its way on a passenger train in these days of strict regulations and unkind conductors, but Dot, the little black and white terrier belonging to S. H. Mayo returned yesterday after "beating" her way over the Santa Fe to Lometa and back. Mr. Mayo was at the train Sunday noon, and the dog lost track of him. Just as the train started to leave the animal decided her master must be aboard, so she hopped up the steps of the coach and calmly seated herself in the vestibule. The conductor was kindly disposed and took charge of her. A wire to Lometa brought word to Mr. Mayo that she had arrived safely at the end of the run and would return in charge of the conductor yesterday, which she did.

Five Inch Rain at Eldorado.
Thursday night about 10:00 o'clock a slow rain began to fall in Eldorado and by 10:00 o'clock Friday about five inches had fallen in town. Bailey Ranch reports a greater rainfall than that, Ozona, Sonora and Christoval also report good rains. Ft. McKavett, Mayer and Rudd all report light rain. The value of this rain cannot be estimated, but it will insure plenty of grass for the winter and will help mature feed, cotton and other farm products. This was the most rain to fall in Eldorado at one time in two years, and everybody is wearing smiles now.

SPECIAL DEMONSTRATION AND SALE GREAT MAJESTIC RANGES

"The Range With a Reputation"
Many Styles and Sizes—With or Without Legs

FOR ONE WEEK ONLY Commencing September 11th

This \$8.00 Set of Granite and Copperware
FREE!

As a special inducement during our demonstration week only, we will give with every Majestic sold, one handsome set of kitchen ware as illustrated. Every piece is the finest of its kind and the entire set cannot be purchased for less than \$8.00. The price of the Majestic remains the same as always and the quality of the stove is the same. This kitchen ware is an out and out present. See it at our store.

EVERYBODY WELCOME

Even though you do not want to buy a new range right now, it will be worth your while to attend this demonstration and know all about the Majestic Range. You are placed under no obligations to buy.

**Keep the Date in Your Mind's Eye
Bring Your Neighbor With You**

"We Appreciate Your Good Will as Well as Your Trade"

O. D. MANN & SONS

During this week we will have a special demonstrator from the Majestic factory to explain how the Majestic is made and why it is absolutely the best range; why it lasts longer and cuts down repair expenses; why it bakes bread evenly, top, sides and bottom without turning; why it uses so little fuel and saves food waste. He will explain its labor saving construction and why it heats an abundance of water good and hot—a mighty convenient and useful thing to have a big supply of hot water always on hand, isn't it?

To buy a range by mail is almost certain to end in disappointment and loss of money. It may be "exactly as represented," yet not be what you thought it was nor what you wanted.

Here you can SEE every part of the Majestic—you can KNOW what you are getting BEFORE you buy. Decide NOW that you will discontinue using that old worn-out range. You will save money in fuel, repairs and cooking. Buy a Majestic—the range with 25 years' reputation. The demonstrator will answer any questions relating to stoves.

**Children's Souvenir Day, Tuesday of Demonstration Week, 3:00 to 5:00 P. M.
125 Majestic Aeroplanes Free. Fun! Fun! Fun!**

Boys and girls, old and young, you can have a world of fun with a Majestic Aeroplane. It is easily made to fly from 10 to 50 feet in the air. You will all want one. Don't fail to get yours. The first 125 boys and girls who present to the Majestic Range salesman at our store, between 3 and 5 p. m. Tuesday, written answers to the following questions will receive one of these aeroplanes FREE:

1. What is the name of your mother's range, and how long has it been in use?
2. Give names of any person you know needing a range.
3. Why is the Majestic known as "The Range With a Reputation?"
4. What is your age?
5. When is your birthday?

\$1.00 ARTICLE FREE!

The boy or girl giving the neatest and best answer to the third question may select any \$1.00 article from our stock IN ADDITION TO THE SOUVENIR.

A PRIZE FOR EVERYBODY.

Don't be discouraged if you are not one of the 125 to get an aeroplane. You will receive a MAJESTIC PUZZLE CARD that will afford you many hours of amusement. Be sure to have your answers ready to hand in at our store TUESDAY afternoon between 3:00 and 5:00. They must be written if you wish to receive a souvenir or prize.

MELVIN MENTIONS

From Melvin Advocate:

A daughter was born to Mr. and Mrs. Conrad Johanson Wednesday night. Both mother and babe are doing nicely.

It is now conservatively estimated that more than three thousand bales of cotton will be ginned in Melvin this season. Last year 3800 were ginned, but the crop is shorter this season.

Over one thousand bales of cotton have been ginned in Melvin this season, and it is estimated that only about one-third of the crop has been picked. The price has been above fifteen cents this week, with seed reaching as high as \$43.50 per ton.

A. W. Lyckman informs us that he has bought 150 acres of good land near C. N. Richie's farm and will soon build a house thereon. Mr. Lyckman has been a renter, but like all industrious Swedes, he will become a home owner, and a permanent fixture in Melvinland.

J. K. Woods was run over and seriously injured by an automobile driven by Fred Peratt this morning near the Crum gin. The car passed entirely over his body, severely bruising him and injuring his back. As we go to press the full nature of his injuries had not been ascertained. From accounts given, the affair

was purely an accident and was not due to any carelessness on the part of the driver.

W. T. Whalen has gone to Brady to accept a position in a gin.

There is a reason why you see so many Springfield Wagons running. Every Springfield user is a Booster for the Springfield Wagon. Just ask a man that has tried a Springfield Wagon. The Magic Washing Stick. We want the people of Brady to know that we positively guarantee that the Magic Washing Stick will in fact wash clothes without the use of a washboard or machine, thus saving all the hard work on washday. We will let you try the Magic Washing Stick five times at our risk and if at the end of that time you do not say it is the best thing you ever saw, we will give you your money back. Come and let us explain it to you. The Jones Drug Co., Brady, Texas.

RIGHLAND SPRINGS RIPPLES

From Richland Springs Eye-Witness:

Tom Rouse and family of Pinnon, N. M., came in last week to attend the bedside of Mr. Rouse's father, Mr. G. W. Rouse, of Milburn, and was present at the time of his death. Tom moved to New Mexico eleven years ago and filed on government land. He now has the land proved up and improved and a nice bunch of cattle.

Up to Wednesday noon 99 bales of cotton had been ginned in Richland Springs, and 130 bales had been weighed at the yard. Cotton was selling for around 15.50 and cotton seed was selling for \$43.50.

MASON MAVERICKS

From The News:

Miss Ruth Martin and Roscoe Runge went to Brady last Friday to get Miss Louise Boyd, who visited at the Martin home a short time before returning to her home in San Antonio. They were accompanied by Brady by Misses Lee Smith and Kate Jenkins.

Chas. Wilmann has just returned from Brady, where he has been to see about the cotton packer which he recently put on the Koerth gin. He informs us that the packer has been in use now for two weeks and has done the work satisfactorily. Chas. has a letter from Mr. Koerth which recommends his packer highly. He also tells Chas. and others that this packer is the best now on the market.

The current term of the Mason public school opened on Monday morning under most favorable auspices, with members of the school board and a good number of patrons present.

EDEN ECHO

From Eden Echo:

Ed Latham has weighed 780 bales.

Rev. Stewart reports the meeting of the Brady Baptist association held at Mason last week as the best in the history of the association. A large attendance, all pledges paid and a surplus of \$75 in the treasury.

J. F. Whetstone was in from his farm Tuesday to meet the outgoing train. His sister, who lives at Rochelle, was returning home from a visit with him.

L. E. Laurence, Jr., and family have moved to Eden from Brady, and are now domiciled in the Moody residence in East Eden. Mr. Laurence is a lawyer by profession and will offer his services to the people of Eden and Concho county. He says that he was attracted to Eden by our good school and the very promising future of our town. He is what is generally termed "a self-made man," having been raised on a farm and educated himself after reaching his majority. We are glad to learn that he has progressive ideas and has an abiding interest in good schools, city building and rural advancement. We are glad to welcome Mr. Laurence and family to our city and have confidence in their integrity.

The Stephens gin has baled 411, and Sorrell 313 bales up to Thursday morning. The Sorrell gin's record for one day is 52, and Stephens 44 bales, neither of which was a full day's run.

H. G. Maclean bought a bale

of cotton from Dee Rudder last Saturday, paying him \$92.10 therefor. This, together with the seed, brought Mr. Rudder \$113.00.

Coffins and Caskets. Broad Mercantile Co.

The Magic Washing Stick. "I received your Magic Washing Sticks and have tried them and think they are just fine. They make the clothes so clear and clean," writes Mrs. Fay Collins, Route 1, Box 20, Ponta, Texas. Washes clothes without rubbing. Guaranteed to please you. Ask the Jones Drug Co., Brady, Texas.

MENARD MESSAGES

From The Messenger:

Friday Houston Callan and Miss Nellie White announced to the public that they were married folks and had been since July 8th, when Houston and Miss White made a trip to San Angelo and were married by a preacher at that place. They certainly slipped one over their friends and proved that a woman can keep a secret if she wants to. Miss White is one of Menard's most popular society girls, while Houston is the son of Mr. and Mrs. James Callan.

Dr. Miller came in last week from Chicago and spent a few days here before going on to Brady where he will assume his duties in the sanitarium at that place.
