Low Quarters

You will be both adding to your own comfort and helping in the conservation of leather by purchasing Low Quarters for wear during the summer, and saving your shoes for winter wear.

We have our new stock of Low Quarters now on display—and they are dandy good-lookers. And, as on shoes, we have prices on some of our low quarters lower than the shoes sell for wholesale now on the open market. We are ready to back this statement.

Excelsior Shoe Store

F. T. FOWLER, Manager.

P. S.—When you lose the tips off your shoe laces, come to us and have your laces re-tipped free of charge by our new tipping machine.

We have a good line of Men's Union Suits, 65c, 85c, 90c.
A. R. Hooper.

Cape Jasmynes in season from May 10th to June. Phone or send in your orders. Aug. F. Behrens, Blackburn street.

ODOM MARTIN RECOVERING AMERICAN BASE HOSPITAL FROM SHRAPNEL WOUNDS

A letter received from Corporal Odom Martin by his mother, Mrs. John Martin, at Ringling, Okla., states that he was hit by a shrapnel while on his third trip to the front line trenches. For over a month he has been confined to his bed in an American base hospital, and he says it will be another month before he will be able to go back to his company. He has had one operation and will have to undergo another, as the doctors took an x-ray examination of the wound and found a piece of shrapnel which they failed to extract during the first operation.

That Brady's first boy to be wounded is getting along nicely is news that will be gladly heard by all his many friends, and we sincerely trust the future may deal even more kindly with our representative at the front.

TORNADO, HAIL AND RAIN WREAK EXTENSIVE DAMAGE IN M'CCULLOCH

STEELHAMMER BLACKSMITH SHOP DEMOLISHED; ALSO F. R. WULFF AND WEST TEXAS TELEPHONE CO. WAREHOUSES GINS AND F. U. WAREHOUSE DAMAGED; BENCINI SEED HOUSE WRECKED; RESIDENCES SUFFER.

One of the most destructive tornadoes in the annals of McCulloch county visited here Saturday night at about 7:30 o'clock, and the property loss will run up into the thousands of dollars. A Steelhammer's blacksmith shop was completely demolished; several warehouses, seed houses and other large buildings were wrecked; awnings were torn away and blown down into the street; exposed window lights everywhere were broken out; houses were moved off their foundations and chimneys were tumbled through the roofs. An unprecedented torrent of rain following with the wind added greatly to the damage, and there is scarce a house in the path of the storm but what suffered damage from this cause.

The first intimation of the storm was the appearance of dark clouds in the west, and also a couple of thunder-heads in the northwest. Suddenly the thunderheads disappeared and the storm clouds arose menacingly and swept across the sky. A few hailstones about the size of hen eggs fell pounding upon the roofs and then the storm broke in all its fury.

For twenty to thirty minutes the wind blew a gale, the hail fell thick and fast, in some spots remaining on the ground until Sunday. Accompanying the gale and the hail, rain fell in veritable sheets. It is estimated that between two and three inches of water fell in Brady within the twenty minute period, and level places everywhere were soon a foot or more deep in water. Parties crossing the square immediately after the rain saw the water there was up over the running boards of their cars.

So deafening was the roar of the wind that it was for a time, impossible to hear ordinary conversation and the water fell in such sheets as to prevent seeing buildings across the street.

Undoubtedly the worst wrecked building in town was that of the Steelhammer blacksmith shop on the northwest corner of the square, which was practically reduced to kindling wood. The F. R. Wulff warehouse in the rear of The Standard office was caved over, and only the weight of the trailers stored in the building most likely prevented the entire building from being blown away. The warehouse in the rear of the post office, used for storage by the West Texas Telephone company was blown down, as was also the seed house at the Bencini oil mill. All these were wrecked beyond repair and will have to be rebuilt.

N. B. Embry lost the smoke stack off his gin, and his tool house was blown down. At the Brady gin it blew over a seed shed, caved in a big water tank and did other damage. The west end of the Farmers' Union warehouse was unroofed. The front of Broad Mercantile Co's warehouse was blown down and carried a block distant by the wind. Windows on the west side of the court house were smashed, and seventy-eight window panes were broken on the west side of Murphy's garage. The awning on the east side of Simpson & Co., was torn down and scattered along the

street, one part of the cornice lodging across the street on top of the Commercial bank awning. The entire awning around the second story of the Commercial bank was torn away and numerous window lights were broken, and also the second story of the cornice at the Syndicate building, was completely demolished and practically every window light was broken. Moffatt Bros. & Jones' show windows suffered heavily from parts of awnings and other debris being blown through them, and Grover Chambliss was cut on the head by a falling piece of glass.

Awnings on the east side of the square suffered more or less disaster and a number of windows were broken out, including the big plate glass window in the corner of Jones Drug Co.'s store.

Several big trees about town were uprooted, the largest being on the east side of the Christian church. On the south side of the courtyard, a big mesquite, over a foot in diameter, was snapped off even with the ground as though it had been a pipestem.

A part of the cornice blown off the Queen hotel was found Sunday morning lodged overhead in some electric light wires.

Telephone service was badly interrupted by broken wires and the blowing down of telephone poles. Several poles which had been imbedded in the cement walk on Blackburn street were snapped off even with the walk. The telegraph wires were also down after the storm and up until Wednesday the down town office had to be discontinued and the wire at the union station used.

Much damage was done in the resident district. The residence of J. E. Brown was lifted off the foundation and moved east about five feet. Julie Brown, who was ill in bed suffered injuries about the head and body, and was generally bruised up from bricks, when the chimney fell through the ceiling. At F. Y. Jackson's the house was blown off its foundation and the chimney also fell through the roof. Fortunately no one was at home at the time. The houses occupied by Otto Armstrong and Prof. J. C. Robbins suffered similar damage. At F. W. Henderson's residence the big chimney on the west side of the house was snapped off and the bricks fell on the roof of the porch caving it in about a foot. The water poured thru the aperture and flooded three rooms

What does it mean to you to know that your American Red Cross:

Is supporting 50,000 French children.
Sends supplies to 3,423 French military hospitals.
Provides 2,000 French hospitals with surgical dressings.
Is operating thirty canteens at the front line.
Is operating six other canteens at French railway junctions, serving 30,000 French soldiers a day.
Operates a movable hospital in four units, accommodating 1,000 men.
Is operating a children's refuge in one part of the war zone; and in another a medical center, and traveling dispensary, both capable of accommodating more than 2,000 children.
Has opened a long chain of warehouses stocked with hospital supplies, food, soldiers' comforts, tobacco, blankets, etc., all the way from the seaboard to the Swiss frontier.
Has warehouse capacity for 100,000 tons.
Has 400 motor cars and operates 7 garages, making all repairs.
Had shipped 46 freight car loads of assorted supplies to Italy and France within two weeks after it began operating in the former country.
Had a battery of motor ambulances at the Piave front four days after the United States declared war on Austria.
Started a thousand different activities in Italy at the time that nation was in its most critical condition.
Has established 5 hospitals in England and operates a workshop for hospital supplies employing 2,000 women.
And that 120,000 cases of supplies have been received at the Paris headquarters of the American Red Cross from your various chapters scattered throughout the United States.

What does all this mean to you? And that is but a fraction of the work your Red Cross has done and is doing. It means that without this ceaseless, heroic work of the American Red Cross we could never win this war.

Without your Red Cross quick, vital help to keep Italy in the fight for Liberty would not have been possible.

Without your Red Cross thousands of French soldiers now gallantly fighting for you at the front would have died of wounds, exposure and lack of food.

And great and wonderful as has been the work of the American Red Cross in the past, still greater and more wonderful must it be in the future—for now **your** boy is in the fight.

Your Red Cross cannot neglect France, England, Italy, Serbia, Roumania and little Belgium. It must give them all constantly increasing help, for the men of these countries have been fighting our battles.

But now we must all redouble our efforts and sacrifices for our Red Cross because a million mothers' sons are going to carry the stars and stripes to the greatest victory God has ever given to men fighting for honor and liberty.

With the help of your Red Cross **your boy** will win.

*"A Great Net of Mercy Drawn Through
an Ocean of Unspeakable Pain"*

"I'm afraid that's all I can spare"

You're a regular, red-blooded, true-blue American. You love your country. You love that flapping, snapping old flag. Your heart thumps hard when the troops tramp by. You're loyal—100 per cent.

You intend to — you WANT to—help win the war in a hurry.

"Sacrifice? Sure," you're been thinking. "Just you wait till they really need it." And you've honestly thought you MEANT that too.

But—look yourself in the eye, now, and search up and down inside of your heart—**did** you mean it. **Did** you really mean "sacrifice?"

Listen: You feel poor. This third Liberty Loan, the high prices, the Income Tax—you've **done** your bit. You feel that you've given all you can spare.

— **What?** Then what **did** you mean? What's that you said about loving your country? What did you think the word "sacrifice" means?

Surely you didn't mean, did you, to give only what you can **spare**?

What about our boys who are giving their lives in the trenches? Are **they** giving only what they can "spare?"

How about those mothers and little "kiddies" in the shell-wrecked towns of that war-swept hell;—hungry—ragged — sobbing — alone? Giving up their homes, their husbands, their fathers.

While **we**—over here with our fun and our comforts—we hold up our heads and feel **patriotic** because we have given—**what?** Some loose bills off the top of our roll. "**We've** given all we can spare!"

Come, come! Let's quit fooling ourselves. Let us learn what "sacrifice" MEANS. Let us give MORE than we can spare — let us "give till the heart says stop."

Every cent of every dollar received for the Red Cross War Fund goes for War Relief

The American Red Cross is the largest and most efficient organization for the relief of suffering that the World has ever seen.

It is made up almost entirely of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every War torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities, it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.

Brady, Texas.**

Save Till it Hurts

WHY?

BECAUSE—The United States is at war.

BECAUSE—The only safe road to Peace is Victory.

BECAUSE—Soldiers and sailors cannot win unless the entire American people—every man, woman and child refrains from everything not absolutely necessary to health and efficiency, and thus releases labor for the production of materials of war and the support of our army and navy.

BECAUSE—Every pair of shoes, every suit of clothes, every hat, every suit of underwear, etc., not necessary, used by us at home, means one less pair of shoes, one less uniform, one less overcoat, one less muffler for our boys who are fighting to make our homes safe.

BECAUSE—U. S. Bonds, War Savings Stamps and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equipping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

BECAUSE—You should not let another day go by until you have actually given up some real thing—for your country —“until it hurts.”

The United States Government Offers You the Opportunity to Save and Serve

You can buy a United States Thrift Stamp for 25 cents. A card is furnished you on which to paste it. Sixteen of these, plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate—this is 4% compounded quarterly when the Stamps are held till January 1, 1923. A simple and secure investment—yielding a good income on your money. When you do this, you become an actively loyal American citizen—one who is saving lives by saving money.

Begin Now! Enlist Your Dollars in Your Country's Service

E. A. BAZE HAS CHARGE OF THE WAR-SAVINGS DEPARTMENT AT THE COMMERCIAL NATIONAL BANK AND WILL BE PLEASED TO EXPLAIN THEM IN DETAIL. NOW IS THE TIME TO ACT. BEGIN AT ONCE BUYING STAMPS AND THRIFT CARDS, AND BUY ALL YOU CAN UP TO YOUR FULL QUOTA.

W. D. CROTHERS, County Chairman

How Was the Last War Fund Spent?

It is a fair question—and it is fairly answered in the detailed and itemized reports that have been published in the newspapers of every town and city of the land.

You never saw it? Then ask at the nearest Red Cross Chapter, or write, for the Red Cross WANTS YOU to know where your money went.

They say that Red Cross supplies have a way of coming through on time.

Italy surely has found us not wanting in promptness when her great trial came.

And Roumania—they said no allied nation could get through to help her dire need.

But the Red Cross **found a way.**

It's not always a cheap way—"Needs must" cost money. But did you give that money **to be saved**—or to save lives? Are you not willing to pay five dollars or **fifty** to bring something of comfort to a war wrecked, tortured mortal who but for you would surely die?

And of one thing you may be sure. **Not one penny of that Hundred Million has gone for anything but War Relief.**

In the Red Cross there is no high salaried bureaucracy, no extravagant administration expense. All of the higher officials and nine-tenths of the workers are unpaid volunteers.

The cost of raising and collecting the last War Fund was about one-half of one per cent., more than covered by the banking interest on the money.

Your Red Cross needs another hundred million to lighten just a little of the awful load of misery "over there." Your share is all that you can give—and then a little more.

SOCIETY

Bridge Club.
Mrs. S. S. Graham entertained for the Bridge club last Tuesday. Bridge was played at two tables by the following members: Mesdames W. E. Campbell, R. W. Turner, G. V. Gansel, Bailey Jones, G. R. White, W. L. Hughes, Herbert L. Wood; and guest, Mrs. Rockwall Hoskins.
Mrs. Turner received the Red Cross dollar for high score.
The hostess served sherbet and cake.

Five-Forty Club.
The Five-Forty club was pleasantly entertained last Friday afternoon by Mrs. J. B. Wilkerson, the following members being in attendance: Mesdames C. P. Gray, H. R. Hodges, Roy Wilkerson, John F. Schaeg, S. H. Mayo, Ben Anderson, N. A. Collier, Oscar T. Doell, A. B. Cox, W. M. Bauhof, J. D. Branscum; Miss Nettie Bellamy. Guests were Mrs. Alice Smith of Dallas; Miss LaRue Bellamy.
Following the usual series of games the hostess served a salad course.
The club meets this afternoon with Mrs. Roy Wilkerson.

Recital at Rochelle.
Miss Nettie Bellamy presented her pupils in a recital at Rochelle last Friday night, practically the same program being given as was presented at Brady the week previous. Mrs.

Duke Mann and Mrs. G. V. Gansel were enabled to take their places on the program and their solos added greatly to the already enjoyable program presented in Brady. A large delegation of Brady folks drove to Rochelle to hear the recital and are unanimous in declaring the recital one of the best ever heard. A total of \$29.05 was realized, which will go to the Rochelle Red Cross auxiliary.

Five Hundred Club.
The members of the Five Hundred club met last Friday afternoon with Mrs. C. T. White and were entertained at three tables of "500." Present were Mesdames J. S. Anderson, J. G. McCall, C. D. Allen, G. C. Kirk, B. Simpson, W. E. Campbell, Wiley W. Walker, John Wall, G. R. White. The guests were Mrs. Bailey Jones, Miss Lucile Benham.
Mrs. G. R. White won high score, the prize being a Red Cross dollar. Refreshments were served.

To Cure a Cold in One Day.
Take LAXATIVE BROMO Quinine. It stops the Cough and Headache and works off the Cold. Druggists refund money if it fails to cure. E. W. GORRIS' signature on each box. 50c.

Old reliable Bill planters.

Two 10c package Soda, 15c.
A. R. Hooper.

CHAUTAUQUA IS NEXT MONTH'S GREAT FEATURE

Arrangements for the holding of the great chautauqua in Brady for five days—June 2 to June 6th inclusive—are now well under way, and to those who so enthusiastically endorsed and approved of the program offered last year, The Standard gives the assurance that the program this year leaves nothing to be desired. It is red-blooded, instructive and entertaining series of musical, lecture and reading numbers that will appeal to every patriotic citizen. The White and Myers chautauqua carries the endorsement of President Wilson and other high officials in the United States. In these times of sadness and gloom; of distress and of unhappiness—it gives the silver lining to the dark clouds of war and distress hanging over us. Some one has very aptly said that but for the naturally buoyant and cheerful spirits of the allied nations, its people would surely go insane with grief and worry. Just as the government recommends and encourages the sending of scrap books, jokes and comic pictures to the soldiers to keep them in good spirits, just so must the people back home—the home soldiers—keep their spirits refreshed that they may do a bigger day's work tomorrow than today.

For this reason we cannot help but add our enthusiastic endorsement to the chautauqua, which offers the highest class, the most select nature of entertainment to the people and offers it at a cost that is a comparative trifle.

The chautauqua will be held under the auspices of the Tuesday club. It was engaged here under the guarantee of thirty of Brady's foremost citizens. The ticket selling campaign will begin immediately and, every citizen is expected to buy tickets for himself and his family in order that the sum guaranteed may be made up without the guarantors having to bear a loss resulting from their praise worthy efforts at civil enterprise.
There will be five days of the chautauqua, and two numbers each day—one in the afternoon and one at night—making ten in all. The price of a season ticket is only \$2.50, or 25c per number. You will hear nationally famous lecturers, readers and entertainers of exceptional ability, splendid band and orchestra music. A. H. Connor, one of the war heroes, will tell of his 22 months' experience in the British army, of the great battles of the Marne, Calais, Ypres, Arras, and the Somme. He will bring the war home to you as it never was before. So don't hesitate to subscribe for tickets. Lend your assistance to this great civic enterprise and help make it the success it was a year ago—and an even greater one.

PERSONAL MENTION

Miss Rachel Walker is a guest here of friends.
Mrs. F. Y. Jackson and son left Monday for Pontotoc to visit home folks.
Mrs. W. H. Roark and baby, Modenia Ruth of Houston, is visiting Mr. Roark's sister, Mrs. J. F. Biggs.
S. A. Benham and daughter, Miss Lucile, left Tuesday for San Antonio, on a combined business and pleasure trip.
Mrs. Jim Matthews and son, Norton, are here from Peg Leg for a visit with her parents, Mr. and Mrs. A. Ogden.
Mrs. Alice Smith of Dallas arrived last week for a visit with her daughters, Mrs. Jas. T. Mann and Mrs. Oscar T. Doell.
Dr. Bell of Fort Worth was in the city Saturday and Sunday, while enroute to the medical convention at San Antonio.
Dr. and Mrs. J. S. Anderson left Monday for San Antonio, where they attended the meeting of the State Medical convention.
Mesdames S. A. Benham and Wiley W. Walker left yesterday for San Antonio to bring Mr. Benham and Miss Lucile home.
Miss Elisa Stiebel left Friday for

PARAGRAPHS

The Harry J. Spanell case has been reversed and remanded for a new trial by the court of criminal appeals. The case goes back to Coleman for another trial.

A deal involving the transfer of a 250 acre lease near the Mitchell well No. 1 on the Gray ranch, 16 miles northeast of Coleman, Texas, for \$129,000, was effected this week.

Final steps toward completion of legislation amending the selective service law was taken Monday by congress. A complete agreement was reached by senate and house conferees on the bill extending the law to youths attaining their majority since last June.

All German prisoners captured in France say that Field Marshal Von Hindenburg is dead, according to the London Daily Express. At the same time the name of Gen. Von Mackensen is brought into prominence as that of a great man who is to bring the Germans to victory. The Express assumes that the Hindenburg story is circulated to explain the failure of the great offensive.

The seventeen thousand manufacturers of Texas using sugar and who on May 15 will be required to use sugar only as issued under a ration system, were requested by Administrator Peck to make application, beginning May 13, to their county administrators for the application blanks setting forth the quantity required. The blanks for this purpose were sent all administrators Saturday.

Every citizen may act as a volunteer detective to assist government officers in ferreting out persons sus-

pected of disloyal actions, or utterances, says a statement issued Sunday by Attorney General Gregory. United State attorneys have been told to co-operate with newspapers in their districts so that the public notice can be of the nearest office of attorneys or the bureau of investigation to which citizens may refer information that they think may be valuable in running down suspicious persons.

Condemning in no uncertain terms the modern dance, Ft. Worth, Texas, ministers, representing the Baptists, Methodist, Christian and Presbyterian sects, at a meeting held there Saturday afternoon called on the city officials to close public dance halls; criticized the war service board for making the dance a part of the entertainment for soldiers and asked the Red Cross in furthering its campaign to refrain from using the dance to raise funds. Twenty-three pastors of Ft. Worth churches signed the resolution that was adopted without a dissenting voice.

RECORD WINTER WHEAT CROP IN 1918 IS FORECAST

Washington, D. C., May 8.—The department of agriculture today forecasts the winter wheat crop at 572,539,000 bushels, basing its estimate on the conditions existing May 1 and on a canvass of the acreage remaining to be harvested. With continued favorable conditions the crop will be one of the largest ever grown.

The acreage planted May 1st was 36,392,000 acres. The production of rye will be 82,629,000 bushels, based on a condition of 85.8 per cent of normal.

The wheat acreage on May 1 was 13.7 per cent less than the average planted last autumn. The condition of the crop was 84.6 per cent of normal, indicating an acre yield of approximately 15.7 bushels.

With an increased spring wheat acreage, which preliminary reports in-

Mrs. Osceola Pooler Will Head Company At Chautauqua.

Pleasing a Chautauqua audience is never an easy job, but Mrs. Osceola Pooler has been doing that for years with her inimitable readings and dramatic offerings.

There is no suggestion of the "eloquist" in Mrs. Pooler's style and manner. For a long time she has been considered one of the country's foremost entertainers and interpreters of literature, with a lot of wholesome jolly fun mixed in. She doesn't remind one of anybody else—she is simply "different," but newspapers from Maine to California seem to vie with one another in doing her honor with such terms as "star," "artist," and "genius."

Mrs. Pooler and her Company will supply the music and entertainment programs for the fourth day of Chautauqua.

dicating, and good growing conditions, it is not improbable that the government's plan for billion bushel wheat crop this year to help feed the allies may be realized.

About Rheumatism.
Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief, and make rest and sleep possible. It is called Chamberlain's Liniment.

The Quinine That Does Not Affect the Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

BEST IN THE LONG RUN

Backed by Bumper Mileage

4,178,744 Miles

GOODRICH TESTED TIRES

SAFETY—big and safe as a bank reserve—sure, as the tested surety of chemically tested food—proved, as the tested gold of the assayer's crucible—backs up Goodrich Tested Tires.

It lies in the bumper mileage, that harvest of 1,044,686 linear miles and 4,178,744 tire miles, piled up collectively in 1917 by the Goodrich Test Fleets. East, west, north, south, as the light and heavy cars of the famous Six Fleets mauled Goodrich Tires over city pavement and country road, and mileage multiplied mileage, the tires multiplied that surety with sensational mileage everywhere.

Goodrich's 1918 tires—the handsome, husky tires of generous masterful size any Goodrich dealer will show you—bore the brunt of that road warfare, and conquered America's roads the breadth of our land. How they measured up to Goodrich's confidence in them. Throughout the long, rough going, SILVERTOWN CORDS, and BLACK SAFETY TREADS fought the worst roads without a flinch.

Goodrich's tough, black tread rubber defied the gnawing of the road. The spiral-wrapped, cable-cord tire body took the pounding, and came back with more mileage.

The battle royal tire testing proved Goodrich's 1918 tires have all the virtues of Goodrich Tires and many new. It proved them the tires of durability and dependability for roads anywhere in America.

Get economy, comfort and security in tires wherever you motor by demanding the tires America's roads have tested out in 4,178,744 miles, and crowned "America's Tested Tires."

BRADY, TEXAS PHONE 10 LOCAL DEALERS

Have you ever lain in No Man's Land, with a shattered thigh and a throat that burned with thirst?

Has your wife ever begged for her children and for herself at the mess-kitchen of a soldiers' camp?

Has your little son ever torn his mother's heart with a plaintive cry, day after day, for food she couldn't give him?

Has your little daughter, clad in a ragged dress, her only dress, ever shivered night after night in the ruined cellar of what was once her home?

Has your city ever been destroyed—nay, powdered, bricks, stone, timbers and all so ground into the dust that one scarce knew where street ended and building began?

It is exactly such suffering that the Red Cross is organized, here and in Europe, to relieve.

The Red Cross asks for One Hundred Million Dollars as the least it needs to carry on this work.

Can you—dare you—refuse to give to this work—and give till the heart says stop?

Contributed to the Red Cross by
J. H. WHITE, Brady, Texas.

THE AGRICULTURAL CLUB RALLY DAY A BIG SUCCESS

The speakers for this rally came in from Menard on the evening train and were given a warm reception by the business men of the town. These business men had arranged a smoker-luncheon at the White cafe and at nine o'clock about twenty of the business men met the guests, Mr. L. W. Hill of Washington, and L. W. Hillam of College Station. About twenty minutes were spent in social chat; and then we were served to a nice lunch, sandwiches, ice tea, cream and cake. After the lunch, cigars were passed and then the visitors were called on to make speeches. Mr. Hillam was introduced and he spoke to us on the development of the Boys' club work at length. His talk was mixed with humor and enthusiasm as he explained the purpose of these organizations. Mr. Hill, who has charge of fifteen of the Southern states in the club work, was then introduced and he, with words of wisdom, gave timely counsel to all present regarding the development of the young men and women of the Great South. All present felt not only that they had been highly entertained, but realized that there was a superb and sublime purpose for every man and that he should do his utmost to fill that place. The county agent then made a full report of the work he had done and outlined the work for the year.

At ten o'clock Saturday morning about seventy-five people gathered at the Brady high school for the program as announced. The welcome address was delivered by Evans Adkins and he showed himself to be a man of well developed ideas regarding the possibility of the work of that is being done by the young people of the county to increase the productiveness of the soil. Mr. Adkins is a progressive man and does not hesitate to speak his sentiments.

Mr. Hillam was then introduced and he instructed the boys and girls along the lines of their club work. Many questions were asked and Mr. Hillam took delight in answering them. We all enjoyed the talk he made, and all realized that the work we are doing is a work that will live and grow.

Mr. Hill was then introduced and we all were given a rare treat by hearing a man who is a really big man discuss the club work from the standpoint of highest efficiency and service to one's country.

A few minutes were taken for lunch and then we all gathered on the court house lawn for a livestock judging contest and some games. Mr. Hillam conducted the judging of a dairy cow and a baby beef. The good and bad features alike were discussed and all present (about 200) learned some very important points regarding this work. This is a feature that we should give a great deal of attention to, for men are constantly called on in one way or another to

pass upon the desirability of certain animals for domestic use. No matter whether we live on the farm or in the towns it is worth very much indeed to be able to pass intelligently on livestock. If we are to buy a milk cow, we want one that will be a producer and not a boarder.

About ten minutes were given to some races and pig calling and rooster calling contests. The winners were given thrift stamps by the county agent.

We were highly honored also by the presence of two county agents from adjoining counties, Messrs. O. P. Griffin of Brownwood, and R. P. Elrod of San Saba. Also Norton and Roy Griffin of Brownwood. These men are live wires in the agricultural work and are doing a great work where they live. County agents from Coleman and Menard counties expected to be with us but were unavoidably kept away. We hope that they may all be able to be with us at the next meeting.

The Y. M. B. L. is to be thanked and highly commended for the active interest it took in these boys and girls. They took on themselves all the expense of this Rally day. They also bought tickets to the picture show for every boy and girl that came to the rally. At this picture show

fifty slides were run showing the agricultural work over the state. This was especially fine as it gave such good instruction through the vision. Then the regular picture was run and it was a real high class picture, too.

It was unanimously decided by the club members that we have another similar meeting. I wish to thank all who helped in any way to make this meeting a success.

B. D. BLACK,
County Agent.

Huns Next Blow at Amiens.
So say the daily dispatches. Do you know where Amiens is? In France, Belgium, near the coast, near Paris? You may know it is a railroad center—but with what important town is it connected by rail? When the Germans make a drive, do you know what the purpose of the drive is—to take Paris, or to take the coast? All this is very plain when you use our war atlas in your reading of the war events. Complete map of the war area where the fighting is and has been done. If the Germans start a drive in Italy you can likewise follow every move they make. This war atlas is only 50c, and everyone who has one will tell you it is worth the money. The Brady Standard.

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "loggy," headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pills, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

35 IN DRAFT MOVEMENT ON SAT., MAY 25

The local exemption board announces the movement of 35 men to training camps during a period of five days, beginning May 25th. The names of the men to form this draft have not yet been selected by the board.

Men sent to training camps recently and not heretofore reported, include the following: On May 2nd, Leonard Wilkerson, Melvin, to Fort Sam Houston as mechanic in the quartermaster's department. On May 15th, Arthur Bynum of Brady was entrained for state university, where he was entered as a student in mechanics. On May 20th, Edgar West of Placid will be entrained for Camp Meade, Maryland, as locomotive engineer.

On May 10th, Thomas Earl Smith of Melvin failed to report, and unless he voluntarily makes appearance before the board, serious consequences will follow his action. The papers have been placed in the hands of the sheriff and anyone having knowledge of the whereabouts of Smith is advised to give such information to the local board or to the sheriff.

The board advises that it has a call for men who can qualify as engineers, firemen, brakemen or conductors on railroads, or as stockmen and veterinarians; as boilermen and helpers, and as mule packers. These men are to be entrained June 1st, and anyone who can qualify in these positions will have exceptional opportunity to engage in his chosen line of work.

The board has instructions also to place all men at present in deferred classification in Class 1 if it can be shown that they are not regularly employed. It has also received instructions to comb the Questionnaires and take every man possible out of deferred classes and place them in Class 1.

We have a full line of valentine laces, —a different kind to what you generally see and a cheaper price.

A. R. Hooper.

Professional Modesty.

A well-known family physician in a Southern city in ante bellum days had for his coachman an old darky who, by reason of his position as doctor's assistant, was regarded as an authority on the health of the community.

One day, while waiting for his master, he was accosted by a passer-by who inquired who was dead in the adjoining block. The old darky straightened up, gazed intently in the direction indicated, and then, breaking into a broad smile, replied: "I don't know, sah; dat's none of our killin'!"—Harper's.

WOMEN IN COUNTRY ARE NOT REQUIRED TO REGISTER

Austin, Texas, May 6.—The attorney general's department has given out a construction of the woman's suffrage law in several particulars. It is held that the provision of the act requiring women who reside outside of cities and towns of 10,000 population and over to register as a qualification to participate in the 1918 primaries is unconstitutional and void.

This holding is predicated on Section 35, Article 3, of the constitution that requires the subject matter of a bill to be expressed in the title and that renders void any subject of a bill not expressed in the title. The title to this bill only mentions the purpose of the legislature to require registration of women who resided in cities of 10,000 and over. The body of the bill not only requires women who resided in such cities to register, but also requires all women residing in other precincts to register as a qualification to vote in the 1918 primaries. The opinion of the attorney general is that this portion of the bill requiring women residing out of such cities to register, not being mentioned in the caption but really being contradictory of and inconsistent with the caption, is void and that, therefore, the only women who are compelled to register under this law are those residing in cities and towns of 10,000 population and over.

The opinion further holds all women who possess the qualifications of an elector, except that they are not required to have poll tax receipt this year, may participate in the primary elections and conventions of the party to which they belong; that is, provided they register within 15 days prior to the day of the election. The following classes of persons are not permitted to vote, to-wit: Those under 21 years of age, idiots, lunatics,

paupers supported by the county, persons convicted of any felony except those restored to citizenship by pardon, soldiers, marines and seamen employed in the service of the army or navy. Therefore all women subject to none of the foregoing disqualifications who are citizens of the United States (native or naturalized) who shall have resided in the state twelve months next preceding the election, the last six months in the district or county in which they offer to vote, may participate in the primary elections and conventions of her political party that are held in the precinct of residence.

Women required to register shall present themselves in person at the tax collector's office in the county seat of the county and in her own hand writing fill out the blank necessary to secure their registration receipt.

If a woman should be unable to read and write the English language it will be impossible for her to register as this contingency is not provided for in the law. She is not authorized to delegate to another authority to fill out the necessary blanks.

Across the Seas They Call

Across the seas from every war-torn nation in the Allied cause there comes the call for Red Cross help.

It comes from soldiers who have grimly faced the gleaming bayonet steel and poison gas and screaming shells, and who now lie with parching throats and throbbing wounds.

It comes from soldiers sick with fever, pneumonia, tuberculosis.

It comes from soldiers crippled, mutilated, blinded, who can no longer fight and must be taught and trained for useful occupations.

It comes from the underfed, shivering, helpless prisoners in the German prison camps.

It comes from little children, orphaned, homeless, slowly starving day by day, by tens and tens of thousands.

It comes from mothers in the pillaged zones of war whose hearts and souls have been made numb with horror.

From all these millions of suffering human beings there comes across the seas the call for help—help that because of the frightful burdens placed upon our Allies **cannot be given unless it be provided by the American Red Cross.**

Another hundred million is needed to "carry on."

What will America's answer be?

(Continued from Page 1.)

in the residence. Mr. Henderson's garage was also demolished. Both flues on the Oscar T. Doell house were demolished and his garage blown down, and F. T. Fowler's barn was wrecked.

One of the John Schaeg rent houses in the west part of town was careened over, and some of A. T. Jordan's rent houses just west of Steelhammer's blacksmith shop were turned around and considerably damaged. Ed Lindeman's car was backed from his garage at the jail to directly in front of these houses just as though he had purposely stopped it there.

It is estimated some fifteen or twenty houses were blown off their blocks and much damage resulted to houses from wall paper ruined by water.

As a matter of fact, houses all about town suffered the loss of chimneys; garages and outbuildings were blown over or wrecked; trees were broken and damaged, and many a war garden was beaten into the earth as effectually as if some Hun invaders had marched over the land. The big rush of water washed sev-

COMMISSIONERS' COURT IN SESSION AS BOARD OF EQUALIZATION THIS WEEK

Commissioners' court met Monday in regular session and followed the usual routine of business. The election for county school trustees was canvassed and the results declared as follows: Dee Jeffers re-elected trustee-at-large; P. D. Jordan, re-elected trustee Precinct No. 3; M. D. Slaughter, re-elected trustee Precinct No. 2.

Wednesday the court met as a board of equalization and has since been busy with the tax rolls. It is expected they will continue in session until some time next week.

BUICKS, BUICKS, BUICKS—the car you can depend upon. Only a few not spoken for, and no telling when we will be able to get another carload. Brady Auto Company.

eral of the streets badly.

Some peculiar features of the storm were noted. An oil cloth was blown from off a table in the office of County Surveyor W. P. Doty, and after circulating through the hall finally was wrapped around the stove pipe in the room below. A piece of glass from one of the courthouse windows was driven several inches into the stone wall of the building and securely lodged there. The garage was blown off Wilbur Lee's place and the windshield of his car twisted and broken, but no other damage resulted. The wind sucked J. B. Nelms car out of his garage and blew it several hundred yards away into a field uninjured.

About the county much damage was experienced. The Methodist church at Melvin was wrecked and great damage was done in the south part of town. The house of John Swenson was moved some 50 or 60 feet and lodged up against the fence, without material damage. Mr. Swenson will raise it up and replace the blocks and let the house stand where it is. So smoothly was the house moved that a lamp setting on top a bucket was not overturned or disturbed in the slightest. The top of Mr. Swenson's garage was blown away, and his automobile was rolled out into the field. He relates that some Mexicans in that vicinity, following the wrecking of their houses, endeavored to find shelter elsewhere, and clothing was entirely stripped from a couple of the children by the fierce gale.

In the East Sweden community and east of Brady much damage also resulted. Carl Hanson's garage was blown away. The house of Walter Ake was moved some 6 or 8 feet, and turned crosswise over a plot of garden, being badly jammed in the moving, and windows, dishes, door locks and other things being broken. Mrs. Ake was obliged to carry her aged mother in her arms to a cellar to escape the fury of the storm. John Samuelson's house was completely blown away, and Mr. Samuelson was blown some 25 or 30 yards out into a cane patch while the hail storm was in progress, but suffered no severe injury. At Rochelle several dericks were damaged.

Several parties who were caught out in the hail storm showed bruised hands and other minor injuries from the effects of the heavy hail.

In the storm-swept district feed crops were ruined, and such cotton as was up was beaten into the earth. Replanting will be necessary.

On the edge of the storm, a very beneficial rain was had. At Lohn something like half an inch fell, and at Fife a very good rain was had. At Waldrip, however, no rain was had, and in the Pear Valley community none. Calf Creek and Nine had a very nice rain, and in the south part of the county the rain was beneficial.

CAVALRY TROOP MUSTERED IN AT SAN SABA TUES.

Sergeant Ed. J. Lindeman left last Tuesday for San Saba in charge of forty-nine recruits for the new Cavalry troop to be formed at San Saba, and the boys were mustered in at that place Tuesday afternoon and Wednesday. While the majority of the boys were from McCulloch county, there were a few of the number who hailed from Menard and Mason counties.

The success met with in recruiting here has been very gratifying to Sergeant Lindeman, and to Capt. W. A. Smith of San Saba as well. Together with the San Saba recruits, the company now has mustered into service 120 men. Although a troop is composed of but 105 men, Capt. Smith has received orders to continue recruiting, and it is presumed the surplus will be transferred to troops lacking in their full quota.

Following being mustered in, the boys have returned home, but will drill at stated periods until called into service.
