Get Acquainted.

When you get to know a fellow, know his joys and know his cares, When you come to understand him and

the burdens that he bears, When you've learned the fight he's making and the troubles in his way, Then you find that he is different than you thought him yesterday.

You find his thoughts are sensible and there's not so much to blame In the man you lightly jeered at when

you only knew his name.

You are quick to see the blemish in the distant neighbor's style, You can point to all his errors and may sneer at him the while, And your prejudices fatten, and your

hates more violent grow, As you talk about the failures of the man you do not know.

But when drawn a little closer, and your hands and shoulders touch. You find the traits you hated really don't amount to much.

When next you start in sneering and your phrases turn to blame,

Learn more of him you censure than his business and his name. For it's likely that acquaintance would your prejudice dispel,

And you'd really come to like him if you knew him very well, When you get to know a fellow and

you understand his ways, Then his faults won't matter, for you'll find a lot to praise.-Author Un-

A. F. Roberts, Successful Cattle Dealer. Gains 16 Pounds In 60 Days Taking Taniae.

"One of the best physicians in Colorado advised me to take Tanlac, and it has not only overcome my troubles but I have gained sixteen pounds since I began taking it sixty days ago. said A. F. Roberts, of Rocky Ford, Alberta, Canada. Mr. Roberts is one of the largest cattle dealers in his section of the country and before moving to Canada a short time ago he had spent most of his life in Colorado.

"I now understand why Tanlac enjoys such wide popularity," said Mr. Roberts, "and it deserves all the praise

"For two years I had suffered acutely from stomach trouble which became so bad I could hardly retain to get a good night's rest, was badly constituated and was troubled a lot by dizzy spells. Finally I became so weak

"My physician certainly knew what he was doing when he prescribed Tanlac for me, for it has done its work wonderfully and I am now as healthy and strong as I ever was in my life. I haven't a trace of stomach trouble, nervousness or constipation left and simply feel fine all the time. Tanlac certainly deserves the strongest rec ommendation I can give it."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock and in Rochelle by C. W. Carr.

Do You Talk This Way?-Or This

The transmitter on your telephone renders the most efficient service when it is leveltipped neither up nor down.

Inside the transmitter is a small metal drum partly filled with carbon crushed to about the size of granulated sugar. This granular carbon takes the sound vibrations from the metal diaphgram in the transmitter, and sends them out over the wire in varying impulses.

RECOVER ONE OF STOLEN SILK DRESSES IN LOMETA CALABOOSE PAST WEEK

Constable J. W Cole was here from d sizes at The Brady Standard. Rochelle last Saturday and reported that one of the silk dresses stolen from We are prepared to take care the W. D. Price tailor shop at Rochelle Moore brothers, he found that they had all but succeeded in knocking a Pyrex Ware-make a gift of hole in the side wall of the frail woodtheir escape. Cole says the calaboose was cluttered up with barrels and trash, and while he made a hasty search of the place he was unable to find any hidden articles. Later, however, the Lometa constable found a silk dress stuffed down in one of the barrels and notified Cole accordingly.

> When the two men reached Brady, they were found to be wearing suits answering to the description of the stolen goods, underneath their work clothes. These, they say, they had bought from Mexicans. Sheriff Wall made them strip off the suits and returned them to Mr. Price.

> While the circumstantial evidence points strongly to the guilt of the two accused men, they refuse to make any statement which might incriminate themselves. Mr. Price interviewed them the past week in an endeavor to ascertain what had become of the other two silk dresses still missing and also the pair of shoes not so far recovered, but met with no success.

A prime steer could never be made of this critter, even if a carload of corn were funneled down his throat. He lacks something most essential to the making of a high-priced carcass. That "something" is pure blood. For all practical purposes, pedigree is the best feed.

If you've heard of a grade steer's topping the market, it was just because such pure blood as he possessed had chanced to get in its work, chanced to offset his scrub blood-but it was mere chance! With the pure-bred it's a planned certainty.

ATTACKED BY THOUSANDS OF CROWS MAN BATTLES FOR LIFE AND WINS

Sioux City, Iowa, Nov. 19.—Attacked by a thousand of crows while duck hunting on the Missouri river near here, M. L. Murray of Salix, killed and wounded more than five hundred of the birds in three hours, using about two hundred shotgun shells. The coming darkness gave him an opportunity to es-

The fight started when Mr. Murray shot at a lone crow and wounded it. The wounded bird cried for help and soon hundreds of others came to its aid. Soon the ground was covered with dead and wounded crows. The remaining birds attacked Murray, striking him with their wings and beaks. When darkness came the hunter was able to retreat to a willow patch, and the crows, unable to advance upon him, returned to roost.

52,50000 GIVER AWAY

Absolutely true, we have decided to take our loss and we believe this is our share at this time and we are going to sell \$2,500.00 worth of merchandise at half price and when this amount is sold we absolutely will not sell another dollars worth at these prices.

This is not a hot air sale, like you have been reading about lately, but a genuine loss taking sale. We feel like the farmer should not have to stand all the loss so we have decided to share this loss by sacrificing \$2,500.00. Now this will not last long, and if we sell this amount in one day you cannot get these prices the next day. Just as soon try to get 40c for your cotto n as to try to get these prices after we reach our amount and we rese rve the right to limit each customer on every article listed here. We know some customers who would buy all or lots of these goods, and there is not a wholesale house in the U.S. that wouldn't buy every i tem listed, therefore we refuse to sell to merchants and reserve the right to limit each customer so these bargains will reach as man y people as possible. Remember, this Sale starts Saturday, Novem ber 27th, and continues only until we have sold \$2,500.00 worth. When we have sold that amount we feel like we have done our share a nd this Sale stops.

Absolutely no goods exchange d at these prices. No money refunded. If you don't know for su re that you want it—don't buy it, as we can't take a loss like this and allow exchange. Sauted Potato Balls.

Cut balls from potatoes with . French cutter. Cook ten minutes in boiling water, slightly salted. Drain, put into an omelet pan with a tablespoonful of butter, a sprinkling of paprika, cover and place on the back of the range and cook until delicately browned. Shake the pan occasionally so that the balls will brown evenly. Use the left-over pieces for mashed

Savory Chicken Salad.

Put one teaspoonful each of mixed whole spice, minced onion, sweet green pepper into three cupfuls of boiling water, add one-half teaspoon of salt, and simmer ten minutes, strain and add one pint of this boiling water to a package lemon gelatin; stir until dissolved. Cool and as the gelatin stiffens add two cupfuls of finely minced chicken. Pack into a mold and set away to harden. Turn out on a bed of lettuce and serve with any good salad dressing. This may be used as a sandwich filling adding a little snappy dressing.

Pineapple Filling for Cake.

Any layer cake recipe may be used with this filling, or a sponge cake baked in layers: Take one-half a can of pineapple, add one cupful of sugar and the yolks of two eggs with a tablespoonful of corn starch. Cook all together, except the eggs, for a few minutes, then cool, add the eggs and finish cooking; add when thick a tablespoonful of butter and cool before spreading.
