GRAND JURY BILLS SEVEN-3 FELONY 4 MISDEMEANORS

The grand jury last week returned seven indictments—three for felonies and four for misdemeanors. Only one indictment, a felony charge, has so far been given out, that of Ellen Nunn, colored, charged with burglary. She is accused of stealing a sack of chops from the city, and concealing the same on her premises.

The grand jury also recommended that the commissioners court do something to relieve the drouth-stricken citizens of the county.

In district court, the following cases were disposed of:

A Cohen vs. H. P. Roddie & Co., suit for damages; verdict for defendant. New trial granted.
J. Q. Triplett vs. G. C. & S. F. Ry. Co., et al, damages; judgment for the plaintiff against the Hartford Fire Insurance Co. This was a case growing out of the burning of 30 bales of cotton at Pasche a couple years ago, the fire being presumed to have originated from an engine spark. The award totaled \$1,716.17.

Dora Enix vs. E. W. Enix, divorce; granted.

Ava Myers vs. Adolph Myers, divorce; granted.

District court was adjourned Friday for the balance of the term following receipt of a wire from Major John C. Townes, Jr., requesting such action in order to allow all lawyers to assist the registrants in making out their Questionnaires.

The next term of the court will be held in February.

PRAIRIE RIG ENROUTE—EISER TO SHIP OUT AT ONCE

A carload of machinery for the Prairie Oil & Gas Co. is now enroute to Brady, having been shipped out of Muskogee, Okla., on the 17th inst. This shipment, without question, will complete the equipping of the first rig, and will enable the starting of operations on the Zelle tract in the course of the next week or two.

A. W. Cooper, of the Liberty Petroleum Co., has a fishing job on hand in his well, having broken off a bit last Friday. All efforts to hang the lost tool have so far been unsuccessful.

Bowen-Day have successfully set 500 feet of casing, and have cut off two stratas of water. They are drilling steadily on night and day shift, and are in shale at present.

M. W. Eiser has wired from Kansas that he is negotiating the purchase of a rig for his contract in the West Sweden community, and will ship out immediately.

G. A. Rudolph is down about 200 feet with his shallow well at Lohn and is expecting to strike oil sands at any time now.

The Shultz well near Paint Rock in Concho county is down 1355 ft., which compares with the log of the old well at 1410 ft. D. F. Savage writes that they expected to strike the cap rock any day now and drill into the oil sands.

Visitors at the Russell well state a good showing of oil was struck at 1805 feet, but it was decided to continue drilling, and last Monday a flow of gas was struck, estimated at 1½ million cubic feet.

The Thomas well at Whiteland is making good progress now, working both day and night shifts. So thoroughly are Drillers Becker and Tait convinced that oil will be struck in the well that they have acquired leases on a number of Whiteland town lots. Brady parties are also reported to have caught the fever and have acquired leases on several lots in that townsite.

Nothing of interest concerning the other wells in McCulloch county has been learned this week.

CAPT. CLEVELAND SAMMONS HAS CHARGE OF "BAD MAN" AT CAMP IN FORT WORTH

The Fort Worth Star-Telegram had the following item of interest concerning Captain Cleveland Sammons, Brady boy, now commanding the detention camp at Fort Worth. The item was printed in last Wednesday's issue:

"Capt. Cleveland Sammons, commanding the detention camp, has received a 'bad man' as a recruit with orders to make a good soldier out of him. The 'bad man' was arrested as a draft deserter in Dallas, where he faced charges of murder, robbery and other crimes, and in his signed statement says he wouldn't have been caught except that he was asleep."

"Captain Sammons intends to hold a review Wednesday of all recruits he has on hand. There are about 1,000 still unassigned. After the negro troops have been here two weeks, Sammons intends to review them also."

George D. Markley Dead.

Mrs. Frank Wilhelm has the sympathy of all her friends in the loss of her father, George D. Markley, who died last Friday evening at 7:00 o'clock at McKinney, where he had been the past several weeks for treatment. Death was caused by cancer.

Mr. Markley was quite well known to Brady citizens having made his home here with his daughter, and also spending part of the time with relatives at Cherokee.

The body was shipped to Cherokee, where funeral services were held Sunday.

WAR RELIC TRAIN BRADY MON., OCT. 7TH AT 7:45 P. M.

Brady will be visited on Monday, October 7th, by the famous war relic train, which will begin touring the western part of the state on September 28th, simultaneously with the opening of the Fourth Liberty Loan campaign. The train will consist of one automobile car, two flat cars and one sleeper car. Several speakers will be on the train, and a squad of men who understand all the details of the relics exhibited and who will explain them.

Among the relics on exhibit will be a French gun—the famous 75s—a machine gun and German trench mortars. Also the largest shells used in modern warfare—14-inch shells that weigh 1,520 pounds, and that stand more than four feet high. They are convertible shells and may be used for either armor-piercing purposes or to scatter shrapnel. Then there will be depth bombs used by submarine chasers to destroy the submarines after they have submerged.

The train will come in over the Santa Fe from San Saba, and will go out over the Frisco towards Brownwood on the following schedule:

October 7th—
San Saba 4:30 p. m.
Richland Springs 6:00 p. m.
Brady 7:45 p. m.
(Brady over night, leave 9:00 a. m.)
October 8th—
Rochelle 9:30 a. m.
Mercury 10:30 a. m.
Brownwood 12:15 p. m.

REGISTRANTS IN McCULLOCH COUNTY NOW TOTAL 923. ADD TWO SINCE LAST REPORT

The total number of registrants in McCulloch county has been swelled to 923, two more names having been added since last week's report. The additional registrants are twin brothers, as follows:

923. Wallace August Deering, Lohn, 924. Walter William Deering, Lohn.

The fact that the total number of registrants is apparently 924, is for the reason, as explained last week, that one boy registered twice. However the registration numbers will remain the same as given out, and the adjutant general will decide which of the two numbers shall be applied to the registrant who registered twice.

G. A. Wright Dead.

The death of G. A. Wright, well-known and highly esteemed citizen of McCulloch county, occurred Monday morning at Fort Worth, following an illness of only about thirty minutes. Death is attributed to heart failure. The body was shipped to Brady, and funeral services were held Tuesday afternoon, interment being made in Marion cemetery.

Mr. Wright, at the time of death, was 69 years old. He had lived in McCulloch county, in the Waldrip community since 1891, having engaged in farming the greater part of his life. For the past eight years he has been retired. He was a member of the Cumberland Presbyterian church and was a noble, upright citizen whose loss is sincerely mourned.

Mr. Wright had been living in Fort Worth since June 6th, making his home with his son. His widow, who survives, is also in Fort Worth, but was too ill to come here for the funeral. Deceased is also survived by five sons, Richard of Tucson, Ariz., Oscar of Garden City, B. S. and Norris of Fort Worth, and George, now in France; and one daughter, Mrs. E. B. Bray of Waldrip. His brother, Rev. J. B. Wright of Waldrip also survives.

A. W. WOOD HOME DESTROYED BY FIRE MONDAY

Fire, originating from an oil stove completely destroyed the home of A. W. Woods in the east part of town at about 9:30 o'clock Monday morning. Mrs. Wood, son and daughter, were at home at the time, but the fire spread with the rapidity of lightning, the stove having evidently exploded scattering burning oil everywhere. As a result but a few articles of wearing apparel, a couple of mattresses and one or two pieces of furniture were saved from the flames.

The fire boys responded to the alarm, but the residence was so far

consumed that only the chemical hose was laid, being used to save the windmill tower and adjoining fences and outbuildings.

The house was a substantial frame dwelling with seven rooms, three porches and a hall, and its loss is a heavy blow to Mr. Wood. Insurance in the sum of \$1,000 was carried on the house and \$400 was carried on the contents.

Don't delay getting protection from fire until it is too late. Insure today! Better be safe than sorry. Let us write your policy. Anderson & Carrithers.

SOCIAL NOTES

Bates-Smith.

McCulloch county friends of Mr. O. F. Bates have learned with surprise and pleasure of his marriage on Sept 17th, to Mrs. Irene Smith, the ceremony having taken place at Mertzon, Irion county, the home of the bride. The ceremony was performed by Rev. G. T. Gibbons at the Methodist parsonage in Mertzon.

Mr. Bates returned last Saturday to Brady with his bride, and they are now comfortably domiciled in the J. A. Bevans' home in the south part of town, where they are at home to their friends.

Mr. Bates has been located here the past several months while engaged in superintending the work of tick eradication in the county, and by his genial disposition and affable manners has made friends everywhere. His bride will be heartily received by the citizens of Brady, who are pleased to number Mr. and Mrs. Bates as Brady residents.

Five Hundred Club.

Mrs. Dick Winters entertained on last Friday afternoon for members and guest of the Five Hundred club. A series of "500" was enjoyed at three tables, the Red Cross prize going to Mrs. C. T. White for high score.

Refreshments of ice cream and cake were served.

Members present were Mesdames J. S. Anderson, C. D. Allen, F. R. Wulff, J. S. Wall, Wiley W. Walker, C. T. White, Ed Campbell, G. C. Kirk, G. R. White; Miss Lucile Benham. Guests were Mrs. Fred Ellis of Menard, Miss Sarah Johanson.

The club meets with Miss Benham this afternoon.

W. M. S.

The Mission Study class of the Woman's Missionary society met Monday afternoon with Mrs. Donnell as teacher. Mrs. Joe White conducted the Bible study. Our mission study which is on Africa, has been very interesting. The next lesson will be the last chapter in the book.

The first Monday in October will be a combined program and social meeting. The study for the afternoon is "Fruits of the Years in Brazil."

The hostesses are Mesdames Wm. C. Jones, Tom Donnell, H. P. Roddie and Henry Miller.

The following is a report of the Woman's auxiliary of the M. E. church, which was given to Rev. J. M. Perry, who held the fourth quarterly conference session Sunday night:

Number members enrolled.....	36
Amount dues paid in.....	\$88.75
Amount of pledge paid in.....	52.25
Amount in Treasury (Including W. S. S.).....	47.24
Amount expended on local charity.....	51.17
Amount expended on local work.....	24.20
Amount expended on local Orphanage.....	55.00

Total amount raised during the year ending Sept. 30, 1918. \$319.61
 The auxiliary has one Mission Study class and a Bible Study class. There is a Young People's society of 15 members that is doing good work. Three delegates attended the annual conference of the W. M. S. at San Antonio.

Our society is doing very good work. The members are interested in the Centenary movement.

Mrs. Jas. T. Mann, President.
 Mrs. R. O. Wilkerson, Secy.

Bridge Club.

Mrs. G. V. Gansel was hostess Tuesday afternoon to the members and

guests of the Bridge club, three tables of "Bridge" furnishing diversion.

Members present were Mesdames G. R. White, F. R. Wulff, C. T. White, Herbert L. Wood, W. L. Hughes, W. R. Davidson, W. D. Crothers, S. S. Graham, W. E. Campbell. Guests were Mesdames J. B. Wilkerson, J. S. Anderson, Thad O. Day.

Mrs. Wood received the Red Cross dollar for high score.

The hostess served cake and an ice. Mrs. Graham has the club on next Tuesday.

THE TEXAS OIL FIELDS

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest—

HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and KANSAS PETROLEUM FIELDS, from which to draw. The COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCOANUTS of the TROPICS—HER GREAT SHIP CHANNEL furishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. Her SHIP CHANNELS PUTS her IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTERPRISE and CAPITAL, to make of it THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS, LANDS TO DRILL, PRODUCING OIL PROPERTIES, PRODUCTION, ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and do not want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL THE MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS in YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see a BUSINESS POSSIBILITY FOR YOU, in this ad., suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.

DETROIT WOMAN'S LONG SEARCH HAS BEEN REWARDED.

In the Years She Suffered Nothing Relieved Her Until She Took Tanlac—Five in Family Praising It.

"When my wife showed a gain of six pounds on her first bottle of Tanlac, another member of my family started taking it and now there are five Tanlac boosters at my house," said Will Prentiss, who lives at 135 Porter Place, Detroit, Michigan.

"For several years," he continued, "my wife suffered terribly from stomach trouble of the worst kind. She had no appetite and what little she forced herself to eat, formed gas that kept her constantly belching up sour, undigested bits of food and made her miserable night and day. Her head ached most of the time, she was too nervous to sleep well at night and felt tired and worn out in the morning.

After trying many other preparations searching for something to relieve her, I finally got a bottle of Tanlac and she is like a different person already. She is entirely relieved of that gas trouble, her headaches and nervousness are gone and she sleeps like a babe all night. She says she feels better than she has in a long time, and she sure looks it." Tanlac is sold in Brady by Jones Drug Co.

A. B. CARRITHERS, INDUCTED AS LIMITED SERVICE MAN, SECRETARY LOCAL BOARD

A. B. Carrithers returned last Friday from Austin, where he had gone to take the examination for the position of secretary of the local exemption board, and where he was inducted as special service man, receiving his vaccination, inoculation and being issued his uniform.
Mr. Carrithers will assume his duties as clerk to the local board next Saturday, L. S. Adams, at present clerk, having resigned to take up his duties as instructor in the Melvin school, which opens Monday.

STACY HAPPENINGS

Dr. M. Mannering Leaves to Locate at McAllen Until Better Times. Stacy, Texas, Sept. 23rd.

Editor Brady Standard: A light shower of rain fell over our community Wednesday night. Very little benefit will be derived from this shower. Some parts of Coleman county report over an inch of rainfall.

George White and Mr. Hutchins, stockmen from Orange, Texas, have been the guests of Miller Hammons and Lester Cox this week.

Mr. and Mrs. Johnnie Burrow were down from San Angelo Sunday as guests of Rev. J. M. Burrow and family.

Miss Elva Hammons left last week for Floydada, where she will enter school.

A good showing of oil was reported in the Russell well near Leaday, which is about two miles from the Day wells. The well on the Day ranch had to be reset on account of being a crook in the well and losing some casing, but steady work is now continued night and day.

Dr. M. Mannering leaves this week for McAllen, Texas, where he goes to practice as a physician until conditions in our community change. Owing to the continued drouth and so many people leaving this country, the doctor thinks there is not enough people left here for him to stay. However, he says "when the rains come and the oil wells begin to flow" and the community begins to settle up again, he will come back here to make his home.

Mrs. Mina Montgomery and two children arrived here this week to begin preparations for school, which will begin October 7th. Mrs. Montgomery will act as principal and Mrs. Jessie Hinds as assistant.

Miss Bessie Ray left for her home at Melvin after a week's visit with Mr. and Mrs. Lome Clemens.

M. Harrison and son, Johnnie, of Junction were in our community Sunday spending a few hours with relatives while on their way home from the west.

Chamberlain's Cough Remedy. This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes, "I have raised three children. We have always used Chamberlain's Cough Remedy and found it to be the best for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

BRADY GIRL VOLUNTEERS AS YEOMAN—FIRST FROM THIS SECTION TO OFFER SERVICE

Miss Gertrude Priddy, daughter of Mr. and Mrs. A. J. Priddy, returned Monday from Houston, where she successfully passed an examination for service in the navy as yeoman. Miss Priddy volunteered some two weeks ago, following her having completed a business and stenographic course at Nixon-Clay college at Austin. Miss Priddy not only has the honor of being the first Brady lady to volunteer in this service, but the class of eight with whom she volunteered at Austin, were the first volunteers from that city.

With eight others, Miss Priddy is now awaiting call. She expects to go first to Washington, and then to Philadelphia. Included in the eight volunteers was Mrs. Deats of Llano, who, although married and having a 6-year old boy, is ready to serve her country. Mrs. Deats is a cousin of Mrs. H. J. Huffman of this city, and also of Mrs. Firman Jackson, now of Houston. Her husband also expects to volunteer, and their boy will be left in the care of its grandmother during the period of the service of Mr. and Mrs. Deats.

The period of enlistment is for four years, or for the duration of the war.

Fowler McShan Writes from France That He Is Anxious to Get Back. Brady, Texas, Sept. 24th.

Editor Brady Standard: We are certainly having some cool weather.

Bro. Burk preached for us at the school house Sunday afternoon.

Mrs. B. D. Dillard has been right sick the past week.

Mrs. J. Newton and Miss Helen visited at Mrs. McShan's Saturday night and Sunday.

Gus Robinet and family visited relatives at Stacy from Thursday to Sunday.

Jess Shaver and family spent the day at Mr. Will Fullager's Sunday.

Dr. and Mrs. J. P. Barton and Misses Lorena Wood and May Barton attended church and Sunday school at Cow Gap Sunday afternoon.

Misses Willa Mae and Olive Dillard came out Sunday eve to see their mother. Willa Mae stayed until Tuesday.

N. C. McShan received a letter from his brother, Fowler, who is in France, stating he was well and happy, but was anxious to get through over there and get back home. He says the people there drink very little water, as there were large fields of grape and they made so much wine, but it wasn't as good as the wine we get here.

CALF CREEK NEWS

Many Folks Gone Now and Calf Creek News is Dull Says Writer. Calf Creek, Texas, Sept. 23rd.

Editor Brady Standard: As I was absent last week, I will try to put in a few lines if some of you better writers will move over and give me space.

We have been having some real cool weather. Seems like winter time.

Our school is moving on nicely. All the children are pleased with their teachers: Misses Nettie Sallee and Ada Young and Augusta Eubank.

Berlin Tucker is visiting home folks and friends a few days, and we are always so glad to have Mr. Berlin in our midst.

Mr. and Mrs. Tom Bingham visited at the E. L. Bridge home Sunday.

Mr. and Mrs. Garner spent Sunday at Nine with Mr. and Mrs. Spivey.

Enick Spivey was a pleasant visitor at Calf Creek Sunday.

Most of the people are trying to pick out what few pounds of cotton they had to gather.

Mommal Wright has been on the sick list for a few days, but is much better at this writing.

Little Artie Mae Wood has been real sick, but is improving now.

Eula Garner spent the day with Bernice Bridge Sunday.

Ervin Ewing was a pleasant caller at the Tucker home Sunday.

We are having a real good prayer meeting and Sunday school now. Everybody is invited to come and help carry on the good work.

Eula Garner took supper with Miss Bula Bridge Sunday night.

Miss Lilly Lee is staying with Mrs. Robert Lee while her husband is away. As my letter is getting rather long, will leave space for some one else.

What's the Latest in Batteries?

Battery improvements are every-day affairs. Important improvements come only once or twice in a decade. Experts agree that the most important battery improvement in years is the perfection of Threaded Rubber Insulation by Willard—the invention that indefinitely postpones the need of battery insulation.

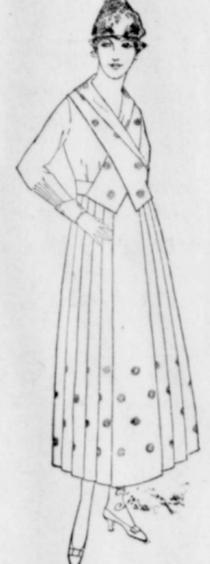

We carry a full stock of Bone Dry Batteries—every one as brand new as the day it left the factory. You're protected against delay in getting a battery—and against getting one that isn't in every sense brand new.

Ask for a copy of the booklet "196,000 Little Threads." It tells the story of this remarkable battery.

IN RHEIMS

You may walk down the street in which there is hardly a single house that has not been shelled by the Germans, and yet you will see pasted on the walls of the ruined houses posters advertising the French War Loan.

An American visitor exclaimed to a French officer recently, "Do you expect to get money out of Rheims?"

The officer raised his eyebrows. "Why not," he said, "There are some four thousand people here."

Four thousand people out of a pre-war population of, say, 120,000, still live in that tragic and crucified town. Four thousand civilians---old men, women, and children---still cling to the broken stones that once housed their peaceful lives; still go clacking in their wooden shoes through those ruined streets; still maintain the shreds of business with the soldiers, who are practically their only customers. Not even the thunders of continuous bombardment, not even the crumbling of the roofs over their heads, can shake them out of that habit of thrift which is the saving grace of France. War has only intensified that virtue, as the destruction of their beloved cathedral has intensified their spiritual faith.

The people of Rheims live, save, and subscribe to their War Loan.

STILL THEY COME.

The Standard last week received a new and revised price list from the wholesale house supplying us with printing paper, but until this week did not have time to digest the contents, and the revisions, which, these days, are of an unvarying upward trend.

By comparison with the list issued about eight weeks ago, the new prices show the following: News paper has scored an advance of 20%; high class bond papers an advance of 10% to 12 1/2%; medium priced bonds, 10%; rag stock, 8 1/3% to 10%; envelopes, 5%; cardboards, 10%, and inks of all kinds, 10%.

Were these the first advances on paper and inks, the increase might not be specially noteworthy, but with increase on top of increase for something like a dozen times in the past 12 or 18 months, there is no alternative for the printer who expects to stay in business, but to raise his prices and increase his subscription rates.

THE HOMESTEAD LAW.

The homestead law should be held inviolable and the money-mud-trenchers and political shysters should be given to understand they will not be permitted to rob women and children of the benefits of this beneficent statute. Like all good laws the homestead law is sometimes abused by dishonest people, but this is also true of other protective laws. Religion is many times used as a cloak to cover acts of some of the greatest rascals the world has produced, but no sane person would do away with it because it is thus abused—better do away with the rascals who take advantage of its usefulness. The homestead law is the families best protection and also shields the honest creditor who understands its provisions. Those who have been sufficiently industrious and economical to own a home will be honest enough not to incur debts that they cannot pay.—Farm and Ranch.

The San Angelo Standard announces that on October 16, 1918, it will advance the subscription price of the weekly edition from \$1.00 to \$2.00 per year. The Standard in announcing the increase says: "The price of paper, ink, labor and all material needed to publish The Standard has increased to such an extent that to continue publication under the present subscription rates would be impossible. Again, the Government War Tax, increased postal rates, and the conservation orders of the War Industries Board, have caused an additional expense that must be met."

HERE'S LOOKING AT YOU.

Commenting upon the news item that the editor of The Standard was entertaining twin girls, Editor Billings of the Menard Messenger let his thoughts wander from the orphan asylum long enough to remark: "We extend congratulations and take back everything we ever said about that Brady creek water."

That's the right spirit, Billings. Come on over—and drink hearty.

The San Saba News last week reported that "Rev. G. W. Light of that city would report to Camp Taylor, Ky., for training as a Chaplain in the army." What kind of a Chaplain, please? A Charlie Chaplin?

ONE ON US.

The Standard editor, during one of his memory lapses, last week gravely announced the convening of district court with the wrong judge on the bench. Instead of saying the Judge Woodward presided, we said it was Judge Goodwin. As J. P. Sheridan aptly put it, "It was a 'Good-win' on the editor."

Swellings of the flesh caused by inflammation, cold, fractures of the bone, toothache, neuralgia or rheumatism can be relieved by applying BALLARD'S SNOW LINIMENT. It should be well rubbed in over the part affected. Its great healing and penetrating power eases the pain, reduces swelling and restores natural conditions. Price 25c, 50c and \$1.00 per bottle. Sold by Central Drug Store.

Daughter Dead.

The many McCulloch county friends of George F. King will sympathize with him deeply in the loss of his 13-year old daughter, whose death occurred Sunday morning at Mercy hospital in Denver, Colo. The young lady had only recently suffered an attack of appendicitis, but her case was not considered serious, and it was thought an operation would result in a speedy recovery. The first intimation of the seriousness of her condition was contained in a message Sunday morning which stated that she was very low, and within thirty minutes a second message conveyed the information of her passing away.

Mr. King was carried to Brownwood in a car by Messrs. D. F. and Jack Savage Sunday afternoon, from which point he continued his sad trip to Denver by rail.

LOCAL BRIEFS

C. C. Reynolds of Rochelle has ordered his Standard sent to Sonora, where he is now located on a cattle ranch.

C. W. Jacobson and A. T. Eklund returned Sunday night to Sherman, where they are employed on a bridge gang, having spent Sunday with home folks in the county. They stated they hoped soon to be transferred nearer home when there is work that calls for a bridge gang out in this section.

A letter received by Wiley W. Walker from his brother, Ed Walker, states that he is on his way to some Atlantic port, presumably for embarkation on an overseas trip. The letter was mailed at Bowling Green, Ky. Ed has been stationed at Camp MacArthur, Waco, the past several months.

Lee Roberts, who had been a guest of his parents, Mrs. and Mrs. W. J. Roberts, and his brothers here while enjoying a furlough, returned Sunday night to Indian Head, Maryland. Mr. Roberts is a member of the marines, and is the proud possessor of a sharpshooter's badge, testifying to his ability as a marksman.

Rev. J. M. Perry, presiding elder of the San Angelo district, was in Brady Sunday, and occupied the pulpit at the Methodist church Sunday night, and also held the last quarterly conference. From here Rev. Perry went to Eden to arrange the affairs of the church, whose pastor had just been called into the new fields of the Great Beyond.

A letter received by Mrs. B. Ogden from her son, Joe, stated that he was well and enjoying himself very much. The letter was the first received by Mrs. Ogden in a number of weeks, and brought grateful relief from the suspense she had suffered since the Americans went into action. Joe wrote that he was on the Swiss border, and he described the country there as being the most beautiful he had ever seen.

A cablegram received by J. H. White, announced the safe arrival overseas of his son, Lt. Billie White. Lt. White has been instructor at Kelley Field, near San Antonio, and upon his last visit home a month or two ago, expressed the opinion that he would soon be transferred for overseas duty. He is an expert aviator and is credited with having piloted to Brady the first and only aeroplane that has ever visited here.

Edd Bryson is nursing a badly scorched face this week, having had a narrow escape from being badly burned last Saturday. He was using a pear-burner, and was attempting to make some repairs on it while it was still hot, when it caught fire and exploded. Edd fortunately was partly turned away from the instrument and so caught only a passing blast of the flames, from which his hat and coat shielded him to a great extent. While the injuries are quite painful, he nevertheless feels fortunate they were not more serious.

Surveyor W. P. Doty is in receipt of a letter from the Interstate Commerce commission stating they are in urgent need of men to assist in the valuation of the railroads. These valuation crews will work in Texas and Oklahoma during the winter months, and in the north during the summer. The pay ranges from \$50 to \$120 per month with board and transportation furnished. Any who are interested in this work can obtain further details from Mr. Doty or by applying to the Interstate Commerce commission direct.

Word has been received here from Robert White stating that he had received an appointment as Second Lieutenant in the regular army, and had for the new school year beginning September 18th, and had been honored by being given the rank of First Lieutenant of the A. & M. Cadet corps. During the summer he had been an instructor in the Student Army Training Corps camp at Fort Sheridan, Ill., and it is evident that his ability shown at this camp has been recognized and appreciated by army officials and has resulted in his appointment to the office in the regular army.

the Aransas section, where they have been the past several months picking cotton. Mr. Murphy reports a remarkable cotton crop there, and thinks the average yield will be about three fourths of a bale to the acre. The first rain had on this cotton was last April, and while the stalks did not grow very tall, yet the plants are heavily fruited. \$1.25 per 100 lbs. was the price prevailing for picking. On the return trip, Mr. Murphy says, they encountered all sorts of rain and mud beyond Fredericksburg, and he says the farmers in that section have some fine fields of fall grain, having planted immediately after the rain had there some weeks ago. The rain he says extended right up to the other side of the river.

John Irvine King and Stewart Harkrider, who have been in special training at Camp Mabry the past four weeks, were home for a short visit here the first of the week. The state legislature appropriated \$20,000 for a Students' Army Training corps at Camp Mabry, and there were about 300 in training there. The officers in command were some who had seen service on the Mexican border, and King stated they were sure "hard-boiled." The boys left Wednesday for the State University, where they will be instructors. They will live in barracks, will draw regular soldier's pay, \$30 per month, and will be provided board and uniform. Something like 1,000 students are expected to enroll in State University, and their instructors will be chosen from the number who received their training with King and Harkrider at Camp Mabry.

Judge John E. Brown is enjoying a visit from his brother, Ensign Perry T. Brown, who is enjoying a 30-day furlough, the first in five years of service in Uncle Sam's navy. Ensign Brown completed his four-year enlistment in the naval service on Jan. 4th, 1916, and thereupon enrolled in the college at Commerce to finish his education. When the war broke out, however, he could not resist the temptation, and accordingly re-enlisted, and, at present, is on the naval reserve. During his first enlistment he

was stationed in the Pacific ocean, and visited the Hawaiian Islands, Honolulu, and many other points of interest. At the time of the Vera Cruz incident in Mexico, he was stationed on the Western coast of Old Mexico, where an outbreak against the United States was momentarily expected. He re-enlisted at San Francisco, and after being stationed for a while in the Pacific, his ship was sent through the Panama canal to Haiti, where he helped quell the incipient trouble brewing there. Before again taking up his duties at sea, he will go to Annapolis, Md., for sixteen weeks training at the naval college there.

Editor Brady Standard:

We are certainly having some cool weather.

Bro. Burk preached for us at the school house Sunday afternoon.

Mrs. B. D. Dillard has been right sick the past week.

Mrs. J. Newton and Miss Helen visited at Mrs. McShan's Saturday night and Sunday.

Gus Robinet and family visited relatives at Stacy from Thursday to Sunday.

Jess Shaver and family spent the day at Mr. Will Fullager's Sunday.

Dr. and Mrs. J. P. Barton and Misses Lorena Wood and May Barton attended church and Sunday school at Cow Gap Sunday afternoon.

Misses Willa Mae and Olive Dillard came out Sunday eve to see their mother. Willa Mae stayed until Tuesday.

N. C. McShan received a letter from his brother, Fowler, who is in France, stating he was well and happy, but was anxious to get through over there and get back home. He says the people there drink very little water, as there were large fields of grape and they made so much wine, but it wasn't as good as the wine we get here.

CALF CREEK NEWS

Many Folks Gone Now and Calf Creek News is Dull Says Writer. Calf Creek, Texas, Sept. 23rd.

Editor Brady Standard: As I was absent last week, I will try to put in a few lines if some of you better writers will move over and give me space.

We have been having some real cool weather. Seems like winter time. Our school is moving on nicely. All the children are pleased with their teachers: Misses Mettie Sallee and Ada Young and Augusta Eubank.

Berlin Tucker is visiting home folks and friends a few days, and we are always so glad to have Mr. Berlin in our midst.

Mr. and Mrs. Tom Bingham visited at the E. L. Bridge home Sunday.

Mr. and Mrs. Garner spent Sunday at Nine with Mr. and Mrs. Spivey.

Enick Spivey was a pleasant visitor at Calf Creek Sunday.

Most of the people are trying to pick out what few pounds of cotton they had to gather.

Momah Wright has been on the sick list for a few days, but is much better at this writing.

Little Artie Mae Wood has been real sick, but is improving now.

Eula Garner spent the day with Bernice Bridge Sunday.

Ervin Ewing was a pleasant caller at the Tucker home Sunday.

We are having a real good prayer meeting and Sunday school now. Everybody is invited to come and help carry on the good work.

Eula Garner took supper with Miss Bula Bridge Sunday night.

Miss Lilly Lee is staying with Mrs. Robert Lee while her husband is away.

As my letter is getting rather long, will leave space for some one else.

What's the Latest in Batteries?

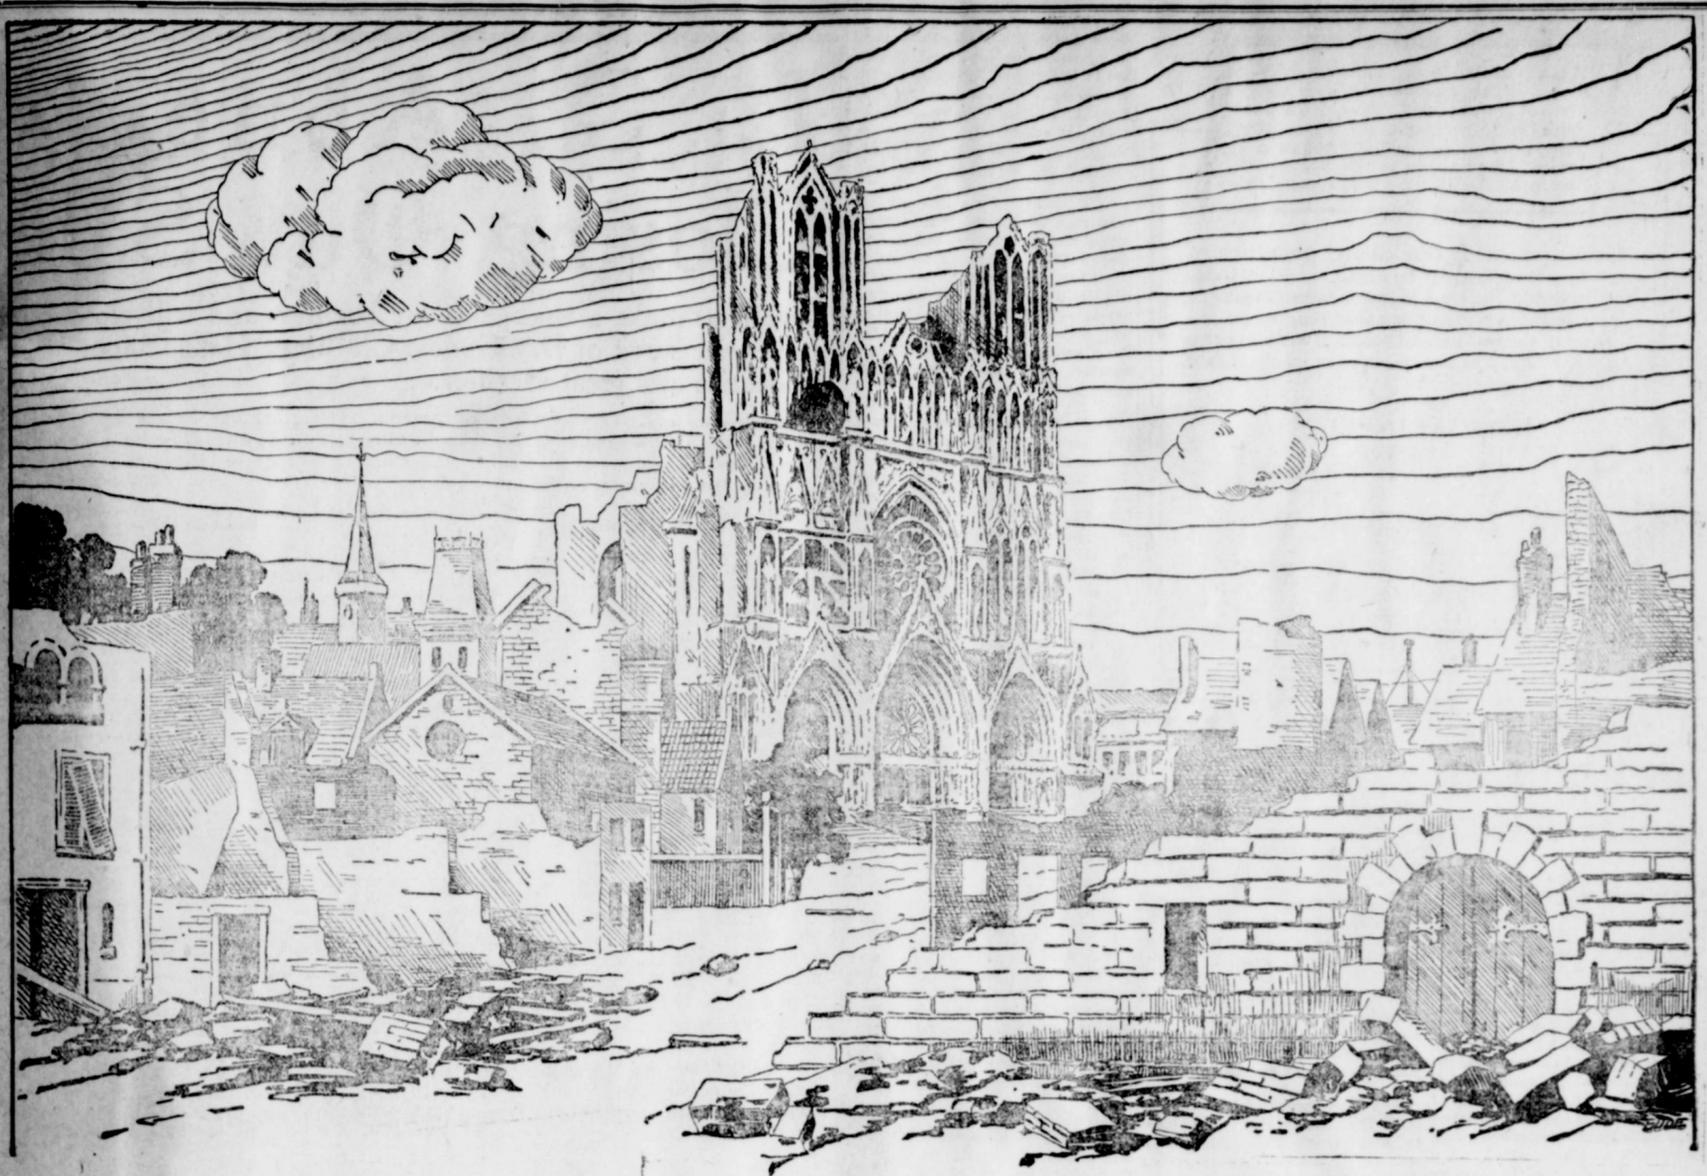

Battery improvements are every-day affairs. Important improvements come only once or twice in a decade. Experts agree that the most important battery improvement in years is the perfection of Threaded Rubber Insulation by Willard—the invention that indefinitely postpones the need of battery insulation.

We carry a full stock of Bone Dry Batteries—every one as brand new as the day it left the factory. You're protected against delay in getting a battery—and against getting one that isn't in every sense brand new.

Ask for a copy of the booklet "196,000 Little Threads." It tells the story of this remarkable battery.

IN RHEIMS

You may walk down the street in which there is hardly a single house that has not been shelled by the Germans, and yet you will see pasted on the walls of the ruined houses posters advertising the French War Loan.

An American visitor exclaimed to a French officer recently, "Do you expect to get money out of Rheims?"

The officer raised his eyebrows. "Why not," he said, "There are some four thousand people here."

Four thousand people out of a pre-war population of, say, 120,000, still live in that tragic and crucified town. Four thousand civilians---old men, women, and children---still cling to the broken stones that once housed their peaceful lives; still go clacking in their wooden shoes through those ruined streets; still maintain the shreds of business with the soldiers, who are practically their only customers. Not even the thunders of continuous bombardment, not even the crumbling of the roofs over their heads, can shake them out of that habit of thrift which is the saving grace of France. War has only intensified that virtue, as the destruction of their beloved cathedral has intensified their spiritual faith.

The people of Rheims live, save, and subscribe to their War Loan.

QUESTIONNAIRES ALL MAILED OUT LAST TUESDAY

Although the local board had ten days in which to complete the mailing out of the 443 Questionnaires, the task, begun last Thursday, was completed last Tuesday. The board was expected to mail out ten percent of the total number of Questionnaires going to registrants between the ages of 19 and 36, each day, but was privileged to mail as many more each day as it desired. In order to get the task completed at the earliest possible moment, L. S. Adams, clerk of the board had all the Questionnaires in the mails by Tuesday evening, and, according to requirements, all should be back in the hands of the board by Friday, October 4th.

LOCAL BRIEFS

J. F. Brock, one of Brady's former citizens, writes to order The Standard sent to Farmersville, where he and his family are now located.

Miss Ola Tabor has ordered The Standard sent her brother, Robert K. Tabor, who is in military training at the University of Texas at Austin.

R. F. Shield, formerly of Lohn, but who, for the past couple years has been living at Millersview, is now located at Rankin, Texas, to which place he orders his Standard sent.

Miss Elsie Cornils of Lohn has ordered The Standard sent to her brother, Wagoner B. A. Cornils, who is with Co. E, 315th Engineers, of the American Expeditionary force in France.

E. B. Bray of Lohn, while here last week serving as a grand juror, ordered The Standard sent to Chief Mechanic George A. Wright, who is with Battery D, 133rd F. A., 36th Division of the Advance School dept., American Expeditionary force in France.

Grand-dad June Coepender says it isn't the style for the stork to deliver baby boys in Dallas, and the new arrival we chronicled last week at the home of his daughter, Mrs. W. F. Petree in Dallas was not a boy, but a mighty sweet young lady. The little Miss arrived on Tuesday, September 17th.

Lee Miers writes from Sugarland that he and his family are located at that place for the present, and simply can't do without The Standard. Lee has been there a month or more, working in a mattress factory, and says there is plenty work at Sugarland. However, they expect to come back to Old McCulloch whenever it rains sufficiently to make a crop.

Word has been received by home folks from Fred Spiller, who has ar-

rived safely in France. Fred stated in his letter that he was not permitted to write much, but added the following significant and cheering statement: "I'll be home pretty soon—you many not believe it, but it's the truth!" Fred also added to be sure and send him The Brady Standard.

O. T. Baird and son returned last week from the Corpus Christi section, where they went to pick cotton. Although the first rain had there was on April 6th, that country has made a fine crop. However, the water did not agree with Mr. Baird, as well as with several other members of the party, and he decided to return. His daughter, Miss Laura, is visiting relatives at St. Paul.

Beginning next Monday the Brady high school will open the morning session at 8:30 o'clock, and will continue until 4:00 o'clock, with a 30-minute intermission for noon. This, according to Supt. W. L. Hughes, will give 60-minute periods instead of 45 as heretofore. The new rule affect all but the 7th grade, which will meet for the first morning session at 9:30 o'clock.

A card from Lieutenant Sam Borschow states that he received his commission as Second Lieutenant September 12th, and has been detailed to the Raritan Arsenal at Metuchen, N. J. Lt. Borschow has been located at Camp Travis since having entered the service over a year ago, and his many friends will be pleased to learn of the progress and advancement he has made.

A letter from A. W. Tipton states that he and his family have landed safely in Farmersville, and that he is doing fine in his new business, he being in charge of O. D. Mann & Sons' branch hardware store at that place. He also reports his son, Henry, as having enrolled in Baylor university in the students' reserve. Mr. Tipton has received a letter from Major John C. Townes, Jr., adjutant general, commending very highly his services as a member of the local exemption board.

The local board Monday inducted into general service Bunyan Everett Cooper, who was entrained for Camp Travis. Cooper was technically a deserter, having failed to report for service some months ago, and search had been made all over Texas for him. Cooper disclosed his whereabouts by writing from Midlothian, stating that he had not heard from the local board in some time in reply to his inquiries as to calls for service. He was at once instructed to report forthwith for service.

E. A. Marshall last Saturday presented The Standard office with a sample of his garden grown okra—stalk and all. The plant resembled a young tree, being about 7 ft. tall, and with a wide spread of branches. At that, Mr. Marshall said he cut out the center limbs to keep the plant from growing out of sight. Mr. Marshall has owned the place where he now lives, three miles east and a little north of Lohn, for the past twelve years, and during nearly all of this time, he has had to haul his water. A year or more ago, he tried his hand at digging a well, and much to his pleasure and relief, struck a fine flow at 15 ft. This well now not only furnishes him with an abundance of water, but enables him to do some irrigating, which accounts for the excellence of the products he raises.

JUDGE FOR YOURSELF.

Which is Better—Try an Experiment or Profit by a Brady Citizen's Experience.

Something new is an experiment. Must be proved to be as represented.

The statement of a manufacturer is not convincing proof of merit. But the endorsement of a friend is. Now supposing you had a bad back. A lame, weak, or aching one. Would you experiment on it? You will read of many so-called cures.

Endorsed by strangers from far-away places. It's different when the endorsement comes from home.

Easy to prove local testimony. Read this Brady case:

B. Strickland says: "I can highly recommend Doan's Kidney Pills, as they have always given me satisfactory results. I was often down with my back and suffered severely. I have found that Doan's Kidney Pills relieve the trouble right away. I always keep them on hand and use them as needed."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Strickland had. Foster Millburn Co., Mfgs. Buffalo, N. Y.

SERVICE FLAG DEDICATION AT WEST SWEDEN CHURCH FOR FOUR MEMBERS IN ARMY

The Standard has been furnished an account of the services held at the West Sweden church Sunday, August 25th, at which a service flag with four stars was dedicated. The dedication services were in charge of Rev. H. J. Sandstrom, and the flag, made by Mrs. C. V. Gustafson, was presented by the Ladies Aid society to the West Sweden church with appropriate ceremonies by Rev. Sandstrom.

The four stars represented the following members now in the service of Uncle Sam:

- Arthur Lyckman,
- Emil Nelson,
- Edward Helge,
- James Rice.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.
