Had another rainy spell last week, which stopped cotton picking for a few days.

The wheat that is up would be looking fine but for the jack rabbits, but they are certainly keeping it grazed off instead of the cows and that of course hinders the milk and butter proposition with those who would produce for the market.

Mr. Hisgen is one of the notable political leaders in Massachusetts, and twelve years ago was a candidate, along with William Jennings Bryan, and others, for the presidency of the United States. Mr. Hisgen ran on the Independent ticket that year. Wm. Howard Taft was the successful candidate, Mr. Hisgen visited Fort Worth during the campaign of 1908, at which place he spoke in bitter terms against Senator Joseph Weldon Bailey. He reports his visit there after a lapse of a dozen years a much different experience, particularly from the standpoint of friendliness exhibited. By a peculiar co-incident, Mr. Hisgen's visit in Fort Worth Tuesday chanced to be on the same day that ex-President Taft visited there.

But to get back to the visit of the party to Brady+that's a different story. To begin at the beginning, Mr. His-

gen has been interested in the oil business-from the retailing end-for the past 35 years as distributing agent for New York and Massachusetts. Some three years ago he sold out his tremendous interest to the Sinclair interests for a cool million and a half dollars, and prepared to retire. After a few years, the lure of the oil game drew him irresistibly back, and recently he decided to re-enter the game from the standpoint of the producer. He and his associates have accumulated some 32,000 acres in valuable oil leases, much of their acreage lying in Mason county and part in Southern McCulloch and the balance in Llano county. The geological reports obtained by them on their Mason county holdings has convinced them that they are in the heart of a great oil field. All formations encountered in wells drilled throughout the territory surrounding their holdings proves that the dip of the formation is towards their holdings. Their visit here and their investigation of oil production and operation in this territory has increased their enthusiasm, and they gave assurance of immediate development of their holdings. \$65,000 PAID FOR TURKEYS FOR HOL-**DAY MARKETS**

Approximately \$65,000 has been paid out during the past four weeks by Mayhew Produce Co. for turkeys for the Thanksgiving and Christmas markets-a neat little sum and one which has served to convince many that there is more profit in raising turkeys than there is in growing the fleecy staple. This turkey money has been easy to gather, for after the first start, the turkeys have required but little attention or care.

The Mayhew Produce Co. is now loading out its eighth carload of the birds for shipment to eastern markets, making for a total of 16,000 head. These turkeys were bought at prices ranging from 25c per pound to as high as 30c per pound, this latter price having been paid just before the Thanksgiving holidays, and now again, just before the Christmas holidays and at the close of the shipping season.

Practically all of the birds were dressed and frozen here for shipment to northern and eastern markets by fast freight or express.

In addition there have been other buyers here and at various shipping points in McCulloch county, who have paid out large sums for the birds, and who marketed them on foot.

GEO. H. SCOTT WANTED FOR BROWNWOOD MURDER. ARRESTED IN SO. CAROLINA

George H. Scott, alias Hornsby, who is charged with the murder of J. N. Weatherby in Brownwood on the night of October 20, last, is believed to be under arrest at Lawrence, South Car-

A letter was received in Brownwood Thursday from South Calolina officers, stating that they had a man under arrest there who answered the description of the Geo. H. Scott, wanted for murder in Brownwood.

Inclosed in the letter from the South Carolina officers was a photograph of the man they have under arrest, and, it seems that several people in Brownwood, who knew Scott here, on being shown the photograph, stated at once that it was the right man, that it was

Deputy Sheriff Bert Hise showed the photo to a young man named Williams, who is now being held in jail here for forgery, and who knows Scott well, and Williams at once, on examining the photo, declared that it was Scott without a doubt.

A woman here, who is known to be intimately acquainted with Scott, was summoned by the officers Thursday, and she unhesitatingly declared the picture to be a likeness of Scott.

In the letter received from South Carolina, the officers there state that the man under arrest who is supposed to be Scott, has recently made an effort to have certain marks on his arm and body obliterated. They state that the man they hold has a scar on his forearm showing a partially erased tattoo mark, and also, they stated, there is a scar on his back showing where a mole has been recently cut

Scott is known by Brownwood parties to have had a tattoo mark on his forearm representing a letter "H," and also, they say, he had a prominent mole on his shoulder, or back.
