### **OUEEN HOTEL NOW UNDER NEW** MANAGEMENT

The Queen hotel yesterday passed from the hands of H. N. Cook, for the past ten years the guiding spirit of that excellent hostelry, into the hands of Mr. and Mrs. O. Lykes, formerly of Snyder, Texas. Mr. Lykes arrived the first of the week from Snyder to look over the proposition, and was so taken with the splendid opportunity that he has-tned to close a deal with Mr. Cook and asked for immediate possession. Mr. Cook came over from Sweetwater, where he is now located, on Tuesday, and the deal was arranged satisfactorily

Wednesday.
Mrs. Lykes and son arrived Wednesday morning and will assist Mr. Lykes in caring for the patrons of the Queen. Mr. and Mrs. Lykes are well known to the traveling public, having been engaged in the hotel business at Snyder and other prominent cities of West Texas for the past fourteen years, during which time they have gained an envi-able reputation as capable and progressive hotel people. Brady is to be congratulated upon her good fortune in having them in charge of her leading hotel.

H. N. Cook, who arrived Tues-day from Sweetwater to com-plete the deal, has been spending a few days here as a guest of his daughter, Mrs. Herbert L. Wood, but rejoice with him in the suc-

### DRENCHING PAIN VISITED COUNTY TUESDAY NIGHT

A drenching rain visited Mc-Culloch county Tuesday night, nearly all points in the county, as well as in this section sharing in the moisture to greater or less extent. The rain was the first in several months and was appreciated accordingly. Thousands of dollars worth of benefit will result, many farmers having anticipated the rain following the long dry spell by sowing their fields in winter grain, while others had their land plowed and in shape and will take advantage of the moisture to sow grain at once in the hopes that if the present moisture is not sufficient it will be followed by more in time.

The dust which had become almost suffocating on all the up-to-date hotels in that section. main-traveled roads, was thor-The citizens of Brady sincere-ly regret to give Mr. Cook up, this evil.

Some water was put in the small dam, and water from some of the draws caused the creek to

run a little below the dam. At Brownwood a good rain was had, the downpour being estimated at from one to two inches. Bangs and Santa Anna had light showers, and the rain was very light at San Angelo and Ballinger. Comanche and Blanket had good rains, but the mois-

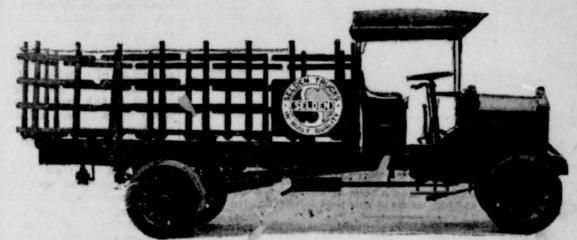

ture was spotted in that section. Through courtesy of the West Texas Telephone Co., the follow-ing report is given: Rochelle, 1.15 inches; Eden and Melvin, .5 inches; Coleman, Goldthwaite, San Saba, Zephyr, very good rains; Lohn, good rain; Lampasas, Mullen, Talpa, Winchell, London and Mason, light rains; no rain at Hext.

The rain has greatly revived drooping spirits, and all are hop-ing that this first rain will be but the forerunner of more and better ones to follow.

### OPERATIONS IN **BRADY OIL FIELD SOON UNDER WAY**

With each succeding day, there s an ever-increasing interest in the Brady and McCulloch county oil field becoming manifest, and oil operators are beginning to flock this way. Already several interests have men in the field securing leases, and from information so far obtainable it is certain that the next 60 or 90 days will see active operations in progress here.

One of the most prominent of the operators who have recently become interested in the McCulloch county field, is Edward C. Ryan of Tulsa, Okla., and Kansas City, Mo., who has just secured a lease on the ranch of Frank Wilhelm and Mrs. Johanna Swedish publication at Austin, C.
