"LOVE EXPERT"

5-Reel Comedy Drama

THOUGH THE "LOVE EXPERT" SEEMS TO HAVE BEEN WRITTEN ESPECIALLY FOR CONSTANCE TALMADGE, IT RISES FAR ABOVE THE MA-CHINE-MADE STORY IN QUALITY AND QUANTITY OF ENTERTAINMENT. IN THE FIRST PLACE IT IS DISTINCTLY A SCREEN COMEDY BY PEOPLE WHO KNOW HOW TO WRITE ONE; IT IS A JOHN EMERSON-ANITA LOOS PRODUCTION. IN THE SECOND PLACE AND NOT LESS IM-PORTANT IN MANY RESPECTS, IT IS WRITTEN IN HARMONY WITH THE NATURAL QUALIFICATIONS OF THE STAR. IT HOLDS TO THE MOOD WITH A FLAWLESS CONTINUITY AND SUB-TITLES THAT FIT. IT IS A GENUINE PHOTOPLAY INSTEAD OF A HALF-BREED OF SOME OTHER AND DOUBTFUL EXTACTION. LIKE "IN SEARCH OF A SINNER," IT DOES NOT EXALT MANKIND TO ANY OBVIOUS EXTENT. IT DEPICTS THE WOMEN OF TODAY AS A CREATURE OF INTELLIGENCE SUPERIOR TO THAT OF THE OLD-FASHIONED MALE. NEEDLESS TO SAY, THE. STAR IS AT HOME IN HER NEW WOMAN'S ROLE. SHE CARRIES HER FULL SHARE OF THE ENTERTAINMENT WITHOUT BEGRUDING OTHERS OPPORTUNITY. "THE LOVE EXPERT" IS A SURE WINNER-BOUND TO PLEASE EVERYONE. DON'T MISS SEEING THIS ONE.

MAN'S BEST AGE

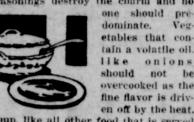

A man is as old as his organs; he can be as vigorous and healthy at 70 as at 35 if he aids his organs in performing their functions. Keep your vital organs healthy with

much, perhaps, because the world needs it. Men can work, but work makes men. An office is not merely a place for making money; it is a place for making men. A workshop is not a ace for making machinery only; it a place for making souls, for filling in the working virtues of one's life; for turning out honest, modest and good-natured men.—Henry Drummond

A soup pot may take a spoonful of peas, a half cupful of tomato, a stalk of celery, an onion or a bit of beef gravy, added to the stock, making a tasty dish or two of soup and adding a real value to the meal.

Some cooks add two or three prunes or a dozen raisins to the soup pot an hour before serving. The flavor is es pecially pleasing.

A thin cream soup of any kind may be further enriched by the addition of egg yolk and cream. Beat the egg. add the cream and pour a little of the hot soup into the mixture before mix-

Roll out very thin and cut in diamond shapes with two slashes in the center of each. Fry in deep fat, drain and sprinkle with powdered sugar.

Fish Pudding .- Cook one cupful of rice in bolling salted water until tender. Cook a two-pound pickerel, bass or other fresh water fish until tender in boiling salted water. Remove the skin and bones from the cooked fish and flake it. Combine the rice and cooked fish, add two eggs well beaten. one cupful of milk and one cupful of the fish stock. Chicken Loaf .- Take one chicken. one stale loaf of bread, two tablespoonfuls of chopped parsley, salt, pepper and chicken broth. Boil chicken in water to cover until tender. Remove from the broth and also remove the meat from the bones. In a buttered baking dish put a layer of buttered crumbs, the crumbs should be very coarse, the bread pulled in pieces with the fingers. Dot the crumbs with bits of butter and add a layer of chicken which should be in slices, not chopped. Add bread crumbs and chicken until all are used. Pour over the whole two cupfuls of broth, add salt and parsley. Bake until the crumbs are brown

Corn Souffle .- Melt two tablespoonfuls of butter, add two tablespoonfuls of flour, one teaspoonful of salt, oneeighth of a teaspoonful of pepper. Add one and one-half cupfuls of scalded milk and one-third of a cupful of soft bread crumbs. Cook until smooth. add two cupfuls of corn and the yolks of two eggs beaten well. Fold in the whites of the eggs beaten stiff and turn into a buttered baking dish and bake thirty minutes.

As the summer time and jelly season approach it is well to prepare for the delicious jellies which may be made of fruits which lack pectin. This may be supplied by the following: Peel all of the yellow rind from thick-skinned oranges or lemons. Remove the white peel and put it through a meat grinder. To each cupful of the chopped, pressed down peel add the juice of one lemos and let stand one hour. Add two cupfuls of water, and let boil five minutes. Let stand over night, add four cupfuls of water, heat to the bolling point and boil ten minutes. Strain through a jelly bag. Pour this extraction into terile bottles and keep until needed.

LARGE BODY BLACK LAND

The last in Texas that can still be bought at the old-time "stock-farming" prices. Ry., South of San Antonio in extreme North part of La-Salle and McMullen Farms on this land produced this year from one-half to one bale of cotton per acre. But I am strictly advocating DIVERSIFICATION, cotton, corn, feed and stock-nothing in this wide world beats it. want homeseekers and to the right men I will give them an opportunity to build a real family home on a foundation as safe as did the farmers of the Central Texas black land belt, and just as good land, at low prices and easy terms. Small cash payment and as long as 10 years at 6%. Positively your last chance to get \$100.00 land at less than one-third its real value. Investors can double their money Will take in some good property I am going to sell this splendid body of land out quickly and will sell in tracts of 160 acres up. Get in your order or come and see me at once. Remember no more land is being made. Still have a large number of those good farm tracts in Atascosa and Live Oak Counties for sale. EXECUTIVE COMMITTEE'S STATEMENT

TO THE SCHOOL DISTRICTS PARTICIPATING IN THE

that the premiums will be just exactly double what we first

counted on and to congratulate those of you who have earned

these premiums. It is a pleasure to us to be able to present

them and we want you to consider when you receive them, if

you do not think this is the character of exhibit that is bene-

ficial to us all. This is possibly the first time in your experi

ence when the surplus money from an entertainment of this

kind has been returned to the people through the schools and

it would be hard for any individual to conceive of a more wor-

thy or appropriate plan, or one where there would be more

incentive for each and every one to work their best and there-

you, that in some instances the winnings may seem a little ir-

regular; for instance, as in the case of Waldrip and Fife in

their Textile exhibit. It was conceded that Fife had the most elaborate display and some of the finest work; but their exhib-

it did not contain the variety as that of Waldrip, therefore the

difference in the number of Blue Ribbons. This might be said

of others in more than one instace, but this is sufficient to give

you the idea they wanted to convey. Again in other instances,

there was hardly sufficient display to make a representative

out to better advantage, and we know that we can have a more

representative display. We think this has been educational to

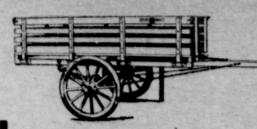

We hope next time to be able to work all of these things

We want to thank everyone who participated and hope

No Worms in a nealthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will earlich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
