

## FOUR GOVERNMENT TRUCKS TO BE SECURED BY McCULLOCH

### M'CULLOCH STORM RELIEF FUND NOW REACHES \$794.55

Previously Reported .....\$739.55  
 F. W. Henderson ..... 50.00  
 Tom Bradley ..... 5.00

Total .....\$794.55

The Standard desires to commend to the attention of its readers the above-mentioned subscriptions to its Gulf Storm Relief fund. We hardly believe our readers realize or appreciate the terrible loss in life, property and general welfare that has resulted from the devastating storm that swept the coast but a few weeks ago. The property loss will run into the millions of dollars; the relief has been measured only by a few thousands.

While McCulloch county's total contribution will, perhaps, not fall short of those of other neighboring counties, nevertheless we believe donations to this cause—this answer to a cry of destitution, distress and hunger—should have been measured not in subscriptions of 50c to \$10, as our last week's list showed, but rather in donations of from \$5.00 to \$50.00.

The Standard will continue to receive donations for the storm relief fund just as long as any of our citizens feel urged to give. Each week's donations will be forwarded at the end of the week to the Central Relief committee headquarters at Corpus Christi.

### BRISK NORTHER BLOWS UP BUT FAILS TO CLEAR AWAY THE THREATENING CLOUDS

A brisk norther blew up last Friday and caused a hurried search for last winter's clothes and heating stoves. The norther was welcome, and coming from the northwest was calculated to clear up the cloudy atmosphere. While it probably served to stay a threatened general rain, it failed to dispel the clouds entirely, and as the mercury rose, the clouds began to drip their moisture. This morning gave a glimpse of the sun, but only for a few moments. The salvation of the big McCulloch county cotton crop now appears to lie in a frost sufficient to bring about a clearing up of the elements, and this cannot occur one moment too soon for any of our citizens.

### WHY NOT OWN A FARM?

### PICK-POCKET IS NABBED BY COLEMAN OFFICERS

Sheriff Hamilton arrested a man Wednesday who was suspected of having slipped \$80 out of a banker's pocket at Brownwood that morning.

The suspect was taken to Brownwood and identified by his victim.

It seems the pick-pocket was operating in the big crowd at the Santa Fe depot at Brownwood on circus day. After he relieved the banker of his roll the officers got on his trail and he bought a ticket to San Angelo, coming west on the morning train.

When the train arrived at Santa Anna about a hundred Mexican cotton pickers got off the train and the pick-pocket evidently decided it was a good time to leave the train unobserved.

Going to the City Garage he arranged with Bill Mitchell to take him to Coleman in a car for \$10.00. They had been gone only a few minutes when Brownwood officers notified local officers to lookout for a suspicious looking person of certain description. They got on his trail at once and finding that he had gone to Coleman, phoned Sheriff Hamilton to go out and meet him. This the sheriff did, taking him by surprise and later turning him over to the Brownwood officers.—Santa Anna News.

### MOTOR TRUCK AGENCY. Mutual opportunity to secure exclusive selling franchise for Brady and vicinity for a well-known high-grade Truck. Liberal contract. IMMEDIATE DELIVERIES.

Texas Automotive Sales Co., 500 Throckmorton St., Ft. Worth, Tex.

### RODDIE OF BRADY, TEXAS, BUYS REMAINDER OF THE SPRING WOOL CLIP

San Angelo, Oct. 9.—H. P. Roddie of Brady, who has wool, pecan and hide houses in a half dozen Texas towns, has purchased the remainder of the West Texas Wool & Mohair association's 1919 accumulation of spring wool. The clips totaled 400,000 pounds and brought around \$250,000. The firm during the present year has handled in excess of 1,000,000 pounds of wool and expects to store that much next spring.

Duwayne E. Hughes, Mertzon banker and manager of the wool company, says there are more sheep in the country at present than before the three years' drought, beginning in 1916. One reason for the increase in the flocks is the dry spell in the Northwest, from which territory about 20,000 sheep have been shipped to West Texas this summer.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

Save money by ordering your coal early from Macy & Co. We sell that good McAlester Coal.

Just Arrived—New Fall Patterns Gingham, 20c to 33c per yard. A. R. HOOPER.

Macy & Co. are ready to supply your Coal orders. Phone 295.

Who Could Tell?  
 The type of youth who indulges in loud clothes and a hat forced back over his ears dropped into the dental chair.  
 "I'm afraid to give him gas," whispered the dentist to his assistant.  
 "Why?"  
 "How can I tell when he's unconscious?"

### DELMAR CONALLY, MORE THAN TWO YEARS IN TRANS-PORT DUTY, VISITS HERE

Delmar Conally arrived Monday from Fort Worth and is spending the week here visiting his aunt, Mrs. John Tulk, and friends in the city. Delmar is one of Brady's original sailor boys. He left here in company with Ben Reed at the time he volunteered for enlistment, but says he left the Great Lakes training station before Ben, and never saw him again during the balance of his period of enlistment. Delmar was in service 25 months to a day when he secured his release on the 23rd of May. The greater part of this time he was stationed on the U. S. S. Connecticut, and following the signing of the armistice, the big ship was engaged in the transport service.

Delmar has been staying with his parents in North Fort Worth since his return from the navy, and, following his visit here, expects to go back to Fort Worth to make his home.

### JOHN HUMPHRIES PASSES AWAY AT BROWNWOOD SUNDAY. FOLLOWING INJURIES

John Humphries passed away at Brownwood Sunday following injuries received several weeks ago while at work in the Brownwood oil fields. Deceased was a brother of W. E. Humphries, manager of the Rochelle Telephone exchange, and about a year ago was employed by Jack Tait on the C. S. Thomas well at Whiteland. He was quite well known both in the Brady community and at Rochelle. The body was carried to Burnet, where funeral services were held and interment made yesterday.

You can haul one bale of seed cotton in the ton size Matco Trailer behind any car. Get one at F. R. WULFF'S.

If you need cotton sacks, we have all sizes, 4 1/2 to 9 ft. A. R. HOOPER.

### COMMISSIONERS WILL ENDEAVOR TO SECURE TRUCKS FOR EACH PRECINCT

### COUNTY JUDGE EVANS ADKINS IS PROMISED THREE-FOUR NEEDED TO SUPPLY NEEDS OF EACH COMMISSIONER—INVALUABLE AIDS TO COUNTY.

The McCulloch county commissioners are now endeavoring to secure one of the government trucks for each county precinct, and have made application for same. County Judge Evans Adkins has already been given assurance that three trucks would be awarded this county, but since four trucks will be required in order to give each commissioner's precinct the use of one truck, the new application has been forwarded to the authorities in charge of the federal distribution. San Angelo has been named as the distributing point, and McCulloch county will secure her trucks from that point. The obtaining of the trucks will cost the county \$250 for each truck, plus a rental charge of \$25 per year. The \$250 charge is to cover freight charges from the factory to the point of distribution.

The distribution of the trucks, as has been stated in these columns before, is the result of the government having purchased the output of several of the big auto-truck manufacturing plants, with the intention of using the trucks during the war. The purchase was made with the condition that when the war ended, these trucks should not be placed on the market for resale in competition with the trucks then being manufactured by these concerns. The signing of the armistice left thousands of these trucks on the government's hands. Many of them have never seen service of any kind. To dispose of them, the government offers them to the various counties for the payment of freight and transportation charges, which, for McCulloch county, amounts to \$250, plus the nominal rental charge of \$25 per year.

The McCulloch county commissioners were quick to see the tremendous advantage the use of these trucks would give them. Where it is now impossible to secure wagons and

teams to haul gravel and road material, with the aid of a 3-ton or a 5-ton truck, not only could immense quantities of road material be moved, but the work of keeping the roads in repair, as well as the upbuilding of the road system would be expedited to a wonderful degree. As a further use to which these trucks might be put, it is stated that Runnels county hitches three road drags behind a big truck, one to drag on either side of the road, and the third covering the crown of the road bed. In this manner, the county is enabled to drag all its main highways from one end of the county to the other within the course of a few days. The trucks would come in for further use in the moving of great grain crops, or for a multitude of purposes, and could be made to serve the citizenship in a wonderful manner.

As one of the county commissioners expressed it: "Really, every commissioner's precinct in the county should have two trucks instead of one—but we are going to be satisfied if we each get one."

### SECOND PROPOSITION MADE CITY FOR NEW LIGHTING SYSTEM HAS ADDED MERITS

T. P. Grant, secretary of the Brady Chamber of Commerce, returned Monday from Fort Worth and Dallas, where he had been spending the past week examining into various propositions for giving Brady an up-to-the-minute light and power system. Mr. Grant reports his visit as having had good results. Not only did he secure much valuable data regarding rates at which light and power could be profitably furnished, but he also secured propositions from manufacturers of plants other than the Fairbanks-Morse, that have numerous points of merit and advantage over the Fairbanks-Morse.

A proposition was made by the West Texas Power & Light Co. to furnish Brady with light and power, providing the citizens would build the power line from Brownwood to Brady. This company bases its light and power charges on a sliding scale. In other words, the man who uses a motor and operates it but two hours a day, pays a higher rate than the man who operates a motor for 24 hours in the day. This for the reason that the two-hour a day motor requires the power plant to operate the full twenty-four hour period, just the same as the one that uses current throughout this period.

The second plant proposition made Mr. Grant has, among other points of merit, the fact that but one generator is required regardless of whether only one unit or two units are installed. With the Fairbanks-Morse system a new generator would have to be installed with every added power unit. The saving resulting from the installation of but one generator would total between \$1,000 and \$1,500.

Secretary Grant is determined to secure for Brady a plant that will give service in the future as well as in the present, and is directing his efforts towards securing the most efficient type of plant at the most moderate price that the market affords.

### OIL NEWS AND DEVELOPMENTS IN MENARD COUNTY REPORTED FOR PAST WEEK

Leonard Petroleum Company on the Waring ranch are underreaming preparatory to setting casing.

Cochran and Stuart on the Brandenburg ranch are drilling at 1200 feet in Bend formation.

Thomas and Ludlow on James Russell ranch are drilling at 620 feet.

Thomas & Ludlow will spud in on the Mears ranch this week.

Thomas & Ludlow are hauling pipe to the Kothmann ranch.

Thomas & Ludlow on Bevans & Russell have material for derrick on ground.

Lea Oil Company on the Ball ranch are drilling at 325 feet.

Quaker Oil Co., on the Grandstaff ranch, shut down.

Home Oil & Refining Company on the Ellis are skidding rig over and will start a new hole, being unable to pick up the lost bits.

Home Oil & Refining Company on the Joe Fisher ranch have spudded in.

Home Oil & Refining Company on the W. W. Russell ranch waiting for bit stems.

Home Oil & Refining Company on Mudge and Batt ranch is a location. Rig enroute.

Benedum & Trees on the Patterson and Beasley ranches are both shut down for supplies.—A. G. Holmes, in Menard Messenger.

### LIST OF COUNTY COURT JURORS SUMMONED FOR THE OCTOBER TERM

- The following is the list of petit jurors summoned for the October term of county court. Court will be convened at 1:00 p. m., Monday, October 20th:
- Jurors—First Week, October 20th.  
 G. V. Gansel, Brady.  
 W. M. Campbell, Waldrip.  
 Hubert Adkins, Brady.  
 R. E. Peel, Melvin.  
 J. A. Patterson, Rochelle.  
 C. R. Daniels, Waldrip.  
 R. A. Pennington, Lohn.  
 L. A. Williams, Brady.  
 Wilson Jordan, Brady.  
 J. H. Snodgrass, Stacy.  
 M. P. Wegner, Brady.  
 C. H. Vincent, Brady.  
 M. Z. Bates, Lohn.  
 G. C. Black, Brady.
- Jurors—Second Week, October 27th.  
 J. R. Harrell, Pear Valley.  
 G. W. Vineyard, Doole.  
 S. H. Garner, Rochelle.  
 Clyde Eubank, Brady.  
 H. F. Jordan, Brady.  
 Ben Strickland, Brady.  
 T. P. Hinds, Stacy.  
 John Hester, Lohn.  
 M. A. Spragins, Pear Valley.  
 O. L. Neve, Melvin.  
 E. T. House, Mercury.  
 W. F. Roberts, Jr., Lohn.  
 S. J. Howard, Brady.  
 J. A. Henton, Melvin.

### NEW BAG LIMITS FOR THE HUNTERS DOVE LIMIT IS 15

Austin, Texas, Oct. 8.—Attention of hunters is called to important material changes, as well as differences, in state and federal game laws, in a statement by the game, fish and oyster department. Most important of these is that the federal law now forbids the shooting of curlew and upland plover, and fixes a daily bag limit of twenty-five on doves. The state law allows a maximum of but fifteen doves.

The new bag limits and open seasons follow:

Deer, three bucks, from November 1 to December 31.  
 Turkey, three gobblers, March 1 to April 30.  
 Doves, fifteen per day, September 1 to December 15.  
 Quail or Mexican pheasants, fifteen per day, December 1 to January 31.  
 Ducks, twenty-five per day, October 16 to January 31.  
 Geese, brant and sandhill crane, eight per day, October 16 to January 31.

A maximum of twenty-five is fixed as a day's bag limit, which would include any combination of birds listed above.

Farmers may kill birds destroying growing crops by obtaining a proper permit without regard to limit or season.

Shooting migratory fowl from motor or sail boats is prohibited by federal law. All such boats carrying passengers must obtain a license from the game, fish and oyster department.

The state law prohibits the hiring or employing of another person to hunt and makes it a misdemeanor to accept such employment. This prevents even the giving of a box of shells to a person to hunt for another.

Game now may be shipped without the hunter accompanying the shipment by protecting the bag with an affidavit. These affidavits may be taken by express, train auditors, conductors and boat captains.

The new hunters license costs \$2.00 each and is required when hunting beyond the confines of a person's own resident county, even on land owned by the hunter.

The only closed season on squirrels is in Angeline, Cherokee, Hardin, Liberty, Nacogdoches, Dallas, Rockwall, Tyler, Jefferson, Orange, Jasper and Newton counties, this season extending from January 1 to Sept. 1 with a bag limit of five daily. There is no bag limit or closed season on javelinas and peccaries.

A material change in the state law permits the bringing in of game and game birds, dead or alive, from Mexico. The federal law, however, provides that live quail may be imported from Mexico only through the port of Eagle Pass. All such imports must be upon permit issued by the game, fish and oyster department of Texas.

It is unlawful to kill any wild song bird and night hunting is prohibited in all seasons, as also is the use of any light or lantern.

## HONEST INJUN.

This editor has been asked when the rain would be stopped. We don't know. Fact is, it looks like the rain has been unstoppered.

## AN APPEAL.

Damage in the storm swept gulf coast will amount to more than \$20,000,000 it is estimated, and Governor Hobby has issued an appeal for additional help. Corpus Christi has received to date but \$165,682. Texas is the fourth state of the union in population and wealth. There is an era of wide-spread prosperity in the Southwest. This appeal of the stricken should not fall upon stony hearts or deaf ears.—Fort Worth Record.

## THE RIGHT CITIZENSHIP.

The Brady Chamber of Commerce has secured a fund of more than ten thousand dollars, which is being loaned by Brady business men for a period of two years at eight per cent interest, for the purchase of brand new equipment for the municipal light plant, after having created a similar fund for making repairs at the water works plant. Towns having citizens who are willing to put their own money into municipal improvements need have no worry over their future; and Brady evidently has a number of such citizens.—Brownwood Bulletin.

## A BAD ROADS STORY.

Commenting upon the conversation of the county's largest landholder, for generations the rock against which good roads projects broke, the Archer County News unburies itself of the prize bad roads story:  
Samuel Johnson, black, and his inamorata, also black, trailed by a corporal's guard of pickaninnies, applied to the clerk of a Southern courthouse for a marriage license. The clerk eyed the assemblage doubtfully.  
"Whose children are these?" he asked.  
"Dey's own," was the ready response from Sam.  
Being new at his post, the clerk was scandalized. "You ought to be ashamed of yourselves waiting to get married till you have a family half grown."  
"Judge," interrupted the blushing bride, "de roads out our way is pretty bad."

## BUSINESS INSURANCE.

Every industry, whether great or small, must build for present success and future expansion. Our biggest business enterprises have grown out of insignificant beginnings and their present success can be traced to their realization of the tremendous advantage to be gained by advertising—the accepted definition of which is "business insurance."  
Take, for instance, Scott's Emulsion—this business was started nearly fifty years ago by two men without great financial backing, but they thought enough of and believed enough in their preparation to know that the years to come would bring success, but they also realized that success could not come without publicity. Newspaper advertising was started, and has been continued, with the result that Scott's Emulsion is universally relied on as a tonic-food for children and adults of all ages. Its pure Norwegian cod-liver oil is prepared by the Scott & Bowne process at their plant in Norway under their own supervision, where a large fleet of boats is kept employed during the fishing season. The livers are taken from the fish and the oil extracted by a steaming process. The crude oil is placed in air-tight casks and shipped to their refining plant at Bloomfield, New Jersey, where the oil can be refined in real Norway temperature, insuring its absolute purity.  
Notwithstanding the above facts, the makers are aware that the public has a short memory and to curtail on the advertising would invite forgetfulness, so rather than risk this forgetfulness they continue to pay the premiums on their "business insurance" policy.  
After this long success with Scott's Emulsion they have produced a new digestive tablet known as Ki-moids, which were subjected to scientific experiment for two years before they

## GENERAL RELIEF COMMITTEE

Corpus Christi, Texas, October 9, 1919.

Mr. H. F. Schwenker,  
Editor The Standard,  
Brady, Texas.

Dear Mr. Schwenker:—I am pleased to acknowledge receipt of your favor of the 6th instant enclosing draft in the sum of \$224.05 as a further contribution of McCulloch county citizens to our relief fund. Will you not, through the columns of your paper, express to the contributors our heartfelt appreciation?

Cordially and gratefully yours,  
ROY MILLER,  
Chairman Relief Committee.

were offered to the public. Both of these products will be found advertised in this paper, and if the makers of Scott's Emulsion and Ki-moids think well enough of our publication to use it as their medium to gain publicity, consistent use of our columns will surely give standing and a definite asset for future expansion to others. The best way to protect business is through "business insurance"—which is advertising.

## SNAP SHOTS.

Mr. Peavish says that before they were married, Mrs. Peavish used to wrap him around her little finger, and now she raps him with anything she can lay her hands on.—Dallas News.

## Left No Room for Doubt.

The afternoon was warm, holidays were approaching and the teacher was almost worn out in trying to drum the elements of grammar into the wooden craniums of her pupils, says London Answers.

"Now, Johnny," she said, wearily, "tell me—would it be proper for you to say: 'You can't learn me nothin'?" Johnny looked thoughtfully for a moment, and then replied in a tone of conviction:

"Yes, mum."  
The teacher sighed.  
"Why, Johnny?" she asked. "Tell me why?"  
And now the answer came quick and pat:  
"Cause yer can't!" said Johnny, triumphantly.

## Big Game.

Larry Covington of the Philadelphia Evening Times, was in the city, says the New York Telegraph. While in a Broadway cafe Mr. Covington was telling of a trip he once took to Savannah, Ga., with some friends.  
"We decided to go out to Mrs. Bannon's fish lodge for supper," he said.  
"We chartered an old seagoing hack driven by a negro. The driver was a knowing old fellow and pointed out to us all the places of interest along the route."  
"As we were nearing Mrs. Bannon's place, which is four miles from Savannah, a squirrel appeared in the road."  
"George," I said, after we had all

noticed the squirrel, 'do you have any big game around here?'  
"Yes, indeed, sah," replied the negro. "We has baseball."

## Youthful Logic.

The teacher in elementary mathematics looked hopefully about the room, says the Youth's Companion. "Now, children," she said, "I wish you to think carefully before you answer my next question."

The small pupils sat eagerly awaiting it, wild-eyed, and in some instances open-mouthed.  
"Which would you rather have, 3 bags with 2 apples in each bag, or 2 bags with three apples in each bag?" asked the teacher.

"Three bags with two apples in each bag," said a boy in one of the last seats, while the rest of the class still debated as to the best answer.

"Why, Paul?" asked the teacher.  
"Because there'd be one more bag to bust," announced the practical young mathematician.

Stamp Pad Ink—in sizes from 25c to \$1.00. Brady Standard. Guns and Ammunition. O. D. MANN & SONS.

## You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood. The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## SALVATION ARMY PLANS COMPLETE FOR HOME DRIVE

Texas Campaign for Home Service Fund of \$600,000 Fully Organized.

## WORKERS TO ASSIST ON SPEAKERS BUREAU

Workers Who Saw Oversea Service to Show Gratitude By Giving Help

Dallas, Texas—Fully organized in all of the Texas counties in the southwestern home service zone for the Salvation Army the state corps of organization men are going back over the field in an effort to solidify their work, according to Herbert B. Ehler, southwestern director of finance.

The campaign will open September 29. It will be preceded by a week devoted to Salvation Army work. Governor Hobby has set the entire week aside by executive proclamation. In this week special appeals will be made to the public by the Salvation Army through speakers and soldiers' quartets.

## Overseas Men to Talk

The speakers bureau has made arrangements for a number of service men and women to talk in the largest cities of the state. Overseas heroes will be routed throughout the entire southwest. All of the five overseas Salvation Army officers who are available will be assigned work.

"Pa" and "Ma" Burdick will be available for a limited number of engagements, Lieutenant Colonel George Wood, commander of the southwestern district announces. No strenuous campaign will be outlined for them, however, because of their age and the inconvenience and discomforts of travel at this season of the year.

## Fighting Men Will Help in Campaigns

Waco, Texas.—Fighters of the American expeditionary force are offering their services daily for the Salvation Army's \$600,000 home service drive in Texas which begins September 29, according to R. E. Logsdon, state campaign director, who has been arranging a number of novel campaign features with the soldiers. Twenty-five men who have seen overseas service volunteered to help at Waco, Tuesday. The offer was accepted by E. A. White who was selected chairman for the city and county drive. The men will be used as solicitors among the most able to give, Mr. White announced.

## Legion Offers Service

J. M. Pollard, post commander of the El Paso American Legion tendered the services of the post to Major Richard F. Burges, district and city chairman at El Paso. Burges is a member of the post and a veteran of foreign service.  
"You may rest assured that the legion will be glad to cooperate with you," Post Commander Pollard wrote Mr. Burges. "Advise us how we may be of service. The Salvation Army at a time not yet forgotten 'direct service' to many of us and we eagerly accept the opportunity to repay, in a small measure at least, the debt we owe."  
Frestone county was organized Tuesday with E. P. St. Clair of Teague as chairman. Comanche county is rapidly perfecting an organization under the leadership of E. P. Woodruff of Comanche.

## Many Cities Demand Corps Organization

Demands for corps of Salvation Army workers are being made almost daily upon Lieutenant Colonel George Wood, commander of the southwestern division of the Salvation Army. Colonel Wood is now preparing his forces for the home service campaign which will open September 29.

Many cities that have never had forces of Salvation Army workers are planning to erect homes for corps. Wichita Falls, Texarkana, Port Arthur and Waco fall into this class. In each city a determined campaign will be made for building funds. In addition, each of the present twenty-four corps cities will build for their workers.

## Wood is Pleased

"I am very much pleased with the result of our efforts to meet this demand for expansion," Lieutenant Colonel Wood said in speaking to state campaigners at Dallas recently. "Our greatest difficulty is not in getting money but in getting the necessary workers."

"The end of the war, however, is greatly decreasing the tenseness of our working corps situation. I fully expect that by drafts on big eastern corps and with graduates from our training schools, we shall be able to care for the demand without serious difficulty."

## Many Meals Are Given Away

In addition to its many other acts of mercy and compassion, the Salvation Army last year gave away 12,123,643 meals at maternity hospitals and rescue homes. It supplied 225,735 beds.

## THE LOST IS FOUND

Through a Brady Standard CLASSY-FI-AD—of course!

A lady lost an auto tire, and advertised the fact in a CLASSY-FI-AD. The finder promptly returned the tire.

Another lady lost a valuable brooch—and had it restored to her through a CLASSY-FI-AD.

A man lost a rat terrier—and a CLASSY-FI-AD found the dog in a neighboring town and restored it to him.

A lady lost a parasol—a CLASSY-FI-AD carried the news to the finder, who promptly restored the lost article. All these within the past week or two. SERVICE, did you say? Yes, and SATISFACTION, too. That's the mission of

## The Brady Standard's CLASSY-FI-ADS

The Standard's Classy-Fied Ad rate is 1 1/2c per word for each insertion, with a minimum charge of 25c. Count the words in your ad and remit accordingly. Terms cash, unless you have a ledger account with us.

FOR SALE—Morris Cash and Bookkeeping Register. F. R. WULFF, Brady.

LOST—On show day, somewhere between the Union warehouse and Ramsay's planing mill, solid gold, framed, pink-shell, Cameo Brooch. Finder please return to Standard office and receive reward.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

## What He Had.

During a famous trial, Bitts, the lawyer for the plaintiff, had so brow-beaten his witnesses that the remaining one, a timid-looking little huckster, was eager to do his best.  
"Ha, sir!" thundered Bitts, "I hope we will have no trouble hearing you."  
"I hope not, sir," replied the witness loudly.

Bitts, believing the witness was mocking him, shouted angrily, "Have you been drinking this morning, sir?"  
"Yes, sir," roared the witness, louder than before.  
"Ha, I thought so. And what have you been drinking, sir?"  
"Coffee, sir."

"And what did you have IN your coffee, sir?" shrieked the now raving Bitts, shaking his fist at the witness, who shrank away and bellowed in a voice that fairly shook the courtroom:  
"A spoon, sir!"

We have what you want in OFFICE SUPPLIES. Phone 163 and our young man will deliver the goods. The Brady Standard.

Whether you want to buy or to sell, we want to serve you. Phone 265, or call at our office. McCulloch County Oil-Lease Exchange.

## No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

## OFF TO SCHOOL

A LARGE NUMBER OF BRADY AND McCULLOCH COUNTY BOYS AND GIRLS ARE OFF TO SCHOOL.

## HERE'S A HINT—

YOU CAN OFFER NO GREATER PLEASURE THAN BY SENDING THEM THE BRADY STANDARD DURING THE SCHOOL TERM. ALL THE HOME NEWS—IT'S BETTER THAN A LETTER.

## Here is a Practical Outfit

This Case 15-27 H. P. Oil Tractor pulls three plows in herd plowing—four plows under favorable conditions. It has 25 per cent. reserve power. It burns kerosene successfully and economically. All gears are cut steel enclosed and run in oil. The one-piece main frame insures permanent alignment of all gears, shafts and bearings.

It is also adaptable for all kinds of belt work. It easily handles a Case 26x46 thresher equipped with wind stacker and feeder. Its pulley is properly placed for convenient "lining-up" to a driven machine.

We recommend the 3-bottom automatic lift Grand Detour plow for use with the 15-27 tractor. This makes an ideal combination for the average size farm. It is neither too large nor too small. It can plow from 9 to 14 acres in ten hours.

The plow is light, but owing to its simple construction it is strong and durable.

We will be glad to explain this rig in detail. Write or call us today. Investigate before you buy.

## O. D. Mann & Sons

NOTICE: We want the public to know that our plows are NOT the Case plows made by the J. I. Case Plow Works.

**PLANS FOR DRIVE BEGUN**

CAMPAIGN WILL DETERMINE THE  
FUTURE OF RED CROSS.

Reasons for Maintaining Organization  
at Present High Efficiency.  
Are Given.

Plans for the nation-wide Red Cross  
campaign, opening Monday, November  
3 and closing Armistice Day, Novem-  
ber 11, are being begun in every city,  
town and county by Red Cross work-  
ers. The primary object of the cam-  
paign, which will be known as the  
Third Red Cross Roll Call, will be  
to enroll members for 1920. Twenty  
million members will be sought  
throughout the country, and in the  
Southwestern Division of the Red  
Cross, comprising the states of Mis-  
souri, Kansas, Texas, Oklahoma and  
Arkansas, the quota has been set at  
2,000,000 members.

It is the consensus of opinion that  
the coming drive is the most important  
ever undertaken by the Red Cross, in-  
asmuch as the results will determine  
to a large extent the possibilities of  
future Red Cross endeavor.

Is there an unspoken question in  
your mind as to why the Red Cross  
is conducting a drive? If so, perhaps  
the following brief outline will answer  
your query.

The Red Cross, first of all, must  
take care of the wounded and disabled  
soldiers in the hospitals. Thousands  
of men are still in the hospitals,  
abroad in the Army of Occupation, in  
the camps awaiting discharge and in  
service on the border. The Red Cross  
must continue to care for these men  
until the last man is home.

The safety of America hinges on the  
checking of disease and Bolshevism  
abroad. The Red Cross must complete  
its obligations to foreign countries.  
Red Cross relief commissions have  
worn their way into the hearts of these  
suffering peoples and have at hand the  
means for the solution of their prob-  
lems.

The Red Cross must answer the call  
of the American people. The toll of  
the influenza epidemic, the health con-  
ditions revealed by the draft, alarm-  
ing statistics concerning infant mortal-  
ity, have added to the growing real-  
ization that public welfare depends  
on public health. The American peo-  
ple are becoming aroused to the urgent  
need of health knowledge. They have  
realized the value of Red Cross Home  
Service for its activities have reached  
communities where no other social  
agency is at work. They are learning  
to appreciate that the future of Amer-  
ica depends on the training for citi-  
zenship of the coming generations.  
America is turning to the Red Cross  
for help in solving these community  
problems.

One of the best reasons for the  
maintenance of the Red Cross at its  
present high state of reorganization  
and efficiency is to be found in the  
prompt relief measures taken during  
the recent storm that swept the Tex-  
as coast.

The Red Cross, one of whose objects  
is to minimize suffering after just  
such a disaster, had machinery in  
readiness that was put into instant  
operation. Those left dependent by  
injury and death were not compelled  
to rely upon a haphazard improvised  
organization to collect funds and dis-  
tribute inefficiently and wastefully the  
means of relief. On the first receipt  
of the news of the disaster, relief  
trains were made up at Laredo and  
San Antonio, Tex., trained disaster re-  
lief officials left St. Louis to take  
charge of the disbursement of supplies,  
while at Galveston a government ves-  
sel was hurriedly impressed into ser-  
vice to carry relief supplies.

The duty of liberal all-the-year-  
round support of the Red Cross is  
made plain.

**NEED 1,000,000 WORKERS**

RED CROSS WOMEN WILL WEAR  
UNIFORMS IN DRIVE.

"Once a Red Cross Worker, Always a  
Red Cross Worker." Will be  
Slogan Adopted.

Red Cross workers will be interested  
in a recent announcement of Alfred  
Fairbank, manager of the Southwestern  
Division, American Red Cross, of  
St. Louis, that 1,000,000 volunteer  
workers, most of whom will be women,  
will be needed for the Third Red Cross  
Roll Call, November 3 to 11.

"Once a Red Cross Worker, Always  
a Red Cross Worker," is the slogan  
which is going to characterize the  
activities of the organization's helpers.  
The loyalty of each class of workers  
who aided the Red Cross during the  
war is to be appealed to. Canteen  
workers, surgical dressing workers,  
motor transport drivers, nurses' aids,  
knitters and garment makers, all are  
to be asked to extend their efforts  
again to the utmost to help establish  
the Red Cross firmly upon a peace  
basis.

Under a recent decision affecting  
campaign plans, these women workers  
will be asked to wear their uniforms  
at all hours during the forthcoming  
drive. A house-to-house canvass of  
every city, town and county in the  
nation will be one of the features of  
the Roll Call, and it is expected that  
the wearing of the uniform will have  
much to do with bringing back the  
former war-time spirit of loyalty and  
devotion.

**Kindergarten Helps for Parents**

This is No. 8 of a series of articles issued by the National Kinder-  
garten Association. They will appear weekly in these columns.

TRAINING LITTLE CHILDREN.  
By MRS. LOUISE GULLDLIN SIMENSON.

Every young mother should mem-  
orize a few of the songs and finger  
plays, and study the explanations,  
mottos and pictures in Froebel's  
"Mother Play," so that she may begin  
to use them in her home long before  
the kindergarten age. I have used  
them and find that they teach the vir-  
tues which later it is so hard to in-  
still, for, as Froebel says, "Mother,  
you can now do with a touch as light  
as a feather what you cannot later ac-  
complish with the pressure of a hun-  
dredweight."

I have also found that the songs  
and plays fill the child's heart with  
joy and contentment, entertain him  
immensely and supply his imagina-  
tion with wholesome food. If the  
mother has memorized some of the  
songs, she can sing or croon them  
while busy about her household tasks,  
and in this way can often direct her  
child's thoughts and play, with defi-  
nite aims in view. Her walks or rides  
with the children may also be made  
occasions for such play.

To illustrate how Froebel's philoso-  
phy helps the mother to train her  
child, let us consider first the pat-a-  
cake play. You smile and say, "Why  
all mothers play pat-a-cake with their  
babies; that is nothing new." Yes,  
mothers have played pat-a-cake for  
ages and ages, but if they want to  
know why they play it, let them turn  
to Froebel, who points out that the  
reason the little game is so widely  
known is because "Simple mother wit  
never fails to link the initial activities  
of the child with the every-day life  
about him." He also says, "The bread  
or, better still, the little cake which  
the child likes so well, he receives  
from his mother; the mother in turn  
receives it from the baker. So far, so  
good. We have found two links in the  
great chain of life and service. Let  
us beware, however, of making the  
child feel that these links complete  
the chain. The baker can bake no  
cake if the miller grinds no meal; the  
miller can grind no meal if the farmer  
brings him no grain; the farmer  
can bring no grain if his field yields  
no crop; the field can yield no crop if  
the forces of nature fail to work to-  
gether to produce it; the forces of  
nature could not conspire together  
were it not for the all-wise and bene-  
ficient Power who incites them to  
their predetermined ends."

It is because we mothers have felt  
perhaps dimly and unconsciously the  
lesson which the pat-a-cake play  
teaches of dependence on one another,  
and the gratitude each owes to all,  
that we have played this little game  
from ancient times.

**The Value of "Pat-a-Cake."**

I start to play pat-a-cake with my  
baby when he is six months old. It  
affords him great satisfaction to exer-  
cise his arms and to direct his move-  
ments so that both little dimpled  
hands meet together. When he is a-  
bout 18 months or 2 years old I be-  
gin to show him the picture of pat-a-  
cake found in Froebel's "Mother  
Play." Through this means, I gradu-  
ally and easily lead him to see that  
"For his bread he owes thanks not  
only to his mother, to the baker, the  
miller, the farmer, but also and most  
of all to the Heavenly Father, who,  
through the instrumentality of dew  
and rain, sunshine and darkness, win-  
ter and summer, causes the earth to  
bring forth the grain."

It is only after having studied the  
picture thoroughly and read the chap-  
ter on Pat-a-Cake in the "Mottos and  
Commentaries" and committed to  
memory the verses and tune in the  
"Songs and Music" of Froebel's  
"Mother Play," that I am ready to  
teach pat-a-cake to my baby, and as  
I have shown, I do not teach it all  
at once, but refer to it again and  
again, perhaps when we are out work-  
ing in the garden on a sunny day, or  
in the house watching the rain. When  
my child is old enough to be interest-  
ed in such things, we go into a bakery  
shop and, to the astonishment of the  
baker, ask if we may see his ovens.  
We often pass a mill and I tell my  
child that this is the place where the  
farmer brings his grain. Thus the

**KEPT HER AWAKE**

The Terrible Pains in Back and  
Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson,  
of this place, writes: "For one year I  
suffered with an awful misery in my back  
and sides. My left side was hurting me  
all the time. The misery was something  
awful.

I could not do anything, not even sleep  
at night. It kept me awake most of the  
night. . . I took different medicines, but  
nothing did me any good or relieved me  
until I took Cardui. . .

I was not able to do any of my work  
for one year and I got worse all the time,  
was confined to my bed off and on. I got  
so bad with my back that when I stooped  
down I was not able to straighten up  
again. . . I decided I would try Cardui  
. . . By time I had taken the entire bottle  
I was feeling pretty good and could  
straighten up and my pains were nearly  
all gone.

I shall always praise Cardui. I con-  
tinued taking it until I was strong and  
well." If you suffer from pains due to  
female complaints, Cardui may be just  
what you need. Thousands of women  
who once suffered in this way now praise  
Cardui for their present good health.  
Give it a trial.

lesson of pat-a-cake goes on for a  
long time before it is first played in  
babyhood. It teaches us to be ever  
thankful and baby learns to say:  
"Thank you, dear mamma," "Thank  
you, dear baker," "Thank you, dear  
God."

There are many other songs and  
games in Froebel's "Mother Play"  
which I give to my children long be-  
fore the kindergarten age. In all of  
these they take the greatest delight.  
I begin early to sing the songs and  
play the finger games, which nourish  
the instinct of love for the members  
of the family and affection for ani-  
mals.

**The Family, Mother Song for Teach-  
ing Affection.**

This is the mother, so busy at home,  
Who loves her dear children, whatever  
may come.  
This is the father, so brave and so  
strong,  
Who works for his family all the day  
long.  
This is the brother, who'll soon be a  
man;  
He helps his good mother as much as  
he can.  
This is the sister, so gentle and mild,  
Who plays that the dolly is her little  
child.  
This is the baby, all dimpled and  
sweet;  
How soft his wee hands and his chub-  
by pink feet!  
Father and mother and children so  
dear,  
Together you see them, one family  
here.

The active child of 4 or 5 instinc-  
tively desires to measure himself a-  
gainst children of his own age, and  
if deprived of the opportunity to do  
this, loses much of what is necessary  
for his highest and best development.  
Through contact with each other,  
children learn to wait their turn, and  
to be considerate in many other ways.

Moreover, the child wants to make  
things, and, although the mother can  
play little songs and games with him  
while carrying on her household tasks,  
she cannot always take the time nec-  
essary to direct and assist the child  
in manual occupations. This is one  
reason why the kindergarten fills a  
great need. Association with play-  
mates, work with various materials  
and tools and songs and games are  
all provided in the kindergarten.

It was because of my study of Froe-  
belian methods and their successful  
application I realized how impossible  
it was for me, a busy mother, to meet  
the growing needs of my children that  
I wanted a kindergarten in our town,  
not only for my own little ones, but

### THE BRADY STANDARD

"Standard Goods at Standard Prices"

## PERSONAL MENTION

Dr. Jack Ragsdale visited with home folks in Brownwood over Sunday.

The Rev. J. W. Cowan left Monday night for Austin, where he will attend the Methodist conference. Sam Woods returned Monday from a visit with his family at Fort Worth. Also he attended the Dallas fair.

Mrs. H. C. Samuel, accompanied by her mother, Mrs. Geo. Stuart, left yesterday for Alto, N. M., where they will spend several months.

Mr. and Mrs. M. L. Stallings left Saturday for Temple, where they will spend a week as guests of Mr. Stallings' sister, Mrs. H. A. Leake.

E. L. Lane, who has been spending the past couple weeks at Fort Worth and Kansas in the interests of the oil game, returned this week to Brady.

Mesdames R. A. King, John I. Jones and Bert Page came in from Schleicher county the past week and visited the circus, while guests of relatives here.

Mr. and Mrs. A. C. Hayes, who have been visiting their old home in Virginia, have returned to Brady to make their home here, taking apartments at the S. J. Howard residence.

Mr. and Mrs. Albert Hendersdorf and daughter, Imogene, left Saturday for Dallas, to attend the State fair. They will also visit his brother in Fort Worth before returning home.

Mrs. John F. Schaez left last night for Fort Worth and Dallas, visiting her daughter, Mrs. McCord Harrison,

and family at the former place, and attending the State fair at the latter place.

Dr. and Mrs. Wm. R. Davidson arrived here Saturday from Madison, Ind., and will spend ten days here as guests of their son, Wm. R. Davidson, Jr., and family. They are enroute of California, where they will spend the winter.

Her many friends are pleased to again greet Mrs. T. P. Grant, who returned to Brady Monday morning. Mrs. Grant has been spending the summer with relatives at Atoka, Oklahoma, and met Mr. Grant in Dallas upon his visit to the fair the past week. Mr. Grant accompanied her to Brady Monday.

**Catarhal Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarh, which is an inflamed condition of the mucous surface. Hall's Catarh Cure acts thru the blood on the mucous surface of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Hall's Catarh Cure. Circulars free. All Druggists. See F. J. CHENEY & CO., Toledo, O.

How about your watch? Is it keeping correct time? If not, let us remedy the trouble for you. Satisfaction guaranteed. A. F. Grant, jeweler, east side square.

## HE HAD SUFFERED FOURTEEN YEARS

"Tanlac made a well man of me after I had suffered for fourteen years and spent hundreds of dollars in trying to get relief," said E. A. Hicks, a well-known merchant of Bakewell, Tenn.

"I was in miserable shape," he continued, "and ten years ago I became so much worse that I had to quit working at my trade and bought a store where the work would be lighter on me. I had hardly any appetite, and after forcing down anything I would become nauseated and begin vomiting. Gas pressed so on my heart that I would almost smother to death and would feel as though there was a hard lump in my stomach, and often I would have to go to bed.

"I tried everything I could think of but got no relief till I started on Tanlac. By the time I had taken half a bottle I was feeling like a new man. When I had taken three bottles I found I had gained ten pounds and my food did not hurt me at all. My appetite picked up right away and now I don't have a bit of trouble with gas or indigestion and everybody round here is talking about how well I am looking. I sure do feel fine and it was nothing but Tanlac that fixed me up."

All Druggists sell Tanlac.

## PIPE FINDINGS.

Still 300 Acres Grain to Thresh — Want Pickers.

Fife, Texas, Oct. 7.

Editor Brady Standard:

It has never stopped raining here long enough for most farmers to get started picking cotton, and a very little more rain now will cause cotton to rot or sprout in the bolls. Maize and corn in the field is already spoiled and is almost a total loss.

Mr. and Mrs. B. W. Bradley left last week for Hico, where Mr. Bradley will work at the carpenter's trade this fall.

R. A. Smith and W. W. Tedder came in last week from Refugio county. They had nearly finished picking cotton down there when the storm wiped out what was left, so there was nothing to stay for.

Moore Bros. started their thresher again Sunday. There is still about 300 acres of grain to thresh here.

Tuesday was dipping day here and as it rained and no one could work, everybody dipped.

E. B. Baldrige returned Sunday from South Texas, where he went to get cotton pickers. All he got was the promise of several families when they get through down there.

"E. Z."

## SHERIFF'S NOTICE OF SALE.

Notice is hereby given that by virtue of an order of sale issued out of the District Court of McCulloch County, Texas, on October 7th, 1919, in the case of J. B. Lockhart vs. O. D. Pence et al, No. 1700 on the Docket of said Court, and delivered to me on October 7th, 1919, I. J. C. Wall, Sheriff of McCulloch County, Texas, did on the 7th day of October, 1919, at 3:30 p. m. levy said order of sale upon the land and premises therein described, to-wit: Situate in the central portion of McCulloch County, Texas, and being about seven miles North of the City of Brady, and generally known as a part of the O. D. Pence place, and being 240 acres, and being 120 acres the south part of Daniel Hoffman Survey No. 642, Cert. No. 832, Abstract No. 497, and 120 acres the South part of Daniel Hoffman Survey No. 643, Cert. No. 832, Abstract No. 498. I will sell said land at public auction on Tuesday November 4th, 1919, between 10:00 o'clock a. m. and 4:00 p. m. at the Court House door of McCulloch County, Texas, in the City of Brady, to satisfy a judgment of the sum of Twenty-four Hundred Ninety-Two and 41-100 Dollars together with interest thereon from Sept. 18, 1919, at the rate of 10 per cent rendered in favor of J. B. Lockhart against D. J. Marsden and O. D. Pence in said cause on Sept. 18, 1919; and to satisfy a judgment of the sum of \$39.93 with interest from Sept. 18, 1919, at the rate of 10 per cent rendered in favor of J. B. Lockhart against D. J. Marsden in said cause on Sept. 18, 1919; and to satisfy a judgment for the sum of \$2197.53 with interest thereon from Sept. 18, 1919, at the rate of 7 per cent rendered in said cause on Sept. 18, 1919, in favor of J. B. Lockhart against O. D. Pence, C. S. Pence and W. B. Pence; and to satisfy judgment for the sum of \$135.00 costs rendered in favor of J. B. Lockhart against D. J. Marsden, O. D. Pence, C. S. Pence and W. B. Pence in said cause on Sept. 18, 1919, and the additional amount of costs for making said judgment being a foreclosure of a Mortgage Lien and also a Vendor's Lien on said land against O. D. Pence, C. S. Pence, W. B. Pence, D. F. McCall, Etta McCall, D. J. Marsden, W. F. Evans, A. J. McGonagill, Leonard Wood, W. L. Myers, J. A. Maxwell, Rubin Wilensky, A. H. Blinsby, W. J. Bradley, Empire Gas and Fuel Company, The Interstate Cattle Loan Company, Ike Myers, Will Myers and O. Lykes.

Witness my hand this 10th day of October, A. D., 1919.

J. C. WALL,  
Sheriff McCulloch County, Texas.

Men's Work Clothes of all kinds, of best quality, at lowest prices. A. R. HOOPER.

18 cents  
a package

CAMELS are in a class by themselves—easily the most refreshing, the most likable cigarette you ever smoked. You can prove that! Simply compare Camels puff-by-puff with any cigarette in the world at any price! Put quality, flavor and cigarette satisfaction to the utmost test!

Made to meet your taste, Camels never tire it, no matter how liberally you smoke them! The expert blend of choice Turkish and choice Domestic tobaccos makes Camels delightful—so full-bodied, yet so fascinatingly smooth and mellow-mild. Every time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigarette after taste or any unpleasant cigarette odor makes Camels as unusual as they are enjoyable.

In fact, Camels appeal to the most fastidious smoker in so many new ways you never will miss the absence of coupons, premiums or gifts. You'll prefer Camel Quality!

## Touched His Heart.

"Hands up!" cried the business-like highwayman. The victim laughed as he complied.

"The joke is on you," he asserted, chuckling. "I've just paid a large bill sent by a lawyer for aiding me to fill out my income tax schedule. A month ago my landlord raised my rent. My son has just come home from France and can't get a job. Yesterday my salary was decreased. Today the bank in which I kept the remnant of my money went smash. I've been looking all night for one of you chaps. I want to learn this hold-up business."

Weeping bitterly, the highwayman thrust the revolver into his would-be victim's hands and disappeared into the darkness.—Pearson's Weekly.

## LOCAL BRIEFS

E. O. Perry returned Sunday from the Corpus Christi country, and has temporarily taken up his residence in Brady. He will be joined here by his family. Mr. Perry was on a place six miles from Corpus, and had gotten out three bales of cotton, when the Gulf storm rolled over the country and swept everything away. Mr. Perry says McCulloch county looks good to him.

J. C. Taylor returned Sunday from Gorman, where he has been spending several weeks. He reports the greatest activity in that new oil field, and business rushing and growing in every line. New box houses of only three rooms are in great demand for \$35 and \$40 per month, and the town is straining every nerve to care for its overflowing population. A contract has just been let for a sewerage system, which will do much towards the sanitation and health conditions of the town.

J. E. Farroll, representing the West Texas Chamber of Commerce, is here from Stamford to interest McCulloch county citizens and the local Chamber of Commerce in taking membership with that body. The West Texas Chamber of Commerce has been doing a great work in clearing up the freight congestion; in putting a stop to the bribing of railway employees to get service, and in many other ways has proven its worth and value to West Texas citizens. Mr. Farroll expects to secure an initial membership of fifteen in Brady.

J. E. Campbell, the McCulloch county hard-luck citizen mentioned in The Reporter a few weeks ago, was here last week for a short visit with the family of his brother-in-law, Tom Robertson. Mr. Campbell says The Reporter misstated the case when it spoke of his "bad luck." On the contrary, he says, he considers himself the luckiest man in the world—lucky to be alive after all he has gone thru with. He had been over to a Temple hospital having some finishing touches put to his recently-healed broken leg. He reports crops very fine in McCulloch and everybody happy.—Rockdale Reporter.

Exchange No Robbery. Two business friends who lived in the country met one day, and one invited the other to dine with him that evening.

At the appointed time the guest set forth in the direction of his friend's house, and as the roads in his village were somewhat dimly lighted he took with him an old-fashioned stableman's lantern.

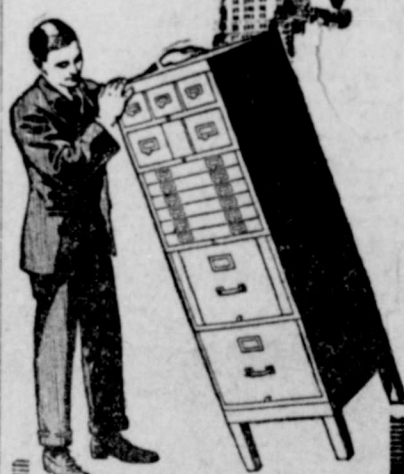

The dinner was good, the wine excellent, and all went merrily. The next morning, however, he received the following note from his host of the night before:

"Dear Old Man: I am sending my man over to you with this note and he brings with him your lantern. If you have quite finished with my parrot and cage I shall be awfully glad if you'll return same per bearer."

Get your Sacks for your Oats and Wheat at Macy & Co.

Salt Pork Bacon, per lb., 30c. A. H. HOOPER.

## Built Like a Skyscraper SHAW-WALKER

Stand this Shaw-Walker sectional cabinet on one corner and listags rigid as any solid vertical file

## SHAW-WALKER Steel Letter Files

SKYSCRAPERS in miniature, having girders, cross-pieces, sills, etc., of channel-steel, interlocking and bracing each other against strain.

In addition, it is solid one-piece steel—made so by electric spot-welding. No nuts—no bolts—no rivets—no rods—no screws.

Drawers non-rebounding—stay closed without superfluous mechanism. Will run silent, smooth and speedy 100 years without repair or attention.

Highest awards San Francisco and San Diego Expositions. You will understand why when you examine a Shaw-Walker File beside your old equipment. You will also understand our guarantee: Money back if it isn't the best file you ever owned.

Phone us to send you a Shaw-Walker File today.
