The big truck put into commission Saturday by the Mayhew Produce Co. was a revelation to Brady citizens, and gave quite a citified air to that establishment. The truck attachment has converted the Ford roadster into a conveyance capable of carrying a load of between 3500 and 4000 pounds. The motor has been geared down to develop all the power needed, and yet enable a fair speed, and the fact that the converted truck is comparatively light, gives it longer life and assures less cost in operation and upkeep than would be had with the ordinary motor truck. "BATTLECRY OF PEACE."

Famous Picture at Opera House November 24th.

Manager Julius Levy of the Lyric opera house announces the great feature picture, "The Battlecry of Peace," for Friday night, November 24th. Probably every reader is more or less familiar with the fame of this great picture. Suffice it to say that "The Battlecry of Peace" is one of the greatest film dramas of the present day, and one of the greatest arguments for preparedness for peace. Everyone should avail themselves of the opportunity to see this picture on the above date.

On Wednesday night of next week will begin the new serial, "The Crimson Stain Mystery," and this promises to be one of the most interesting and exciting serials presented at the local theatre. On Thurs lay night, November 23rd, will be shown the first episode of the "Shield-ing Shadow," a drama that is said to be greater than that of 'The Iron Claw.'

For Friday night of this week the feature will be "The Price of Power," with Marguerite Marsh and Orrin Johnson in the leading roles. This is a thrilling frama full of realistic scenes, ightened here and there with ouches of humor. In addition to this fcature there will be the usual 2-reel Keystone comedy, ith an all-star cast.

Prices for this feature will be he usual prices of 10c and 15c will prevail.

New 10c Loaf of Bread

Same Size as Two 5c Loaves

Beginning Saturday, November 4th, we will make only 10c loaves of bread. Each 10c loaf will be the same size as two 5c loaves.

We are compelled to make this change by reason of the extraordinary high price of flour, lard, and other baking ingredients. By making nothing but 10c loaves, we can bake 150 more loaves with the same heat, and also dispense with the services of one man. This saving in fuel and labor enables us to give you the same quantity and quality in a 10c loaf as was given before in 5c loaves.

LONG STORY IN A FEW WO

Our business, like Rome, was not built in a day. Its foundation was laid long ago on the rock of commercial honor. It has been reared in the peoples' confidence. We have won our success by deserving it; but more we owe our success to is the people's loyal patronage. And because of this loyalty, we owe the people the most faithful service it is possible to render, and each succeeding week the improvements are manifest in betterment of service, higher standard of quality and better values.
