FUNDS SUBSCRIBED FOR PURCHASE OF MODERN LIGHT PLANT

SECRETARY GRANT RAISES MONEY ASSURING CITY NEW LIGHT PLANT

REPRESENTATIVE CITIZENS FINANCE PURCHASE OF MACHINERY TO ASSURE BRADY OF MODERN ALTERNATING CURRENT PLANT—WITHIN 90 DAYS.

Brady's municipal light plant troubles promise soon to be over. Thanks to the indomitable energy and persistence of Secretary T. P. Grant of the Brady Chamber of Commerce, the dawn of the new year will see Brady with a modern alternating current plant of the latest and most approved model. Over \$10,000 had been subscribed by leading local citizens towards the purchase of the new plant at noon today, with Mr. Grant still actively soliciting additional subscriptions. The total cost for the purchase and installation of the new machinery, together with the alteration and remodeling of the present equipment, is placed at \$15,000.00.

The new plant will necessitate a change from the present direct current system to the alternating system—the latter enabling efficient service at all points regardless of the distance or nearness to the main plant. As stated in The Standard a few weeks ago, the new machinery is installed on the positive guarantee that the saving in fuel costs alone will enable the paying for the machinery within a period of twelve months. In addition, there will be a saving in labor expense, as one man can efficiently operate the new plant as against the three or four now required. Most important of all, is the fact that it will give Brady a unit plant, that will not only meet all present requirements, but one which will enable enlargements simultaneously with the city's growth and development. In other words, it will forever dispose of the lighting and power troubles that have been to the city, which at the present writing totals \$10,350, is made on the basis of 8% interest per annum and the citizens making the

loan, together with amount loaned, are the following:	
H. C. Samuel	\$ 500.00
F. W. Henderson	500.00
Paul Klatt	500.00
H. H. Sessions	500.00
G. R. White	500.00
F. M. Richards	500.00
McCall & Anderson	500.00
C. T. White	500.00

W. D. Crothers	300.00
Harry Miller	250.00

LIGHT PLANT FINALLY RECEIVES GENERATOR—BETTER LIGHTS ASSURED

The long-looked-for and much-delayed generator for the municipal light plant finally arrived Sunday. Owing to the great rush of work from the oil fields, the machine shops and electric repair plants of the big cities are swamped with work, and although immediate delivery on the generator was promised, several weeks have passed since it was sent to Dallas for repairs. The return of the generator now gives the plant two small generators, and Brady citizens last night enjoyed a resumption of current for lights throughout the evening. However, the new generator was found to be overloaded, and several leads of wires will have to be switched to the other generator before this can be overcome. The rainy weather and wet wires makes this changing extremely hazardous, and so complete restoration of light service may be delayed until fairer weather. The big generator, which was also burned out, is being held at the local plant and will probably not be repaired, in view of the promised installation of a new plant.

OCTOBER PROMISES TO BE ADDED TO LIST OF "RAINY" MONTHS OF YEAR

Unless October shows immediate improvement in department, she stands an excellent chance of being added to the "rainy" months of the year—and rain and rainy months are far from popular just at present. The beautiful weather of the past week, which gave promise of speeding up the opening of the cotton and had already started the gins and various other industries to operating merrily, flirited a little too much with the clouds and the deluge resulted. Sunday night a few light sprinkles fell, and Monday the rain fell almost steadily throughout the day, while Monday night continued wet and drizzly. A total precipitation of 1.15 inches is recorded since Sunday night. Much damage has already resulted to McCulloch county's bumper cotton crop, and the farmers and citizenship in general are earnestly hoping for pretty weather.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

McCULLOCH COUNTY CONTRIBUTES \$739.55 TO GULF STORM RELIEF FUND

CITIZENS RESPOND TO CALL OF DISTRESS FROM STRICKEN COAST TOWNS—ROCHELLE MAKES VOLUNTARY ADDITION TO STANDARD'S RELIEF LIST.

McCulloch county's contribution to the Relief Fund for Gulf Storm victims so far totals \$739.55, according to the best information available to The Brady Standard. Of this total, \$229.95 was forwarded through The Brady Standard's Storm Relief fund. The total sum contributed is, without doubt, larger than that given as many citizens have sent contributions direct to Relief headquarters, or else have contributed to funds being raised elsewhere. Rochelle citizens responded to the distress call with a contribution of \$91.00, which was included in the amount forwarded by The Standard.

The Standard is frank to admit that the response to its call for funds did not meet the response the occasion demanded. In fact, to Miss Ola Tabor of this city belongs credit for the securing of the greater percent of the sum total collected in Brady for The Standard's fund. Seeing that no great credit was taken in the matter, Miss Tabor upon herself to circulate a contribution list, with the result that in contributions was modestly, Miss Tabor requests no mention be made of her part in this excellent work—but The Standard has no desire to take to itself credit that rightfully belongs to Miss Tabor, and wants the citizens to know about and appreciate the good work done by Miss Tabor.

Rochelle's Contribution.
Through the interest and activity of Mrs. Richard Sellman, Rochelle made the very creditable donation of \$91.00 to the Relief fund. The money was forwarded through W. D. Crothers of this city to The Standard's Relief fund.

The following is the list of contributions to the fund for the relief of flood sufferers in Corpus Christi and vicinity, as reported to The Standard:

McCulloch County Red Cross	\$418.00
Brady Masonic Lodge	67.50
Broad Mercantile Co.	25.00
Mrs. W. N. White	10.00

MID-TEXAS TEACHERS' CONSOLIDATED INSTITUTE OPENED HERE MONDAY

RAIN AND MUD INTERFERES WITH ATTENDANCE—TOTAL ENROLLMENT OF 250 EXPECTED—INTERESTING AND INSTRUCTIVE PROGRAM OF ADDRESSES.

Undaunted by rain and mud, 217 teachers of San Saba, Mason, Menard, Concho and McCulloch counties gathered in Brady Monday for the annual meeting of the Mid-Texas Teachers' Consolidated Institute, which will be in session here until Friday. Many were unable to attend the opening session on account of rain and mud, and a number from San Saba county and outlying portions of other counties, are still to be enrolled. When the enrollment is complete, some 250 teachers, it is anticipated, will have registered.

The meeting opened at the Methodist church at 9:00 o'clock Monday. T. P. Grant, secretary of the Brady Chamber of Commerce, welcoming the teachers to Brady in an address delivered in his own happy style. Notable on the first days' program were the addresses of Dr. L. W. Sackett of Austin, Department of Education, University of Texas; C. E. Evans of San Marcos, president of the Southwest Texas State Normal college, and E. E. Davis of Austin, extension department of the University of Texas. Dr. Sackett is to remain throughout the week, and his addresses are being looked forward to as among the most interesting parts of the program. The morning sessions are being held in the Methodist tabernacle, to which place the body adjourned following the untoward accident this morning, and the section meetings are being held in the various church houses, as well as in the tabernacle, in the afternoon. An interesting feature of the institute meeting is the booth provided at the Methodist tabernacle for the comfort and convenience of the visiting teachers, by the Junior Red Cross. Here tables and writing paper and material are provided for the use of the teachers, and everything possible is done to make them feel at home. The services of Mrs. O. E. Rice, head of the Home Nursing department of the Red Cross, have also been secured, and Mrs. Rice is doing some effective work in interesting the teachers in the plan of teaching home nursing in the schools. The success achieved in the McCulloch county schools which adopted this work the past year, has encouraged the Red Cross to extend the work and to enlarge their efforts. This work is deemed of greatest importance, and is the next big undertaking of the Red Cross, since in times of epidemics or disaster the knowledge imparted in these home nursing courses will prove of inestimable benefit, and the opportune presentation of the work at the institute is certain to have splendid results.

THE REV. J. H. TAYLOR SERIOUSLY INJURED THIS MORNING BY FALLING PLASTER

A deplorable accident occurred at the Methodist church about 10:30 this morning, during the second day's session of the Mid-Texas Teachers' Consolidated Institute. A section of plaster just over the rostrum, loosened by rain seeping in through a leak in the roof, broke loose from the laths and crashed to the floor. The mass weighed something like four hundred pounds, and would have carried with it certain death to anyone caught beneath the mass. Rev. Taylor, who was sitting nearest the spot where the plaster dropped, was struck a glancing blow on the head and forehead, laying open the scalp and rendering him unconscious. Superintendent Marion Deans, who was sitting on the opposite side of the rostrum, saw the plaster breaking loose and scrambled to safety not one moment too soon, as his chair was literally buried under the debris. The institute was at once adjourned until the 1:00 o'clock session, and Rev. Taylor was carried to the local sanitarium, where an examination showed, in addition to the scalp wound, that he had sustained a slight fracture of the skull. Although he regained consciousness, he continued dazed from the blow. Attending physicians, however, report him getting along nicely and all his many friends hope for his early recovery, meanwhile deploring the accident which so nearly cost him his life.

HARKRIDER SCHOOL RECEIVES PENNANT WON IN STATE HEALTH CRUSADE

Harkrider school at Nine, Texas, is proudly displaying the pennant awarded it in the Statewide Health Crusade contest which was held for ten weeks, from February 10th to May 24th. The pennant was received by Superintendent M. E. Abernathy the past week. It is a handsome banner of heavy wool felt, and is about seven feet in length, with colors of red and white. At the top are the Red Cross emblems—the Red Cross and the Double Cross of the Health Crusade. Inscribed on the banner are the words, "Winner Texas Health Crusade, February 10th to May 24th." The crusade inaugurated last Spring was nation-wide. In Texas, the Junior Red Cross co-operated with the State Health department in interesting the schools of the state in the crusade. The schools were divided into nine divisions, according to graded and ungraded schools and similar distinctions. Harkrider, as a seventh-grade school, was placed in the 8th division, and in this class it won championship over the schools of the entire state. In itself, the Health Crusade aroused great interest, the local Junior Red Cross furnishing buttons designating the "Squires, Knights and Knight-Banquets." Harkrider school is proud of her achievement, and McCulloch county citizens are proud of Harkrider school and its splendid record.

Total \$739.55
Of the foregoing, \$418.00 was sent by the McCulloch County Red Cross direct from Red Cross headquarters. The Brady Masonic lodge last week sent their \$67.50 contribution to Masonic headquarters. Broad Mercantile Co. forwarded their \$25.00 contribution to the Fort Worth Star-Telegram's fund before The Standard's fund was opened. The Brady Standard's \$5.00 contribution was sent direct to the Printer's Relief fund. The balance, \$224.05, was forwarded by The Standard to Roy Miller, chairman of the Central Relief committee at Corpus Christi.

The Standard's subscription list is still open, and all who wish to add any sum, be it large or small, to the storm relief, should forward same without delay to us. All amounts received during the present week will be forwarded next Sunday.

AT AGE OF SEVENTY SHE GAINS 25 POUNDS

Since Taking Tanlac Mrs. Rol-
lins Feels Better Than In
Twenty Years.

"I am seventy years old and
have been in poor health for a
good many years, but since tak-
ing Tanlac I feel better in every
way than I have in twenty
years," said Mrs. M. B. Rollins,
of 110 West 39th street, Seattle,
Wash., recently.

"For twelve years," she con-
tinued, "I suffered constantly
from stomach trouble and what
I ate caused me so much misery
that I dreaded to see meal time
to come. I suffered terribly
from rheumatism and sometimes
my feet and legs were so badly
swollen that I couldn't use them
at all. My nerves were in such
an awful condition that the
slightest noise would upset me
and I could never get a good
night's sleep. I became so weak
and rundown that I gave up and
went to bed where I lay for five
long weeks.

"I heard so much about Tan-
lac that I asked my son to get
me a bottle and after taking a
course of the medicine I am per-
fectly well again. I feel twenty
years younger and am strong
enough to do all my household
work without any trouble. My ap-
petite is fine. I eat anything I
want and never suffer any pain
afterwards. The rheumatism
has entirely gone, my nerves are
all right and I sleep like a baby
every night. The way Tanlac
has overcome my trouble and
built me up is like a miracle and
any medicine that will do that
much for a person of my age is
worth its weight in gold."
All Druggists sell Tanlac.

PERSONAL MENTION

Miss Minnie J. Crothers is a guest
of friends in Brownwood this week.
Miss Ida Mae Souther went to Eden
Friday for a visit of a few days with
friends.

Mrs. O. W. Argo returned to Dallas
Friday night after a visit of a couple
weeks with Mrs. Harry F. Schwenker
and family.

J. C. Koerth came up from Youkum
Friday and will spend several months
here assisting J. L. Edwards through
the cotton ginning season.

Miss Lucille Kitchens of Fort
Worth, teacher in the Mercury high
school, is a guest of Mrs. Joe John-
son while attending the institute.

Miss Nina Oliver of Abilene, is a
guest of her sister, Mrs. Joe Johnson,
while attending the institute. Miss
Oliver is a teacher in the Melvin high
school.

Mr. and Mrs. Graham Robertson of
Brady are spending a few days with
Mr. Robertson's father, J. H. Robert-
son. Mr. Graham, who is manager of
the Waples-Platter Grocery Co., in
Brady, is attending a meeting of the
Waples-Platter salesmen in Brown-
wood today.—Brownwood Bulletin.

No Worms in a Healthy Child

All children troubled with worms have an un-
healthy color, which indicates poor blood, and as a
rule, there is more or less stomach disturbance.
GROVE'S TASTELESS CHILL TONIC given regularly
for two or three weeks will enrich the blood, im-
prove the digestion, and act as a General Strength-
ening Tonic to the whole system. Nature will then
throw off or dispel the worms, and the child will be
in perfect health. Pleasant to take. 60c per bottle.

WHY NOT OWN A FARM?

If you want a farm, see me.
If you want to sell, see me.
If you owe on your farm, see
me.

Money at 5½ per cent, see me.
If you want money to hold cot-
ton, see me.

SCHOOL CHILDREN SELL CANDY DURING VACATION IN AID SCHOOL LIBRARY

The closing of the Brady schools
during Institute week has not served
to diminish the interest of high school
pupils in the school and school pro-
gress. Accordingly they have inaugu-
rated a candy sale on the downtown
streets for the benefit of the high
school library, with the result that
their excellent fudge, chocolate and
peanut candies Monday netted the li-
brary fund approximately \$21.00.

SHORT COURSE AT ROCHELLE HELD LAST THURSDAY—DEM- ONSTRATION CLUB ORGANIZED

A very successful short course was
held at Rochelle Wednesday and
Thursday. One of the most interest-
ing parts was the poultry culling
demonstration.

A Woman's Home Demonstration
club was organized Tuesday after-
noon. The club will take up a study
of foods and expect to derive a great
amount of good from this work.

Kindergarten Helps for Parents

This is No. 7 of a series of articles issued by the National Kinder-
garten Association. They will appear weekly in these columns.

KINDERGARTEN ACTIVITIES AF FORD PROFITABLE AMUSEMENT TO LITTLE FOLKS AT HOME.

By Mrs. ALICE WINGATE FRARY.

The mother of small children who
does not live within reach of a kin-
dergarten need not feel compelled to
deprive her little ones of the pleas-
ures and benefits of systematic train-
ing. It is true that the stimulus of
co-operative work and play, so vital
a feature of the kindergarten, is not
so apt to be found in the smaller
group at home and is entirely lacking
in the case of the only child. Never-
theless, many of the activities provid-
ed in kindergarten can be carried on
not only by the small group but by
the lonely child as well.

"Come let us live with our chil-
ren!" is the old familiar Froebelian
slogan. We might paraphrase it by
saying, "Come, let us sing with our
children!"

Why shouldn't children sing morn-
ing greetings to father and mother
as well as to teacher? Even 2-year-
olds that I know can sing them and
delight in doing so. The good morn-
ing songs to various members of the
family, to the new day, to sun or
clouds, sung while dressing, do much
to create a sunny morning atmos-
phere. There are songs to accompany
many of the home duties, besides a
wealth of nature songs. At bedtime
the devotional spirit of the evening
prayer may be enhanced by the sing-
ing of a child's hymn. Songs such as
these can be found in "Games and
Music of Froebel's Mother Play" and
in other kindergarten song books.
Any good library would have some of
these, or it would be possible to buy
copies through a bookstore.

A kindergarten calendar may easily
be made at home. For this purpose

"THE BIRTH OF THE RAINBOW" NOVEL PAGEANT IN SELLS-FLOTO SHOW

Riding acts and displays of an ex-
ceptionally meritorious and novel
character are to be given especial
prominence in the Sells-Floto circus,
which exhibits in Brady, Thursday.

One of the most interesting among
the star riders is Daisy Hodgini, who
not only does all the best of the rid-
ing stunts usually associated with
highclass equestrianism, but also adds
an extraordinary touch to her act by
performing all kinds of eccentric juggling
with various articles, including
a lighted lamp, while her horse is
wildly racing around the ring. She
is a member of the Riding Hodgini
troupe.

The Lloyds and the Hobson family
are also credited with doing some of
the greatest and most thrilling rid-
ing in their careers this season, and
in one of their numbers they combine
to give in the three rings one of the
liveliest and most exhilarating exhibi-
tions of whirlwind equestrianism ever
seen in a circus. These are only a
few of the noted riders announced for
the big Sells-Floto circus program.

In the other departments of the
program there are acrobats and gym-
nasts and air-performers and contor-
tionists without stint, with a complete
aerial ballet of pretty and shapely
young women, three herds of remark-
ably-trained elephants, schools of edu-
cated ponies, dogs and monkeys;
wonderful displays on swinging lad-
ders and swaying wires and flying
trapezes, and mixed in with the sen-
sational features, an almost incessant
stream of merriment from forty
persistent clowns.

The program, with its many distinct
displays, will open with a new and
novel pageant, "The Birth of the
Rainbow," which promises much in
the way of spectacular divertisement.
There will also be many spectacular
effects in the free street parade which
introduces Circus Day at 10:30 in the
morning.

As a special attraction this season
the circus management offers Jack
Dumpey, world's champion heavy-
weight in a reproduction of his fight
with Jess Willard, in Toledo, July 4.

Men's Work Clothes of all
kinds, of best quality, at lowest
prices. A. R. HOOPER.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doc-
tor's Advice, Took Cardui
And Is Now Well.

Hixson, Tenn.—"About 10 years ago
I was..." says Mrs. J. B. Gadd, of
this place. "I suffered with a pain in
my left side, could not sleep at night
with this pain, always in the left
side..."

My doctor told me to use Cardui. I
took one bottle, which helped me and
after my baby came, I was stronger
and better, but the pain was still
there.

I at first let it go, but began to get
weak and in a run-down condition,
so I decided to try some more Cardui,
which I did.

This last Cardui which I took made
me much better, in fact, cured me. It
has been a number of years, still I
have no return of this trouble.

I feel it was Cardui that cured me,
and I recommend it as a splendid fe-
male tonic."

Don't allow yourself to become
weak and run-down from womanly
troubles. Take Cardui. It should sur-
ely help you, as it has so many thou-
sands of other women in the past 40
years. Headache, backache, sideache,
nervousness, sleeplessness, tired-out
feelings, are all signs of womanly trou-
ble. Other women get relief by taking
Cardui. Why not you? All druggists.

a sheet of white cardboard is ruled off
into a sufficient number of blank
squares for the days of the month.
The children mark the calendar each
day with a suitable emblem. Yellow
circles should be provided for sunny
days and gray for cloudy. Tiny um-
brellas denote rain; a gray circle part-
ly covered with white indicates snow.
Advertisements furnish pictures for
special occasions—a little church, a
birthday cake, a Christmas tree,
etc. The particular emblem is less im-
portant to the children than the pleas-
ure they take in attending to the cal-
endar regularly, and the fact that
they are being helped to a realization
of divisions of time. The card should
be large enough to allow for a suit-
able picture for the month to be
mounted outside of the ruled portion.
Landseer's "Squirrel and Pair of Nut-
crackers" may be used for the Octo-
ber sheet. Correggio's "Holy Night"
for December, Washington's or Lin-
coln's portrait for February.

Games train the senses at the same
time that they afford keen pleasure.
A mother can play many games with
her child without interrupting her
work. Dramatization is a wonderful
stimulus to the imagination, and num-
berless stories lend themselves to this
form of reproduction.

The kindergarten, aiming as it does
to relate the limited world of the small
person to the larger world about him,
to quicken his appreciation of parents
and all world-workers, to deepen his
wonder and reverence for natural phe-
nomena, is much more than a mere
place of amusement. The home can
be made more than this also.

LOCAL BRIEFS

Yom Kippur is not only a great
Jewish fast day, but it has double im-
portance in the eyes of Mr. and Mrs.
H. Wilensky since it records the ar-
rival of a fine daughter, born last
Saturday night. Mother and babe are
reported doing fine, and every day
now looks like a holiday to Papa Wil-
ensky.

Will Russell was here this morning
from Millersview enroute to Hubbard
City and Corsicana in search of cot-
ton pickers. Will was getting about
on crutches, having had his right foot
badly bruised a week ago when a
wagon ran over it. Although no bones
were broken, the injured member is
making slow recovery.

BRADY, TEXAS, Oct. 7, 1919.

HONEST INJUN.

The man who predicted no more rain until the dark of the moon evidently thought a cloudy night the equivalent of a dark moon.

WELCOME, TEACHERS!

The Standard joins with the citizenship of Brady in welcoming to Brady the teachers from our four neighboring counties, as well as from McCulloch county, in attendance upon the Mid-Texas Teachers' Consolidated Institute.

Aside from an interesting and instructive institute program, Brady had hoped to make their stay among us a most enjoyable one. Brady citizens have opened their homes to the visitors and are caring for their material wants. A good picture show is at their command, and a first-class circus will be available to those who wish to attend on Thursday.

Unfortunately the weather man does not deign to aid us in our plans of entertainment; but nevertheless, and in spite of the wet weather, we are glad to have the teachers with us, and trust their stay will prove enjoyable as well as beneficial.

STARTLING ROAD FACTS.

Texas State taxes are less than \$20,000,000 a year.

Texas pays \$30,000,000 a year more for new automobiles because of bad roads than would be paid if all roads were good roads.

Texas pays \$20,000,000 more for gasoline than the same mileage would require if all roads were good roads.

Texas pays between \$20,000,000 and \$25,000,000 more for repairs on cars due to bad roads than would be paid if all roads were good roads.

Texas pays \$40,000,000 more a year for tires because of bad roads than would be paid if all roads were good roads.

Texas pays \$5,000,000 more for wagons and buggies because of bad roads than would be paid if all roads were good roads.

Texas pays more than \$100,000,000 a year as a tax on bad roads.

Texas pays five times as much tax for bad roads as is collected by the State for all purposes.

Time, isn't it, to pay taxes for good roads and stop the taxes for bad roads.

Good roads are cheaper than bad roads.

HEALTHFULLY SPEAKING.

Friends, Bradyites and Fellow-Citizens:

There is a time in the affairs of men, which, taken opportunely, leads us to cut our weeds, burn our trash, remove our rubbish, fill up our stagnant pools and otherwise prepare to protect ourselves against our common enemies—Sickness and Disease; neglected, we come, are brought face to face with a recurrence of the influenza epidemic, typhoid, malaria and other life-destroying, energy-sapping, destructful and wasteful diseases.

The warning has been sounded! A recurrence of the influenza epidemic means a greater loss of life than was had the past year. Cleanliness and sanitation are the best preventatives. The tremendous weed crops, if allowed to remain on our vacant lots, alley-ways and side streets, will rot and decay, and, rotting and decaying, will furnish the breeding ground for disease germs of every character.

Brady must awake to the necessity of proper sanitary measures.

Brady citizens should not allow carelessness and neglect to exact a terrible life penalty from them. The time to act is now!

Will you heed? Or will you suffer the consequences?

SO SAY WE, ALL OF US.

The Reporter believes that there ought not to be, an adverse vote in Texas on the proposition to permit the people of Galveston, city and county, to issue bonds for the purpose of protecting themselves from the gulf storms and tidal waves. This amendment to the constitution is to be voted on in November. The adoption of this amendment will not cost people of Texas outside of Galveston county, one penny, either directly or indirectly. It will simply authorize the taxpayers of Galveston county or

city, upon a majority vote of their own qualified electors, to issue bonds and tax themselves to take care of the interest and sinking funds accruing. In view of the recent wreck of Corpus Christi, and in view of the more remote Galveston storm, it would seem that there would be no opposition whatever to this amendment. By all means, vote for this amendment, if you vote against all the others.—Rockdale Reporter.

If anyone can see a silver lining to the clouds, won't they please turn them inside out? There are a whole lot of us who want to see the sun that is shining behind these clouds.

Chinamen have five buttons on their coats to remind them of the principal moral virtues recommended by Confucius—humanity, justice, order, prudence and rectitude. We know some men who, if they were Chinamen, would either have to pin their clothes on or mock dear old Confucius.—Temple Telegram.

MISS RUTH BALDWIN
One of the scores of beauties with the Sells-Floto circus, taking a peep between the side walls of the big top.

Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in hard plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 26x46 thresher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

O. D. Mann & Sons

CASE

KEROSENE TRACTORS

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

McCULLOCH COUNTY RED CROSS CONTRIBUTES \$418.00 FOR RELIEF STORM VICTIMS

The McCulloch County Red Cross has contributed \$418.00 for the relief of the storm victims on the Gulf coast. This amount was voted at a meeting of that body held the past week. Needless to say, this amount will go far in relieving the destitution and distress caused by the terrible disaster which befell the people and cities of the Gulf coast, and will be appreciated accordingly.

The donation of this large sum came about in the following manner. The National Red Cross organization expects to raise in America \$15,000,000 to finance Red Cross relief work during the next twelve months. \$1200 was the amount set for the McCulloch county Red Cross organization to raise. It chanced that the McCulloch county organization had a credit of \$782.00 contributed to Red Cross work overseas, and which had not been used by the National government. This sum was, accordingly, credited on the \$1200 quota assessed against McCulloch county, leaving \$418.00 still to be raised to meet the quota. When the great tidal wave swept over the coast cities and towns, the National Red Cross at once began their relief work, and in financing the same, called upon the local organization to donate the balance due on the National campaign, to the relief of the storm victims. This request was acted favorably upon at once by the Red Cross chapter at its meeting last week.

Catarrrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrrhal Deafness that cannot be cured by Hall's Catarrrh Cure. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

VOCA VOICES.

Virgil Allen and Miss Lola Catchings Married at Voca, Texas, Oct. 3.

Editor Brady Standard: Cotton picking is in full blast this week. The gin has been in operation since Monday of this week and the cotton is being brought in fast.

Virgil Allen and Miss Lola Catchings were married September 29th. They will make their home in Voca. We offer heartfelt congratulations. Mrs. C. C. Mayo returned this week from Oklahoma. She had been visiting her brother and sister.

Floyd Stewart from near Junction visited his brother Virgil Stewart this week.

Oran Tinsley and Pete Jordan from Mason were visitors in Voca Sunday. Harrison Brown is visiting in Voca, the guest of his brother, Joe Brown. Tom Meadows returned this week from France. His many friends are rejoicing over his return.

Mr. and Mrs. Albert McLerran gave a party Saturday night complimenting Tom Meadows. Ed Spiller and father returned this week from Temple. The doctors at that place decided an operation was not necessary for Mr. Spiller at present.

"IOLA."

WONDER WORDS.

Wonder, Ore., Sept. 19.

Editor Brady Standard: During ones lifetime he hears many amusing things if he could only remember them all his head would be quite a scrap book.

Only today I heard someone telling about "having a raisin in the head," evidently meaning a rising or sore.

Yes, it has rained about a week—a real Oregon drizzle; the most I have ever seen in this country for the first one of the season. You will remember I told you it hadn't rained a good

one since May. We made some corn without a drop of water, so to speak. But we had the ground thoroughly pulverized to prevent the moisture from escaping. But not to let the rays of light and the air in; no, not for that purpose! People here are very busy putting up fruit, and are considerably handicapped on account of the scarcity of sugar. Retail merchants can only get a sack or two at a time and sometimes only twenty-five pounds. They, in turn, are restricting their customers to fifty cents worth at a time, in order to make it go round. Such is reconstruction time after the war.

President Wilson was in Grants Pass day before yesterday on his tour speaking for the ratification of the treaty and league of nations, to prevent future warfare. It is surprising how many people oppose it. I say, let's try it! We have always had wars without a league of nations and will have more without it. So let's try it anyway, and if it fails, then try some other remedy. I think the

most effectual remedy would be to have a real, actual bonafide democracy of the world over. Educate the people of all nations and let them decide everything at the ballot box.

"O. I. C. U. R. RIGHT." P. S.—I haven't received an ear of corn yet, neither white nor yellow. Somebody is going to miss that paper dollar if they are not careful. If I receive one ear it will be the largest one, and take the prize, of course!

"O. I. C."

WHY NOT OWN A FARM?
