### WILSON CALLS UPON U. S. FOR GRATEFUL VICTORY THANKSGIVING

Washington, Nov. 18.—President Wilson in a proclamation yesterday designated Thursday, Nov. 28, as Thanksgiving and said this year the American people have special and moving cause to be grateful and rejoice. Complete victory, he said, has brought not only peace but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations."

The proclamation follows:  
"Thanksgiving, 1918.  
"By the President of the United States of America.

"A Proclamation:  
"It has long been our custom to turn in the Autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has in His good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right.

"Complete victory has brought us not peace alone, but the confident promise of a new day as well in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or strained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us in which

our hearts take new courage and look forward with new hope to new and greater duties. While we render thanks for these things let us not forget to seek the divine guidance in the performance of those duties and divine mercy and forgiveness for all errors of act or purpose and pray that in all that we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among nations. Therefore, I Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 28th, day of November next, as a day of thanksgiving and prayer and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the Ruler of Nations.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia, this 16th day of November, in the year of Our Lord, 1918, and of the Independence of the United States of America the 143d.

"WOODROW WILSON,  
"By the President,  
"ROBERT LANSING,  
"Secretary of State."

Horses Suffering From Spanish Colic. Some Dying.

Editor Brady Standard:  
Fredonia, Texas, November 19th.  
Jack frost visited this country last night. He left his foot print in some places, but on account of the light night he was unable to do much harm. Our small grain is growing very fast and with the season we have we expect great things.

The horses here are suffering from Spanish colic. Some are dying. Miss Lillian Hill returned to her school at Fly Gap Sunday.

Mrs. Jennie Hall is visiting in our community.

Miss Flora Brown visited at the Williams' home today.

#### CALF CREEK NEWS.

Three Deaths the Past Week—Two Were Influenza Victims.

Calf Creek, Texas, Nov. 18.

Editor Brady Standard:

We are still having more rain here. We are still having the "Flu" here.

Mrs. Hattie Lee, the daughter of Mr. and Mrs. O. W. Duncan passed away to the world beyond last Thursday eve and interment was made in the Calf Creek cemetery Friday evening at four o'clock. Her husband is just able to be up from the influenza also Mr. Jim Lee is able to be up and about now from the "Flu."

Mrs. Ethel Lee died last Tuesday morning at ten o'clock and interment was made at the Rochelle cemetery.

Mr. and Mrs. Harvey Lee's little two months old baby died last Wednesday night, but I do not know the cause of its death, but it wasn't the "Flu."

All the rest of the Influenza cases are doing very well, but none of them able to be up yet.

Mr. and Mrs. Carroll Gray have been real sick with the "Flu."

Mrs. Childers' family is doing very well.

Little Artie May Wood is some better.

Our school has still discontinued and if there is any more new cases around I don't guess school will start until after Christmas.

I hope that the "Flu" will be done with this part of the country when these patients get well.

The Type Used in One Year to Publish Endorsements of Doan's Kidney Pills.

Of the many kidney remedies on the market today none other is recommended like Doan's Kidney Pills. Fifty thousand benefited people gladly testify in the newspapers of their own towns. Fourty-five hundred American newspapers publish this home proof of Doan's merit. The type used in one year to tell this wonderful story would make a solid column of metal twice as high as the world's highest mountain. Placed end to end the lines of type would reach from New York to Chicago. These miles of good words told by 50,000 tongues sound glad tidings to any Brady sufferer who wants relief from kidney and bladder ills. Here's a Brady case. Don't experiment. Use the remedy endorsed by people you know.

W. McShan, lawyer, says:

"Doan's Kidney Pills have been very beneficial to me. I have used them at different times when in need of them, and they have always relieved my back and strengthened my kidneys."

#### Tit for Tat.

He lived in Scotland, and naturally hated to spend money. Therefore, when a friend in England sent him an unstamped letter he was very annoyed at having to pay two cents postage. He was still more annoyed on opening the letter to find nothing in it save a single sheet, saying: "I am well.—George."

In return he procured a large flat stone, and after having packed it in a wooden box, with many wrappings, dispatched it, C. O. D.

When his friend paid more than a dollar charges he sought an explanation, and found it in a letter at the

top of the package: "Dear George: When I heard that you were well this great load rolled off my mind!"—Tit-Bits.

## WONDER WORDS.

Wonder, Or., November 3d.

Editor Brady Standard:

I want to tell you something— Maybe some of you McCulloch county folks think you are the only ones who get rained on; but you are not. At last the drouth is Southern Oregon is broken.

For more than 24 hours it has been pouring down—and maybe you don't think a rain at this time of the year isn't cold. But it is—almost like ice.

What do you think? I haven't heard of a single instance this fall of a man being shot for a deer. One of my neighbors said he had seen in the papers accounts of three persons in the state being shot for deer. A few years ago there were 32 men killed for deer during the open season. Of course, most of these reckless fellows are in France shooting at bigger game now.

The deer this fall are very fat. There is a good crop of acorns; the first good crop of them I have ever known during my eighteen years here.

I introduced an innovation in the commercial world by putting an ad in our county papers which read like this: "Here, you small boy, help win Wonder Store, at 3c a pound." The the war by picking up acorns for the acorns here are about the size of pecans; mostly black oak and white oak, tho' there are some live oak and chinquapin and tan oak and a kind of shrub oak. You have no idea how many boys and girls gathered acorns while the schools were suspended on account of the "flu." I had to stop buying, they brought me so many.

I figured that every pound of acorns fed to hogs would save that many pounds of grain to be used for bread, and at the same time produce many pounds of 40c to 50c bacon, and 50c lard; and I am told that most of the boys and girls buy thrift stamps with the money I pay them. So if that is not helping Uncle Sam to win the war, I don't know why.

## TROUBLE COST HIM \$2,500 HE DECLARES

**Birmingham Man Threw Away Money for Seven Years but Got no Relief Until He Took Tanlac He Says**

"I was unable to do a lick of work for four years, but Tanlac has made me as well and strong as I ever was in my life and I can do as big a day's work as anybody," said W. A. Spitzer, an employe of the Tennessee Coal, Iron and Railway Company, residing at 6707 Georgia Avenue, Birmingham Alabama.

"About seven years ago, I began having attacks of acute indigestion. I would swell up with gas until I could hardly breathe and my pulse ran down so I was afraid my heart would stop beating. My kidneys gave me no end of trouble and for four years I never saw a day that I was free from misery. I got so weak I could hardly stand and was just about done for. I reckon I have spent all of \$2500. dollars in the past six or seven years on medicines and advice, but nothing helped me.

"Well, sir, Tanlac just put me on my feet in a hurry. I can eat just anything I want now without any sign of indigestion. I am almost ashamed to eat enough to satisfy myself. I haven't a pain about me, and sleep so sound they have to wake me in the morning. I have gained twenty-one pounds, and now weigh more than I ever did."

Tanlac is sold in Brady by Jones Drug Co.

### About Croup.

If your children are subject to croup, or if you have reason to fear their being attacked by that disease, you should procure a bottle of Chamberlain's Cough Remedy and study the directions for use, so that in case of an attack you will know exactly what course to pursue. This is a favorite and very successful remedy for croup, and it is important that you observe the directions carefully.

## ONE "D" THING AFTER ANOTHER

The war is over, the drouth broken, the flu epidemic run its course and now we have to have a republican house and senate at Washington.—Menard Messenger.

## HEAVEN, HELL AND HOME

In behalf of our Brady friends we want to deny that persistent rumor that the kaiser is to be interned on a McCulloch county farm.—Menard Messenger.

The kaiser interned in McCulloch county would be as near Heaven as he could ever expect to get. If the kaiser is ready to be punished, how would it do to exile him to Menard each day just one minute after the last saloon had closed.

## FOR MENARD'SACHE

For a number of years the Cottonwood saloon received one of the Brady papers paying its subscription every year with a quart of Old Forester whiskey. When prohibition went into effect their paper was cut off "poco pronto." Out of respect for our old friend Schwenker's feelings we won't mention which Brady paper it was.—Menard Messenger.

The only use we ever had for whiskey was as a cure for snake bites—and for similar medicinal purposes. Since prohibition went into effect, we have not had a single ill, and the only ache we have had was from the Menard saloon-keeper whose subscription was stopped.

# TEACHERS' CONSOLIDATED INSTITUTE DEC. 16-20

County Superintendent W. M. Deans is this week mailing out the programs for the Mid-Texas Teachers' Consolidated Institute, to be held in Brady the week of December 16 to 20th. This institute will be a consolidation of the teachers' institutes of San Saba, Mason, Menard Concho and McCulloch counties.

Mr. Deans has been successful in arranging a splendid program for the institute, among the lecturers and instructors being men of statewide and national fame. Among others are Dr. W. S. Sutton, dean of the department of education at the University of Texas, Austin; Hon. F. M. Bralley, president of the College of Industrial Arts, Denton; Dr. J. C. Hardy, president Baylor college, Belton; Supt. Ernest Keeling, of the Rochelle Public Schools; Supt. W. N. Ellis, County Superintendent of San Saba county; Hon. D. W. Hume, War Savings department, Dallas; Miss Jessie Stone, Emergency District Home Demonstration agent, College Station; Miss Mary Adaline Lamb, West Texas State Normal college, Canyon.

Mr. Deans requests that all who may desire, or who will be enabled to take either roomers or boarders during the institute to please advise him as to the number they can accommodate, and also whether they prefer lady or gentlemen. By getting this information to Mr. Deans at the earliest possible moment, he will be enabled to make advance arrangements for the several hundred teachers who will be our guests during the institute.

## Greatly Benefited by Chamberlain's Tablets.

"I am thankful for the good I have received by using Chamberlain's Tablets. About two years ago when I began taking them I was suffering a great deal from distress after eating, and from headache and a tired, languid feeling due to indigestion and a torpid liver. Chamberlain's Tablets corrected these disorders in a short time, and since taking two bottles of them my health has been good." writes Mrs. M. P. Harwood, Auburn, N. Y.

# McCULLOCH CO.'S WAR WORK FUND TOTALS \$6,500.00

McCulloch county's contribution to the United War Work fund will reach a total of about \$6,500. This is short of our quota by \$1,000, but this was unavoidable. Chairman C. H. Vincent during the past three weeks has given almost his entire time to the campaign, and in his efforts he was ably seconded by the members of the various committees appointed by him. The circumstances that attended the campaign were such that made the work extremely difficult. The Fourth Liberty Loan campaign had closed only a few weeks previous. A number of citizens had given all they could spare during the last Red Cross drive. In the rural district there were many who were unable to give a cent and who were, in fact, in need of funds to carry out their agricultural plans. Then the epidemic of influenza prevented the holding of public gatherings, which would have aroused a latent enthusiasm in many. To top it all, came the news of peace, which to some meant the stopping of every effort in the way of war work, even though it was generally recognized that the war work of these societies and organizations was now more important than ever.

In view of all this, it may be said with candor that the campaign was successful beyond expectations, and much credit is due Chairman Vincent and his loyal assistants for the splendid work done.

## SHERIFF'S SALE.

The State of Texas, County of McCulloch;

Notice is hereby given that by virtue of a certain order of sale issued out of the Honorable District Court of McCulloch county, Texas, on the 16th day of October, A. D. 1918, by P. A. Campbell, clerk of said court, for the sum of one thousand, eight hundred ten and 60-100 (\$1,810.60) Dollars, with interest thereon from September 20, 1918, at the rate of 10% per annum, and cost of suit, under a judgment in favor of J. C. Jones in a certain cause in said court, No. 1687, and styled J. C. Jones vs. E. E. Reynolds, et al, placed in my hands for service, I, J. C. Wall, as sheriff of McCulloch county, Texas, did on the 16th day of October, 1918, levy on certain real estate situate in McCulloch county, Texas, described as follows, to-wit: A part of J. C. Callison, Jr., Survey No. 16, Abstract No. 1831, patented to D. H. Campbell by Patent No. 161, Vol. 19, being lots numbers 11 and 12 in Block No. 3, Jones Addition to the town of Brady, Texas, and the maps of the city of Brady now in general use are here referred to and made part hereof for description. Said property being situate in the central portion of McCulloch county, and containing 35-100 acres, more or less, and levied upon as the property of E. E. Reynolds and M. L. Stallings, and that on the first Tuesday in December, 1918, the same being the 3rd day of said month, at the court house door of McCulloch county, in the city of Brady, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said order of sale, I will sell above described real estate at public vendue, for cash, to the highest bidder, as the property of said E. E. Reynolds and M. L. Stallings.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Brady Standard, a newspaper published in McCulloch county, Texas.

LOCAL BRIEFS

Mr. and Mrs. W. I. Myers are receiving congratulations over the arrival of a fine boy last Sunday night. Mother and babe are doing fine, and Will is trying his best to look natural when his friends speak of him as "Papa" Myers.

Mr. and Mrs. Joe Myers are the happy parents of a fine boy, which arrived at their home Monday morning. Joe says it was high time Germany stopped fighting, as he will soon have two soldier boys to give to his Uncle Sam.

An election will be held on next Saturday November 23rd, for the purpose of electing an alderman to fill the unexpired term of A. W. Tipton, resigned. The name of V. R. Jones has been placed in nomination, and is the only name appearing on the official ballot.

Monday morning was about the nearest to frosting that we have had in McCulloch county; in fact, there was a very light frost in parts of the county, and some little ice is reported in places. On the whole, however, everything looks as green and as pretty as in the spring of the year. Oats is growing wonderfully and is already of inestimable value to all owners of live stock, who are using it for grazing.

Gus Shropshire returned last Saturday from Camp MacArthur, where he was a member of the Central Officers Training school. Gus established a record in several ways. He was the last man to be entrained upon draft order by the local board, and he was in service just four days before the 3rd battalion, of which he was a member, was demobilized. Gus says that about a thousand men were affected at this camp by the demobilization order.

Gordon Stewart was here Wednesday as a guest of his sister, Mrs. B. A. Hallum and family, having just returned from Fort Worth, where he marketed four carloads of cattle. Gordon says everything looks good out in the Sonora country now, they having had a 3 1/2 inch rain, followed by a one inch rain, a week or two ago. With another rain in about 30 days, Gordon says the range will be fine and pasturage will be had sufficient to carry the cattle through the winter. In fact, out of 2200 head of cattle he expected to have to feed only about 50 head.

The city this week completed and opened for traffic the block on Commerce street running east from the square to the postoffice block. While the street has been blocked for the past six weeks or more by reason of the large amount of work necessary, as well as the delays incident to the big rains and lack of material, yet the results obtained have been worth the inconvenience many times over, since this block may now be classed as a model thoroughfare. The city's next efforts in street work will be put forth to repair some of the damage done by the heavy rains.

W. D. Walker was in from the Marion community, near Waldrip, Wednesday, and gave his official sanction to our report that the drouth in McCulloch county was broken. He said he had been in the county 41 years, and had never seen so much water fall at one time. He said the pumper for the Prairie well on the Zelle tract was completely surrounded by the flood that swept down, and was in his wife and four children, the youngest not yet seven years old, had to climb up in a tree to escape the rising water. They were rescued at about 11 o'clock at night, when the high water receded.

Mr. and Mrs. Jesse Ballou returned last Friday from Rosedale, New Mexico, and Mrs. Ballou expects to remain here during the winter. Mr. Ballou has just made a successful recovery from an attack of influenza, which he had in New Mexico. Fearing the development of the disease into pneumonia, he left at once for El Paso, where he remained while convalescing. He states his portion of New Mexico, the northwestern part, is still as dry as ever, and the cattle are about as poor as they can be. Mr. Ballou has not stocked his ranch, and, of course, will not until conditions improve.

Messrs. J. E. Wiley, Elton Noble and Dr. Taylor of San Saba, Claude Allen and Mr. McCarty of San Angelo, composed a party of hunters who visited the wildest sections of West Texas the past week or two, going down as far as the Mexican border. Mr. Wiley returned Monday morning, and reported that they had bagged four deer on the trip. He states that while near the border they heard shoot-

ing and a great uproar, and thought the Mexicans had broken out on a raid. Later they learned from a ranchman that the noise was occasioned by the celebration of the signing of the armistice. Mr. Wiley brought back a curiosity in the form of a cane, being a stalk of dried cactus, which he picked up on Elephant mountain—a mountain four miles in elevation. He says that while coming in early Monday morning they saw frost that looked an inch thick, all the way from Ozona to this side of Menard.

PERSONAL MENTION

J. R. Lovelace is spending a few days visiting his family here.

Iru and Aaron Bray of Waldrip were business visitors in Brady Tuesday.

Miss Alma McKnight of Marlin, who is teaching school in the primary department here, is quite ill, and her mother and sister from Marlin are here to be with her.

W. C. Kiehne was a business visitor here from Menard Tuesday. Mr. Kiehne is getting just a little bit stouter, and also just a little bit more good looking as the years flit lightly over his head.

S. J. Howard has accepted a position as substitute at the Brady postoffice, and is now on active duty, taking the place of assistant postmaster Oscar Westbrook, who is confined to his home by illness.

R. S. Glaze has been here this week for a visit with Mrs. Glaze, who is a guest of her mother, Mrs. W. H. Sheppard. Mr. Glaze has been a member of the Students Army Training corps at Brownwood, and has just secured his release.

Mr. and Mrs. N. B. Embry have returned from Kennedy and are again making their home in Brady, Mr. Embry having accepted a position with Brady Auto Co. Nollie says he doesn't think any country any where can beat McCulloch county when it comes to home for him.

A. B. Shield arrived yesterday morning from Pampa to spend several days here looking after business interests. He states his family is well pleased with their new home. The cool spell yesterday did not affect him as he said he was accustomed to working in his shirt sleeves in similar weather out on the plains.

Mrs. Jack B. Tait and little son, Jack, Jr., arrived last Saturday from

Toronto, Ohio, to join Mr. Tait in making their home in Brady, and the family is now comfortably domiciled in the C. C. House home in South Brady. Mr. Tait is now just recovering from an attack of influenza, and his many friends are glad to see him about once more.

C. A. Trigg returned Saturday from Cisco, where he had been attending his brother, who was operated on for pleurisy. While his brother has been having quite a serious spell of sickness, having developed pneumonia following influenza, and this running out into pleurisy and hemorrhages yet Mr. Trigg left him resting comfortably, and it is thought he will soon be on the high road to recovery.

OIL BROKER ACCUSED OF SHOOTING ON TRAIN RUSSELL CALLAN WOUNDED

J. E. Head, oil broker is charged with assault to murder in connection with the shooting of Russell Callan of Callan, Texas, a son of James Callan, president of the Texas Cattle Raisers' Association, on a train at Stephenville early Thursday morning.

Details of the trouble which resulted in the Callan being shot through the kidneys and shoulder have not been learned. Both were occupants of a Pullman en route to Fort Worth. Callan was brought to Fort Worth and taken to the Johnson-Beall Sanitarium. It was not thought that his injuries will prove fatal.

In response to a telegram from the conductor of the train, Head was taken into custody by police when the train arrived in Fort Worth at 6 a. m. Thursday.

Head through his attorney, Mays & Mays, made bond in the sum of \$750 on the advice of District Attorney Morris of Erath County. The complaint against Head was filed by the sheriff of Erath County at Stephenville Thursday morning.—Star Telegram.

## The Texas Oil Fields

A WORD WITH THOSE WHO OWN AND OPERATE THEM, or who wish to become identified with them—HOW CAN WE CO-OPERATE in our mutual interest? Permit us to suggest HOUSTON has the TEXAS, LOUISIANA, MEXICAN, OKLAHOMA and KANSAS PETROLEUM FIELDS, from which to draw—THE COTTONSEED, PEANUTS and CASTOR BEANS of the same zone, and the COCOANUTS of the TROPICS—HER GREAT SHIP CHANNEL furnishes unsurpassed sites for REFINERIES, OIL MILLS, STALL FEEDING PENS, AND PACKING HOUSES. Her SHIP CHANNELS PUT HER IN TOUCH WITH EVERY PORT ON EARTH, by tide-water. HER GREAT RAILWAY SYSTEMS will ultimately connect her with EVERY RAILWAY STATION ON THE CONTINENTS OF THE WESTERN HEMISPHERE. GREAT PIPE LINES are being constructed to CONNECT HER WITH THOSE FIELDS.

HOUSTON CAPITALISTS have been long enough identified with the oil industry to know its great wealth producing possibilities, and are ready to aid in financing those of real merit. THE REPRESENTATIVES OF THE LARGEST OIL INTERESTS OF THE GLOBE are gathering to her for headquarters. What other port on earth can offer such an array of facts to ENTERPRISE and CAPITAL, to make of it THE WORLD'S OIL CENTER? HERE IS THE PLACE TO MAKE YOUR CONNECTIONS.

If you wish to engage in the oil industry, we can furnish you SITES FOR REFINERIES AND OIL MILLS, LAND TO DRILL, PRODUCING OIL PROPERTIES, PRODUCTION, ROYALTIES. Draw your papers and obtain your CHARTERS FOR YOU, under THE LAWS OF TEXAS, and secure CAPITAL TO AID ANY LEGITIMATE OIL INDUSTRY that has made sufficient development to demonstrate that it possesses real merit, the owner of which is willing to give capital an equitable division in the profits. If you wish to EXAMINE THE MAPS of the different fields, or the counties in which they are located, we have them.

If you want to BUY IN, or SELL OUT, an INTEREST in any property, and don't want to be known in the transaction, if we are situated so as to permit us to take the business, we will give it our best capacity.

If you are a LAND OWNER, you will find it to your interest to COMMUNICATE WITH US.

(a) If you wish to SELL YOUR LAND, OR TO SELL THE MINERAL RIGHTS in it, or to DIVIDE THE GAMBLE, by selling part of your mineral rights and get some READY CASH NOW and hold part, or if you want to get it drilled for oil and other minerals, or if you have contracted your mineral rights and are not getting SATISFACTORY RESULTS, if you want your LAND SURVEYED, if there are DEFECTS IN YOUR TITLE and you WANT THEM CURED.

(b) If you WANT TO BORROW MONEY ON YOUR LAND in sums of less than \$10,000, the FARM LOAN BANK is in HOUSTON, and is your best source to acquire money at LOW INTEREST and ON LONG TIME. I can serve you in the details necessary to secure loans from this bank. If you want to borrow MONEY IN SUMS OF \$10,000 up to \$100,000 or more, and your lands are good security for it, I can get you the money.

If you see A BUSINESS POSSIBILITY FOR YOU, in this ad, suggest it to me, and let us SEE IF WE CAN DEVELOP IT, in our mutual interest.

## ADVERTISING IN WAR TIMES DISCUSSED BY A. A. C.

"What's the matter with American business men?" asks a bulletin which has recently been issued by the Associated Advertising Clubs of the World, on the subject of advertising in war times.

"The bulletin then quotes two extracts from German publications to show what German manufacturers think of the fact some American manufacturers have reduced their advertising since the war began, and it is the hope of the German manufacturers, the articles indicate, that the American advertiser will continue to neglect his opportunities, especially in foreign fields.

"Nothing is more acceptable to the German Nation," declared the Lokal Anzeiger recently, "than to note the fact that the North Americans have abandoned advertising their goods in practically all of the foreign markets.

"In the Latin-American publications the market which they have always tried hardest to acquire, there has been a heavy loss of advertising. A prominent Buenos Aires agency announces the fact that 83 per cent of the United States advertisers have cancelled their contracts.

"This is also true in the Orient, and a careful compilation of the decrease in advertising there shows a greater depreciation than in South and Central America. In the United States itself there is not a paper which has not suffered a loss in its advertising lines, and that despite the fact that the last year showed an increase in the millionaire class of 973 individuals.

"In other words, the war has terrorized the American Nation, but not the Germans, for a perusal of their periodicals will show that manufacturers still advertise, even if they have not the goods to deliver, but with the idea of keeping their name before the public."

The Berlin Tageblatt declares the bulletin from the association, re-

cently made the following comment: "If the despised Yankee Nation think they are going to win the war and force Germans out of foreign markets, there is nothing to indicate this sentiment in their local and foreign advertising. Many of their advertising agencies have closed their doors through lack of patronage.

"Their much-talked-of captives of industry have canceled advertising contracts everywhere.

"Germany and German merchants have increased their advertising space in neutral markets and at home.

"It pays to advertise in war as well as peace. The far-seeing merchant never stops advertising."

## WOMEN ENLIST IN BATTALION OF LIFE

Sunshine Division of Home Service Rivals Battalion of Death in Real War Work.

Russia's Battalion of Death made its women immortal by death-defying action at the front. America's Battalion of Life bids fair to merit immortality by its life and strength giving action in the home trenches, competing directly with the men who go over the top.

A new kind of women's army has come into being. It is called the "Sunshine Division." It started under unusual circumstances. Margaret Woodrow Wilson, the president's daughter, known for her patriotic war service; her aide, Major Oakes, and a small group of friends, including Miss Marguerite Brown of Atlanta, Ga., daughter of one of the leading men of the south, and a relative of the president, were discussing women's part in the war and the importance of enlisting the effort, talent, and activity of every woman in the country. The need of organization and direction of that time and talent not already devoted to definite war work was recognized, and out of the discussion came plans for conserving the patriotic effort of every young woman of the country. The "army" to be recruited was designated the "Sunshine Division." Its scope of service is limited only by the ability of the enlisted women to serve, and there is no woman ineligible for service except she who is already doing her utmost to help win the war. Particulars are available from Maj. A. F. Oakes, now stationed at United War Work headquarters, Dallas, Tex.

## MIKE H. THOMAS SAYS SMALLER COTTON ACREAGE WILL MEAN HIGHER PRICE

MIKE H. THOMAS of Dallas

In a recent statement made by Mr. Thomas he called upon the farmers of Texas to reduce their acreage of cotton the coming year as a means of holding up prices. Mr. Thomas is recognized as one of the country's leading experts on cotton. His advice to the farmers of Texas, his native state has saved them millions of dollars within the last few years.

For the last two years Mr. Thomas has been giving the most of his time to the winning of the war. He has been engaged in various kinds of war work and has delivered several hundred war speeches, covering his activities with the "Four Minute Men," Red Cross, Liberty Loan and other patriotic movements. Mr. Thomas was born in Dallas. He secured his education through his own efforts by the light of an old coal oil lamp in his own home at night after his day's work on the farm.

He has been a member of the Masonic order for many years and is prominent in Blue Lodge circles all over the state.

## CHRISTMAS PACKAGES FOR SOLDIERS

Time For Sending Christmas Packages to Soldiers Extended to Nov. 30. Relatives May Forward Parcels Even if No Label Received By Making an Affidavit to Red Cross.

Christmas Parcel Post Letter No. 8. TO ALL THE CHAPTERS:

Attention Christmas Parcels Committee. General Letter No. 259 sent you under date of November 5th, is hereby designated as Christmas Parcel Letter No. 7, and will be so referred to hereafter.

2. The final date for mailing Christmas parcels for soldiers and war workers overseas has been extended from November 20th, to November 30th.

3. In order to relieve the distress that has been occasioned by the slow arrival of Christmas Parcel labels from abroad, and the fear that they would not come at all, the War Department has arranged to supply the American Red Cross with labels which the Red Cross in turn will issue to the public under the following conditions and restrictions:

(a) Persons who have received no Christmas parcel label from abroad, should apply to the nearest Red Cross headquarters, and in the presence of an authorized representative of the Red Cross should make the following state: "The undersigned hereby makes application to forward to..... (insert name of recipient), whose address is..... (insert military units to which recipient belongs) of the American Expeditionary Forces, one Christmas Parcel. The undersigned hereby declares that he, or she, is the nearest living relative in the United States of the person for whom the Christmas Parcel is intended. The undersigned furthermore declares that he, or she, has not received a label from abroad, and that should such label be subsequently received, it will not be used. The undersigned furthermore declares that to the best of his, or her, knowledge and behalf only one Christmas Parcel will be sent from America to the proposed recipient, and that this parcel will be sent by the undersigned."

(b) This application when duly executed and signed by the applicant and approved by a representative of the Red Cross, will entitle the applicant to one Christmas parcel label and one pasteboard carton, both of which a representative of the Red Cross will give to the applicant in person; provided, however, that the applicant in the presence of the representative of the Red Cross so acting, shall address the Christmas parcel label in conformity with the address of the recipient of the box shown in the application.

(c) The application duly executed and signed by the applicant shall be filed in a safe place by the Red Cross. A strict accounting of these applications must be at all times maintained so that when the Red Cross is called upon for a report of the actual number of applications handled, and labels issued, it will be readily forthcoming.

(d) The Division office will supply each Chapter headquarters with Christmas parcel labels for this purpose. Upon receipt, labels should be placed under lock and key and handled by none but persons whom Executive Committee of the Chapter may authorize to handle them. They are not to be distributed among Branches nor Community Auxiliaries. Applications may be received and passed upon by Branches or Community Auxiliaries, and sent by the Branch or Community Auxiliary, acting through its proper officer or committeeman, to the Chapter headquarters. Upon the receipt of these applications the Chapter headquarters will supply the Christmas parcel labels to the Branch, which in turn will issue them to the senders of the packages. Branches and Community Auxiliaries must, of course, have the applications that are presented to them, made out in duplicate—one copy to be retained by the Branch or Community Auxiliary, and the other copy to be sent to Chapter headquarters where it will remain.

(e) Chapter headquarters in order to expedite this work throughout its entire jurisdiction, will have typewritten, multigraphed or mimeographed on serviceable paper, a sufficient quantity of application forms described in sub-paragraph (a) above. These are to be generously distributed by the Chapter headquarters among all Branches and Community Auxiliaries.

4. The foregoing regulations become effective on the morning of November 21st. They are not applicable now to any case or condition, and the Chapters are urged to make this clear and unmistakable to the public.

Very sincerely yours,  
GEORGE BRIGGS,  
Assistant Manager

## LETTERS FROM OUR SOLDIER BOYS

### VERNON WADDELL SAW A THRESHER IN FRANCE LIKE A POPCORN MACHINE.

Frederic Vernon Waddell, Co. A., 315 Engineers, American Expeditionary force in France, tells of some interesting things he learned in France, as well as unusual sights in the following letter written to his mother, Mrs. J. P. Waddell at Rochelle:

"Well, I am not a rookie any more, as I just got back from the front last night. By the way, it seems just like a big fair, picnic or something like it. Just as it happened I got to go through a little drive, and was lucky you see.

"After we had been up for some time, and had had some real experience, I came in one eve and our cook had some chocolate for us. So of course I went thru once and thought I would put one by the cook and go through again. So about the time I thought I was going to make it, 'Old Fritz'—you know him—started throwing over some G. I. cans (some shells), I had my supper in my messkit; so I made a run for a trench. There I found one of my old pals, stopped to talk to him a minute and eat my supper. I said to him, 'Guess we will be safe here for a while,' and about that time another G. I. came over. We fell in the trench, and the shell threw dirt and steel all in my supper. Then I said to Franklin: 'We can't stay here.' So we made a run for my dug out, and with the exception of falling a couple of times, (on the way) from

shells, we made it safe enough. But the worst of it all was that I lost my candy. But you see I could go on talking like that all day.

"We had a trip back to a de-lousing station last Sunday. Mont was with me, so we had our bath and then went to looking for something to spend our francs for. We could buy nuts, grapes, candy and cookies. We sure did enjoy our selves for a while. I wish I could get a basket of grapes to you all, for they sure are fine.

"The French people are making wine now. Everybody, men, women and children are busy gathering and pressing grapes. This town is a very nice town with a railroad, too, and all the surrounding country is nothing but grapes.

"I have been getting letters all along. Some gum was sent me. Sure was good. I sure am glad to hear it is raining some at home now.

"I have more clothes than I can carry around, so (if you just have to work anyway) knit the clothes for brothers Vanoy or Otis.

"You asked me about the people and their customs. I'll just tell you there is not many people, and what are here, have no costumes, (Ha, Ha.) But one thing I do know is, there is some land being farmed (broken up and planted) that has been laying out for 4 or 5 years. They are planting wheat.

"Oh yes, I saw a threshing machine the other day. They were threshing wheat, a little popcorn outfit run by a gasoline engine, two old men

and one old woman were running it. The old lady was gray headed and didn't have a tooth in her head. She was cutting binds for the outfit.

"I don't know how long this picnic will last, so may not get to write to all. You must tell all that I am doing all O. K. and for them to be good and don't forget to write. I am in a hay loft of a barn now, and it seems like a palace for writing.

"Love to you all.  
"P. S. We have had two big white frosts; pretty chilly, too."

### ED CAMPBELL WITNESSES A FRENCH WEDDING—ALSO VISITS MARKETING PLACE

Private Ed A. Campbell of Co. E, 111th Ammunition Train, American Expeditionary forces in France, in a letter to his mother, Mrs. Francis Campbell, of this city, tells of some unusual scenes witnessed by him in France. He writes under date of October 19th as follows:

"I received your most welcome letter last night, and I sure was glad to hear from home. I had almost begun to think you had forgotten me.

"Yes, I like France real well, though I had rather be back in the good old U. S. A.

"Well, mother, I saw a French wedding today. It sure was a sight! They were married at the church, and after the wedding they went to a French cafe and had a big dance. They danced at the cafe a while and then they came out on the street and danced a while, and then they went to another corner of the street and danced some more. It surely was an interesting sight for me.

"The people all seem so queer to us Americans, but they sure are nice to us. I went to a town the other day and it was trade day there. That was another interesting sight for me. I never saw the like of hogs as they had. Women were out there trading hogs just like a man would do over there. I saw several women going down the street with a pig in a sack on their back. I couldn't keep from laughing.

"They had cows to sell and trade also. I saw a woman with two little milch cows for sale, so I asked her what she wanted for them, and she said 'Six hundred francs'—that is \$108.00. That was cheap enough for a farmer who wanted to buy some milch cows.

Well, mother, I don't know any news to write. I received a letter from papa the other day, and he told me that you had come home and that you had had a nice time during the summer. I guess you will receive this letter about Thanksgiving time. I want you to eat a piece of turkey for me, and think of your sons far away from home.

"I sure see lots of sights over here, and will have lots to tell when I come home.

"I mus' close for this time; it is getting late and my candle is about played out.

"From your loving son,  
"P. S.—Give my love to all the home folks."

### RALEIGH P. AKE WOUNDED IN FRANCE—SHARPSHOOTER IN CO. H. OF THE 9TH INFANTRY

Mrs. Henry Turn of Route 1, Brady, received the sad intelligence last Friday of the wounding of her brother, Private Raleigh P. Ake, who is a sharpshooter in Co. H., of the 9th Infantry, now in service in France. Raleigh was wounded on October 3rd, being shot through his left thigh and also his right foot. A peculiar co-incident was that the injury occurred on his birthday.

However, he has written not to worry about him, but to help the Red Cross every bit we can, as, through them, he is receiving the best of care, and is on the high road to recovery.

Raleigh wrote that he thought the little show would soon be over, and that his reckoning was good is attested by the events that have transpired since he wrote.

## GEOLOGIST SEES GREAT FUTURE CENT. TEX. FIELD

(From The Dallas News)

Dr. Robert T. Hill, noted geologist, who has studied the oil formation in Texas for many years and long ago concluded that the great oil field of the United States would be found in Texas, is now in Dallas. Dr. Hill said yesterday that the developments so far in the North Central Texas field, coupled with known facts as to the geology of the territory, prove that the field that is being developed in the Bend Series will be second to no field in the United States.

"Millions of dollars are being expended for leases in Texas by the large oil companies," said Dr. Hill, "and they are rapidly checkerboarding all the counties that have good prospects for oil development."

Dr. Hill discussed the oil development of North Central Texas, saying that for a number of years prospecting of the section underlain by the Pennsylvania strata had met with indifferent success owing to the prospectors overlooking structure and avoiding the thick limestone formation that is known as the Mississippian. They had no thought that these lower horizons which they were inclined to avoid would be productive as they are. An interesting feature of the Bend Series, according to Dr. Hill, is the fact that its strata lie in an entirely different arrangement from those of the overlying Pennsylvania group at the surface and dip in entirely different directions from them. The extent of this series has been mapped by Dr. Hill and it is very great. Explorations that have been made since last year's beginning of drilling tests over 3,000 feet deep in widely separated localities in Eastland, Stephens and Coleman Counties suggest a series of separated pools and indicate that others may be found by scientific explorations. Explorations are now being made by hundreds of tests a score or more of miles on either side of a line 140 miles from Graham in Young County toward Brady in McCulloch County.

It was pointed out by Dr. Hill, that no well has been a failure in the Bend Series north of the Colorado River that has been drilled on structure. This is a fact that may not be generally known save to geologists and oil producers who watch closely for structure. On the other hand, of course, there have been a number of failures in the case of wells drilled off structure. There are many drillers who work by the rule-of-thumb methods in locating their wells, and some of these do not always get oil. It is true no doubt that wells drilled without reference to structure are often producers. Surface indications are not as accurate as might be wished for. But taken by and wide the experience of oil men in the North Central Texas fields has been a big indorsement of the work of the oil geologists.

Geologists who have examined the North Central Texas oil fields have mapped the Bend Series and the map shows that the outcrop of the anti-1,500 feet below sea level at Ranger. San Saba and McCulloch Counties and that it dips to the northward the crest being at sea level at Brownwood and 1,500 feet below sea level at Ranger. The Stephens county field finds it still lower.

Dr. Hill was at one time professor of geology in the University of Texas. He is author of a number of books on geology including "Geography and Geology of the Black and Grand Prairies," "Physical Geography of

## CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before.

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."  
Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it.

## JUNIOR RED CROSS

We are in receipt of a letter from Eugene Pettus, director of Conservation, in which he states that the collection and conservation of all tin foil, platinum, fruit pits and nut shells is DISCONTINUED. However, all savings accumulated should be shipped at once. All schools having any of the above on hand, please send in at once, as we shall ship again.

I especially urge that all schools send in their RUGS and story books. McCulloch County has been asked to send one hundred story books each month. We have never yet fallen down on our quota given us. Make your story books and have them ready on the 20th of each month.

No Worms in a Healthy Child  
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

## Your Battery's Lease of Life

Your battery's usefulness depends on the way you treat it, but even the best of care won't make a poorly insulated battery stand up through a long busy life.

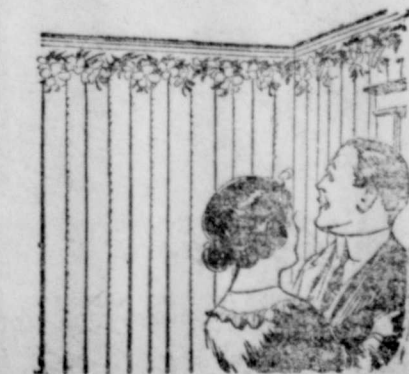

The Still Better Willard, with ordinary care gives a good deal more than ordinary service and a great deal longer than ordinary life.

One of the reasons why this is so is that this battery has Threaded Rubber Insulation—which indefinitely postpones need of re-insulating.

### FARM HINTS By B. D. Black

Now is the time to get that garden ready for a record crop next year. Do not wait until spring to spread manure, stir the ground about seven or eight inches deep. Early preparation is the counting card in the garden game. Do it now!

Prepare to protect your chickens as well as the animals of the farm from the cold weather that is soon coming. Hens with frozen feet and combs will not lay, and it will cost too much to board a single hen that does not lay. It does not cost much to make a covering for the chickens. Make them roost near the ground, too, it injures them to jump off a high roost, especially in cold weather.

Encourage your boys to get ready for the club work for 1919 by breaking their patch deep this fall and then spreading barnyard manure on same. This should be done as early as possible now.

The writer realizes that feed is high priced, but, where possible, break your land this fall for the next crop, and break it deep. It is better to break a part of the land deep and bed the other part than to shallow break it all. If the land is rolling, terracing will help hold the water on the land where it falls instead of washing away the vegetable matter off the ground as it wastes away. If we could have held all the water that fell on the land this year some crops would have been harvested that were not. Ask the men who have terraced and see what they think of the results. My services are free if I can help you in any way do not hesitate to let me know it.

Farmers every where might do well to order now all feed that they will need for the next three months, as the half rate may be discontinued since the rains have come.

## LOHN SHALLOW OIL SANDS IN PRAIRIE WELL AT 380 FEET

The Prairie Oil & Gas Co. Tuesday began to straight ream their well in order to set casing to cut off water and the Lohn shallow oil. The Lohn shallow oil was struck at a depth of 380 ft., and after drilling 6 or 7 ft. into the sand a 15 to 30 barrel well was brought in. Drilling was continued through 21 ft. of sand, and then another flow of water was struck. The crew had previously set 165 ft. of 15 1/2 inch casing, and in order to avoid reducing the hole, it was decided to straight ream and set 400 ft. of the 15 1/2 inch casing.

The striking of the 21-ft. strata of shallow sand is very gratifying to local oil men, inasmuch as it extends the Lohn shallow field two miles further west. Also, as the Prairie is drilling on the Salt Gap structure, it is virtually assured that all of this section, clear out to Salt Gap is underlain with the same shallow field; in fact, it makes the whole western part of the county look good as an oil prospect.

Manager Jack B. Tait reports the road to the Salt Gap location as having been opened up, and the ground cleared for the rig. A big tank is now in course of construction. All the rig material is at hand, and will be transported to the location without delay. The rig irons have not yet been received, but are enroute. Mr. Tait will give his undivided attention to the work of getting the Salt Gap well ready for drilling, having turned the well at Whiteland over to a new crew. The Thomas well at Whiteland is going right along. There was a report published in one of the daily papers the early part of the week that the well was shut down at 1000 feet with a crooked hole, but this is an error, as there is no crook in the hole, and the work is going right along.

A. W. Cooper has not yet succeeded in recovering the broken bit in the Liberty's well in the Lohn-Fife section. The bit has been cased in, but has baffled all attempts to remove it. Work is progressing satisfactorily on the third shallow well for the Tucker Oil Co. at Lohn. Wells Nos 1 and 2 are still proving up as good producers as at the start, and the oil is being used for fuel at the Prairie well.

J. E. Morgan's shallow well two miles north of Brady is drilling along at 200 feet, with no water or other hindrances so far encountered to delay work.

Thad O. Day has received all his tools for the Day well on the Hall-Dutton tract, and is this week hauling out casing. His crew arrived this morning from Tulsa, and operations on the well will begin Monday.

J. A. Waymire, superintendent of the Douglas Oil Co.'s well to be drilled four miles west of Brady in the West Sweden community, left Kansas last week with the company's trucks, and is expected to arrive today or tomorrow. All material for this well, including two big tanks, is at hand and is awaiting arrival of the trucks which will haul it out to the well.

### MORTUARY

#### Death of Koan Blount.

The death of Private James Koan Blount occurred at 6:30 o'clock Monday evening at the base hospital at Fort Sam Houston, where he had undergone an operation for empyema, which resulted from pneumonia following an attack of influenza. The first news had from him was that he was not seriously ill, but later messages told of his dangerous illness, and were followed shortly by the telegram announcing his death.

The body was shipped to Brady on Wednesday afternoon's train, and funeral services were held yesterday afternoon at 3:00 o'clock from the residence of Mrs. M. A. Blount, mother of the deceased. Services were conducted by Rev. J. H. Taylor. Interment was made at 3:30 in Brady cemetery, beneath the stars and stripes of Old Glory, the flag in the service of which he died.

Koan Blount was one of Brady's popular young men, having made his home here for a number of years, and being held in high esteem. He had been in the service about a year, having volunteered, and he had been stationed until recently on the border as a member of Troop A., 16th cavalry. Then he was transferred to the Cook and Baker school at Fort Sam Houston. He expected to finish his course by December 1st.

At the time of death, he was 29 years, 3 months and 25 days old.

Besides his mother, he is survived by three sisters, Mrs. Ivan Keith of Dallas, Mrs. Dean Starkey, whose husband is now in service in France, and Mrs. C. E. Bumgardner of Carthage, N. M. also three brothers, Robert of Dallas, Emmett and Willie of Brady. Also four uncles, Tom Blount of Menard, J. P. Davis of Austin, Wesley Davis and Joe Blount of Brady; and one aunt, Mrs. Dora Brown of Brady. All these relatives were present for the funeral.

#### Death of Will Price.

The funeral of Clarence William Price, son of Mr. and Mrs. J. T. Price

of Rochelle, took place at Rochelle Monday afternoon at 3:30 o'clock, funeral services being conducted by Judge J. M. Reiger of Comanche, and interment being made in Rochelle cemetery.

Will Price was in the marine service of Uncle Sam, having volunteered at Brady last July. He was stationed at Paris Island, S. C., when he was stricken with influenza, his death occurring on Wednesday, November 13th, only a few days after being taken ill. The body was shipped to Rochelle, arriving there Monday morning.

Deceased was one of the most popular young men of Rochelle, and his death has cast a gloom over that community. Besides his parents, several brothers, including Wallace Price of this city, and one sister, Mrs. W. A. Hamilton of near Dallas, survive.

#### Mrs. Johnny Roberts.

Mrs. Johnny Roberts died last Saturday evening at 7:30 o'clock from convulsions to which she was subject. Deceased was about 18 years of age, and before her marriage was Miss Ada Chasen. Her husband is now in service in France. Mrs. Roberts had been at Abilene for treatment, returning to Brady only a few months ago. Funeral services were conducted by Rev. J. H. Taylor Sunday evening at 3:00 o'clock, and interment was made in Brady cemetery.

#### Mrs. Emmett Lee.

The death of Mrs. Emmett Lee occurred at Calf Creek on Thursday of last week, her demise resulting from influenza, following pneumonia. Deceased was a daughter of Mr. and Mrs. O. W. Duncan of Calf Creek, and was a most estimable young woman. Besides her parents, her husband and a little daughter survive.

Funeral services were held Friday and interment was made in the cemetery at Calf Creek.

#### Infant Dies.

The one month's old baby of Mr. and Mrs. Harvey Lee died at 1:00 o'clock the morning of the 14th of November at Calf Creek, death resulting from bowel trouble.

### REHEARSAL SATURDAY AFTERNOON FOR RED CROSS CONCERT PLANNED FOR DEC.

Arrangements are now being completed for the holding of a Red Cross concert some time during the Teachers Institute to be held here during the latter part of December. A ladies' chorus will be trained under the efficient direction of Miss Nettie Bellamy, and the first rehearsal is to be held tomorrow (Saturday) afternoon at the Methodist church at 4:00 o'clock. All who are interested are invited to attend.

The Red Cross concerts heretofore have proven the most delightful and entertaining of occasions, and are always looked forward to with great anticipation by the citizens. This year's concert will be held along different lines than those previously held, and a pleasant surprise is planned for those who attend. However, the ever-popular ladies' chorus will, as before, be the mainstay of the entire program. With Miss Bellamy directing, a program of the highest class is assured.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. ## THE LID IS OFF!!

The Government now permits you to build buildings not exceeding \$10,000 in cost WITHOUT PERMIT, and up to \$25,000 under permit from the State Council of Defense.

BUT REMEMBER--ALL THE WORLD IS STARTING TO BUILD AND THERE IS NO GREAT SURPLUS OF BUILDING MATERIALS.

750,000 houses in little England alone are going to call for materials from this country; devastated France, ruined Belgium, Italy, Russia--a whole world needs the same materials YOU WANT FOR THAT HOUSE OR BARN.

NOW--TODAY--we are going to be able to help you build, but with a demand ahead of us beyond the human mind to comprehend, there's no telling when that WORLD-DEMAND is going to pass the possible sources of supply--and THEN SOMEONE IS GOING TO BE CUT OFF.

We want to impress on you with all the force we can that NOW IS THE TIME TO GET BUSY WITH YOUR BUILDING.

Come in and get your materials. If you cannot erect the building immediately, at least complete all your arrangements for GETTING WHAT YOU WILL NEED.

Decide on your plans, select your material, and place your order at the earliest date possible.

This is the only way you can be SURE.
