PRAIRIE OIL & GAS CO. BRINGS IN GASSER AT 381 FT. SUNDAY

# **43 NAMES ON LIST OF GUARANTORS** '20 CHAUTAUQUA

The return of the chautauqua in 1920 is assured forty-three Brady citizens having signed the list of guarantors to assure a minimum of \$750 worth of ticket sales for the chautauqua bureau. This hearty response arises from the universal demand for entertainment of the better class. The chautauquas have practically entirely supplanted the street carnival comof value from the standpoint of entertainment and education, and on the whole give bigger value for the money than any form of amusement offered. prise by the many friends of the couple, who, while anticipating such a happy cumination, were nevertheless unprepared for the sudden announcement. The marriage took place at

the Methodist parsonage last Friday night at 9:50 o'clock, Mr. Shelly Burk

The groom is one of McCulloch county's most substantial as well as popular young men, and has been engaged in stock farming in the Lohn community for a number of years. During the war he served honorably as a member of a Balloon company, and received his discharge from service only a few months ago. All his many friends rejoice in his good fortune in winning for his bride a young lady so charming and universally popular as was Miss McClary. During the several years she has been in Brady, she has been engaged in the telephone service, and for the past two or three years has been manager of the local office of the Martin telephone company, where her universal courtesy made her appreciated by all ..

Following the ceremony, Mr. and Mrs. Gattis left for their home beyond Lohn, where Mr. Gattis has again taken up his duties, and where they are at home to their friends.

We have plenty of that famous Plymouth Binder Twine in stock to supply everybody. We are getting lots of compliments on this Twine. There is nothing better on the market. Give us a trial and be convinced. O. D. MANN & SONS.

Sacrifice Proportionately One-Quarter as Great as That of Army-Sixty-Three Decorated.

The Y. M. C. A. carried the Red Triangle into the camps and trenches broad at a cost of fifty-three lives, a sacrifice proportionately one-quarter as great as that of the American ermy, according to a statement issued today by the National War Work Council of the Y. M. C. A. Of these fatalities thirty-five were due to disease, and the remainder to shell-fire, bombs, gas-fever, drowning and wounds. Ten of these were women, one of whom was killed by shell fire and the other in a German air raid. There were also fifty-five non-fatal casualties. These were due principally to machine gun fire, gas, shell fire, and motor transport accidents. Numerous cases of slight wounds and gessings which were attended at dressing stations, but were not reported to headquarters, are not included.

These casualties occurred in a force which at no time exceeded 9,000 workers, of whom it is reckoned that more than one-half were never sent to the front, being employed in the hundreds of huts maintained throughout the training areas and the "leave areas." Sixty-three "Y" workers were deco-

ated, while in all more than 152 received official recognition or distinguished service. Thirteen of these vere decorated with the Croix de Guerre, while forty-eight received other decorations. Of these three reelved the Distinguished Service Cross, three the Order of St. Stanislaus; five he Italian Cavaliere del Corona; irty-eight the Italian War Cross, and the French decoration of the ns d'Armee. Seven were cited for Croix de Guerre, and seven for er decorations, six commended for MASON NATIONAL BANK itorious conduct, and twenty-nine ived honorable mention in disches. #### COMMERCIAL BANK OF MA-SON ORGANIZING \$75,000.00 STOCK COMPANY THERE

The Commercial Bank of this city, one of the strongest private banking institutions in West Texas and which ranks very high throughout the whole State, have opened their doors to outside stock holders and applications for stock are now being accepted.

Mrs. Anna Martin and sons, Chas. and Max established the Commercial Bank in 1901 and starting with a capital stock of but a few thousand dollars the institution has grown steadily and the bank now has a capital stock of something like \$100,000. Mr. Max Martin, who for these years has been cashier of the bank, states that \$100,-000 is too much capital stock so they have decided to reduce the capital stock to \$75,000. Mr. Martin also states that they have had requests time and time again to open their doors to outside stock-holders and the bank has now decided to re-organize and to offer for sale a portion of the stock Purchasers of stock are limited to \$2,000 each or 20 shares, the shares are being sold at \$100 .- Mason News.
