SOME CLASS TO BRADY BALL TEAM --PLAY VETERANS

Any doubt as to the class of ball the Brady team has been giving patrons of the game recently was dispelled Sunday, when over 500 fans saw the Brady team go up against the seasoned players of the West Texas league and outplay them at almost every stage of the game.

The Orphans of the West Texas league proved a strong aggregation and put up a high class exhibition. But they failed in their effort to win a home in Brady for the simple reason that Brady showed up with a better team than they had to offer.

Two errors in the third inning gave the visitors two scores and virtually lost the game to Brady, although the visitors were able to score but once during the remainder of the game.

The locals staged a rally in the 5th inning, scoring one run and filling the bases, but were unable to put any other runs across home plate despite the vociferous boosting of the spectators.

The local lineup was strengthened by the addition of three men, Lawrence Fuller of the Ballinger team giving good account of himself on second sack, McVey of Eden playing first and Jimmie Daniels of Eden on short.

The character of ball played by the locals was evidently a surprise to the league team, especially since one of their games with the San Angelo league team at Brownwood the past week resulted 19 to 13 and another with Ballinger resulted 13 to 11.

The score by innings was as follows: Orphans002 001 000--3 Brady000 010 100--2 Dallas Military vs. Brady.

BRADY RADIATOR COMPANY

RADIATOR REPAIRING AND RECORING

SOUTHWEST CORNER SQUARE Next Door to Murphy's Filling Station

E. R. CANTWELL MATTRESS MAKER New location, 3 doors East Brady Sentinel office

and is a strong addition to the local nine. A feature of this game was the heavy hitting done by the locals, Bailey Jones getting one single and two doubles; Hubert Adkins, 1 single, 1 double and 1 triple, Gibbon Roberts two doubles and Buck Bailey a home run.

Second Game. The Military presented a much heavier line-up in the second game, and a splendid battery. The pitcher pitched great ball, and showed himself an old hand at the game. However, he gradually began to let down, and towards the end of the game was all but pounded out of the box by the locals.

Llano Wednesday and Thursday. The crack Llano team, acknowledged champions of this section of Texas, are scheduled for two games here, Wednesday and Thursday afternoon. Llano not only defeated the crack Richland Springs aggregation, but virtually drove Lee, Fredericksburg wonderful pitcher, from the box.

NOTICE MEMBERS GOTA FIRE INSURANCE CO.

Members of the Gota Fire Insurance Co. will meet at the West Sweden picnic at White land crossing Friday, July 1st to name delegate to the annual meeting to be held in Round Rock, Tuesday, July 26th, 1921. C. F. LUNDGREN, Vice-Chairman.

A. F. GRANT EQUIPPING AN UP-TO-DATE JEWELRY STORE ON WEST SIDE SQ

A. F. Grant, whose loss in the East Side fire temporarily forced him out of the jewelry business, is fast getting his new stock of fixtures and jewelry in shape, and expects to reopen for business in his new location on the west side next Saturday.

Mr. Grant has secured a most attractive line of fixtures, and his new quarters will enable an excellent display of his stock. Included with his fixtures, Mr. Grant has secured a high-class line of jewelry which he will place on display on opening day.

As always, Mr. Grant will devote a good part of his time to the repair business, for which he has secured improved equipment assuring work of the highest order.

His many friends are glad to see him re-established and rejoice with him in the splendid store he is enabled to give Brady.

Card of Thanks.

To those dear neighbors and friends who gave us their loving care and assistance during the illness of our husband, father and brother, we are deeply grateful, and your words of comfort and consolation at his passing away will always be cherished by us. May God bless you all, is our prayer.

MRS. J. H. HILL, and Children, MRS. ORA McKEAGE.

NOTICE TO CONTRACTORS.

Bids wanted on a school house located on the line of McCulloch and Mason counties, close to Katemey. Call at County Superintendent Dean's office for plans and specifications. Have all bids ready to turn in to trustees by July 2nd. A. D. WRIGHT, Architect.

ON AN OUTING

You will need one of those new Hot and Cold Bottles, one-gallon size, with opening large enough to insert hand. Call and see them. BRADY AUTO CO.

PROCLAMATION!

Whereas, the Civic League of Brady has dedicated the succeeding ten days for a clean-up period, for the purpose of improving the health and beautifying our city;

Now, therefore, I, J. E. Shropshire, as mayor of the city, joined herein by the city health officer, do hereby dedicate and proclaim the period from July 1st to July 10th to be observed as a clean-up period; and during said period we respectfully request all of the citizens of Brady to cut the weeds and trim the brush around their premises, so that the direct rays of the sun may penetrate all spots possible, and thereby destroy disease germs. To remove all rubbish, and to thoroughly disinfect and destroy all refuse matter--especially the toilets, and to eradicate all material that may be breeding places for flies or mosquitos. In this connection, we wish to suggest that uncleaned stock pens and decaying vegetable matter are breeding places for flies, and that any collection of exposed rain water is especially adapted to breeding of mosquitos; that the fly and the mosquito are the two great menaces to the public health.

Respectfully submitted, J. E. SHROPSHIRE, Mayor. DR. B. L. CRADDOCK, Health Officer.

CIVIC LEAGUE COMMITTEE DIVIDES CITY INTO DISTRICTS FOR TEN DAYS' CLEAN-UP CAMPAIGN JULY 1 TO 10TH

Pursuant to and in compliance with the above proclamation the Civic League has caused to be appointed the following committee: J. T. Mann, G. J. Awalt and Mrs. J. S. Abernathy, whose duty it shall be to devise methods by which this work may be accomplished.

To the Honorable Mayor and City Health Officer and to the Brady Civic League, pursuant to our appointment as above outlined and by virtue of the authority vested in us thereby, we, your committee, respectfully submit the following ways and means of procedure for cleaning up our city.

We have divided the city into districts as follows, with captains indicated:

- I. W. R. Davidson, captain, that territory south of the standpipe, or Eleventh street, and west of Richards street, or the extension of Blackburn.
II. A. H. Broad, captain, East of above district and extending to the Mason road.
III. Will Roberts captain, East of above district and extending to the railroad.
IV. Will Dutton captain, East of railroad and North to Brady Creek hence South to corporated limits.
V. G. C. Kirk captain, from standpipe or Eleventh street, North to Sixth, and territory West of Blackburn.
VI. Demp Branscum captain, East of Blackburn and opposite Fifth district, to railroad track.
VII. Lee King captain, from Sixth street North to public square, or Commerce, and territory West of Blackburn.
VIII. B. L. Malone captain, East of Blackburn and opposite above district, extending East to the corporated limits.
IX. L. J. Wood captain, Square and alleys, leading from.
X. B. Simpson captain, From the Square North to Brady Creek, and West of Bridge street.
XI. B. A. Hallum captain, East of above district to the creek.
XII. Geo. Gansel captain, From the creek North to Crothers avenue, and West of North Bridge street.
XIII. Ben Moffatt captain, North of Crothers Ave. and West of North Bridge street to old Fair grounds.
XIV. A. L. Lange captain, East of Bridge street from Brady Creek North to corporate limits.

The above named captains of the respective districts are hereby authorized to call upon any citizen in their district for any and all assistance they may need.

It is the unanimous sense of this committee that all parties occupying property, whether tenant or owner, are expected to look after cleaning up of same. It is the further sense of the committee that the middle of the streets and alleys adjoining any property shall be their boundary lines. Further, that all persons owning vacant property, unless it be rented to other parties, will be held responsible for the cleaning up of the same.

All parties in the respective districts are hereby requested to lend all the assistance possible in accomplishing the work in the shortest time possible, and to see to it that their district will not be ashamed of the results, thereby all together demonstrate that degree of civic pride that we should, and possibly avoid an epidemic of some character.

The committee feels that it is urgent that the work begin at once and that ten days is ample time in which to accomplish it. We realize that all must help, if this is done in this time. We believe it will be better to give a little of our time now than to suffer serious results later by not doing it.

The committee suggests that all weeds, paper, trash, and refuse of any description be burned where possible; otherwise let it be hauled to the city dump ground.

For further information you will phone the City Health Officer Dr. B. L. Craddock, or the Chief of Police L. J. Wood. You will make report to them of any failure or neglect of compliance with the above.

G. B. AWALT, J. T. MANN, MRS. J. S. ABERNATHY, Committee.

R. & R. BOLL WEEVIL EXTERMINATOR.

"The Farmers' Friend." Increase your cotton production 25% to 100%. KILL THAT WEEVIL and WORM. A successful mechanical device to exterminate Boll Weevils and Worms and other cotton insects has at last been placed on the market--one that will positively catch the boll weevils and worms without injuring the cotton plant. Anyone can attach it to a cultivator in ten minutes. It will meet the demand of the most adverse critic. IN STOCK at O. D. MANN & SONS.

GET ALL THE EGGS--You can do it with Purina Hen Chow and Purina Chicken Chowder. Buy now from Mayhew Produce Co., Brady, Phone 164.

Death of J. H. Hill

The death of J. H. Hill, which occurred at noon last Friday was learned with profound regret by the many friends of deceased throughout this section. Mr. Hill's death resulted from typhoid fever, following an illness of some three or four weeks. A man of cheerful, optimistic disposition, Mr. Hill was popular with everyone who knew him, and during his long residence in Brady had proven himself one of our most valued and progressive citizens.

Mr. Hill was born in Dublin, Texas, and at the time of death was aged 55 years, 6 months and 4 days. He had been in Brady for the past twelve years, being first in charge of the Brady branch of Wm. Connolly & Co. general mercantile store. Incidentally he took over the Ford agency in McCulloch county, and upon the retirement of Wm. Connolly & Co. from the local field, he divided his time between his ranch interests and the Ford agency. The latter he built into one of the foremost institutions in the city, and established in Brady a garage the equal of any to be found in this section.

Mr. Hill had been for many years a member of the Methodist church. The body was shipped Friday night to Hico, Messrs. Perry Maxwell of Hamilton, J. R. Hill of Dallas, Mrs. Ora McKeage and Willie and Harry Hill of Brady accompanying the remains. Funeral services were held at 10:00 o'clock Saturday morning at the Wm. Connolly residence, Rev. Morton conducting, and interment was made in the Hico cemetery, beside that of his son, Johnny, whose death occurred last week previous.

His passing was the loss of a good father, brother, uncle, and friend. He is survived by his wife, Miss Daynie, and three children, Willie and Harry. There survive one sister, Mrs. Ora McKeage and brothers, J. J. of Dallas, W. T. of Amarillo, Ala.; R. L., Tucson, Ariz.; O. W. and Ben L. of Ramer, Ala.

Purina Pig Chow is all Chow. It contains no hulls, no screenings or sweepings. That is why it makes bigger hogs at lower cost. We sell Purina Pig Chow. Phone 164. Mayhew Produce Co., Brady.

Prompt service, reasonable prices. W. W. JORDAN & CO., Grocers, Phone 56.

We are in the market for your Oats. Mayhew Produce Co.

THIRTY THOUSAND TOES IN BRADY SIX THOUSAND FEET IN BRADY Now How Many Corns in Brady? To any person, or set of persons, letting us know the number of CORNS on the THIRTY THOUSAND toes in Brady, we will give the party, or parties, one bottle of REXALL CORN SOLVENT and will guarantee the Corn Solvent to remove at least FIVE corns, if used according to directions.

We will further guarantee to remove the CORNS from the THIRTY THOUSAND TOES of Brady, granting that there is only ONE CORN to the toe, and Oh! Oh! that corn on the toe, and GEE! Durn how it does BURN! When you are seated all comfortably in the show or church and all at once you begin to squirm--not at what you see on the curtain or the TRUTH the preacher told--but OUCH! that old Sunday CORN--GEE how it BURNS!

Now your corn will get EASY. REXALL CORN SOLVENT will take them OUT. Price 25c.

TRIGG DRUG CO. THE REXALL STORE

RAIN SUNDAY IS HEAVY IN SOUTH-WEST OF COUNTY

The southern and southwestern portion of the county appears to have had a good, soaking rain Sunday, the precipitation extending on down into the Hext community. Some hail accompanied the rain, but did no material damage. The farmers in the sections visited by the rain are in fine spirits as the moisture will serve not only to make roasting ears, but assures a fine corn crop and maize and other crops are also benefited.

Ben Smith Monday reported the Nine community as having had at least three inches of rain, the moisture extending as far west as the Ford ranch. The Frank Wilhelm ranch also had a good rain. There was considerable hail, but aside from topping the cotton, the hail did no damage of consequence. The moisture was said to be of great benefit in making roasting ears.

Voca citizens report a good rain in that community.

Alf Reeves Monday reported a good rain in the Hext community, and said he drove through mud for quite a distance coming to Brady.

P. W. Appleton reports a fine rain in the Camp San Saba community. He says Amos Turner reported the hardest rain had since he (Turner) has been on his present place. At Camps, Mr. Appleton reports a 1 3/4-inch rain, while up the river at Eders place, at least 2 inches of rain fell. The San Saba river yesterday morning was up to the bridge.

A good shower of rain also fell north of town, and some but without doing any dam-

G. L. HOLLON TO RE-OPEN CITY CAFE ON WEST SIDE IN RICE BUILDING SAT.

G. L. Hollon announces the re-opening of the City Cafe in his new location--the Rice building on the West side of the square, next Saturday. Mr. Hollon is now putting the finishing touches upon his cafe, and will have everything in readiness to greet his old friends and patrons upon the opening day. The new location is especially well adapted for Mr. Hollon's use, giving him a large and roomy kitchen and a dining room with lunch counter much larger than in his former location.

Mr. Hollon has secured a nice set of fixtures and has decorated his new quarters in tasteful style. Besides the lunch counter made especially to his order, service will also be given ladies and parties at dining tables.

Mr. Hollon has been receiving many compliments upon his new cafe, and expects to maintain it as one of the leading and best eating places in this section of the state.

SCHOOL TRUSTEES FILL VACANCIES ON BOARD AT MEETING LAST NIGHT

The Board of Trustees of Brady Independent School district met last night, and among other matters, filled the vacancies on the board. J. E. Brown, who was named at the last meeting to fill the vacancy caused by Mrs. Edd Bryson's removal from the city, qualified. Jas. T. Mann was named to fill the vacancy caused by the resignation of E. L. Jones and will qualify at the next meeting of the board.

Messrs. J. T. Mann, G. V. Gansel and G. B. Awalt were named as a board of equalization, and began meeting today to pass upon the tax renditions in Brady Independent School district.

The board devoted some time to a discussion of the financial conditions in regard to the school, but reached no decision as to what steps to take to provide funds for school maintenance the coming session.

J. B. Smith, newly-elected superintendent of the schools, is expected to be the first of the new board members to take up matters affecting the schools. Smith and family will occupy Bryson residence on Croth-

BRADY, TEXAS, June 28, 1921

HONEST INJUN.

What's in a name? Well, the Temple Telegram had to print an apology the other day because it stated that Henry Hurta was under arrest as a moonshiner, when it should have said Henry Hutka was the presumed offender.

OUR MITES.

A little over \$200,000,000 was contributed to Protestant churches by American and Canadian members last year.

That's about a tenth as much as Americans spent on tobacco in the same period.

Churches christen us, marry us, bury us, give us our fine ideals and try to save us from hell. What we give them in return should make us ashamed.—Fort Worth Record

PURE RELIGION.

If any man among you seem to be religious, and brideth not his tongue, but deceiveth his own heart, this man's religion is vain. Pure religion and undefiled before God and the Father is this: To visit the fatherless and widows in their affliction, and to keep himself unspotted from the world.—James 1, 26, 27.

Father Abram T. Ryan, the poet-priest beloved throughout the South—taking for his text Sweden's pronouncement that "religion is life, and the life of religion is good"—gave to us a poem extolling the philosophy of the "pure religion and undefiled" commended by the Apostle:

He left a load of anthracite In front of a poor woman's door, When the deep snow, frozen and white, Wrapped street and square, mountain and moor.

That was his deed; he did it well. "What was his creed?" I cannot tell.

Blessed in his basket and his store, In sitting down and rising up; When more he got, he gave the more, Withholding not the crust and cup. He took the lead in each good task, "What was his creed?" I did not ask.

He had faith in loaves of bread For hungry people, young and old; Hope he inspired, kind words he said To those he sheltered from the cold, For we should feed as well as pray, "What was his creed?" I cannot say.

A few days ago, the Presbyterian general assembly asked Secretary Davis of the department of labor for an opinion on the practicability of church aid in solving the problems of the nation. In reply, he cited a speech by President Harding, wherein it was said: "With a membership of nearly fifty millions, our churches today constitute the greatest force in the world. If this force would help in solving the national problems, or the individual, it must be more practically applied. I should like to see the teachings of the Master interpreted in the light of modern conditions, meaning, perhaps, less doctrinism and dogma; and more practical humanity, which is the basis of what the Apostle describes as pure religion. For his own task, Secretary Davis said that many ways in which the church can help solve industrial problems will present themselves to the thoughtful study of our enlightened ministry. Let the church teach economic and social justice, and thrift; and above all, let it teach the practical application of the Golden Rule, not as a millennial theory, but as a vital principle for daily guidance in all the affairs of life—'whatsoever ye would that men should do unto you, do ye even so to them.' This is religion, pure and undefiled.—San Antonio Express.

FIVE CONSTITUTIONAL AMENDMENTS.

The fourth Saturday in July, 1921, the people of Texas will have the opportunity of voting for or against five amendments to the constitution. The amendments and the order in which they will appear on the ballot follows, the comment on each made by the editor: Amendment to Article 17, of the Constitution,

abolishing the Board of Prison Commissioners."

This amendment proposes to abolish the offices of the three Penitentiary Commissioners. It is believed a management can be provided that will be more efficient and less expensive than is the present system. We do not know what better plan is proposed, hence we haven't an opinion in the matter.

"FOR the amendment to Sections 5, 21, 22, 23 of Article 4 to the Constitution, providing for compensation of Executive officers"

Salaries now paid the Executive officers are: Governor \$4,000, Attorney General \$4,000, Treasurer, Comptroller and Land Commissioner, each \$2,500, Secretary of State \$2,000. Under the proposed amendment the Legislature could pay these Executive officers not to exceed: Governor \$8,000, Attorney General \$7,500, Treasurer, Comptroller, Land Commissioner and Secretary of State, each \$5,000. While we are of the opinion that a person who would run for the office of Governor for the money that is in it is not fit to be Governor, still we are of the opinion that the present salaries of the Executive officers as a whole are not in keeping with the dignity of the offices, and not sufficient to attract the services of competent men to those positions other than governor, and that the salaries should be raised as proposed.

"FOR the amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows."

The adoption of this amendment would increase the tax rate from 5 to 7 cents on the \$100. Soon these worthy people will pass away, then this tax will not be collected. The question naturally presents itself: Are we willing to increase their comforts a little while they live among us?

"FOR the amendment to Section 24 of Article 3 of the Constitution relating to the mileage and per diem of members of the Legislature of the State of Texas."

This amendment proposes to reduce the mileage or traveling expense of legislators to one-half of what it is now; also proposes to pay them not to exceed \$10 a day for a session of 120 days and \$5 a day thereafter. They now get \$5 a day for 60 days and \$2 a day thereafter. They can neither complete necessary legislation within the 60 days nor pay their expenses with \$2 a day. The records of the Comptroller's Office show that the Legislature could, under this amendment, have a regular session of 120 days at \$8 per day for \$19,501.81 less expense to the tax-payers than the one regular and four special sessions cost during the past two years. So much time is lost and adjournment

is believed that these would be killed in one year or less. It is now a very expensive session.

"FOR the amendment to Section 2 of Article 3 of the Constitution of the State of Texas providing that only native born or naturalized citizens of the United States shall be qualified electors in this State and providing that either the husband or wife may pay the poll tax of the other and receive the receipt therefor and permitting the Legislature to authorize absentee voting."

Under the present Constitution foreigners are authorized to vote as soon as they declare their intention to become citizens. If this proposed amendment should be adopted they must become fully naturalized before they can be authorized to vote.

Also, at present, all voters in towns of more than ten thousand people must get their poll tax receipt in person. If this proposed amendment should be adopted either the husband or wife could pay the poll tax and get the receipt for the other regardless of residence.

Also, if this proposed amendment should be adopted, the Legislature could authorize a person to vote in a general election without being present just as is now permitted, under the absentee voting law, in primary elections.—Coleman Democrat-Voice.

SEE TEXAS FIRST.

Fifty thousand Texas vacationists spend annually \$8,000,000 or more of Texas money at out-of-state resorts, according to figures of the Texas Chamber of Commerce publicity department, which propounds the following questions to such seekers of far-away places of recreation: Do you want salt water swimming and fishing?

Then remember that Texas has the third largest coast-line of any state in the union; that it is indented with bays from the Rio Grande to the Sabine affording protected fishing grounds for the amateur sailor who would spend his days in a "cat rig" or motor boat. Further that it is one of the best fishing areas in North America and has unexcelled bathing beaches.

Want altitude? Then Texas has a whole plateau which is practically as high and as beautiful as the Yellow Stone Park. The Chambers of Commerce of the Trans-Pecos region have started a movement for a state park in that section of the country, and have already made provisions to take care of tourists in the Davis mountains and surrounding country.

Want a high dry bracing atmosphere? Texas has more of it than Colorado.

Want to spend your days on a crystal clear stream with rod and line? Then why go to Glenwood Springs while the beautiful Pedernales, Comal Concho and other streams flow thru Texas.

JUST FULL OF NEW LIFE AND VITAL ENERGY

"Tanlac certainly came up to its reputation in my case—it's just wonderful what it did for me," said Mrs. Venia D. Mills, 304 1/2 Broadway, Muskegee, Okla.

"Before I began taking it I was so weak and run down and got so little rest at night I could hardly get up in the morning, and all during the day I just dragged myself around. I had no appetite, and what little I did force myself to eat caused me great distress afterwards. My housework became an awful drudgery to me, and I was so listless and worn out I took no interest in anything. It's just awful to feel that way all the time, and I grew low-spirited and discouraged. A friend wrote me from Branch, Ark., my old home, telling me about what Tanlac had done for her and, lucky for me, I took her advice and gave it a trial.

"It is certainly a grand medicine. I am only starting on my third bottle, but I feel as well and strong as I ever did in my life. I eat heartily, have no indigestion, sleep well and instead of that draggy worn-out feeling I am full of new life and vital energy, and feel bright and cheerful all the time. I would not be without Tanlac for anything, and I am going to keep on taking it for a while to make sure my old troubles are gone for good."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock, in Rochelle by C. W. Carr, and by leading druggists everywhere.

Want a health resort? Then Marlin and Mineral Wells are the equal of Carlsbad.

Want to camp on the shores of a lake within easy motoring distance of theatres and good hotels?

Then there are lakes at Wichita Falls, San Antonio, Fort Worth, Austin and a number of other cities of the state which offer unexcelled advantages for fishing, boating and swimming, while keeping the vacationist within motoring distance of a city's advantages.

Texas has everything for the pleasure seeker but these resources need advertising. A "See Texas First" sentiment, however, is being created throughout the state through commercial organizations and newspapers, and much saving of Texas money for Texas can be looked for.—Brownwood Bulletin.

LOCAL BRIEFS.

It is a source of gratification to all the many friends of Mrs. J. H. Hill to learn that she is doing nicely the past several days, and it is hoped she will soon be on the high road to convalescence.

Lawrence Callan, who, some couple months ago, bought a half interest and became identified with the News at Roston, Texas, has sold his interest to his partner, and with his family has moved to Boswell, Oklahoma, where he has a lucrative position.

"Uncle Jeff" Graves, aged 65 years, and who has been living on the San Saba river, is reported very low with Brights disease at the home of his brother, Ed Graves, a couple miles north of Brady on the Brownwood road. His recovery is despaired of.

The many friends of Mrs. C. Davenport are pleased to know that she is making a splendid recovery following the operation she underwent at the local sanitarium, where she has been under treatment the past three weeks. Mrs. Davenport was able to return to her home at Calf Creek Sunday.

W. T. Welch and family have been here from Rising Star the past week, as guests of relatives, and incidentally enjoying fishing on the San Saba river. They were accompanied on the fishing trip by Mr. and Mrs. Frank Hurd, and report a good catch and a very enjoyable stay. Mr. Welch reports himself well pleased with his new location.

Mr. and Mrs. C. F. Lundgren and children were business visitors in Brady yesterday. Mr. Lundgren reported that his little girl, while riding on a hammock cultivator the other day, glanced down in time, to see a big tarantula on the handle just a few inches from her hand. The little lady lost no time in quitting the cultivator and making her get away from the big spider.

Steve Jennings, popular ranchman of the Fredonia community, was in Brady Monday wearing an even happier smile than usual, and when asked the reason, proudly confided, "It's another boy—arrived Friday, June 24th." Of course, no one blames him for being proud—and happy, especially since mother and babe are both

PERSONAL MENTION. Misses Cora Snider and Estelle Jones returned Saturday from Galveston, where they visited Mr. and Mrs. Clyde Wilhelm. Miss Clara Wilhelm, accompanied by Miss Myrtle Ridgeway and Mrs. Wiedanger, were visitors here from the ranch at Callan Monday. Miss Hazel Owens left Saturday night for Dallas, where she will visit her sister, Miss Willie Fay, who is employed there, and will also be a guest of other relatives. Mr. and Mrs. Billie White came Sunday from Sonora for a visit with his parents, Mr. and Mrs. J. H. White, and relatives and friends. They returned to Sonora Tuesday, Miss Maggie White accompanying them for a visit.

PERSONAL MENTION.

Mrs. Francis Campbell, accompanied by her daughters, Mrs. Chas. Tupman and Mrs. Nettie Graham, spent Monday visiting her son, Ed Campbell and family on the ranch near Lohn.

Mrs. Wm. Graham drove over from Brownwood Monday, and made a short visit in Brady while enroute to Fredonia, where she will visit her sister, Mrs. R. W. Robertson, for a week or two.

Mrs. K. Henderson, who has been visiting her brother, G. L. Hollon, and family, returned Sunday to her home at Buckholtz. She was accompanied by her mother, Mrs. M. A. Hollon, who will be her guest for some time.

Mr. and Mrs. Dee Baxter and little daughter left Sunday for Uvalde, where they will visit for a couple weeks. Mrs. Baxter's mother, Mrs. W. R. Hooper, who had been visiting here the past week, returned home with them.

Mrs. E. A. Alleorn, who has been visiting at Houston and Taylor for the past year, has returned to Brady and is again making her home with her daughter, Mrs. E. B. Ramsay. She was accompanied by her granddaughter, Miss Tiny Gilstrap, who spent a few days here, returning to her home at Taylor Monday.

OUSLEY SPEAKS IN BEHALF F. B. COTTON POOL

One of the most interesting public meetings in Brady in some time was held Saturday afternoon at the courthouse, at which Hon. Clarence Ousley, one of the best known advocates of agricultural economy, formerly connected with the extension work of the Agricultural & Mechanical College, of Texas, and Assistant Secretary of Agriculture of the United States during the war period, delivered an address to a fairly representative audience of farmers and citizens, taking as his theme the collective marketing plan as proposed by the Texas Farm Bureau federation.

In his address, Mr. Ousley said that the cotton farmer must wake up and exercise the same kind of business judgment as any other enterprise. He mentioned the Farmers Alliance, the Grange and the Farmers Union, and declared their failure was attributable to lack of co-operation, but that the Texas Farm Bureau federation proposed to profit by the failures of the past and to eliminate those things that led to failure.

Continuing, the speaker said there would be about 9,000,000 bales in sight by August 1. How much will be added to this by the new crop? The acreage he thought would be about 25 per cent less than it was last year. Counting all causes that might militate to reduce the crop it might be safe to assume that the total production this year would amount to 3,500,000 bales and possibly 4,000,000 bales. Counting the number of bales left over from last year, and the new crop, he thought, would probably give about 17,000,000 bales. Now the question is how much of this vast amount of cotton can the farmers sell, and where can they sell it? Our difficulty is not in the amount of cotton that was carried over from last year, but is how are we going to market what we have on hand and at this point the lack of normal consumption begins to form one of the most important factors. The speaker went at some length into this phase of the situation. People are not buying as much as they used to buy; there is not as much cotton being used for automobile tires and for other purposes as there used to be. As a matter of fact, the speaker declared, the mills at Lancashire, England, and in other large manufacturing centers are in financial stress just now. Germany which has hitherto been one of our best cotton customers is not taking any cotton worth the name. The larger part of the cotton produced in Oklahoma and Texas is exported, and so if the demand for this line of trade falls, a serious situation is produced. If the cotton farmers are wise they will be governed by a philosophic view of the situation and market their cotton as it is needed and not dump it. If the cotton buyers are forced to buy a lot of cotton they do not want in order to get what they want, they are not going to give a fair price for what they get. The better plan is to segregate the different grades, and then sell to the buyers just what they want of each grade at the best market price available. The big cotton mills are not going to buy under present conditions 10,000 bales of cotton in one month, but may buy 10,000 bales in ten months. Let the farmers adopt the same rule in the matter of selling.

LEGAL NOTICE.

NOTICE OF SALE OF UNCLAIMED FREIGHT.

Hubb Dry Goods Co. Brady, Texas, J. M. Radford Gro. Co. Abilene, Texas, and Hillsboro Cotton Mills, Hillsboro, Texas, are hereby notified that the undersigned, St. Louis-San Francisco Railway Company, will at 10 o'clock, A. M. on the 25th day of July, A. D., 1921, at public door of its freight house in Brady, Texas, sell at public auction, to the highest bidder, for cash, the following unclaimed and undelivered freight upon which the legal charges thereon have not been paid as required by law, to-wit:

2 Bales Cotton Duck.
The consignor of said freight is Hillsboro Cotton Mills of Hillsboro, Texas, and the consignee hereof, Hubb Dry Goods Co. of Brady, Texas. Such sale will be made pursuant to the laws of the State of Texas.
Dated June 20th, 1921.
St. Louis-San Francisco Railway Co.
By C. Crawford, Their Agent.

NOTICE OF SALE OF UNCLAIMED FREIGHT.

H. Wilensky Brady, Texas, J. M. Radford Gro. Co. Abilene, Texas, and Bonham Cotton Mills Bonham, Texas, are hereby notified that the undersigned, St. Louis-San Francisco Railway Company, will at 10 o'clock, A. M., on the 25th day of July, A. D., 1921, at public door of its freight house in Brady, Texas, sell at public auction, to the highest bidder, for cash, the following unclaimed and undelivered freight upon which the legal charges thereon have not been paid as required by law, to-wit:

1 Bale Cotton Duck.
The consignor of said freight is Bonham Cotton Mills of Bonham, Texas, and the consignee thereof H. Wilensky of Brady, Texas. Such sale will be made pursuant to the laws of the State of Texas.
Dated June 20th, 1921.
St. Louis-San Francisco Railway Co.
By C. Crawford, Their Agent.

ing used for automobile tires and for other purposes as there used to be. As a matter of fact, the speaker declared, the mills at Lancashire, England, and in other large manufacturing centers are in financial stress just now. Germany which has hitherto been one of our best cotton customers is not taking any cotton worth the name. The larger part of the cotton produced in Oklahoma and Texas is exported, and so if the demand for this line of trade falls, a serious situation is produced. If the cotton farmers are wise they will be governed by a philosophic view of the situation and market their cotton as it is needed and not dump it. If the cotton buyers are forced to buy a lot of cotton they do not want in order to get what they want, they are not going to give a fair price for what they get. The better plan is to segregate the different grades, and then sell to the buyers just what they want of each grade at the best market price available. The big cotton mills are not going to buy under present conditions 10,000 bales of cotton in one month, but may buy 10,000 bales in ten months. Let the farmers adopt the same rule in the matter of selling.

Confidence Is Needed.

Confidence is needed not only among the farmers themselves, but confidence among the business men and farmers, in the success of the collective selling plan. The speaker showed how there could be no better security for any banker or business man, than cotton in the warehouses of the bureau. There could be no possible chance of loss. The cotton would be insured and every man who handled it in any way would be under bond. It would be impossible for any one member of the Farm Bureau to receive a higher price for his cotton than his neighbor, that is, for a like grade. All would receive the same price for the same grade, whatever that grade might be. It is a plain business proposition—the question of striving to secure co-operation to bring better prices for all concerned in the raising of cotton.

Pooling Only Wise Course.

"The only wise course is to pool the cotton, to sell some of it every week—every day—as the mills can take it through nine or ten months, instead of three or four months, and to save \$15 or \$20 a bale heretofore lost to the farmer in waste and graft. Surely we have lesson enough in rapid liquidation. Governor Harding's outgivings are evidence of a belated but gratifying realization that orderly distribution is not speculation and that the Reserve Banking System was designed to conserve and not to sacrifice, to furnish sound credit and not to collect taxes upon debt.

"The business farmers of Texas are trying to organize for the same merchandising of cotton through a co-operative association which will save waste and insure the average economic value of cotton. They mean to employ sales managers of high skill and unimpeachable character. Their cotton will not be dumped; it will not be held it will be merchandised, as dry goods and groceries are merchandised, every day, every month, and debts will be reduced every day, every month, as merchants and manufacturers reduce debts.

Will Save Waste.

"The cotton will move through the same transportation channels heretofore used, it will be entitled to the same banking credits at primary markets, as concentration points at the ports, because it will be the same commodity and will be in the hands of men as skilled and as honorable as any now in the trade.

"This organization will not perform any price miracle; it will not suspend the law of supply and demand; it will merely save waste, stop graft and avert the terrible depression of autumnal dumping.

"Of course, I am referring to the Farm Bureau's Co-operative Cotton Growers Association to be organized after July 1, if the growers of 500,000 bales sign the contract. If the undertaking fails it will be due solely to the lethargy, the indifference, the suicidal neglect of the bankers and merchants. I have been out among the farmers for five weeks;

they are willing to act, but they are not free to act without the approval of their creditors.

These creditors can force the sale of some 4,000,000 bales of Texas cotton between September and January. If they do they will not collect their debts. On the other hand they can help the farmers to save \$10 to \$20 a bale in waste and graft, can collect a part of their debts in September, a part in October and so on to May or June and most likely collect it all.

Must Act Now.

"The 500,000 to 1,000,000 bales likely to be pooled will take the latter course. How much more will take that course depends upon the bankers and merchants and accordingly as they act within the next two weeks, we may expect gradual recovery or worse embarrassment in the cotton regions. The crisis is just ahead of us; we can pass it safely if we are wise and if we act resolutely.

if we falter, if we allow ourselves to be intimidated by the worst is yet to come.

"I make this final appeal to the bankers and credit merchants of Texas to save themselves and their farmer debtors while they can. It will be too late when the dumping begins, for the momentum will be irresistible."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Drugists, 75c. Hall's Family Pills for constipation.

A Tribute to John H. Stafford.

When our country's call came to our young brave heroes, Henry Stafford answered the call, and from training camps he sailed across to France and there, in his heroic service, he gave his life for his country and his God.

Henry was a faithful member of the Doole Baptist church for six years. His body was laid in its last resting place, beside his mother, in the Stacy cemetery by Pastor P. I. Wood and his many friends, last Monday.

We wish to offer our greatest thanks to our, and his many friends, for their love and kindness; also to the good ladies of Brady for the flowers; also to the Fort Worth church of his sister and niece, for the beautiful flowers.

BROTHER AND SISTERS.

Coat Roping--Nobody barred. Good purses.

Entertainment will be closed with more outlaw horses or pony races.

The Exclusive Returns on the Dempsey-Carpentier Fight, will be shown during the entertainment and will be well worth the price of admission.

YOU WILL NOT REGRET SPENDING THIS DAY IN BRADY

General Admission - - 50c
Grand Stand - - - 25c
Box Seats - - - 50c

INCLUDING WAR TAX

Are You Coming to the Big Celebration at Brady Saturday, July 2?

Of course, you are! Wouldn't miss it for anything! Got to bring the folks and the children to see the big doings. Polo, did you say? Trick horse riding, what? And Pony Races—Say, you bet we'll all be there.

And EAT? Sure, we'll eat! Some regular, good old home cooking, just like we get at home—and mostly on special occasions. You bet, we'll eat—EAT AT IRWIN'S, where home cooking on a big scale is always practiced.

No chance to go hungry as long as Irwin's is on the job, for their cooks are dandies, their dishes are served right and everybody enjoys eating with them, which helps make the eats all the more enjoyable.

WANT PHOTOGRAPHS OF ACTIVITIES OF JUNIOR RED CROSS IN McCULLOCH CO.

June 6, 1921
Mrs. W. H. Ballou, Chrm Junior Red Cross, McCulloch Co. Chapter, A. R. C., Brady, Texas.
My dear Mrs. Ballou:—
An appeal has recently come from Mr. Persons, Vice-Chairman in Charge of Domestic Operations of the American Red Cross, for photographs illustrating Red Cross activities. The following paragraphs quoted from Mr. Persons' letter indicate the types of pictures most needed:

"We are particularly in need also at this moment of photographs of domestic activities of the Junior Red Cross. We have just received from the League of Red Cross societies a request for a full set of these and find ourselves unable to fill the order satisfactorily.

"We greatly need photographs of Juniors making school, hospital or playground furniture, garments and toys; children in a pageant, play, debate, club meeting, or participating in a community activity which links the Juniors with school, civic, citizenship and social service work. Please secure pictures of salvage drives, Junior Red Cross shops and bazaars, clean-up and public health campaigns, Junior Work in nutrition, nursing and care of the sick, demonstration dental clinics, Junior wards in children's hospitals, first aid, swimming, etc., should be easily photographed. Welfare work among children, the transporting of crippled children to school, Junior milk stations, etc., will make interesting photographs. Group photographs indicating use of the Junior Red Cross News, school correspondence and other utilization of Junior work in the classroom are essential. Views of Juniors at work along lines of providing happiness for less fortunate children at home and abroad are what we need.

VARIED PROGRAM ANNOUNCED FOR CELEBRATION

The Dutton City Park committee, in this issue of The Standard, presents one of the most varied and entertaining programs ever offered the citizens of Brady. The occasion will be the big July celebration to be held at Dutton City park on next Saturday, July 2nd. One of the big features of the occasion is the securing, at a considerable expense, of the splendid Brownwood band of fifteen pieces to furnish music for the day. This feature alone will serve to attract a big attendance from near and far.

One of the most sensational features of the afternoon's performance will be the riding of "Red Devil," a wild bull owned by the Dutton City park management. As everyone knows, a bull is a worse steed than the bucking of bronchos, and this particular bull is the worst of the worse.

Still another big feature will be the free-for-all saddle race, in which some fast horses have been entered.

A fast polo game between two splendid teams has also been arranged, and bucking broncos, goat roping and other races have been arranged.

One of the biggest pieces of enterprises put over by the committee has been the securing of exclusive returns upon the Dempsey-Carpentier fight, which will be displayed on a big black-board, round by round, as received. No fight fan will want to miss this feature.

The performance will start promptly at 2:30 o'clock. Gates will be open at 1:00 o'clock.

Card of Thanks.

We wish to thank the doctors, nurses and friends for their nice treatment, excellent care and many thoughtful and considerate kindnesses shown Mrs. Davenport during her three-weeks' stay at the sanitarium; all of which helped so much in speeding her recovery. We shall ever hold you in grateful remembrance.

MR. AND MRS. C. DAVENPORT, and Family.
