200 SIGNERS TO PETITION FOR SCHOOL ELECTION

A petition was circulated Monday by Messrs. E. E. Polk, J. W. Townsend and H. C. Samuel, and Mrs. Edd Bryson, members of the Brady school board, seeking an election to determine whether or not a tax rate of not exceeding \$1.00 on the \$100.00 valuation should be levied in Brady Independent school district for school maintenance purposes. While it is thought that a 75c tax will be ample, yet the election will call for the \$1.00 limit in order to take care of any emergency. Nearly 200 signers were secured to the petition, and the school board will shortly call an election for the purpose stated.

The following is a copy of the petition, and a list of the signers: "To the Hon. School Board of the Brady Independent School District: We, the undersigned resident property taxpayers voters of Brady Independent School District, in McCulloch County, Texas, hereby make application to the Hon. School Board for the Brady Independent District for an order for an election to be held in said Brady Independent School District, in McCulloch County, Texas, for the purpose of determining whether or not a tax of and at the rate of not exceeding \$1.00 on the \$100.00 valuation of taxable property in said district shall be levied for the purpose of maintaining the public free schools in said district: Joe A. ROCHELLE WINS HONORS AT DISTRICT INTERSCHOOL-ASTIC MEET AT COMANCHE

Rochelle wins second place competing with 15 counties. After winning the county championship the Rochelle track team and literary contestants went to Comanche to the district meet and represented McCulloch county. Raymond Cole, the distance runner for Rochelle, won first place in the mile and one-half mile runs. This is Raymond's first year on the track and to win over several hundred schools proves him to be a real runner. He is going to the State Meet at Austin the 6th of next month. The Rochelle school gets a big silver loving cup together with a large number of gold and silver medals.

Miss Velma Burk won first place in debate. The McCulloch County Red Cross gave her a medal for being best girl debater in the county. Miss Velma also won first place at the district meet, getting another gold medal. We believe Velma can debate as well as any girl in the state.

Roy Wilson, West Gainer, Clifton Clary, Raleigh Neal and others, won places at the district meet. Rochelle winning for McCulloch county such honors we hope will make it possible for McCulloch county to soon get the District meet in our home county.

J. B. MATLOCK, Director General.

BASEBALL SATURDAY—BRADY VS. RICHLAND H. S.

Brady High School vs. Richland Springs High school is the game scheduled for Saturday afternoon at the Dutton City Park diamonds. Both the locals and the visitors have strong teams, and promise a hard-fought battle for the honors of the game. Admission will be 25c.

DRILLING OPERATIONS SHOWING ACTIVITY ANEW

McCulloch county drilling operations are showing renewed activity, and the tests now being made in the various fields are expected to result in important developments. The Casa Oil Co. Tuesday resumed operations on the Cooper-Shields well near Lohn, which will be actively prosecuted until a thorough test of the deep sands has been accomplished.

The final touches are being made in the preparations at the Hall-Dutton tract to drill Thad O. Day well No. 1 to the 3,500 ft. depth. J. H. A. Schroeder, stockholder in the Hall-Dutton Petroleum association, arrived in Brady from Chicago last Friday, and will assist Mr. Day in operations at the field. Mr. Schroeder reports a most interesting and unusual trip from the "Windy City" to Brady. Accompanied by his son, John Howard, and R. W. Gantzer, Mr. Schroeder left Chicago about the 20th of March in a Nash quad and trailer. Almost the entire route through Illinois and Missouri they encountered muddy roads, several times going in the ditch, and at one place having had to purchase lumber and build a bridge over a bog. The Nash kept coming, however, but at Quincy, Ill., the younger Schroeder decided he had enough of hardships, and quit the party on his return to Chicago. At Winfield, Mo., Mr. Gantzer also decided it was time to quit, and he returned to Chicago also. Thereupon Mr. Schroeder loaded the truck and trailer on a flat car, and he and his equipment made the balance of the trip to Brady by rail.

W. B. Beakley was in from Mercury Tuesday and reported the last well brought in on the White ranch as the best of the entire lot. The well was brought in just one location west of Well No. 2, at the usual depth of about 367 ft. It was pumped for 24 hours straight, from Friday noon until Saturday noon, without perceptibly lessening the flow. Another well is to be spudded in as soon as the drillers return from visit with home folks at Mason.

"THE ROAD OF AMBITION," "A ROMANTIC ADVENTURE," AND "DICE OF DESTINY"

Do the above titles sound interesting to you? They are the three plays to be presented at the Lyric theatre tonight Saturday night and Tuesday night, and they are rated among the best of the season's screen offerings. The first is the story of a man who succeeded despite educational, financial and other difficulties, not to say, conspiracies of those whose friendship and assistance he sought. At the Lyric tonight.

Dorothy Dalton, popular screen star, will appear Saturday night in "A Romantic Adventure," a role which casts Miss Dalton as a vivacious dancing girl from the sunny south who takes Broadway by storm. Then, at the behest of a greedy mother and a blackmailing theatrical agent, she goes to Monte Carlo to achieve a titled marriage. But dramatic happenings frustrate this plan, and romance triumphs in the end. Miss Dalton's dancing as the Queen of the Carnival and later in a crowded Broadway theatre are the high spots in the picture, though the whole production is of the bright, stimulating character that always pleases. The picture was adapted from Charles Belmont Davis' novel, "A Winter City Favorite."

Tuesday night H. B. Warner will be seen in "Dice of Destiny." The story is rich and colorful in types. The hero is a gentleman thief who, branded as an expert, battles with brain, brawn and wit to live straight through the maze of the law, and emerge with a handsome sum.

TWO MORE NEW BRADY HOMES CONTRACTED

Contract was let this week for two more attractive bungalow homes, which will not only add materially to Brady's resident district, but which also help in the effort to relieve Brady's housing shortage. The first contract was let by F. W. Lazalier, agent at the union depot, and the second by J. A. Maxwell, well known and popular Brady citizen. Both residences were contracted by Ferris Woodard.

Work was begun this week on the Lazalier residence, which will be located just south of the G. V. Gansel residence on the north side. Mr. Lazalier having purchased half a block of land, 100x200 ft., from Mr. Gansel. The new residence will be a most attractively designed 5-room bungalow, with breakfast room, bath, screened-in back porch and other features. On the southeast corner will be located a sun porch, with french windows on both the east and south sides to add to its attractiveness, and as well to the comfort of the home. Mr. Lazalier hopes to have his pretty new home ready for occupancy about the 1st of June. For the present, he and Mrs. Lazalier have rooms at the residence of the Rev. J. L. Taylor.

Following the completion of the Lazalier residence, work will be begun at once by Mr. Woodward on the Maxwell home, which will occupy the other half of the block, and which will be located south of the Lazalier residence. Mr. Maxwell's plans call for a six-room bungalow of most modern design, with glassed in sleeping porch, breakfast room, bath, ample closet room, and many other attractive ideas.

TEXAS THREE GREAT SCHOOLS OFFER SCHOLARSHIPS TO GRADUATES

N. A. Cleveland, superintendent of the Brady schools is feeling quite elated over the fact that he has received, for honor graduates, scholarships from the three great state schools—C. I. A., A. & M. and Texas University. In fact, the state university gave him more than he asked for, having sent two scholarships: one for the boy and the other for the girl honor graduate.

Mr. Cleveland announces that college entrance examinations will be held in May for those having as many as two credits in English, Science and Foreign or Modern Languages.

GRAND OPENING DUTTON PARK ON MAY 5TH—RODEO

According to the plans of the directors of the Dutton City park, finishing touches on Brady's new amusement center are expected to be made by the end of the month, and plans are now being perfected for the staging of a big rodeo and tournament at the park on Thursday, May 5th, as the dedicatory event.

W. F. Dutton has charge of the arrangements for the big celebration, and announces that it is planned to have every minute crowded with amusement of some form. So far, in addition to the rodeo events, there will be a polo game, a Round-Up, cigar races and all manner of tournament events. Local sportsmen, rough riders and athletes will be invited to take part in all events, as well as visitors from near and from afar.

BRADY DEFEATS MERCURY, OPENING SEASON GAME

All Brady business houses closed Thursday afternoon and the entire town turned out to see the opening game at Dutton City park between the Brady and the Mercury ball teams. Brady won an easy victory, with a score of 11 to 1, but the Mercury aggregation proved themselves good losers, and promise to come again, and to keep coming until they even up the score.

There was a large attendance at the opening game, and despite the threatening weather, the day turned out a most pleasant one for the game.

Mayor J. E. Shropshire, after winding up in truly twirler fashion, pitched the first ball of the season, cleaving the plate with precision.

The visitors were first at the bat, and opened up by making their only tally in the first inning. J. P. Morgan, the local's second sacker, played in the limelight by spearing a hot liner one-handed, and later in the game lammed out the only three-bagger of the game, thereby adding to his popularity. Bailey Jones caught a good game, and Fred Spiller pitched the first five innings in fine form, holding the visitors down to scattering hits, and having a good number of strike-outs to his credit. Royston Taylor was on the mound the last four innings, and showed his class by striking out first man up, and keeping the game well in hand at all times. The locals were heavy on stick work, and hit Beasley freely. Contributing to Brady's large score was the number of errors and wild throws made by Mercury.

The line-up was as follows:

Mercury.
Penn, c.
Sid Cox, 2b.
Red White, ss.
Roy Beasley, p.
Earl Cawyer, l. f.
A. White, 3b.
Wesley Sansom, c.

LOST CREEK ECHOES.

Frost Monday Morning Did Much Damage to Fruit, Gardens, Etc.

Voca, Texas, April 19.
Editor Brady Standard:

A few items from Lost Creek again. Well, another killing frost Monday morning! This time it has done more damage than any of the other frosts we have had. It slayed fruit pecans, beans, potatoes, tomatoes and some corn, but most of the corn it did not seem to hurt badly. It seems to have killed quite a percent of the fruit on low grounds but it is hard to tell as yet the percent of the fruit and pecans. It may be half, or more. I hope not so much as half.

This writer had watermelon vines beginning to run and would have seen had melons smiling on the vine—but alas! not now.

I have made a practice of planting beans every Monday morning for the past three Mondays, but will soon have to quit as beans will not bear after the first of May. They will grow and make big vines, but will not make any beans.

I told the readers of The Standard sometime ago to mark their calendars and watch for the frost. We have had three and another one to come about the last of the month. Someone said there was nothing to that thunder business, but if you marked your calendar, you know now.

This winter business in the spring sowing does put the farmer in a hard shape.

The school took its play, "The Arizona Cow Boy" to Field Creek last Friday night and words of the highest praise followed them back. They took in for the school near fifty dollars and for the two places, the one at home, together with the Field Creek trip, took in near one hundred dollars. This will go quite a ways in supplying some needed fixtures for the school.

Play at Lohn Tonight—Seniors to Give Play Next Month.
Lohn, Texas, April 18.

Editor Brady Standard:

Judging from the number of baseball games, the fishing rods projecting from the rear of cars, and green of all nature, spring is here; but these frosty nights indicate the contrary to warm weather.

County Agent B. D. Black and Mayor Shropshire of Brady, attended the farmers' meeting at the school auditorium Friday night. Mr. Shropshire delivered a well organized and interesting address on the business side of farming, drawing from his observations and experiences of the last two years for some very interesting and instructive material. Mr. Black presented facts and figures of the Farm Bureau relating to the wool pool and to cotton. Messrs. Black and Shropshire came at the request of several of the farmers here who wanted them to meet in joint discussion with parties who were representing the Farm Labor Union, a new organization which proposes to affiliate the farmers with the American Federation of Labor.

The seniors in the high school are getting up a play, "The Average Man" to pay graduation expenses. It will be put on some time about the middle of May.

Dr. Barton, who was reported quite ill last week is able to be about again.

Lum Daniels of Waldrip was in Lohn marketing eggs Thursday evening.

Johnson Reed was in Lohn looking after school affairs Saturday.

S. B. Jeter made a business trip to Brady Friday.

Mr. and Mrs. Leslie Marshall visited the latter's parents, Mr. and Mrs. W. E. Lohn Sunday.

A large number of the Lohn people went to Waldrip to see the play Saturday night. Mr. Lincoln is planning to give the play at Lohn this coming Friday night. All who have seen it say that it is excellent.

ROCHELLE RUMBLINGS.

Farmers Replanting Maize — Red Cross Chapter Organized.

Rochelle, Texas, April 18.
Editor Brady Standard:

Oh, the wind, the wind, the wind! how provoking to have March here in middle of April! Blowed a perfect gale all day Saturday, accompanied with sand and so disagreeable. But such is life, for it is impossible for us to control the weather, but are very thankful for the good season now in the ground.

Some of the farmers are busy replanting maize; first planting having failed to come; ground so wet and cold. They think the seed have rotted and we hope the ground is sufficiently warm that they may get a perfect stand. It has been so cold neither crops nor gardens seem to be doing as well as they should and we are wishing for no more northers, that the ground may warm up and stuff can grow.

A Red Cross chapter was organized here a short time back, with 20 members, and we think that a good number, for charter members, were enrolled, and of course there will be more to come in from time to time. We wish for them an abundant success.

Mrs. Burton is rejoicing over having little Nancy Matlock in her home for a few days on a visit. She finds it very hard to part with the little one after caring for her from infancy till she was almost two years old, and any mother knows how hard that is, and can sympathize with her. The oldest child, little Zora Jane, is also visiting in the home of her grandparents, Dr. and Mrs. Matlock.

Mr. Willie Sellman went out to see about his sheep short time back and thought he would take his target along as he might get to kill a jack rabbit. But instead of a rabbit it was a large wolf, which had just killed three lambs and about devoured one. The dog ran Mr. Wolf off, then he turned on the dog and ran him back to within reach of Willie's target and he got him. This wolf had been depreeding on Mr. Sellman's sheep and poultry for quite a while and we are all rejoicing over his demise.

Mrs. Willie Sellman has been quite sick since last Saturday. She is attended by Drs. Anderson & McCall, and will be taken to the sanitarium at Brady today.

sick for the past couple weeks, am sorry to have to report, is seemingly worse at this writing, but hope it is only temporary, and that he will soon recover and be up and around again.

Mrs. Olga Cates went to Brady last Saturday afternoon and had a troublesome tooth extracted.

Mrs. Edgar Price and twin sons, Dan and Don, accompanied by Mrs. Bailey and Mrs. Ella Cottle, motored over to Brady on last Thursday afternoon.

Misses Willie Kesner and Jimmie Wilson, also Mrs. Oda Kates, and Mrs. Ella Cottle spent the day in the Waddell home one day last week.

Just one more week will close one of the most successful terms of schools ever taught at this place, with six graduates, Myrtle Carroll, Charley and Brown Willoughby; Misses Vera Wilson, Velma Burk and Inez Chandler. Baccalaureate sermon preached yesterday, the 17th, by Bro. Campbell, a Christian minister from Brady, in the Methodist church, to a house crowded to the utmost capacity. The writer did not have the pleasure of hearing this sermon, but have been told it was grand and well worth any one's time and trouble to go hear it. We hope to be able to retain this complete faculty of teachers for the coming year.

Brother Cobern filled his pulpit with another of his good sermons in the Methodist church Sunday night

which was enjoyed by a full house. As it is a very busy time of the year and news scarce, I'll ring off for this time and try to do better next time.

"But don't you take your home paper?" asked the drummer.

"Nope."

DOES YOUR STATIONERY REPRESENT YOU?

LETTER HEADS

Many of today's disgraceful letterheads are mere continuations of makeshift letterheads printed years ago. The only way to get away from them is to get up courage to eliminate them entirely. It is the same troublesome question that confronts changes in old-fashioned labels and other printed things that have "always been that way."

When a customer thinks right about his letterheads, and considers how they represent him and his business, he has greater respect for them and greater interest in the manner in which they are designed and printed.

Again! A man might be pardoned for what he says on the spur of the moment, but what he repeats in ten thousand letters must really be what he meant it to be. Hence the natural inference, if his letterheads look cheap or common, he is cheap and common, or he would not have appeared so ten thousand times.

THE ROMANCE OF WORDS

"MASCOT."

ONE of the most general of superstitions the world over is that a child born with a "caul" or membrane over the head is not only a soothsayer but an extremely fortunate person. In Scotland, as well as in France, the caul itself is regarded as bringing good fortune to anyone who possesses it, and high prices have been paid for these unusual appendages.

The French word for a child born in this manner is "masque," meaning "masked," a word which is analogous to the Latin "masca," for sorcerer—which possibly explains the connection between the caul and power attributed to those born with it. It was from the French masque, with a slight change of final syllable, that the English "mascot"—meaning a lucky-piece—was derived. After being used for years by gamblers and others of a superstitious nature, the word was finally introduced into literature by Audran, in his opera "La Mascotte," in which the term designates the messengers of the power of God, sent to counteract the influence of the power of evil.

THE GIRL ON THE JOB

How to Succeed—How to Get Ahead—How to Make Good

By JESSIE ROBERTS

WELFARE WORK

IT IS certain that welfare work in the big industrial and commercial enterprises is going to see a great expansion. It has been proved that no plant that has a forward looking policy is going to be without its welfare department, and its trained welfare expert. This work is especially suited to women, and it is up to a woman who wishes to enter the field to get her necessary training and then go out after the job. She will find for the supply of good welfare workers is far below the growing demand.

It is becoming generally known to even the most reactionary of employers that a contented body of workers is their safest and soundest asset. The woman who is able to reconcile differences between the employees and the employer, who can explain the one to the other, is often able to avoid a disastrous strike.

Of course, such a woman must understand the proper installation of rest-rooms, the managing of luncheons at cost, the proper airing and warming of the workrooms. But even more necessary is it that she should have the power to win the confidence and respect of those for whom she works. She must be known to be fair and just, and she must join sympathy and humor in her makeup if she is to succeed in making both sides believe in her.

"You've got to be human clear to the marrow of your bones," one woman who has the welfare of a thousand employees in her charge said to me. "There isn't a job in the world I would change for this one, but make no mistake, it's full of pitfalls and it's hard work! The girls here come to me when they won't go to their own mothers with their troubles, because they know there isn't a thing I wouldn't do for them if it's right to do it. And I feel every day that I'm doing something worth while."

Any woman would feel the same. And women who have the type of personality that will tell in welfare work should train for it. It is really a great opportunity.

SALADS AND SALAD DRESSINGS.

A SALAD which may be made in almost any season and one of which the ingredients may be found in any home supply is the following:

Raisin Salad.

Cut one-half cupful of raisins with the shears into fine pieces, cut up one cupful of celery and one cupful of apples in small bits, combine with one-fourth cupful of mayonnaise dressing one-half hour before serving; add one-half cupful of broken walnut meats and serve on lettuce leaves.

Almond Salad.

Take one-half cupful of mild vinegar. If strong, dilute it with water, using the half cupful of diluted vinegar, add three-fourths of a cup of sugar and cook until it spins a thread. Soak two tablespoonfuls of gelatin in one cupful of pineapple juice and dissolve in the hot sirup, grind one-half cupful of sweet cucumber pickles through a meat grinder, add with two-thirds of a cup of diced pineapple and one-half cupful of blanched, shredded almonds. Mix well and mold. Serve cold with mayonnaise dressing.

A most economical dressing may be made using corn oil in place of the olive oil; the dressing is fully as good to look at and better to the taste for those who do not enjoy the delicious flavor of olive oil.

Sour Cream Drop Cookies.

Take one cupful of sugar, one-half cupful of shortening, one-half cupful of sour milk, one beaten egg, two and one-half cupfuls of flour, one-half teaspoonful of soda. Mix in the order given, first beating the shortening to a cream. Drop from a spoon upon a buttered sheet. Bake in a moderate oven.

Fruit Salad.

Combine the pulp of two oranges and one grape fruit, three slices of pineapple, all finely divided. Dilute one-third of a cupful of honey with the juices from the orange and grape fruit and serve two tablespoonfuls over each portion. Wash, stone and cut into strips six dates. Arrange them in the form of a daisy on the top of each. For the centers, soak coconut in pineapple juice and color with yellow fruit coloring. Serve cold.

Ever-Ready Salad Dressing.

Beat three eggs until light and take an equal measure of mild vinegar. Usually common vinegar can be diluted about half. Cook over hot water, beating with a Dover egg beater all the while it is cooking. When smooth and thick remove and pour into a glass jar. When wanted for use add such seasonings as are appropriate for the salad to be served with whipped cream to enrich the dressing. This will keep indefinitely in a cool place.

HONEST INJUN.

The Standard recently mentioned the fact that it had passed the thirtieth anniversary of its advent into the Brady world, which calls forth the information from a reader that the words "Brady Standard" themselves contain 13 letters. Just another proof that "13" is our lucky talisman.

The Richland Springs Eye-Witness is to be congratulated for the strong fight it is putting up in the effort to incorporate our neighbor town. The Eye-Witness says the town is not too little to incorporate, for the very reason that it is not too little to keep clean; to have its streets worked, or to have its mud-holes filled up. In fact, the Eye-Witness very strongly belittles the "be-little" spirit of those who oppose incorporation.

PUBLIC FORUM

The School Tax Election

A petition is being circulated for the purpose of calling an election to see whether or not we can raise our school tax rate from 50c and not to exceed \$1.00. On the face of this, and without giving the matter any thought we are too ready to oppose it, but citizens let's look upon this problem from an unbiased viewpoint; let's first get and hear all the facts, before we oppose a thing that is so vital to us now and to the future of this community.

First, we have a valuation of \$2,400,000 on a tax rate of 50c will produce \$12,000; then we have the state aid or did have last year of about \$14.50 per scholastic. We think it will be about the same this year and for arguments sake we will grant it. This, under our enrollment, will amount to approximately \$11,000, together with the tax rate, is around \$23,000, if we can collect all the taxes, which as you know, we do not.

To offset this next year we will have three or four more teachers and about four more rooms. At present we have twelve teachers including the principal at the Central school, and at High school, seven, including the superintendent, and a janitor at each school, making a total of 21 on the payroll each month. Next year we must have at least three more teachers and perhaps four and at least four more rooms. You can readily figure out how far \$23,000 will go for 25 people, not saying anything about coal, water, telephone, incidental repairs, such as toilets, water fountains, plastering, which is badly needed at present; blackboards, chalk, and many other things that you cannot foresee. It all takes money. Then there is the negro school that must be maintained, and from present indications, I would not be surprised to see the attendance there next year be more than one teacher could handle; all of this must be taken care of from this \$23,000.

You ask the question, how many children can one teacher teach properly? The State Board of Education says, not over 33. The fifth and sixth grades have three teachers. The seventh grade should have two teachers for next year. The kindergarten, which will take one more teacher must be provided next year. The third grade should have three teachers and from the scholastic census of be-

tween 760 and 770 for next year we may have to relieve congestion in other grades. Now Mr. and Mrs. Citizen, the school board has the educational interests of your child and this community at heart. We do not want them to have the cheapest education there is, but the best we, as citizens, can provide to equip them properly for their start in life. Bring it home to ourselves, many of us did not have the proper schooling — and we are realizing our misfortune every day. I want you people who think you are opposed to this election to get this thought: The school boys and girls of today are going to be the citizens of tomorrow! If you can't grasp this thought, then I don't blame you for wanting to stint their education today. Men and women! If you think you can handle this problem on a 50c tax rate, come and tell us how to do it. If you won't do that, then in the interest of the children of this community, don't fight it!

A friend of mine said to me today, "I'll tell you how to do it; cut the salaries of your teachers."

Friend, I want to say to you, and any others who feel this way, that if you will take this responsibility of supplying our teachers on this basis, the school board will gladly give you the opportunity, and also you may be able to tell us why there are 77 enrolled in the seventh grade and only 5 in the graduating class? Why do students begin leaving school in the seventh grade? Fathers and mothers, we want to educate your children; we feel this to be our patriotic duty. Don't you think it as little as you can do to help your school board meet this problem, and co-operate with us in every way? Think this over, as fathers and mothers should, with the interests of the community at heart, and I will gladly accept your verdict.

Now about the tax rate. We believe 75c will meet the needs and rest assured that this board will not use more than is necessary to maintain our schools and educate your children to the best of our ability. Now, fellow citizens, I appeal to you to think hard and long before you oppose a question so vital as this.

Yours for better schools,
J. B. WHITEMAN.

PURSUED BY A DUTCHMAN

Tradition of Modern Flying Dutchman That Massachusetts Fishermen Firmly Believe In.

The burial of John Winters, recalled to old-time fishermen a tradition of a modern Flying Dutchman with its ghostly crew that was believed to roam the seas in pursuit of a ship that had sent them to the bottom, relates a correspondent from Gloucester. Winters was the last survivor of the crew of the Gloucester schooner, Charles Haskell, which in a storm in March, 1869, ran down and sank a Salem schooner and its entire crew on Georges fishing banks. He died at the Fishermen's Saug Harbor in his eighty-second year, repeating almost to the last the tale of the ghost ship supposed to have pursued the Haskell throughout its career as a fisherman.

Once off Eastern point, at the entrance of Gloucester harbor, Winters said, a schooner ran down the wind, hove alongside the Haskell, and its phantom crew climbed the rigging, declaring themselves the ghosts of the Salem fishermen.

Winters and others of the Haskell's crew refused to fish in the ship again and a new crew was taken on. These returned with a similar story of ghostly visitations at sea, took their dunnage bags and quit. Another and still a fourth crew were shipped, but each came to port with a renewal of the story of a ship shrouded in white and a specter crew, and the Haskell was hauled up, unable to get men. It finished its senescence as a sand freighter, and the Salem ship was not heard of again.

"Haven't Got Time."

Opportunity tapped at a door
With a chance for the brother within;
He rapped till his fingers were sore,
And muttered, "Come on, let me in.
Here is something I know you can do,
Here's a hill that I know you can climb."
But the brother inside, very quickly replied,
"Old fellow, I haven't got time."

Opportunity wandered along
In search of a man who would rise.
He said to the indolent throng:
"Here's a chance for the fellow who tries."
But each of them said with a smile,
"I wish I could do it, but I'm very busy today.
Very busy today, and I'm sorry to say,
That I really haven't got time."

At last opportunity came
To a man who was burdened with cares,
And said: "I now offer the same
Opportunity that has been theirs.
Here's a duty that ought to be done.
It's a chance if you've got the time to take it."
Said the man with a grin, "Come along, pass it in!
I'll either find time or I'll make it."

Of all the excuses there are
By which this old world is accursed,
This "haven't got time" is by far
The poorest, the feeblest, the worst.
A delusion it is, and a snare;
If the habit is yours, you should shake it,
For if you want to do what is offered to you
You'll find time to do it, or make it.

CHAMPION HARVESTING AND HAY MACHINERY

Manufactured by B. F. Avery & Sons, are lines that we unhesitatingly recommend, for time has proven them the best in their lines. These machines are equipped with all the latest time-saving and money-making improvements, and give unqualified satisfaction. We want to tell you all about the many advantages of the Avery line and will be glad to have you call and let us demonstrate these machines.

While Champion binders are machines of all round excellence, they possess several outstanding features that have made them first choice of discriminating farmers in every grain-growing region in the world. These features accomplish what every practical farmer seeks in a harvesting machine: The ability to handle grain in all conditions; to get the grain into the bundle without loss from shattering; automatic adjustment which keeps the machine in balance whether platform is set high or low, avoiding neck weight; light draft; freedom from complicated mechanism.

CHAMPION SELF-DUMP RAKES
Have two outstanding features that appeal to every hay producer: First, the tooth adjusting lever which allows the teeth to be set at any desired distance from the ground. The driver makes this adjustment without leaving his seat. Second, the tooth locking device that relieves the operator of the trouble of holding the teeth down when working in unusually heavy hay. No matter how heavy the load, the rake will not dump until the trip lever is released.

Help! Another Error.
 A genuine "hoodoo" appears to rest upon our efforts to make correct announcement of the Edison recital to be given by Malone & Ragsdale—the latest being the incorrect announcement in Tuesday's issue of the time of holding.
 In order that everyone may get the matter straight, The Standard

will state that the joint recital in which Miss Helen Davis, the celebrated soprano, and Miss Sibyl Sanderson Fagan, whistler, are to appear, will be given at the Lyric theatre next Monday evening, April 25th, at 8:15 o'clock. There will be no admission charge, but tickets of admittance may be secured by application to Messrs. Malone & Ragsdale.

Young Folks' Party.
 A party was enjoyed by a number of young people on last Friday night at the home of Mr. and Mrs. Sid Espy. Various games were played and the evening was spent very enjoyably by the following: Misses Edith McShan, Arvie Wegner, Gertrude Trigg, Edith Reed, Eulalia Gavit, Florence Smith, Cleone Deaver; Messrs. Punkie Awalt, Jack Hampton, Roy Conally of Dublin, Dudley Westbrook, Ace McShan, Jim Espy, George Dutton, John Simpson.

Bridge Club.
 Mrs. G. R. White entertained pleasantly on Tuesday afternoon for the Bridge club with the following guests in attendance: Mesdames Bailey Jones, Herbert L. Wood, C. T. White, R. W. Turner, S. S. Graham, W. D. Crothers, W. E. Campbell, G. V. Gansel, W. R. Davidson; Miss Sarah Johnson. Mrs. Marion Bingham of Cleveland, Ohio, was a guest.
 High score and club prize was won by Mrs. Wood.
 The hostess served a salad course. The next meeting of the club was not announced.

Tuesday Club.
 The members of the Tuesday club enjoyed this week's meeting with Mrs. J. E. Shropshire. The lesson was upon the "Persian Olympus," and was led by Mrs. J. A. Maxwell.
 The Bay View course upon "Hispanic America" will be taken up next.
 On May 4th the club will give an exhibit, the details of which will be announced in next week's paper. All members are requested to be present at the next meeting to assist in the preparations for the exhibit.
 The meeting next Tuesday afternoon at 3:00 o'clock, will be with Mrs. C. P. Gray, the lesson being the first 15 chapters of "Persia's Caravan Sketches," and will be led by Mrs. Shropshire.

Five Hundred Club.
 The Five Hundred club met with Mrs. J. G. McCall last Friday afternoon and an enjoyable time was had with progressive "500" at four tables as the diversion. High score and club prize was received by Miss Lucille Benham.
 Present were members as follows:

RESULTS TELL.
 There Can Be No Doubt About the Results in Brady.
 Results tell the tale. All doubt is removed. The testimony of a Brady citizen. Can be easily investigated. What better proof can be had?
 B. Strickland, Brady, gave the following statement April 30, 1915: "About the only indication of kidney complaint I endured was getting down with my back. This came on every so often and I suffered badly with it. I have found Doan's Kidney Pills relieve me of this trouble. I always keep them on hand and use them if needed."
 On May 15, 1919, Mr. Strickland said: "The recommendation I gave in 1915 holds good for I think Doan's Kidney Pills are just the thing for kidney trouble. Occasionally I take a few doses and with good results." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Strickland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Mesdames J. S. Anderson, G. R. White, C. D. Allen, C. T. White, Ed Campbell, Wiley W. Walker, John Wall, Dick Winters, G. C. Kirk, Lewis Brook, Thad O. Day; Miss Lucille Benham; and guests: Mesdames W. R. David, son, Sam McCollum, Marion Bingham of Ohio, and Herbert L. Wood.
 A salad course was served by the hostess.
 Mrs. Thad O. Day entertains this afternoon for the club.

Comer-White.
 On Tuesday evening, at 8:00 o'clock, April 12, the beautiful home of Mr. and Mrs. J. W. White, was thrown open to about seventy-five invited guests, to witness the marriage of their daughter, Jennie Davy, to Mr. Henry Fulcher Comer, of Nashville, Tenn.
 The ceremony took place in the spacious drawing room which was lavishly decorated in roses and ferns. Before the bridal party entered, Miss Genevieve King sang, "Oh Perfect Love."
 As the first strains of Lohengrin's Bridal Chorus fell from Mrs. Chas. Bierschwale's skillful fingers, the bridal party entered preceded by the minister, Rev. Roy G. Rader, who took his position in a beautifully decorated alcove. After him, came Miss Jeanette Collett, gowned in pink organdie, trimmed in a deeper shade of satin and white lace. She was followed by Mrs. Dick Winters, matron of honor, who wore salmon pink organdie beautifully embroidered and trimmed with lace. Then little Tom White, Jr., and sweet little Mary Harrison, as ring bearer, and flower girl, came in together, scattering rose petals in the path of the bride. Behind them walked the maid of honor, Miss Emily Wurzbach also gowned in pink organdie lavishly trimmed with lace.
 All of the bride's attendants carried old-fashioned bouquets of roses and sweet peas.
 The bride entered on the arm of her father and was met by the bridegroom and his best man, Robert B. Thrasher, at the alcove where the beautiful and impressive marriage service of the M. E. Church was said, including the ring ceremony.
 The bride's gown was a beautiful creation of princess lace and white satin, the lace being a gift from her aunt, who purchased it in Paris many years ago. She carried a shower bouquet of bride's roses and lilies of the valley. The court train was of duchess satin, and the long veil of tulle was held in place by a lovenet of duchess lace caught up at the temples by sprays of orange blossoms, and single sprays of the same beautiful blossom were scattered the full length of the veil.
 After receiving congratulations of relatives and friends, the bridal party, accompanied by the guests, entered the long dining room where the bridal motif of green and white had been beautifully carried out. The round table in the center presided over by Miss Maybelle Loring, and on which was the bride's cake, was covered with venetian lace over pale green satin, and adorned with tall candle sticks, covered with white and green venetian shades.
 Misses Sara and Lydia Puckey

served delicious punch and individual squares of angel food, at the buffet, which was similarly decorated. When the bride's cake was cut, Miss Lydia Puckey got the ring, Miss Emily Wurzbach the button and little J. W. White, the dime, Mrs. Walker, an aunt of the bride, got the thimble.
 Mr. and Mrs. Comer left at 9:00 o'clock for Austin and will visit New Orleans, Atlanta, Ga., Athens and Comer, before going to Nashville, where they will be at home after May 1st.
 The bride is one of our most beautiful and well-loved girls.
 The groom is a widely known and enthusiastic Y. M. C. A. worker.
 Many beautiful and valuable presents were received by this popular couple. Silver, cut glass and most exquisite embroidery.
 The bride's going away gown was of blue tulle, with brown accessories.
 The out of town guests were Mr. and Mrs. R. H. Walker, Gonzales; R. H. Walker, Jr., Gonzales; Mr. and Mrs. J. F. Schaege, Brady; Mrs. Mary Harrison, Fort Worth; Mr. and Mrs. R. B. Thrasher, Austin; Miss Emily Wurzbach, San Antonio; Miss Jeanette Collett, Austin; Mr. F. W. Henderson, Brady; Mrs. A. W. Kooek, Austin.—Mason News.

Didn't Work That Way

"Robson, do you know why you are like a donkey?" the jester queried. "Like a donkey?" echoed Robson, opening his eyes wide. "I don't." "Because your better half is stubbornness itself." The jester pleased Robson immensely, for he at once saw the opportunity for a glorious dig at his wife. So when he got home he said: "Dear, do you know why I am like a donkey? He waited a moment, expecting his wife to give up. But she didn't. She looked at him somewhat pityingly as she answered: "I suppose it's because you were born so."

REVIVAL OF HOME BAKING DUE TO NEW COOK BOOK—SENT FREE OF CHARGE

Home made coffee cake for breakfast, cinnamon buns for lunch, angel cake for dinner and doughnuts as a bed time bite—there's no end to the goodies you may meet at mealtime, or anytime in between, since the home baking revival struck this city!

Is it due to the fact that our fair home-makers think masculine interest in the home is waning and are trying out the old formula—"the way to a man's heart," etc.?

Not a bit of it! A new cook book which has just been published for free distribution is sole sponsor for the awakened interest in home baking! This remarkable book is so full of unusual brand-new recipes—as well as the good old-fashioned standbys—that everyone in town is trying them out just to make sure they're all as good as they look! For example, there's an airy "Angel Cake" made with three eggs instead of eight—a perfect dream of economy! There are Parker House Rolls that don't have to be set overnight but can be made in a little over an hour, and doughnuts and pie crust recipes that fairly melt in your mouth. Nor does it stop there! The index goes from muffins and biscuits to griddle cakes and waffles, from jelly roll to strawberry short-cake and plum pudding—to say nothing of plain old-fashioned cookies and loaf and layer cakes that are beyond description!

Following the recipes in this book is so easy, that from the first day it appeared a great revival of home

baking began! Both experienced and inexperienced cooks began baking, as they never baked before, just to show what good cooks they were!

For those who have not yet been able to procure a copy of the "New Dr. Price Cook Book" we add that it may be procured free of charge by writing to the Price Baking Powder Factory, Chicago.

CHICAGO RESENTS NEGRO CORNERING HER "WELCOMES"

Chicago, April 18.—"She's a nice town," mused Mistah Harris, a person of color, who just arrived from Georgia to confer the benefit of his dusky prestige on Chicago.

A lynx-eyed cop encountered Harris progressing along the North Side softly humming an improvised chanty. Under his arm he was toting a dozen fibre mats.

"What you got there, boy?" demanded the cop, poking at the mats with his club.

"Jes' picked 'em up. Yo' see cap'n, sah, hit says 'welcome' on all of 'em. Dat means de people what donated 'em says Ah'm welcome to help mah-self."

Harris was escorted to the Chicago Avenue station, while the sergeant got busy on the telephone in order to ascertain what residents of Cass Street were shy on doormats.

"Ah sho' thought it was all right," protested Harris. "Down in Georgia when white folks puts out anything wid 'welcome' writ on it, dat means to help yo-self."

Sausage, Like Fish!

Washington Star: A shell shock victim went to the highland of Scotland for his health. He rented lodgings from an old lady in a remote village, and the first day of his stay he had boiled eggs for breakfast, boiled eggs for dinner, and boiled eggs for supper. After supper he went out and bought a pound of sausage in skins.

He returned and slapped the sausage down before the old lady.

"Here, I'm tired of eggs," he said. "Cook up this sausage for my breakfast tomorrow."

"Vara goot," said the old lady; "but hoo will I cook it?"

"Why, fry it like fish," said the shell shock victim.

In the morning when the old lady appeared with the sausage, the poor fellow nearly had a relapse.

"I hope ye'll like yer breakfast this mornin'," she said, "but there ain't much in these things when they're all cleaned out."

BRADY SOLDIER VETERAN WRITES FOR WORTH REPOSES DIVISION

To the Republic: As a subscriber, and not a serious editorial comments of his papers about division of the old state of Texas, which is a native state, am prompted by a few lines to urge a strong vital protest in this important matter for the following reasons. First, my father was a soldier of General Houston's army, who won such brilliant victory over General Santa Anna at San Jacinto, April 21, 1826, and before as a citizen of Texas assisted in the declaration of the Republic of Texas independence, March 2, 1836, I being born on the soil of this republic in 1843, before annexation about 1846, a life-long citizen, of which thirty-seven years have been in West Texas, in McCulloch county.

Lastly, I was not a supporter of Governor Neff in primary, but as life-long Democrat voted for the nominees. But I feel sure a great mistake was made in the veto of the West Texas A. & M. But the contest is not over and I feel assured that what we are justly entitled to will be accomplished later on and should never have been a political issue. Yours truly,

HOUSE JOINT RESOLUTION No. 11.

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas since prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (\$0.07) cents on the \$100.00 valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment, and making an appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51: The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers of the militia of the State of Texas during the war between the states served in organization for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the states and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$0.07) cents on the \$100 valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provisions of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the fourth Saturday in July, 1921, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3, of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows." Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder. SENATE JOINT RESOLUTION No. 1.

Proposing an amendment to Section 2, Article 6 of the Constitution of the State of Texas by providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and permitting either the husband and or the wife to pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 2 or Article 6 of the Constitution of the State of Texas be so amended as hereafter to read as follows:

Section 2. Every person subject to none of the foregoing disqualifications, who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in this State one year next preceding an election and the last six months within the district or county in which such person offers to vote, shall be deemed a qualified elector; provided, that electors living in any unorganized county may vote at any election precinct in the county to which such county is attached for judicial purposes; and provided further, that any voter who is subject to pay a poll tax under the laws of the State of Texas shall have paid said tax before offering to vote at any election in this State and hold a receipt showing that said poll tax was paid before the first day of February next preceding such election. Or if said voter shall have lost or misplaced said tax receipt he or she, as the case may be, shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. The husband may pay the poll tax of his wife and receive the receipt therefor. In like manner the wife may pay the poll tax of her husband and receive the receipt therefor. The Legislature may authorize absentee voting. And this provision of the Constitution shall be self-enacting without the necessity of further legislation.

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State at an election to be held throughout the State on the fourth Saturday in July, 1921, at which all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting." And all those opposed to said amendment shall write or have printed on their ballots, "Against the amendment to Section 2 of Article 6 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State, and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor, and permitting the Legislature to authorize absentee voting."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution, and existing laws of the State.

Sec. 4. That the sum of Five thousand (\$5,000) Dollars, or so much thereof as may be necessary is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expenses of such publication and election. (A True Copy) S. L. STAPLES, Secretary of State.

Some FACTS About Ford THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

Table with columns: Month, Produced, Delivered to Retail Customers. Rows: JANUARY (29,883, 57,208), FEBRUARY (35,305, 63,603), MARCH (61,886, 87,221), Total Production (127,074), Total Retail Sales (208,032)

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

Farm Bureau Making Progress.

The officers of the Texas Farm Bureau Federation report satisfactory progress in organizing the farmers of the state, and hope within the next twelve months to have Texas first in the list so far as membership and effective results are concerned.

About sixty-five counties have completed organizations and there are about 50,000 members of same. Many members have not as yet paid their dues but this list is growing smaller all the time.

The bureau is functioning and doing work for which it was created even though the state is not fully organized. A wool contract has been prepared and presented to the farmers and bankers of Texas and has been strongly approved by them as being safe and sound from a business standpoint. The cotton contract has had the same endorsement. The farmers all over the state are signing up these contracts for five years and will give this organization full control in marketing same. This will give the Bureau an opportunity to build up a marketing system and a type of trade that has never before been known. The wool pool is to be no less than two million pounds, and the cotton pool will be a million bales or more. The biggest selling concerns in the whole world.

At a meeting of the farmers in the courthouse April 9th, with Mr. Walton Petet as the principal speaker to explain the cotton contract almost

WILLIS CASE RESULTS IN VERDICT OF NOT GUILTY

Leonard Willis was acquitted in county court Tuesday of the charge of theft under \$50, the jury returning a verdict of "not guilty." Willis was jointly charged with Ed Lemons in the case. Lemons' case has been continued until next term of court, he having been granted a new trial.

Several cases were dropped from the criminal docket, no arrests having been made, and several have been continued.

Cases disposed of were the following:

State vs. John Flowers, keeping a bawdy house; dismissed at motion of county attorney.

State vs. U. M. Gatliff, theft under \$50; dismissed by order of county attorney.

State vs. Harry Miller, swindling; dismissed upon motion county attorney.

State vs. Geo. Mooring, theft under \$50; dismissed at motion of county attorney.

State vs. Cecil Turnell, pulling down and injuring fence of another; dismissed by county attorney.

State vs. John Turnell, pulling down and injuring fence of another; dismissed by county attorney.

if not all, the farmers present signed it and took contracts home to their neighbors. If you have not seen this contract you will soon have an opportunity to read it and hear it explained.

Next week is Sign-Up Week in McCulloch county. Meetings will be held at as many of the cotton centers as possible. Most of them will be in the daytime. Farmers are urged to forget about plowing and planting long enough to hear this contract explained and then if he likes it he can sign same. These are to be business meetings and we should make them the most important of the farm program. You will be most sure to produce more than you can sell anyway. Marketing is the cornerstone that will save the farmer if he is saved.

Speaking dates will be as follows:

Get Ready for 1921 Co-Operative Exhibit.

The poultry exhibitors should be planning now for their entries. Let's have the most and the best poultry on exhibit this year that was ever seen in Brady. Pigs, Baby Beeves, and all kinds of livestock should be given special care from now on so as to make a creditable showing this fall. The women should be making plans to can vegetables and fruits for show purposes. If anyone wishes any information regarding the best methods of canning for fairs I will be glad to mail them bulletins regarding same. I have plenty of them in the office now.

The greatest profits are made simply by producing the best of everything, unless we let the rest of the world know about it. The best way to show to the world where the best is, is to exhibit it and have competent judges to pass on it and call attention to the good and bad points. The public must be educated to know the good. Then we are making progress. Let's all work to have a better Fair this year than ever before.

A Warning to Fathers.
Columbus, Ohio, April 8. — Bill "Blank," a student at Ohio State University, rushing into the university jewelry shop, asked the proprietor why his watch wouldn't run.

"Well, I'll tell you," said the jeweler. "It has three small pictures of girls, two long blonde hairs, one brunette hair, not quite so long, a little talcum powder in the differential, a wee piece of ribbon and the remnant of a powder puff."

The jeweler exhibited the love-lorn articles to Bill.

Looking sheepish and expressing astonishment, Bill said:

"Gee, I don't know how they got there. I just received the watch from my dad."
