PATRIOTIC DAY IN BRADY DRAWS IMMENSE CROWD

Patriotic Day in Brady, despite the rather chilly and disagreeable weather, attracted a great crowd last Saturday, the number here upon that occasion being conservatively estimated at 5,000. Not only was there a large attendance from every part of the county, but neighboring counties and communities were well represented.

The distinguishing feature of the day was the parade, and, without question, it was one of the best and most distinctive ever staged in Brady. The procession was over a mile in length, and it moved promptly almost to the hour set.

Heading the parade on his splendid white charger was N. T. Cook, marshal of the day, and following came the East Sweden band. Starting at the Central school, he lead the procession south to the main street running to the stand pipe; thence east to Blackburn down Blackburn to the square; east from the square to Keller's stable; north to Main street and thence west for a complete circle of the square.

It is impossible to give a detailed description of the parade—suffice to say not only was each group distinctive and appropriate, but the whole blended into one patriotic unit that aroused expressions of admiration upon all hands.

The outstanding features of the parade may be summed up as follows: Living Red Cross—Group of children from the Central school marching in form of a Red Cross.

Gardeners—Pupils of the Central school, clad in aprons and overalls, carrying garden tools and appropriate banners.

Thrift Children—Members of the Thrift societies, carrying appropriate banners. The colored Thrift society also marched in the parade.

Belgians—This idea was most cleverly presented. Clad in rags and patches, with empty coat sleeves fluttering in the wind, or with an arm, head or limb bandaged; straggling along on crutches, they formed a living representation of the horrors of war suffered and endured by the Belgians. Making up this group were the following: E. P. Lea, Mrs. S. J. Burnett, Mrs. F. H. Kruse, Misses Louise Hoskins, Lena Clark and Lee Smith, Mary Campbell; T. C. Yantis, Cecil Striegler, Edwin Clark, Lydia Mae Blount, David Hall, Dorothy Nell Broad, Bess Roddie, Truman Cabaness, Elizabeth Ballou, Lillian Gallaway, Gertrude Wood, Blanche Walter, John Hardy Weise, Wilbur Forester, Marie King, Mildred King; Alva Lee Cook and Webster Jackson, babies.

Junior Auxiliaries—Following the Belgian group came school children representing the forty McCulloch County Junior auxiliaries, with banners pledging their support to all Belgians.

Red Cross Nurses—Group representing Red Cross nurses and orderlies, clad in regulation uniform and bearing a stretcher.

Colored Home Guard—The colored folks had a second group in the pa-

TEN McCULLOCH BOYS TO ENTRAIN AT NOON TODAY

Ten McCulloch county boys will entrain at noon today as members of the draft ordered on this date, and will report for assignment at Camp Travis Saturday. The number will include the following: Herbert B. Crump, John Albert Boles, Joseph Beaumont Guyton, Harris Hallford, Eugene Milton Koerner, Lonnie Green Cooper, Luther B. Snodgrass, Bransford C. Ferguson, Frederick V. Waddill, Willie Dickson Strickland.

To Entrain April 29th.

One negro, Isaac Branch, will be entrained on April 29th for Camp Travis.

To Entrain on May 1st.

Two men will be entrained on May 1st for Camp Travis. They are William Jennings Bryan Worsham, Voca; Arthur W. Lyckman, Whiteland.

To Entrain May 6th.

Two men will be entrained for Camp MacArthur, Waco, Texas, on May 6th, the following making up this draft: O. R. Clark, Humble, Texas; Thomas E. Smith, Menard.

Another Draft Movement.

Beginning May 10th and for a period of five days, ending May 15th, another draft movement will be made, two men entraining from McCulloch county, for Camp San Houston. The exact date of entrainment is not definitely known yet but will most likely be on the 10th, as the movement is usually set for the first day of the period. Those who will report for this draft are Shelley P. Burk, Brady; Cecil Calk, Fife.

Examination of Class 1.

Examination of men married since June 5, 1917, and whose classification had been changed to Class 1 by the district board, was held last Thursday. Of the number examined Julian F. Behrens was placed in Class 7 because of physical disability. All the others passed the physical examination.

FOOD CONSERVATION DEMONSTRATION THIS WEEK BY THE PRESBYTERIAN CHURCH LAD.

The food conservation demonstrations, which have been conducted by the ladies of various churches in Brady during the past three weeks, are awakening great interest among those who have attended, and much benefit is being derived therefrom.

The demonstration this week will be held at Jones Drug Co., store, and will be in charge of the ladies of the Presbyterian church, who have arranged an especially attractive menu and set of recipes. These demonstrations are arranged for the benefit of all citizens, both those living in town and in the country and every patriotic housewife is urged to attend, and profit by the experience of others in "Hooverizing" on commodities so essential to our success and the success of our allies. Printed recipes of all products shown will be given free to those who attend.

Next week's demonstration will be in charge of the ladies of the Catholic church, and the exhibit will be held at the Benham's store.

Serve Your Country BY SAVING MONEY

Everybody has been asked to save in every way possible. But not much has been said about conserving labor and materials, and saving money as a means of serving the country. This half page is to say something about it. You've always been told you ought to save money; every day some savings bank advertisement tells you so. The chief reason given for saving money has been that you'd have the money with interest later on, as a step to financial independence and success. That is an excellent reason, but there's a better reason than that. Save because we have pledged the honor of our country and our people to fight this war to our last dollar and to our last man, if necessary. America does not break her word. The necessities of the war must be produced, and must be produced quickly. The key to the situation therefore rests in the hands of the average man, woman and child in every State in the Union who can, by refraining from everything not absolutely necessary to health and efficiency, release strong arms to the production of materials of war and the support of our army and navy. Money saved makes of you a better man or woman, boy or girl; makes you dependable, responsible; increases self respect, which increases your value. Save money to help your country; and in order to help you do it, our Government has prepared War Savings Stamps and U. S. Thrift Stamps, which you can buy in sums as small as 25c a time.

- 1--War Saving Stamps are a promise to pay you the amount you invest at the end of five years with 4 per cent interest, compounded every three month.
- 2--You can turn them into cash any time without looking for a purchaser; just go into any post office and get them cashed.
- 3--You can invest in U. S. Thrift Stamps as little as 25c at a time--as much more as you please.

MAY TAKE CIVIL SERVICE EXAMINATIONS WHEREVER GIVEN DURING THE WAR

Washington, D. C., April 23.—The United States Civil Service Commission announces that on March 27th, 1918, the President approved a joint resolution of Congress suspending, during the period of the present war, the operation of the provision of law which required applicants for civil service examinations to be examined in the State or Territory in which they reside. During the period of the war, therefore, applicants for any examination held by the Commission may be examined at any place at which the examination is held, regardless of their place of residence. An act of July 2, 1909, required examinations to be taken in the State of residence. While this provision is suspended for the period of the war, it is still required that only those who have been actually domiciled in the State or Territory in which they reside for at least one year previous to the examination may become eligible for permanent appointment to the apportioned departmental service in Washington, D. C. The Commission expects this change to make it easier to obtain applicants for positions in Washington. Competent stenographers, typists, and bookkeepers are in great demand. Examinations for these positions are held weekly throughout the country. Representatives of the Civil Service Commission at the post offices in all cities are furnishing detailed information and application blanks.

KEEP THE HOME FIRES BURNING.

Charlie Cox submits the following, with this comment: "Here is a line of dope straight from the shoulder. I clipped it from some magazine—don't exactly remember just where it came from, but I think it should be given the widest publicity."

Our boys "over there" in France are up against the worst fight the world has ever seen. They will fight for their lives and for our lives. To say that they will equal the record for bravery made by the Canadians, the French, the English and the Anzacs is to pay them the highest compliment language can convey. We who are four or five thousand miles from the battle line can not comprehend the horror of the soldiers' life, or the endurance required to work the guns against gas and shell and flame and rifle bullet.

We must brace up at home in every branch of business and in every activity of life. It is the "home push" that will enable the boys on the line to put over the victory. This thought is most forcefully put by Earl Derr Biggers who writes from the front for Collier's. He says:

"We're ready to stand in ice water up to our waists, to live with the rats in a rain of German shells, to go over the top and be finished. Nobody need worry about our boys 'over there.' But how about the bunch left over here—the crowd that wants to know how soon it will end? Are they going to queer us? Will they fall for the German tricks? Will the pacifists turn their blood to water? Only one thing can do for us—and that isn't the German army. It's our own people at home. Maybe some guy in Terre Haute will get tired putting 3-cent stamps on his letters. Maybe some fellow in Cleveland will get sick of the graham bread. Maybe some fat little soul in Denver will get to worrying about his profits. And they'll come together and decide that it's no use fighting it to a finish—and where will we be? Done for, licked, finished; thousands of dead for nothing—all because the people at home hadn't the guts to stick it out."

—Temple Telegram.

ORGANIZING CAVALRY TROOP.

Announcement is made in this issue of the organization of a troop of cavalry at San Saba, Texas, to be made up of volunteers from San Saba, Llano, McCulloch and Menard counties, the recruiting to be done by our friend and esteemed neighbor, Editor W. A. Smith of the San Saba News.

That this branch of the service should appeal strongly to the men of this section there can be no doubt. Further, there is opportunity for immediate service, and that is another feature that will appeal to all who contemplate enlisting. Enlistment is open to men between the ages of 18 and 45, and even men in the draft will be accepted.

The Standard would like to see McCulloch county with a good representation in this cavalry troop, because we feel like there is work ahead for the organization and work that will go down into history.

CIRCUS TRICKS.

Everybody knows of the circus trick, where the "World's Greatest Show" splits itself into two or three smaller aggregations when playing in the smaller towns, so that it is enabled to show in two or three different places on the same day—but who would have thought that our own Uncle Sam would adopt the same methods.

Nevertheless, it appears a fact. Visitors at the war relic exhibit in Brownwood Tuesday who expected to see a whole trainload of the relics, learned that the train had been divided into three parts and only a few of the cars were on exhibit at Brownwood.

However, all were ready to forgive Uncle Sam under the plea of necessity in order to reach as many citizens in as short a time as possible—and more so, since the exhibit was entirely free.

PATRIOTIC COMMUNITY.

Let no one think the citizens of Rochelle are so deeply immersed in the oil game or the oil prospects, as to forget for a moment their duty as citizens and as nephews to our Uncle Sam. The page advertisement for the Third Liberty Loan in this issue, authorized by the leading business men of Rochelle indicates plainer than we can tell, their desire to be numbered among the patriotic citizens of McCulloch county who helped boost McCulloch county's quota of the loan "over the top." For over the top it must go, and Rochelle can be counted upon to do its part.

Rochelle business men are 100 per cent patriotic, and if every citizen of the Rochelle community will back up the Rochelle business men to the full extent of their ability, Rochelle will have its place on the honor roll of patriotic citizens.

Every one do their best to help get the Honor Flag for McCulloch county, is the slogan of Rochelle and her patriotic citizens.

SAVE CONDENSED MILK.

The Standard has been requested to urge all patriotic citizens to refrain from the use of condensed milk, and to use fresh milk instead. Condensed milk may be cheaper, as some claim it is, but all condensed milk is needed by our soldiers, and depriving them of their necessities means adding to the cost of our victory.

So don't put condensed milk on your list of "cheap" foods, remember your selfishness may cost dearly—that dearest of all things, a life. Help win the war—be a 100 per cent patriot.

Brownwood Has Double Attraction.

Quite a number of Brady and McCulloch county folks journeyed to Brownwood Tuesday for two patriotic events scheduled Tuesday night at that place. The first was the Red Cross benefit at which Miss Margaret Wilson, daughter of President Wilson, sang. The Brownwood opera house was filled to capacity for this event, and those who had the foresight to engage seats in advance and so were enabled to hear Miss Wilson, pronounce her singing very wonderful, and the recital most enjoyable.

The second attraction at Brownwood was the government exhibit of war relics. These included a torpedo from a German submarine, a bomb from a Zeppelin, airplane, battered German helmet, and many other things of interest and curiosity. One of the most remarkable of the exhibits, according to Brady spectators, was the immense shell about six feet in length and weighing 2,400 pounds. The shell looked very much like a bullet taken out of a cartridge, with winged planes to guide it on its flight. What puzzled the Bradyites mostly was how enough powder could be jammed into a gun to propel this 2,400 pound monster through the air.

STUDENTS MAY TAKE EXAMINATION FOR ENTRANCE INTO SCHOOLS OF FIRST CLASS

County Superintendent W. M. Deans is just in receipt of information from W. F. Doughty, state superintendent of the Department of Education, in effect that students of non-affiliated high schools may gain entrance to any state, church or endowed institution of the first class by the successful passing of an examination to be administered under the direction of superintendents and principals of all affiliated schools and also of the county superintendent. The dates set for the holding of the examinations is from May 13th to 16th, inclusive. All students who desire to take the examinations are requested to notify County Superintendent Deans before May 6th.

The letter from Mr. Doughty setting forth the new plan is as follows: "The State Department of Education respectfully call your attention to the following facts relative to the spring term college entrance examinations."

"The committee on Inspection, Classification and Affiliation of Texas High Schools with State Institutions of Higher Education, has requested the division of High Schools of the State Department of Education to prepare and distribute questions for college entrance examinations regularly submitted in May of each year. The committee designated May 13 to 16th, inclusive, as the dates for the examinations, and questions will be sent, upon request, to superintendents and principals of all affiliated high schools, and also to county superintendents to be administered under his or her direction to students coming from the rural schools not affiliated."

"It is the opinion of the committee that there are many capable and worthy students in the non-affiliated high schools, who, if given a chance to take the college entrance examinations, will be encouraged to pursue their studies in some institution of higher education. This is the first time in the history of the State that college entrance examinations will be administered by the county superintendent of public instruction for the special benefit of students residing in rural districts. The department, therefore, respectfully requests the hearty co-operation of the county superintendents, as well as that of the superintendents and principals of the affiliated high schools, in conducting the examinations and in encouraging the young people to enter the examinations. All examination papers will be sent to the State Department of Education to be graded by high school supervisors, and the State Superintendent will issue to all successful applicants certificates which will entitle the holders thereof to enter any state, church, or endowed institution of the first class without further examinations."

CIRCUS TRICKS.

Everybody knows of the circus trick, where the "World's Greatest Show" splits itself into two or three smaller aggregations when playing in the smaller towns, so that it is enabled to show in two or three different places on the same day—but who would have thought that our own Uncle Sam would adopt the same methods.

Nevertheless, it appears a fact. Visitors at the war relic exhibit in Brownwood Tuesday who expected to see a whole trainload of the relics, learned that the train had been divided into three parts and only a few of the cars were on exhibit at Brownwood.

SOLD HIS HOME AND SPENT HIS MONEY IN SEARCH OF HEALTH

"Two Bottles of Tanlac Did Me More Good Than Everything Else," He Says.

"After I had spent every cent realized from the sale of my home, and several hundred dollars besides, in trying to recover my health, two bottles of Tanlac did me more good than everything else put together, which certainly was a wonder to me," was the statement made recently by Robert A. Land, a motorman on the El Paso Electric line, who lives at 1013 San Antonio street, El Paso, Texas.

"My health gave way five years ago," he continued, "and I began to go down hill so fast that for four years I wasn't able to do a lick of work. My stomach was in such an awful fix I had to force down what little I ate and nothing gave me any nourishment. Even the raw eggs and milk I lived on soured on my stomach and I would be almost choked with gas and my heart acted so strangely I was afraid something was wrong with it. I have been a railroad man ever since I was able to work and was used to exposure to all kinds of weather, but I was so full of malaria, and my system had been weakened so by five spells of pneumonia during the last four years, that if I got wet in a shower the least bit it laid me up several days with a cold."

"Well, sir, it was the greatest surprise I ever had the way Tanlac took hold and began to straighten me out right from the start. I kept on improving every day till now I have such an appetite I am ashamed to eat enough to satisfy my hunger and I can enjoy my meals for the first time in years. Nothing hurts me any more, I sleep like a log and get up in the mornings ready for my job. I work ten hours a day without getting tired like I did before and am stronger and more vigorous and have gained in weight. Why, I have been soaked to the skin several times during the past two weeks and it didn't hurt me in the least. I intend to keep up the treatment some time longer and I am so grateful for what Tanlac is doing for me that I want everybody to know it."

Tanlac is sold in Brady by Jones Drug Co., in Melvin by Oscar Sellers, in Rochelle by C. W. Carr, in Pear Valley by Ludwig & White, in Mercury by J. T. Matlock and in Fife by R. K. Finlay & Sons.

SHEEP AND GOAT RAISERS HAVE SPLENDID BARBECUE WEDNESDAY AT JORDAN CAMP

The McCulloch County Sheep and Goat Raisers' association had a splendid barbecue Wednesday, at which not only members of the association but all sheep and goat men, and their friends were invited guests, something like 150 being present. The occasion proved a most enjoyable one and the barbecue was as delicious as any morsel ever passed the lips of man. A vote of thanks was tendered to H. S. Searly for the superior excellence of his work on the barbecue, and the way the meat, pickles and bread disappeared attested the keen appetites the guests brought with them.

One of the features of the occasion was the splendid short address made by Jas. T. Mann. Other excellent addresses were made by R. W. Persons, district agent; J. M. Jones, of the sheep and goat department at the experiment station, and M. W. Coll, sheep specialist in extension work, all of College Station, who came to Brady especially for the occasion.

The "Herrick" Dry Air Refrigerator is a Home Necessity

The Herrick Refrigerator.

First of all, it protects health and conserves life. No contamination of milk and food in a Herrick, if ordinary care is used.

It will reduce the high cost of living by keeping and preserving foods that ordinarily would be wasted in warm weather.

The ice man comes to your house less often if you have a Herrick. The saving effected here amounts to considerable in a season's time, and the saving in the life time of Herrick is much more for they last a long time.

Every home—summer and winter needs a good refrigerator—the Herrick kind. The only refrigerator you can afford to buy is the one that is strictly sanitary, correct in refrigeration principle, economical in use of ice and the highest standard of improved construction.

Some refrigerators are cheaper in the first cost, but none are so cheap in the last cost.

Death of B. F. Porter.

Mr. B. F. Porter, a pioneer citizen of Valley Springs and Llano county, died at the home of his daughter at Pontotoc, Sunday, April 21, at the ripe old age of 73 years. His death had been expected for some time, and he had been in feeble health for some years. Funeral services were held Monday afternoon and the remains were laid to rest in the Valley Spring cemetery, where his first wife was buried.

Mr. Porter had been a citizen of Llano county for about forty-five years, and had served as Texas Ranger for two years. He was also an ex-Confederate soldier.

Surviving to mourn the loss of a kind and loving husband and father are his wife, and five children, Mrs. Nicks of Clifton, Ariz.; Andrew Porter of Brown county; Harvey Porter of Katemey; Mrs. F. C. Dendy of Pontotoc, and Mrs. R. H. Berquist of Brady.

The heartfelt sympathy of the community is extended to the bereaved ones.

FOUR NEW WELLS IS THE REPORT FOR THE WEEK

This week's report on oil activities stands out ahead of all others in number of wells started or about to be started in the various parts of the county, and it is apparent that the oil men are not waiting for some one else to make a test, but are, each of them, determined to test out his own particular locality first.

C. S. Thomas, who was last week reported as completing preparations for immediate drilling, already has part of his material on the ground. A carload of 12½ inch casing has arrived at the siding at Whiteland, and a contract for hauling out the casing to the well site has been given J. W. Batey of this city. The casing is 40-pound Diamond B-X, and it is estimated the carload will make a string of about 1,200 feet. A six room boarding and bunk house is now nearing completion on the lease, and the derrick timbers will be placed on the ground Saturday. Two 5,000 barrel new tanks will be placed on the ground within the next day or two.

Mr. Thomas announces the location of his well as one-half mile due east of the siding at Whiteland, on the Comfort ranch.

The speed with which Mr. Thomas has followed up announcement of his drilling contract with actual preparations for drilling is very gratifying to everyone, and it might be said that no one is more anxious to see the well spudded in than Mr. Thomas himself. Mr. Thomas will have one of the best rigs in the county, with a standard 84 foot derrick, and his well will be a thorough test of the territory.

Rochelle appears to be having no end of excitement in oil circles herself, and some three wells are to be drilled there at once, according to reliable information. Burford and Brimm, who are operating in Coleman and Brown counties, and who have just spudded in a well near Mercury will begin a well next week on the Sellman ranch, 5 miles from Rochelle. The company is expecting to have their rig in Rochelle the early part of the week, and the well will be located near Bob Sellman's residence. The Great Eastern Oil company of Tulsa, Okla., will next week begin a deep test well on the Baker ranch, three miles northeast of Rochelle.

The Southwestern Petroleum Oil company, who are drilling on the J. F. Crews' place, one mile south of Rochelle, have attained a depth of 800 feet, despite delays occasioned by flows of water, scarcity of fuel oil and other troubles. It was expected that they would again be compelled to close down this week for lack of fuel.

Operations on the Pruitt & Liston well on the Sellman ranch have been discontinued and their future plans are unknown.

At Mercury, Burford & Brimm spudded in their well on the Cawyer tract last Tuesday, and the work has gone ahead steadily. The Cunningham well on the Beasley tract in the Milburn section has been going ahead slowly, but steadily. A depth of about 200 feet has been reached. Wednesday another flow of water was struck and it was decided to ream the well out to keep from drawing the bit.

Nothing further has been learned of the rig which C. A. Bowen of Tulsa, Okla., was to load out last week for drilling on the Hall & Dutton tract, eight miles north of Brady. It is certain, though, that Mr. Bowen is making every effort to get the rig here and that he will have it in operation by the time specified in his contract, May 15th.

At Millersview, the Shultz Oil company has purchased a large boiler in Brady, and as soon as this can be placed, the well on the Schultz ranch will be started.

Many of our men have been active in McCulloch county the past week, and with one accord they are enthusiastic over the possibility of McCulloch county becoming one of the best oil fields in the state.

WORST DUST STORM IN AGES SWEEP McCULLOCH COUNTY LAST THURSDAY

The worst dust storm called to mind in many years swept over McCulloch county Thursday evening about seven o'clock. The appearance of the dust cloud in the northwest occasioned much alarm, so black and foreboding was the cloud in appearance, and many citizens sought storm cellars and similar places of safety.

However, the storm was not as bad as its appearance, although for several hours the atmosphere was filled almost to suffocation with the dust particles. At Ballinger and in Runnels county the storm was said to have been particularly severe, since in that county no rain has yet been had. Citizens of Lohm, who experienced the storm some time before it reached Brady, were thoughtful enough to phone in that it was nothing but a dust storm, and so allayed the fears of many Brady citizens.

TO ORGANIZE CAVALRY TROOP AT SAN SABA

General Jacob F. Wolters, commander of the First Brigade Texas Cavalry for the National Guard of Texas has authorized the recruiting and organization of a Troop of Cavalry at San Saba.

This is a golden opportunity for the cow boys of West Central Texas to enlist in the military service most congenial to their every day life.

All men, who are otherwise qualified for army service, and are between the ages of 18 and 45 may enlist. Men who are registered in the draft are may enlist. In fact this is an opportunity for drafted men to volunteer and select their branch of service.

Recruiting is now going forward. Men are particularly desired from San Saba, Llano, McCulloch and Menard counties.

There are many advantages to be obtained by enlisting in this service at this time, which should appeal to patriotic men of this section. Many of you will have to go after a while. You can now enlist and feel that you have done it from a purely patriotic motive, and not because you had to. I don't have to go, but there is a man's job ahead of America, and grand old Texas is going to do her share. It will be one of the supreme satisfactions of my life to go with a troop of the men and boys with whom I have lived a life and do service for my State and country with them.

As to the prospect of immediate service this from the Houston Chronicle of Friday, April 19th, is very suggestive: "Adjutant General James A. Harley, who is in Houston, after a trip to the Mexican border, authorizes the statement that the troops will be sent to the border as soon as the units are completed."

I have opened a recruiting office in San Saba and appeal to the patriotic men of these counties to come on and enlist and let's be among the first troops to report "Ready."

The council decided to revise the civil and criminal ordinances of the city of Brady and have same printed in book form.

RED CROSS BOX SUPPER AND DANCE AT LOHN NETS SOMETHING LIKE \$100.00

One of the most successful, as well as enjoyable affairs given in behalf of the Red Cross was the Red Cross box supper and dance given by F. Tetens at his home near Lohn Monday night.

A couple weeks ago Mr. Tetens gave a similar affair, but on account of bad weather the attendance was greatly cut down, and although \$35.00 was raised for the Red Cross, Mr. Tetens was not satisfied. The success of his second endeavor was attested by the attendance Monday night, the crowd filling both the dance room at the barn and at the house to over-flowing. Following the dancing, some half dozen boxes were auctioned off, the magnificent Red Cross cake bringing \$50.00, while the total sale of boxes, including the cake amounted to around \$70.00. Miss Annie Belle Mitchell was the winner of the cake.

Total receipts for evening, including fees for dancing, receipts from the sale of lemonade, cigars and gum, and from the auction sale, amounted to \$91.00, which was turned over to the Lohn Red Cross auxiliary by Mr. Tetens.

Mr. Tetens wishes to express his appreciation to all who helped make the evening a success, and the ladies of the Lohn Red Cross auxiliary are likewise appreciative of the interest displayed and the results obtained.

Wool Growers

A report received from Washington indicates the government has decided to take over the entire 1918 wool clip on the basis of its value on July 30, 1917. All old wool, now in hands of dealers, will be taken over on the same basis. It is estimated that the price to be paid for this wool is about 10 per cent less than the highest values of last year. The government expects the new clip to be marketed in the west as usual, buyers being under obligation to turn their purchases to the government on the basis above mentioned.

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs., in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Theford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Theford's Black-Draught. Theford's Black-Draught will help you to keep fit, ready for the day's work. Try it!

OUR BOYS 'OVER THERE' ENJOY TOASTED CIGARETTES

Through the patriotism of the citizens of this country thousands of smoke kits are being distributed to American soldiers in France. Authorities agree that men in the trenches need cigarettes almost as much as food and munitions.

Doctors, nurses, and commanding officers all join in the demand which has awakened in this country a great movement to keep our boys supplied with smokes.

Millions of the famous LUCKY STRIKE Cigarettes are "going over" all the time. There's something about the idea of the toasted cigarette that appeals to the men who spend their time in cold, wet trenches and billets.

Then, too, the real Kentucky Burley tobacco of the LUCKY STRIKE cigarette gives them the solid satisfaction of a pipe, with a lot less trouble.

Oil Activities on Increase—New Wells To Be Drilled.

Editor Brady Standard: Rochelle, Texas, April 23.—Next week, three miles northeast of Rochelle, the Great Eastern Oil company of Tulsa, Okla., will begin operating a deep test well. They are stationed on the Baker ranch.

The Burford and Brimm Oil company, who are active at Brownwood and Coleman, will also begin a well next week about five miles from Rochelle on the Sellman ranch. Both companies are strong and reliable, and standard rigs will be used.

The Fruit & Liston Oil company, stationed on the Sellman ranch eight miles from Rochelle, have shut down this week for "further information."

The Southwestern Petroleum Oil company, one mile south of Rochelle, have equipped their machinery somewhat, and are still on the job, being at a depth of eight hundred feet. This company is hindered quite a little on account of fuel oil being hard to get shipped in.

Quite a little "hot air talk" is being put out regarding the oil situation here but too uncertain to note as yet. However, we are all anxious for the oil to show up at Rochelle.

A large number of Brady folks were at the baptizing Sunday afternoon at the Tom Sellman's tank, nineteen being baptized.

A. W. Moseley was here last Saturday and Sunday from San Saba, visiting home folks.

Mrs. Maggie Dunham went to Lake View last week, guest of her parents. Miss Nora and Raleigh Neal went to Lohn this week to attend the Red Cross entertainment there.

Miss Delphia Burton of Brady visited home folks and friends here Sunday.

"WHICH SIDE ARE YOU ON?"

What are you doing for Uncle Sam? Are you sure you are doing just all you can?

Stop! Think! And take a fresh start, Buy Liberty Bonds with all your heart and give them all a chance.

You surely do feel grateful To those dear boys in France, So back them up by buying Bonds And give them all a chance.

Forty-four thousand dollars Is the sum we have to raise. And we haven't very much more time, We just have eight more days.

McCulloch county CAN succeed If every one does his part, Put your shoulder to the wheel And work with all your heart.

If we have the money And fail to back up right, We've just as much a slacker As the man who will not fight.

Don't judge the man who lives next door And think HE might be taking more Just ask yourself if you've done Your All Then sweep around your OWN back door.

Of course we know our crops have failed; We haven't raised a bit of feed But listen My Friend: If the Hun wins the war, Of what in the world will we have a need.

What good will money do us— Should not we have a fear? You won't even have a bank account, If the Huns gets over here.

Lend your money to Uncle Sam, He doesn't ask you to give. He merely asks you to lend it to him That YOU and I MAY LIVE.

McCULLOCH COUNTY LACKS \$44,000 OF ITS \$110,400 QUOTA ON THIRD LIB. LOAN BONDS

According to figures compiled by Chas. Weise, secretary of the Y. M. B. L., McCulloch county lacks \$44,000 of reaching the required quota of \$110,400 as her part of the Third Liberty loan. About \$66,400 has been raised, which is something over half the amount desired. As will be noted in this issue, San Saba county, Lampasas county, Mason county and other neighboring counties have gone "over the top" with their quota, and the chairman and solicitors for the Third Liberty loan are determined that McCulloch's fair name shall be upheld and that McCulloch county also will be put "over the top."

Various plans are available for accomplishing this. In Fort Worth the Liberty loan committee has turned into the Federal authorities the lists of those persons who have failed to subscribe to Liberty bonds to the extent of at least 5 per cent of their property holdings.

The local committee has compiled a list of every man within its reach, and has allotted a certain amount of bonds to him. Every opportunity will be given him to voluntarily take up his pro rata, and failing in this, he will be given an opportunity to make an explanation as to his reason for failing or refusing to do so. This places the subscriptions upon an equitable basis and will speedily weed out the slackers and show them up in their true colors.

LIBERTY BOND HONOR ROLL TO BE PLACED ON EXHIBITION WITH SUBSCRIBERS NAMES

The Liberty Bond Honor Roll has been ordered for McCulloch county and is expected to arrive within the next few days. The name of every person subscribing to the Third Liberty loan up to the time of the arrival of the roll, will be placed upon the same and the roll will be exhibited in some prominent place. Every patriotic citizen who expects to subscribe for Liberty bonds should do so at once, so that his name may be enrolled.

WHAT YOUR LIBERTY LOAN BOND WILL ACCOMPLISH

\$18,000 invested in Liberty Bonds will equip an infantry battalion with rifles.

\$50,000 will construct a base hospital with 500 beds, or equip an infantry brigade with pistols.

\$100,000 will buy five combat air planes, or pistols, rifles, and half a million rounds of ammunition for an infantry regiment.

LAMPASAS COUNTY HAS GONE OVER THE TOP—WILL DO STILL MORE

Lampasas county has subscribed the minimum amount allotted to her and has gone over the top, but the government expects all those who have not subscribed to come in and help raise as much more as possible. It must be remembered that the sum of \$100,000 was our minimum amount and we should not be satisfied in only doing the least that is expected of us. After going over the top the boys still have their work to do, and we should all pull together the balance of this campaign and secure an extra star in our Honor Flag, as the government is going to place an extra star for all counties that subscribe double their quota.—Lampasas Leader.

SAN SABA OVER THE TOP WITH THE LIBERTY LOAN—HONOR FLAG COMING

San Saba county has gone over the top in the Third Liberty Loan drive. The following telegram from Governor Hoopes of the Federal Reserve Bank at Dallas to A. V. Riley, county chairman of the Third Liberty Loan, is a good one. The telegram follows:

"Congratulations to you good Americans. Uncle Sam is proud of you. Flag going out to you. Signed: Hoopes."

This is the honor flag which the government is giving to those towns and counties which go over the top with their quota in a given time. The quota of San Saba county was \$98,100 and last Saturday night the returns were tabulated and showed a total for this county of \$125,000.00. The names of the loyal Americans who are helping the soldier boys so hard pressed in France will be published just as soon as they are all in and the committee can get them. The men and women at home who are sacrificing to send food and ammunition to the soldiers are not seeking publicity, but the boys in the trenches are entitled to know who are their friends.

The campaign will not be stopped until every one in the county has had an opportunity to do his full duty and enjoy his privilege.—San Saba News.

GILLESPIE COUNTY GOES "OVER THE TOP" WITH THE THIRD LIBERTY LOAN

Gillespie county has received her Flag of Honor from Washington, and it now proudly floats from the front of the postoffice in this city. The flag was received a few days after Chairman R. G. Striegler made his report to the effect that Gillespie county had exceeded its quota to the Third Liberty Loan by several thousand dollars, this being one of the few counties in the state to oversubscribe their quota. Chairman Striegler also received the following letter which is self-explanatory:

Dallas, Texas, April 13, 1918. Mr. R. G. Striegler, County Chairman, Third Liberty Loan, Gillespie county, Texas.

Congratulations. Your splendid report makes Uncle Sam proud of you and your people. J. W. Hoopes, Deputy Governor.

The floating of the quota of the Third Liberty Loan in this county was accomplished quietly, our patriotic citizens realizing the necessity, and showing a prompt willingness to pledge their loyalty to our government. We are proud of the achievement, and more so of our justly earned "Flag of Honor," and Uncle Sam will always find the good people of Gillespie county "ready" to answer the summons of duty if it be for the call of "Liberty."—Fredericksburg Standard.

OPPORTUNITY FOR SCHOOL TEACHERS AND PUPILS TO TAKE UP NURSING PROFES'N

Mrs. Fred Abney of Brownwood, state chairman of conservation, calls attention of teachers and pupils in public schools, to the great need of nurses. Her call is as follows:

"During the strenuous days of our Nation we are hearing a great deal of conservation. More and more are we learning to conserve the national resources, as well as food, to help win the war.

"We are all anxious just now to be of service to our Government, and the Conservation Department this year has decided that for its war work it will interest as many young girls as possible to enlist for training to be nurses. The Government is calling for 33,000 trained nurses for immediate service. There are only 14,000 graduate nurses in America. When one remembers how bereft our civilian population will become without properly trained nurses in time of serious illness, one can realize the urgent need of our securing girls to begin training in some reputable school.

"There is a call for those who will do private nursing, for district nurses and public school nurses. It is a better paid profession than teaching."

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

HAVE YOU URIC ACID TROUBLE?
Many Brady People Are Learning How to Avoid It.
You hear a great deal about uric acid trouble? This is only a form of kidney sickness. When weak, the kidneys pass off only a part of the uric acid poison. The rest remains in the body to irritate the nerves and disturb the organs. Uric acid may cause heart trouble, headache, bad digestion, rheumatism, neuralgia, gout, dropsy and gravel. Doan's Kidney Pills are especially prepared for weak or sluggish kidneys. Are endorsed by thousands and are endorsed at home. Can any Brady reader doubt the following statement? It's from a resident of Brady.
Mrs. J. Coopender, Brady, says: "I was annoyed by kidney complaint for some years and the trouble was diagnosed as uric acid poisoning. I always felt full and depressed and had attacks of rheumatic pains. I was very nervous. Doan's Kidney Pills reduced the uric acid, the drowsiness, nervousness and rheumatic pains went away and I enjoyed much better health. I always have Doan's Kidney Pills, procured from the Jones Drug Co., on hand now and use them as needed."
Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Coopender uses. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

CLEAN UP ON STRAY DOGS
UNDERTAKEN BY CITY MARSHAL BUN HUFF THIS WEEK

There promises to be a dearth in stray dogs about Brady if the work undertaken by City Marshal Bun Huff this week is continued. Up to Tuesday 46 dogs had been caught running at large without license and impounded. The dogs are kept in the pound for three days and, if not redeemed in that time, are subject to disposal either by sale for amount of the penalty, or by killing.

So far 57 citizens have thought enough of their canines to secure license for them. The dog tax amounts to \$1.00 per year for male dogs and

\$2.00 for females, and if the animals are not worth this sum, they should be disposed of as rapidly as possible.

PATRIOTIC DAY IN BRADY DRAWS IMMENSE CROWD

(Continued from page one.)

rade, made up of members of the home guard.

High School Cadets—The high school cadets in their natty uniforms, marching in perfect time under the leadership of Capt. Bowden formed an inspiring group. Upon reaching the square, the cadets formed in line and executed a drill that was watched with keen interest by the assembled crowd.

Of the decorated cars and floats, first place undoubtedly goes to Mr. and Mrs. W. N. White in their representation of Uncle Sam and Miss Liberty. Not only were they in perfect costume, but their car was completely hidden with decorations of flags and bunting. Perched at the front of the car was an American eagle with widespread wings, and floating over all was Old Glory.

Another float with Miss Edna Schaeg representing "Liberty" as its central figure, was most attractive.

The fire boys were in line with their big \$8,500 La France engine decorated in patriotic colors.

The "Tiny Tots" of the Junior auxiliary to the McCulloch County Red Cross was another attractive car, the tots being made up of a dozen or so members of the Juniors representing ages of less than a year up to three or four years, and each one wearing the regulation Red Cross cap.

The Camp Fire Girls with auto decorated with bunting and greens formed a pretty group.

The Confederate veterans and U. S. D. C. also took part in the parade.

A Dodge Sedan, representing a Red Cross ambulance, was driven by Walter Campbell in the uniform of a stretcher bearer. Mesdames W. W. Walker and O. T. Doell occupied the car in the uniforms of Red Cross nurses.

Contributing to the excitement and amusing in their antics were the clowns, Brooks Carlson and Sheridan Newman as the little clowns, and James Snyder and Carl Deans as the big clowns.

Frank Roddie walking in a barrel with the motto "Don't Buy Clothes; Buy Thrift Stamps," created much amusement.

A goat led by a boy and bearing the sign, "We've Got the Kaiser's Goat," also created merriment.

Following the dispersing of the parade, the assembly gathered on the court house lawn where the rally was held. The program included music by the band; invocation by Rev. S. H. Jones; patriotic song, "My Country, 'Tis of Thee," by the assembly. Miss Bellamy favored with a patriotic song, the crowd joining in the chorus. "Our National Flag" was another patriotic number presented by Misses Eddie Lou Francis and Ethel Doyle, representing the Fife Junior Red Cross. A patriotic song and yells by forty children representing the schools of McCulloch county concluded the program, and James T. Mann, as chairman, in a short but inspiring address introduced the speaker of the day, Mr. F. Hall, formerly of the Belgian Relief commission. Mr. Hall was in Belgium with Herbert Hoover when the war started. He was stationed on the German frontier, near Liege, where the first of the Hun horrors were perpetrated. And he came home filled with a bitter hatred of Germany, Germans and all things touched by Germans.

In his talk Mr. Hall emphasized the fact that while the German people have been trained to brutality and to an egotistic belief that they are superior to all other peoples, the American Germans, who have been in this country long enough to become Americanized, have been so thoroughly converted to American ideals that they are no longer Germans, but are Americans and must be recognized as such.

"There is not an honest thing in the whole race of Germans," he said. "There never has been anything honest or chivalrous in the Germans. Ever in the old days of chivalry, the knights fought on the field of honor; the German knights had to be watched to prevent them from hamstringing the horses or taking other mean advantages.

"I was at Liege when the war began," he said, "and I know what I'm talking about. I have verified the reports from hundreds of Belgians who were my friends and who told me the truth. I have seen the ruins of homes, and have talked to the women who have lost all that was dearest to them. The people of Germany have prepared for this war for forty years—even for more than forty years, for the spirit of barbarity and selfishness has been bred into the German race since the beginning of time. I was one man of peace when the war began; was absolutely neutral—but it was impossible. Now I hate them. My son is over there fighting them; his throat may have been cut as the throats of other Americans have been cut by the brutal German soldiers. When they get you or your sons or brothers you'll hate them too. Take the bandage off your eyes and see the truth, if you are among those who still think this is not our war. It is a war of right against might. You who have dear ones in the war are buying bonds; some of you who have no loved ones in the war are profiteering while the others bear the burdens. A short time ago you could have done this—but now we know who are the traitors. You who are not with us are against us—you can't dodge that issue.

Following his open air address Mr. Hall spoke to the men in the district court room about the atrocities he witnessed, and this was followed by

STANDARD'S FLAG OFFER TO SUBSCRIBERS—REMARKABLE VALUE AT A VERY LOW PRICE

"That's a mighty good offer you are making in flags," said Bailey Jones of Moffatt Bros. & Jones, "at that price everybody ought to be able to get a flag."

"Where did you get those flags," said S. A. Benham, "I've never heard of any place you could buy flags at a price like that. The best offer I've ever been able to get, has been around three or four dollars for a flag of that size."

Readers of The Brady Standard, we've got the biggest offer in a United States flag you ever heard of—a flag four feet by six feet, sewed stripes, colors guaranteed not to fade in rain or shine, equipped with brass grommets for rope. It's a big flag, and one that will show up well anywhere. You'll see them flying all around in Brady.

The Standard wants to get these flags out to its subscribers, and for this purpose these flags will be sold only to those who present two coupons, consecutively numbered, together with \$1.35 at The Standard office. The first coupon is printed in this issue and the second coupon will be printed next week. Clip the coupon this week, and also the one to appear next week, and for the two coupons and \$1.35 cash the flag is yours. No flags will be sold without cash and coupons.

Understand The Standard is not profiteering in flags. We had an opportunity to get a small quantity of these flags at this ridiculously low price—and we jumped at the chance. Now we want to pass our good fortune along to our subscribers. Our supply is limited, and flags will be furnished in the above offer only so long as they last. So don't delay, but immediately after publication of the second coupon next week, bring them in and get your flag as per above offer.

a campaign for Liberty Loan subscriptions.

Reports of the various committees show a total of \$66,400 was subscribed in Third Liberty bonds.

The Brady high school Juniors, who sold ice cream and sandwiches during the afternoon, report total sales to the amount of \$180. The pupils of the Central school sold Red Cross tags to the amount of \$150.

SCHOOL PLAY AT LOHN.

The patriotic play, "Claim Allowed" will be presented by pupils of the Lohn school at the Lohn school auditorium Saturday night, April 27. Everyone invited to attend and enjoy this play. Admission 10c and 20c.
