ARTISTS FROM DANIEL BAKER COLLEGE HERE TUESDAY NIGHT

JACK TAIT AND FAMILY TO REMOVE TO GRAHAM—TO DRILL WELLS THERE

Jack Tait returned yesterday from Graham, where he had been spending the past week in company with C. S. Thomas and Harry Becker, in looking over the holdings of Mr. Thomas and his California associates. Mr. Tait states that they have decided to drill some wells there on their holdings, the locations having not yet been fully decided upon, and that he and his family expect to remove to Graham at the earliest possible date. Arrangements are being made to ship out all the tools and drilling equipment used in drilling C. S. Thomas wells Nos. 1 and 2 in this county.

The removal from the city of Mr. Tait and his estimable family will be learned with regret by all their many friends. During their two years' stay here, they have formed many close associations, and have been popular in local business, social and religious circles. Their many McCulloch county friends commend them to the good citizens of Graham, and trust their future may fall in pleasant and profitable lines, the while keeping open a warm spot for them here in Old McCulloch.

You can get a thorough, practical business education at the John Tarleton Agricultural College, a State school, and may enter at any time. Write for information.

TO WATER AND LIGHT LIGHT CONSUMERS

The Commissioners of the Water and Light Works are pleased to announce the following reduction in rates:

Lights, the first 25 kilowatts 20 cents; all over that amount 15 cents. Minimum, \$2.00.

Power, the first 100 kilowatts 10 cents; all over that amount 5 cents. Minimum, \$1.00 per h. p. motor.

With the continued hearty co-operation and support of the public, Supt. Kirchner hopes to make a further reduction as soon as the income will justify it.

DANIEL BAKER COLLEGE TO FURNISH ALL-STAR PROGRAM TUESDAY NIGHT

MEMBERS OF FACULTY TO APPEAR IN RECITAL AND EDUCATIONAL PROGRAM—PERSONNEL INCLUDES ARTISTS OF WIDE RENOWN AND FAVOR.

A distinct triumph for the McCulloch County Co-Operative Exhibit program committee is the securing of the group of entertainers who will furnish the program for the first night. The personnel of this group is composed of members of the faculty of Daniel Baker college, each of whom is an artist of wide repute and general favor. The group includes French W. Thompson, president of the college, Prof. H. E. Meyers, dean of the School of Music and teacher of piano, Miss Clara Drey teacher of voice, and Mrs. E. J. Miller, instructor in public speaking, piano, voice and reading.

Dr. Thompson needs no introduction to the majority of Brady and McCulloch county citizens. His lecture here a few months ago at the Masonic picnic was one of the most notable of its kind, and won for him a warm place in the hearts of all who heard him. Dr. Thompson's subject is not announced, but is safe to say his address will be one heartily enjoyed and long remembered.

Prof. Meyers is one of the best-known artists in this section of Texas—in fact, his reputation extends far beyond the bounds of the state. Numbers of McCulloch county musicians have taken instruction from him and all attest to his wonderful ability, technique and the soulful inspiration which his music gives.

In Miss Drey, Daniel Baker has a wonderful artist, and the question is frequently asked, "How did they get a good quartette, and this will be an unparalleled opportunity to hear voicetation, and nothing too good can be said of her or the work she is accomplishing. Her readings will be one of the best, if not the best, ever heard in Brady, and no one should miss hearing her.

Mrs. Miller, as instructor in public speaking, piano, voice and reading, has been repeatedly acclaimed as the finest in Texas. Those who have heard her, attest to her wonderful ability and her deservedness of the honors that have come to her. Mrs. Miller will be heard with delight by all who love the beautiful and artistic.

All in all, nothing too good can be said of the Daniel Baker entertainers. They are in a class to themselves, and their program will be one of the finest and most artistic ever had in Brady.

MISS ANNIE WEBB BLANTON, STATE SCHOOL SUPT., ON EXHIBIT PROGRAM

WIRES ACCEPTANCE OF INVITATION TO DELIVER EDUCATIONAL ADDRESSES AT McCULLOCH COUNTY CO-OPERATIVE EXHIBIT ON SECOND NIGHT.

The Program committee of the McCulloch County Co-Operative Exhibit is delighted with the favorable response given by Miss Annie Webb Blanton, state school superintendent, to their invitation to address the citizenship of McCulloch county upon matters of education and improving school work. The favorable response from Miss Blanton was received yesterday by telegraph, and Miss Blanton is to appear as the chief speaker on the Wednesday night program—the closing night of the exhibit.

News of Miss Blanton's coming to Brady will be learned with interest by everyone interested in the upbuilding of the McCulloch county schools and educational facilities. Miss Blanton is one of the most progressive educators in the South, and there is no question but what her address will be one of the most notable ever delivered in Brady.

This new arrangement assures two splendid programs for each of the nights, as the Daniel Baker college

program will consist of a splendid educational lecture by French W. Thompson, president of the college, together with readings, recitals and vocal and instrumental selections. Too much cannot be said in praise of the Brownwood band, one of the finest musical organizations in West Texas. Everywhere this band has given the best of satisfaction, and they are coming to Brady to play—and to play whenever and wherever wanted. Their repertoire includes all

the latest and best marches, airs, jazz music and concert selections and there will not be a dull moment on the program so long as the band is around.

The Daniel Baker quartette is promised as an added feature on the second night's program.

The Exhibit committee wishes to announce to exhibitors that the size of booths will be 12 ft. across, and all banners for booths should be designed accordingly.

Another matter which the program committee wishes clearly understood is that there will be no entrance fee whatever, either for dogs or rabbits placed in the dog and rabbit chase to be staged on the Brady square Wednesday morning. Everyone is invited to bring in their dogs for the chase, and those having extra-wild jack rabbits are invited to place them at the committee's disposal.

C. P. SWIM BUYS A. W. TIPTON RESIDENCE ON NORTH SIDE PAST WEEK

The A. W. Tipton place on the north side of Brady has been purchased by C. P. Swim, local manager for the Radford Grocery Co., the purchase being made of Mr. Tipton at Dallas, and the deal totaling \$3,000. The Tipton residence is a splendid 5-room cottage, with bath, and occupies a block of land, well improved. Its location in a most desirable neighborhood makes the property of exceptional value. Mr. Swim will occupy the place with his family immediately upon the place being vacated by Mr. Tait, the present occupant.

Brady citizens will be pleased to learn that Mr. Swim and family are to become permanent residents, and extend a hearty welcome to citizenship here.

Your Teeth May be the Cause of That Ailment You Have

It has been proven that bad teeth and gums have caused rheumatism, kidney and heart trouble, and many other ailments, also death.

READ THE FOLLOWING NEWS REPORT ON THE FAMOUS MAYO BROS.' SANITARIUM AT ROCHESTER, MINN.:

The Mayo Brothers in Rochester, Minn., now make a complete radio-graphic examination of the teeth of all patients and have a large dental department fully equipped. Their idea is to clean up any bad dental conditions before proceeding to operate upon the patient. This, of course, does not apply to emergency cases, where haste is a matter of life or death.

I have just finished a post graduate course at the Columbia University in New York City on Diagnosis, Radiograph, Oral Surgery, Pyorrhea, etc. This is one of the highest courses in dentistry, and I am thereby enabled to make scientific diagnosis and treatment of your teeth and gums. WONDER WORDS.

Fruit Crop Light and Price Good— More Good Prunes. Wonder, Ore., Sept. 15. Editor Brady Standard:

Of course your readers will want to know that we have had our first rain since early in the summer or late last spring. Mr. Bunch was right when he prophesied that it would either be a wet summer or a dry one. It has been the latter.

Talk about appropriate ads! Mr. Bunch and his two sons run transfer trucks in and out of Grants Pass and this is the way their ad starts off. "The world moves and so do we!" "We handle your piano and furniture with care." That is almost as striking as your "Nuf-Sed, The Tailor" ad. People here call an Oregon rain an "Oregon mist." But I think that is a mis-nomer; for it missed California and hit Oregon.

Don't mention those silver and petite prunes I sent you for I grew them in my own orchard and I have some now ready to send that are as nice as they. The large purple variety are Bradshaw prunes and the smaller dark blue sour ones are the Italian variety. I raised these also in my orchard. Generally speaking, the fruit crop is light this year on account of late frosts and what there is brings a fancy price.

Well, I told you so! The second day after the deer hunting season opened, one man shot his brother and killed him. One thing which seems remarkably strange is that of all the people shot at for a deer I never have known of a single instance where the man was shot at and not hit by the bullet, and I only know of one, after being shot who ever got well. And yet it is no trouble at all for a man to miss a deer. I heard one say yesterday that he shot five times at a buck and never hit him.

Miss Bertha Horne is Dead.

The sad event occurred on Friday, the 24th, at Fort Worth.

Death at all times is said. That we all must die, perish and be gone forever from the face of the earth is truly and sincerely a melancholy thought. It is doubly sad to contemplate death when the subject is young, bright and too, at the close of a long and hard struggle in preparation for a cherished occupation.

Such a person was Bertha Horne, so lovely, lively and intelligent. She attended the Normal school at San Marcos in the summer of 1918 preparing herself for a school teacher. After teaching one successful school at Clyde, Texas, she entered a business college at Fort Worth, preparing herself for the occupation she most desired.

Bertha keenly felt the necessity of a diligent application to her books while she had an opportunity which led her to be thorough in her studies. And she had almost completed her course when death claimed her. Now her heroic soul is recalled, her dreams are over, her ambitious spirit has taken its flight, leaving sorrowing relatives and many friends to mourn her death. Among them being we girls who have known and loved her for at most fifteen years, and to lose such a sincere friend truly brings a deep and heavy shadow.

She was buried Saturday, the 28th, in the Lohm cemetery and at the close of the usual burial service the sorrowing passed out of the graveyard and closed the gate for the night, reluctantly leaving the departed above in her coffin behind us. Angelically asleep in her beautiful raiment.

And now, only He, who is our Comforter, King and Creator, can heal the bleeding wounds.

Catarial Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarial deafness, and that is by a constitutional remedy. Catarial Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarial, which is an inflamed condition of the mucous surface. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarial Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

WONDER WORDS.

Wonder, Ore., Sept. 23. Editor Brady Standard:

"All day the low-hung clouds have dropped Their garnered fullness down, All day the soft grey mist hath wrapped Hill, valley, grove and town."

Yes, for two days it has been at it intermittently; and this is only our second rain this fall. I believe I wrote you about the first one on the first of the month. The reason I called it a "million \$" rain was because it extinguished forest fires that were destroying millions of dollars worth of timber.

This is our equinoctial storm because equi-nox means equal-nights—

and days in length. I will have to call it another "million dollar rain" because it will enable farmers to sow a million dollars worth of grain.

Since writing the last another man in an adjoining county has been shot for a deer and killed.

This makes four I have heard of being shot by their own brother, and every shot was fatal but one.

A New York drummer came into my store this morning and extending his hand as most all drummers do, introduced himself by saying, "Cash is my name" and "what's yours?" "Credit," said I. He laughed and replied, "I have the best system, but you do the most business!"

Mr. Editor. I am inclined to believe that the letter I wrote you two weeks ago went astray as I fail to find it in the paper. Possibly the paper did not reach me. I also sent you two small boxes containing four varieties of prunes which grew in my own orchard. I wanted you to see what I can do in the way of raising prunes as large as eggs.

"O. I. C. U. R. RIGHT." Editor's Note—Box No. 2 was received all right, and the contents duly noted by the editor and family. They were fine—both in size and quality. Nevertheless those silver and petite

prunes were hard to beat. In this issue are two of your letters—perhaps the missing one. It was kept waiting for the rush of business to subside.

REFINERY PLAN
OF ABNER DAVIS

BRADY, Texas, Sept. 30.—It is re-
ported here that a refinery to handle
the output from the McCulloch coun-
ty fields is soon to be established at
some point in this county. Abner Dav-
is is said to have made connections
with the Cooper interests whereby re-
finery equipment is to be moved in at
once to care for the output of the
Cooper properties.

The Cooper interests have a num-
ber of good shallow wells in the
northern part of this county near the
town of Mercury and there are other
companies drilling wells in that sec-
tion of the county. The Casa Oil Com-
pany has some extensive holdings off-
setting the Cooper leases and locations
have been made for wells to be drilled
on the Casa holdings at once.

There is also a good output of oil
in the Lohn shallow field northwest
of Brady and Thad O. Day is develop-
ing considerable production on his
holdings twelve miles north of here.
With a refinery plant near at hand
capable of handling the output of this
county, it is believed the development
of the shallow proven fields will be
greatly stimulated.—Fort Worth Star-
Telegram.

LOCAL BRIEFS.

D. C. Middleton was here from the
Melvin community yesterday and re-
ported a very good shower Tuesday
night between Melvin and Doole,
something like half an inch falling. At
Doole the rain was light.

Furr Jones, mechanic at the Simpson
& Co., garage, is taking an enforced
vacation due to injuries sustained by
the back-firing of the engine while he
was attempting to crank a car. Three
bones in the palm of his hand were
broken.

The Rev. and Mrs. J. W. Cowan have
received the joyful tidings of the ar-
rival of a fine daughter, Bertha, on
September 28th, at the home of their
daughter and husband, Mr. and Mrs.
L. S. Evans of Birmingham, Ala.
Congratulations are extended the
good grandparents.

A good shower fell Tuesday night,
bringing relief from the oppressive
atmosphere of the preceding two days.
The rain appears to have been heaviest
in the Waldrip, Fife, Pear Valley and
Lohn communities, where something
like half an inch of precipitation was
had. Other reports are that North-
west of Lohn and Southwest of Fife
some hail is reported. The rain will
do little if any damage, the clear and
sunny weather following overcom-
ing any bad effects that might have
resulted. Following the rain, the
nights have been decidedly chilly.

"Uncle" Alf Reeves was in Brady
yesterday and stated that after 43
years of hard and continuous work,
he and his good wife were planning
to take a vacation, and would prob-
ably spend some time at Christoval or
Marlin in the hopes of benefiting Mrs.
Reeves' health. Uncle Alf says his
wife has the reputation of having
made more beds and cooked more
meals than any woman in the coun-
try, and he thinks she has a vacation
coming. All their friends, and their
name is legion, hope both Mr. and
Mrs. Reeves will find much pleasure
in and receive much benefit from
their contemplated trip.

MEXICO TO THE RESCUE.

Texas farmers are looking to Mexico largely for help to save their cotton crops. In view of this fact the announcement made by Arturo de Arturo de Saracho, consul general for Mexico at Nuevo Laredo, a point in Mexico just across the river from Laredo, Texas, last Saturday was very gratifying. An "agency for the protection of Mexican laborers" is being opened at the above named place, he says, and will be operated by the Mexican government.

Texas farmers will be required to sign formal contract with laborers and pay a fee of \$2.50 covering cost of drawing the contract, preparing passport and other necessary documents. Laborers thus employed will pass through the United States immigration office at Laredo as "contract laborers."

The Mexican authorities, it was announced, purpose to assemble the Mexican laborers in a camp at Nuevo Laredo ready for the call of the farmers. The contract, it is said, is designed to protect the interests of both the employers and the employees and is in keeping with the contract required by the United States immigration service.

This is a splendid solution of the problem of Texas farmers, if it functions properly and fast enough. The pickers cannot be distributed to Texas farms too rapidly upon these terms to suit the farmers. They have millions of dollars represented in the cotton fields which are white with as much in some instances as a half bale per acre open.

It is said that in Bell county alone there are thousands of acres of cotton with a yield of from a third to a half bale per acre without a picker in sight. Something must be done and done quickly if these farmers are to be insured against big losses.

By taking this attitude in the matter and offering her help, Mexico is proving a valuable neighbor in time of need. Her labor will to a great extent be a happy solution of a very difficult problem to Texas farmers. At the end of the season the laborers will return to Mexico under the terms of the contract. We will not be burdened by the surplus population indefinitely. A more convenient solution could not be devised.

And it will work to the mutual benefit of the two countries. The Mexican laborers will return with full purses, perhaps with more cash than they have seen in many years. They will certainly be much better off financially than if they had remained at home. Besides it will do them no harm to learn first hand that Americans are

friendly to their country. Of course the great immediate consideration is saving the great cotton crop but the commercial relations should help to pave the way for more friendly relations between the two countries.

It is always best to be on good terms with our neighbors. We never know when we may need their assistance or when we may be able to render them valuable service. The disposition of those in power in Mexico now is truly gratifying and will lead to better conditions in that country if continued. They are to be praised for coming to the rescue of Texas farmers and may rest assured that their friendly action will not soon be forgotten in this country.—Temple Telegram.

WHAT THE VOTERS WANT TO KNOW.

Why does a pair of shoes for the youngest boy, who kicks out a pair every few weeks, cost \$7 and \$9.

Why does a man living near the soft coal mines pay more than twice as much for coal as a few years ago?

Why is labor leaving the farms and demanding \$6 and \$8 a day for work it used to do for \$1.

Where is the salaried man getting off under this abnormal arrangement?

When is there going to be a curtailment of expenditures?

Why do school teachers receive less money than window-washers and cooks?

When are taxes going to be reduced?

When will the Federal Government cease encroaching upon the rights of the State?

Where can a fellow get a drink without being catalogued as a criminal?

When will war laws be repealed?

How long before rents will come down and houses spring up?

What will either candidate do to make conditions and the United States a better place to live in?

HEROIC ACT SAVES BRECKENRIDGE FROM BEING BLOWN UP

Breckenridge, Texas, Sept. 17.—J. W. Kennedy, head shooter for the Illinois Torpedo Company fell unconscious from exertion and the effects of gas fumes last Friday night here, although it is believed he saved the lives of hundreds of people. He caught and held a shell of nitroglycerin which was forced by heavy gas pressure from a well only a block from the Christian church.

Mr. Kennedy had lowered 60 quarts of nitro into the Brown well. He had lowered a shell of 30 quarts when gas pressure began to force the entire charge to the surface. Leaning over the hole he held the torpedo in the casing to prevent it from being shot into the air and exploding. Before he could be relieved the gas fumes reached him and he fell unconscious.

If the charge had exploded much of the city, it is believed, would have been wrecked.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.

The Telephone— An Individual Service

The current for your electric light comes from the same wires that serve many others besides you; water or gas can be furnished you from the same mains that also supply many other customers—

But the telephone, with few exceptions, is an individual service—

The telephone company must furnish and maintain a separate circuit all the way from the telephone exchange to the interior of your home or place of business; must furnish and maintain your telephone instrument and wiring; must maintain a special, separate investment for you alone!

Remember that, Mr. Subscriber, when you consider the cost of installing and maintaining your telephone—and the rate that must be charged you to make that individual service possible.

BRADY AUTO COMPANY IS
SHOWING NEW '21-45 MOD-
EL BUICK AUTOMOBILE

B. A. Hallum, manager of the Brady Auto Co., last Thursday drove over from Brownwood the first of the new series '21-45 Buicks to be seen in this section of Texas, and is taking great pride in showing this latest creation of the Buick company and in demonstrating its many superior features.

While the new Buick has distinctive lines, all in all, there is but little change from the model '20-45. As Mr. Hallum puts it, "The Buick is built so nearly perfect that there can be no radical changes made." Rather the changes are in the nature of little improvements here and there, which, while not relatively important in themselves, nevertheless combine to make up many points of superiority over the older models. For instance, the dash light is operated now independently of the switch-key, and may be turned on at will. The fellows of the wheels are of steel, making for greater wear and service. The demountable rims are made with notches in which the lugs fit, so as to obviate any damage of the tire slipping. These and a hundred and one other improvements make the new series Buick one of the most talked-of and admired cars in its class.

The new cars are priced at \$1995, f. o. b. Brady, and Mr. Hallum states there need be no hesitancy in placing orders, for by the time delivery can be made, the prospective purchaser will be taken care of should there be any decline whatever in price.

Do not neglect the warnings of nature. If your appetite is poor, breath bad, tongue coated, you will be sick unless you take steps to put your system in good condition. THE BRADY CHAMBER OF COMMERCE

INVITES THE CITIZENS OF

McCULLOCH AND ADJOINING COUNTIES

TO THE

**McCulloch County
Co-Operative Exhibit**

TO BE HELD IN

BRADY, OCTOBER 5-6

The Brady Chamber of Commerce desires to give this McCulloch County Co-Operative Exhibit its strongest endorsement, and to urge the citizens of every community in the county to take active interest and part in the exhibits—both as a community and as individuals.

There is everything to be gained and nothing to be lost through such effort. Every community will be benefited in the same measure as the work and interest they put into the exhibit.

The Co-Operative Exhibit has already aroused wide-spread interest, and visitors are coming from near and far to see what McCulloch county produces and can show. Naturally, therefore, McCulloch county must put her best foot forward, and for this reason we need the hearty co-operation and assistance of the citizens in every part of the county.

Further than that, it will surprise and encourage you to see what excellent products have been raised right in your own home community. No man knows how much good he is doing until he compares his efforts with those of his friends and neighbors. This is your chance to show what you are doing and to profit by what your neighbors are doing.

Without question, the program for the two big days is the best that has ever been arranged. The program committee has worked hard to arrange a complete and varied series of entertainment, combining both instructive and entertainment features so as to give the visitors here an enjoyable and profitable stay.

Each and every community should be on hand and take part in the Grand Parade Tuesday morning at 10:30 o'clock. The appearance made by each community in this parade will be given credit in the awarding of prizes.

Don't forget that ten prizes are to be awarded for the best community exhibits, capital prize being not less than \$50, and other prizes in less amounts. Also ribbon prizes are to be awarded individual exhibitors.

As an added attraction, the Entertainment club of Daniel Baker college at Brownwood, has been booked to give a program of lectures, readings, recitals, vocal and instrumental music on Tuesday night.

There will be something doing every minute—Band Music and Concerts throughout the entire two days. Also Goat Roping Contests, Dog and Rabbit Races on the Public Square, Basket Ball Games, Base Ball Games, Baby Show and Convention, 10 - Round Boxing Match, Stock Judging, Prize Awarding, Free Picture Shows, and innumerable other features.

Missing Accomplishment.
"It is a strang thing," said the professor. "I was shaved this morning by a man who really is, I suppose, a little above being a barber. I know of my own knowledge that he studied at Heidelberg and spent several years in other foreign educational centers. I know, also, that he has contributed scientific articles to our best magazines and has numbered among his intimate friends men of the highest social standing. And yet," soflloquized the professor, "he can't shave a man decently." By Jove," exclaimed young Rousder in astonishment "What is he a barber for, with all those accomplishments?" "Oh, he isn't a barber," said the professor, yawning. "You see, I shaved myself this morning."—San Francisco Argonaut.

FORCED TO RAISE CASH SALE.
It is not every day that our readers have an opportunity to benefit by another's misfortune, but in the great "Forced to Raise Cash Sale," inaugurated yesterday morning by The Leader, citizens of McCulloch and surrounding counties have an unparalleled opportunity to benefit by Mr. Cohen's misfortune in having stocked up so heavily that he is obliged to make the most unheard of sacrifices in order to meet the demands of his creditors for payment. Cash is the cry and everything possible must be turned into cash in order to satisfy the hungry creditors.

To put on such a sale right at the beginning of a new season, and to cut and slash prices on a brand new stock of goods may appear ridiculous—were it not for the fact that it is a serious business proposition. Regardless of the loss, the goods are going to have to move and be turned into cash. The faster they move, the sooner the sale will end, for no one can blame Mr. Cohen for not wanting to give his goods away. So don't delay—the moment the required \$25,000 is raised the sale comes to an end. If you miss it, you'll miss the biggest opportunity of your life.

CLINT BELL CASE RESULTS IN MIS-TRIAL WEDN'DAY

Aside from the murder case of Jim Bell, (accused) tried last week in district court, and which resulted in the jury sentencing Miles to the penitentiary for life upon the latter's plea of guilty, the Clint Bell case occupied the chief attention of the court this week. The case was taken up by the court at 1:30 Monday, Bell entering a plea of not guilty. The case went to the jury late Tuesday afternoon. At noon Wednesday the jury reported into court that they were unable to agree, and was dismissed by Judge Woodward.

Cruc Schanca, the Mexican charged with stealing a hide from Mayhew Produce Co., was given a two-year suspended sentence upon his plea of guilty.

A number of cases on the criminal docket, including one of unlawfully carrying a pistol, one of theft, several of aggravated assault and several of gaming, were transferred to the county court.

The case of Thad O. Day vs. Jas. Bowen, suit over possession of an automobile, on the civil docket, was taken up Wednesday and resulted in a verdict being returned in favor of plaintiff.

The court yesterday began the trial of a damage suit against the Price railroad by H. C. Cummins.

BUICK

TRUE to the Buick tradition of twenty years, the one feature Buick engineers have particularly sought to develop in the new Nineteen Twenty One Buick Series is high utility value. You will find, in fact, when you investigate these new models, that Buick capacity for hard, fast, sure transportation is even greater than ever before. The high-powered, sure-working Buick Valve-in-Head Motor is a feature of each of the new models.

Added to their great service value are a beauty of contour and appointment and a comfort of movement and seating arrangement that appeal to the most particular.

Buick primarily, however, is a car of action. Built for business—built to stand up—is a well known Buick feature. Business men will find the new five passenger touring car a happy selection.

Back of it, reinforcing its high serviceability, insuring the uninterrupted use of your investment is Authorized Buick Service rendered by a nation-wide organization.

Parent-Teachers' Club.
Wednesday afternoon marked the first meeting of the Parent-Teachers' club for the new school year. About forty members were present and all manifested much interest in the work outlined for the year.

The club voted to buy a booth and sell sandwiches, pies and cakes during the county co-operative exhibit. The money realized from this sale will be spent for play-ground apparatus for the school.

Entertains Friends.
Miss Alice Samuel entertained very pleasantly for a number of friends on last Tuesday night with a party at the show, following which the young couples enjoyed dancing at her

home. A salad course was served by the hostess to guests as follows: Misses Estelle Jones, Jim and Lula Gay, Helen Benson, Gladys Squyres; Messrs. Jack Gartman, Lew Townsend, Hardin Jones, Ed Blair, Earl Cantwell, Bill Ritter.

Five Hundred Club.
Mrs. C. D. Allen was hostess on last Friday afternoon to members of the Five Hundred club, and a number of guests, three tables being set for the usual series of "500." Members present included Mesdames Ed Campbell, G. C. Kirk, J. S. Wall, Dick Winters, J. G. McCall, G. R. White. Guests were Mesdames Fred Ellis of Menard, G. V. Gansel, S. S. Graham, J. E. Shropshire, B. L. Malone.

In the series of games, Mrs. Winters received club prize and guest prize was awarded Mrs. Gansel. The hostess served orange sherbet and cake.

Junior B. Y. P. U.
A very enjoyable gathering was the monthly social meeting of the Junior B. Y. P. U. on last Friday night at the home of Mrs. J. H. Ogden. Various games passed the time quickly, and in the course of the evening cake and punch were served by the hostess, who was assisted by Misses Vivian Jordan and Knolia King in entertaining.

Those attending included Misses Mary Lyle Vincent, Mildred Yantis, Dorothy Ogden, Rachel Wilkerson, Ethel Smith, Mary Violet Horn, Maggie Horn, Mildred and Marie King, Gladys Martin, Jewel Bodenhamer; Messrs. Jack Deaton, Jack Roddie, Frank Roddie, Weldon Meers, Thurmal Hairston, Delius Reed, Thomas Erickson, Earl Neal, Raymond Neal, J. B. Vincent, Robt. Ledbetter, Reuben Horn, John Allison Polk, J. D. Miller.

Entertains on Birthday.
Little Miss Drusilla Davidson was four years old last Saturday, and very appropriately observed the anniversary by entertaining a number of her little friends with a lawn party, the guests including little Misses Nance Bushof, Loudie Marie Schwenker, Imogene Hemmendorf, Mary Louise and Marietta Sessions, Phoebe Graham, Peggy Marie Ellis, Royelene Erickson, Christine Jones, Mesdames C. D. Allen, Fred Ellis of Menard, and Harry F. Schwenker assisted in entertaining the little folks, who enjoyed various childhood games upon the spacious lawn.

Ice cream and cake and mints were served on the lawn, the birthday cake bearing four candles to represent the four milestones of life passed by the little hostess. A color scheme of pink and green was observed throughout. Many birthday gifts were received by little Miss Drusilla, together with the good wishes of her little friends.

Sixth Birthday Anniversary.
Master Fred Wulff entertained on last Monday for a number of his little friends, the occasion being his sixth birthday anniversary, and a royal time was had by all the guests, included among whom were Masters Lewis Brook, J. B. Abernathy, Paul Mann, Jack Tait, Fred Ellis, Jr. of Menard; little Misses Peggy Marie Ellis, Loudie Marie Schwenker, Drusilla Davidson, Christine Jones, Phoebe Graham, Royelene Erickson.

A color scheme of pink and yellow was observed throughout, the motif being followed in the table decorations, in the place cards of pink and yellow, and in the horns and balloons with which the little guests were favored, those of pink being for the girls and the blue for the boys. Each of

the little guests was given an odd trepe cap, which was worn during the afternoon and which afforded much merriment. A fish pond in the living room also proved a source of much delight to the little folks, each little girl drawing a gift from the pond by means of a pink ribbon, while each boy drew his gift with a blue ribbon. The gifts were tiny Japanese parasols for the girls and leather watch fobs with a pistol in each for the boys.

Cake and cream were served to the little guests, the color scheme of pink and yellow being observed in the refreshments and also in the six candles that adorned the birthday cake. Master Wulff was the recipient of many gifts as token of love from his friends, who departed wishing him many returns of the happy occasion.

HE COULD HARDLY GET HIS BREATH

Johnson's Troubles All Disappear After He Takes Tanlac.
"The way Tanlac built me up proves to me that it is a great medicine," said Gust A. Johnson, of Virginia, Minn. Mr. Johnson has been employed by the Duluth and Iron Range railroad for thirty-five years.
"I suffered from stomach trouble in its worst stages," continued Mr. Johnson. "So much gas formed in my stomach after eating I could hardly breathe. I also had the rheumatism so bad in my knees sometimes it was all I could do to hobble about and I was so nervous that many a night I could not sleep at all, and by morning I was all tired out and weak as if I hadn't been in bed at all."
"I noticed in the papers about Tanlac and gave it a trial, and it's a fact, nothing can beat it, for I've taken only three bottles and feel like a new man. I eat anything I want now and am never troubled with gas any more; the rheumatism has left me and my nerves are steady as a clock and I get up every morning feeling fit and ready for the day's work. Tanlac is the greatest medicine I've seen and I know what I'm talking about, for I have tried nearly everything."
Tanlac is sold in Brady by Trigg Drug Store, in Mercury by J. T. Matlock, and in Rochelle by C. W. Carr.

EXHIBIT COMMITTEE LACKS \$1,000.00 OF HAVING REQUIRED TOTAL—LAST MINUTE APPEAL

The Finance committee of the McCulloch County Co-operative Exhibit sends forth an eleventh-hour appeal to the citizens of every community in the county to come forward with their pro-rata of the subscriptions needed to make the exhibit a complete success. As everyone must know, this is an unselfish undertaking—in fact, it is a move by all the citizens for the benefit of all the citizens. It is the biggest thing that has ever been attempted in the way of a co-operative move. Its success should not hinge upon the unwillingness of a citizen's or a community's failure to take active interest and to share in the good work. Here is the appeal of the Finance committee:

Following is a list of the subscriptions received for the co-operative exhibit up to Saturday, September 25th:

Calf Creek	\$ 75.00
Lohn	35.00
Life	25.00
Corn Creek	35.00
Dodge	70.00
Voca	46.45
Carroll Colony	5.50
Camp San Saba	6.50
Melvin	68.35
East Sweden	39.00
Waldrup	50.00
Claxton	60.00
West Sweden	60.00
Lost Creek	15.00
Brady	1666.50

There is a disappointment on the part of the Finance committee that some communities have not taken the interest in their community as have other communities. Look over the above list and see if you think your community has done its part, compared with others that are not as large as some of those that have contributed liberally. Not too late to do your part yet; get busy—one day's time will bring great results. See what you can do by trying; write me the results. We will need \$1,000.00 more than is shown on above list.

GRAND JURY SEPTEMBER TERM OF COURT, RETURNS 11 INDICTMENTS INTO COURT

The following is the report of the grand jury for the September term of District court.
To the District Court, McCulloch County, Texas, September Term, A. D., 1920.
To the Honorable J. O. Woodward, Judge:

We, your Grand Jury, empaneled for said term of court beg leave to submit the following report:
We have been in session the past six days, and have given full investigation to all violations coming to our knowledge, and although we have experienced some trouble in getting riding bailiffs at the money allowed them we have amply handled this affair through local county deputies. We have had before our body over sixty witnesses and have returned into court eleven indictments. We have further found, upon investigations made, that there is some gambling with cards, gaming and election betting going on which we were unable to get the proper evidence to return bills of indictment for, but have examined the records of the Justices of the Peace of this County and find that these officers have been looking into these petty matters. We find a total of 78 cases brought before the different Justices of the Peace courts, a large amount of which were disposed of in said courts, which practice has saved the Grand Jury much valuable time, and we commend their efforts in this matter.

We have examined the jail and County Court house and find the jail in reasonably good repair, well kept and clean, sewerage connections in good working order and prisoners well cared for. We have also found a like condition in the courthouse and grounds. While it is true that the courthouse is in bad repair as to plastering, and we understand that it has been the custom of the grand juries heretofore to call attention of the Commissioners Court, but we have investigated further in this matter and it appears to be the fault of no one that this has had no attention. There has not been, heretofore, a court house tax for maintenance purposes, but we understand that there has been such a tax created and at the end of this taxable year there should be ample funds to care for this matter.

We have examined the records of the public certified accountants which was made in December, 1919, and we understand that it is the purpose of the Commissioners to have the books audited at least every two years, this being the first official audit. We heartily commend their action in this matter and believe it to be money well spent.

We thank the Honorable Judge, District Attorney, the Sheriff, and bailiffs and all other officers in the assistance rendered us during this term of court.

Respectfully submitted,
HENRY DAVIS,
Foreman of the Grand Jury.

— ANOTHER — BIG CUT IN PRICES — AT THE BIG SALE —

Again comes the HUB with a Startling, Big Price Cutting Sale. The biggest bargains in many years are now offered. Prices that defy all competition. The prices we are now offering are much lower than wholesale. We can do this because we own our goods right. Our prices have been the lowest and now they are lower than wholesale. We can sell you goods cheaper than the mail order houses, or any store in West Texas. Look at the prices we offer on high class merchandise, compare them with the prices other stores are offering. You will see that our prices are the lowest.

On account of the Big Brady Fair, the Big Sale has been continued Fifteen days longer, and during the fifteen days of this big sale, goods will be sold regardless of cost or profit. It is our intention to make the Brady Fair Exhibit a big success and in order to do so we are offering SPECIAL BARGAINS to induce as many as possible to come to Brady and Brady's Largest and Cheapest Dry Goods store.

READ CAREFULLY EVERY ITEM LISTED, AND COMPARE PRICES. THESE ARE JUST A FEW OF THE MANY HUNDREDS OF BARGAINS OFFERED AT THE HUB DRY GOODS STORE DURING THIS SALE. COME AND SEE!

Look for Style at the Exhibit

At the Exhibit you will notice how easily and comfortably well dressed men wear their clothes.

Everywhere else, too, well dressed men are at ease. They wear clothes that are designed by experts, tailored and finished with skill.

Talk about satisfaction-giving clothes and you're talking about Society Brand Clothes. They meet your every requirement and give the kind of confidence that the well dressed man has.

We carry and sell Society Brand Clothes, also Hats, Shoes, Shirts, Sweaters, Underwear, Collars and Ties—everything for young men and their daddies, too.

Clothes Cleaned and Pressed While You Wait.

promises to be one of the biggest and most popular of all the events. Already something like 70 or 75 entries have been made, and interest in this feature is steadily growing. This feature will be entirely different from the old-time "prettiest baby" contests, as all entrants will be judged by their physical development and perfection.

The live stock and poultry exhibits are certain to be the best ever seen here, and some of the finest agricultural products in the state are being prepared for exhibit.

Numbers of communities are preparing not only to capture prizes in the exhibits, but to further advertise themselves and their resources by the splendid and unusual appearance they will make in the grand parade.

The big parade is growing in importance and interest every day, and there promises to be included everything from the ridiculous to the sublime. Secretary Black wishes to have every ex-soldier in the line of march, and all veterans of the World War are requested to appear in uniform in time to fall in line at 10:30 a. m. next Tuesday. The Lohm veterans have already announced their intention of being out 100% strong, and other communities will likewise make strong

showings.

A feature in which all citizens with the least sporting blood will find keen interest is the 10-round bout between Alvin Hall of Melvin and Sailor Smith of Richland Springs, which will be the closing number on the last night's program. Hall is one of the best amateur boxers in this section, and has so far been accorded championship honors. Recently he met Sailor Smith in a 10-round bout and was awarded the decision upon points. The contest next Wednesday night at 9:30 p. m. will be one of the greatest of the exhibit features.

All programs and forms of entertainment are to be given in the E. J. Broad building, the front half of which has been converted into a commodious auditorium. The rear half of the building will be given over to exhibit booths. The live stock is to be placed on display at the Gay Wagon yard, where pens and stalls are already available, and where the camp houses may also be had by those attending and staying overnight.

There will be two big days, with the finest program and the best talent ever secured by a local committee, and no one should miss a single day nor a single event.

"These Rats Wouldn't Eat My Best Grain," Says Fred Lamb.

It's hard to keep rats out of a feed store. Tried for years. A neighboring store sold me some RAT-SNAP. It worked wonders. Gathered up dead rats every morning. Bought more RAT-SNAP. Haven't a rat now. They wouldn't eat my best grain when I threw RAT-SNAP 'around.' Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by O. D. Mann & Sons, and Trigg Drug Co.

DODGE BROTHERS 4 DOOR SEDAN

It is good-looking; it is comfortable; it is quickly adaptable to any weather change.

It is easy to drive; it costs little to run.

The gasoline consumption is unusually low. The tire mileage is unusually high.

OF INTEREST TO WOMEN.

Cream Carmels.

One-fourth lb. chocolate.
One-half pt. cream.
One pt. granulated sugar.
Put into a saucepan, and stir until it boils; then stir constantly until the mixture forms a soft ball when dropped in cold water; begin to test after the first 10 minutes. Pour into greased pans and cut into squares.

Philadelphia Caramels.
Melt 4 tablespoons butter. Add 1 cupful molasses, 1 cupful brown sugar, and one-third cup of milk. Stir until mixed, bring to the boiling point, add 4 squares of chocolate. Boil until a firm ball is formed when dropped in cold water. Add 1 teaspoonful vanilla and 1 cupful of nuts. Turn into buttered pan and cut in cubes when cool.

Cream Drops.

Two cups brown sugar.
One-half cup corn syrup.
One cup white sugar.
One cup cream.
After it boils add 1 dessertspoonful of vinegar. Cook until it forms a soft ball when dropped in cold water. Whip until creamy and add 2 cups nuts.

TO ALL EXHIBITORS OF AGRICULTURAL PRODUCTS.

Bring all your exhibits to my office now if you wish. I am prepared to keep it for you and protect it from rats and mice. If I happen to be out of the office when you come, just hang your products on the wire hook in the hall in front of my office door. Every exhibitor should have his name and address, and the name of his school on the product. If you will place it in a sack with the name on the outside, I can keep it separated better. If I can be of help to any of you in any other way, just let me know and I will do my best for you.

Sincerely,

B. D. BLACK, County Agt.
