HAVE YOUR HALF SOLES SEWED ON

Your shoes will be more comfortable and will give you better service if you have your halfsoles sewed on. The soles will be more flexible, and it leaves the insoles smooth and free from nails.

Sewed soles are cheaper in the end as the nails ruin the insoles and break the inseam, causing the shoe to give out much sooner than they would if sewed.

We use only the best material and guarantee all our work. Let us do your repairing for you.

M'CULLOCH COUNTY CARRIES 2ND RED CROSS WAR FUND OVER TOP

EVERY DISTRICT IN COUNTY OVER - SUBSCRIBES, AND BRADY DOUBLES QUOTA-TOTAL APPROXIMATES \$11,000.00

Following a week of intense work upon the part of the various soliciting committees, acting in co-operation with local committees in each of the nineteen districts in the county, announcement was made last Saturday that McCulloch county was safely "over the top" with her quota of the Second Red Cross war fund. The efforts were not slackened, however, but the good work was carried on and every citizen was given opportunity and urged to contribute his share in this good work. The results show in the over-subscription of McCulloch county's \$7,500 quota by nearly 50 per cent, the more or less complete total so far running around

Too much cannot be said in praise! of the noble and self-sacrificing ef-forts of the various committees and WATERWORKS of the noble and self-sacrificing efof various individuals, who lent their time and efforts unstinted towards making for the success of the drive n McCulloch county. Their success has been their own reward.

The committees all report awakened and intelligent co-operation in practically every community. Since the drive was made last year, the Citizens of Brady will on June 8th citizens have awakened to the great work done by the Red Cross and there have the opportunity to witness a natural phenomenon which the present hands. CHAUTAUQUA OPENS SUNDAY 5-DAY PROGRAM

Miss Elizabeth Hancock, representing the White & Myers Chautauqua fees are paid at this office. Congressional sisting the local soliciting committees in the sale of tickets. The committees report very good progress in the sale of tickets so far, but are anxious Fees d to sell sufficient tickets to cover the The Brady Standard. \$750 guarantee. It must be under stood that all tickets sold before the opening of the chautaqua are credit-ed on this guarantee, while of those sold after the chautauqua opens, as well as of the individual admissions paid, only a per cent is credited to T. J. KING paid, only a per cent is credited to the guarantee. The citizens owe it as a patriotic duty to help the committee out by the purchase of season tickets, for it was none other than patriotism and loyalty to the town that prompted the committee to guarantee the chautauque for this year.

For \$2.00 the purchaser of a season ticket is entitled to admission to the entire ten numbers of the program, making each number cost only 20 cents apiece. These entertainments include such famous numbers as a presentation of "The Mikado," which, presented in opera and by the same company as will be seen in Brady, commanded prices of from \$2.50 to

\$5.00 a seat. Then there is the lecture of Alfred H. O'Connor, survivor of the Somme who lectures on his "Twenty-Two Months in the Trenches." In New York, in all the largest cities of the United States, O'Connor has spoken to capacity crowds. His is a most wonderful lectures. He describes the trenches, the firing of the guns, the charges—the entire bloody struggle so graphically, so realistically, that his audience can almost see the life and death struggle right before their eyes-and he couples his narrative with such a quaint humor that at even the most tragic of battle scenes, the audience smiles through its tears. And he tells how and why we are going to win the war-how and why the American boys in the trenches are profiting by the costly experiences of the French and the British. It is a lecture you will never forget. It brings the roar of the battle and the whine of the bullets home to you.

There are other numbers of excepional merit, but it will be found that each and every number possesses its own peculiar merit, and the varied numbers will appeal, each in its own way, to the audiences.

The Boileau Quaker Girls company which opens the program Sunday, will give a program that will appeal to all. This number will be modified so as to conform with the spirit of the day, and wherever shown has proven one of the most enjoyable numbers on the program.

The program on each of the five days, will comprise a musical number for the afternoon, and both a musical number and lecture, reading or interpretation at night. The entire program will be presented at the Methodist tabernacle, and season tickets will be sold up to the opening day of the chautaugua at \$2.00 for adults and \$1.00 for children.

His train companions tell that not only has he succeeded in saving \$600 in this manner, but he has gone further-he has loaned all his savings to Uncle Sam by purchasing War Savings stamps to the full amount of \$600. Nor has he stopped with this, for while his savings have never totaled enough at one time to enable him to purchase Liberty Loan bonds, yet he has found opportunity to contribute to the Red Cross. In fact, he has proven him-self a red-blooded, 100 per cent patriotic citizen in his own humble manner-which is as much as any man living could do.

about

Borrowing Brains and Buying Power

When you buy a season ticket to the Chautauqua you are borrowing brains and buying power. You are investing two dollars in what it has cost the men and women who bring it to you lifetimes of endeavor.

For Two Dollars you get the product of the organizing genius of Harry Davies, who brings to the Chautauqua the production of the world-famous comic opera MIKADO. You hear famous song-birds in the programs on which they have builded their fame. You get the product of the musical studies to which these musical artists have devoted their lives.

For Two Dollars you get the musical artistry of many others-Carmeliny's Old Colonial Band of musicians extraordinary-Boileau's Quaker Girls in pleasing and popular programs-The Osceola Pooler Company, established in musical worth.

For Two Dollars you get the entertainment artistry of Elma B. Smith, the exquisite mimic; of Mrs. Pooler, the reader and characterist; of the Boileaus, and the Davies Light Opera Company—to the development of whose programs years have been given.

For Two Dollars you get the use of the brain of Dr. Wassam who has devoured libraries that you may profit; the thrilling war story of Alfred H. O'Connor, a hero of the Great War; the inspiration of Dr. Herbert, who has seen life that he may interpret it for you; the finished oratory of J. G. Camp, the eloquent Georgian; the entertainment and joy of contact with the mind of Bone, the poet; and the patriotic inspiration from all of

It would take you months to absorb the information you'll get in five days at the Chautauqua; it would take a visit to the metropolitan centers to get the music; it would take more than the price of a season ticket to enjoy the entertainment.

And its all yours for Two Dollars. For a few cents a session (for your season ticket is good for the ten sessions of the Chautauqua) you can Borrow Brains and Buy Power.

Do it Today. Get That Season Ticket!

Save Till it Hurts

WHY?

BECAUSE—The United States is at war.

BECAUSE-The only safe road to Peace is Victory.

BECAUSE-Soldiers and sailors cannot win unless the entire American people-every man, woman and child refrains from everything not absolutely necessary to health and efficiency, and thus releases labor for the production of materials of war and the support of our army and navy.

BECAUSE-Every pair of shoes, every suit of clothes, every hat, every suit of underwear, etc., not necessary, used by us at home, means one less pair of shoes, one less uniform, one less overcoat, one less muffler for our boys who are fighting to make our homes safe.

BECAUSE-U. S. Bonds, War Savings Stamps and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes-every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equiping our army and navy it has a double force—first it ceases to aid the enemy and second it is fighting for us in behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

BECAUSE-You should not let another day go by until you have actually given up some real thing-for your country -"until it hurts."

The United States Government Offers You the Opportunity to Save and Serve

You can buy a United States Thrift Stamp for 25 cents. A card is furnished you on which to paste it. Sixteen of these, plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate—this is 4% compounded quarterly when the Stamps are held till January 1, 1923. A simple and secure investment—yielding a good income on your money. When you do this, you become an actively loyal American citizen-one who is saving lives by saving money.

Begin Now! Enlist Your Dollars in Your Country's Service

about

Borrowing Brains and Buying Power

When you buy a season ticket to the Chautauqua you are borrowing brains and buying power. You are investing two dollars in what it has cost the men and women who bring it to you lifetimes of endeavor.

For Two Dollars you get the product of the organizing genius of Harry Davies, who brings to the Chautauqua the production of the world-famous comic opera MIKADO. You hear famous song-birds in the programs on which they have builded their fame. You get the product of the musical studies to which these musical artists have devoted their lives.

For Two Dollars you get the musical artistry of many others-Carmeliny's Old Colonial Band of musicians extraordinary-Boileau's Quaker Girls in pleasing and popular programs-The Osceola Pooler Company, established in musical worth.

For Two Dollars you get the entertainment artistry of Elma B. Smith, the exquisite mimic; of Mrs. Pooler, the reader and characterist; of the Boileaus, and the Davies Light Opera Company—to the development of whose programs years have been given.

For Two Dollars you get the use of the brain of Dr. Wassam who has devoured libraries that you may profit; the thrilling war story of Alfred H. O'Connor, a hero of the Great War; the inspiration of Dr. Herbert, who has seen life that he may interpret it for you; the finished oratory of J. G. Camp, the eloquent Georgian; the entertainment and joy of contact with the mind of Bone, the poet; and the patriotic inspiration from all of

It would take you months to absorb the information you'll get in five days at the Chautauqua; it would take a visit to the metropolitan centers to get the music; it would take more than the price of a season ticket to enjoy the entertainment.

And its all yours for Two Dollars. For a few cents a session (for your season ticket is good for the ten sessions of the Chautauqua) you can Borrow Brains and Buy Power.

Do it Today. Get That Season Ticket!

Save Till it Hurts

WHY?

BECAUSE-The United States is at war.

BECAUSE-The only safe road to Peace is Victory.

BECAUSE-Soldiers and sailors cannot win unless the entire American people-every man, woman and child refrains from everything not absolutely necessary to health and efficiency, and thus releases labor for the production of materials of war and the support of our army and navy.

BECAUSE-Every pair of shoes, every suit of clothes, every hat, every suit of underwear, etc., not necessary, used by us at home, means one less pair of shoes, one less uniform, one less overcoat, one less muffler for our boys who are fighting to make our homes safe.

BECAUSE-U. S. Bonds, War Savings Stamps and U. S. Thrift Stamps must be purchased by the people from money saved from their incomes—every dollar spent for an unnecessary thing is a force for evil. When that dollar buys labor and materials for equiping our army and navy it has a double force-first it ceases to aid the enemy and second it is fighting for us in behalf of mankind. Be sure that your pennies, nickels, dimes, quarters and dollars are enlisted in the cause of your country. An idle dollar is a SLACKER dollar, but a dollar wasted in war time is a TRAITOR dollar.

BECAUSE-You should not let another day go by until you have actually given up some real thing-for your country -"until it hurts."

The United States Government Offers You the Opportunity to Save and Serve

You can buy a United States Thrift Stamp for 25 cents. A card is furnished you on which to paste it. Sixteen of these, plus a few cents cash will buy a War Savings Stamp. On January 1, 1923, the United States Government will pay you \$5.00 for each stamp pasted on a War Savings Certificate—this is 4% compounded quarterly when the Stamps are held till January 1, 1923. A simple and secure investment—yielding a good income on your money. When you do this, you become an actively loyal American citizen—one who is saving lives by saving money.

GEORGE F. KING SOON TO DRILL WELL IN COUNTY

Announcement is made this week that George F. King, who came here a couple weeks ago from Denver, will soon commence drilling operations in the county. Mr. King has acquired some of the most de-sirable lease tracts in the county, and will drill on one of the biggest structures. He was not yet ready to make uncement of the location of his

well, but expects to have everything in shape within a week or so.

Messrs. C. A. Bowen and Thad O. Day arrived on Thursday of last week.

Mr. Bowen is owner of the lease on the Heal Dutton treat county. the Hall-Dutton tract, eight miles north of town, while Mr. Day has the drilling contract for the well, Both gentlemen will remain here until the is completed or oil sands are struck, and will push the work with

all possible speed.

This well is still being spudded in very hard rock, and progress has been delayed while the drillers straightened out a crook in the well. Drilling is proceeded night and day, however and it is hoped that the next week or ten days will bring some import-

Mann Sons are nearing completion, and G. R. White has offered the loan of a gasoline engine to enable the filling of the tanks as a protection against the high winds. C. S. Thomas, who contracted this well, is at present up north endeavoring to rush the balance of his equipment.

At Rochelle the Southwestern Petroleum Co., are experiencing added difficulties in their well on the Crew tract, one mile south of Rochelle. The second packer, which was set the latter part of last week under the per sonal supervision of the general manager of the company, failed to hold and the latter left Sunday for Tulsa, Okla., to see if another packer could be secured. He was expected to return yesterday. The Great Eastern Oil Co., had the misfortune to break

merous showings of oil; and the indications are said to be highly favorable. Burford & Brimm are also continuing the drilling on their well on the change is acknowledged to the price from \$6.00 to \$17.50. Don't forget that the next meeting of the sheep and goat growers is to be next Saturday at 2:30 o'clock p. m. Every member of this organization needs to be present at this meeting the J. F.
