

ANNUAL MEETING BRADY CHAMBER COMMERCE FEBRUARY 4TH

CHAMBER OF COMMERCE ANNUAL MEETING AND BANQUET FEB. 4TH

GET-TOGETHER MEETING TO DISCUSS ALL SUBJECTS OF VITAL INTEREST TO CITIZENS OF CITY AND COUNTY—FIRE BOYS WILL BE GUESTS OF HONOR.

It has been definitely decided to hold the annual meeting and banquet of the Brady Chamber of Commerce on Wednesday evening of next week—February 4th—the event to be staged at the Queen hotel, beginning at 7:30 o'clock. A general invitation is extended all members of the Brady Chamber of Commerce to be present, and a special invitation is to be extended the fire boys to be guests of the C. of C. upon this occasion, in recognition of their patriotic, unselfish and efficient work during the past year.

The arrangements for the annual meeting and banquet are in the hands of Messrs. G. C. Kirk and Sam McCollum, who compose the entertainment committee, and the names of each and every member who contemplates attending should be phoned or handed to either of these gentlemen not later than Monday of next week. As all arrangements for the banquet must be concluded several days prior to the holding of the meeting, it is imperative that the committee know the exact number for whom provision is to be made.

Not only will the meeting honor the members of the Brady Fire department, but it will give opportunity for the free and open discussion of various subjects of immediate and vital interest and importance to the city, county and the citizenship in general. No set program has so far been outlined, but a number of extemporaneous speeches by local live wires are to be anticipated, as well as a full and free discussion of every subject which comes up during the evening. Of these there are ample in num-

ber to be the occasion of serious and careful consideration. Most vital of all, perhaps, is the good roads question and the problem of a bond issue to carry out an extensive and thorough plan of highway construction in all parts of the county. This subject is of such great and immediate importance that every C. of C. member interested in the good roads question should be present to hear, see and learn what is said and thought about the matter, as well as to give his counsel and advice.

The problem of increasing school funds in order to maintain the schools up to a standard of excellence and proficiency; improved railway service, an advertising campaign for McCulloch county oil lands, as well as her agricultural resources and opportunities—all these and many more subjects call for a decision and prompt action upon the part of Brady and McCulloch county citizens and may be properly discussed before this annual meeting.

As before stated, the presence of every C. of C. member interested in

WAR HERO, WHO CARRIED FIRST U. S. FLAG IN BATTLE AFTER WAR WAS DECLARED, KILLED BY GUNMAN

Boston, Jan. 25.—Armed with a description of the gunman who shot Policeman Thomas G. Clancy to death in a dance hall brawl, every policeman on the city force was on the alert Saturday night as the net closed in on the slayer.

That Thomas Clancy, a policeman, was shot to death in a dance hall doesn't convey much to the world. But he was more than a policeman. He was "the Clancy," the fighting Irishman who with a tiny Stars and Stripes knotted to his bayonet, swept with the Canadians up the bullet swept slope of Vimy Ridge, the first American to carry Old Glory into battle after this country declared war.

So Clancy, who as a member of the famous Princess Pat regiment, survived all the perils of the war, and was decorated for extreme bravery, was killed by a gunman before he had time to defend himself. Not only his comrades mourn him, but all who love a red-blooded man are paying tribute to his memory.

But the saddest scene in the tragedy is yet to be enacted. Saturday night a woman and a tiny golden haired boy were in mid-Atlantic, bound for Boston. They are Clancy's wife and little son, who for the long months since the soldier father returned to America to make a home for them, have been waiting for the moment when they should be reunited.

They don't know that "the Clancy" is dead.

6 REEL COMEDY DRAMA

Her Latest and Best Picture. Next Tuesday, February 3

TWO SHOWS GIVEN ON THIS NIGHT TO HANDLE CROWD. FIRST SHOW STARTS PROMPTLY AT 7:00 P. M. COME EARLY AND GET GOOD SEATS.

COMING—DOROTHY PHILLIPS IN "THE TALK OF THE TOWN," FEB. 10TH. WM. S. HART IN "BRANDING BROADWAY" FEB. 13TH.

Below You Will Find Program of This Week and Next:

Wednesday, January 28th
FRITZI BRUNETTE

—In—

"WOMAN UNDER COVER"

6-REEL DRAMA.

If you were the Star woman reporter on your city's biggest paper and your brother became involved in a murder case—would you let the news go through, even though you had disowned him? See this whirlwind picture of one woman crowded hour and learn if you would do as she did, at any cost.

Thursday, January 29th
H. B. WARNER

—In—

"FOR A WOMAN'S HONOR"

5-REEL DRAMA.

The story of a man's sacrifice for the honor of the girl he loved. Who is that woman? Why did you give her money? He could not answer. To do so would blast her happiness and forever stain the honor of another man. And so he kept silent. A thrilling drama of blackmail, oriental intrigue and romance.

—Also—

Fox News, 1-Reel, Showing CURRENT EVENTS.

Friday, January 30th

EARLE WILLIAMS

—In—

"THE WOLF"

5-REEL DRAMA.

The story of the wolf treats of a chain of incidents in which an American, far from his wife and family, preys on families of special attraction in the trapper country of Canada.

BRADY, TEXAS, Jan. 27, 1920.

HONEST INJUN.

Our idea of an impossible feat is for a girl to endeavor to kiss a man with a frozen mustache.

One of the pithiest three-liners I have seen in the papers reads thus: "The poor imitate the rich and grow poorer; the rich imitate the poor and grow richer." I have forgotten, to my regret, what paper it was credited to, for in these days of extravagance, when the salaried and wage-working classes wear \$2 silk stockings and \$15 silk shirts for everyday parade the author ought to be remembered. No man ever built up wealth and ease for himself who didn't learn to deny himself the things he could do without. There are millions of people in the world today who will some time realize the truth, but it will be too late.—L. B. Russell in Comanche Enterprise.

If The Standard reaches you at all this week, just count yourself lucky. Power was cut off practically all day Monday, current for only about 2½ hours being supplied. Tuesday, shortly after dinner, the current was again cut off, while the oil pump at the plant underwent a surgical operation. In the past three months The Standard's working force has lost fully two weeks' time because of idle motors and the resultant idle machinery. Add to this the expense of rigging up make-shift power some three or four times, and the actual loss sustained totals a tidy little sum; enough, in fact, to add grey hairs to the head of a much younger man than ourself. The ray of hope that has kept us plugging away, however, is that but a few more weeks of this sort of trials and tribulations remain. We don't want to complain, but we have been carrying a staggering load, and we would like to have this burden eased off of us without overly much delay.

SNAP SHOTS.

A West Dallas widow says the reason she broke her last engagement was because her fiance was a Socialist who neglected his teeth because he thought the Government ought to brush them.—Dallas News.

ROTARY CODE OF ETHICS

The following is the Code of Ethics for business men of all lines, adopted by the Sixth Annual convention of the International Association of Rotary clubs at San Francisco, July 19-23, 1915. It is well worth the reading. It is even more worth adopting and following.

My business standards shall have in them a note of sympathy for our common humanity. My business dealings, ambitions and relations shall always cause me to take into consideration my highest duties as a member of society. In every position in business life, in every responsibility that comes before me, my chief thought shall be to fill that responsibility and discharge that duty so when I have ended each of them, I shall have lifted the level of human ideals and achievements a little higher than I found them. In view of this your committee holds that fundamental in a code of trade ethics for International Rotary are the following principles:

FIRST—To consider my vocation worthy and as affording me distinct opportunity to serve society.

SECOND—To improve myself, increase my efficiency and enlarge my service, and by so doing, attest my faith in the fundamental principle of Rotary, that he profits most who serves best.

THIRD—To realize that I am a business man and ambitious to succeed, but that I am first an ethical man and wish no success that is not founded on the highest justice and morality.

FOURTH—To hold that the exchange of my goods, my service and my ideas for profit is legitimate and ethical, provided that all parties in the exchange are benefited thereby.

FIFTH—To use my best endeavors to elevate the standards of the vocation in which I am engaged, and so to conduct my affairs that others in my vocation may find it wise, profitable and conducive to happiness to emulate my example.

SIXTH—To conduct my business in such a manner that I may give a perfect service equal to or even better than my competitor, and when in doubt to give added service beyond the strict measure of debt or obligation.

SEVENTH—To understand that one of the greatest assets of a professional or of a business man is his friends and that any advantage gained by reason of friendship is eminently ethical and proper.

EIGHTH—To hold that true friends demand nothing of one another and

that any abuse of the confidence of friendship for profit is foreign to the spirit of Rotary, and in violation of its Code of Ethics.

NINTH—To consider no personal success legitimate or ethical which is secured by taking unfair advantage of certain opportunities in the social order that are absolutely denied others, nor will I take advantage of opportunities to achieve material success that others will not take because of the questionable morality involved.

TENTH—To be not more obligated to a Brother Rotarian than I am to every other man in human society; because the genius of Rotary is not in its competition but in its co-operation; for provincialism can never have a place in an institution like Rotary, and Rotarians assert that Human Rights are not confined to Rotary Clubs, but are as deep and as broad as the race itself; and for these high purposes does Rotary exist to educate all men and all institutions.

ELEVENTH—Finally, believing in the universality of the Golden Rule, ALL THINGS WHATSOEVER YE WOULD THAT MEN SHOULD DO UNTO YOU, DO YE EVEN SO UNTO THEM, we contend that society best holds together when equal opportunity is accorded all men in the natural resources of this planet.

THE MOTIVE OF THE CODE—It is not the Greek motive of Ethics, which is based upon perfecting the person and perpetuating the State simply to preserve the Ego, but this code is predicated on love. That is, the Rotarian does not do right simply because it preserves himself, but because he had rather be destroyed than to destroy another. Thus this code of ethics is founded on love.

THE VALUE OF THE CODE—This Code does not take sides in the present dispute in society between the Conservative and Liberal. It argues nothing merely because it is conservative or liberal. This Code seeks one thing—the value—the utility of the Ethics it propounds. The utility of the Code, and not its liberalism nor its conservatism has been the ideal of the men who wrote it. By this it must stand, for by this it cannot fall.

FRANK WILHELM BUYS BIG RANCH NEAR SAN ANGELO

By the terms of one of the largest ranch deals closed in Tom Green county so far this year, Frank Wilhelm of Brady has acquired 6,700 acres of the John Abe March estate ranch, located ten miles north of San Angelo and east of the Robert Lee road. The consideration was \$8.50 an acre, or \$56,950.

Mr. Wilhelm was here the first of the week to close up the deal. He is one of McCulloch county's leading stockmen.—San Angelo Standard.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful. I could not do anything, not even sleep at night. It kept me awake most of the night. . . I took different medicines, but nothing did me any good or relieved me until I took Cardui. . . I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . I decided I would try Cardui. . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone. I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.

Wesley Davis returned the past week from Dallas where he had spent several days on business, and announced that he had placed an order for a complete new shoe repair outfit, which he will install in the J. C. Wall building on the southwest corner of the square immediately upon its arrival. In the meantime, Mr. Davis is arranging to open his shop tomorrow, going hand repair work at which he is an expert.

Mr. Davis was yesterday in receipt of advice from the factory that they would ship his machinery in the course of four or five weeks; consequently he is anticipating opening his power shop by March 1st. Mr. Davis will install a small gasoline engine for power, thus being independent of electric power. He has previously been engaged in the shoe repair business in Brady, and feels well enough acquainted with local conditions to believe there is a need of his services and is confident that success will greet his efforts.

JUST ARRIVED!

BRADY STORAGE BATTERY SHOP CONTRACTS W. & L. CONSTRUCTION WORK

TEARING DOWN ALL OLD WIRES AND REBUILDING ENTIRE OUTDOOR EQUIPMENT—WORK BEGUN MONDAY AND GOOD PROGRESS MADE BY WORKING CREW.

The contract for all outdoor construction work required by the installation of the new municipal light and power plant has been let by the board of trustees to the Brady Storage Battery shop, J. M. Lyle, proprietor, and tearing down of the old lines was begun Monday morning by a crew of six workmen. The first undertaking was the building of a new line out of old material, to supply power and lights from the present plant to the downtown district or business section. By cutting all business houses over onto this line, the efficiency of the badly crippled light plant was greatly increased, inasmuch as it overcame the great loss occasioned by supplying light and power over the old lines which covered much territory not now supplied.

Following the tearing down of all the old wires, the Brady Storage Battery shop will immediately commence rebuilding the lines with new material. New poles will be placed wherever required, new meters will replace those heretofore used, the transformers will be installed, and everything rebuilt from the plant to the outskirts of town. At the present rate of progress, all this work will be completed in ample time to have everything in readiness to cut over to the new plant the moment the machinery is installed and in running order.

Mr. Lyle's crew has just completed the installation of a complete new light plant for W. C. Locker at Richland Springs. This plant was an exact duplicate of the new Brady plant, upon a smaller scale, and for this reason the crew now at work here is especially well prepared to handle the contract it now has in hand. In addition to installing Mr. Locker's entire plant, including the engine, generator and switchboard, the crew erected all the poles and strung 13 miles of wire, besides wiring 80 houses for lights, and installing a like number of meters.

The Quinine That Does Not Affect the Head

Because of its tonic and laxative effect, LAXATIVE PROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 30c.

"THRIFT IN HOUSEHOLD" SUBJECT
MISS TAYLOR'S EFFICIENCY TALK

BRADY LADIES INTERESTED IN "BUSINESS OF BEING A HOUSEWIFE" INSTRUCTED HOW TO MANAGE AN INCOME THROUGH SYSTEM OF BUDGET.

"Thrift in the Household" was the subject of the lecture given Monday afternoon by Miss Aubyn Taylor, director of the Home Efficiency School of the Young Woman's Christian association at Dallas, and who is spending a few days in the city. The lecture was given at the O. D. Mann & Sons store, and was attended by quite a number of housewives who believe the business of being a housewife is one of the most important professions of today, especially in view of the fact that the great increase in living costs has caused household efficiency and economy to be a subject of paramount importance.

That this view of the matter was correct, was attested by Miss Taylor, who, in the course of her afternoon's talk, stated that the servant problem has arisen because management of a household requires brains, and brains at any price were a cheap commodity. The housewives are just now beginning to realize the importance of their work, and that science, skill and brainwork are required to make this work a success. As stated by Miss Taylor, heretofore the servants have really been the brains of the household, and no one realizes this fact better than the housewife who now undertakes to operate the household in such a manner as to keep it within the income.

In her talk upon the management of an income, Miss Taylor discussed the budget as being the only safe and sure method of making a success of housekeeping. Under the budget system, a stated amount, or rather percent,

MISS AUBYN TAYLOR
Director Home Efficiency School
Y. W. C. A. of Dallas

of the income is devoted to each of the following items: Food, Clothing, Savings, Rent, Operating, Recreation and Higher Life, Benevolence, Health. With the knowledge that a stated sum has been allotted to each of these items, the housewife may conduct her work safe in the thought that she is not too extravagant along one line, and too economical in another. In other words, her living will proceed along a well-balanced line, and if it is decided to enjoy a visit or recreation of some sort, the allotted amount will show to just what extent these plans may be carried without jeopardizing the household efficiency or requiring undue economy along another line.

The accompanying table shows a "Model Budget" based upon annual incomes ranging from \$900 to \$5,000. This table shows the various items and the amount apportioned to each, as well as the percent each item bears

TAN-NO-MORE The most scientific and most wonderful facial preparation of the modern age. It imparts to the skin a velvety softness and delicacy which is so light in appearance and pleasing to the eye. Used during the day it is a protection from the Sun and Wind. In the evening it soothes and refreshes the complexion. All dealers 45c, 50c, and \$1.00.
Baker-Whitcomb Co., Dallas, Tex.

"The cost of living should be so balanced as to secure the greatest comfort and convenience possible without sacrificing anything necessary for health, physical, mental or moral."
"The temptation to spend for things pleasant but not useful or even beautiful, either for the household or for personal gratifications are many, and it requires some moral support, such as an account book or some great ideal to strive for, to keep the pocket-book closed."—ELLEN H. RICHARDS.

to the total income. This table has been prepared especially for Texas conditions of living, and should prove an invaluable aid in the correct apportionment of funds between the pleasures and necessities of life.

Model Budget Based on Annual Income.

- \$900.00 Income: Food, \$420—47%; Clothing, \$110—12%; Savings, \$24—3%; Rent, \$150—17%; Operating, \$110—12%; Recreation, \$36—4%; Benevolence, \$15—2%; Health, \$35—4%.
- \$1200.00 Income: Food, \$480—40%; Clothing, \$155—13%; Savings, \$55—5%; Rent, \$228—19%; Operating, \$146—12%; Recreation, \$50—4%; Benevolence, \$26—2%; Health, \$60—5%.
- \$1500.00 Income: Food, \$540—36%; Clothing, \$200—13%; Savings, \$75—5%; Rent, \$350—23%; Operating, \$160—11%; Recreation, \$65—4%; Benevolence, \$40—3%; Health, \$70—5%.
- \$1800.00 Income: Food, \$600—33%; Clothing, \$250—14%; Savings, \$120—7%; Rent, \$420—23%; Operating, \$170—9%; Recreation, \$90—5%; Benevolence, \$60—3%; Health, \$70—5%.
- \$2100.00 Income: Food, \$600—28%; Clothing, \$275—13%; Savings, \$225—11%; Rent, \$480—23%; Operating, \$225—11%; Recreation, \$100—5%; Benevolence, \$75—3%; Health, \$120—6%.

In her discussion of Savings, as one of the items of the Budget system, Miss Taylor laid stress upon safe investments, such as government securities, war savings stamps, etc.

The subject of Food was discussed by Miss Taylor along the lines "How to buy; how to prepare; how to serve food."

Following the thorough treatment of each of the items of the budget, it was pointed out that Efficiency in the home was dependent upon necessary equipment; the planning of household duties for a week at a time; sympathy with community movements, so that the home functions in its own locality.

This afternoon Miss Taylor will talk on the subject of "Cookery of Daily Foods." In this, she will bring out the point that the low cost of food for high cost times is dependent upon a knowledge of food values and the intelligent selection of foods. The use of tough cuts of meat, and methods of making a small amount of meat suffice for the meal, will be stressed.

It had been originally planned to have a practical demonstration in cooking efficiency tomorrow, but be-

cause of having an appointment at McGregor for the balance of the week, Miss Taylor will, in all probability, be unable to conduct a meeting tomorrow if she is to make her train schedules. However, the lectures given yesterday and this afternoon have laid the ground-work for Home Efficiency among those who have heard Miss Taylor, and it now only requires determination and ability to put into effect the lessons learned. To assist the housewives in the "business of being a housewife," The Standard has arranged with Miss Taylor to furnish us with material for a "Woman's Column" under which will be presented items, plans and ideas of help and instruction. The first of this series will be published in Friday's issue and should be read and preserved by everyone interested in this work.

WOMAN WEIGHED
ONLY 66 POUNDS

Mrs. Morrison Says She Is Well and Happy After Taking Tanlac.

"I wouldn't give one bottle of Tanlac for all the other medicines in Ensley and Birmingham put together," said Mrs. J. D. Morrison, of 314 25th Street, Ensley, Ala.
"Three years ago," she continued, "I lost my health, had stomach trouble of the worst kind and just seemed to go into slow decline. I lost my strength, never knew what it was to get a good night's rest and was a nervous wreck. I suffered also from biliousness and constipation and was never free from pain. I was taken to the hospital for an operation, and when I was taken home afterwards I weighed only sixty-six pounds and was so weak it looked like I would never recover."

"After trying everything else that was recommended to me without getting any better, I decided to see if Tanlac would help me. While on my second bottle my appetite picked up and I began to improve. I kept on with Tanlac and soon was able to eat whatever I wanted without having any unpleasantness afterwards. My nerves became quiet so I could sleep at night and my weight increased thirty-three pounds. I am now doing all my own housework and nothing seems to hurt me at all. I believe I owe my life to Tanlac and never expect to be without it."

Tanlac is sold in Brady by T. J. Matlock Drug Co., and in Mercury by J. T. Matlock Drug Co.

TEXAS PRODUCED OVER BILLION IN FARM PRODUCTS

Dallas, Texas, Jan. 18.—Texas is the only state which, in 1919, produced more than one billion dollars worth of agricultural products, a summary of crop reports from the United States Department of Agriculture discloses upon research made by the Texas Chamber of Commerce.

Texas raises one-fifth of the nation's cotton. One tenth of the country's sweet potatoes are grown in this state. To Lone Star farmers go the credit for growing more than one-fifth of our broom corn. Nearly one-half of America's entire crop of grain sorghums is produced by Texas dry land farming experts while more than one-seventh of the rice crop of 1919 was grown on Texas gulf coast farms.

King Cotton still rules in Texas, although diversifying aspirants in the shape of corn, oats, wheat, kafir corn, milo maize, rice, broom straw, peanuts and sweet potatoes are wrestling his power from him.
If Texas' estimated crop of 2,700,000 bales of cotton was distributed to the folks at home, each one of her 5,000,000 citizens would receive a half bale of cotton, valued at \$85.

Texas produced 202,800,000 bushels of corn in 1918. This supply was great enough for every corn fed Texan in this state to get a 2,151 pound sack, worth \$55. In 1918 corn hockeater of Texas had to make out on 689 pounds of corn for the crop was only 65,000,000 bushels.

The Texas Scotch will be happy to learn that the 1919 oat yield in this state was 94,500,000 bushels, or enough for everybody to get nearly 19 bushels, valued at \$12, counting the price at 64 cents per bushel.

With a yield of 31,350,000 bushels, valued at \$62,500,000, this state was eighth in the production of winter wheat of which there were more than six bushels around. Texans will realize why they were stunted for bread in 1918 when they recall that there were not two bushels per person, the yield being only 9,000,000 bushels.

Texas raised nearly half of the nation's grain sorghum crop with 59,333,000 bushels of Kafir corn, milo maize and similar dry land grains worth \$65,267,000. The Lone Star state is so far ahead of all other grain

sorghum growers that she produced more than twice as much as the two next highest states.

As a rice grower, Texas ranks third. This state raises one-seventh of all the rice grown in the United States. If Texans were rice eaters like the Chinese, each Lone Star stater would have a bowl of rice three times a day for every day in the year. The 1919 crop was 6,598,000 bushels. It was worth \$19,540,000.

Housekeepers of Texas need have no fears of a broom shortage. Texas grew 10,800 tons—not pounds, but tons—of broom straw in 1919. This straw, which was worth \$1,500,000, is enough to insure every housewife a brand new, clean-sweeping broom of which she may have a pardonable pride because her state raises one-fifth of the nation's supply of broom corn and stands next to the top.

This state is now second in peanut production, the 1919 crop yielding a heaped up bushel sack for every goosher eater in Texas. The exact figures are 5,500,000 bushels and the value is \$13,209,000.

Lovers of old timey pumpkin yams will take delight in abetting the sweet potato in snatching from King Cotton some of his acreage. Texas produced 10,450,000 bushels of sweet potatoes in 1919. This yield was more than enough for every Texan to have two bushels. This crop was worth \$15,675,000, the third largest among the states.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Hall's Catarrh Cure has been taken by catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for the Blood on the Mucous surfaces, expelling the Poison from the Blood and healing the diseased portions.

Announcement and Warning to Water and Light Patrons

In assuming the management of the Brady Water & Light Co. plant, I wish to announce that work will be begun Monday on the placing of the foundations for the new machinery, and the changing from the old to the new system. The factory has promised shipment of the engines, generators, pumps and machinery by February 1st; the wires, transformers and all "change-over" material is already at hand, and I feel confident we can promise to have the new plant in operation within the next 60 days.

In view of the foregoing statement, I wish to warn all Brady citizens against the expense of installation of individual plants, or substitute power or electricity which they might have to discard when our new plant is in service.

We ask the patience and indulgence of the citizens of Brady just a little while longer, when we will be in position to give you power and lights excelled by no city in Texas.

W. O. Kirchner, Supt.
Brady Water and Light Co.

LOCAL BRIEFS

J. M. Page was able to be out again this week after being deathly ill Friday and Saturday with an attack of cholera morbus.

W. K. Gay, who has been quite ill the past week, is reported much improved, and it is thought he will soon be back on his feet again—all of which will be learned with pleasure by his many friends in this and adjoining counties.

G. R. Van Pelt, a substantial farmer of the Camp San Saba community, was here Monday attending to business and told us to start The Standard to his address, as he wanted to keep up with the happenings of McCulloch county.

John Weidon, the ever-smiling and affable merchant prince of Pear Valley simply refused to let the sun down yesterday before his subscription figures were marked in "good standing" on our books. John knows what pleases a newspaper man—and we admit it!

W. H. Goodner was greeting his friends here Saturday, having come down from Denver, he stated, in order to get his taxes settled. Goodner and his family have been in Denver for the past couple years, and are well pleased with their home and their progress in that city.

Chas. Steelhammer said he didn't know just when his Standard subscription expired, but that one time was just as good as another to renew, and he had best renew now—then he would know his subscription wouldn't run out, for a year anyway. That's the kind of example that always brings a smile to a newspaperman, and relief to his creditors.

The W. I. Myers store has greatly enhanced the attractiveness of its appearance by the installation of tasty show windows. The background is finished in dark green, with artistic paneled effect in oak, while the ceiling has a beamed effect—all of which makes for good-looking show-windows, and greatly increases the effectiveness of the displays therein.

C. W. L. Schaeg returned Sunday from Belton and is spending several days here with his family. C. W. L. says that it has been so wet around Bell county ever since his return there after New Years that he has not been enabled to get out into the country a single day. He says McCulloch county looked much drier, brighter and better to him than ever before upon his return here this time.

PERSONAL MENTION

Messrs. D. J. and J. R. Malmstrom were among the business visitors here from Melvin Monday.

W. B. Beakley was here from Mercury Monday. Mr. Beakley says he comes to town often, when he once gets started to coming.

Mrs. H. Wilensky and daughter returned the past week from Dallas, where they have been spending the past month as guests of relatives.

J. Q. Lankford arrived this morning from Ballinger for a short visit, and J. Q. says he is temporarily located at Ballinger, which always leaves hope that he will sometime decide to again make his home in Brady.

Albert Behrens was here, from the Voca community Monday and was in mighty good spirits over prospects. With both of his boys back from army service, with his cattle fat and his fields lush with grass, Mr. Behrens has every reason to feel good. However, he says he had it coming to him. During 1918, with both of his boys in overseas service, with his fields bare and with practically everyone of his neighbors sacrificing their cattle because they could not feed them and carry them through the dry year, he held on to both his cattle and those of his boys, buying feed for them and carrying them all through. Now, though, he is resting easy, for while others are buying and shipping in cattle, he has his original stock, and a bunch of valuable calves to boot.

Howard Broad returned last Saturday from Dallas, where he had been in attendance upon the annual meeting of the Texas Hardware Dealers association, in session there on Tuesday, Wednesday and Thursday of last week. Howard states that the meeting was well attended, and much of interest and importance to the hardware men of the state was taken up for discussion and adjustment. Among other things, the new wide-tire law came up for consideration. While admitting that the intent of the law was good, the hardware dealers were unanimous in their opinion that some of the requirements as to the prescribed width of tires were simply too extreme to enable compliance therewith. For this reason, resolutions were passed, requesting the next legislature to amend the law so as to obviate these objectionable requirements.

TEACHERS EXAMINATION TO BE HELD IN BRADY FEBRUARY 6TH AND 7TH

There will be held in the County Superintendent's office, at Brady, Texas, on Friday and Saturday, February 6th and 7th, a teachers' examination. The examination will be offered for first and second grade certificates only.

The following schedule will be carried out:

Friday forenoon—Physical Geography, Physiology, Composition and Arithmetic.

Friday afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry.

Saturday forenoon—Spelling, Writing, Methods and Management, Civics and Reading.

Saturday afternoon—United States History, Agriculture and Algebra.

Bring pen and ink. Regulation examination paper may be had at the examination room.

Signed W. M. DEANS, County Superintendent, McCulloch County, Texas.

REMOVAL NOTICE

On February the first we are going to move from the Behrens building on Blackburn street to the Gibbons building, East side of the postoffice. We are carrying a line of feed and flour in stock—buying Wheat, Oats, Hides, Furs and Poultry—and we want all the eggs we can get. Also we are handling the Illinois stock medicated Tobacco which is recommended for Ear Ticks and Stomach worms. It will put your stock back in a healthy condition. We want your business. BRADY BROKERAGE CO.

WANT TO SELL?

Anyone desiring to sell real estate, either improved or unimproved, should list same with W. W. JORDAN & CO., Brady, Texas. We have prospective buyers in North and East Texas for lands and property in this section.

PRETTY WEATHER? Spring not far off. Place your order today for that new Spring Suit and get a full season's wear out of it. MANN BROS.

We are already taking orders for Spring Suits. New samples now on display. Make your selection now. MANN BROS.

GLARING LIGHT LAW DECLARED TO BE NULL AND VOID BY COURT CRIMINAL APPEALS

Austin, Jan. 22.—The court of criminal appeals holds that the act of the Thirty-sixth legislature amendatory of the auto act made the definition of a "glaring light" so vague, dim and unglaring that a conviction may not be sustained under it; hence the case of J. H. Griffin from Tarrant county was dismissed. The original act was explicit and gave a definition, but the amendment knocked out this original definition and until it is cured there is no enforceable law against glaring lights.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

We have one of the Fairbanks-Morse Gas Home Electric Lighting plants.

The price is right and there is none better. O. D. MANN & SONS.
