Mr. and Mrs. Top Jones have been spending the past several days here from the Stewart ranch near Sonora, enjoying a visit with relatives and friends. Both declare there is no place more like "home" to them than old Brady, and they are always delighted to be back here once more.

Messrs. Bailey Jones, C. A. Anderson and W. P. Doty were among the visitors in the J. R. Stone home at Brownwood over Sunday. Upon their return Sunday evening, Mr. Jones was accompanied by Mrs. Jones and daughter, Christine, who had been guests of Mrs. Stone the past week.

Mr. Gunter had not visited Brady in something like twenty years, while his wife was here for the first time in about thirty years. In the meantime the railroads have come, and Brady has grown from a mere trading post and settlement to a thriving city. Naturally Mr. and Mrs. Gunter find much to marvel at in the wonderful progress to be noted on every hand.

Catarrhal Deafness Cannot Be Cured the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube it inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure sets thru the blood on the mucous surfaces of the system.
