GLORIOUS RAIN FALLS IN BRADY SECTION SUNDAY

Brady was visited Sunday night by a glorious rain—the first real rain had since the early part of last June, or nearly four months ago. The rain fell in two showers, the first beginning at about 8:30 Sunday night, and falling heavily for about thirty minutes or more. The second downpour began about 11:00 p. m., and was much heavier than the first, the water falling in veritable sheets, and a big windstorm, accompanied by vivid lightning flashes, continuing for some time. The precipitation generally in the Brady vicinity was about two inches, although the rain gauge at the Commercial National bank registered a fraction less than 1½ inches. P. C. Dutton reports three inches of rain at his place 10 miles north of Brady, and in the Camp San Saba community some three inches of precipitation was had.

According to reports, the rain was spotted, the major section visited extending from Cow Gap through Brady and down to the Mason mountains. Lohn had but a light shower, but the rain was heavy at the Gap, the big tank of John Fullager there, which had been dry for a long time, having been filled. Whiteland reported but little rain, the cloud having apparently extended only about three miles out from Brady along the railroad right-of-way. Northeast of Brady, the Rochelle community was passed up by the cloud, and no rain is reported from the Calf Creek community. A heavy rain fell along Post Oak creek, which extends through the John Wall pasture. Post Oak came down on a big rise, filling the Brady dam, which overflowed about four feet at this point. A near-waterspout is reported from the London section, although Junction had only a light shower. From seven miles this side of Junction to Hext, a good rain was had. Voca had a splendid rain. Menard and Fort McKavett also reported good rains.

While many farmers lack about two weeks of having their cotton out, nevertheless all were ready for a rain, and the only regret is that the splendid downpour was not more general. The four months of dry weather had caused stock water in all sections of the county to become very scarce, many big tanks being entirely dry. The rain was also very opportune for winter grains, a large acreage of which had already been sowed, and much more of which will be sowed.

The last rains of consequence had were as follows:

June 8th	.75 inches
June 9th	1.00 inches
June 11th	.40 inches
June 13th	.55 inches
June 14th	.20 inches

This total of nearly three inches of rain, coming at an opportune time, virtually made the 1921 crop in McCulloch county, as no other rain was had, with the exception of a shower amounting to about one-tenth of an inch, which fell August 21st.

ARMY DESERTER SURRENDERS TO SHERIFF WALL—NOW LANGUISHES IN JAIL

Troy A. Mcelmurray, aged 19, this morning came in and surrendered to Sheriff Wall as a deserter from the 15th Field Artillery at Camp Travis. The boy stated that he had deserted from the camp about three weeks ago because they did not treat him right there. He endeavored to catch the night Frisco out of Brady Monday, but missed the train. This morning he decided to give up as he felt they would eventually capture him anyway.

Sheriff Wall immediately communicated the news to army headquarters at Camp Travis, and in the meantime the soldier languishes in the county jail.

SCHOOL NOTES.

Guess Who It Is.
A boy in the fifth grade was asked to write a description of a man, and he wrote as follows:

"This man has a grocery store on the west side of the square. He is fat and bald headed. He went with a school teacher last year. He has a daughter about seventeen years old. He wears glasses some times. He has a skating rink on top of his head and when the flies light on top of his head they slide off and break their necks. He has a broad face and a little round belly, that shakes when he laughs like a bowl full of jelly."

FIRE BOYS ELATED OVER GOOD TURNOUT AT MONDAY BENEFIT PERFORMANCE

The Brady Fire department members are quite a bit elated over the evident desire upon the part of the Brady citizenship to show their appreciation and support of the fire-boys, as evidenced by the full turnout to Monday night's benefit performance at the Lyric theatre. An hour before show time, a steady stream of patrons began arriving at the show, and forecast a full house for the evening's performance. Before eight o'clock the S. R. O. sign was out, every seat in the house being occupied. Total receipts at the box office amounted to around \$82.00, with expenses totaling close to \$40.

In addition, the fire boys sold around 120 season tickets at \$1.00 each, these tickets entitling the holder to attendance at four benefit performances. The sale of these season tickets is to be continued throughout this month, selling at 75c and good for the remaining three benefit shows to be given this year. Every citizen is urged to secure a season ticket, thereby assuring the boys of success in the next three shows.

The performance Monday night, "Red Foam," was a very creditable exposition of life in the average American small town, depicting local characters most graphically, and showing how various influences may concur to transform such a town from a peaceful, even sleepy, village, to one seething with hatred and violence. To say the least, the show was thoroughly enjoyed by all attending.

HOME TOWN PAPER WEEK

It is very rare that the average newspaper boosts its own business, but gives quantities of space in boosting the affairs of others.

Somebody suggested that it was time for the newspapers of the country to adopt a week in which their own businesses should be given precedent and The Standard thoroughly endorses the idea.

The date set is the second week in November, from the 7th to the 12th, including that great world event, Armistice Day.

The official title for the week will be "Subscribe for Your Home Town Paper Week."

Thousands of papers will join in this event, and our readers will hear more about it as time goes on.

Ever ready to help in any cause that is in the interests of a better community, better living conditions, and better government, we now ask the readers and advertisers of The Brady Standard to turn in and lend a hand during "Subscribe for Your Home Town Paper Week," and boost for us."

BOLT LIGHTNING STRIKES HOUSES SUNDAY NIGHT

Two houses were reported struck by lightning during the heavy storm at about 11:30 Sunday night. In both cases, the lightning appeared as a big ball of fire. In the one case, the bolt struck the northeast corner of the chimney on the W. J. Yantis' residence, knocking off several brick and reducing them to powder. Running along the roof, the bolt followed a rafter down to the eave, where it was grounded after burning the telephone wire in two and set fire to the wall paper in an up-stairs room. The course of the bolt was plainly marked by the tearing away of shingles in its path. Fortunately, the Yantis' family were up at the time, and with a fire extinguisher close at hand, put out the incipient blaze before any damage resulted. Mrs. Yantis was temporarily deafened by the loud report as the lightning struck, but had recovered from the effects of the shock Monday morning.

At the Lewis Bell home southeast of Brady, lightning struck the house without doing any damage, and after following a lightning rod to the ground, knocked the bark off a tree in the yard.

The heavy wind, which accompanied the rain, snapped off several trees, but no other damage is reported.

MAC ALLMAN, A FORMER BRADY-ITE SHOOTS SELF

A phone message was received here about 8:30 this morning by A. F. Grant announcing that M. C. Allman, former Brady citizen, had shot himself about 4:30 this morning at Rising Star. On account of not being able to hear distinctly, the particulars of the tragedy were not learned, and whether the deed was accidental or was committed with suicidal intent was not ascertained. A later message received by friends in the city stated that at 10:00 o'clock this morning Allman was still alive, but no hopes of recovery were entertained.

Mr. Allman was engaged in the bakery business for a number of years in Brady, leaving here some four years or so ago, since when he had engaged in the bakery business at Granbury and also at Royse City. He returned to Brady about thirty days ago, stating that he had sold out and had for some time been in ill health. At the time of his visit here, he plainly showed the effects of his illness. Failing to find employment here, he went to Rising Star. The tragedy will be learned with regret by all who knew him.

Mr. Allman's first wife, who died five or six years ago, was a daughter of Mr. and Mrs. John Starkey, formerly of this city, and by whom he had two children. By his present wife he has two children.

PASTORS AND WORKERS CONFERENCE AT BAPTIST CHURCH MOST SUCCESSFUL

The Rev. J. H. Taylor reports the monthly Pastors' and Workers' conference held at the local Baptist church Monday as the finest and fullest yet had. There were representatives from practically all sections of the county in attendance, and quite a number from neighboring counties in this district, although a number were prevented from coming by the rain. The large attendance lent enthusiasm to the meeting and splendid work was the result.

DISTRICT COURT DISPOSES OF TWO CASES MONDAY AND ADJOURNS

The September term of district court was adjourned Monday afternoon by District Judge J. O. Woodward, two cases having been disposed of following the reconvening of the court Monday afternoon at 1:00 o'clock.

The cases settled were as follows:

Henry Laird vs. Ollie M. Laird, divorce; granted.

R. L. Slaughter vs. E. W. McMurtrey, et al, suit on note and foreclosure of vendors lien; judgment for plaintiff.

A. M. LONG SELLS MERCANTILE BUSINESS AT FIFE TO C. M. RASCO AND RETIRES

A. M. Long has sold his general mercantile store at Fife to C. M. Rasco, who took charge of the business about ten days ago. Mr. Long states that he has been in the mercantile business for the past twenty years, and thinks it is about time he was taking us less strenuous pursuits. He has some two or three good farms in the Fife community, and will assist his son, J. H. Long, and son-in-law, L. M. Farmer, in operating these. Mr. Rasco is one of the well-known and highly-esteemed citizens of Fife, where he has been engaged in farming for a number of years. He has rented his farm to his son-in-law, who will continue its operation. In his new venture, Mr. Rasco has the best wishes of all for success.

LOCAL BRIEFS.

W. P. Doty was here from Brownwood on business Monday. Mr. Doty has been laid up for a number of weeks, following the bruising of one of his toes, and was just getting able to be about once more.

The Rev. P. I. Wood, who has been quite ill, is now reported some better, although just able to be about. On account of his illness, Rev. Wood missed his regular appointment at Lohn Sunday, October 2nd.

Brady Hi football team defeated Mason Hi 7 to 0 at Brady last Saturday. Brady comes here Saturday week for a game with the "Indian" crew. This will be the first game on the home gridiron.—Comanche Enterprise.

M. A. Ledy was in Brady this morning from the Voca community reporting a splendid rain Sunday night down his way. The rain was all the more beneficial, since it was preceded by two good showers during the week previous.

S. W. Turrell was here today on business, and reported having had a splendid rain on his place ten miles north and a little east of Rochelle. According to Mr. Turrell, the rain was reported to have extended north towards Santa Anna, as far as the river.

The proverb, "Killing two birds with one stone," finds practical application in the action of Friend J. T. Roberson of Wonder, Ore., who orders The Standard sent to his sister, Mrs. Nettie Devore at Caroline, Alberta, Canada, thereby giving her opportunity to read the news of their old home, and at the same time read the interesting communications sent from Wonder, Ore., by Mr. Roberson.

Kenneth B. Cox, of the Buck & Cox Auto Co. of San Angelo, has been spending several days here on business with F. R. Wulff, and has incidentally been showing the new National Six to admirers of this car. The National has the distinction of being the first six-cylinder car to be placed on the market, and today the car embodies all the newest improvements, the greatest conveniences and the most up-to-date refinements. In fact, it is a palace on wheels, and is universally regarded as the acme in automobile manufacture.

FIRE BOYS PLAY BALL AT DUTTON PARK THURSDAY

Realizing in the Brady Fire department an institution of greatest value and benefit to the City of Brady, C. A. Trigg and Rev. G. T. Reaves have undertaken to arrange a benefit for the fireboys that will really prove a financial benefit. Accordingly, they have decided that a first-class amateur base ball game, between a team selected from among members of the fire department, and a picked team from among local base ball stars, would be the easiest, most entertaining and most successful method of putting some money into the fire boys' treasury.

The game promises to be one of the best of the season. The "Fire Boys" will meet "Other Local Stars" and, win or lose, the fire fighters are to receive the proceeds of the game. Those who participate in the game may not be professional stars, but they will go into the battle like the "Panthers" went after the "Memphis Chicks"—so you can count on seeing a great game.

Every citizen is proud of the work the fire boys have done in the past; now let us show them our appreciation by filling the grand stand Thursday afternoon, and if the old boys should go down in defeat in the game, they can smile over the fund created for them.

Admission will be 25c. No tax. The game will be called promptly at 4:00 o'clock.

All Brady merchants and business houses will be asked to close next Thursday from 4:00 o'clock to 6:00, and Mr. Trigg says the one who refuses to close his store and give two hours to the fire boys thereby places himself in a class with a fireman who would refuse to give any time to putting out a fire in this man's store (if there ever was a fireman like that). In other words, no fireman ever begrudges his time, his labor, the soiling of his clothes, or anything else in helping save property from destruction; now let every Brady citizenizer show the same spirit. Let's close up the town tight as a jug for two hours next Thursday afternoon, and give the fire boys our whole-hearted support.

DR. G. F. STEVENSON, OSTEOPATHIC MASSEUR WILL BE IN BRADY FOR A WHILE.

Dr. G. F. Stevenson, Osteopathic Masseur will be in Brady for a while. Phone 161, or call on me at J. S. Abernathy's.

Don't delay ordering your coal for winter. You'll save money by getting in on our next shipment. MACY & CO.

We are now located on the West Side of the Square, where we will be glad to welcome you. We are still rendering the best of service in our repair department; also carry a line of the best in jewelry. A. F. GRANT, Jeweler.

BRADY, TEXAS, Oct. 4, 1921.

HONEST INJUN.

A faithful friend is the Medicine of Life.—Ecclesiasticus.

THE K. K. K.

There has been much said and printed, pro and con, the Ku Klux Klan during the past several months, and it is natural that the citizenship should hold divided opinion upon the subject. If anything was needed, however, to fully demonstrate what a pernicious thing, what a monstrosity, the State of Texas has nurtured in its bosom, then the recent incident at Lorena, in which several persons were shot or wounded, some perhaps fatally, when the sheriff of McLennan county attempted to halt the proposed parade of the Ku Kluxers, then that incident sufficed to the last degree.

It is now alleged that the sheriff started the shooting, but that does not exculpate the Ku Kluxers. The sheriff had issued orders forbidding the staging of the parade, and he and his deputies were on hand to see that his orders were carried out. In spite of this fact, the Ku Klux, which professes 100% Americanism, attempted to over-ride the constituted authority of the sheriff, and to stage its parade in spite of his objections. In so doing, it placed itself on par with any mob or rabble that undertakes to over-ride constituted authority.

As an organization which professes 100% Americanism, which endeavors to uphold the law, and which subscribes to many noble sentiments, no one can have particular objection to the Ku Klux Klan. But as a body of masked men, it has no right to existence. If it is sincere in its professions, then its members need not conceal their identity behind masks, for the whole world is willing and ready to applaud a noble or an unselfish deed.

The Ku Klux Klan has been compared to any other secret organization; but who ever heard of the Masons, the Odd Fellows, the Woodmen, the K. of C. concealing the identity of their members. On the contrary, do these members not take pride in evidencing their affiliation through the wearing of charms, pins or some other insignia of their order?

As a masked organization, the Ku Klux Klan has no right to existence.

President of the Dairymen's league was a trifle indiscreet when he announced that the price of milk would be advanced on account of drought.

THINGS TO THINK ABOUT.

What Abilene Will Pay for a Water Supply.

At a cost of approximately \$310,000, the city of Abilene has let a contract for laying a pipe line from Lake Abilene to the city, a distance of eighteen miles. The pipe line will have a capacity of delivering 6,000,000 gallons water every 24 hours. The storage basin will cost approximately \$15,000.

WHAT EVERY TOWN NEEDS.

The needs of every city, town or community are very much the same, size of the place taken into consideration. For instance, notice the editorial in another column in which the needs of our neighbor city, Ballinger, are set forth—they could be applied with equal force to Brady. As will be noted, the need predominating all others was that of street improvement. Could anything apply with more force to Brady? Home folks and visitors alike, judge the city by its streets. Street paving is, therefore, to be considered in the light of an asset—and a most valuable asset at that.

Then note that another need is for a better water system. Fortunately, Brady is one of the few cities in this section that has met and conquered this great obstacle to city growth.

In turn come a new hotel, better schools, full day school sessions, playgrounds, better highways, etc. Brady has made a good beginning in securing a permanent water supply; let's continue the good work and set the pace for our neighbor cities.

OTHER OPINIONS.

The Standard endorses the following opinion of the Ku Klux Klan as expressed by Dr. John Power of Brownwood in the "Parson's Column" of the Brownwood Bulletin:

The K. K. K. as a secret society has as much right to exist as any other lodge. Its regalia are no more absurd than some other which the Parson has seen, though more suggestive of lawlessness. Its titles are no more ridiculous than some others. The phraseology of its ritual is no more bombastic than can be found elsewhere. If people like that kind of thing, that is the kind of thing they like. The essential fault of the K. K. K. is that it presumes to go beyond the walls of its lodge and to govern those who are not on the rolls of its membership by extra-legal procedure. Furthermore, whether or no it is responsible for some of the outrages that have been committed, they have been committed in its name, and have been rendered possible by its existence. Any man who has a private grudge to gratify or an ulterior purpose to serve may use its methods just because it exists.

WHAT DOES BALLINGER NEED MOST?

In order to get an idea from citizens as to the most important work confronting the Young Men's Business League, slips of paper asking such question were passed around at the banquet table of the get-together meeting Friday night. Twenty-nine of these slips were gathered up and of the twenty-nine, twenty suggested street improvement. Following is the wording of some of the replies:

- "Street work." "Pave the streets." "Build a new hotel—pave the streets.—A traveling man." "Pave the streets." "Sprinkle Eighth Street." "Better water system — better streets." "Hurry up with the street work." "Fix streets in business section of Ballinger." "Pave down-town streets." "For God's sake build some streets." "Fix our streets." "Pave down-town streets." "Pave Eighth street to West End." "Better streets." "Pave the principal business blocks on co-operative plan, one-third cost paid by city, two-thirds paid by property owners." "Fix main streets in Ballinger." "Street improvement." "Improve streets and highways leading into city." "Purification and improvement of water supply." "Better schools. Playgrounds for children." "Improve the Ballinger schools." "See if anything can be done so that our children can attend school more than a half day." "Raise school rate of tax from 50c to \$1.00."

With that sentiment expressed there can be no question about what the people of Ballinger want. It is now up to those upon whose shoulders the responsibility of taking the load rests, to get busy.—Ballinger Banner-Ledger.

LIMPY TRAVEL.

Editors Schwenker of Brady and Smith of San Saba are all het up over the fact that it takes them so long to get to Lometa over the Eden branch. Their impatience is entirely justified, too.—Lometa Reporter. Of course it is justified. When a person starts to Lometa he wants to get there quickly. And after he gets there he wants to stay there length-

WAS ON VERGE OF BREAKDOWN

Houston Man Could Hardly Eat Anything—Stomach Is Now in Perfect Condition.

"I eat anything I want now—cabbage, onions, fat meat or just anything, as my stomach is in perfect condition," said Luke J. Schuler, 3510 Canal St., Houston, Texas.

"Before I took Tanlac my health was simply going to pieces and I was right on the verge of a breakdown. My appetite was so poor I could hardly eat anything and my stomach would sour after eating and burn like fire. I got so weak and worn out I often had to lay off from work. Rheumatism got me in its clutches and I ached all over. I went to Marlin Springs and took all kinds of medicines at different times but nothing did me any good.

"I'm like a new man now, have a corking appetite, everything agrees with me and I have gained twenty pounds in weight. I feel fine all the time now and never miss a day from work."

Tanlac is sold in Brady by Trigg Drug Co., in Mercury by J. T. Matlock, in Rochelle by C. W. Carr, and by leading druggists everywhere.

ily. It is a wonder that Editors Schwenker and Smith do not stay in Lometa, after they finally get there. Not that each of these gentlemen hasn't a likable home town, for each has, but there are things about Lometa that are editorially attractive, although there may be similar things at San Saba and Brady. We speak of watermelons and sweet potatoes, and not of home brew and crap dice, as some friends of Messrs. Smith and Schwenker imagined at the start. To travel on a dust-balled railroad in midsummer, hauled by a locomotive which takes epizootic every ten miles or so and has to be amused with a cold chisel by the engineer and fireman, is grueling enough just of itself. But when one is faring towards Lometa, on or off the Eden branch, and knows that a watermelon as big as a shingle block and as cool as spring water, awaits him at his journey's end he is excusable for expressing a bit of impatience when the locomotive, with an extra cough, lies down on the track and cries to be toted.—State Press, in Dallas News.

RHYMES OF THE TIMES

By Evangelist Campbell.

Dad's New Boy." Oh! that fat little rascal, I'll bet you a dime, He's a chip off the old sturdy block— And his chubby fat fingers are marking the time, When Dad gives him hammer and clock.

Why not? he's a dandy, Worth his weight in pure gold; Dad's as rich as old Croesus right now; No King on his throne with splendors untold, Is "prouder" than Daddy I trow.

"Take a squint at that kid, you wise ones," says he, "He's as sound as a dollar the scamp; And most everybody declares he's like me, But I think he's like "Dempsey, the Champ."

"Jest look at that chest sticking out there in front; See that neck with muscles like steel? Those arms swaying now to pull off a stunt— And such hands—how he grips—you just feel!"

"He's a rip-snortin'-dandy All wool and a yard wide, He's a Boy, a joy—he's a rounder— Not many Americans drift in on the tide, As weighty—for he's a nine-pounder."

Hi! yi! hip! hurrah! I'm a Daddy, by heck, Got a job, too, and workin' like sin— But I'd wade fire and water clean up to my neck Rather'n be hooked up single "agin."

\$100 Reward, \$100 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the Blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

The best thing for you

YOU know that a business depends for
its success on what it does for its cus-
tomers. If you get the best value you ever
had in this store, we've made a friend of you;
we grow by making friends. That's our rea-
son for telling you so often that you ought
to buy

*Hart Schaffner & Marx
clothes*

As they are priced, they're the greatest values
we've offered in years, for the newest styles
in young men's suits.

*Now's the time to really enjoy your new
fall suit. You'll never have a finer or
more complete stock to choose from.*
